LABOR SMART, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – NATURE OF OPERATIONS

Nature of Business

Labor Smart, Inc. (the “Company”) was incorporated in the State of Nevada on May 31, 2011. Labor Smart, Inc. provides temporary blue-collar staffing services. It supplies general laborers on demand to the light industries, including manufacturing, logistics, and warehousing, skilled trades’ people, and general laborers to commercial construction industries.

NOTE 2 – GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company requires capital for its contemplated operational and marketing activities. The Company’s ability to raise additional capital through the future issuances of common stock is unknown. Accordingly, the Company has an accumulated deficit of \$2,300,547 at September 30, 2013. The obtainment of additional financing and increasingly profitable operations are necessary for the Company to continue operations. The ability to successfully resolve these factors raise substantial doubt about the Company’s ability to continue as a going concern. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

NOTE 3 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

These financial statements are presented in United States dollars and have been prepared in accordance with generally accepted accounting principles in the United States of America. The Company has adopted a December 31 fiscal year end.

Fair Value of Financial Instruments

As required by the Fair Value Measurements and Disclosures Topic of the FASB ASC (“ASC 820-10”), fair value is measured based on a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows: (Level 1) observable inputs such as quoted prices in active markets; (Level 2) inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and (Level 3) unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not active, or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability;
- Level 3 Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (supported by little or no market activity).

Pursuant to ASC 825, the fair value of cash and marketable securities is determined based on “Level 1” inputs, which consist of quoted prices in active markets for identical assets. The Company believes that the recorded values of cash, accounts receivables, marketable securities, accounts payable and accrued liabilities, and notes payable approximate their current fair values because of their nature and respective relatively short maturity dates or durations.

Assets measured at fair value on a recurring basis were presented on the Company’s balance sheets as of September 30, 2013 and December 31, 2012 as follows:

	Fair Value Measurements as of September 30, 2013

Cash and Cash Equivalents

Cash and cash equivalents consist of cash and short-term investments with original maturities of less than ninety (90) days. Cash equivalents are placed with high credit quality financial institutions and are primarily in money market funds. The carrying value of those investments approximates fair value.

Revenue Recognition

The Company recognizes revenues and the related costs when persuasive evidence of an arrangement exists, delivery and acceptance has occurred or service has been rendered, the price is fixed or determinable, and collection of the resulting receivable is reasonably assured. Amounts invoiced or collected in advance of product delivery or providing services are recorded as deferred revenue. The Company accrues for sales returns, bad debts, and other allowances based on its historical experience.

Deferred Financing Costs

Deferred financing costs consist of costs incurred to obtain debt financing, including legal fees, origination fees and administration fees. Costs associated with the Convertible Promissory Note are deferred and amortized in our accompanying statement of operations using the straight-line method, which approximates the effective interest method, over the terms of the respective financing instrument.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company to make estimates and judgments that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. These estimates and judgments are based on historical information, information that is currently available to the Company, and on various other assumptions that the Company believes to be reasonable under the circumstances. Actual results could differ from those estimates.

Factoring Agreement and Accounts Receivable

The Company had month-to-month financing agreements with Riviera Finance LLC which was terminated on July 24, 2013 and Transfac Capital, Inc. which commenced on July 31, 2013 that included a non-recourse factoring arrangement that provides notification factoring on substantially all of the Company's sales. Riviera Finance LLC and Transfac Capital, Inc., based on credit approved orders, assumes the accounts receivable risk of the Company's customers in the event of insolvency or non-payment. All other receivable risks for customer deductions that reduce the customer receivable balances are retained by the Company, including, but not limited to, allowable customer markdowns, disputes, and discounts. The Company assumes the risk on accounts receivable not factored to Riviera Finance LLC and Transfac Capital, Inc., which is shown as accounts receivable on the accompanying balance sheets, net of factored accounts receivable. As of September 30, 2013 and December 31, 2012, factored accounts receivable total \$772,676 and \$291,708, respectively.

