### BUTLER NATIONAL CORPORATION AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. The accompanying unaudited Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q of Regulation S-X and do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of the management of the Company, all adjustments (consisting of normal recurring accruals) necessary for a fair presentation have been included. Operating results for the three months ended July 31, 2001 are not indicative of the results of operations that may be expected for the year ending April 30, 2002.

Certain reclassifications within the financial statement captions have been made to maintain consistency in presentation between years.

2. Indian Gaming: The Company is advancing funds for the establishment of Indian gaming. These funds have been capitalized in accordance with Statements of Financial Accounting Standards (SFAS) 67 "Accounting for Costs and Initial Rental Operations of Real Estate Projects." Such standard requires costs associated with the acquisition, development, and construction of real estate and real estate-related projects to be capitalized as part of that project. The realization of these advances is predicated on the ability of the Company and their Indian gaming clients to successfully open and operate the proposed casinos. There is no assurance that the Company will be successful. The inability of the Company to recover these advances could have a material adverse effect on the Company's financial position and results of operations.

Advances to the tribes and for gaming developments are capitalized and

## Edgar Filing: BUTLER NATIONAL CORP - Form 10-Q/A

recorded as receivables from the tribes. These receivables, shown as Advances for Indian Gaming Development on the balance sheet, represent costs to be reimbursed to the Company pending approval of Indian gaming in several locations. The Company has agreements in place which require payments to be made to the Company for the respective projects upon opening of Indian gaming facilities. Once gaming facilities have gained proper approvals, the Company will enter into note receivable arrangements with the tribe to secure reimbursement of advanced funds to the Company for the particular project. The Company currently has one note receivable shown as Note Receivable From Indian Gaming Development on the balance sheet.

Reserves are recorded for Indian Gaming Development costs that cannot be determined whether reimbursement from the Tribes will occur. We have agreements with the Tribes to be reimbursed for all costs incurred by us to develop gaming when the facilities are constructed and opened. Because the Stables represents the only operations opened, there is uncertainty as to whether reimbursement on all remaining costs that have been reserved will occur. It is our policy therefore, to reduce the respective reserves as reimbursement from the Tribes is collected.

The Company has capitalized approximately \$1,866,322 and \$1,861,376 at July 31, 2001 and April 30, 2001 respectively, related to the development of Indian gaming facilities. These amounts are net of reserves of \$2,718,928 in fiscal year 2001 and 2000, which were established to reserve for potentially unreimburseable costs. In the opinion of management, the net advances will be recoverable through the gaming activities. Current economic projections for the gaming activities indicate adequate future cash flows to recover the advances. In the event the Company and its Indian clients are unsuccessful in establishing such operations, these net recorded advances will be recovered through the liquidation of the associated assets. The Company has title to land purchased for Indian gaming. These tracts, currently owned by the Company, could be sold to recover costs in the projects.

As a part of a Management Contract approved by the National Indian Gaming Commission (NIGC) on January 14, 1997, between the Company's (then) wholly owned subsidiary, Butler National Service Corporation, and the Miami Tribe of Oklahoma and the Modoc Tribe of Oklahoma (the Tribes), the Company agreed to convert their current unsecured receivable from the Tribes to a secured note receivable with the Tribes of \$3,500,000 at 2 percent over prime, to be repaid over five years, for the construction of the Stables gaming establishment and reimbursement for previously advanced funds. Security under the contract includes the Tribes' profits from all tribal gaming enterprises and all assets of the Stables except the land and building. In conjunction with the dividend of Butler National Services Corporation (BNSC) shares to Company shareholders in May, 1999 \$1,607,642 of the note was an asset of BNSC and \$1,770,351 was an asset of the Company. The Company is currently receiving payments on the note on the Stables' operation. Amounts to be received on the notes are 2002 - \$468,137; 2003 - \$647,285 and 2004 - \$638,041.

3. Quasi Reorganization: After completing a three-year program of restructuring the Company's operation, on October 31, 1992, the Company adjusted the accumulated deficit (earned surplus benefit) to a zero balance thereby affording the Company a "fresh start." No assets or liabilities required adjustment in this process as they had been recorded at fair value. The amount of accumulated deficit eliminated as of October 31, 1992, was \$11,938,813. Upon consummation of the reorganization, all deficits in the surplus accounts were eliminated

## Edgar Filing: BUTLER NATIONAL CORP - Form 10-Q/A

against paid-in capital.

