FORWARD-LOOKING STATEMENTS

This proxy statement/prospectus, including information incorporated by reference into this proxy statement/prospectus, includes forward-looking statements regarding, among other things, Skinvisible's and Quoin's plans, strategies and prospects, both business and financial. Although Skinvisible and Quoin believe that their plans, intentions and expectations reflected in or suggested by these forward-looking statements are reasonable, neither Skinvisible nor Quoin can assure you that either will achieve or realize these plans, intentions or expectations. Forward-looking statements are inherently subject to risks, uncertainties and assumptions including, without limitation, the factors described under "Risk Factors" from time to time in Skinvisible's filings with the SEC. All statements other than statements of historical fact are statements that could be deemed forward-looking statements. Many of the forward-looking statements contained in this presentation may be identified by the use of forward-looking words such as "believe", "expect", "anticipate", "should", "planned", "will", "may", "intend", "estimated", "a", "target", "opportunity", "tentative", "positioning", "designed", "create", "predict", "project", "seek", "would", "could", "contin", "upside", "increases" and "potential", among others. Important factors that could cause actual results to differ materially from the forward-looking statements we make in this presentation are set forth in other reports or documents that we file from time to time with the SEC, and include, but are not limited to:

- the number and percentage of Skinvisible's public stockholders voting against the proposals set forth in this proxy statement;
- the occurrence of any event, change or other circumstances that could give rise to the termination of the Merger Agreement;
- changes adversely affecting the business in which Skinvisible or Quoin are engaged;
- management of growth;
- general economic conditions;
- Quoin's business strategy and plans;
- the result of future financing efforts; and
- and the other factors summarized under the section entitled "Risk Factors".

You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this proxy statement/prospectus. All forward-looking statements included herein attributable to any of Skinvisible, Quoin or any person acting on either party's behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section.

For a discussion of the factors that may cause Skinvisible's or Quoin's actual results, performance or achievements to differ materially from any future results, performance or achievements expressed or implied in such forward-looking statements, see "Risk Factors" beginning on page [].

If any of these risks or uncertainties materializes or any of these assumptions proves incorrect, the actual results of Skinvisible or Quoin could differ materially from the forward-looking statements. All forward-looking statements in this proxy statement are current only as of the date on which the statements were made. Skinvisible and Quoin do not undertake any obligation to publicly update any forward-looking statement to reflect events or circumstances after the date on which any statement is made or to reflect the occurrence of unanticipated events.

Before a stockholder grants its proxy or instructs how its vote should be cast or vote on the merger proposal, spin-off proposal, or the adjournment proposal, it should be aware that the occurrence of the events described in the "Risk Factors" section and elsewhere in this proxy statement/prospectus may adversely affect Skinvisible and Quoin.

VOTING AND RELATED MATTERS

Voting Procedures

As a stockholder of Skinvisible, you have a right to vote on certain business matters affecting us. The proposals that will be presented at the Special Meeting and upon which you are being asked to vote are discussed below. Each share of Skinvisible's common stock you owned as of the record date entitles you to one vote on each proposal presented at the Special Meeting.

Methods of Voting

You may vote over the Internet, by telephone, by mail or in person at the Special Meeting.

Voting over the Internet. You can vote via the Internet. The website address for Internet voting and the instructions for voting are provided on your proxy card. You will need to use the control number appearing on your proxy card to vote via the Internet. If you vote via the Internet, you do not need to vote by telephone or return a proxy card.

Voting by Telephone. You can vote by telephone by calling the toll-free telephone number provided on your proxy card. You will need to use the control number appearing on your proxy card to vote by telephone. If you vote by telephone, you do not need to vote over the Internet or return a proxy card.

Voting by Mail. You can vote by marking, dating and signing your proxy card, and returning it in the postage-paid envelope provided. Please promptly mail your proxy card to ensure that it is received prior to the closing of the polls at the Special Meeting.

Voting in Person at the Meeting. If you attend the Special Meeting and plan to vote in person, we will provide you with a ballot at the Special Meeting. If your shares are registered directly in your name, you are considered the stockholder of record, and you have the right to vote in person at the Special Meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in street name. As a beneficial owner, if you wish to vote at the Special Meeting, you will need to bring to the Special Meeting a legal proxy from your broker or other nominee authorizing you to vote those shares.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the Special Meeting. To do this, you must:

- enter a new vote over the Internet or by telephone, or by signing and returning a replacement proxy card;
- provide written notice by [], 2018 of the revocation to Skinvisible's Corporate Secretary at Skinvisible's principal executive offices, which are located at 6320 South Sandhill Road, Suite 10, Las Vegas, NV 89120; or
- attend the Special Meeting and vote in person.

