CHENIERE ENERGY PARTNERS LP HOLDINGS, LLC  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(unaudited)

NOTE 1—NATURE OF BUSINESS

We are a Delaware limited liability company formed by Cheniere (NYSE MKT: LNG) to hold its limited partner interests in Cheniere Partners, a publicly traded limited partnership (NYSE MKT: CQP). Our only business consists of owning and holding Cheniere Partners' limited partner common units, Class B units ("Class B units") and subordinated units (collectively, the "Cheniere Partners units"), along with cash or other property that we receive as distributions in respect of such units, and, accordingly, our consolidated operating results and financial condition are dependent on the performance of Cheniere Partners. As of September 30, 2016, we owned a 55.9% limited partner interest in Cheniere Partners.

NOTE 2—BASIS OF PRESENTATION

The accompanying unaudited Consolidated Financial Statements of Cheniere Holdings have been prepared in accordance with GAAP for interim financial information and with Rule 10-01 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In our opinion, all adjustments, consisting only of normal recurring adjustments necessary for a fair presentation, have been included. Certain reclassifications have been made to conform prior period information to the current presentation. The reclassifications had no effect on our overall consolidated financial position, results of operations or cash flows.

Results of operations for the three and nine months ended September 30, 2016 are not necessarily indicative of the results of operations that will be realized for the year ending December 31, 2016.

For further information, refer to the Consolidated Financial Statements and accompanying notes included in our annual report on Form 10-K for the year ended December 31, 2015.

Accounting for Investment in Cheniere Partners

As of both September 30, 2016 and December 31, 2015, we owned a 55.9% limited partner interest in Cheniere Partners. In addition to the Cheniere Partners units, we own a non-economic voting interest in GP Holdco, which holds a 100% indirect interest in Cheniere Partners GP. This non-economic voting interest in GP Holdco allows us to control the appointment of four of the eleven members to the board of directors of Cheniere Partners GP to oversee the operations of Cheniere Partners. Cheniere owns the sole share entitled to vote in the election of our directors (the "Director Voting Share"). If Cheniere relinquishes the Director Voting Share, which it may do in its sole discretion, or ceases to own greater than 25% of our outstanding shares, our non-economic voting interest in GP Holdco would be extinguished and we would cease to control GP Holdco. Cheniere may, at any time and without our consent, relinquish the Director Voting Share, which would cause our non-economic voting interest in GP Holdco to be extinguished. Because Cheniere may relinquish the Director Voting Share at any time and we have no variable interest in GP Holdco, we have determined that we cannot consolidate Cheniere Partners and must account for our investment in the Cheniere Partners units that we own using the equity method of accounting.

We record our share of Cheniere Partners' net income (loss) in the period in which it is earned. The difference between our reported zero investment in Cheniere Partners as of both September 30, 2016 and December 31, 2015 and our ownership in Cheniere Partners' reported net assets, excluding the beneficial conversion feature associated with the

Class B units as reported by Cheniere Partners, was due primarily to suspended losses and equity gains from Cheniere Partners' sales of common units that were not recognized by us.

The equity method of accounting requires that our investment in Cheniere Partners be shown in our Consolidated Balance Sheets as a single amount. Our initial investment in Cheniere Partners is recognized at cost, and this carrying amount is increased or decreased to recognize our share of income or loss of Cheniere Partners after the date of our initial investment in the Cheniere Partners units. As a result of our historical negative investment in Cheniere Partners and because we are not obligated to fund losses, we had a zero investment balance in Cheniere Partners as of both September 30, 2016 and December 31, 2015 and had suspended the use of the equity method for additional losses. After giving effect to our equity ownership in Cheniere Partners as though we had acquired the Cheniere Partners units we owned as a result of a merger of entities under common control, we had suspended losses of approximately \$997 million and \$789 million as of September 30, 2016 and December 31, 2015, respectively. Additional equity method losses that we incur increase the suspended loss amount.

