EXPLANATORY NOTE

Novo Energies Corp. (the “Company”) is filing this Amendment No. 1 on Form 10-Q/A (this “Amendment”) to its Quarterly Report on Form 10-Q for the quarter ended June 30, 2009, which was originally filed on August 19, 2009 (the “Original Filing”), to provide additional information regarding certain consultants engaged by the Company and to correct certain statements that a shareholder beneficially owned 50% or more of the Company’s issued and outstanding shares when it was holding such shares as an agent for others.

PART I - FINANCIAL INFORMATION

SPECIAL NOTICE REGARDING FORWARD-LOOKING STATEMENTS

We are including the following cautionary statement in this Form 10-Q to make applicable and take advantage of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995 for any forward-looking statement made by, or on behalf of, us. This 10-Q, press releases issued by us, and certain information provided periodically in writing and orally by our designated officers and agents contain statements which constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. The words “expect”, “believe”, “goal”, “plan”, “intend”, “estimate”, and similar expressions and variations thereof used are intended to specifically identify forward-looking statements. Where any such forward-looking statement includes a statement of the assumptions or basis underlying such forward-looking statement, we caution that assumed facts or basis almost always vary from actual results, and the differences between assumed facts or basis and actual results can be material, depending on the circumstances. Where, in any forward-looking statement, we, or our management, expresses an expectation or belief as to future results, such expectation or belief is expressed in good faith and believed to have a reasonable basis, but there can be no assurance that the statement of expectation or belief will result or be achieved or accomplished.

NOTES TO FINANCIAL STATEMENTS

June 30, 2009 (Unaudited)

NOTE A - BASIS OF PRESENTATION, NATURE OF BUSINESS AND GOING CONCERN

Basis of Presentation

The accompanying condensed financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary in order to make the financial statements not misleading have been included. Results for the three months ended June 30, 2009 are not necessarily indicative of the results that may be expected for the year ending March 31, 2010. For further information, refer to the financial statements and footnotes thereto included in the Novo Energies Corporation annual report on Form 10-KSB for the year ended March 31, 2009.

Nature of Business

Novo Energies Corporation (“Novo”) is engaged in the development of green energy solutions. Novo is entering the business of transforming plastic and tire wastes into liquid fuel including but not limited to diesel, gasoline and fuel additives. It utilizes a process involving thermolysis and gasification among other technologies to produce low carbon fuels and fuel additives. Novo’s low capacity equipment can be installed near waste streams where there is a minimum of 15 tons/day plastic and/or tire waste.

Novo, formerly known as Atlantic Wine Agencies, Inc. (“Atlantic”) is organized under the laws of the State of Florida. Atlantic had vineyards and a winery in South Africa. The operations of Atlantic were spun-out to the stockholders in September 2008 and a change of control occurred on October 7, 2008. The Company changed its name to Novo Energies Corporation on June 8, 2009. The 2008 Financial Statements have been reclassified to give effect to the discontinued operations.

Going Concern

As indicated in the accompanying financial statements, the Company has incurred cumulative net operating losses of \$9,053,187 since inception and has negative working capital of \$270,451. Management’s plans include the raising of capital through equity markets to fund future operations and the generating of revenue through its business. Failure to raise adequate capital and generate adequate sales revenues could result in the Company having to curtail or cease operations. Additionally, even if the Company does raise sufficient capital to support its operating expenses and generate adequate revenues, there can be no assurances that the revenues will be sufficient to enable it to develop business to a level where it will generate profits and cash flows from operations. These matters raise substantial doubt about the Company’s ability to continue as a going concern. However, the accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. These financial statements do not include any adjustments relating to the recovery of

the recorded assets or the classification of the liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE B - CHANGE OF CONTROL

Lusierna Asset Management Ltd. (“Lusierna”) as agent for a group of shareholders obtained a controlling interest in the Company’s common shares. Lusierna is an affiliate of Antonio Treminio who became the Company’s new sole Director, President, Chief Executive Officer and Chief Financial Officer on October 7, 2008. Lusierna as agent for a group of shareholders obtained an interest in approximately 50% of the Company’s common stock pursuant to a stock purchase agreement between Lusierna and Sapphire Development Ltd., Crayson Properties, Ltd. and Fairhurst

Properties S.A. (“the Sellers”). Under the Share Purchase Agreement, the Sellers sold 2,310,086 shares of the Company’s common stock in exchange for \$200,000.

