PROXY STATEMENT

2012 ANNUAL MEETING OF STOCKHOLDERS

Tuesday, May 22, 2012

CORE-MARK HOLDING COMPANY, INC.

395 Oyster Point Blvd., Suite 415

South San Francisco, California 94080

GENERAL INFORMATION

Proxy Solicitation

These proxy materials are being mailed or otherwise sent to stockholders of Core-Mark Holding Company, Inc. (“Core-Mark” or the “Company”) on or about April 9, 2012 in connection with the solicitation of proxies by the Board of Directors for Core-Mark’s Annual Meeting of Stockholders to be held at 10:30 a.m. PDT on Tuesday, May 22, 2012 at the Hyatt Regency San Francisco Airport Hotel, 1333 Bayshore Highway, Burlingame, California 94010. Core-Mark pays the cost of soliciting your proxy. Directors, officers and other Core-Mark employees also may solicit proxies by telephone or otherwise, but will not receive compensation for such services. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed by Core-Mark for their reasonable expenses.

Stockholders Entitled to Vote

Stockholders of record at the close of business on March 26, 2012 are entitled to notice of and to vote at the meeting. As of such date, there were 11,398,703 shares of Core-Mark common stock outstanding, each entitled to one vote.

How to Vote

Stockholders of record described below may cast their votes by:

- (1) signing, completing and returning the enclosed proxy card in the enclosed postage-paid envelope;
- (2) calling 1-800-560-1965;
- (3) accessing the internet at www.eproxy.com/core; or
- (4) attending the Annual Meeting and voting in person.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the “beneficial owner” of shares held in street name. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instructions form included in the mailing.

Revocation of Proxies

A proxy may be revoked at any time before it is voted by delivering written notice of revocation to the Director of Investor Relations of Core-Mark at the address set forth above, by delivering a proxy bearing a later date or by voting in person at the meeting.

Quorum

The holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy to constitute a quorum. Abstentions and shares that brokers do not have the discretionary authority to vote on a matter in the absence of timely instructions from the beneficial owners (broker non-votes) are treated as present for the purposes of determining a quorum.

Required Vote

Election of Directors — Our bylaws require that each director in an uncontested election be elected by the vote of the majority of the votes cast with respect to such director. A majority of the votes cast means that the number of shares voted “for” a director must exceed the number of votes cast “against” that director. Abstentions and broker non-votes will not be counted as votes cast and, accordingly, will have no effect on the outcome of the vote. If the stockholders do not elect a nominee who is serving as a director, Delaware law provides that the director would continue to serve on the Board as a “holdover director.” In accordance with our bylaws and our Policy Regarding Election of Directors, such a holdover director will be required to tender his or her resignation to the Board of Directors. Our Nominating and Corporate Governance Committee will then make a recommendation to our Board of Directors on whether to accept or reject the resignation, or whether other action should be taken. Our Board of Directors will consider the Nominating and Corporate Governance Committee’s recommendation and all other relevant factors, act on the resignation and publicly disclose its decision and the reasons for its decision within 90 days of the date that the results of the election are certified.

Approval of executive compensation — Advisory resolution to approve executive compensation (Proposal 2) requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. In determining whether Proposal 2 has received the requisite number of affirmative votes, abstentions are treated as shares present or represented and entitled to vote, so abstaining has the same effect as a vote against Proposal 2. Broker non-votes on Proposal 2 are not counted or deemed present or represented for purposes of determining whether stockholders have approved that proposal.

Ratification of Appointment of Accountants — Ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal 3) requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. Under Delaware law, in determining whether Proposal 3 has received the requisite number of affirmative votes, abstentions are treated as shares present or represented and entitled to vote, so abstaining has the same effect as a vote against Proposal 3. Under New York Stock Exchange (NYSE) rules, which govern brokers even if they hold NASDAQ securities, the ratification of the appointment of an independent registered accounting firm is considered a “routine” matter, and brokers generally may vote on behalf of beneficial owners who have not furnished voting instructions, subject to the rules of the NYSE concerning transmission of proxy materials to beneficial owners, and subject to any proxy voting policies and procedures of those brokerage firms.

Other Matters

The Board of Directors is not aware of any matters to be presented at the meeting other than those set forth in the accompanying notice. If any other matters properly come before the meeting, the persons named in the proxy will vote on such matters in accordance with their best judgment.

Additional Information

Additional information regarding the Company appears in our Annual Report on Form 10-K for the year ended December 31, 2011, which accompanies this Proxy Statement.

The Compensation Committee also reviews and determines salaries, bonuses, and all other compensation incentive programs annually for our CEO and executive officers and makes recommendations to the Board of Directors regarding such programs. In addition, the Compensation Committee administers our equity incentive plans and reviews and determines equity-based compensation for our directors, officers and employees, and prepares the Compensation Committee report required under the rules of the SEC. Under its charter, the Compensation Committee may delegate any such responsibilities to one or more subcommittees of the Compensation Committee to the extent permitted by applicable law and the applicable rules of the NASDAQ Global Market. The current members of the Compensation Committee are L. William Krause, Robert A. Allen, Robert G. Gross, and Randolph I. Thornton, each of whom is a non-employee member of our Board of Directors and independent within the meaning of the rules of the NASDAQ Global Market. Mr. Krause is currently the Chairman of the Compensation Committee. In addition to meeting the independence requirements, we believe the functions of our Compensation Committee complied with all other applicable rules and requirements of the NASDAQ Global Market.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for making recommendations to the Board of Directors regarding candidates for directorships and the size and composition of the Board of Directors. In addition, the Nominating and Corporate Governance Committee is responsible for overseeing our corporate governance guidelines and reporting and making recommendations to the Board of Directors concerning corporate governance matters. The current members of the Nominating and Governance Committee are Gary F. Colter, Robert A. Allen, L. William Krause, Harvey L. Tepner and Randolph I. Thornton and are each independent within the meaning of the rules of the NASDAQ Global Market. Mr. Colter is currently the Chairman of the Nominating and Corporate Governance Committee. In addition to meeting the independence requirements, we believe the functions of our Nominating and Corporate Governance Committee complied with all other applicable rules and requirements of the NASDAQ Global Market.

Special Committees

From time to time our Board of Directors forms special committees made up of one or more directors to aid the Board in carrying out its roles and responsibilities. Such committees often examine issues of interest to the Board and the Company and report their findings back to the full Board.

Board, Committee and Annual Meeting Attendance

Risk Assessment

The Audit Committee reviews the Company's policies with respect to risk assessment and risk management related to financial reporting matters. Such reviews include discussions with management and the independent auditor regarding any significant risks or exposures the Company faces and an assessment of the steps management has taken to minimize such risks. The Audit Committee reports any material findings or concerns to the full Board.

The Board of Directors reviews the Company's policies with respect to risk assessment and risk management for the Company as a whole. Such reviews include discussions with management regarding any significant risks or exposures the Company faces and an assessment of the steps management has taken to minimize such risks. The Board reviews the identified risks and determines the appropriate action, including but not limited to further analysis, a change in Company policy or other appropriate response.

Director Compensation

We reimburse the members of our Board of Directors for reasonable expenses in connection with their attendance at Board and committee meetings. Standard annual compensation for our non-employee directors for 2011 was comprised of a cash component and an equity component. The cash component consisted of an annual retainer, retainers for Committee Chairs and the Chairman of the Board and a fee for each Board, regular committee and special committee meeting attended. The equity component consisted of an annual grant of restricted stock units.

