SECTION 1 – REGISTRANT’S BUSINESS AND OPERATIONS

Item 2.01 Completion of Acquisition or Disposition of Assets.

Item 3.02 Unregistered Sales of Equity Securities.

On March 26, 2015, Pervasip Corp. (the “Company”) executed a securities purchase agreement (the “Agreement”) with Flux Carbon Corporation (the “Buyer”), pursuant to which the Company acquired from Buyer 90% of the issued and outstanding equity of Canalytix LLC in consideration of the issuance by the Company of 1,000,000,000 shares of common stock, par value \$0.00001 (the “Common Stock”), and 100,000 shares of Series H preferred stock, par value \$0.00001 (the “Series H Preferred Stock”) of the Company.

The sale of 1,000,000,000 shares of Common Stock to the Buyer gives the Buyer a 25% ownership stake in the Common Stock of the Company, which now has 3,924,059,321 shares of Common Stock outstanding.

The sale of 100,000 shares of the Series H Preferred Stock gives the Buyer an additional 10% of the voting power and equity in the Company.

The aforementioned securities were issued in reliance on an exemption from the registration requirements of the Securities Act of 1933, as amended (the “Act”) for the private placement of securities pursuant to Section 4(2) of the Act on the basis that their issuance did not involve a public offering, no underwriting fees or commissions were paid by the Company in connection with such sale, and the Buyer represented to the Company that it was an “accredited investor,” as defined in the Act.

Item 5.03 Amendment to Certificate of Incorporation

On March 19, 2015 the Company filed a certificate of amendment of its certificate of incorporation in which the Board of Directors designated the Series H Preferred Stock from the Company’s previously authorized preferred stock with a par value per share of \$0.00001. The number of shares of Series H Preferred Stock was set at 800,000 shares. Shares of Series H Preferred Stock have conversion rights into shares of Common Stock. The number of shares of Common Stock to which a holder of Series H Preferred Stock shall be entitled upon a Conversion shall equal the product obtained by (a) multiplying the number of fully-diluted Common Shares by four (4), then (b) multiplying the result by a fraction, the numerator of which will be the number of shares of Series H Preferred Stock being converted and the denominator of which will be the number of authorized shares of Series H Preferred Stock.

Each share of Series H Preferred Stock shall entitle the holder thereof, on all matters submitted to a vote of the stockholders of the Corporation, to that number of votes as shall be equal to the aggregate number of shares of Common Stock into which such holder's shares of Series H Preferred Stock are convertible on the record date for the

stockholder action.

In the event that the Corporation's Board of Directors declares a dividend payable to holders of any class of stock, the holder of each share of Series H Preferred Stock shall be entitled to receive a dividend equal in amount and kind to that payable to the holder of the number of shares of the Company's Common Stock into which that holder's Series H Preferred Stock could be converted on the record date for the dividend.

Upon the liquidation, dissolution and winding up of the Corporation, the holders of the Series H Preferred Stock shall be entitled to receive in cash out of the net assets of the Corporation, whether from capital or from earnings available for distribution to its stockholders, before any amount shall be paid to the holders of common stock or to the holders of any other class or series of equity stock, an amount equal to eighty percent (80%) of said net assets multiplied by a fraction, the numerator of which shall be the number of outstanding shares of Series H Preferred Stock on the record date for the distribution and the denominator of which shall be the number of authorized shares of Series H Preferred Stock.