NOTE C - NEW ACCOUNTING PRONOUNCEMENTS

Effective January 1, 2009, the Company adopted Financial Accounting Standards Board’s (FASB) Statement No. 160 (FAS 160), “Noncontrolling Interests in Consolidated Financial Statements – an Amendment of ARB No. 51. “FAS 160 changed the accounting and reporting for minority interests, which will be recharacterized as noncontrolling interests and classified as a component of equity. FAS 160 required retrospective adoption of the presentation and disclosure requirements for existing minority interests. All other requirements of FAS 160 will be applied prospectively. The adoption of FAS 160 did not have a material impact on the Company’s financial statements.

In April 2009, the FASB issued FSP FAS 107-1 and APB 28-1, “Interim Disclosures about Fair Value of Financial Instruments.” This FASB Staff Position amends FASB Statement NO. 107, “Disclosures about Fair Value of Financial Instruments,” to require disclosures about fair value of financial instruments for interim reporting periods of publicly traded companies as well as in annual financial statements. This FASB Staff Position also amends APB Opinion No. 28, “Interim Financial Reporting,” to require certain disclosures in summarized financial information at interim reporting periods.

In April 2009, the FASB issued FSP FAS 157-4, “Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly.” This FASB Staff Position provides additional guidance for estimating fair value in accordance with FASB Statement No. 157, “Fair Value Measurements,” when the volume and level of activity for the asset or liability have significantly decreased. It also includes guidance on identifying circumstances that indicate a transaction is not orderly. This standard is effective for the Company for the quarter ended June 30, 2009 and does not have a material impact on its financial statements.

In May 2009, the FASB issued SFAS No. 165, Subsequent Events (“SFAS No. 165”), which provides guidance to establish general standards of accounting for and disclosures of events that occur after the balance sheet date but before financial statements are issued. SFAS No. 165 also requires entities to disclose the date through which subsequent events were evaluated as well as the rationale for why that date was selected. SFAS No. 165 is effective for interim and annual periods ending after June 15, 2009. The adoption of SFAS No. 165 did not have an impact on our financial position or results of operations. We evaluated all events or transactions that occurred after June 30, 2009 up through August 19, 2009, the date our financials were issued. During this period, we did not have any material recognizable subsequent events.

In June 2009, the FASB approved the FASB Accounting Standards Codification (the “Codification”) as the single source of authoritative nongovernmental U.S. GAAP. The Codification does not change current U.S. GAAP, but is intended to simplify user access to all authoritative U.S. GAAP by providing all the authoritative literature related to a particular topic in one place. All existing non-SEC accounting and reporting standards will be superseded and all other accounting literature not included in the Codification will be considered non-authoritative . The Codification is effective for interim and annual periods ending after September 15, 2009. We do not expect the adoption to have a material impact on our financial position, results of operations or cash flows.

NOTES TO FINANCIAL STATEMENTS

June 30, 2009 (Unaudited)

NOTE D - SIGNIFICANT ACCOUNTING POLICIES

Net Loss Per Common Share

The Company computes per share amounts in accordance with Statement of Financial Accounting Standards ("SFAS") No. 128, "Earnings per Share." Earnings per share (EPS) requires presentation of basic and diluted EPS. Basic EPS is computed by dividing the income (loss) available to Common Stockholders by the weighted-average number of common shares outstanding during the periods, however, no potential common shares are included in the computation of any diluted per share amounts when a loss from continuing operations exists. During the period ended June 30, 2009, unvested common shares in the amount of 7,316,668 issued for future consulting and employment contracts were excluded from the EPS calculation as they are not considered issued for accounting purposes.

