Income tax expense	813,064,452	439,572,637	-373,491,815	84.97

(1) Reasons of fluctuations on Balance Sheet's Accounts

- 1) Bank balances and cash as at the end of period increased compared with the beginning of the period, mainly due to the expansion of the Company's operation.
- 2) The derivative financial assets (including non-current portion) decreased significantly as at the end of the period compared with the beginning of the period, mainly due to the decrease in the fair value of the fuel hedging instruments as a result of the lower fuel price.
- 3) Notes receivable as at the end of period increased compared with the beginning of the period, mainly due to the expansion of the Company's operation.
- 4) Other receivables as at the end of the period increased compared with the beginning of the period, mainly due to prepayments for investment.
- 5) Current portion of non-current assets as at the end of the period increased compared with the beginning of the period, mainly due to the increase in the current portion of finance lease assets.

- 6) Other current assets as at the end of the period increased compared with the beginning of the period, mainly due to the residual balance of insurance fee to be amortized.
 - 7) Other non-current assets as at the end of the period increased compared with the beginning of the period, mainly due to the expansion of the Company's operation.
 - 8) The short-term loans as at the end of the period increased compared with the beginning of the period, mainly due to the expansion of the Company's operation.
 - 9) Derivative financial liabilities (including non-current portion) as at the end of the period increased compared with the beginning of the period, mainly due to the fair value changes of interest rate swap contracts.
 - 10) Notes payable as at the end of the period increased compared with the beginning of the period, mainly due to the expansion of the Company's operation.
 - 11) Advance from customers as the end of the period decreases compared with the beginning of the period, mainly due to the recognition of the advance received for heating and coal trading as sale revenue.
 - 12) Dividends payable at the end of the period increased compared with the beginning of the period, mainly due to the unpaid dividends of subsidiaries.
 - 13) Current portion of non-current liabilities as at the end of the period decreased compared with the beginning of the period, mainly due to the decrease of the current portion of long-term loans.
- (2) Reasons of fluctuations Income Statements' Accounts
- 1) The operating revenue for the reporting period increased compared with the same period of last year, mainly due to the expansion of the Company's operation and the increase of power generated.
-

- 2) The operating cost for the reporting period increased compared with the same period of last year, mainly due to the increase of fuel price, the expansion of the Company's operation and the increase of power generated.
 - 3) The selling expenses for the reporting period increased compared with the same period of last year, mainly due to the increase of sales transactions of the subsidiaries.
 - 4) The reversal of assets impairment loss for the reporting period decreased compared with the same period of last year, mainly due to less recovery of bad debts and reversal of provision for doubtful accounts on receivables.
 - 5) The gain/(loss) from fair value changes for the reporting period increased compared with the same period of last year, mainly due to the fair value changes of hedging instruments of the subsidiaries.
 - 6) The non-operating income for the period increased compared with the same period of last year, mainly due to increase of amortization on the VAT refund for domestically procured equipments and government subsidies on environment protection.
 - 7) The income tax for the reporting period increased compared with the same period of last year, due to utilization of unrealized deductible tax losses of prior year in 2009, which resulted in lower taxable income in the same period of last year.
-

3.2 The progress on significant events and their impact as well as the analysis and explanations for their solutions

Ö Applicable

Not Applicable

- (1) The State-owned Assets Supervision and Administration Commission of the State Council has recently approved the transfer of equity interests held by Shandong Electric Power Corporation and Shandong Luneng Development Group Company Limited, respectively, in nine state-owned enterprises including, among others, Shandong Zhanhua Co-generation Limited Company, to the Company by way of agreement. For details of the acquisition, please refer to the acquisition announcement published by the Company on the Shanghai Stock Exchange, the China Securities Journal and the Shanghai Securities News on 4 January 2010. Currently, the completion procedures and the changes to the industrial and commercial registration particulars are still processing.
- (2) On 10 September 2010, the Revised Proposal Regarding the New A Share Issue and the New H Share Issue of the Company were approved successively in each of the 2010 Second Extraordinary General Meeting, the 2010 Second Class Meeting of Holders of A Shares and the 2010 Second Class Meeting of Holders of H Shares. For details, please refer to the announcement published on the Shanghai Stock Exchange, the China Securities Journal and the Shanghai Securities News on 13 September 2010.

The implementation of the resolutions regarding the non-public issue of A Shares and H Shares has to be approved by the China Securities Regulatory Commission, and in such form as ultimately approved by the China Securities Regulatory Commission. According to the provisions of the applicable laws, this issue still requires the approvals on matters relevant to the issue from other competent government authorities.