The following table lists the standard annual elements of non-employee director cash and equity compensation for 2011:

| Compensation Component | 2011 Compensation |
|---|---|
| Annual Board retainer ^[1] | \$40,000 |
| Annual Board Chairman retainer ^[1] | \$50,000 |

| | Nominating and Corporate Governance Committee — \$10,000 |

The annual Board retainer, annual Board Chairman retainer and the annual Committee Chairman retainers are

During 2011, each non-employee director received a grant of 1,172 restricted stock units under our 2010

[2] Long-Term Incentive Plan. These restricted stock units fully vested on January 1, 2012. Mr. Gross did not receive the annual grant in 2011 because he did not join the Board until October 2011.

In addition, when a new non-employee director is appointed to the Board it is the Company's standard practice to issue 7,500 options to the director in order to help align the long-term interests of the director with those of the Company's stockholders. One-third of such options vest one year from the date of grant, with the remaining two-thirds vesting in equal quarterly installments based upon a regular calendar period over the following two years. Mr. Gross received a grant of 7,500 options upon his appointment to the Board in October 2011.

Certain Relationships and Related Transactions

Transactions with Directors and Management

Under our Code of Business Conduct and Ethics, all transactions involving a conflict of interest (including transactions between the Company and an entity in which an officer, director, employee or family member has more than a 1% interest) must be disclosed to and discussed with the applicable Division President or our Chief Financial Officer. This policy specifically applies without limitation to purchases of goods or services by or from related parties or entities in which the related person has a material interest, indebtedness, or guarantees of indebtedness. Our Audit Committee Charter provides that the Audit Committee shall review, discuss and approve or disapprove any transactions or courses of dealing between the Company or its subsidiaries and related parties that exceed \$100,000 in any calendar year and any transactions or course of dealing, regardless of amount, between the Company or its

subsidiaries and related parties who are executive officers, directors or significant stockholders. In determining whether to approve or ratify a related party transaction or relationship, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction.

Compensation Committee Interlocks and Insider Participation

Mr. Robert A. Allen, one of our directors and a member of the Compensation Committee, previously served as the Acting Chief Operating Officer of the Fleming Companies, Inc. (a predecessor entity) from March 2003 to April 2003. From 1998 to 2003, Mr. Allen served as the President and Chief Executive Officer of Core-Mark International, Inc. (subsidiary and predecessor entity) and President and Chief Operating Officer of Core-Mark International, Inc. from 1996 to 1998. Mr. Allen ended his employment with the Company in 2003 and the Board of Directors has determined Mr. Allen to be a non-employee director and independent within the meaning of the rules of the NASDAQ Global Market and relevant federal securities laws and regulations.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. We believe that these agreements are necessary to attract and retain qualified persons as directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Family Relationships

The only family relationship between any of the executive officers or directors is J. Michael Walsh is Christopher L. Walsh's uncle.

Corporate Governance

Core-Mark regularly reviews its policies, processes and procedures in the area of corporate governance to ensure that it is in compliance with all applicable rules and regulations and that it has sound governance policies in place.

Corporate Governance Guidelines and Principles

The Board has adopted Corporate Governance Guidelines and Principles that are posted on our corporate website, www.core-mark.com, under "Investor Relations". The Corporate Governance Guidelines set forth the practices the Board follows with respect to, among other things, Director qualifications and nominations, Director responsibilities, executive sessions of the Board, committee functions, Director access to senior managers and independent advisors, Director compensation, Director orientation and continuing education, management succession and Board performance evaluations.

The Committee's Role and Responsibilities

Primary responsibility for Core-Mark's corporate governance practices rests with the Nominating and Corporate Governance Committee (the "Governance Committee"). The Governance Committee is responsible for, among other things, (i) identifying, screening and reviewing individuals qualified to serve as directors and recommending candidates for nomination for election or to fill vacancies; (ii) overseeing our policies and procedures for the receipt of stockholder suggestions regarding Board composition and recommendations of candidates or nomination of candidates by the Board; (iii) developing, recommending and overseeing implementation of our corporate governance guidelines and principles; and (iv) reviewing on a regular basis our overall corporate governance practices and procedures and recommending improvements when necessary. Described below are some of the significant corporate governance practices that have been instituted by our Board of Directors at the recommendation of the Governance Committee.

Director Independence

The Governance Committee reviews the independence of all Directors annually and reports its findings to the full Board. The Governance Committee has determined that each of the non-employee Directors is independent within the meaning of the rules of the NASDAQ Global Market and relevant federal securities laws and regulations.

Roles of the Chairman and the Chief Executive Officer

Although the Governance Committee has not adopted a formal policy regarding the separation of the roles of Chairman of the Board and Chief Executive Officer of the Company, the Governance Committee believes that the current separation of Chairman and CEO roles is beneficial to the Company as it helps to ensure an independent Board and allows management (including the CEO) to focus on the significant task of running the day to day operations of the Company. While the Governance Committee believes that the CEO should serve as a member of the Board to provide for a direct voice of management during Board deliberations and to serve as an important source of knowledge and experience regarding the Company's operations, the Governance Committee believes the combination of the role of CEO with Chairman could distract the CEO from his primary roles as leader of the Company's nationwide and Canadian business. In addition, the Governance Committee believes a non-management Chairman helps to ensure the independent operation of the Board when conflicts may occur between the interests of the overall Company and the interests of management.

Board Evaluation and Continuing Education

The Board of Directors has adopted a policy whereby the Governance Committee will assist the Board and its committees in evaluating their performance and effectiveness on an annual basis. As part of this evaluation, the Governance Committee assesses the progress in the areas targeted for improvement a year earlier and develops recommendations to enhance the respective Board or committee effectiveness over the next year. The Governance Committee also assists the Board and its members regarding continuing education initiatives designed to help Board members stay current with developments in corporate governance and director best practices. The Governance Committee has established procedures for a formal orientation program and the continuing education of directors and the tracking of participation in such activities.

Policy Regarding Change in Principal Employment of Director

The Board has adopted a policy providing that when a Director's principal employment or business association changes substantially during his or her tenure as a Director, the Director must offer his or her resignation to the Chairman of the Governance Committee for consideration by the Governance Committee. The Governance Committee will review whether it would be appropriate for the Director to continue serving on the Board and recommend to the Board whether, in light of the circumstances, the Board should accept the proposed resignation or request that the Director continue to serve.

Mandatory Retirement for Directors

The Board has adopted a policy whereby a person may not be nominated or re-nominated to serve as a Director if such person is 72 years of age or older on the date of the proposed meeting for the election of directors. The policy expressly provides that it may be waived with respect to the re-nomination of a Director upon the recommendation of the Governance Committee and approval of the Board.

Director Nomination Process

The Governance Committee reviews the skills, characteristics and experience of potential candidates for election to the Board of Directors and recommends nominees to the full Board for approval. In addition, the Governance Committee annually assesses the overall composition of the Board of Directors regarding factors such as size, composition, diversity, skills, significant experience and time commitment to Core-Mark to determine if the Board composition adequately meets the current needs of the Company.

It is the Governance Committee's policy to utilize a variety of means to identify prospective nominees for the Board, and it considers referrals from other Board members, management, stockholders and other external sources such as retained executive search firms. The Governance Committee utilizes the same criteria for evaluating candidates irrespective of their source.

The Governance Committee believes that any nominee must meet the following minimum qualifications:

- Candidates should be persons of high integrity who possess independence, forthrightness, inquisitiveness, good judgment and strong analytical skills.

- Candidates should demonstrate a commitment to devote the time required for Board duties including, but not limited to, attendance at meetings.

-

Candidates should possess a team-oriented ethic consistent with Core-Mark's core values, and be committed to the interests of all stockholders as opposed to those of any particular constituency.

