Item 1.01. Entry into a Material Definitive Agreement

Contribution Agreement

As previously announced, on September 16, 2014, PBF Energy Company LLC ("PBF LLC"), a subsidiary of PBF Energy Inc. ("PBF Energy" or together with its consolidated subsidiaries, the "Company"), entered into a Contribution Agreement with PBF Logistics LP (the "Partnership"), a consolidated subsidiary of PBF Energy. Pursuant to the Contribution Agreement, PBF LLC has agreed to contribute to the Partnership all of the equity interests of Delaware City Terminaling Company II LLC ("DCR II"), which assets consist solely of the Delaware City heavy crude unloading rack (the "West Rack Assets" as defined in the Contribution Agreement), for total consideration payable to PBF LLC of \$150 million, consisting of \$135 million of cash and \$15 million of Partnership common units, or 589,536 common units. The cash consideration will be funded by the Partnership from the proceeds from the sale of \$30 million in marketable securities and \$105 million in borrowings under the Partnership's revolving credit facility. The Partnership will borrow an additional \$30 million under its revolving credit facility to repay \$30 million of its outstanding term loan in order to release the \$30 million in marketable securities that had collateralized the Partnership's term loan.

As part of the transactions contemplated by the Contribution Agreement, PBF Holding Company LLC ("PBF Holding"), a wholly-owned subsidiary of PBF LLC, will distribute all of the equity interests of DCR II to PBF LLC immediately prior to the contribution by PBF LLC to the Partnership. The closing of the transactions contemplated by the Contribution Agreement is subject to customary representations and warranties, indemnification obligations, covenants and closing conditions of the parties. In addition, at the closing, the parties' will enter into certain commercial agreements, including (i) a Terminaling Services Agreement that will provide for minimum throughput commitments of 40,000 barrels per day and have an initial term of seven years and (ii) amendments to the Partnership's existing Omnibus Agreement and Operation and Management Services and Secondment Agreement. The closing of the transactions contemplated by the Contribution Agreement is expected to occur on or about September 30, 2014.

The foregoing description is not complete and is subject to and qualified in its entirety by reference to the full text of the Contribution Agreement, which is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated herein by reference. The Contribution Agreement contains representations and warranties that the parties to the Contribution Agreement made solely for the benefit of each other. The assertions embodied in such representations and warranties are qualified by information contained in confidential disclosure schedules that the parties exchanged in connection with signing the Contribution Agreement. In addition, these representations and warranties (i) may be intended not as statements of fact, but rather as a way of allocating risk to one of the parties if those statements prove to be inaccurate, (ii) may apply materiality standards different from what may be viewed as material to investors and (iii) were made only as of the date of the Contribution Agreement or as of such other date or dates as may be specified in the Contribution Agreement. Moreover, information concerning the subject matter of such representations and warranties may change after the date of the Contribution Agreement, which subsequent information may or may not be fully reflected in the Company's public disclosures. Investors are urged not to rely on such representations and warranties as characterizations of the actual state of facts or circumstances at this time or any other time.
