### **Additional Information Relating to Our Registered Public Accountants**

On March 16, 2018, the Company informed its independent registered public accounting firm, KPMG LLP (“KPMG”), that at the direction of the Audit Committee of the Board of Directors, the Company would be soliciting proposals for the provision of auditing services for the year ending December 31, 2018. KPMG has served as the Company’s auditor since 1988. On March 20, 2018, KPMG informed the Company that it would not submit a proposal for future auditing

services to the Company. For that reason, KPMG also informed the Company that it declined to stand for reappointment as the Company's independent registered public accountant. KPMG informed the Company that it will continue to perform services for the Company as its independent registered public accounting firm in connection with the quarter ending March 31, 2018.

---

Neither of KPMG's audit reports on the Company's consolidated financial statements for the two years ended December 31, 2016 and December 31, 2017 contained an adverse opinion or a disclaimer of opinion, nor was either of those reports qualified or modified as to uncertainty, audit scope or accounting principles. In addition, at no time during the two years ended December 31, 2016 and December 31, 2017, or the subsequent interim period through March 20, 2018, were there any disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreement(s), if not resolved to the satisfaction of KPMG, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its reports. As previously disclosed in Item 9A of the Company's Annual Report on Form 10-K for the year ended December 31, 2016, as filed with the Securities and Exchange Commission (the "SEC") on March 13, 2017, during the fourth quarter of 2016 management of the Company identified a material weakness in internal control related to operating effectiveness of the Company's control over the assessment of the appropriateness of loan grades used in the allowance for loan losses estimate, including the completeness and accuracy of the information used to assess the loan grades. As disclosed in Item 9A of the Company's Annual Report on Form 10-K for the year ended December 31, 2017, as filed with the SEC on March 13, 2018, during the fourth quarter of 2017 management successfully completed testing necessary to conclude the material weakness had been remediated. No other "reportable events" as such term is defined in Item 304(a)(1)(v) of Regulation S-K have occurred during the two prior years or the subsequent interim period through March 20, 2018.

Representatives of KPMG are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.
