- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act

**Item 1.01**

**Entry into a Material Definitive Agreement or Other Events.**

On September 14, 2016, U.S. Energy Corp. (the “Company”), and IronHorse Resources, LLC (“IronHorse”), entered into an Earnings & Participation Agreement dated effective September 2, 2016 (the “Agreement”), pursuant to which the Company has agreed to purchase 40% of IronHorse’s interest in five Wattenberg farmout agreements previously acquired by IronHorse. Section 11 of the Agreement set a deadline of October 10, 2016 for the Company to provide reasonable evidence of funding sufficient to meet its drilling obligations. On October 10, 2016, the Company and IronHorse agreed to extend the financial assurance deadline under the Agreement to November 10, 2016, in part due to the expected delay of the drilling program start date into early 2017. The extension will allow the Company to continue negotiating with several potential financial partners.

The Company’s CEO and President David Veltri stated, “securing the lowest cost of capital along with teaming with the right strategic partner is key to building the company not only for the Wattenberg project but also for the future drilling and acquisition projects under consideration. We appreciate working with IronHorse and their management team in helping to enhance the development project economics”.

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