3.3 Status of performance of undertakings given by the Company, shareholders and de facto controller

Applicable Not Applicable

China Huaneng Group and Huaneng International Power Development Corporation undertook not to trade their shares in the Company which are subject to non-disposal restriction on the market within 60 months starting from 19 April 2006. Since the implementation on 19 April 2006, China Securities Depository and Clearing Corporation Limited (Shanghai branch) has been entrusted to hold such shares for the lock-up arrangement.

3.4 Disclosure as to, and reasons for, the warning in respect of forecast of a probable loss in respect of the accumulated net profit from the beginning of the financial year to the end of the next reporting period or any significant changes in profit as compared with that of the corresponding period of last year

Applicable Not Applicable

3.5 Implementation status regarding the policy of the cash dividend bonus issue during the reporting period

The Company convened a shareholders' meeting on 22 June 2010 and passed the Profit Distribution Plan of the Company for 2009. Based on the total shares of the Company in issue, the Company would pay a cash dividend of RMB2.1 (inclusive of tax) per every 10 ordinary shares to its shareholders. Total cash dividends paid in aggregate amounted to RMB2,528,049,674. As at 30 September 2010, the above-mentioned cash dividends were paid in full.

Document 2

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

REVISION TO THE EXISTING CAPS OF CERTAIN
CONTINUING CONNECTED TRANSACTIONS

Reference is made to the announcement of the Company dated 21 October 2009. As mentioned in the announcement, the Company entered into the Huaneng Group Framework Agreement with Huaneng Group, and Yangliuqing Co-generation Power Plant, a non wholly-owned subsidiary of the Company, entered into the Heat Sale Framework Agreement with Tianjin Jin'an. The term of each of the framework agreements is from 1 January 2010 to 31 December 2010. The continuing connected transactions contemplated under the Huaneng Group Framework Agreement included (amongst other things) the following transactions: (1) purchase of ancillary equipment and parts; (2) leasing of facilities, land and office spaces; and (3) purchase of technical services and engineering contracting services. The continuing connected transactions contemplated under the Heat Sale Framework Agreement included heat supply by Yangliuqing Co-generation Power Plant to Tianjin Jin'an.

The Directors have been closely monitoring the continuing connected transactions of the Company. Following the continuing development and the expansion of the business scale of the Company, and according to the internal estimate of the continuing connected transactions based on the future needs and operating conditions, it comes to the attention of the Directors that the annual cap for each of the continuing connected transactions mentioned above between the Company and Huaneng Group and the annual cap of the continuing connected transaction on heat supply between Yangliuqing Co-generation Power Plant and Tianjin Jin'an will not be sufficient to satisfy the operational needs of the Company. Accordingly, on 19 October 2010, the Company and Huaneng Group entered into the Supplemental Agreement to Huaneng Group Framework Agreement, and on the same date, Yangliuqing

Co-generation Power Plant and Tianjin Jin'an entered into the Supplemental Agreement to Heat Sale Framework Agreement, in order to revise the caps of the existing transaction amount for 2010 of the relevant continuing connected transactions.

BACKGROUND

Reference is made to the announcement of the Company dated 21 October 2009. As mentioned in the announcement, the Company entered into the Huaneng Group Framework Agreement with Huaneng Group, and Yangliuqing Co-generation Power Plant, a non wholly-owned subsidiary of the Company, entered into the Heat Sale Framework Agreement with Tianjin Jin'an. The term of each of the framework agreements is from 1 January 2010 to 31 December 2010. The continuing connected transactions contemplated under the Huaneng Group Framework Agreement included (amongst other things) the following transactions: (1) purchase of ancillary equipment and parts; (2) leasing of facilities, land and office spaces; and (3) purchase of technical services and engineering contracting services. The continuing connected transactions contemplated under the Heat Sale Framework Agreement included heat supply by Yangliuqing Co-generation Power Plant to Tianjin Jin'an.

