ABOUT EAGLE BANCORP MONTANA, INC.

Eagle Bancorp Montana, Inc. is a Delaware corporation that holds 100.0% of the capital stock of Opportunity Bank of Montana (“the Bank”), formerly American Federal Savings Bank (“AFSB”). In 2014, the Company applied to the State of Montana to form an interim bank for the purpose of facilitating the conversion of AFSB from a federally chartered savings bank to a Montana-chartered commercial bank. Upon receiving required approvals of the Montana Division of Banking and Financial Institutions and the federal banking agencies for the conversion, the conversion became effective on October 14, 2014. Concurrent with the conversion, the Bank applied, and was approved, for membership in the Federal Reserve System of the Board of Governors. In connection with the conversion, AFSB changed its name to Opportunity Bank of Montana. As a result of the conversion, the Bank is now regulated by the Montana Division of Banking and Financial Institutions. As a Federal Reserve Board (“FRB”) member bank, its primary federal regulator is the FRB, and the Company is a registered bank holding company regulated by the FRB.

The Bank was founded in 1922 as a Montana-chartered building and loan association and has conducted operations in Helena since that time. In 1975, the Bank adopted a federal thrift charter and in October 2014 converted to a Montana-chartered commercial bank. On November 30, 2012, the Company completed a significant transaction with Sterling Financial Corporation (“Sterling”) of Spokane, Washington in which the Company purchased all of Sterling’s retail bank branches in Montana. As a result of this transaction, the Bank’s assets grew to over \$500 million and the retail branch network grew from six to 13 full service branches, with six branches in new markets. The acquisition also included the addition of a wealth management division with over \$100 million in managed assets and a mortgage banking operation that has increased opportunities for additional origination and fee income. The Bank currently has 15 automated teller machines located in our market areas and we participate in the Money Pass® ATM network. As of December 31, 2016, the Bank was the 6th largest commercial bank headquartered in Montana in terms of deposits.

The Company is headquartered at 1400 Prospect Avenue, Helena, Montana, 59601. Investor information for the Company may be found at www.opportunitybank.com. The contents on or accessible through, our website are not incorporated into this prospectus.

RISK FACTORS

An investment in our securities involves risks. We urge you to carefully consider all of the information contained in or incorporated by reference in this prospectus and other information which may be incorporated by reference in this prospectus or any prospectus supplement as provided under “Incorporation of Certain Information by Reference,” including our Annual Reports on Form 10-K and our Quarterly Reports on Form 10-Q. This prospectus also contains forward-looking statements that involve risks and uncertainties. Please read “Forward-Looking Statements.” Our actual

results could differ materially from those anticipated in the forward-looking statements as a result of certain factors, including the risks described elsewhere in this prospectus or any prospectus supplement and in the documents incorporated by reference into this prospectus or any prospectus supplement. If any of these risks occur, our business, financial condition or results of operation could be adversely affected.

USE OF PROCEEDS

Unless we inform you otherwise in the applicable prospectus supplement, we may use the net proceeds from the sale of the offered securities for various business purposes, including strategic acquisitions, capital expenditures, working capital, the repurchase and redemption of our securities and other general corporate purposes. From time to time, we may invest any such proceeds in short-term marketable securities. We may elect to use the proceeds from the sale of the offered securities to acquire assets and businesses in our industry that from time to time become available to us provided that such acquisitions are deemed to be in the best interests of our Company and our stockholders by our board of directors.

Table of Contents

DESCRIPTION OF CAPITAL STOCK

The following is a description of our capital stock and a summary of the rights of our stockholders and provisions pertaining to indemnification of our directors and officers. You should also refer to our Amended and Restated Certificate of Incorporation and Bylaws, which are incorporated by reference in this prospectus, and to Delaware law.

General

The Company has an authorized capitalization of 9,000,000 shares of capital stock, consisting of 8,000,000 shares of common stock, par value \$0.01 per share, and 1,000,000 shares of undesignated preferred stock, no par value. As of February 1, 2017, we have a total of 64,268 shares of our common stock reserved and remaining to be issued for grants of options and restricted stock awards under our stock plans. As of February 1, 2017, there were 3,811,409 shares of common stock, and no shares of preferred stock outstanding. As of such date, there were 890 holders of record of common stock.