In considering candidates for director nominee, the Governance Committee generally assembles all information regarding a candidate's background and qualifications, evaluates a candidate's mix of skills and qualifications and determines the contribution the candidate could be expected to make to the overall functioning of the Board, giving due consideration to the overall Board balance of diversity of perspectives, backgrounds and experiences. With respect to current directors, the Governance Committee considers past attendance at meetings and assesses participation in and contributions to the activities of the Board. The Governance Committee, in its discretion, may designate one or more of its members to interview any candidate. In addition, the Governance Committee may seek input from the Company's management or the Board, who may interview any candidate. The Governance Committee recommends director nominees to the Board based on its assessment of overall suitability to serve on the Board in accordance with the Company's policy regarding nominations and qualifications of directors. The Governance Committee has previously retained an executive search firm to assist it in its efforts to identify and evaluate potential director candidates. To recommend a candidate for consideration, a stockholder should submit a written statement of the qualifications of the proposed nominee, including full name and address, to the Nominating and Corporate Governance Committee Chairman, c/o Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, CA 94080.

Director Nominations by Stockholders

Our bylaws require that a stockholder making a proposal must be a holder of record at the time of giving the required notice and must comply with certain other requirements contained in Section 14 of the Bylaws. To be timely, any nomination or other business to be brought before the annual meeting must be in writing and delivered not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting, with certain exceptions.

Our bylaws require that a stockholder making a nomination or proposal must provide the Company with certain information, including the ownership interests in Core-Mark, both direct and indirect, of the stockholder and the beneficial owner, if any, on whose behalf the nomination or proposal is made.

For more information, see the discussion under "Stockholder Proposals for 2013 Annual Meeting" on page 35.

Business Conduct and Compliance

Core-Mark maintains a Code of Business Conduct and Ethics ("the Code") that is applicable to all directors, officers and employees of the Company. It sets forth Core-Mark's policies and expectations on a number of topics, including conflicts of interest, protection and proper use of company assets, relationships with customers and vendors (business ethics), accounting practice, and compliance with laws, rules and regulations. A copy of the Code is available on the Company's website at <http://www.core-mark.com/investor-corp.gov.htm>.

Core-Mark also maintains policies regarding insider trading and communications with the public ("Insider Trading Policy") and procedures for the Audit Committee regarding complaints about accounting matters ("Whistleblower Policy"). The Insider Trading Policy sets forth the Company's limitations regarding trading in Company securities and the handling of non-public material information. The policy is applicable to directors, officers and employees of Core-Mark and is designed to help ensure compliance with federal securities laws. The Whistleblower Policy was established to set forth the Audit Committee's procedures to receive, retain, investigate and act on complaints and concerns of employees and stockholders regarding accounting, internal accounting controls and auditing matters, including complaints regarding attempted or actual circumvention of internal accounting controls. Accounting complaints may be made directly to the Chairman of the Audit Committee in writing as follows: Audit Committee Chairman, c/o Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, CA 94080. Accounting complaints may also be made anonymously to the Core-Mark Financial Compliance Line. A copy of the Audit Committee's Whistleblower Policy and procedures can be found on Core-Mark's website at <http://www.core-mark.com/investor-corp.gov.htm>.

Executive Sessions

The Board of Directors believes that regularly scheduled meetings at which only independent directors are present ("executive sessions") are an important element of "best practice" consideration for the corporate governance process. The use of executive sessions provides a forum for open dialogue and frank discussion among non-management directors on matters concerning the Company and its management and encourages and enhances communication among independent directors. The Board of Directors maintains a regular practice of meeting in executive session during its board meetings.

Succession Planning

The Board of Directors recognizes that a sudden or unexpected change in leadership could cause the Company to experience management transition issues that could adversely affect the Company's operations, relations with employees and results. To alleviate this concern, in consultation with management, the Governance Committee has developed a succession plan for the Company's chief executive officer and other senior executive officers. The Governance Committee and the Board of Directors regularly evaluate and refine this plan.

Communication with Directors

Stockholders or other interested parties wishing to communicate with the Board, the non-management directors or any individual director may do so by contacting the Chairman of the Board by mail, addressed to Chairman of the Board, Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, California 94080.

All communications to the Board will remain unopened and be promptly forwarded to Chairman of the Board, who shall in

turn forward them promptly to the appropriate director(s). Such items as are unrelated to a director's duties and responsibilities as a Board member may be excluded by the Chairman of the Board, including, without limitation, solicitations and advertisements; junk mail; product-related communications; job referral materials such as resumes; surveys; and material that is determined to be illegal or otherwise inappropriate. The director(s) to whom such information is addressed is informed that the information has been removed, and that it will be made available to such director(s) upon request.

Stock Ownership Guidelines

In order to continue to align the interests of our directors and executive officers with those of our stockholders, the Board has determined that our directors and our named executive officers ("NEO") should be required to hold a meaningful amount of Core-Mark capital stock. In February 2012, the Board adopted a set of Stock Ownership Guidelines which provide that our directors and NEOs must own shares of Core-Mark's common stock with an aggregate value equal to the following multiple of such director's annual cash retainer or officer's base salary, as applicable:

| | Multiple of Annual Cash Retainer or Base Salary |
|------------|--|
| Directors | 5x |
| CEO | 6x |
| Other NEOs | 3x |

Each director and NEO is required to achieve such level of stock ownership within the later of one year after the adoption of the Stock Ownership Guidelines and five years following the date of such director's or officer's appointment to such position. Compliance will be measured as of January 31st each year. Any director or NEO who fails to comply with the guidelines may be excluded from future grants of the Company's capital stock, at the discretion of the Board or the Compensation Committee.

For purposes of the guidelines, the shares counted towards a director's or executive's ownership include (a) all shares of Core-Mark's common stock owned outright or held in trust for the director or NEO and his or her immediate family, (b) vested deferred stock, (c) restricted stock units, whether vested or unvested, and (d) performance shares, whether earned, unearned, vested or unvested. The number of shares represented by a performance share grant shall be deemed to be equal to (i) the middle achievement level when measured prior to the end of a performance period and (ii) the number of performance shares earned when measured after the end of the performance period. Unexercised stock options, whether vested or unvested, shall not be counted as owned capital stock for such calculations. The value of a share shall be equal to the greater of (a) the closing price of a share of Core-Mark's common stock on the last trading day prior to the date of calculation, or (b) the closing price of a share of the Core-Mark's common stock on the date on which such stock was granted or otherwise acquired.

If compliance with ownership guidelines would create severe hardship or prevent a NEO or director from complying with a court order the guidelines may be waived at the discretion of the Compensation Committee.

If these guidelines had been in effect as of January 31, 2012, our CEO and each of the other NEOs would have been in compliance with such stock ownership requirements. In addition, each of our directors would have been in compliance with these stock ownership requirements at such time other than Mr. Gross. Mr. Gross held capital stock equivalent to 1.0x his annual cash retainer as of January 31, 2012 and has until January 31, 2017 to meet the stock ownership requirements.

PROPOSAL 2. ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

In accordance with Section 14A of the Securities Exchange Act we are providing our stockholders with the opportunity to vote to approve, on an advisory (nonbinding) basis, the compensation of our executive officers as disclosed in this Proxy Statement in accordance with the Securities and Exchange Commission's rules.