CHENIERE ENERGY PARTNERS LP HOLDINGS, LLC  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

Due to our zero investment balance in, and suspended losses of, Cheniere Partners as of both September 30, 2016 and December 31, 2015, we have historically and will continue to recognize distributions that we receive as a gain on our Consolidated Statements of Income and a corresponding entry will be made to increase the suspended loss account. Only upon recovery of all suspended losses through future earnings will equity income be reported on our Consolidated Statements of Income and future distributions reduce the carrying amount of our investment in Cheniere Partners.

NOTE 3—CAPITALIZATION

Cheniere Holdings' authorized capital structure consists of common shares and the Director Voting Share. No owner of Cheniere Holdings shall be liable for Cheniere Holdings' debts, liabilities or obligations beyond such owner's capital contribution. At September 30, 2016, our issued capitalization consisted of 231.7 million common shares, of which 185.6 million common shares were owned by Cheniere and its affiliates and 46.1 million common shares were owned by the public, and one Director Voting Share owned by Cheniere. We are authorized to issue an unlimited number of common shares. Additional classes or series of securities may be created with the approval of our Board of Directors, provided that any such additional class or series must be approved by a vote of holders of a majority of our outstanding shares.

NOTE 4—INVESTMENT IN CHENIERE PARTNERS

Our business consists of owning the following Cheniere Partners units, along with cash or other property that we receive as distributions in respect of such units:

Common Units

We own 11,963,488 common units, which are entitled to quarterly cash distributions from Cheniere Partners. To the extent that Cheniere Partners is unable to pay the initial quarterly distribution in the future, arrearages in the amount of the initial quarterly distribution (or the difference between the initial quarterly distribution and the amount of the distribution actually paid to common unitholders) may accrue with respect to the common units.

Subordinated Units

We own 135,383,831 subordinated units. The subordinated units are not entitled to receive distributions until all common units have received at least the initial quarterly distribution, including any arrearages that may accrue. The subordinated units will convert on a one-for-one basis into common units at the expiration of the subordination period as described in the Third Amended and Restated Agreement of Limited Partnership of Cheniere Partners, dated as of August 9, 2012. Cheniere Partners has not made any cash distributions in respect of the subordinated units with respect to the quarters ended on or after June 30, 2010.

Class B Units

We own 45,333,334 Class B units. The Class B units are not entitled to receive cash distributions except in the event of a liquidation of Cheniere Partners, a merger, consolidation or other combination of Cheniere Partners with another person or the sale of all or substantially all of the assets of Cheniere Partners. The Class B units are subject to conversion, mandatorily or at the option of the holders of the Class B units under specified circumstances, into a

number of common units based on the then-applicable conversion value of the Class B units. On a quarterly basis beginning on the initial purchase date of the Class B units, the conversion value of the Class B units increases at a compounded rate of 3.5% per quarter, subject to additional upward adjustment for certain equity and debt financings. As of September 30, 2016, the accreted conversion ratio of the Class B units owned by us and Blackstone CQP Holdco was 1.80 and 1.77, respectively. We expect the Class B units to mandatorily convert into common units within 90 days of the substantial completion date of Train 3, which we currently expect to be prior to June 30, 2017. If the Class B units are not mandatorily converted by July 2019, the holders of the Class B units have the option to convert the Class B units into common units at that time.

NOTE 6—RELATED PARTY TRANSACTIONS

Services Agreement

We, Cheniere and Cheniere Terminals, a wholly owned subsidiary of Cheniere, entered into a services agreement (the "Services Agreement") pursuant to which we pay Cheniere a fixed fee of \$1.0 million per year (payable quarterly in installments of \$250,000 per quarter, in arrears), subject to adjustment for inflation, for certain general and administrative services, including the services of our directors and officers who are also directors and officers of Cheniere. In addition, we pay directly for, or reimburse Cheniere for, certain third-party general and administrative expenses incurred. Cheniere also provides us with cash management services, including treasury services with respect to the payment of dividends and allocation of reserves for taxes. Under the Services Agreement, we recorded general

and administrative expense—affiliate of \$0.3 million during each of the three months ended September 30, 2016 and 2015 and \$0.8 million during each of the nine months ended September 30, 2016 and 2015.