Common Stock

Subject to the prior or special rights of holders of shares of preferred stock:

Dividends. The holders of shares of common stock are entitled to any dividends that may be declared by our board of directors out of legally available funds;

Liquidation, Dissolution or Winding Up. In the event of a liquidation, dissolution or winding up of the Company, the holders of shares of our common stock are entitled upon liquidation to share ratably in all assets remaining after payment of liabilities and the satisfaction of the liquidation preferences of any outstanding shares of preferred stock;

Redemption. The holders of shares of our common stock are not subject to, or entitled to the benefits of, any redemption or sinking fund provision;

Conversion. No holder of common stock has the right to convert or exchange any such shares with or into any other shares of capital stock of the Company;

Preemptive Rights. No holder of common stock has preemptive rights; and

Voting. Each share of common stock entitles the holder thereof to one vote, in person or by proxy, on all matters submitted to a vote of stockholders generally. Voting is non-cumulative. The outstanding shares of our common stock are fully paid and non-assessable. Except as specifically provided in the Delaware General Corporation Law (the “DGCL”) or in the Company’s certificate of incorporation or bylaws, the affirmative vote required for stockholder action shall be that of a majority of the shares present in person or represented by proxy at the meeting (as counted for purposes of determining the existence of a quorum at the meeting). Directors are elected by a plurality of the votes cast in the election.

Preferred Stock

The following description of the terms of the preferred stock sets forth the general terms and provisions of the preferred stock to which any prospectus supplement may relate. Other terms of any series of the preferred stock offered by any prospectus supplement will be described in that prospectus supplement. The description of the provisions of the preferred stock set forth below and in any applicable prospectus supplement does not purport to be complete and is subject to and qualified in its entirety by reference to our amended and restated certificate of incorporation and the certificate of designations relating to each series of the preferred stock. The certificate of designations will be filed with the Commission and incorporated by reference in the registration statement of which this prospectus is a part at or prior to the time of the issuance of each new series of preferred stock.

Table of Contents

The preferred stock may be issued from time to time by our board of directors as shares of one or more classes or series. Subject to the provisions of our amended and restated certificate of incorporation and limitations prescribed by law, our board of directors is expressly authorized to adopt resolutions to issue the shares, to fix the number of shares, to change the number of shares constituting any series and to provide for or change the voting powers, designations, preferences and relative, participating, optional or other special rights, qualifications, limitations or restrictions thereof, including dividend rights (including whether dividends are cumulative), dividend rates, terms of redemption (including sinking fund provisions), redemption prices, conversion rights and liquidation preferences of the shares constituting any class or series of the preferred stock, in each case without any action or vote by the holders of common stock.

The issuance of shares of preferred stock, or the issuance of rights to purchase shares of preferred stock, could be used to discourage an unsolicited acquisition proposal. For instance, the issuance of a series of preferred stock might impede a business combination by including class voting rights that would enable the holders to block such a transaction; or the issuance might facilitate a business combination by including voting rights that would provide a required percentage vote of the stockholders. In addition, under some circumstances, the issuance of preferred stock could adversely affect the voting power of the holders of the common stock. Although our board of directors is required to make any determination to issue preferred stock based on its judgment as to the best interests of our stockholders, the board of directors could act in a manner that would discourage an acquisition attempt or other transaction that some or a majority of the stockholders might believe to be in their best interests or in which stockholders might receive a premium for their stock over the then market price of the stock. The board of directors does not currently intend to seek stockholder approval prior to any issuance of currently authorized stock, unless otherwise required by law or the rules of any market on which our securities are traded.

