GLOBAL HEALTHCARE REIT, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Description of the Business

Global Healthcare REIT, Inc. (the Company or Global) was organized with the intent of operating as a real estate investment trust (REIT) for the purpose of investing in real estate and other assets related to the healthcare industry. Prior to the Company changing its name to Global Healthcare REIT, Inc. on September 30, 2013, the Company was known as Global Casinos, Inc. Global Casinos, Inc. operated two gaming casinos which were split-off and sold on September 30, 2013. Simultaneous with the split-off and sale of the gaming operations, the Company acquired West Paces Ferry Healthcare REIT, Inc. (WPF) in a transaction accounted for as a reverse acquisition whereby WPF was deemed to be the accounting acquirer.

The Company intends to make a REIT election under sections 856 through 859 of the Internal Revenue Code of 1986, as amended. Such election will be made by the Board of Directors at such time as the Board determines that we qualify as a REIT under applicable provisions of the Internal Revenue Code.

The Company acquires, develops, leases, manages and disposes of healthcare real estate, and provides financing to healthcare providers. As of March 31, 2018, the Company owned nine healthcare properties which are leased to third-party operators under triple-net operating terms.

Basis of Presentation

The accompanying unaudited interim consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP) for interim financial information and in conjunction with the rules and regulations of the Securities Exchange Commission. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary to make the consolidated financial statements not misleading have been included. Operating results for the three months ended March 31, 2018 are not necessarily indicative of the results that may be

expected for the entire year. The unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 filed with the Securities and Exchange Commission.

Recently Adopted Accounting Pronouncements

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers (ASC 606)," which is a comprehensive new revenue recognition model that requires revenue to be recognized in a manner to depict the transfer of goods or services to a customer at an amount that reflects the consideration expected to be received in exchange for those goods or services.

We have evaluated our various revenue streams to identify whether they would be subject to the provisions of ASC 606 and any differences in timing, measurement, or presentation of revenue recognition. A significant source of our revenue is generated through leasing arrangements, which are specifically excluded from ASU 2014-09. The Company adopted this standard as of January 1, 2018 using the modified retrospective approach. As leasing arrangements, which are excluded from ASU 2014-09, represent the primary source of revenue for the Company, the impact of adopting this standard will be limited to the Company's recognition and presentation of non-lease revenues. Accordingly, the Company does not expect the adoption of this standard to have a significant impact on its consolidated financial statements and related disclosures. The adoption of this standard did not require any adjustments to the opening balance of retained earnings as of January 1, 2018.

For our Nursing Home Operations in Abbeville, the adoption of ASU 2014-09 resulted in changes to Abbeville's presentation for and disclosure of revenue primarily related to uninsured or underinsured patients. Prior to the adoption of ASU 2014-09, a significant portion of Glen Eagle's provision for doubtful accounts related to self-pay patients, as well as co-pays, co-insurance amounts and deductibles owed to us by patients with insurance. Under ASU 2014-09, the estimated uncollectable amounts due from these patients are generally considered implicit price concessions that are a direct reduction to net operating revenues, with a corresponding material reduction in the amounts presented separately as provision for doubtful accounts.

In November 2016, the FASB issued ASU 2016-18, *Statement of Cash Flows (Topic 230). Restricted Cash (A consensus of the FASB Emerging Issues Task Force)*, which requires that the statement of cash flows include restricted cash in the beginning and end-of-period total amounts shown on the statement of cash flows and that the statement of cash flows explain changes in restricted cash during the period. The Company adopted this standard as of January 1, 2018 using retrospective approach. The impact of this adoption was disclosure only for periods presented on the Company's Statements of Cash Flows.

Recently Issued Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board issued ASU No. 2016-02, "Leases: Topic 842 (ASU 2016-02)", to supersede nearly all existing lease guidance under GAAP. The guidance would require lessees to recognize most leases on their balance sheets as lease liabilities with corresponding right-of-use assets. ASU 2016-02 is effective for the Company in the first quarter of our fiscal year ending December 31, 2019 using a modified retrospective approach with the option to elect certain practical expedients. The Company is currently evaluating the impact of its pending adoption of ASU 2016-02 on its consolidated financial statements.

The Financial Accounting Standards Board and other entities issued new or modifications to, or interpretations of, existing accounting guidance during 2017. Management has carefully considered the new pronouncements that altered generally accepted accounting principles and does not believe that any other new or modified principles will have a material impact on the Company's reported financial position or operations in the near term.

2. GOING CONCERN

The accompanying consolidated financial statements and notes have been prepared assuming the Company will continue as a going concern.

For the three months ended March 31, 2018, the Company incurred a net loss of \$ 212,234 , reported net cash provided by operations of \$208,320 and has an accumulated deficit of \$9,260,276. These circumstances raise substantial doubt as to the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent upon the Company's ability to generate sufficient revenues and cash flows to operate profitably and meet contractual obligations, or raise additional capital through debt financing or through sales of common stock.

The failure to achieve the necessary levels of profitability and cash flows or obtain additional funding would be detrimental to the Company. The consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

4. INVESTMENTS IN DEBT SECURITIES

At March 31, 2018 and December 31, 2017, the Company held investments in marketable securities that were classified as held-to-maturity and carried at amortized costs. Held-to-maturity securities consisted of the following:

	March 31, 2018	December 31, 2017
States and Municipalities	\$ 278,045	\$ 243,469

Contractual maturities of held-to-maturity securities at March 31, 2018 are as follows:

	Net Carrying Amount
Due in Five Years and More	\$458,000

Actual maturities may differ from contractual maturities because some borrowers have the right to call or prepay obligations with or without call or prepayment penalties

	\$34,992,627	\$35,122,091

Senior Secured Promissory Notes and Senior Secured Promissory Notes - Related Parties

From November through December 2016, the Company undertook a private offering of its 10% Senior Secured Promissory Notes. As of December 31, 2016, \$600,000 of the notes had been issued of which \$450,000 were issued to the directors of the Company or entities or persons affiliated with these directors. The notes bear interest at a rate of 10% payable monthly with principal and unpaid interest due at maturity, originally January 13, 2018. The notes were issued with warrants to purchase 600,000 shares of common stock at an exercise price of \$0.75 per share. The warrants have a cashless exercise provision.

