## Section 1. Conflict Minerals Disclosure

### Item 1.01. Conflict Minerals Disclosure and Report

#### Conflict Minerals Disclosure

Olympic Steel, Inc. (the “*Company*,” “*we*,” “*us*,” or “*our*”) is filing this Form SD pursuant to Rule 13p-1 under the Securities Exchange Act of 1934 for the reporting period January 1, 2013 to December 31, 2013 (the “*Reporting Period*”).

Rule 13p-1, through Form SD, requires the disclosure of certain information if a company manufactures or contracts to manufacture products for which certain “conflict minerals” (as defined below) are necessary to the functionality or production of such products. Form SD defines “*conflict minerals*” as: (i)(a) columbite-tantalite (or coltan), (b) cassiterite, (c) gold and (d) wolframite, or their derivatives, which are currently limited to tantalum, tin and tungsten; or (ii) any other mineral or its derivatives determined by the U.S. Secretary of State to be financing conflict in the Democratic Republic of the Congo or an adjoining country (collectively, the “*Covered Countries*”). Our operations, including the operations of our consolidated subsidiaries, may at times manufacture products for which conflict minerals are necessary to the functionality or production of those products (collectively, our “*products*”). As required by Form SD, we have conducted a good faith reasonable country of origin inquiry (“*RCOI*”) regarding the conflict minerals included in our products during the Reporting Period, which we refer to as the “*Subject Minerals*,” to determine whether any of such Subject Minerals originated in the Covered Countries and/or whether any of the Subject Minerals may be from recycled or scrap sources. Where applicable, we have conducted additional due diligence regarding the sources of the Subject Minerals. The results of our RCOI regarding the Subject Minerals, as well as our additional due diligence regarding the sources of such Conflict Minerals, are contained in our Conflict Minerals Report, a copy of which is filed as Exhibit 1.01 to this Form SD, and is publicly available at [www.olysteel.com](http://www.olysteel.com). The content on, or accessible through, any web site referred to in this Form SD is not incorporated by reference into this Form SD unless expressly noted.