The preferred stock shall have the dividend, liquidation, redemption and voting rights set forth in a prospectus supplement relating to the particular series of the preferred stock. Reference is made to the prospectus supplement relating to the particular series of the preferred stock offered by the prospectus supplement for specific terms, including:

the designation and stated value per share of such preferred stock and the number of shares offered;

the amount of liquidation preference per share;

the initial public offering price at which the preferred stock will be issued;

the dividend rate or method of calculation, the dates on which dividends shall be payable, the form of dividend payment and the dates from which dividends shall begin to cumulate, if any;

any redemption or sinking fund provisions;

any conversion or exchange rights; and

any additional voting, dividend, liquidation, redemption, sinking fund and other rights, preferences, privileges, limitations and restrictions.

The preferred stock will, when issued, be fully paid and nonassessable and new series of preferred stock will not have preemptive rights. The rights of the holders of each series of the preferred stock will be subordinate to the rights of our general creditors.

Certain Anti-Takeover Effects of Certain Provisions of the Company's Amended and Restated Certificate of Incorporation, Bylaws and the Delaware General Corporation Law

The following discussion is a general summary of the material provisions of Eagle's Amended and Restated Certificate of Incorporation and Bylaws and certain other regulatory provisions that may be deemed to have an "anti-takeover" effect. The following description of certain of these provisions is necessarily general and reference should be made in each case to the actual document or regulatory provision in question.

Table of Contents

Eagle's Amended and Restated Certificate of Incorporation and Bylaws

Eagle's Amended and Restated Certificate of Incorporation and Bylaws contain a number of provisions relating to corporate governance and rights of stockholders that might discourage future takeover attempts. As a result, stockholders who might desire to participate in such transactions may not have an opportunity to do so. In addition, these provisions will also render the removal of the board of directors or management of Eagle more difficult.

Prohibition of Cumulative Voting. The Amended and Restated Certificate of Incorporation prohibits cumulative voting for the election of directors.

Restrictions on Removing Directors from Office. The Amended and Restated Certificate of Incorporation provides that directors may be removed only for cause, and only by the affirmative vote of the holders of at least 80% of the voting power of all of our then-outstanding common stock entitled to vote.

Authorized but Unissued Shares. Eagle has authorized but unissued shares of common and preferred stock. Eagle is authorized to issue preferred stock from time to time in one or more series subject to applicable provisions of law, and the board of directors is authorized to fix the designations, and relative preferences, limitations, voting rights, if any, including without limitation, offering rights of such shares (which could be multiple or as a separate class). In the event of a proposed merger, tender offer or other attempt to gain control of Eagle that the board of directors does not approve, it might be possible for the board of directors to authorize the issuance of a series of preferred stock with rights and preferences that would impede the completion of the transaction. An effect of the possible issuance of preferred stock therefore may be to deter a future attempt to gain control of Eagle. The board of directors has no present plan or understanding to issue any preferred stock.

Amendments to Amended and Restated Certificate of Incorporation and Bylaws. Amendments to the Amended and Restated Certificate of Incorporation must be approved by our board of directors and also by at least a majority of the outstanding shares of our voting stock; provided, however, that approval by at least 80% of the outstanding voting stock is generally required to amend the following provisions:

- (i) the applicability of Section 203 of the Delaware General Corporation Law;
- (ii) the division of the board of directors into three classes;

- (iii) the limitation on voting rights of persons who directly or indirectly beneficially own more than 10% of the outstanding shares of common stock;
- (iv) the indemnification of current and former directors and officers by Eagle;
- (v) the requirement of an 80% stockholder approval for business combination transactions with interested stockholders;
- (vi) the prohibition of stockholder action by written consent;
- (vii) the requirement that the holders of at least 80% of the outstanding shares of common stock must vote to remove directors, and can only remove directors for cause;
- (viii) the limitation of liability of officers and directors to Eagle for money damages; and
- (ix) the provision of the Amended and Restated Certificate of Incorporation requiring approval of at least 80% of the outstanding voting stock to amend the provisions of the Amended and Restated Certificate of Incorporation provided in (i) through (viii) of this list.

The Amended and Restated Certificate of Incorporation also provides that certain bylaws may be amended by the affirmative vote of a majority of our directors or by the stockholders and that specified provisions in the Bylaws may only be amended by the stockholders by the affirmative vote of at least 80% of the total votes eligible to be voted at a duly constituted meeting of stockholders. Any amendment of this supermajority requirement for amendment of the Bylaws would also require the approval of 80% of the outstanding voting stock.