In 2017, an additional \$600,000 in notes were sold and issued, of which \$425,000 were to related parties. At March 31, 2018, there were outstanding an aggregate of \$1.2 million in senior secured notes. The notes are secured by all assets of the Company not serving as collateral for other notes. The maturity date of all the senior secured notes was extended to December 31, 2018 prior to their original maturity date, \$225,000 of which occurred in the three months ended March 31, 2018. For every \$1.00 in principal amount of note, investors got one warrant exercisable for one year to purchase an additional share of common stock at an exercise price of \$.75 per share. The warrants have a cashless exercise provision and were valued using the Black-Scholes pricing model. The maturity date of the 1.2 million warrants issued along with the notes was extended to December 31, 2018 as well, 225,000 warrants of which occurred in the three months ended March 31, 2018. The transaction was accounted for as a debt extinguishment with a loss on modification of warrant in the amount of \$29,900 and \$62,696 recorded in the consolidated statement of operations for the three months ended March 31, 2018 and for the year ended December 31, 2017. During the three months ended March 31, 2018, among the \$225,000 senior secured notes that got extended to December 31, 2018, \$125,000 were to related parties.

Senior Unsecured Notes

In November 2017, the Company sold an aggregate of \$300,000 in senior unsecured notes. The notes bear interest at the rate of 10% per annum and are due in 2020. For every \$1.00 in principal amount of note, investors got one warrant exercisable for one year to purchase an additional share of common stock at an exercise price of \$.75 per share. The warrants have a cashless exercise provision.

The value of the warrants issued to the note holders was calculated using the Black-Scholes pricing model using the following significant assumptions:

	March 31, 2018	December 31, 2017
Volatility	101% - 152 %	110% - 157 %
Risk-free Interest Rate	0.81% - 1.83 %	0.82% - 1.6 %
Exercise Price	\$0.75	\$0.75
Fair Value of Common Stock	\$0.39 - \$0.55	\$0.40 - \$0.50
Expected Life	1 – 2.1 years	1 – 1.5 years

The total value of all warrants issued in connection with the Company's senior secured and unsecured notes on their respective issue dates was estimated to be \$121,436. The corresponding note discount is being amortized over the life of the note using the straight-line method. The unamortized balance of the discount on the notes was \$57,537 and \$77,105 as of March 31, 2018 and December 31, 2017 with \$19,568 recorded as amortization expense during 2018.

Mortgage Loans

Mortgage loans are collateralized by all assets of each nursing home property and an assignment of its rents. Collateral for certain mortgage loans includes the personal guarantee of Christopher Brogdon and/or the guaranty of Global Healthcare REIT, Inc. Mortgage loans for the periods presented consisted of the following:

(1) Mortgage loans are non-recourse to the Company except for the senior loans held by ServisFirst Bank on Meadowview (Ohio), held by Colony Bank on Abbeville, and the Southern Hills line of credit owed to First Commercial Bank, discussed under line of credit.

(2) Effective September 19, 2016, we executed a Modification to the mortgage note pursuant to which some accrued payments were deferred and the lender agreed to permit interest only payments through March 2017. The mortgage loan collateralized by the Grand Prairie Nursing Home (formerly Golden Years Manor Nursing Home) is 80% guaranteed by the USDA and requires an annual renewal fee payable in the amount of 0.25% of the USDA guaranteed portion of the outstanding principal balance as of December 31 of each year. The Company is subject to financial covenants and customary affirmative and negative covenants. As of March 31, 2018, the Company was not in compliance with certain of these financial and non-financial covenants which is considered to be a technical Event of Default as defined in the note agreement. The Company is also delinquent in installment payments due under the mortgage. Remedies available to the lender in the event of a continuing Event of Default, at its option, include, but are necessarily limited to the following (1) lender may declare the principal and all accrued interest on the note due and payable; and (2) lender may exercise additional rights and remedies under the note agreement to include taking possession of the collateral or seeking satisfaction from the guarantors. The Company has been notified by the lender regarding the Events of Default. Guarantors under the mortgage loan include Christopher Brogdon. With our consent, Mr. Brogdon has assumed operations of the facility and is dealing with the lender. The Company is in negotiations with Mr. Brogdon to sell him the facility.

(3) The \$80,193 debt at Goodwill Nursing Home was incurred to pay off accrued interest on the original primary note. The balance of this note was paid in full subsequent to March 31, 2018.

(4) Amortization expense related to loan costs of this loan totaled \$1,540 for the three months ended March 31, 2018.

(5) Proceeds of \$2,138,126 were disbursed directly to the seller of the property for acquisition and \$497,799 was disbursed to the Company as reimbursement for renovation cost. The loan has \$24,075 available as a line of credit as of March 31, 2018, and amortization expense related to loan costs of this loan totaled \$2,452 for the three months ended March 31, 2018. The Company is subject to financial covenants and customary affirmative and negative covenants, including compliance with the covenants of all other notes and bonds. As of March 31, 2018, the Company was not in compliance with some other notes and bonds, which is considered to be a technical Event of Default as defined in the note agreement, but the Company believes that it is in good standing with the Lender.

(6) The senior debt and subordinated debt owed in relation to Providence of Sparta was refinanced into a single senior HUD note during 2017. The total amount borrowed under the new loan is \$3,039,300 at time of debt issuance, with the Company receiving only \$28,596 in cash. The senior note balance of \$1,655,123 on December 31, 2016 was paid off using \$29,747 in cash and \$1,625,376 using the proceeds from the new loan. The subordinated note balance of \$1,050,000 was paid off using loan proceeds, \$218,619 went to restricted cash and the rest was used to pay fees. Amortization expense related to loan costs totaled \$1,246 for the three months ended March 31, 2018.

(7) Amortization expense related to loan costs of this loan totaled \$2,326 for the three months ended March 31, 2018. The Company is subject to financial covenants and customary affirmative and negative covenants, including

compliance with the covenants of all other notes and bonds. As of March 31, 2018, the Company was not in compliance with some other notes and bonds, which is considered to be a technical Event of Default as defined in the note agreement, but the Company believes that it is in good standing with the Lender.

Other mortgage loans contain non-financial covenants, including reporting obligations, with which the Company has not complied in some instances or in an untimely manner. These mortgage loans are technically in default.