As described in detail under the heading "Compensation Discussion and Analysis," our executive compensation program is designed to attract, motivate, and retain our executive officers, who are critical to our success. Under this program our executive officers are rewarded for the achievement of specific short-term, long-term and strategic goals, as well as increased stockholder value. Conversely our executives face reduced compensation when performance goals are not met. We believe our compensation program achieves the important goal of attracting and retaining talented professionals, while at the same time tying a substantial portion of potential compensation for such executives to the achievement of Company goals. In addition, we believe that through the use of a blend of different elements of compensation, such as an annual performance bonus and equity incentive awards, our compensation program balances incentives for both short- and long-term Company performance. Overall we believe our compensation program is fair to both the Company and our executives, appropriate for our industry and competitive with what our executives could otherwise receive elsewhere. Please read the "Compensation Discussion and Analysis" in this Proxy Statement for additional details about our executive compensation program, including information about the Fiscal Year 2011 compensation of our named executive officers.

The Board of Directors recommends that stockholders vote FOR the approval of the compensation of our named executive officers.

We are asking our stockholders to indicate their support for our executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our executive officers' compensation. This vote is not intended to address any specific item of compensation or any single compensation philosophy, policy or practice, but rather the overall compensation of our executive officers as described in this Proxy Statement. Accordingly, we are asking our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the 2011 Summary Compensation Table and the other related compensation tables and disclosure."

The say-on-pay vote is advisory, and therefore not binding on Core-Mark, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

At the Company's 2011 Annual Meeting of Stockholders held on May 24, 2011, the Company's stockholders approved, on an advisory basis, of holding an advisory vote on executive compensation on an annual basis. Consistent with the stockholders' advisory vote on this matter, the Board of Directors determined that the Company will hold future stockholder advisory votes on executive compensation on an annual basis.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The following discussion provides an overview and analysis of our compensation program and policies and the major factors that shape the creation and implementation of those policies. In this discussion and analysis, and in the more detailed tables and narrative that follow, we will discuss compensation and compensation decisions relating to the following persons, whom we refer to as our named executive officers (“NEO”):

J. Michael Walsh, our President and Chief Executive Officer (CEO);

Stacy Loretz-Congdon, our Senior Vice President and Chief Financial Officer (CFO);

Thomas B. Perkins, our Senior Vice President — Resources;

Christopher L. Walsh, our Senior Vice President — U.S. Distribution (West); and

Scott E. McPherson, our Senior Vice President — Corporate Development.

Objectives of Our Compensation Program

Our compensation program for executive officers is structured around the following objectives:

Attract and retain talented professionals, while emphasizing the challenges and rewards associated with a fast paced, stimulating, entrepreneurial environment.

Align individual and organizational goals with those of our stakeholders and customers. We believe that it is primarily the dedication, creativity, competence and experience of our entire workforce that enables us to compete, given the realities of the industry in which we operate. History has shown that our business is neither easily nor quickly mastered by people attempting to migrate from other industries. We attempt to retain our experienced, long-term employees, avoid employee turnover, create a cadre of dedicated professionals focused on increasing stockholder value, align the interests of our employees and stockholders and foster an ownership mentality in our executives by giving them a meaningful stake in our success through our equity incentive and cash bonus programs.

Achieve meaningful results and add value to the Company through a results-oriented reward structure. Since we operate on low margins we cannot afford to over-pay, and for this reason we attempt to link compensation closely to performance by structuring a significant portion of potential executive compensation as a results-based bonus.

Tailor individual incentives within different segments of the organization depending on the priorities and needs existing at the time. This facilitates individual focus to capitalize on opportunities and to correct weaknesses in a particular segment of the organization. We view our Divisions as stand-alone businesses that require empowered, capable, local management expertise to operate effectively. We encourage an entrepreneurial approach in our division-level executives by using bonus targets tied to divisional or regional results and other, individually tailored, objectives.

Integrate strategic goals and objectives throughout all facets of the organization. This enables quicker, more effective execution of strategic corporate objectives. Our ability to modify and tailor the components of our cash bonus program allows us to revise these components from year to year and executive to executive as our strategic goals evolve.

Make proportionality and common sense the rule. We do not believe in a formulaic approach to compensation based on job classification. This means that compensation should be proportionate to the impact that an executive can have on the organization, that equal contributors should be treated equally, that we respect the low margin nature of our business by linking pay to performance, and that we avoid excessive disparity between CEO or other senior level compensation and the compensation of the balance of our management team.

What We Reward

The results we attempt to reward may vary from executive to executive and from year to year. However, we always attempt to maximize stockholders' value by adhering to the following principles when determining our executive compensation package:

Emphasize Stockholder Value — As an incentive to create value for stockholders, a substantial portion of executive compensation should be tied to the value of our common stock, specifically those financial measures that correlate closely with total stockholders' return, such as pre-tax net profit ("PTNP") and EBITDA growth. For example, we seek to reward our executives based on our consolidated Company operating results or operating results of the relevant region meeting a

pre-determined level of adjusted PTNP, which is related to our bottom line performance measured by net income and earnings per share.

Align Executive and Stockholder Long-Term Interests — We should reward business performance that puts our stockholders' long-term interests at the forefront by compensating our executives based on increases in our stock price over a longer period of time. For instance, equity awards under our equity incentive plans may consist of restricted stock units, stock options and performance shares that vest over a longer period of time than our cash bonus program.

Tie a Substantial Portion of Pay to Performance — Our total executive compensation package should be strongly linked to measured performance. In tying a substantial portion of pay to performance against Company and individual goals, we provide tangible incentives for our executives to maximize their efforts for the benefit of the Company and ultimately its stockholders.

Elements of Executive Compensation, Why We Pay Each Element of Compensation and How Each Element Relates to Our Compensation Objectives

Total compensation for our executive officers consists of the following elements of pay:

I. Base salary. Our base salaries are designed to attract and retain qualified and dedicated professionals by providing a base standard that is competitive in the markets in which we operate, and are intended to compensate for performing the basic functions of an executive position. Base salaries are not intended to provide the total compensation potential for an executive who has the capacity and opportunity to advance our business.

II. Annual cash incentive bonus conditioned on our financial performance and achievement of individual objectives. Annual cash incentive bonuses allow us to tailor individual incentives to our strategic goals at not only a company-wide level, but also a regional, departmental or individual level. We consider the achievement of these objectives to be above and beyond the basic functions of the job or set them to complement the Company's overall business objectives.

III. Long-term equity incentive compensation through annual grants of equity-based awards that vest over time. Our awards of restricted stock units and/or stock options generally vest over a three year period which not only helps to retain our executives over time, but also aligns our executives' compensation with the long-term appreciation of our stock and therefore the interests of our stockholders. Our awards of Performance Shares serve similar purposes, but also add the ability to tie such compensation to the achievement of specific organizational and personal goals.

IV. An executive severance plan providing for severance payments upon involuntary termination of an executive other than for cause. We believe that job security is an important factor in attracting and retaining talented executives. While we do not generally enter into employment agreements with our executives, we believe it is important to provide them with a level of job security through the use of an executive severance policy.

V. Group life, accidental death & dismemberment and short- and long-term disability insurance is also provided to our executive officers and non-executive employees. Executive officers, other senior officers and managers are also provided with additional group life insurance, determined as a percentage of base salary, subject to a cap. We view such benefits as industry standard and necessary to attract and retain talented professionals.

How We Determine and What We Paid our Named Executive Officers

I. Base Salary

In setting, reviewing and adjusting base salaries and the levels and scope of our benefits programs, we consider a number of factors, including both external factors such as market conditions, as well as other factors that are not readily measured by performance goals. Such factors include: the specific expertise, capabilities and potential of the individual; our perception of market wage conditions and the amounts required to attract and retain capable executives; and our experience in attracting and keeping executives with similar responsibilities.