Table of Contents

Stockholder Vote Required to Approve Business Combinations with Principal Shareholders. The Amended and Restated Certificate of Incorporation of Eagle requires the approval of the holders of at least 80% of Eagle's outstanding shares of voting stock to approve certain "Business Combinations," as defined therein, and related transactions. Under Delaware law, absent this provision, Business Combinations, including mergers, consolidations and sales of all or substantially all of the assets of a corporation must, subject to certain exceptions, be approved by the vote of the holders of only a majority of the outstanding shares of common stock of Eagle and any other affected class of stock. Under the Amended and Restated Certificate of Incorporation, at least 80% approval of stockholders is required in connection with any transaction involving an interested stockholder (as defined below) except (i) in cases where the proposed transaction has been approved in advance by a majority of those members of Eagle's board of directors who are unaffiliated with the interested stockholder and were directors prior to the time when the interested stockholder became an interested stockholder or (ii) if the proposed transaction meets certain conditions set forth in the Amended and Restated Certificate of Incorporation, which are designed to afford the stockholders a fair price in consideration for their shares in which case, if a stockholder vote is required, approval of only a majority of the outstanding shares of voting stock would be sufficient.

The term "interested stockholder" is defined to include any individual, corporation, partnership or other entity (other than Eagle or its subsidiary) which owns beneficially or controls, directly or indirectly, 15% or more of the outstanding shares of voting stock of Eagle. This provision of the Amended and Restated Certificate of Incorporation applies to any "Business Combination," which is defined to include (i) any merger, consolidation or share exchange of Eagle or any of its subsidiaries with or into any interested stockholder or affiliate of an interested stockholder; (ii) any sale, lease, exchange, mortgage, pledge, transfer, or other disposition to or with any interested stockholder or affiliate of assets of Eagle having an aggregate market value of 10% or more of either the aggregate market value of the total consolidated assets of Eagle or the aggregate market value of the outstanding stock of Eagle; (iii) the issuance or transfer to any interested stockholder or its affiliate by Eagle (or any subsidiary) of any securities of Eagle subject to certain exceptions; (iv) the adoption of any plan for the liquidation or dissolution of Eagle proposed by or on behalf of any interested stockholder or affiliate thereof; (v) any reclassification of securities, recapitalization, merger or consolidation of Eagle which has the effect of increasing the proportionate share of outstanding shares of common stock or any class of equity or convertible securities of Eagle owned directly or indirectly by an interested stockholder or affiliate thereof; (vi) any transaction involving Eagle or any subsidiary that has the effect of increasing the proportionate share of the stock of any class or securities convertible into stock of any class or series owned by the interested stockholder except for immaterial changes due to fractional share adjustments or as a result of stock repurchases not caused by the interested stockholder; and (vii) any receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through Eagle or any subsidiary.

Our board of directors believes that the provisions described above or below are prudent and will reduce our vulnerability to takeover attempts and certain other transactions that have not been negotiated with and approved by our board of directors. Our board of directors believes these provisions are in the best interests of Eagle and its stockholders. Our board of directors believes that it will be in the best position to determine the true value of Eagle and to negotiate more effectively for what may be in the best interests of its stockholders. Accordingly, our board of directors believes that it is in the best interests of Eagle and its stockholders to encourage potential acquirers to negotiate directly with the board of directors and that these provisions will encourage such negotiations and discourage hostile takeover attempts. It is also the view of our board of directors that these provisions should not discourage persons from proposing a merger or other transaction at a price reflective of the true value of Eagle and

that is in the best interests of all stockholders.

Takeover attempts that have not been negotiated with and approved by our board of directors present the risk of a takeover on terms that may be less favorable than might otherwise be available. A transaction that is negotiated and approved by our board of directors, on the other hand, can be carefully planned and undertaken at an opportune time in order to obtain maximum value of Eagle for our stockholders, with due consideration given to matters such as the management and business of the acquiring corporation and maximum strategic development of Eagle's assets.