Bonds Payable - Tulsa County Industrial Authority

On March 1, 2014, Southern Tulsa, LLC (Southern Tulsa), a subsidiary of WPF that owns the Southern Hills Retirement Center, entered into a loan agreement with the Tulsa County Industrial Authority (Authority) in the State of Oklahoma pursuant to which the Authority lent to Southern Tulsa the proceeds from the sale of the Authority's Series 2014 Bonds. The Series 2014 Bonds consisted of \$5,075,000 of principal in Series 2014A First Mortgage Revenue Bonds and \$625,000 of principal in Series 2014B Taxable First Mortgage Revenue Bonds. During the year ended December 31, 2017, \$127,000 of Series 2014B Taxable First Mortgage Revenue Bond were retired with \$60,000 in cash payments and 67,000 in non-cash payments; \$452,000 of Series 2014A First Mortgage Revenue Bonds were retired with non-cash payments. The Series 2014 Bonds were issued pursuant to a March 1, 2014 Indenture of Trust between the Authority and the Bank of Oklahoma. \$4,325,000 of the Series 2014A Bonds mature on March 1, 2044 and accrue interest at a fixed rate of 7.75% per annum. The remaining \$750,000 of the Series 2014A Bonds mature on various dates through final maturity on March 1, 2029 and accrue interest at a fixed rate of 7.0% per annum. The Series 2014B Bonds mature on March 1, 2023 and accrue interest at a fixed rate of 8.5% per annum. The debt is secured by a first mortgage lien on the independent living units and assisted living facility (facilities), an assignment of the facilities' leases, a first lien on all personal property located in the facilities, and a guarantee by the Company. Deferred loan costs incurred of \$478,950 and an original issue discount of \$78,140 related to the loan are amortized to interest expense over the life of the loan. Amortization expenses of \$4,704 and \$761 related to deferred loan costs and the original issue discount, respectively, were incurred for both the three months ended March 31, 2018 and March 31, 2017. The loan agreement includes certain financial covenants required to be maintained by the Company, which were not compliance as of March 31, 2018. There is \$475,000 in voluntary non-cash principal reduction payments during the three months ended March 31, 2018. As of March 31, 2018, and December 31, 2017, restricted cash of \$809,875 and \$817,582, respectively is related to these bonds.

During the three months ended March 31, 2018 the Company undertook three tender offers with funds from the First Commercial Line of Credit to purchase bonds from note holders, retiring \$475,000 bonds for \$380,075 and recording a corresponding gain on settlement of debt of \$94,925. The Company also invested \$34,576 in debt securities consisting of the Tulsa County Industrial Authority Series 2014 Bonds.

Line of Credit – Southern Hills Retirement Center

On October 31, 2017, the Company, through its wholly-owned subsidiaries Southern Tulsa, LLC and Southern Tulsa TLC, LLC, as Co-Borrowers, consummated a new Line of Credit with First Commercial Bank pursuant to a Promissory Note in the principal amount of \$7,229,052 (the “Line of Credit”). Under the Line of Credit, the Company refinanced the existing mortgage on its skilled nursing facility in Tulsa, Oklahoma for \$1,546,801, and funded tender offers on the Industrial Revenue Bonds covering the ALF and ILF for \$682,563, and for working capital, including improvements to the ALF and ILF. As of March 31, 2018, a total of \$2,263,111 was drawn under the Line of Credit.

The interest rate on Line of Credit is 5.25%. Monthly payments of interest only began on November 30, 2017 until the Promissory Note is paid in full on the Maturity Date. On May 3, 2018 the Maturity date was extended from April 30, 2018 to October 30, 2018. The Credit Note is secured by a First Mortgage and Assignment of Rents on Real Property for Southern Hills Rehabilitation Center, a Junior Lien and Assignment of Rents on Real Property for its Southern Hills Independent Living Facility location and a Junior Lien on Real Property for its Southern Hills Assisted Living Facility location.

Other Debt

Other debt at March 31, 2018 and December 31, 2017 includes unsecured notes payable issued to facilitate the acquisition of the nursing home properties.

Property	Face Amount	Principal Outstanding at March 31, December 2018 31, 2017		Stated Interest Rate	Maturity Date
Goodwill Nursing Home	\$2,180,000	\$1,536,000	\$1,536,000	13% ⁽¹⁾ Fixed	December 31, 2019 ⁽²⁾

(1) As of December 31, 2016, the income from the Goodwill facility was insufficient to cover debt service for the subordinated debt for the facility. The debt was accruing interest at the default rate prior to restructuring of the accrued interest into a new note to be amortized through future payments. The Company has entered into a new ten year

operating lease covering the facility which became effective in February, 2017 with the new operator having obtained all licenses, permits and other regulatory approval necessary to recertify and reopen the facility. After receiving regulatory approvals, the lease operator invested approximately \$2.0 million in capital improvements in the property. The facility has been relicensed and began taking patients in December 2016 and is currently building census.

- 13 -

For the three months ended March 31, 2018 and 2017, the Company received proceeds from the issuance of debt of \$52,862 and \$125,000, respectively. Cash payments on debt totaled \$132,448 and \$159,012 for the three months ended March 31, 2018 and 2017, respectively. Amortization expense for deferred loan cost totaled \$45,047 and \$57,888 for the three months ended March 31, 2018 and 2017, respectively.

Future maturities of all notes and bonds payable listed above for the next five years and thereafter are as follows:

Years	
2018	\$24,491,467 (1)
2019	1,766,579
2020	6,653,503
2021	61,580
2022	64,013
2023 and after	2,720,137
	\$35,757,279

(1) Any note or bond that is not in compliance with all financial and non-financial covenants is considered to have an immediate maturity, including those that require compliance with covenants on any and all other notes. The notes secured by the facilities at Meadowview and Abbeville have such covenants which were in technical non-compliance at March 31, 2018, but the Company believes that its relationships with these lenders is good.

Abbeville H&R (8)	\$-	-	None
Southern Hills SNF (5)	\$38,000	May 31, 2019	Term may be extended for one additional five-year term.
Southern Hills ALF (6)	-	-	None
Southern Hills ILF (7)	-	-	None

(1) Monthly lease income reflects rent income on a straight-line basis over, where applicable, the term of each lease.

(2) On January 22, 2016, a lease operator that operates Middle Georgia, Edwards Redeemer, Golden Years (until January 1, 2016) and Goodwill filed a voluntary petition in bankruptcy under Chapter 11 of the U.S. Bankruptcy Code. In 2017, the lease operator emerged from bankruptcy and renewed the leases of Middle Georgia and Edwards Redeemer under modified lease terms and has rejected the lease covering Goodwill.