Equipment

Property and equipment are stated at the lower of cost or fair value. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets, as follows:

Description	Estimated Life
Office equipment and furniture	3 years

The estimated useful lives are based on the nature of the assets as well as current operating strategy and legal considerations such as contractual life. Future events, such as property expansions, property developments, new competition, or new regulations, could result in a change in the manner in which the Company uses certain assets requiring a change in the estimated useful lives of such assets.

	September 30, 2013	December 31, 2012
Office equipment and furniture	\$11,841	\$-
Less: accumulated depreciation	(1,973)	-
	\$9,868	\$-

Customer Relationships

Customer relationships comprise customer lists acquired from Qwik Staffing Solutions, Inc. on April 29, 2013. Customer lists are amortized on a straight-line basis over three years.

	September 30, 2013	December 31, 2012
Customer lists	\$294,100	\$-
Less: accumulated amortization	(41,362)	-
	\$252,738	\$-

Earnings Per Share

Basic earnings per common share is computed by dividing net income available to common shareholders by the weighted-average number of shares of common stock outstanding during the period. Diluted earnings per common share is computed by dividing income available to common shareholders by the weighted-average number of shares of common stock outstanding during the period increased to include the number of additional shares of common stock that would have been outstanding if potentially dilutive securities had been issued. There were no potentially dilutive securities outstanding during the periods presented.

Recent Accounting Pronouncements

The Company does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company's results of operations, financial position, or cash flow.

NOTE 4 – RELATED PARTY

On January 11, 2012, the Company issued a promissory note to the Company's President in exchange for \$50,000 in cash. The note is unsecured, bears interest at 10% per annum if not paid before the maturity date, and matures on January 11, 2013. As of September 30, 2013, \$43,000 of this note has been repaid.

The note is unsecured, bears interest at 10% per annum if not paid before the maturity date, and matures on January 19, 2013. This note was consolidated into the loan agreement dated April 25, 2013.

On February 6, 2012, the Company issued a promissory note to the Company's President in exchange for \$25,000 in cash. The note is unsecured, bears interest at 10% per annum if not paid before the maturity date, and matures on February 6, 2013. This note was consolidated into the loan agreement dated April 25, 2013.

On February 20, 2012, the Company issued a promissory note to the Company's President in exchange for \$15,000 in cash. The note is unsecured, bears interest at 10% per annum if not paid before the maturity date, and matures on February 20, 2013. This note was consolidated into the loan agreement dated April 25, 2013.

On March 5, 2012, the Company issued a promissory note to the Company’s President in exchange for \$15,000 in cash. The note is unsecured, bears interest at 10% per annum if not paid before the maturity date, and matures on March 5, 2013. This note was consolidated into the loan agreement dated April 25, 2013.

On March 8, 2012, the Company issued a promissory note to the Company’s President in exchange for \$45,000 in cash. The note is unsecured, bears interest at 10% per annum if not paid before the maturity date, and matures on March 8, 2013. This note was consolidated into the loan agreement dated April 25, 2013.

On March 12, 2012, the Company issued a promissory note to the Company’s President in exchange for \$10,000 in cash. The note is unsecured, bears interest at 10% per annum if not paid before the maturity date, and matures on March 12, 2013. This note was consolidated into the loan agreement dated April 25, 2013.

On April 25, 2013, the Company entered into a loan agreement with the CEO of the Company in the amount of \$175,768. This loan is payable on demand, unsecured, and bears 0% interest per annum. This loan consolidates all previous loans issued. As of September 30, 2013, \$86,962 of this note has been repaid, leaving an unpaid balance of \$88,806.

NOTE 5 – PREPAID EXPENSES

As of September 30, 2013 and December 31, 2012, the Company had prepaid expenses of \$31,903 and \$43,336, respectively. Prepaid expenses at September 30, 2013 comprises prepaid lease payments.

NOTE 6 – CUSTOMER RELATIONSHIP, NET

On April 29, 2013 the Company entered into an Asset Purchase Agreement (“Agreement”) with Qwik Staffing Solutions, Inc. (“Qwik”). Under the terms of the Agreement, Qwik sold all of the operating assets (“Assets”) of Qwik, excluding cash and accounts receivable. In consideration for the Assets, the Company agreed to pay \$320,000 in cash. The first \$150,000 is due one day prior to the delivery and transfer of the Assets. The remaining \$170,000 is due in monthly installments by paying an amount equal to 6.5% of the monthly accounts receivable collected by operating the Orlando, Jacksonville and Tampa, Florida locations. In the event these aggregate monthly payments total less than \$170,000, after 14 months, Qwik will issue the Company a credit memo for the difference.

