**Sercel Acquires Metrolog
Acquisition Expands Downhole Technology and Expertise**

Paris, France May 27 2008

CGGVeritas (ISIN: 0000120164 NYSE: CGV) announced today that its manufacturing subsidiary Sercel acquired Metrolog a privately held company. Headquartered in Toulouse France and established in 1987, Metrolog is a leading provider of high pressure, high temperature gauges and other downhole instruments to the oil and gas industry. 2007 revenue for the company was \$11 million. The acquisition is expected to be accretive to Sercel and to CGGVeritas earnings per share (EPS) in 2008.

We are very pleased to continue to expand and strengthen our footprint in downhole measurements with the expertise and technology of Metrolog said Pascal Rouiller President and CEO of Sercel. Metrolog developed a unique expertise over the past 20 years, through continuous R&D, for high quality, versatile and reliable downhole instrumentation for challenging well conditions.

The global organization and strong reputation of Sercel will accelerate the expansion of Metrolog technology and we look forward to bringing these state-of-the-art downhole tools to a broader set of customers.