(3) In January 2016, concurrently with the Chapter 11 Bankruptcy filing by the lease operator, the Goodwill facility was closed by Georgia regulators and all residents were removed. The Goodwill facility began generating rental revenue in February 2017. In the first year, base rent is \$16,667 per month, plus \$2,000 per month for every ten occupied beds. In a transaction related to the sale of the Greene Point facility, an affiliate of the buyer of Greene Point has executed a ten year operating lease covering Goodwill. After receiving regulatory approvals, the lease operator invested approximately \$2.0 million in capital improvements in the property. The lease became effective on February 1, 2017 with the lease operator having obtained all regulatory approvals, completed renovations and began admitting patients.

(4) Effective January 1, 2016, the Golden Years facility was leased to another operator for a period of ten years at a monthly base rent of \$30,000 which was subject to increases based on census levels. Under the terms of the lease, the Company agreed to fund certain capital expenditures, which it was unable to fulfill. In July 2016, the new tenant served notice that it was terminating the lease effective August 31, 2016. The Company entered into a Lease Termination Agreement under which it paid the tenant \$145,000 and is obligated to make future payments. Effective August 30, 2016, the Company entered into a new lease agreement with another nursing home operator for its Golden Years facility. The lease term commences at the end of a straddle period. During the straddle period, the Company made working capital advances to enable the operator to cover cash flow deficits resulting from initial operations of the facility. The lease operator informed the Company that it intends to vacate the facility effective February 28, 2018. An entity affiliated with Mr. Brogdon, who is a guarantor of the mortgage, assumed operations of the facility in January 2018 under an OTA. We do not expect the facility to generate any future revenue for the Company.

(5) Lease agreement dated May 21, 2014 with lease payments commencing February 1, 2015. On May 10, 2016, the Company obtained a Court Order appointing a Receiver to control and operate the Southern Hills SNF. The former lease operator represented that it was unable to meet the financial commitments of the facility, including the payment of rent, payroll and other operating requirements. The Receiver engaged a new manager for the facility at the request of the Company.

(6) The lease on the ALF has been abandoned. The Company plans to seek a new tenant for this facility to assume operations at the completion of construction.

(7) The Southern Hills ILF requires renovation and is not subject to an operating lease.

(8) The Company did not execute an operating lease during the quarter as it held the Certificate of Need in its own name while conducting extensive renovations.

Lessees are responsible for payment of insurance, taxes and other charges while under the lease. Should the lessees not pay all such charges as required under the leases, or if there is no tenant, the Company may become liable for such operating expenses. We have been required to cover those expenses at Grand Prairie in Lonoke, Abbeville, and Southern Hills ALF and ILF.

Future cash payments for rent to be received during the initial terms of the leases for the next five years and thereafter are as follows (excludes Abbeville, Southern Tulsa ALF and Southern Tulsa ILF (due to property being non-operating), as well as Southern Tulsa SNF and GL Nursing):

Years	
2018	\$2,447,574
2019	3,328,438
2020	3,396,106
2021	3,453,074
2022	3,281,860
2023 and Thereafter	7,568,949
	\$23,476,001

9. FAIR VALUE MEASUREMENTS

Financial assets and liabilities recorded at fair value in our consolidated balance sheets are categorized based upon a fair value hierarchy established by GAAP, which prioritizes the inputs used to measure fair value into the following levels:

Level 1— Quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2— Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable and can be corroborated by observable market data.

Level 3— Inputs reflecting management's best estimates and assumptions of what market participants would use in pricing assets or liabilities at the measurement date. The inputs are unobservable in the market and significant to the valuation of the instruments.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Our consolidated balance sheets include the following financial instruments: cash and cash equivalents, advances to related parties, notes receivable, restricted cash, accounts payable, debt and lease security deposit. We consider the carrying values of our short-term financial instruments to approximate fair value because they generally expose the Company to limited credit risk, because of the short period of time between origination of the financial assets and liabilities and their expected settlement, or because of their proximity to acquisition date fair values. The carrying value of debt approximates fair value based on borrowing rates currently available for debt of similar terms and maturities.

Upon acquisition of real estate properties, the Company determines the total purchase price of each property and allocates this price base on the fair value of the tangible assets and intangible assets, if any, acquired and any liabilities assumed based on Level 3 inputs. These Level 3 inputs can include comparable sales values, discount rates, and capitalization rate assumptions from a third party appraisal or other market sources.

Assets and liabilities measured at fair value on a recurring basis as of March 31, 2018 and December 31, 2017 are summarized below:

	Total	Fair Value Measurement		
		Level 1	Level 2	Level 3
Warrant Liability	\$54,948	\$-	\$ -	\$54,948
Investment in Debt Securities	278,045	278,045	-	-
Fair Value at March 31, 2018:	\$332,993	\$278,045	\$ -	\$54,948
Warrant Liability	\$95,371	\$-	\$ -	\$95,371
Investment in Debt Securities	243,469	243,469	-	-
Warrant Liability – December 31, 2017	\$338,840	\$243,469	\$ -	\$95,371

Because these warrants have full reset adjustments tied to future issuance of equity securities by the Company, it is subject to derivative liability treatment under ASC 815-40-15.

The warrant liability is marked-to-market each reporting period with the change in fair value recorded as a gain or loss within Other (Income) Expense on the Company's Consolidated Statement of Operations until the warrants are exercised, expire, or other facts and circumstances lead the warrant liability to be reclassified as an equity instrument. The fair value of the warrant liability is determined each reporting period by utilizing the Black-Scholes option pricing model.

The investments in debt securities are recorded at amortized cost since they are considered held-to-maturity.

The table presented below is a summary of changes in the fair value of the Company's Level 3 valuation for the three months ended March 31, 2018:

Edgar Filing: GLOBAL HEALTHCARE REIT, INC. - Form 10-Q

11. LEGAL PROCEEDINGS

The Company and/or its affiliated subsidiaries are or were involved in the following litigation:

Southern Tulsa, LLC v. Healthcare Management of Oklahoma, LLC, District Court of Tulsa County, State of Oklahoma, Case No. CJ – 2016- 01781.