We do not ascribe to rigid, formulaic, mandated salary brackets. Our Compensation Committee evaluates and establishes the base salary of our Chief Executive Officer (CEO) on an annual basis by taking into consideration his overall performance and value to the organization. Our CEO recommends base salaries for our executive management team (including our named executive officers) based on the CEO's evaluation of each executive's general level of performance and contribution to the Company over the prior year. These recommendations are then evaluated, discussed, modified as appropriate and ultimately approved by the

Compensation Committee. The Compensation Committee's review and approval occurs at the regularly scheduled meeting of the Compensation Committee held in January of each year.

Base salaries for 2011 were set by our Compensation Committee in January 2011. In January 2012, the Compensation Committee approved new base salaries for 2012. Our CEO requested, and our Compensation Committee approved, that the CEO not receive an increase to his base salary so that a greater proportion of his overall compensation could be allocated to incentive shares that are linked to the performance of the Company. The increases in base salaries for our other NEOs for 2012 were attributable to cost-of-living, performance, and adjustments based on level of responsibility.

Base salaries of our named executive officers for 2011 and 2012 are disclosed in the table below.

| Officer | 2011 Base | 2012 Base | Percentage Increase |
|----------------------|-----------|-----------|---------------------|
| J. Michael Walsh | \$507,860 | \$507,860 | — |
| Stacy Loretz-Congdon | \$296,399 | \$304,550 | 2.75% |
| Thomas B. Perkins | \$259,714 | \$270,103 | 4.00% |
| Christopher L. Walsh | \$260,149 | \$267,303 | 2.75% |
| Scott E. McPherson | \$238,072 | \$249,975 | 5.00% |

II. Annual Cash Incentive Bonus

Management-By-Objectives Evaluation

We have established an annual bonus program that is designed around achieving Company, or relevant region, financial goals supplemented by a "management-by-objectives" format. This means an executive's bonus potential is based on the Company's, or region's, actual performance against specified financial goals and on the executive achieving certain individual objectives that are above and beyond the basic functions of the job or that complement the Company's overall business objectives.

Bonus Compensation is Contingent on Company's Performance

Bonus payments are contingent and depend on both the results of the Company, or applicable region, and the executive's department and/or division results, as well as the executive's own, specific contribution to reaching such objectives. Overall Company-wide bonus levels are designed to provide an appropriate level of results-based incentives to our executive team while considering that our Company is a low-margin business that must control costs.

Annual bonus objectives for our executive officers (other than the CEO) are generally developed through discussions between our CEO and the executives in conjunction with the annual business planning process. In addition, opportunities occasionally arise during the year which are not planned. The CEO has the discretion, subject to approval by the Compensation Committee, to consider additional individual bonus objectives related to significant unplanned opportunities. The proposed objectives for our named executive officers are then reviewed, adjusted if necessary and ultimately approved by our Compensation Committee after discussion with our CEO. Bonus objectives for our CEO are established through discussions between the CEO and the Compensation Committee. The applicable bonus criteria change to some degree each year to fit the current needs of the Company and/or region. The level of an executive's total maximum bonus opportunity is structured as a percentage of base salary.

A. Threshold Funding Requirement for Bonus Payment

There is a threshold funding requirement that must be satisfied each year as a precondition to the payment of any annual cash bonuses for corporate executives. To satisfy this threshold funding requirement, a certain percentage of the planned adjusted pre-tax net profit on a Company-wide basis (for corporate level executives) or a similar financial metric for a particular region (for executives whose responsibilities related primarily to a certain region) must be achieved. Adjusted pre-tax net profit is defined as pre-tax net profit, and generally excludes LIFO expense, impacts of acquisitions made in the current year and other adjustments. In the discussion that follows, we refer to this adjusted pre-tax net profit measure as Adjusted PTNP. The applicable funding requirement was 80% of planned Adjusted PTNP for 2011 and it will remain at that level for 2012. For executives whose responsibilities are considered to be Company-wide (including our Chief Executive Officer and Chief Financial Officer), the Adjusted PTNP threshold is based on overall Company results. For executives whose responsibilities in 2011 related primarily to a particular region, such as Mr. C. Walsh (U.S. Distribution - West), this threshold is based on regional results. In 2011, the Company met the threshold funding level required to pay bonuses on a Company-wide basis and in the U.S. Distribution - West region.

B. Company and Individual Objective Bonus Requirements

Bonus Objectives and Requirements for 2011

In 2011, total maximum bonus opportunities for our named executive officers were 150% of base salary for our CEO and 80% of base salary for our other named executive officers. These percentages will continue to apply for 2012 except for Mr. C. Walsh and for Mrs. S. Loretz-Congdon which will increase to 100%.

The total maximum bonus for each executive is allocated among several bonus objectives. Each executive was given a set of company and individual objectives, each of which was assigned a weight, or percentage of the maximum available bonus (based on the importance of the objective for the year and the ability of the executive to influence the result). Specific bonus objectives and the range of relative weights for the named executive officers follow.

Adjusted PTNP - Please see "Threshold Funding Requirement for Bonus Payment" above for the definition of this objective. Adjusted PTNP was based on Company-wide results, except for Mr. C. Walsh, whose objective was based upon the percentage increase in Adjusted PTNP for U.S. Distribution - West compared with 2010. The relative weight for each named executive officer ranged from 20% to 40% of the maximum available bonus.

Non-Cigarette Revenues - Equivalent to total Food/Non-Food revenues as reported in our 2011 Annual Report on Form 10-K (excluding revenues related to acquisitions) for all persons except Mr. C. Walsh, whose objective was based upon the percentage increase in Non-cigarette revenues for U.S. Distribution - West compared to 2010. The relative weight for each named executive officer ranged from zero to 20% of the maximum available bonus.

Non-Cigarette NSI Margins - Represents the percentage increase in Non-cigarette NSI margins which are equivalent to Food/Non-Food gross profit margins as reported in our 2011 Annual Report on Form 10-K (excluding LIFO expense and other adjustments) for all persons except Mr. C. Walsh, whose objective was based upon Non-cigarette NSI margins for U.S. Distribution - West. The relative weight for each named executive officer ranged from zero to 25% of the maximum available bonus.

Vendor consolidation ("VCI") and "fresh" product program - This component was only applicable to Mr. C. Walsh, and is based on VCI/Fresh sales growth over prior year levels for U.S. Distribution - West. In addition the incremental VCI/Fresh sales in 2011 had to yield the same or better gross profit percentages when compared to 2010. The relative weight was 20% of his maximum available bonus.

Operating expenses - This component was only applicable to Mr. Perkins and was limited to the warehousing and distribution expenses as reported in our 2011 Annual Report on Form 10-K expressed as a percentage of gross profit excluding the impact of acquisitions and other adjustments. The relative weight was 25% of his maximum available bonus.

Various individual objectives — Each of our named executive officers have various individual objectives that are tailored to the responsibilities of the executive and vary based upon their roles within the Company. For fiscal 2011, the individual objective for our President and Chief Executive Officer, J. Michael Walsh, was to increase the Company's overall market share through the acquisition of like businesses. The individual objectives for our other named executive officers included one or more of the following: effective management of the finance organization, company-wide cost control, compliance with public company reporting requirements, increasing the Company's overall market share through the acquisition of like businesses, securing a significant new customer and marketing and sales initiatives, effective management and planning for certain human resources and information technology initiatives, and effective allocation of resources to support acquisitions and growth. The relative weight for each named executive, for their respective individual objectives, ranged from 20% to 80% of the maximum available

bonus.

C. Performance Levels for Each Objective

Our bonus plans provide for three levels of possible performance and a resulting bonus payout for each objective as follows:

(1) Performance at the “Exceptional” level for any objective entitles an executive to the maximum amount, or 100%, allocated to that objective. In general, this level represents achievement of an aggressive operating plan for the Company or the relevant region. The Compensation Committee considers performance at this level to be “Exceptional” due to the difficulty of attaining the high levels of achievement necessary to meet such plan.