Despite our belief as to the benefits to stockholders of these provisions of Eagle's Amended and Restated Certificate of Incorporation and Bylaws, these provisions may also have the effect of discouraging a future takeover attempt that would not be approved by our board of directors, but pursuant to which stockholders may receive a substantial premium for their shares over then current market prices. As a result, stockholders who might desire to participate in such a transaction may not have any opportunity to do so. Such provisions will also make it more difficult to remove our board of directors and management. Our board of directors, however, has concluded that the potential benefits outweigh the possible disadvantages.

Table of Contents

Pursuant to applicable law and, if required, following the approval by stockholders, we may adopt additional anti-takeover provisions in our Amended and Restated Certificate of Incorporation or other devices regarding the acquisition of our equity securities that would be permitted for a Delaware business corporation.

The cumulative effect of the restrictions on acquisition of Eagle contained in our Amended and Restated Certificate of Incorporation and Bylaws and in Delaware law may be to discourage potential takeover attempts and perpetuate incumbent management, even though certain stockholders of Eagle may deem a potential acquisition to be in their best interests, or deem existing management not to be acting in their best interests.

Delaware Corporate Law

In addition, the state of Delaware has a statute designed to provide Delaware corporations, such as Eagle, with additional protection against hostile takeovers. The takeover statute, which is codified in Section 203 of the Delaware General Corporation Law is intended to discourage certain takeover practices by impeding the ability of a hostile acquiror to engage in certain transactions with the target company.

In general Section 203 provides that a “Person” who owns 15% or more of the outstanding voting stock of a Delaware corporation (referred to in Section 203 as an “Interested Shareholder”) may not consummate a merger or other business combination transaction with such corporation at any time during the three-year period following the date such “Person” became an Interested Shareholder. The term “business combination” is defined broadly to cover a wide range of corporate transactions including mergers, sales of assets, issuances of stock, transactions with subsidiaries and the receipt of disproportionate financial benefits.

The statute exempts the following transactions from the requirements of Section 203: (i) any business combination if, prior to the date a person became an Interested Shareholder, the board of directors approved either the business combination or the transaction which resulted in the shareholder becoming an Interested Shareholder; (ii) any business combination involving a person who acquired at least 85% of the outstanding voting stock in the transaction in which he became an Interested Shareholder, with the number of shares outstanding calculated without regard to those shares owned by the corporation’s directors who are also officers and by certain employee stock plans; (iii) any business combination with an Interested Shareholder that is approved by the board of directors and by a two-thirds vote of the outstanding voting stock not owned by the Interested Shareholder; and (iv) certain business combinations that are proposed after the corporation had received other acquisition proposals and which are approved or not opposed by a majority of certain continuing members of the board of directors. A corporation may exempt itself from the requirements of the statute by adopting an amendment to its certificate of incorporation or bylaws electing not to be governed by Section 203. At the present time, the board of directors does not intend to propose any such amendment.

Bank Regulatory Requirements

The Bank Holding Company Act requires any “bank holding company,” as defined in the Bank Holding Company Act, to obtain the approval of the FRB before acquiring 5% or more of our common stock. Any person, other than a bank holding company, is required to obtain the approval of the FRB before acquiring 25% or more of our voting stock and in certain circumstances, more than 10% of our voting stock. Under the Federal Change in Bank Control Act (the “Control Act”), a 60 day prior written notice must be submitted to the FRB if any person, or any group acting in concert, seeks to acquire 10% or more of any class of outstanding voting securities of a bank holding company, unless the FRB determines that the acquisition will not result in a change of control. Under the Control Act, the FRB has 60 days within which to act on such notice taking into consideration certain factors, including the financial and managerial resources of the acquirer, the convenience and needs of the community served by the bank holding company and its subsidiary banks and the antitrust effects of the acquisition.