The Services Agreement has a term of one year and automatically renews for additional one-year terms unless notice of nonrenewal is provided by any party to the agreement at least 90 days prior to the next renewal date. Upon the occurrence of certain events resulting in the separation of us and Cheniere, our officers and directors who are also directors and officers of Cheniere would resign. Within 60 days after such a separation event, we may provide notice to Cheniere to terminate the Services Agreement, and the Services Agreement will terminate 90 days after the delivery date of the notice. If we provide notice to terminate at any time after such a separation event, we may request that Cheniere continue to provide services to us for a period of up to six months from the termination notice date.

CHENIERE ENERGY PARTNERS LP HOLDINGS, LLC  
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
 (unaudited)

Tax Sharing Agreement

We have entered into a Tax Sharing Agreement (the “Tax Sharing Agreement”) with Cheniere that governs the respective rights, responsibilities and obligations of Cheniere and us with respect to tax attributes, tax liabilities and benefits, the preparation and filing of tax returns, the control of audits and other tax proceedings and other matters regarding taxes. Under the terms of the Tax Sharing Agreement, for each period in which we or any of our subsidiaries are consolidated or combined with Cheniere for purposes of any tax return, Cheniere will prepare a pro forma tax return for us as if we filed our own consolidated, combined or unitary income tax return, which includes an initial deemed net operating loss (“NOL”) carryforward amount. We will be required to reimburse Cheniere for any taxes shown on such pro forma tax returns.

Although we and Cheniere are each generally responsible for managing those disputes that relate to the taxes for which both are responsible, the Tax Sharing Agreement provides that Cheniere will have the responsibility and discretion to prepare and file all consolidated, combined or unitary income tax returns on our behalf (including the making of any tax elections), to respond to and conduct all tax proceedings (including tax audits) relating to such tax returns and to determine the reimbursement amounts in connection with any pro forma tax returns.

NOTE 7—INCOME TAXES

We are a limited liability company that has elected to be treated as a corporation for U.S. federal income tax purposes. The provision for income taxes, taxes payable and deferred income tax balances has been recorded as if we had filed all tax returns on a separate return basis (“hypothetical carve-out basis”) from Cheniere. We are not presently a taxpayer for federal or state income tax purposes and have not recorded a provision for federal or state income taxes in any of the periods included in our Consolidated Financial Statements. Our taxable income or loss is included in the consolidated federal income tax return of Cheniere. We have entered into a Tax Sharing Agreement with Cheniere as discussed in Note 6—Related Party Transactions. Any amounts due to Cheniere under the Tax Sharing Agreement in excess of our income tax provision calculated on a hypothetical carve-out basis will be recorded as an equity distribution.

If we separated from the Cheniere consolidated or combined group, our actual NOL carryforward may differ from our deemed NOL and may be limited by Internal Revenue Code (“IRC”) Section 382. Cheniere experienced an ownership change within the provisions of IRC Section 382 in 2008, 2010 and 2012. An analysis of the annual limitation on the utilization of Cheniere’s NOLs was performed in accordance with IRC Section 382. It was determined that IRC Section 382 will not limit the use of our NOLs in full over the carryover period. Cheniere will continue to monitor trading activity in its respective shares which may cause an additional ownership change which could ultimately affect our ability to fully utilize our existing tax NOL carryforwards.

NOTE 8—DISTRIBUTIONS RECEIVED AND DIVIDENDS PAID

The following provides a summary of distributions received from Cheniere Partners during the nine months ended September 30, 2016 and 2015:

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Information Regarding Forward-Looking Statements

This quarterly report contains certain statements that are, or may be deemed to be, "forward-looking statements." All statements, other than statements of historical facts, included herein or incorporated herein by reference are "forward-looking statements." Because substantially all of our assets consist of our interest in the limited partner interests of Cheniere Partners, many of these statements primarily relate to Cheniere Partners' business. Included among "forward-looking statements" are, among other things:

- statements regarding our ability to pay dividends to our shareholders;
- statements regarding Cheniere Partners' ability to pay distributions to its unitholders;
- statements regarding our anticipated tax rates and operating expenses;