This matter was brought by us to have the appointment of a Receiver for the Southern Tulsa SNF and to recover damages from our former operator at that facility. The Court has ordered the appointment of a Receiver effective May 10, 2016. Other claims and matters are pending.

Thomas v. Edwards Redeemer Property Holdings, LLC, et.al., District Court for Oklahoma County, Oklahoma, Case No. CJ 2016-2160.

This action arises from a personal injury claim brought by heirs of a former resident of our Edwards Redeemer facility. We are entitled to indemnification from the lease operator and should be covered under the lease operator's general liability policy. As we are not the operators of the facility and believe we have indemnity coverage, we believe we have no exposure. The lease operator's insurance carrier is providing a defense and indemnity; and as a result we

believe the likelihood of a material adverse result is remote.

12. SUBSEQUENT EVENTS

On April 5, 2018, the Company entered into a definitive Purchase and Sale Agreement to acquire the Woodlands Health and Rehab Center in Midway, Georgia. The transaction is subject to numerous conditions and is pending as of the date of this Report.

Subsequent to March 31, 2018, we repaid the balance due to First Commercial under the interest loan, initially in the amount of \$80,193.

On May 3, 2018 the maturity date of the line of credit related to Southern Hills Retirement Center was extended from April 30, 2018 to October 30, 2018.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following "Management's Discussion and Analysis of Financial Condition and Results of Operations" should be read in conjunction with our interim financial statements and notes thereto contained elsewhere in this report. This section contains forward-looking statements, including estimates, projections, statements relating to our business plans, objectives and expected operating results, and the assumptions upon which those statements are based. These forward-looking statements generally are identified by the words "believes," "project," "expects," "anticipates," "estimates," "intends," "strategy," "plan," "may," "will," "would," "will be," "will continue," "will likely result," and similar expressions. Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from the forward-looking statements. Forward-looking statements that were true at the time made may ultimately prove to be incorrect or false. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise. All forward-looking statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 as filed with the SEC.

Our actual future results and trends may differ materially from expectations depending on a variety of factors discussed in our filings with the SEC. These factors include without limitation:

macroeconomic conditions, such as a prolonged period of weak economic growth, and volatility in capital markets;

changes in national and local economic conditions in the real estate and healthcare markets specifically;

legislative and regulatory changes impacting the healthcare industry, including the implementation of the healthcare reform legislation enacted in 2010;

the availability of debt and equity capital;

changes in interest rates;

competition in the real estate industry; and,

the supply and demand for operating properties in our market areas.

Overview

Global Healthcare REIT, Inc. (“Global” or “we” or the “Company”) was organized for the purpose of investing in real estate related to the long-term care industry.

We plan to elect to be treated as a real estate investment trust (REIT) in the future; however, we did not make that election for the 2017 fiscal year.

We acquire, develop, lease, manage and dispose of healthcare real estate, and provide financing to healthcare providers. Our portfolio will be comprised of investments in the following five healthcare segments: (i) senior housing, (ii) life science, (iii) medical office, (iv) post-acute/skilled nursing and (v) hospital. We will make investments within our healthcare segments using the following five investment products: (i) properties under lease, (ii) debt investments, (iii) developments and redevelopments, (iv) investment management and (v) the Housing and Economic Recovery Act of 2008 (“RIDEA”), which represents investments in senior housing operations utilizing the structure permitted by RIDEA.

The delivery of healthcare services requires real estate and, as a result, tenants and operators depend on real estate, in part, to maintain and grow their businesses. We believe that the healthcare real estate market provides investment opportunities due to the following:

Compelling demographics driving the demand for healthcare services;
Specialized nature of healthcare real estate investing; and
Ongoing consolidation of a fragmented healthcare real estate sector.

Acquisitions

We did not acquire any properties during the three month periods ended March 31, 2018 and 2017.

Properties

As of March 31, 2018, we owned nine long-term care facilities. The following table provides summary information regarding these facilities at March 31, 2018:

(1) The subordinated note on Goodwill matured on July 1, 2015. Investors in the Goodwill note were entitled to an additional 5% equity in Goodwill Hunting, LLC every six months if the note is not paid when due. Effective December 31, 2015, the investors holding the subordinated debt executed an Agreement Among Lenders pursuant to which they (i) agreed to waive any and all equity ratchets and (ii) agreed to extend the maturity date of the subordinated debt to June 30, 2017. In exchange, Goodwill Hunting agreed to pay the investors an additional one-time premium equal to 5% of the principal amount of the individual note at such time as the note is repaid. Effective May 3, 2017, we entered into an Allonge and Modification Agreement with the Goodwill investors pursuant to which they agreed to (i) waive all accrued interest through December 31, 2017, (ii) reduce interest rate to 13% beginning January 1, 2018 and (iii) extend the maturity date of the notes to December 31, 2019. In exchange, the Company agreed that upon repayment of the notes, the investors would be entitled to a one-time premium payment in the amount of 15% of the principal balance of the notes

(2) The subordinated note on Sparta matured on August 1, 2016. Investors in the Sparta note were entitled to an additional 5% equity in Providence HR, LLC every six months if the note is not paid when due. In March 2017, all of the former members of Providence HR Investors, LLC executed a Forbearance Agreement in which each agreed to (i) waive default interest, (ii) waive any equity ratchet adjustment and (iii) extend the maturity date of the note to December 31, 2017. As of December 31, 2017, the notes were repaid out of the proceeds of the HUD refinance.

(3) On January 22, 2016, the lease operator that operates Middle Georgia, Edwards Redeemer, Golden Years (until January 1, 2016) and Goodwill filed a voluntary petition in bankruptcy under Chapter 11 of the U.S. Bankruptcy Code. In 2017 the lease operator emerged from bankruptcy and executed a new five year lease.

(4) Goodwill was closed by regulators in January 2016 and did not generate any revenue in 2016. In a transaction related to the sale of the Greene Point facility, an affiliate of the buyer of Greene Point has executed a ten year operating lease covering Goodwill. The operator expended approximately \$2.0 million on renovations and in December 2016 took its first patients. In the first quarter of 2017, the operator completed all relicensing and Medicare/Medicaid reimbursement approvals, at which time the lease became effective. First residents were admitted in December 2016. Rent for the first year which began February 1, 2017 is \$16,667 per month plus an occupancy rent based on census, payable at the rate of \$2,000 per month for every ten residents, with an annual cap of \$312,000.