The Directors have been closely monitoring the continuing connected transactions of the Company. Following the continuing development and the expansion of the business scale of the Company, and according to the internal estimate of the continuing connected transactions based on the future needs and operating conditions, it comes to the attention of the Directors that the annual cap for each of the continuing connected transactions mentioned above between the Company and Huaneng Group and the annual cap of the continuing connected transaction on heat supply between Yangliuqing Co-generation Power Plant and Tianjin Jin'an will not be sufficient to satisfy the operational needs of the Company. Accordingly, on 19 October 2010, the Company and Huaneng Group entered into the Supplemental Agreement to Huaneng Group Framework Agreement, and on the same date, Yangliuqing Co-generation Power Plant and Tianjin Jin'an entered into the Supplemental Agreement to Heat Sale Framework Agreement, in order to revise the caps of the existing transaction amount for 2010 of the relevant continuing connected transactions. Pursuant to the Shanghai Listing Rules and Rule 14A.56(9) of the Hong Kong Listing Rules, Messrs. Cao Peixi, Huang Long, Wu Dawei, Huang Jian, Liu Guoyue and Fan Xiaxia, all being directors of the Board of the Company having a material interest in the continuing connected transactions, had abstained from voting on the board resolutions relating to the entering of the Supplemental Agreement to the Huaneng Group Framework Agreement and the Supplemental Agreement to the Heat Sale Framework Agreement (and their respective revised caps). The resolutions were voted by directors who are not connected to the transactions.

RELATIONSHIP BETWEEN THE COMPANY, HUANENG GROUP AND TIANJIN JIN'AN

The Company and its subsidiaries mainly develop, construct, operate and manage large-scale power plants in China nationwide. It is one of the largest independent electricity power suppliers in China, owning a generation capacity of 46,512 MW on equity basis.

Huaneng Group is principally engaged in the development, investment, construction, operation and management of power source; organizing the generation and sale of power (and heat); and the development, investment, construction, production and sale of products in relation to energy, transportation, new energy and environmental protection industries.

Huaneng Group is the controlling shareholder of HIPDC, holding a 51.98% direct interest and a 5% indirect interest in HIPDC. At the same time, Huaneng Group holds an 8.75% direct interest in the issued shares of the Company. Through its wholly-owned subsidiary, China Hua Neng Group Hong Kong Limited ("China Hua Neng Group HK"), Huaneng Group indirectly holds certain H shares of the Company, representing 0.17% of the issued shares of the Company. As at the date of this announcement, HIPDC is the controlling shareholder of the Company, holding 42.03% of the issued shares of the Company.

The relationship between the Company and Huaneng Group is illustrated as follows:

- * Huaneng Group, through China Hua Neng Group HK, indirectly holds a 100% interest in Pro-Power Investment Limited while Pro-Power Investment Limited holds a 5% interest in HIPDC. Therefore, Huaneng Group holds a 5% indirect interest in HIPDC.
- # Of the 8.92% interest, 0.17% represents the interest in the H shares of the Company held by Huaneng Group through China Hua Neng Group HK.

Under the Hong Kong Listing Rules, Huaneng Group is a connected person of the Company while the transactions between the Company and Huaneng Group (including its subsidiaries and associates) constitute connected transactions of the Company, subject to the relevant disclosures and/or Independent Shareholders approval requirements as stipulated in the Hong Kong Listing Rules.

Yangliuqing Co-generation Power Plant is a subsidiary of the Company. The Company holds a 55% interest in Yangliuqing Co-generation Power Plant, and the remaining 45% interest is held by Tianjin Jinneng. Tianjin Jinneng is an investment enterprise established in the PRC, mainly engaged in the investment, development, operation and management of energy infrastructure (including power, heat, natural gas, coal gas, energy-saving projects) and hi-tech industries. Tianjin Jinneng does not hold any shares in the Company. Tianjin Jin'an is a subsidiary of Tianjin Jinneng.

Given that Tianjin Jinneng holds a 45% interest in Yangliuqing Co-generation Power Plant, Tianjin Jinneng and its subsidiaries and associates become connected persons of the Company. The heat supply transactions between Yangliuqing Co-generation Power Plant and Tianjin Jinneng and its subsidiaries and associates constitute continuing connected transactions of the Company and shall be subject to the disclosure and/or Independent Shareholders' approval requirements under the Hong Kong Listing Rules.

SUPPLEMENTAL AGREEMENT TO THE HUANENG GROUP FRAMEWORK AGREEMENT

The Company entered into the Supplemental Agreement to the Huaneng Group Framework Agreement with Huaneng Group on 19 October 2010. Pursuant to the Huaneng Group Framework Agreement and the Supplemental Agreement to the Huaneng Group Framework Agreement, the Company will further conduct the following transactions with Huaneng Group and its subsidiaries and associates:

(1) Purchase of ancillary equipment and parts

Due to operational needs, the Company has to outsource ancillary equipment and parts (mainly including the raw materials and equipment for the infrastructure construction work for power plants) for the purpose of renovation and maintenance.