## Introduction

The following discussion and analysis presents management’s view of our business, financial condition and overall performance and should be read in conjunction with our Consolidated Financial Statements and the accompanying notes. This information is intended to provide investors with an understanding of our past performance, current financial condition and outlook for the future. Our discussion and analysis includes the following subjects:

### Our Business

#### Our Relationship with Cheniere Partners

#### Liquidity and Capital Resources

#### Results of Operations

#### Off-Balance Sheet Arrangements

#### Summary of Critical Accounting Estimates

#### Recent Accounting Standards

## Our Business

We are a limited liability company that has elected to be treated as a corporation for U.S. federal income tax purposes. Our primary business purpose is to:

own and hold Cheniere Partners’ limited partner common units, Class B units (“Class B units”) and subordinated units (collectively, the “Cheniere Partners units”);

pay dividends on our shares from the distributions that we receive from Cheniere Partners, less income taxes and any reserves established by our Board of Directors (our “Board”) to pay our company expenses and amounts due under our services agreement (the “Services Agreement”) with a wholly owned subsidiary of Cheniere, to service and reduce indebtedness that we may incur and for company purposes, in each case as permitted by our limited liability company agreement (“LLC Agreement”);

simplify tax reporting requirements for investors by issuing a Form 1099-DIV with respect to the dividends received on our shares rather than a Schedule K-1 that would be received as a unitholder of Cheniere Partners; and

designate members of the board of directors of Cheniere Partners GP to oversee the operations of Cheniere Partners.

Our business consists of owning the following Cheniere Partners units, along with cash or other property that we receive as distributions in respect of such units:

## Common Units

We own 11,963,488 common units, which are entitled to quarterly cash distributions from Cheniere Partners. To the extent that Cheniere Partners is unable to pay the initial quarterly distribution in the future, arrearages in the amount of the initial quarterly distribution (or the difference between the initial quarterly distribution and the amount of the distribution actually paid to common unitholders) may accrue with respect to the common units.

## Subordinated Units

We own 135,383,831 subordinated units. The subordinated units are not entitled to receive distributions until all common units have received at least the initial quarterly distribution, including any arrearages that may accrue. The subordinated units will convert on a one-for-one basis into common units at the expiration of the subordination period as described in the Third Amended and Restated Agreement of Limited Partnership of Cheniere Partners, dated as of August 9, 2012. Cheniere Partners has not made any cash distributions in respect of the subordinated units with respect to the quarters ended on or after June 30, 2010.

## Class B Units

We own 45,333,334 Class B units. The Class B units are not entitled to receive cash distributions except in the event of a liquidation of Cheniere Partners, a merger, consolidation or other combination of Cheniere Partners with another person or the sale of all or substantially all of the assets of Cheniere Partners. The Class B units are subject to conversion, mandatorily or at the option of the holders of the Class B units under specified circumstances, into a number of common units based on the then-applicable conversion value of the Class B units. On a quarterly basis beginning on the initial purchase date of the Class B units, the conversion value of the Class B units increases at a compounded rate of 3.5% per quarter subject to additional upward adjustment for certain equity and debt financings. As of September 30, 2016, the accreted conversion ratio of the Class B units owned by us and Blackstone CQP Holdco was 1.80 and 1.77, respectively. We expect the Class B units to mandatorily convert into common units within 90 days of the substantial completion date of Cheniere Partners' Train 3, which we currently expect to be prior to June 30, 2017. If the Class B units are not mandatorily converted by July 2019, the holders of the Class B units have the option to convert the Class B units into common units at that time.

The following table (in thousands) illustrates the number of common units into which the Class B units held by us and Blackstone CQP Holdco would convert at the dates specified below and our and Blackstone CQP Holdco's percentage ownership of then outstanding Cheniere Partners units, assuming that none of the outstanding Class B units are optionally converted prior to the dates set forth in the table and that no additional limited partner interests are issued by Cheniere Partners prior to such dates:

	December 31, 2016	December 31, 2017	December 31, 2018	July 9, 2019
Cheniere Holdings:				
Number of Common Units	84,357	96,792	111,060	119,362
Percentage Ownership	49.4%	47.9%	46.5%	45.8%
Blackstone CQP Holdco:				
Number of Common Units	182,881	209,782	240,640	258,550
Percentage Ownership (1)	39.0%	41.2%	43.3%	44.4%

This percentage ownership is based solely upon the conversion of Class B units and does not include any common units that may be deemed to be beneficially owned by Blackstone Group, an affiliate of Blackstone CQP Holdco.

