Tele Norte Celular Participações S.A. (the Registrant ) respectfully informs the Commission that it has been delayed in filing its annual report on Form 20-F for the fiscal year ended December 31, 2005, for the reason outlined below.

The Registrant's two principal indirect shareholders Citigroup Venture Capital International Brazil L.P. and Investidores Institucionais FIA are engaged in litigation against Banco Opportunity and its affiliates ( Opportunity ), former managers of both shareholders, over management of both the Registrant, a holding company, and its operating company, Amazônia Celular S.A. (the Operating Company ).

Currently, Citigroup Venture Capital International Brazil L.P. and Investidores Institucionais FIA, together with other indirect shareholders (other than Opportunity), have directed the appointment of the board of directors and management of the Registrant, and Opportunity has appointed the board of directors and management of the Operating Company. The Registrant is attempting to replace the Operating Company's board of directors and management.

In accordance with the Registrant's internal procedures, the Registrant has prepared a draft annual report with the Operating Company, and this draft annual report was submitted by the annual report working group to the Registrant's senior management. However, as a result of the Registrant's attempt to replace the Operating Company's board of directors and management, the Operating Company has denied the Registrant access to certain documents, personnel and information that is required for the preparation, certification and filing of the Registrant's annual report.

Because of the above, the Registrant is unable to timely file its annual report on Form 20-F for the fiscal year ended December 31, 2005. The Registrant is trying to resolve the conflict that is causing the late filing of its annual report through judicial and other means. Currently, it is impossible for the Registrant to predict how or when the conflict between shareholders will be resolved, or when sufficient access to documents, personnel or information at the Operating Company will be available to the Registrant to allow it to file its annual report.