Indemnification of Directors and Officers

Delaware General Corporation Law. Consistent with Section 145(a) of the DGCL, Eagle may indemnify and, in certain cases, must indemnify, any person who was or is made a party to any action by reason of the fact that he is or was a director, officer, employee or agent of the Company, or is or was serving at the request of Eagle as a director, officer, employee or agent of another corporation, (1) in the case of a non-derivative action, against judgments, fines, amounts paid in settlement, and reasonable expenses (including attorneys’ fees) incurred by him as a result of such action, and (2) in the case of a derivative action, against expenses (including attorneys’ fees), if in either type of action he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company.

Table of Contents

This indemnification does not apply, (1) in a derivative action, to matters as to which it is adjudged that the director, officer, employee or agent is liable to Eagle, unless upon court order it is determined that, in view of all the circumstances of the case and despite such adjudication of liability, he is fairly and reasonably entitled to indemnity for expenses, and (2) in a non-derivative action, to any criminal proceeding in which such person had reasonable cause to believe his conduct was unlawful.

Amended and Restated Certificate of Incorporation. Our Amended and Restated Certificate of Incorporation provides that a director of Eagle shall not be personally liable to Eagle or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (1) for any breach of the director's duty of loyalty to Eagle or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) under Section 174 of the DGCL or (4) for any transaction from which the director derived an improper personal benefit. Additionally, the Amended and Restated Certificate of Incorporation provides that Eagle will indemnify to the fullest outlined in the Bylaws.

Bylaws. Our Bylaws generally provide for indemnification, to the fullest extent authorized by the DGCL, of its officers and directors and persons serving at the request of Eagle in such capacities for other business organizations against all expenses (including attorneys' fees, judgments, fines and amounts paid in settlement) actually and reasonably incurred by reason of his position with Eagle or such other business organizations. In addition, the Bylaws provide that Eagle may provide indemnification to employees and agents of Eagle.

Insurance; Indemnification Agreements. The Company maintains directors' and officers' liability insurance which provides for payment, on behalf of the directors and officers of the Company and its subsidiaries, of certain losses of such persons (other than matters uninsurable under law) arising from claims, including claims arising under the Securities Act, for acts or omissions by such persons while acting as directors or officers of the Company and/or its subsidiaries, as the case may be.

The Company has entered into indemnification agreements with its directors and its chief executive officer. Generally, such agreements provide that the Company will indemnify the director or officer against any expenses or liabilities incurred in connection with any proceeding in which the director or officer may be involved as a party or otherwise, by reason of the fact that the director or officer is or was a director or officer of the Company or the Bank or by any reason of any action taken by or omitted to be taken by the director or officer while acting as an officer or director of the Company or the Bank or while serving as a director or officer of the Company or the Bank is or was serving or has agreed to serve on behalf of or at the request of the Company or the Bank as a director, officer, employee, or agent of another corporation or partnership, joint venture, trust, or other enterprise. However, the indemnification agreement and the rights and obligations of the parties thereto are subject to the requirements, limitations, and prohibitions of state and federal statutes, rules, regulations, and orders regarding indemnification and prepayment of expenses, legal or otherwise, and liabilities, including, without limitation, section 145 of the DGCL, the DGCL, section 18(k) of the Federal Deposit Insurance Act, and Part 359 of the Federal Deposit Insurance Corporation's Rules and Regulations and any successor regulations thereto. Each director and officer has undertaken to repay the Company for any costs or

expenses paid by the Company if it is ultimately determined that the director or officer is not entitled to indemnification under the indemnification agreements.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the Company pursuant to the foregoing provisions, the Company has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

through a combination of any of these methods

A distribution of the securities offered by this prospectus may also be effected through the issuance of derivative securities, including without limitation, warrants, subscriptions, exchangeable securities, forward delivery contracts and the writing of options.

In addition, the manner in which we may sell some or all of the securities covered by this prospectus, include, without limitation, through:

purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;

ordinary brokerage transactions and transactions in which a broker solicits purchasers; or

privately negotiated transactions.

In addition, we may enter into derivative or hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. In connection with such a transaction, the third

parties may sell the applicable securities covered by and pursuant to this prospectus and an applicable prospectus supplement or pricing supplement, as the case may be. If so, the third party may use securities borrowed from us or others to settle such sales and may use securities received from us to close out any related short positions. We may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement or pricing supplement, as the case may be.