(1) Based on information from a Schedule 13D/A filed by Blackstone Group and related parties with the SEC on January 15, 2016, Blackstone Group may be deemed to beneficially own 3,758,003 common units.

## Overview of Significant Events

Our significant accomplishments since January 1, 2016 and through the filing date of this Form 10-Q include the following:

On September 30, 2016, Cheniere submitted a proposal to our Board to acquire the publicly held shares of us not already owned by Cheniere in a stock for stock exchange. There can be no assurance that any discussions that may

occur between us and Cheniere in connection with the proposal will result in the entry into a definitive agreement concerning a transaction or, if such a definitive agreement is reached, will result in the consummation of a transaction provided for in such definitive agreement.

In August and September 2016, the Board accepted the resignations of Meg A. Gentle and R. Keith Teague. Cheniere, as holder of the sole share entitled to vote in the election of directors of Cheniere Holdings, appointed Anatol Feygin and Doug Shanda as members of the Board.

## Our Relationship with Cheniere Partners

We own approximately 55.9% of the outstanding Cheniere Partners units. As a result of our non-economic voting interest in GP Holdco, which holds a 100% interest in Cheniere Partners GP, we control GP Holdco and indirectly control the appointment of four of the eleven members of the board of directors of Cheniere Partners GP to oversee the operations of Cheniere Partners. Cheniere owns the sole share entitled to vote in the election of our directors (the “Director Voting Share”). If Cheniere relinquishes the Director Voting Share, which it may do in its sole discretion, or ceases to own greater than 25% of our outstanding shares, our non-economic voting interest in GP Holdco would be extinguished and we would cease to control GP Holdco. Because our only assets are limited partner interests in Cheniere Partners and we are therefore dependent on the operating results and financial condition of Cheniere Partners, we believe that the discussion and analysis of Cheniere Partners’ financial condition and operating results is important to our shareholders. Therefore, Cheniere Partners’ quarterly report on Form 10-Q for the quarter ended September 30, 2016 has been included in this filing as Exhibit 99.1 and incorporated herein by reference (the “Cheniere Partners Quarterly Report”).

## Liquidity and Capital Resources

As of September 30, 2016, we had cash and cash equivalents of \$0.5 million. Our capital structure consists only of common shares, of which 185.6 million shares are owned by Cheniere and 46.1 million shares are owned by the public, and one Director Voting Share which is held by Cheniere. We are authorized to issue an unlimited number of additional common shares. Additional classes or series of securities may be created with the approval of our Board, provided that any such additional class or series must be approved by a vote of holders of a majority of our outstanding shares. Our shareholders will not have preemptive or preferential rights to acquire additional common shares or other classes of our securities.

Cheniere provides certain general and administrative services pursuant to the Services Agreement. We pay a fixed fee of \$1.0 million per year (payable quarterly in installments of \$250,000 per quarter, in arrears), subject to adjustment for inflation, for certain general and administrative services, including the services of our directors and officers who are also directors and executive officers of Cheniere. In addition, we pay directly for, or reimburse Cheniere for, certain third-party general and administrative expenses incurred. Cheniere also provides us with cash management services, including treasury services with respect to the payment of dividends and allocation of reserves for taxes. Under the Services Agreement, we recorded general and administrative expense—affiliate of \$0.3 million during each of the three months ended September 30, 2016 and 2015 and \$0.8 million during each of the nine months ended September 30, 2016 and 2015.

We believe that the cash distributions we will receive on the Cheniere Partners units will be sufficient to fund fees and expenses due under the Services Agreement and our working capital requirements for the next twelve months.