Pursuant to the Huaneng Group Framework Agreement and the Supplemental Agreement to the Huaneng Group Framework Agreement, the terms and the prices with respect to the purchase of ancillary equipment and parts by the Company from Huaneng Group and its subsidiaries and associates are negotiated at arm's length terms, taking into account the then prevailing market conditions; but in any event at the terms and prices no less favorable than those offered to the Company by an independent third party for the same or similar type of ancillary equipment and parts. In addition, the payment of such purchases will be settled in cash in arrears, or in accordance with the payment terms agreed by the relevant parties in the contracts to be entered into pursuant to such framework agreement.

The Directors have been closely monitoring the continuing connected transactions of the Company. During the period from January 2010 to 30 September 2010, the aggregate transaction amount (unaudited) in respect of the purchase of ancillary equipment and parts paid by the Company to Huaneng Group and its subsidiaries and associates was approximately RMB512 million. For project approval reasons, the execution of certain contracts of the Company for the last year was transferred to 2010. Following successive expansion of the business scale and operation of the power plants of the Company and according to the internal estimate of the purchase of ancillary equipment and parts based on the future needs and operating conditions, the Company estimates that the annual cap of RMB537 million paid or to be payable to Huaneng Group and its subsidiaries and associates will not be sufficient to satisfy the operational needs of the Company for the period from 1 January 2010 to 31 December 2010. It is accordingly recommended that the annual cap of the transaction amount for purchase of ancillary equipment and parts by the Company to Huaneng Group and its subsidiaries and associates for the period from 1 January 2010 to 31 December 2010 be revised to not to exceed RMB1.625 billion.

The Board (including the independent non-executive Directors) is of the view that the transactions for the purchase of ancillary equipment and parts as contemplated by the Huaneng Group Framework Agreement and the Supplemental Agreement to the Huaneng Group Framework Agreement were entered into: (1) in the ordinary and usual course of business of the Company; (2) on normal commercial terms (on arm's length basis or on terms no less favorable to the Company than terms available from independent third parties); and (3) on terms and the proposed revised cap that are fair and reasonable and in the interest of the Company and its shareholders as a whole.

As the applicable percentage ratios relating to the scale of the transactions in question calculated in accordance with Rule 14.07 of the Hong Kong Listing Rules do not exceed 5%, such transactions are therefore only subject to the reporting and announcement requirements under Rules 14A.45 to 14A.47 of the Hong Kong Listing Rules but are exempt from the Independent Shareholders' approval requirements. In addition, the Company will, with respect to the transactions in question, comply with the requirements under Rule 14A.37 to 14A.40 of the Hong Kong Listing Rules in respect of the annual review of these continuing connected transactions. If the actual aggregate amount of such transactions during the year ending 31 December 2010 exceeds the above cap (i.e. RMB1.625 billion), the Company will further comply with the requirements under Rule 14A.36 of the Hong Kong Listing Rules.

(2) Leasing of facilities, land and office spaces

For operational needs, the Company has to rent facilities, land and office spaces (mainly power transmission and transformation assets, power plants land and power office spaces) from Huaneng Group and its subsidiaries and associates.

Pursuant to the Huaneng Group Framework Agreement and the Supplemental Agreement to the Huaneng Group Framework Agreement, the terms and the prices with respect to the leasing of power transmission and transformation facilities, land and office spaces to the Company by Huaneng Group and its subsidiaries and associates are negotiated at arm's length terms, taking into account the then prevailing market conditions; but in any event at the leasing terms and prices no less favourable than those offered to the Company by independent third parties for the same or similar types of facilities, land and office spaces. In addition, the payment will be settled in cash in arrears, or in accordance with the payment terms agreed by the relevant parties in the contracts to be entered into pursuant to the framework agreement.

The Directors have been closely monitoring the continuing connected transactions of the Company. During the period from January 2010 to 30 September 2010, the aggregate transaction amount (unaudited) in respect of the leasing of the power transmission and transformation facilities, land and office paid by the Company to Huaneng Group and its subsidiaries and associates was approximately RMB159 million. Due to successive expansion of the business scale and operation of the power plants of the Company and according to the internal estimate of the leasing of facilities, land and office spaces based on the future needs and operating conditions, the Company estimates that the annual cap of RMB216 million paid or to be payable to Huaneng Group and its subsidiaries and associates will not be sufficient to satisfy the operational needs of the Company for the period from 1 January 2010 to 31 December 2010. It is accordingly recommended that the annual cap of the transaction amount for leasing of facilities, and office spaces by the Company to Huaneng Group and its subsidiaries and associates for the period from 1 January 2010 to 31 December 2010 be revised to not to exceed RMB248 million.