(2) Performance at the “Outstanding” level for any objective entitles the executive to two-thirds, or 67%, of the maximum amount allocated to that objective. This level generally represents strong achievement under the operating plan for the Company or the relevant region.

Performance at the “Threshold” level for any objective entitles the executive to one-third, or 33%, of the maximum (3) amount allocated to that objective. This level represents the minimal level of performance deemed worthy of a bonus.

The CEO has the authority, with the approval of the Compensation Committee, to establish different target levels for the named executive officers based on his subjective evaluation of a region or the Company’s operating plan. For example, if the CEO views a component of a plan as exceptionally aggressive or challenging, that plan, or amounts close to that plan, may be set as the Exceptional performance level for that component of the bonus, and the “Outstanding” and “Threshold” levels would be adjusted accordingly. Bonus payments are generally conditioned on an executive’s continued employment as of December 31 of the relevant year, although this requirement may be waived at the discretion of the Compensation Committee.

The table below discloses the 2011 bonus performance levels achieved for the named executive officers and approved by the Compensation Committee:

| Measure | 2011 Level Achieved | |
|--|---------------------|-------------|
| Adjusted PTNP (Company) ^[1] | >\$55.5 | Outstanding |
| Adjusted PTNP (U.S. Distribution - West) | >30.1% | Outstanding |
| Non-cigarette revenues (Company) ^[1] | > \$2,235.2 | Threshold |
| Non-cigarette revenues (U.S. Distribution - West) | >6.7% | Threshold |
| Non-cigarette NSI margins (Company) | > 102.17% | Outstanding |
| Non-cigarette NSI margins (U.S. Distribution - West) | > 101.79 % | Outstanding |
| VCI/Fresh Sales/Margins Growth (U.S. Distribution - West) ^[1] | >\$45.2 / >0.3% | Outstanding |
| Operating expenses | < 44.12% | Threshold |

2011 Annual Incentive Cash Bonus Awarded Based on Achieved Performance

For fiscal 2011, following the end of the fiscal year, our CEO evaluated the level of achievement for each executive's individual objectives and made a recommendation to our Compensation Committee regarding the appropriate level of bonus percentage earned. These recommendations were then evaluated, discussed, modified as appropriate and ultimately approved by our Compensation Committee. Based on the Company’s results for 2011 and after review and adjustments, the Compensation Committee approved cash bonus payments to our NEO’s as disclosed in the following table:

| Officer | Approved Bonus | Percentage of Maximum Bonus Earned |
|----------------------|----------------|------------------------------------|
| J. Michael Walsh | \$457,072 | 60% |
| Stacy Loretz-Congdon | \$165,983 | 70% |
| Thomas B. Perkins | \$186,571 | 90% |
| Christopher L. Walsh | \$128,339 | 62% |
| Scott E. McPherson | \$180,935 | 95% |

D. Compensation Committee Review

All elements of our bonus program are subject to review and, where appropriate, waiver and adjustment at the discretion of our Compensation Committee. The Compensation Committee has waived certain requirements when in its judgment such a waiver was appropriate and in the Company’s best interests. No waivers were requested or

approved for 2011.

III. Long-Term Equity Incentive Compensation

We believe that the best way of assuring that management's interests are aligned with the interests of our stockholders is to provide sufficiently meaningful stock ownership opportunities to management. Our Long-Term Equity Incentive Program provides incentives necessary to retain executive officers and reward them for both short-term and long-term Company performance.

22

In May 2010, we adopted the 2010 Long-Term Incentive Plan (“2010 LTIP”). The plan was intended to provide compensation objectives focusing on achieving the Company’s long-term business goals. The 2011 grants to executive officers under the 2010 LTIP consisted of restricted stock units, or RSUs, and performance shares.

RSUs are the equivalent in value to one share of common stock and entitle the employee to receive one common share for each RSU at the end of a specified vesting period. RSUs are awards subject to certain restrictions and risk of forfeiture. RSUs generally vest over three years: one-third of the restricted stock units cliff vest on the first anniversary of the vesting commencement date, with the remainder vesting in equal quarterly installments over the following two years.

Performance shares may include (i) specific dollar-value target awards, (ii) performance units, the value of each unit being determined by the Compensation Committee at the time of issuance, and/or (iii) performance shares, the value of each such share being equal to the fair market value of a share of our common stock. Generally the number of performance shares that the employee ultimately earns is based upon achievement of certain specified performance metrics. Performance shares vest at the end of a specified period and are also subject to certain restrictions and risk of forfeiture. Performance shares generally vest over three years: one-third of the performance shares cliff vest on the first anniversary of the vesting commencement date and the remaining shares vest in equal quarterly installments over the following two years.

On January 19, 2011, each of our NEOs received the following equity awards under the 2010 LTIP:

| Officer | Number of Restricted Stock Units ^[1] | Number of Performance Shares ^[2] |
|----------------------|---|---|
| J. Michael Walsh | 5,000 | 4,000 |
| Stacy Loretz-Congdon | 6,750 | 2,250 |
| Thomas B. Perkins | 6,750 | 2,250 |
| Christopher L. Walsh | 5,000 | 4,000 |
| Scott E. McPherson | 6,750 | 2,250 |

[1] One-third of the restricted stock units granted vested on January 19, 2012, with the remaining two-thirds vesting in equal quarterly installments based upon a regular calendar period over the following two years of 2012 and 2013.

[2] The award of these shares was subject to our Company meeting the 2011 performance share metrics described below. One-third of the earned performance shares granted vested on January 19, 2012, with the remaining two-thirds vesting in equal quarterly installments based upon a regular calendar period over the following two years of 2012 and 2013.

Performance Shares Awarded for 2011

Each award of performance shares listed in the table above specified a percentage of the performance shares that would be deemed earned (subject to vesting) upon the achievement of the “Threshold,” “Outstanding” or “Exceptional” level for each specific metric described below during 2011. The performance level achieved during the 2011 calendar performance period was determined by our Compensation Committee in January 2012.

At the “Threshold” level for any factor, one-third of the performance shares allocable to that factor would be awarded, at the

“Outstanding” level two-thirds would be awarded, and at the “Exceptional” level all performance shares applicable to such factor would be awarded. If the level of performance falls between two levels (Threshold and Outstanding for example), the percentage is determined by a straight line pro-ratio between two levels based upon the actual performance achieved.

The following table contains the specific metrics used for calculating the award of performance shares for 2011 along with the relative weighting of each metric and the corresponding level of achievement earned:

| Factor | Weight of Total Shares | Level of Performance Achieved | |
|-----------------------|---------------------------|----------------------------------|-------------|
| EPS ^[1] | 40.0% | > \$2.76 | Exceptional |
| EBITDA ^[2] | 60.0% | > \$80.6 | Exceptional |

[1] Earnings Per Share (EPS) is calculated by dividing the Company's net income as reported in its 2011 Form 10-K, excluding the impact of LIFO, acquisitions during the year and other adjustments, by the total diluted shares outstanding as of December 31, 2010 of 11,441,000.

[2] EBITDA is net income as reported in the Company's 2011 Form 10-K plus depreciation expense, amortization, interest expense, foreign currency transaction losses, income taxes, less interest income and excluding LIFO expense and the impact of acquisitions during the year. EBITDA dollars in millions.

Based upon our performance with respect to the performance share goals during 2011, each of the named executive officers earned his or her maximum potential award. One-third of those shares vested on January 19, 2012, and the balance will vest in equal quarterly installments over a subsequent two-year period.

