Controls and Procedures

A. Certifications

The required disclosure is included in Exhibits 99.4, 99.5, 99.6 and 99.7 of this Annual Report on Form 40-F.

B. Disclosure Controls and Procedures

As of the year ended December 31, 2010, an internal evaluation was conducted by the Registrant’s management with the participation of the principal executive officer and principal financial officer of the effectiveness of the Registrant’s “disclosure controls and procedures” as defined in the United States by Rule 13a-15(e) and 15d-15(e) under Exchange Act and in Canada by National Instrument 52-109, Certification of Disclosure in Issuers’ Annual and Interim Filings. Based on that evaluation, the President and Chief Executive Officer and the Chief Financial Officer concluded that the Registrant’s disclosure controls and procedures are effective to ensure that the information required to be disclosed in the reports that the Registrant files or submits under the Exchange Act or under Canadian securities legislation is (i) recorded, processed, summarized and reported, within the time periods specified in the rules and

forms therein and (ii) accumulated and communicated to the Registrant's management, including the President and Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding the required disclosure.

It should be noted that while the President and Chief Executive Officer and the Chief Financial Officer believe that the Registrant's disclosure controls and procedures provide a reasonable level of assurance that they are effective, they do not expect that the Registrant's disclosure controls and procedures will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met.