The Board (including the independent non-executive Directors) is of the view that the transactions for the leasing of power transmission and transformation facilities, land and office spaces contemplated under the Huaneng Group Framework Agreement and the Supplemental Agreement to the Huaneng Group Framework Agreement were entered into: (1) in the ordinary and usual course of business of the Company; (2) on normal commercial terms (on arm's length basis or on terms no less favorable to the Company than terms available from independent third parties); and (3) on terms and the proposed revised cap that are fair and reasonable and in the interest of the Company and its shareholders as a whole.

As the applicable percentage ratios relating to the scale of the subject transactions calculated in accordance with Rule 14.07 of the Hong Kong Listing Rules do not exceed 5%, such transactions are therefore only subject to the reporting and announcement requirements under Rules 14A.45 to 14A.47 of the Hong Kong Listing Rules but are exempt from the Independent Shareholders' approval requirements. In addition, the Company will, with respect to the transactions in question, comply with the requirements under Rule 14A.37 to 14A.40 of the Hong Kong Listing Rules in respect of conducting annual reviews of these continuing connected transactions. If the actual aggregate amount of such transactions during the year ending 31 December 2010 exceeds the above cap (i.e. RMB248 million), the Company will further comply with the requirements under Rule 14A.36 of the Hong Kong Listing Rules.

(3) Purchase of technical services and engineering contracting services

As a power company, the Company has to outsource information technology services and industry-specific technical and engineering contracting services to meet its operation and production needs. Such services mainly include maintenance of power plants monitoring system, real-time consolidation of project data, trial run of generating units, monitoring of facilities construction work of power plants and other ancillary services relating to operation.

Pursuant to the Huaneng Group Framework Agreement and the Supplemental Agreement to the Huaneng Group Framework Agreement, the terms and the prices with respect to the purchase of technical services and engineering contracting services by the Company from Huaneng Group and its subsidiaries and associates are negotiated at arm's length terms, taking into account the then prevailing market conditions; but in any event at the terms and prices no less favorable than those offered to the Company by independent third parties for the same or similar types of technical services and engineering contracting services. In addition, the payment of consideration will be settled in cash in arrears, or in accordance with the payment terms agreed by the relevant parties in the contracts to be entered into pursuant to the framework agreement.

The Directors have been closely monitoring the continuing connected transactions of the Company. During the period from January 2010 to 30 September 2010, the aggregate transaction amount (unaudited) in respect of the purchase of technical services and engineering contracting services paid by the Company to Huaneng Group and its subsidiaries and associates was approximately RMB123 million. Due to successive expansion of the business scale and operation of the power plants of the Company, upgrading of certain new technology research and system projects for 2010 and according to the internal estimate of the purchase of technical services and engineering contracting services based on the future needs and operating conditions, the Company estimates that the annual cap of RMB505 million paid or to be payable to Huaneng Group and its subsidiaries and associates will not be sufficient to satisfy the operational needs of the Company for the period from 1 January 2010 to 31 December 2010. It is accordingly recommended that the annual cap of the transaction amount for the purchase of technical services and engineering contracting services by the Company to Huaneng Group and its subsidiaries and associates for the period from 1 January 2010 to 31 December 2010 be revised to not to exceed RMB587 million.

The Board (including the independent non-executive Directors) is of the view that the transactions for the purchase of technical services and engineering contracting services as contemplated under the Huaneng Group Framework Agreement and the Supplemental Agreement to the Huaneng Group Framework Agreement were entered into: (1) in the ordinary and usual course of business of the Company; (2) on normal commercial terms (on arm's length basis or on terms no less favourable to the Company than terms available from independent third parties); and (3) on terms and the proposed revised cap that are fair and reasonable and in the interest of the Company and its shareholders as a whole.