(5) We executed a new lease in August 2016 with a new operator, which renamed the facility Grand Prairie Nursing Home. Under the new lease, the operator agreed to undertake significant renovations and we agreed to cover its operating losses during what was characterized as a "straddle period". The lease does not formally commence until the end of the straddle period. During the straddle period the operator does not have an obligation to pay rent, and any operating profits must be paid to us as reimbursement for our advances to cover the tenant's operating losses. The straddle period ended February 2018 and the lease operator informed us that it would no longer operate the facility. In March 2018, Mr. Brogdon assumed operations of the facility under an OTA. We do not expect to generate any revenue from this facility in the future.

Going Concern

The accompanying consolidated financial statements and notes have been prepared assuming the Company will continue as a going concern.

For the three months ended March 31, 2018, the Company incurred a net loss of \$212,234, reported net cash provided by operations of \$208,320 and has an accumulated deficit of \$9,260,276. These circumstances raise substantial doubt as to the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent upon the Company's ability to generate sufficient revenues and cash flows to operate profitably and meet contractual obligations, or raise additional capital through debt financing or through sales of common stock.

The failure to achieve the necessary levels of profitability and cash flows or obtain additional funding would be detrimental to the Company. The consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Results of Operations

The following discussion of the financial condition, results of operations, cash flows, and changes in our financial position should be read in conjunction with our interim consolidated financial statements and related notes appearing elsewhere in this Quarterly Report on Form 10-Q.

Results of Operations - Three Months Ended March 31, 2018 Compared to the Three Months Ended March 31, 2017

Rental revenues for the three month periods ended March 31, 2018 and 2017 totaled \$812,065 and \$783,817, respectively, an increase of \$28,248. During the three month period ended March 31, 2018, we recognized rental revenues from seven properties. Looking forward, we expect to begin generating revenue from Abbeville during the second quarter of 2018 and revenue from the Southern Hills ILF and ALF by the end of the 2018 calendar year.

For the three months ended March 31, 2017, we recognized rental revenues on all nine properties with the exception of our assisted living facility and independent living facility located in Tulsa, Oklahoma. For the three months ended March 31, 2018 we recognized rental revenues on seven properties, with no rental revenues at Grand Prairie which the company is negotiating sale and Abbeville Health and Rehab which is not yet operational, in addition to the assisted living and independent living facilities in Tulsa, Oklahoma which are undergoing renovations.

General and administrative expenses were \$ 145,155 and \$365,527 for the three month periods ended March 31, 2018 and 2017, respectively, a decrease of \$220,372. For the three months ended March 31, 2018 and March 31, 2017, respectively, general and administrative expenses includes \$45,000 and \$150,001 of share based compensation related to restricted stock and common stock awards.

Property taxes, insurance, and other operating expenses totaled \$80,816 and \$211,098 for the three month periods ended March 31, 2018 and 2017, respectively. Lessees are responsible for the payment of insurance, taxes and other charges while under the lease. Should the lessee not pay all such charges, as required under the leases, we may be liable for such operating expenses. We have been required to cover these expenses at our Abbeville facility after purchase and during renovation, and while the Company owns the operator. We are also responsible for property taxes and insurance related to the ALF and ILF at our Southern Hills Retirement Center.

Depreciation expense increased \$10,772 from \$294,638 for the three months ended March 31, 2017 to \$305,410 for three months ended March 31, 2018. We have not recorded depreciation expense on our assisted living facility and

independent living facility located at our Southern Hills Retirement Center or the Abbeville facility which will commence once renovations have been completed and the properties are placed in service.

The company had no interest income for the three months ended March 31, 2017 and 2018.

Interest expense decreased \$26,048 from \$624,414 for the three months ended March 31, 2017 to \$598,366 for the three months ended March 31, 2018. We capitalized \$26,663 of interest during the three months ended March 31, 2018.

Liquidity and Capital Resources

Throughout its history, the Company has experienced shortages in working capital and has relied, from time to time, upon sales of debt and equity securities to meet cash demands generated by our acquisition activities.

At March 31, 2018, the Company had cash and cash equivalents of \$105,486 on hand. Our liquidity is expected to increase from potential equity and debt offerings and decrease as net offering proceeds are expended in connection with the acquisition of properties. Our continuing short-term liquidity requirements consisting primarily of operating expenses and debt service requirements, excluding balloon payments at maturity, are expected to be achieved from rental revenues received and existing cash on hand. We plan to renew senior debt that matures during 2018, as our projected cash flow from operations will be insufficient to retire the debt. Our restricted cash approximated \$809,000 as of March 31, 2018 which is to be expended on debt service and capital expenditures associated with our Southern Hills Retirement Center and Providence of Sparta Nursing Home, respectively.

Cash provided by operating activities was \$208,320 for the three months ended March 31, 2018 compared to cash used in operating activities of \$101,839 for the three months ended March 31, 2017. Cash flows from operations were impacted by the decrease in expenses and accounts receivable, and increase in rental revenues received during the first quarter of 2018.

Cash used in investing activities was \$178,021 for the three month period ended March 31, 2018 compared to cash used in investing activities of \$41,308 for the three month period ended March 31, 2017.

Cash used in financing activities was \$87,086 and \$41,512 for the three months ended March 31, 2018 and 2017, respectively. During the first quarter of 2017, we issued \$125,000 in debt and made payments on debt of \$159,012. During the first quarter of 2018, we issued \$52,862 in debt in cash and made cash payments on debt of \$132,448.

As of March 31, 2018 and December 31, 2017, our debt balances consisted of the following:

	March 31, 2018	December 31, 2017
Senior Secured Promissory Notes	\$ 325,000	\$ 325,000

As presented in the Consolidated Balance Sheets:

Debt, Net \$34,142,114 \$34,282,407

Debt - Related Parties, Net \$850,513 \$839,684

\$34,992,627 \$35,122,091

- 26 -

The weighted average interest rate and term of our fixed rate debt are 6.32% and 2.97 years, respectively, as of March 31, 2018. The weighted average interest rate and term of our variable rate debt are 6.90% and 5.9 years, respectively, as of March 31, 2017.