Compensation Committee Review of Long-Term Equity Incentive Program

All elements of our Long-Term Equity Incentive program are subject to review and, where appropriate, also subject to waiver and adjustment at the discretion of our Compensation Committee.

For a summary of compensation of our named executive officers, please see the table and discussion under "Summary Compensation Table" on page 27.

IV. Executive Severance Plan

Under the terms of our Executive Severance Policy, corporate officers and vice presidents, as well as division presidents, are entitled to severance upon their involuntary termination for reasons other than cause, gross misconduct or an insured long-term disability. Severance payments for U.S. based executives are based upon years of service and range from two months base salary for less than two years of service, up to 18 months of base salary for over 20 years of service. In addition, U.S. executives are entitled to a pro-rata bonus for the year terminated and may receive COBRA cost reimbursements during the severance period. Canada-based executives receive severance in accordance with provincial law, which can range up to two years of base salary, bonus and benefits. To receive any benefits under the Executive Severance Policy, an executive must sign a release of liability for the benefit of the Company. See the discussion under "Potential Post-Employment Payments to Named Executive Officers" on page 32 for a quantification of the amounts that would have been payable to our named executive officers upon a Board-approved retirement or upon a change of control as of December 31, 2011.

V. Group Life, Accidental Death & Dismemberment and Short- and Long-term Disability Insurance

All of our executive officers are eligible to participate in our group life, accidental death & dismemberment and short- and long-term disability insurance programs, which are also available to our non-executive employees. In addition, our named executive officers and other senior officers and managers are provided with additional group life insurance, at a rate of one and one-half times base salary up to a maximum of \$300,000.

VI. Other Perquisites

Our named executive officers are entitled to participate in the same retirement and health and welfare benefits that are offered to all employees. We generally do not provide automobile allowances, club memberships or other perquisites to our executives.

Compensation Consultants

Role of Outside Compensation Consultant

No compensation consultant was engaged in establishing 2011 or 2012 executive compensation.

Change of Control Matters

None of our named executive officers have employment agreements and all are employees at will. However, certain of our equity incentive plans do provide for benefits that could be triggered by a change of control. Under our 2007 and 2010 Long-Term Incentive Plans (and related grant agreements), in the event we are acquired by a non-public company, all outstanding options become fully exercisable and vested, all restrictions on restricted stock units (and all deferral periods on deferred restricted stock units) lapse and vesting on all earned performance shares accelerates. In addition, if we are acquired by a public company and a named executive officer is terminated without cause, or resigns with good reason within one year after we are acquired, then generally all such named executive officer's unvested option shares, restricted stock units and earned performance shares will immediately vest. Under our 2010 Long-Term Incentive Plan, all outstanding options become fully exercisable and vested, all restrictions on restricted stock units (and all deferral periods on deferred restricted stock units) lapse and vesting on all earned performance shares accelerates if the employee is terminated within one year after a change of control. If a change of control occurs before the completion of the applicable performance period for a performance share awarded under any of our long-term incentive plans, such performance share will vest at the "Outstanding" target level. (See "Change of Control" section on page 30 for further discussion).

In addition to the change of control provisions described above, our named executive officers are participants under our severance policies. Refer to the discussion under "Potential Post-Employment Payments to Named Executive Officers" on page 32 for a discussion of these arrangements and the quantification of the amounts that would have been payable to our named executive officers upon a retirement or upon a change of control as of December 31, 2011.

Risk

The Compensation Committee has reviewed the Company's incentive plans and does not believe the goals or the underlying philosophy encourage the named executive officers to take excessive risk. By utilizing equity-based awards that are not immediately exercisable, we believe the interests of our named executive officers are aligned with those of our stockholders.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to our Chief Executive Officer and each of the next four most highly compensated executive officers. The Compensation Committee considers the anticipated tax treatment of Core-Mark and its executive officers when reviewing the executive compensation programs. However, the Compensation Committee will not necessarily seek to limit executive compensation to amounts deductible under Section 162(m), as the Compensation Committee wishes to maintain flexibility to structure our executive compensation programs in ways that best promote the interests of the Company and its stockholders.

Other Considerations

We have not adopted policies and procedures designed to reclaim or "claw back" incentive awards made on the basis of financial results that are later restated. However, our 2004 Long-Term Incentive Plan, our 2007 Long-Term Incentive Plan, and our 2010 Long-Term Incentive Plan do contain provisions providing for the recovery of gains made by any executive from the exercise of options within one year prior to the executive's termination for Cause, as defined in the plans.

COMPENSATION COMMITTEE REPORT

The Compensation Committee administers Core-Mark's compensation program for executive officers. The Compensation Committee's role is to oversee Core-Mark's compensation plans and policies, annually review and approve all such executive officers' compensation, approve annual bonus awards and administer Core-Mark's long-term incentive plans (including reviewing and approving grants to Core-Mark's executive officers).

The Compensation Committee's charter reflects these various responsibilities, and the Compensation Committee and the Board of Directors periodically review and revise the charter. The Board of Directors determines the Compensation Committee's membership, which currently consists of four non-employee directors. All of the Compensation Committee's members are "independent" under the rules of the NASDAQ Stock Market. The Compensation Committee meets at scheduled times during the year and it also considers and takes action by written consent. The Compensation Committee Chairman, L. William Krause, reports any Compensation Committee actions or recommendations to the full Board of Directors.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based on that review and those discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

The Compensation Committee is pleased to submit this report to Core-Mark's stockholders.

We refer to these executive officers as the named executive officers.

[1] Based on Form W-2 earnings, which may differ from base salaries reported on page 20 due to the timing of pay periods.

[2] This column represents the aggregate grant date fair value for all awards granted in 2011, 2010 and 2009, respectively. For performance awards we have reported the fair value of the award based upon the probable satisfaction of the performance conditions as of the grant date. The maximum aggregate grant date fair value that would have been received if the highest level of performance was achieved would have been \$187,005 for the awards granted in 2009 for each named executive officer. There were no performance awards granted in 2010. The maximum aggregate grant date fair value that would have been received if the highest level of performance was achieved would have been \$136,480 for Mr. M. Walsh and Mr. C. Walsh, and \$76,770 for Mrs. Loretz-Congdon, Mr. T. Perkins, and Mr. S. McPherson for the awards granted in 2011. These amounts do not reflect the Company's expense for accounting purposes for these awards, and do not represent the actual value that may be realized by the named executive officers.

[3] This column represents the aggregate grant date fair value for all awards granted in 2011, 2010 and 2009, respectively. There were no option awards granted in 2011 and 2010. These amounts do not reflect our expense for accounting purposes for these awards, and do not represent the actual value that may be realized by the named executive officers.

[4] The amounts in the column are awarded under the Annual Cash Incentive Bonus Program and represent performance-based bonuses earned in the fiscal year presented and paid in the subsequent year. These bonuses were based on our financial performance and the executive officer's performance against his or her specified

individual objectives. For a description of these bonuses, see the section of this Proxy Statement entitled “Compensation Discussion and Analysis – How We Determine and What We Paid our Named Executive Officers – Annual Cash Incentive Bonus.”

[5] The components of the “All Other Compensation” column for 2011 are detailed in the following table:

The Company defines three incentive plan payout levels for our executives, which are “Threshold,” “Outstanding” and “Exceptional.” The Company-defined “Threshold” level corresponds to Threshold level in the table above, [1] “Outstanding” level corresponds to Target level in the table above and “Exceptional” level corresponds to the Maximum level in the table above. Refer to the Compensation Discussion and Analysis section in this Proxy Statement for a more detailed description of these payout levels.