4. **New Accounting Standards:** The American Institute of Certified Public Accountants has issued SOP 98-5, "Reporting on the costs of start-up activities." This standard provides a change in the capitalization policy for start up costs. The standard is required for the Company's fiscal year-end 1999. The Company has evaluated this standard and concluded its adoption will have no material effect to the financial statements.

5. **Earnings Per Share:** Earnings per common share is based on the weighted average number of common shares outstanding during the year. Stock options, convertible preferred, and convertible debentures have been considered in the dilutive earnings per share calculation, but not used in 2001 and 2000 because they are anti-dilutive.

7. **Research and Development:** The Company charges to operations research and development costs. The amount charged in the quarter ended July 31, 2001 was approximately \$208,000.

## Edgar Filing: BUTLER NATIONAL CORP - Form 10-Q/A

the three months ended July 31, 2000. The Company believes the sales volume will remain relatively stable with growth from new projects for the next few years.

SCADA Systems and Monitoring Services: Sales for the three months ended July 31, 2001 were \$296,893 compared to sales of \$266,237 for the comparable period of the prior year an increase of 11.5%. Operating profit for the three months was \$27,870 compared to \$45,567 for the three months ended July 31, 2000. Fluctuations above the basic service business revenues are expected from quarter to quarter and year to year.

Temporary Services: This segment did not recognize any revenue in the first quarter of fiscal 2002 and fiscal 2001.

Management Services:

-General-

Indian Gaming Management (a division of Butler National Corporation): This segment received \$45,851 in interest income and incurred no expenses during the current quarter.

### COSTS AND EXPENSES

Operating expenses (selling, general and administrative): Expenses in the three months ended July 31, 2001, were \$486,529 or 15% of sales compared to \$484,921 or 49% of sales for the three months ended July 31, 2000, an increase of \$1,608 or 0.3%.

Interest expense for the three months ended July 31, 2001, increased \$6,430 from \$83,545 in the first quarter of the prior year to \$83,545. The Company continues to use its line of credit to maintain operations.

Other income(expense) is income of \$3,435 in the quarter ended July 31, 2001, versus income of \$2,005 in the quarter ended July 31, 2000.

The Company employed 48 at July 31, 2001, and 69 at July 31, 2000.

### EARNINGS

The Company recorded a profit of \$527,317 in the three months ended July 31, 2001. This is comparable to a loss of \$384,937 (see note 2) in the three months ended July 31, 2000. Income per share is \$0.02 and income per share is \$(.02) for the three months ending July 31, 2001, and July 31, 2000, respectively.

### LIQUIDITY AND CAPITAL RESOURCES

Borrowed funds have been used primarily for working capital. Bank (Industrial State Bank) debt related to the Company's operating line was \$421,471 at July 31, 2001, and was \$438,902 at July 31, 2000.

The Company's unused line of credit was approximately \$78,529 as of July 31, 2001 and approximately \$61,098 as of July 31, 2000. The interest rate on the Company's line of credit is prime plus two, as of September 15, 2001, the interest rate is 9.0%.

The Company plans to continue using the promissory notes payable to fund working capital. The Company believes the extensions will continue and does not anticipate the repayment of these notes in fiscal 2002. The extensions of the promissory notes payable is consistent with prior years. If the Bank were to demand repayment of the notes payable

## Edgar Filing: BUTLER NATIONAL CORP - Form 10-Q/A

the Company currently does not have enough cash to pay off the notes without materially adversely affecting the financial condition of the Company.

The Company does not, as of July 31, 2001 have any material commitments for other capital expenditures other than the Management Services segment's requirements under the terms of the Indian gaming Management Agreements. These requirements are further described in this section.

Depending upon the development schedules, the Company, through Management Services, will need additional funds to complete its currently planned Indian gaming opportunities. The Company will use current cash available, and additional funds, for the start up and construction of gaming facilities. The Company anticipates initially obtaining these funds from: internally generated working capital and borrowings. After a few gaming facilities become operational, gaming operations will generate additional working capital for the start up and construction of other gaming facilities. The Company expects that its start up and construction financing of gaming facilities will be replaced by other financial lenders, long term financing through debt issue, or equity issues.

The Company was initially listed in the National Over-the-Counter market in 1969, under the symbol "BUTL". Effective June 8, 1992, the symbol was changed to "BLNL". On February 24, 1994, it was listed on the small cap market under the symbol "BUKS". The Company's common stock was delisted from the small cap category effective January 1, 1999, and is now listed in the over-the-counter (OTCBB) category.
