Item 7.01 Regulation FD Disclosure.

The Company's press release of December 15, 2008 announcing its revised outlook for its first fiscal quarter, which will end on January 2, 2009, is filed herewith as Exhibit 99.1 and is incorporated herein by reference.

The attached press release refers to core operating income, core net income (loss) and core gross margins, which exclude the amortization of intangible assets, in process research and development, IP litigation support costs, special charges, non-cash compensation, payroll taxes associated with stock options exercised by employees, other special items, certain non-operating gains and losses and earnings and losses from discontinued operations. The Company believes that these measures provide a better understanding of its underlying operating results and Company uses these methods internally to evaluate its underlying operating performance. These measures are not in accordance with or an alternative for generally accepted accounting principles (GAAP). A reconciliation of the core measures to financial measures as determined under GAAP is not currently available as the Company has not completed its first fiscal quarter and, thus, has not completed its normal procedures in connection with determining and reporting its financial results for this quarter. Further, GAAP guidance is not presented due to the Company's inability to project (i) future market prices of the common stock of a third party underlying a derivative financial instrument, (ii) realized gains or losses from the sale of equity securities to third parties, and (iii) the financial results of investments accounted for using the equity method of accounting. The Company intends to provide such reconciliation in connection with its first quarter earnings announcement, which is expected to be available the week of January 26, 2009.

Item 9.01 Financial Statements and Exhibits.