Mortgage Loans

Mortgage loans are collateralized by all assets of each nursing home property and an assignment of its rents. Collateral for certain mortgage loans includes the personal guarantee of Christopher Brogdon. Mortgage loans for the periods presented consisted of the following:

Property	Face Amount	March 31, 2018	December 31, 2017	Stated Interest Rate	Maturity Date

		\$25,872,168	\$25,961,057		

(1) Mortgage loans are non-recourse to the Company except for senior note to ServisFirst Bank on Meadowview (Ohio), the senior loan held by Colony Bank on Abbeville, and the Southern Hills line of credit owed to First Commercial Bank.

(2) Effective September 19, 2016, we executed a Modification to the mortgage note pursuant to which some accrued payments were deferred and the lender agreed to permit interest only payments through March 2017. The mortgage loan collateralized by the Grand Prairie Nursing Home (formerly Golden Years Manor Nursing Home) is 80% guaranteed by the USDA and requires an annual renewal fee payable in the amount of 0.25% of the USDA guaranteed portion of the outstanding principal balance as of December 31 of each year. The Company is subject to financial covenants and customary affirmative and negative covenants. As of December 31, 2017, the Company was not in compliance with certain of these financial and non-financial covenants which is considered to be a technical Event of Default as defined in the note agreement. In addition, at December 31, 2017 that Company had not made all of the required installment monthly payments. Remedies available to the lender in the event of a continuing Event of Default, at its option, include, but are necessarily limited to the following (1) lender may declare the principal and all accrued interest on the note due and payable; and (2) lender may exercise additional rights and remedies under the note agreement to include taking possession of the collateral or seeking satisfaction from the guarantors. The Company has been notified by the lender regarding the existence of events of default and has demanded payment. Guarantors under the mortgage loan include Christopher Brogdon. We have surrendered possession of the facility to Brogdon under an OTA and are in negotiations to sell him the property. Mr. Brogdon has been dealing with the lender.

(3) The \$80,193 debt at Goodwill Nursing Home was incurred to pay off accrued interest on the original primary note. The balance of this note was paid in full subsequent to March 31, 2018.

(4) The Bonds include 3 different series, each at a different interest rate, the weighted average of which is 7.71%. Other mortgage loans contain financial and non-financial covenants, including reporting obligations, with which the Company has not complied in some instances in an untimely manner.

We have \$24.5 million of debt maturing for the period ending December 31, 2018. While we anticipate being able to refinance all the loans at reasonable market terms upon maturity, our inability to do so may impact our financial position and results of operations. We expect to refinance \$7.8 million in mortgage loans maturing in 2018 as the associated properties meet loan to value requirements currently being employed in commercial lending markets. We have \$1.536 million in subordinated debt maturing in 2019. We have \$1.2 million in senior secured debt maturing December 31, 2018 and \$300,000 in senior notes maturing in 2020. The following is a summary of our subordinated debt at March 31, 2018 and December 31, 2017:

Subordinated and Corporate Debt

Our subordinated debt at March 31, 2018 and December 31, 2017 includes unsecured notes payable the proceeds from which were used to facilitate the acquisition of the nursing home properties.

Property	Face Amount	March 31, 2018	December 31, 2017	Stated Interest Rate	Maturity Date
Goodwill Nursing Home	\$2,180,000	\$1,536,000	\$1,536,000	13% (1)(2) Fixed	December 31, 2019 (2)

(1) As of December 31, 2016, the income from the Goodwill facility was insufficient to cover debt service for the subordinated debt for the facility. The debt is accruing interest at the default rate but not currently being paid. We are in discussions with the lenders to restructure the accrued interest into a new note to be amortized through future payments. The Company has entered into a new ten year operating lease covering the facility which became effective in February, 2017 with the new operator having obtained all licenses, permits and other regulatory approval necessary to recertify and reopen the facility. After receiving regulatory approvals, the lease operator invested approximately \$2.0 million in capital improvements in the property. The facility has been relicensed and began taking patients in December 2016 and is currently building census.

(2) The subordinated note on Goodwill matured on July 1, 2015. Investors in the Goodwill note were entitled to an additional 5% equity in Goodwill Hunting, LLC every six months if the note is not paid when due. Effective December 31, 2015, all of the holders of the Goodwill subordinated note executed an Agreement Among Lenders pursuant to which they (i) waived all equity ratchets and (ii) extended the maturity date of their notes to June 30, 2017. In exchange, Goodwill Hunting LLC agreed to pay the investors a one-time premium equal to 5% of the principal amount of each individual note (approximately \$64,000) as such time as the note is repaid. For the year ended December 31, 2016, a premium of \$64,000 has been recognized into earnings. Effective May 3, 2017, we entered into an Allonge and Modification Agreement with the Goodwill investors pursuant to which they agreed to (i) waive all accrued interest through December 31, 2017, (ii) reduce interest rate to 13% beginning January 1, 2018 and (iii) extend the maturity date of the notes to December 31, 2019. In exchange, the Company agreed that upon repayment of the notes, the investors would be entitled to a one-time premium payment in the amount of 15% of the principal balance of the notes.

Other mortgage loans contain non-financial covenants, including reporting obligations, with which the Company has not complied in some instances in an untimely manner. These mortgage loans are technically in default.

Contractual Obligations

As of March 31, 2018, we had the following contractual obligations:

	Total	Less Than 1 Year	1 – 3 Years	3 – 5 Years	More Than 5 Years
Notes and Bonds Payable - Principal	\$35,757,279	\$24,500,172	\$8,118,893	\$426,815	\$2,711,399
Notes and Bonds Payable - Interest	2,490,844	1,121,862	743,089	444,896	180,997

- 28 -

Revenues from operations are sufficient to meet the working capital needs of the Company for the foreseeable future. Cash on hand, combined proceeds from the issuance of our 10% Senior Secured Promissory Notes in the aggregate amount of \$1.2 million and 10% Senior Unsecured Notes in the amount of \$300,000 and revenues generated from operations, are in excess of operating expenses and debt service requirements. Debt maturities are expected to be refinanced at reasonable terms upon maturity. The Company anticipates a combination of conventional mortgage loans, at market rates, issuance of revenue bonds and possibly additional equity injections to fund the acquisition cost of any additional properties. Except for renovations at Abbeville and Southern Hills Retirement Center, there are no material capital improvement or recurring capital expenditure commitments at the properties.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that we consider material.

Critical Accounting Policies

Set forth below is a summary of the accounting policies that management believes are critical to the preparation of the consolidated financial statements. Certain of these accounting policies are particularly important for an understanding of the financial position and results of operations presented in the consolidated financial statements set forth elsewhere in this report. These policies require that application of judgment and assumptions by management and, as a result, are subject to a degree of uncertainty. Actual results could differ as a result of such judgment and assumptions.