[2] Awarded under the 2011 Annual Cash Incentive Bonus Program. The Threshold, Target and Maximum payout levels assume that each of those goals was obtained at the Company’s level of “Threshold,” “Outstanding” and “Exceptional,” as described in the Compensation Discussion and Analysis section in this Proxy Statement. For a description of amounts actually received by the executive, if any, see the Compensation Discussion and Analysis section. For a further description of the 2011 Annual Cash Incentive Bonus Program, refer to the Compensation Discussion and Analysis section.

[3] Performance shares awarded under the 2010 Long-Term Incentive Plan. Incentive opportunities consist of EPS and EBITDA goals. The Threshold, Target and Maximum payout levels assume that each of those goals was achieved at the corresponding Company’s level of “Threshold,” “Outstanding” and “Exceptional,” as described in the Compensation Discussion and Analysis section in this Proxy Statement. For a further description of the performance shares and the amounts actually awarded to the executive, refer to the Compensation Discussion and Analysis section.

[4] Restricted stock units awarded under the 2010 Long-Term Incentive Plan. Such awards are subject to vesting requirements and permit a net-exercise feature to cover tax withholding for the executive officers.

[5] Represents the grant date fair value of each equity award computed in accordance with applicable guidance. Grant date fair value per share for restricted stock units and performance shares is \$34.12.

The following table presents information concerning the number and value of unexercised options, restricted stock units, and performance shares that have not vested for our named executive officers outstanding as of December 31, 2011:

Potential Payments Upon Termination or Change-In-Control

Severance Policy

Each of our named executive officers and vice presidents are entitled to certain benefits under the Core-Mark Executive Severance Policy. Pursuant to the policy, upon the officer's involuntary termination other than for cause, gross misconduct (each as defined in the policy) or long-term disability and upon our acceptance of an executed separation agreement, the officer is entitled to the following benefits based on the years of service and location of employment:

U.S. Employees

| Number of Years of Service | Benefit |
|---|-----------------------------|
| Less than two years | Two months of base salary |
| At least two years but less than five years | Four months of base salary |
| At least five years but less than ten years | Eight months of base salary |
| At least ten years but less than 20 years | 12 months of base salary |
| More than 20 years | 18 months of base salary |

All payments under the severance policy are made in one lump sum at the first regularly scheduled payroll issuance following termination. In addition to above payments, such officer shall receive COBRA cost reimbursement for the same number of months of their base salary payment plus payment of a prorated bonus for the year of their termination.

Canadian Employees. The severance benefits paid to any Canadian executive officers are based on the applicable provincial laws.

Accelerated Option Vesting. In addition, an executive officer who has received an option grant under our 2007 Long-Term Incentive Plan and our 2010 Long-Term Incentive Plan may be entitled to accelerated vesting of all such options should such executive officer be terminated without cause or resign his employment with good reason.

Retirement

Award grants made to our named executive officers under our 2005 Long-Term Incentive Plan, our 2007 Long-Term Incentive Plan, and our 2010 Long-Term Incentive Plan (during 2011) generally entitle such officers to accelerated vesting of all of their restricted stock units in the event that such executive retires, and the retirement is approved by our Board of Directors as a retirement that qualifies for such treatment. In addition, certain awards made to our named executive officers under our 2007 Long-Term Incentive Plan generally entitle such officers to accelerated vesting of a pro-rata portion of their options, restricted stock units and/or performance shares in the event that (1) such executive retires prior to the first vesting date of such award and (2) the retirement is approved by our Board of Directors as a retirement that qualifies for such treatment. In general the pro-rata portion of such award that is vested is based upon the number of months of service of such officer during the applicable vesting period under the award. Performance shares are vested pro-rata at the "Outstanding" target level. Certain awards made under our 2010 Long-Term Incentive

Plan provide for automatic accelerated vesting if such executive retires and he or she has reached the age of 65 years old at the time of such retirement.

Change of Control

Award grants made to our named executive officers under our 2007 and 2010 Long-Term Incentive Plans generally entitle such officers to accelerated vesting of all of their option shares, restricted stock units and earned performance shares in the event that we are acquired by a non-public company (a “non-public change of control”). In addition, if we are acquired by a public company

and the executive officer is terminated without cause or resigns with good reason within one year after we are acquired, then generally all such executive officer's unvested option shares, restricted stock units and earned performance shares will immediately vest. If the change of control under either scenario occurs before the completion of the applicable performance period under a performance share award, such performance share shall vest at the "Outstanding" target level. Under our 2010 Long-Term Incentive Plan, all outstanding options become fully exercisable and vested, all restrictions on restricted stock units (and all deferral periods on deferred restricted stock units) lapse and vesting on all earned performance shares accelerates if the employee is terminated within one year after a change of control.

Potential Post-Employment Payments to Named Executive Officers

The table below sets forth potential payments that could be received by our named executive officers upon retirement or upon a nonpublic change in control of Core-Mark, assuming such event took place on December 31, 2011.

Core-Mark Holding Company, Inc. does not have an official retirement age. For awards made prior to January 1, 2011, named executive officers may be approved for retirement by the Board of Directors and for awards made after January 1, 2011, acceleration of unvested awards occurs automatically upon the retirement of an executive

[1] officer who has reached the age of 65 at the time of retirement. The table assumes that all named executive officers would have been so approved if termination occurred on December 31, 2011. Upon retirement, this table assumes unvested performance shares and options are forfeited, vested options remain exercisable for a period of 90 days, and restrictions lapse on all restricted stock units.

Upon termination without cause, terminated executives are eligible for severance cash in accordance with the Core-Mark Executive Severance Policy. Also, options become fully vested and exercisable as of the date of [2] termination and remain exercisable for a period of 90 days thereafter. Options terminate and are forfeited at the end of the 90-day period. Upon termination, all unvested restricted stock units and performance shares are forfeited.

Upon a non-public change in control, executives are eligible for all of the benefits of a “without-cause” termination. [3] In addition, all restrictions lapse on restricted stock units, all unvested options are accelerated and any earned but unvested performance shares are accelerated.

[4] Executive officers and vice presidents in the U.S. may receive benefits under the Core-Mark Executive Severance Policy. If terminated on December 31, 2011, the following NEOs would receive 12 months’ salary and COBRA reimbursements, payable in a lump sum: Thomas B. Perkins, Christopher L. Walsh, and Scott E. McPherson. As

Stacy Loretz-Congdon's and J. Michael Walsh' service with our Company is more than 20 years as of December 31, 2011, they would receive 18 months' salary and COBRA reimbursements, if terminated on December 31, 2011.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews Core-Mark's financial reporting process on behalf of the Board of Directors and reports to the Board of Directors on audit, financial and related matters. Core-Mark's management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. Deloitte & Touche LLP (the independent registered public accounting firm for year ended December 31, 2011) was responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (U.S.), and to issue its reports thereon. The Audit Committee oversees these processes.

In this context, the Audit Committee has met and held discussions with Core-Mark's management and the independent auditor. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the independent auditor. The Audit Committee also discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 114, The Auditor's Communication with Those Charged with Governance.

In addition, the Audit Committee discussed with the independent auditor such auditor's independence from the Company and its management, and the independent auditor provided to the Audit Committee the written disclosures and communications required by the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence.

The Audit Committee discussed with the Company's internal audit staff and independent auditor the overall scope and plans for their respective audits. The Audit Committee met with the internal audit staff and the independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of Core-Mark's internal controls, and the overall quality of Core-Mark's financial reporting.

Based on the reviews and discussions with management and the independent auditor referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in Core-Mark's Annual Report on Form 10-K for the year ended December 31, 2011, for filing with the Securities and Exchange Commission.