The total purchase price for Qwik was approximately \$308,490. The purchase price consisted of approximately (i) \$150,000 in cash, (ii) Estimated fair value of consideration payable on collection 6.5% of the monthly accounts receivable collected by operating the Orlando, Jacksonville and Tampa, Florida locations over the next fourteen months of \$158,490. The Company expected to pay total consideration of \$170,000 in equal installments over 14 months. The fair value of the consideration was estimated by discounting the monthly installments by 12% per annum.

The determination of the estimated fair value of the acquired assets and liabilities assumed required management to make significant estimates and assumptions. We determined the fair value by applying established valuation techniques, based on information that management believed to be relevant to this determination. The following table summarizes the purchase price allocation of the fair value of the assets acquired and liabilities assumed at the date of purchase:

Equipment	\$10,654
Prepaid supplies	3,736
Customer relationships	294,100
Net assets acquired	\$308,490

Edgar Filing: Labor Smart, Inc. - Form 10-Q

Cash	\$ 150,000
Contingent consideration	158,490
Consideration paid	\$ 308,490

10

As of September 30, 2013 and December 31, 2012, the customer list is valued at \$252,738 and \$0, respectively. Amortization expense was \$41,362 and \$0 for the nine months ended September 30, 2013 and 2012, respectively. Office equipment was recorded at \$11,841 and \$0 as of September 30, 2013 and December 31, 2012, respectively. Depreciation expense was \$1,973 and \$0 for the nine months ended September 30, 2013 and 2012, respectively.

NOTE 7 – FACTORING AGREEMENT

On July 24, 2013, the Company terminated a month-to-month financing agreement with Riviera Finance LLC (“Riviera”) that included a non-recourse factoring arrangement that provides notification factoring on substantially all of the Company’s sales. Receivables were factored at a rate of eight-five (85) percent of the invoice face value on accepted accounts up to \$500,000. A reserve of eight (8) percent of the invoice face value is held by Riviera in case of customer disputes.

Fees charged by Riviera are two (2) percent of the unpaid invoice face value for the first twenty-five (25) days after the factored date and 0.8% of the invoice face value for every ten (10) days thereafter up to a total of seven (7) percent, including the initial two (2) percent. Administrative charges based on various rates are charged on the gross face amount of all accounts with minimum fees as defined in the agreement. The following table details the amounts of the factoring agreement with Riviera as of September 30, 2013 and December 31, 2012.

	Receivables Factored	Reserve Deposit	Fees	Administrative Charges
September 30, 2013	\$0	\$0	\$95,938	\$ 0
December 31, 2012	\$291,708	\$5,597	\$126,321	\$ 0

The reserve deposit is included in other current assets within the balance sheets and receivables factored are netted against accounts receivable. Fees or charges billed by Riviera Finance as of September 30, 2013 and 2012 are \$93,360 and \$0, respectively.

On July 31, 2013 the Company entered into a Purchase and Sale Agreement with Transfac Capital, Inc. (“Transfac”). Under the terms of the Purchase and Sale Agreement, Transfac shall have the right, but not the obligation, to purchase up to Two Million Dollars (\$2,000,000) worth of accounts receivable (the “Maximum Advances”) of the Company. For each account receivable purchased, Transfac shall advance seventy percent (70%) of the face value of the account and the balance after receipt of full payment on the account. As consideration, the Company shall pay Transfac two percent (2%) of the average monthly balance of the outstanding accounts purchased, with a minimum of one half of one percent (0.5%) of the Maximum Advances per month, as long as long as the Purchase and Sale Agreement remains in effect. . The following table details the amounts of the factoring agreement with Transfac as of September 30, 2013 and December 31, 2012.