A prospectus supplement with respect to each offering of securities will state the terms of the offering of the securities, including:

the name or names of any underwriters or agents and the amounts of securities underwritten or purchased by each of them, if any;

any delayed delivery arrangements;

any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation;

Table of Contents

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchange or markets on which the securities may be listed.

The offer and sale of the securities described in this prospectus by us, the underwriters or the third parties described above may be effected from time to time in one or more transactions, including privately negotiated transactions, either:

at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to the prevailing market prices; or

at negotiated prices.

General

Any public offering price and any discounts, commissions, concessions or other items constituting compensation allowed or reallocated or paid to underwriters, dealers, agents or remarketing firms may be changed from time to time. The underwriters, dealers, agents and remarketing firms that participate in the distribution of the offered securities may be “underwriters” as defined in the Securities Act. Any discounts or commissions they receive from us and any profits they receive on the resale of the offered securities may be treated as underwriting discounts and commissions under the Securities Act. We will identify any underwriters, agents or dealers and describe their commissions, fees or discounts in the applicable prospectus supplement or pricing supplement, as the case may be.

We and other persons participating in the sale or distribution of the securities will be subject to applicable provisions of the Securities Act, and the rules and regulations thereunder, including Regulation M. This regulation may limit the timing of purchases and sales of any of the securities by us or any other person. The anti-manipulation rules under the Securities Act may apply to sales of securities in the market and to the activities of us and our affiliates. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution for a period of up to five business days before the distribution. These restrictions may affect the marketability of the securities and the ability of any person or entity to engage in market-making activities with respect to the securities. We are not restricted as to the price or prices at which it may sell the securities. Sales of such securities may have an adverse effect on the market price of the

securities. Moreover, it is possible that a significant number of shares of common stock could be sold at the same time, which may have an adverse effect on the market price of the securities.

Underwriters and Agents

If underwriters are used in a sale, they will acquire the offered securities for their own account. The underwriters may resell the offered securities in one or more transactions, including negotiated transactions. These sales may be made at a fixed public offering price or prices, which may be changed, at market prices prevailing at the time of the sale, at prices related to such prevailing market price or at negotiated prices. We may offer the securities to the public through an underwriting syndicate or through a single underwriter. The underwriters in any particular offering will be mentioned in the applicable prospectus supplement or pricing supplement, as the case may be.

Unless otherwise specified in connection with any particular offering of securities, the obligations of the underwriters to purchase the offered securities will be subject to certain conditions contained in an underwriting agreement that we will enter into with the underwriters at the time of the sale to them. The underwriters will be obligated to purchase all of the securities of the series offered if any of the securities are purchased, unless otherwise specified in connection with any particular offering of securities. Any initial offering price and any discounts or concessions allowed, reallocated or paid to dealers may be changed from time to time.

Table of Contents

We may designate agents to sell the offered securities. Unless otherwise specified in connection with any particular offering of securities, the agents will agree to use their best efforts to solicit purchases for the period of their appointment. We may also sell the offered securities to one or more remarketing firms, acting as principals for their own accounts or as agents for us. These firms will remarket the offered securities upon purchasing them in accordance with a redemption or repayment pursuant to the terms of the offered securities. A prospectus supplement or pricing supplement, as the case may be, will identify any remarketing firm and will describe the terms of its agreement, if any, with us and its compensation.

In connection with offerings made through underwriters or agents, we may enter into agreements with such underwriters or agents pursuant to which we receive our outstanding securities in consideration for the securities being offered to the public for cash. In connection with these arrangements, the underwriters or agents may also sell securities covered by this prospectus to hedge their positions in these outstanding securities, including in short sale transactions. If so, the underwriters or agents may use the securities received from us under these arrangements to close out any related open borrowings of securities.

Dealers

We may sell the offered securities to dealers as principals. We may negotiate and pay dealers' commissions, discounts or concessions for their services. The dealer may then resell such securities to the public either at varying prices to be determined by the dealer or at a fixed offering price agreed to with us at the time of resale. Dealers engaged by us may allow other dealers to participate in resales.