## Dividends

Our LLC Agreement requires us to pay dividends on our shares equal to the amount of cash that we receive as distributions in respect of the Cheniere Partners units that we own, less income taxes and reserves established by our Board. See Note 8—Distributions Received and Dividends Paid of our Notes to Consolidated Financial Statements for a summary of dividends paid by us during the nine months ended September 30, 2016 and 2015.

## Sources and Uses of Cash

The following table (in thousands) summarizes the sources and uses of our cash and cash equivalents for the nine months ended September 30, 2016 and 2015. Additional discussion of these items follows the table.

	Nine Months Ended September 30,	
	2016	2015

Cash and cash equivalents—beginning of period	917	1,261
Cash and cash equivalents—end of period	\$460	\$980

## Operating Cash Flows

Operating cash flows during each of the nine months ended September 30, 2016 and 2015 were \$1.8 million, primarily as a result of the payment of general and administrative expenses (including affiliate).

## Investing Cash Flows

Investing cash flows during each of the nine months ended September 30, 2016 and 2015 were \$15.3 million, as a result of distributions from Cheniere Partners.

## Financing Cash Flows

Financing cash flows during the nine months ended September 30, 2016 and 2015 were \$13.9 million and \$13.8 million, respectively, primarily as a result of dividends paid to our common shareholders in accordance with our LLC Agreement as described above.

## Results of Operations

### Equity Income from Investment in Cheniere Partners

We use the equity method of accounting for our limited partner ownership interest in Cheniere Partners. The equity method of accounting requires that our investment in Cheniere Partners be shown in our Consolidated Balance Sheets as a single amount. Our initial investment in Cheniere Partners was recognized at cost, and this carrying amount is increased or decreased to recognize our share of income or loss of Cheniere Partners after the date of our initial investment in the Cheniere Partners units. As a result of our historical negative investment in Cheniere Partners and because we are not obligated to fund losses, we had a zero investment balance in Cheniere Partners recorded on the Consolidated Balance Sheets as of both September 30, 2016 and December 31, 2015 and had suspended the use of the equity method for any additional losses. The suspended loss account will be increased or decreased by our share of

Cheniere Partners' future losses or earnings, respectively. We had suspended losses of approximately \$997 million and \$789 million as of September 30, 2016 and December 31, 2015, respectively. Due to our zero investment balance in, and suspended losses of, Cheniere Partners as of both September 30, 2016 and December 31, 2015, we have historically and will continue to recognize distributions that we receive as a gain on our Consolidated Statements of Income and a corresponding entry will be made to increase the suspended loss account. Once we have recovered all suspended losses through our share of Cheniere Partners' future earnings, the equity income or loss from our share of Cheniere Partners' future earnings will be reported on our income statements. In addition, future distributions we receive from Cheniere Partners would then reduce the carrying amount of our investment in Cheniere Partners. We recognized \$5.1 million for each of the three months ended September 30, 2016 and

2015 and \$15.3 million for each of the nine months ended September 30, 2016 and 2015 of equity income from our investment in Cheniere Partners resulting from quarterly distributions that Cheniere Partners paid to us.

The following table summarizes Consolidated Statements of Operations information for Cheniere Partners. Additional information on Cheniere Partners' operating results and financial position are contained in the Cheniere Partners Quarterly Report.

These expenses included \$0.3 million for each of the three months ended September 30, 2016 and 2015 and \$0.8 million for each of the nine months ended September 30, 2016 and 2015 related to services provided by Cheniere under the Services Agreement necessary for the conduct of our business, such as accounting, legal, tax, information technology and other expenses.

Off-Balance Sheet Arrangements

As of September 30, 2016, we had no transactions that met the definition of off-balance sheet arrangements that may have a current or future material effect on our consolidated financial position or operating results.

During the most recent fiscal quarter, there have been no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II. OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS

We may in the future be involved as a party to various legal proceedings, which are incidental to the ordinary course of business. We regularly analyze current information and, as necessary, provide accruals for probable liabilities on the eventual disposition of these matters. In the opinion of management, as of September 30, 2016, there were no pending legal matters that would reasonably be expected to have a material impact on our consolidated operating results, financial position or cash flows.

### ITEM 1A. RISK FACTORS