	Receivables Factored	Reserve Deposit	Fees	Administrative Charges
September 30, 2013	\$772,676	\$0	\$29,664	\$ 0
December 31, 2012	\$0	\$0	\$0	\$ 0

NOTE 8- CONVERTIBLE PROMISSORY NOTES

On January 17, 2013, the Company entered into a Convertible Promissory Note with Asher Enterprises, Inc. (“Holder”) in the original principle amount of \$103,500 bearing an 8% annual interest rate and maturing October 21, 2013. This convertible promissory note together with any unpaid accrued interest is convertible into shares of common stock of the Company at the Holder’s option at a variable conversion price calculated at 51% of the market price which means the average of the lowest three trading prices during the ten trading day period ending on the latest complete trading day prior to the conversion date. The Company may repay the convertible promissory note if repaid within 60 days of date of issue at 130% of the original principal amount plus interest, between 60 days and 120 days at 140% of the original principal amount plus interest and between 120 days and 180 days at 150% of the original principal amount plus interest. Thereafter, the Company does not have the right of prepayment. The Company received cash proceeds of \$100,000, which was net of original issue discount of \$99,441. - i) The Note together with any unpaid accrued interest is convertible into shares of common stock of the Company at a variable conversion price calculated at 58% of the market price which means the average of the lowest three trading prices during the ten trading day period ending on the latest complete trading day prior to the conversion date, or
- ii) All principal, costs, charges and interest amounts outstanding may be exchanged for shares of the Company’s common stock at the Conversion Price of \$0.34 per share. The Conversion Price is subject to an anti-dilution adjustment in the event the Company at any time, while the Notes are outstanding, issues equity securities

including common stock or any security convertible or exchangeable for shares of common stock for no consideration or for consideration less than \$0.34 a share.

The Company may repay the convertible promissory note at 135% of the original principal amount plus interest. The Company received cash proceeds of \$125,000, which was net of original issue discount of \$121,466 and convertible note payable derivative liability of \$65,723. NOTE 9 – CONVERTIBLE NOTE PAYABLE DERIVATIVE LIABILITY

The Convertible Promissory Note with Willow Creek Capital Group, LLC are subject to anti-dilution adjustments that allow for the reduction in the Conversion Price in the event the Company subsequently issues equity securities including common stock or any security convertible or exchangeable for shares of common stock for no consideration or for consideration less than \$0.34 a share. The Company accounted for the conversion option in accordance with ASC Topic 815. Accordingly, the Conversion Option is not considered to be solely indexed to the Company's own stock and, as such, recorded as a liability.

The Company's convertible promissory note derivative liability has been measured at fair value at September 16, 2013 and September 30, 2013 using a binomial model. Since the Conversion Price contains an anti-dilution adjustment, the probability that the Conversion Price of the Notes would decrease as the share price decreased was incorporated into the valuation calculation.

The inputs into the binomial model are as follows:

	September 16, 2013	September 30, 2013
Closing share price	\$0.34	\$0.289
Conversion price	\$0.34	\$0.34
Risk free rate	0.10%	0.10%
Expected volatility	150%	150%
Dividend yield	0%	0%
Expected life	10 months	10 months

The fair value of the convertible note payable derivative liability is \$50,010 at September 30, 2013. The decrease in the fair value of the convertible note payable derivative liability of \$15,912 is recorded as a gain in the unaudited consolidated condensed statement of operations for the three months ended September 30, 2013.

NOTE 10 – CONTINGENT LIABILITY

The Company has a contingent liability related to Asset Acquisition Agreement with Qwik Staffing Solutions, Inc. on April 29, 2013. The obligation is due in monthly installments by paying an amount equal to 6.5% of the monthly accounts receivable collected by operating the Orlando, Jacksonville and Tampa, Florida locations. The total payments are not to exceed \$170,000. The fair value of the obligation is determined by estimating discounting monthly installments at an interest rate of 12% per annum.

Opening balance at April 29, 2013	\$ 158,490
Payments	(37,626)
Interest	7,503
Closing balance at September 30, 2013	\$ 128,367

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

In this report, unless the context indicates otherwise, the terms "Labor Smart," "Company," "we," "us," and "our" refer to Labor Smart, Inc., a Delaware corporation.