Direct Sales

We may choose to sell the offered securities directly. In this case, no underwriters or agents would be involved.

Institutional Purchasers

We may authorize agents, dealers or underwriters to solicit certain institutional investors to purchase offered securities on a delayed delivery basis pursuant to delayed delivery contracts providing for payment and delivery on a specified future date. The applicable prospectus supplement or pricing supplement, as the case may be, will provide the details of any such arrangement, including the offering price and commissions payable on the solicitations.

We will enter into such delayed contracts only with institutional purchasers that we approve. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions.

Indemnification; Other Relationships

We may have agreements with agents, underwriters, dealers and remarketing firms to indemnify them against certain civil liabilities, including liabilities under the Securities Act. Agents, underwriters, dealers and remarketing firms, and their affiliates, may engage in transactions with, or perform services for, us in the ordinary course of business. This includes commercial banking, treasury services and investment banking transactions.

Market-Making, Stabilization and Other Transactions

There is currently no market for any of the offered securities, other than our shares common stock which are listed on the Nasdaq Global Market. If the offered securities are traded after their initial issuance, they may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar securities and other factors. While it is possible that an underwriter could inform us that it intends to make a market in the offered securities, such underwriter would not be obligated to do so, and any such market-making could be discontinued at any time without notice. Therefore, no assurance can be given as to whether an active trading market will develop for the offered securities. We have no current plans for listing of the preference shares or warrants on any securities exchange or quotation system; any such listing with respect to any particular preference shares or warrants will be described in the applicable prospectus supplement or pricing supplement, as the case may be.

Table of Contents

In connection with any offering of shares of common stock, preference shares or securities that provide for the issuance of shares of our common stock upon conversion, exchange or exercise, as the case may be, the underwriters may purchase and sell shares of common or preference shares in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of shares of common stock in excess of the number of shares to be purchased by the underwriters in the offering, which creates a syndicate short position. "Covered" short sales are sales of shares made in an amount up to the number of shares represented by the underwriters' over-allotment option. In determining the source of shares to close out the covered syndicate short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option. Transactions to close out the covered syndicate short involve either purchases of shares of common stock in the open market after the distribution has been completed or the exercise of the over-allotment option. The underwriters may also make "naked" short sales of shares in excess of the over-allotment option. The underwriters must close out any naked short position by purchasing shares of common stock in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of shares in the open market while the offering is in progress for the purpose of pegging, fixing or maintaining the price of the securities.

In connection with any offering, the underwriters may also engage in penalty bids. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

Fees and Commissions

In compliance with the guidelines of the Financial Industry Regulatory Authority ("FINRA"), the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of any offering pursuant to this prospectus and any applicable prospectus supplement or pricing supplement, as the case may be; however, it is anticipated that the maximum commission or discount to be received in any particular offering of securities will be significantly less than this amount.

If more than 10% of the net proceeds of any offering of securities made under this prospectus will be received by FINRA members participating in the offering or affiliates or associated persons of such FINRA members, the offering will be conducted in accordance with FINRA Rule 5110(h).

LEGAL MATTERS

Unless otherwise specified in a prospectus supplement accompanying this prospectus, the validity of the securities offered by this prospectus will be passed upon by Nixon Peabody LLP, Washington, D.C. Any underwriters will be advised about legal matters by their own counsel, which will be named in a prospectus supplement to the extent required by law.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement: (i) to include any prospectus required by Section 10(a)(3) of the Securities Act; (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, however, that (A) paragraphs (1)(i) and (1)(ii) above do not apply if the registration statement is on Form S-8, and the information required to be included in a post-effective amendment by (1)(i) and (1)(ii) is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement; and (B) paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if the registration statement is on Form S-3 or Form F-3, and the information required to be included in a post-effective amendment by (1)(i), (1)(ii) and (1)(iii) is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

Provided further, however, that paragraphs (1)(i) and (1)(ii) above do not apply if the registration statement is for an offering of asset-backed securities on Form S-1 or Form S-3, and the information required to be included in a post-effective amendment is provided pursuant to Item 1100I of Regulation AB.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