As the applicable percentage ratios relating to the scale of the subject transactions calculated in accordance with Rule 14.07 of the Hong Kong Listing Rules do not exceed 5%, such transactions are therefore only subject to the reporting and announcement requirements under Rules 14A.45 to 14A.47 of the Hong Kong Listing Rules but are exempt from the Independent Shareholders' approval requirements. In addition, the Company will, with respect to the transactions in question, comply with the requirements under Rule 14A.37 to 14A.40 of the Hong Kong Listing Rules in respect of conducting annual reviews of these continuing connected transactions. If the actual aggregate amount of such transactions during the year ending 31 December 2010 exceeds the above cap (i.e. RMB587 million), the Company will further comply with the requirements under Rule 14A.36 of the Hong Kong Listing Rules.

SUPPLEMENTAL AGREEMENT TO THE HEAT SALE FRAMEWORK AGREEMENT

Tianjin Jin'an is a long-term customer of Yangliuqing Co-generation Power Plant. Owing to the established long-term relationship, the Board is of the view that the continuing connected transaction on heat sale between Yangliuqing Co-generation Power Plant and Tianjin Jin'an is necessary for the Company and Yangliuqing Co-generation Power Plant and is in line with the anticipated development and growth of the overall scale and business of the Company.

Yangliuqing Co-generation Power Plant entered into the Supplemental Agreement to the Heat Sale Framework Agreement with Tianjin Jin'an on 19 October 2010. Pursuant to the Heat Sale Framework Agreement and the Supplemental Agreement to the Heat Sale Framework Agreement, Yangliuqing Co-generation Power Plant will provide heat to Tianjin Jin'an according to the documents on the price of heat examined and approved by Tianjin Price Bureau. Payment is to be made monthly by cheque.

The Directors have been closely monitoring the continuing connected transactions of the Company. During the period from January 2010 to 30 September 2010, the aggregate transaction amount (unaudited) in respect of the revenues from the sale of heat by Yangliuqing Co-generation Power Plant to Tianjin Jin'an was approximately RMB66 million. Considering the possible bitter weather in the coming winter this year, it is likely to advance the period for heat supply in Tianjin area. According to the internal estimate of the demand for heat based on the future needs and conditions, the Company estimates that the annual cap of RMB124 million paid or to be payable by Tianjin Jin'an will not be sufficient to satisfy the operational needs of Yangliuqing Co-generation Power Plant for the period from 1 January 2010 to 31 December 2010. It is accordingly recommended that the annual cap of the transaction amount for the revenue from the sale of heat by Yangliuqing Co-generation Power Plant to Tianjin Jin'an for the period from 1 January 2010 to 31 December 2010 be revised to not to exceed RMB148 million.

The Board (including the independent non-executive Directors) is of the view that the transactions under the Heat Sale Framework Agreement and the Supplemental Agreement to the Heat Sale Framework Agreement were entered into: (1) in the ordinary and usual course of business of the Company; (2) on normal commercial terms (on arm's length basis or on terms no less favorable to the Company than terms available from independent third parties); and (3) on terms and the proposed revised cap that are fair and reasonable and in the interest of the Company and its shareholders as a whole.

Given that the applicable percentage ratios relating to the scale of the transaction in question calculated in accordance with Rule 14.07 of the Hong Kong Listing Rules do not exceed 1%, such transactions are exempt from the reporting, announcement and the Independent Shareholders' approval requirements pursuant to the revised Hong Kong Listing Rules. With respect to such continuing connected transactions for 2010, if the actual amount exceeds the above revised cap (i.e. RMB148 million), the Company will further comply with the requirements under Rule 14A.36 of the Hong Kong Listing Rules.

ENTRUSTED LOAN

The Supplemental Agreement to the Huaneng Group Framework Agreement has also included a new continuing connected transaction for 2010, i.e. the provision of entrusted loan from Huaneng Group and its subsidiaries and associates to the Company and its subsidiaries. The interests on the entrusted loans arising from the relevant entrusted loan for 2010 are expected to be RMB72 million.

Given that the entrusted loan is to be provided by Huaneng Group and its subsidiaries and associates to the Company and its subsidiaries on normal commercial terms which are comparable to or more favourable than those offered by independent third parties for similar service in the PRC and where no security over the assets of the Company is granted in respect of such services, the transactions for entrusted loan contemplated by the Supplemental Agreement to the Huaneng Group Framework Agreement are exempt from reporting, announcement and Independent Shareholders' approval requirements under Rule 14A.65(4) of the Hong Kong Listing Rules. The Company therefore makes disclosure simultaneously pursuant to the Company's announcement disclosed on the Shanghai Stock Exchange.

DEFINITIONS

"associates"	has the meaning ascribed to it in the Hong Kong Listing Rules;