Special note regarding forward-looking statements

This report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, or the "Securities Act," and Section 21E of the Securities Exchange Act of 1934 or the "Exchange Act." All statements other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including, but not limited to, any projections of earnings, revenue or other financial items; any statements of the plans, strategies and objectives of management for future operations; any statements concerning proposed new services or developments; any statements regarding future economic conditions of performance; and statements of belief; and any statements of assumptions underlying any of the foregoing. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements.

In some cases, you can identify forward looking statements by terms such as "may," "intend," "might," "will," "should," "could," "would," "expect," "believe," "anticipate," "estimate," "predict," "potential," or the negative of these terms. These terms and expressions are intended to identify forward-looking statements. The forward-looking statements in this report are based upon management's current expectations and belief, which management believes are reasonable. However, we cannot assess the impact of each factor on our business or the extent to which any factor or combination of factors, or factors we are aware of, may cause actual results to differ materially from those contained in any forward-looking statements. You are cautioned not to place undue reliance on any forward-looking statements. These statements represent our estimates and assumptions only as of the date of this report. Except to the extent required by federal securities laws, we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

You should be aware that our actual results could differ materially from those contained in the forward-looking statements due to a number of factors, including:

- o uncertainties relating to general economic and business conditions;
- o industry trends; changes in demand for our products and services;
- o uncertainties relating to customer plans and commitments and the timing of orders received from customers;
- o announcements or changes in our pricing policies or that of our competitors;
- o unanticipated delays in the development, market acceptance or installation of our products and services;
- o changes in government regulations; availability of management and other key personnel;
- o availability, terms and deployment of capital; relationships with third-party equipment suppliers; and
- o worldwide political stability and economic growth.

Other risks and uncertainties include such factors, among others, as market acceptance and market demand for our products and services, pricing, the changing regulatory environment, the effect of our accounting policies, potential seasonality, industry trends, adequacy of our financial resources to execute our business plan, our ability to attract, retain and motivate key technical, marketing and management personnel, and other risks described from time to time in periodic and current reports we file with the United States Securities and Exchange Commission, or the “SEC.” You should consider carefully the statements under “Item 1A. Risk Factors” and other sections of this report, which address additional factors that could cause our actual results to differ from those set forth in the forward-looking statements and could materially and adversely affect our business, operating results and financial condition. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the applicable cautionary statements.

Overview

Labor Smart, Inc. was incorporated in the State of Nevada on May 31, 2011. We are a provider of temporary employees to the construction, manufacturing, hospitality, restoration and retail industries. We provide unskilled and semi-skilled temporary workers to our customers. Generally, we pay our workers the same day they perform the job.

Our mission is to be the provider of choice to our growing community of customers, with a service-focused approach, that positions us as a resource and partner for their business.

At September 30, 2013, we were operating 15 branches located in 9 states.

Seasonality

We expect our revenues and gross margin percentage to be higher during the second and third fiscal quarters as compared to the first and fourth fiscal quarters each year. During the second and third quarters, as a percentage of revenue, we expect increases in client orders related to construction, janitorial, and hospitality. Contracts for this work tend to carry higher gross margins. During the first and fourth quarters we expect light industrial and warehouse orders to make up a larger percentage of revenue, which tend to carry lower gross margins. As our expansion branches mature we expect our overall business mix to reflect higher gross margins.

Growth Strategy

We have three strategies to grow the revenue and to achieve profitability for our business.

- 1) Add new branches
- 2) Growth from existing branches
- 3) Acquisitions. Our goal is to one small acquisition per year. We define a small acquisition as approximately 20% of our revenue. We will consider an acquisition that is both economical and that fits with the culture of our Company. Acquisitions are not essential to our growth strategy. We will not make acquisitions if they do not strictly meet our criteria.

At September 30, 2012, we had 6 branches and at September 30, 2013, we had 15 branches. The increase in branches was due to three branches added through acquisition and six branches added through organic growth. For the six branches in place at September 30, 2012, revenue increased by 86% for the three months ended September 30, 2013 when compared to the same period in 2012.