Property Acquisitions

We allocate the purchase price of acquired properties to net tangible and identified intangible assets and any liabilities based on relative fair values. Fair value estimates are based on information obtained from independent appraisals, other market data, information obtained during due diligence and information related to the marketing and leasing at the specific property. Acquisition-related costs such as due diligence, legal and accounting fees are expensed as incurred and not applied in determining the purchase price or fair value of an acquired property.

Impairment of Long Lived Assets

When circumstances indicate the carrying value of property may not be recoverable, the Company reviews the asset for impairment. This review is based on an estimate of the future undiscounted cash flows, excluding interest charges, expected to result from the property's use and eventual disposition. This estimate considers factors such as expected future operating income, market and other applicable trends and residual value, as well as the effects of leasing demand, competition and other factors. If impairment exists, due to the inability to recover the carrying amount of the property, an impairment loss is recorded to the extent that the carrying value exceeds the estimated fair value of the property. Estimated fair value is determined with the assistance from independent valuation specialists using recent sales of similar assets, market conditions and projected cash flows of properties using standard industry valuation techniques.

Recently Adopted Accounting Pronouncements

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers (ASC 606)," which is a comprehensive new revenue recognition model that requires revenue to be recognized in a manner to depict the transfer of goods or services to a customer at an amount that reflects the consideration expected to be received in exchange for those goods or services.

We have evaluated our various revenue streams to identify whether they would be subject to the provisions of ASC 606 and any differences in timing, measurement, or presentation of revenue recognition. A significant source of our revenue is generated through leasing arrangements, which are specifically excluded from ASU 2014-09. The Company adopted this standard as of January 1, 2018 using the modified retrospective approach. As leasing arrangements, which are excluded from ASU 2014-09, represent the primary source of revenue for the Company, the impact of adopting this standard will be limited to the Company's recognition and presentation of non-lease revenues. Accordingly, the Company does not expect the adoption of this standard to have a significant impact on its consolidated financial statements and related disclosures. The adoption of this standard did not require any adjustments to the opening balance of retained earnings as of January 1, 2018.

For our Nursing Home Operations, the adoption of ASU 2014-09 resulted in changes to Glen Eagle's presentation for and disclosure of revenue primarily related to uninsured or underinsured patients. Prior to the adoption of ASU 2014-09, a significant portion of Glen Eagle's provision for doubtful accounts related to self-pay patients, as well as co-pays, co-insurance amounts and deductibles owed to us by patients with insurance. Under ASU 2014-09, the estimated uncollectable amounts due from these patients are generally considered implicit price concessions that are a direct reduction to net operating revenues, with a corresponding material reduction in the amounts presented separately as provision for doubtful accounts.

In November 2016, the FASB issued ASU 2016-18, *Statement of Cash Flows (Topic 230). Restricted Cash (A consensus of the FASB Emerging Issues Task Force)*, which requires that the statement of cash flows include restricted cash in the beginning and end-of-period total amounts shown on the statement of cash flows and that the statement of cash flows explain changes in restricted cash during the period. The Company adopted this standard as of January 1, 2018 using retrospective approach. The impact of this adoption was disclosure only for periods presented on the Company's Statements of Cash Flows.

Recently Issued Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board issued ASU No. 2016-02, "Leases: Topic 842 (ASU 2016-02)", to supersede nearly all existing lease guidance under GAAP. The guidance would require lessees to recognize most leases on their balance sheets as lease liabilities with corresponding right-of-use assets. ASU 2016-02 is effective for the Company in the first quarter of our fiscal year ending December 31, 2019 using a modified retrospective approach with the option to elect certain practical expedients. The Company is currently evaluating the impact of its pending adoption of ASU 2016-02 on its consolidated financial statements.

The Financial Accounting Standards Board and other entities issued new or modifications to, or interpretations of, existing accounting guidance during 2017. Management has carefully considered the new pronouncements that altered generally accepted accounting principles and does not believe that any other new or modified principles will have a material impact on the Company's reported financial position or operations in the near term.

SUBSEQUENT EVENTS

On April 5, 2018, the Company entered into a definitive Purchase and Sale Agreement to acquire the Woodlands Health and Rehab Center in Midway, Georgia. The transaction is subject to numerous conditions and is pending as of the date of this Report.

Subsequent to March 31, 2018, we repaid the balance due to First Commercial under the interest loan, initially in the amount of \$80,193.

On May 3, 2018 the maturity date of the line of credit related to Southern Hills Retirement Center was extended from April 30, 2018 to October 30, 2018.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable.

ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, as appropriate, to allow timely decisions regarding required disclosure. Management necessarily applied its judgment in assessing the costs and benefits of such controls and procedures, which, by their nature, can provide only reasonable assurance regarding management's control objectives.

Our management, including our CEO and CFO, evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this Report. Based on this evaluation, our CEO and CFO concluded that the design and operation of our disclosure controls and procedures were not effective as of such date to provide assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC, and that such information is accumulated and communicated to management as appropriate, to allow timely decisions regarding disclosures.

There was no change in our internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) that occurred during the quarter ended March 31, 2018, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

OTHER INFORMATION

Item 1.

Legal Proceedings

The Company and/or its affiliated subsidiaries are involved in the following litigation:

Southern Tulsa, LLC v. Healthcare Management of Oklahoma, LLC, District Court of Tulsa County, State of Oklahoma, Case No. CJ – 2016- 01781.

This matter was brought by us to have the appointment of a Receiver for the Southern Tulsa SNF and to recover damages from our former operator at that facility. The Court has ordered the appointment of a Receiver effective May 10, 2016. Other claims and matters are pending.

Thomas v. Edwards Redeemer Property Holdings, LLC, et.al., District Court for Oklahoma County, Oklahoma, Case No. CJ 2016-2160.

This action arises from a personal injury claim brought by heirs of a former resident of our Edwards Redeemer facility. We are entitled to indemnification from the lease operator and should be covered under the lease operator's general liability policy. As we are not the operators of the facility and believe we have indemnity coverage, we believe we have no exposure. The lease operator's insurance carrier is providing a defense and indemnity; and as a result we believe the likelihood of a material adverse result is remote.