NOTE E - USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE F - RELATED PARTY PAYABLE

At June 30, 2009, the related party payable of \$169,897 represents the unpaid salary to the Chief Executive Officer of \$100,000, unreimbursed travel expenses of \$5,000, expenses paid by the Chief Executive Officer on behalf of the company aggregating \$59,547, and expenses advanced by other shareholders in the amount of \$5,350. Additionally, included in accrued expenses is \$19,500 for unpaid rent payable to Lusierna Asset Management Ltd., a company controlled by the Chief Executive Officer.

NOTE G - STOCKHOLDERS' EQUITY

On May 1, 2009, the Company issued 3,000,000 shares of its common stock to the President of the Company in connection with his employment contract. The shares vest at the rate of 83,333 per month over a three year period. The shares were valued at \$0.10 per share. On July 10, 2009, we filed a Form 8-A with the U.S. Securities and Exchange Commission. By filing this form, the Company has elected to register its shares with the U.S. Securities and Exchange Commission pursuant to Section 12(b) or (g) of the Securities Exchange Act of 1934 in connection with Registration No. 333-63432 filed on September 25, 2001.

Edgar Filing: Novo Energies Corp - Form 10-Q/A

On July 15, 2009, the Company entered into an agreement with Moody to introduce potential investors. For its role, Moody shall receive a fee equal to \$8,000 worth of free trading common shares payable in four equal installments of \$2,000 per month and \$20,000 of the Company's restricted common shares payable in four equal installments of \$5,000 per month based on the closing bid price of the Company's common stock (NVNC) on the 3rd day of each month in four installments. The first installment of shares was due by the 9th of July and every thirty days thereafter until the balance is paid. In the event that Moody does not introduce the Company to at least 10 qualified investors prior to the time that the second installment hereunder is due, the Company shall not be required to issue the shares under the subsequent installments.

Upon receipt of the first term sheet from a responsible investor, Moody will be entitled to a bonus of 50,000 shares of the Company's restricted common stock. For the placement of common or preferred stock and any convertible/redeemable debt, Moody shall receive 10% of the principal amount raised at each closing.

Additionally, Moody shall receive 10% warrant coverage for any equity or sub-debt placed. The warrants shall be for five years and shall be exercisable at 10% above the offering price or conversion price and have piggyback registration rights. All warrants shall be covered in a separate warrant agreement.

On July 30, 2009, the Company formed its first wholly owned subsidiary -WTL Renewable Energy, Inc. ("WTL").

WTL was established as a Canadian Federal Corporation whose business plan is to plan, build, own, and operate renewable energy plants in Canada.

RESULTS OF OPERATIONS

As indicated in the accompanying financial statements, the Company has incurred cumulative net operating losses of \$9,053,187 since inception and has negative working capital of \$270,451. Management's plans include the raising of capital through equity markets to fund future operations and the generating of revenue through its business. Failure to raise adequate capital and generate adequate sales revenues could result in the Company having to curtail or cease operations. Additionally, even if the Company does raise sufficient capital to support its operating expenses and generate adequate revenues, there can be no assurances that the revenues will be sufficient to enable it to develop business to a level where it will generate profits and cash flows from operations. These matters raise substantial doubt about the Company's ability to continue as a going concern. However, the accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. These financial statements do not include any adjustments relating to the recovery of the recorded assets or the classification of the liabilities that might be necessary should the Company be unable to continue as a going concern.

Our general and administrative expenses decreased to \$126,578 for the three month period ended June 30, 2009 from \$237,539 for the three month period ended June 30, 2008. We have experienced a net loss of \$207,030, equal to a net loss per share of \$0.01, for the three month period ended June 30, 2009 as compared to a net loss of \$294,690, equal to a net loss per share of \$0.02, for the three month period ended June 30, 2008.

LIQUIDITY AND CAPITAL RESOURCES

In connection with our net loss of \$207,030 for the three months ended June 30, 2009, we had accrued expenses of \$89,920 and a related party payable of \$68,777.