Results of Operations – Three Months Ended September 30, 2013 as Compared to Three Months Ended September 30, 2012.

Liquidity and Capital Resources

We have funded our operations to date primarily through the sale of equity, invoice factoring, convertible notes payable and shareholder loans. Based on our current operating plan, we anticipate that we have sufficient cash and cash equivalents to fund our operations into the coming months. We will require additional cash to fund our operating plan past that time. If the level of sales anticipated by our financial plan are not achieved or our working capital requirements are higher than planned, we will need to raise additional cash sooner or take actions to reduce operating expenses. We are implementing plans to reduce our costs of capital and improve our revenue. If we cannot generate adequate cash by implementing these steps, we plan to obtain additional cash through the issuance of equity or debt securities. There can be no assurance that additional cash will be available or that, if available, it will be available on terms acceptable to us on a timely basis. If adequate funds are not available on a timely basis, we intend to limit our operations to extend our funds as we pursue other financing opportunities and business relationships. This limitation of operations could include reducing our planned investment in working capital to fund revenue growth and result in reductions in staff, operating costs, and capital expenditures.

Net cash used in operations was \$604,645 during the nine months ended September 30, 2013. Net cash flows used in operating activities for the nine months ended September 30, 2013 mainly consisted of a net loss of \$1,829,749 adjusted for stock based compensation of \$539,721, interest and financing fees of \$660,088, an increase of our off-balance sheet receivables factoring of \$570,771, offset by an increase of \$1,477,838 in accounts receivable and an increase of \$847,642 in payroll taxes payable.

Net cash used in operations was \$259,160 during the nine months ended September 30, 2012. Net cash flows used in operating activities for the nine months ended September 30, 2013 mainly consisted of a net loss of \$108,073 adjusted for stock based compensation of \$56,501, interest and financing fees of \$7,051, an increase of our off-balance sheet receivables factoring of \$311,875, offset by an increase of \$1,014,070 in accounts receivable and an increase of \$355,181 in payroll taxes payable.

Cash used in investing activities totaled \$131,059 for the nine months ended September 30, 2013. Net cash flows used by investing activities consists of \$150,000 paid towards the asset purchase agreement, purchase of fixed assets of \$1,188 and \$966,696 in the purchase of marketable securities offset by \$986,825 in proceeds from the sale of marketable securities.

Cash used in investing activities totaled \$5,921 for the nine months ended September 30, 2012. Net cash flows used by investing activities consists of \$5,951 in the purchase of marketable securities.

Net cash provided by financing activities totaled \$848,552 for the nine months ended September 30, 2013. Net cash flows from financing activities consisted of proceeds from convertible notes payable of \$1,033,200, proceeds from the issuance of common stock of \$100,000 offset by payments on a convertible note payable of \$103,500, payments on related party notes of \$129,962, payments towards a contingent liability of \$37,626, and payments on financed insurance premiums of \$13,560.

Cash provided by financing activities totaled \$200,000 for the nine months ended September 30, 2012. The proceeds were generated from the issuance of convertible notes of \$50,000 and shareholder loans of \$210,000 offset by repayments of \$60,000.

Our continued capital needs will depend on branch operating performance, our ability to control costs, and the continued impact from our expansion plans in 2013.

Assets and Liabilities:

At September 30, 2013, we had total current assets of approximately \$1,935,618 and current liabilities of approximately \$2,930,251. Included in current assets are trade accounts receivable of approximately \$1,618,277, prepaid expenses of \$31,903, and deferred financing costs of \$34,734. Accounts receivable are recorded at the invoiced amounts. We regularly review our accounts receivable for collectability. We will typically refer overdue balances to a collection agency at 120 days and the collection agent pursues collection for another 60 days. Most balances over 120 days past due are written off, as it is probable the receivable will not be collected. We wrote down \$41,699 in bad debt included in S,G,&A during the nine months ended September 30, 2013. As our business matures, we will continue to monitor and seek to improve our historical collection ratio and aging experience with respect to trade accounts receivable. As we grow, our historical collection ratio and aging experience with respect to trade accounts receivable will continue to be important factors affecting our liquidity.