At June 30, 2009, the related party payable of \$169,897 represents the unpaid salary to the Chief Executive Officer of \$100,000, unreimbursed travel expenses of \$5,000, expenses paid by the Chief Executive Officer on behalf of the company aggregating \$59,547, and expenses advanced by other shareholders in the amount of \$5,350.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, we evaluate our estimates, including those related to bad debts, income taxes and contingencies and litigation. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

Edgar Filing: Novo Energies Corp - Form 10-Q/A

Effective January 1, 2009, the Company adopted Financial Accounting Standards Board's (FASB) Statement No. 160 (FAS 160), "Noncontrolling Interests in Consolidated Financial Statements – an Amendment of ARB No. 51." FAS 160 changed the accounting and reporting for minority interests, which will be recharacterized as noncontrolling interests and classified as a component of equity. FAS 160 required retrospective adoption of the presentation and disclosure requirements for existing minority interests. All other requirements of FAS 160 will be applied prospectively. The adoption of FAS 160 did not have a material impact on the Company's financial statements.

In April 2009, the FASB issued FSP FAS 107-1 and APB 28-1, "Interim Disclosures about Fair Value of Financial Instruments." This FASB Staff Position amends FASB Statement NO. 107, "Disclosures about Fair Value of Financial Instruments," to require disclosures about fair value of financial instruments for interim reporting periods of publicly traded companies as well as in annual financial statements. This FASB Staff Position also amends APB Opinion No. 28, "Interim Financial Reporting," to require certain disclosures in summarized financial information at interim reporting

periods.

In April 2009, the FASB issued FSP FAS 157-4, “Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly.” This FASB Staff Position provides additional guidance for estimating fair value in accordance with FASB Statement No. 157, “Fair Value Measurements,” when the volume and level of activity for the asset or liability have significantly decreased. It also includes guidance on identifying circumstances that indicate a transaction is not orderly. This standard is effective for the Company for the quarter ended June 30, 2009 and does not have a material impact on its financial statements.

In May 2009, the FASB issued SFAS No. 165, Subsequent Events (“SFAS No. 165”), which provides guidance to establish general standards of accounting for and disclosures of events that occur after the balance sheet date but before financial statements are issued. SFAS No. 165 also requires entities to disclose the date through which subsequent events were evaluated as well as the rationale for why that date was selected. SFAS No. 165 is effective for interim and annual periods ending after June 15, 2009. The adoption of SFAS No. 165 did not have an impact on our financial position or results of operations. We evaluated all events or transactions that occurred after June 30, 2009 up through August 19, 2009, the date our financials were issued. During this period, we did not have any material recognizable subsequent events.

In June 2009, the FASB approved the FASB Accounting Standards Codification (the “Codification”) as the single source of authoritative nongovernmental U.S. GAAP. The Codification does not change current U.S. GAAP, but is intended to simplify user access to all authoritative U.S. GAAP by providing all the authoritative literature related to a particular topic in one place. All existing non-SEC accounting and reporting standards will be superseded and all other accounting literature not included in the Codification will be considered non-authoritative. The Codification is effective for interim and annual periods ending after September 15, 2009. We do not expect the adoption to have a material impact on our financial position, results of operations or cash flows.

Item 3. Quantitative and Qualitative Disclosure About Market Risk.

Item 4. Controls and Procedures

(a) Disclosure Controls and Procedures.

As of the end of the period covering this Form 10-Q, we evaluated the effectiveness of the design and operation of our “disclosure controls and procedures”. We conducted this evaluation under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer.

(i) Definition of Disclosure Controls and Procedures.

Disclosure controls and procedures are controls and other procedures that are designed with the objective of ensuring that information required to be disclosed in our periodic reports filed under the Exchange Act, such as this report, is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms. As defined by the SEC, such disclosure controls and procedures are also designed with the objective of ensuring that such information is accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer, in such a manner as to allow timely disclosure decisions.

(ii) Conclusions with Respect to Our Evaluation of Disclosure Controls and Procedures.

Edgar Filing: Novo Energies Corp - Form 10-Q/A

Our Chief Executive Officer and Chief Financial Officer determined that, as of the end of the period covered by this report, these controls and procedures are adequate and effective in alerting them in a timely manner to material information relating to us required to be included in our periodic SEC filings.

(b) Changes in Internal Controls.

There have been no changes in our internal controls over financial reporting that could significantly affect these controls subsequent to the date of their evaluation.