Financing:

On July 24, 2013, the Company terminated a month-to-month financing agreement with Riviera Finance LLC (“Riviera”) that included a non-recourse factoring arrangement that provides notification factoring on substantially all of the Company’s sales. Receivables were factored at a rate of 85% of the invoice face value on accepted accounts

Our total financing costs through our facility with Riviera for the nine months ended September 30, 2013 and 2012 was \$95,938 and \$99,120, respectively, which is reflected on our Statements of Operations as a loss on sale of receivables. As collateral for repayment of any and all obligations, we granted Riviera a security interest in all our property, including, but not limited to, accounts receivable, intangible assets, contract rights, investment property, deposit accounts, and other such assets.

On July 31, 2013 the Company entered into a Purchase and Sale Agreement with Transfac Capital, Inc. (“Transfac”).

Under the terms of the Purchase and Sale Agreement, Transfac shall have the right, but not the obligation, to purchase up to Two Million Dollars (\$2,000,000) worth of accounts receivable (the “Maximum Advances”) of the Company. For each account receivable purchased, Transfac shall advance seventy percent (70%) of the face value of the account and the balance after receipt of full payment on the account. As consideration, the Company shall pay Transfac two percent (2%) of the average monthly balance of the outstanding accounts purchased, with a minimum of one half of one percent (0.5%) of the Maximum Advances per month, as long as long as the Purchase and Sale Agreement remains in effect.

Our total financing costs through our facility with Transfac for the nine months ended September 30, 2013 and 2012 was \$29,664 and \$0, respectively, which is reflected on our Statements of Operations as a loss on sale of receivables. As collateral for repayment of any and all obligations, we granted Transfac a security interest in all our property, including, but not limited to, accounts receivable, intangible assets, contract rights, investment property, deposit accounts, and other such assets.

Off-Balance Sheet Arrangements

As of September 30, 2013, we do not have any off-balance sheet arrangements except for our factored receivables under our agreements with Transfac Capital, Inc. The cash received from our factored receivables finance the Company’s operating expenses and are a significant source of liquidity for the Company. For more information about the factoring terms, see “Financing” discussion above.

Inflation

Inflation has not had a material impact on our business and we do not expect inflation to have an impact on our business in the near future

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

This item is not applicable as we are currently considered a smaller reporting company.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

As required by Rule 13a-15 of the Securities Exchange Act of 1934, our principal executive officer and principal financial officer evaluated our company’s disclosure controls and procedures (as defined in Rules 13a-15(e) of the

Securities Exchange Act of 1934) as of the end of the period covered by this report. Based on this evaluation, our principal executive officer and principal financial officer concluded that as of the end of the period covered by this report, these disclosure controls and procedures were not effective to ensure that the information required to be disclosed by our company in reports it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities Exchange Commission and to ensure that such information is accumulated and communicated to our company's management, including our principal executive officer and principal financial officer, to allow timely decisions regarding required disclosure. The conclusion that our disclosure controls and procedures were not effective was due to the presence of the following material weaknesses in internal control over financial reporting which are indicative of many small companies with small staff: (i) inadequate segregation of duties and effective risk assessment; and (ii) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of both United States generally accepted accounting principles and Securities and Exchange Commission guidelines. Management anticipates that such disclosure controls and procedures will not be effective until the material weaknesses are remediated.

We plan to take steps to enhance and improve the design of our internal controls over financial reporting. During the period covered by this quarterly report on Form 10-Q, we have not been able to remediate the material weaknesses identified above. To remediate such weaknesses, we plan to implement the following changes during our fiscal year ending December 31, 2013, subject to obtaining additional financing: (i) appoint additional qualified personnel to address inadequate segregation of duties and ineffective risk management; and (ii) adopt sufficient written policies and procedures for accounting and financial reporting. The remediation efforts set out above are largely dependent upon our securing additional financing to cover the costs of implementing the changes required. If we are unsuccessful in securing such funds, remediation efforts may be adversely affected in a material manner.

Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues, if any, within our company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the quarter ended September 30, 2013 that have materially affected or are reasonably likely to materially affect, our internal control over financial reporting.