Quorum and Voting Requirements

Stockholders of record at the close of business on [], 2018 are entitled to receive notice and vote at the meeting. On the record date, there were [] issued and outstanding shares of Skinvisible's common stock. Each holder of Skinvisible's common stock voting at the meeting, either in person or by proxy, may cast one vote per share of common stock held on each of the matters to be voted on at the meeting.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote constitutes a quorum for the transaction of business at the meeting. Assuming that a quorum is present, the following table summarizes the voting requirements to approve each proposal:

Table of Contents

Proposal	Vote Required	Broker Discretionary Voting Allowed
Proposal No. 1 — To approve the Merger Agreement.	The affirmative vote of a majority of the votes cast at the Special Meeting.	No
Proposal No. 2 — To amend Skinvisible’s Articles of Incorporation to effect a Reverse Split (the “Reverse Split”) of Skinvisible’s issued and outstanding common stock by a ratio of not less than one-for-ten and not more than one-for-one hundred, with the exact ratio to be set at a whole number within this range, as determined by Skinvisible’s board of directors in its sole discretion.	The affirmative vote of a majority of the outstanding shares of common stock.	No
Proposal No. 3 — To approve an amendment to the Articles of Incorporation of Skinvisible which changes its name to Quoin Pharmaceuticals, Inc. at the effective time of the Merger.	The affirmative vote of a majority of the outstanding shares of common stock.	No
Proposal No. 4 — To approve a proposal to adjourn the Special Meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the Special Meeting, Skinvisible is not authorized to consummate the transactions contemplated by the aforementioned proposals.	The affirmative vote of a majority of the votes cast at the Special Meeting.	Yes

Votes cast by proxy or in person at the meeting will be tabulated by the election inspectors appointed for the meeting. Such inspectors will also determine whether a quorum is present. The election inspectors will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of

determining the approval of any matter submitted to the stockholders for a vote. Accordingly, abstentions will have no effect on whether Proposal No. 1 and Proposal No. 4, are approved at the Special Meeting. Abstentions will have the same effect as a vote “AGAINST” Proposal No. 2 and Proposal No. 3.

If your shares are held in street name and you do not instruct your broker on how to vote your shares, your brokerage firm, in its discretion, is permitted to either leave your shares unvoted or vote your shares on matters that are considered routine.

Proposal No. 4 is considered a routine matter while Proposal No. 1, Proposal No. 2 and Proposal No. 3 are considered non-routine matters. Consequently, without your voting instructions, your brokerage firm will not be able to vote your shares on Proposal No. 1, Proposal No. 2 and Proposal No. 3. These unvoted shares, called “broker non-votes,” refer to shares held by brokers who have not received voting instructions from their clients and who do not have discretionary authority to vote on non-routine matters. Broker non-votes will not be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Assuming that a quorum is present, broker non-votes (i) will have no effect on whether Proposal No. 1 and Proposal No. 4 are approved at the Special Meeting and (ii) will have the same effect as a vote “AGAINST” each of Proposal No. 2 and Proposal No. 3.

Table of Contents

Householding of Proxy Materials

In a further effort to reduce printing costs and postage fees, we have adopted a practice approved by the SEC called “householding.” Under this practice, stockholders who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of Skinvisible’s proxy materials, unless one or more of these stockholders notifies us that he or she wishes to continue receiving individual copies.

We will promptly deliver a separate copy of these proxy materials to any stockholder upon written or oral request to Skinvisible’s Corporate Secretary by mail at 6320 South Sandhill Road, Suite 10, Las Vegas, NV 89120 or by phone at (702) 433-7154.

If: (1) you share an address with another stockholder and received only one set of proxy materials, and would like to request a separate paper copy of these materials; or (2) you share an address with another stockholder and in the future together you would like to receive only a single paper copy of these materials, please notify Skinvisible’s Corporate Secretary by mail at 6320 South Sandhill Road, Suite 10, Las Vegas, NV 89120 or by phone at (702) 433-7154.

If you have previously elected to receive Skinvisible’s proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

Proxy Solicitation

We will bear the cost of this solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for reasonable expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by Skinvisible’s directors, officers or employees, personally, or by mail, facsimile, telephone, messenger or via the Internet, without additional compensation.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Beneficial ownership is determined in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage of ownership of that person, shares of common stock subject to options and warrants held by that person that are currently exercisable or become exercisable within 60 days of [], 2018 are deemed outstanding even if they have not actually been exercised. Those shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

The following table sets forth, as of [], 2018 the beneficial ownership of Skinvisible's common stock by each executive officer and director, by each person known by us to beneficially own more than 5% of Skinvisible's common stock and by the executive officers and directors as a group.

Penny Stock

The SEC has adopted rules that regulate broker-dealer practices in connection with transactions in penny stocks. Penny stocks are generally equity securities with a market price of less than \$5.00, other than securities registered on certain national securities exchanges or quoted on the NASDAQ system, provided that current price and volume information with respect to transactions in such securities is provided by the exchange or system. The penny stock rules require a broker-dealer, prior to a transaction in a penny stock, to deliver a standardized risk disclosure document prepared by the SEC, that: (a) contains a description of the nature and level of risk in the market for penny stocks in both public offerings and secondary trading; (b) contains a description of the broker's or dealer's duties to the customer and of the rights and remedies available to the customer with respect to a violation of such duties or other requirements of the securities laws; (c) contains a brief, clear, narrative description of a dealer market, including bid and ask prices for penny stocks and the significance of the spread between the bid and ask price; (d) contains a

toll-free telephone number for inquiries on disciplinary actions; (e) defines significant terms in the disclosure document or in the conduct of trading in penny stocks; and (f) contains such other information and is in such form, including language, type size and format, as the SEC shall require by rule or regulation.

The broker-dealer also must provide, prior to effecting any transaction in a penny stock, the customer with (a) bid and offer quotations for the penny stock; (b) the compensation of the broker-dealer and its salesperson in the transaction; (c) the number of shares to which such bid and ask prices apply, or other comparable information relating to the depth and liquidity of the market for such stock; and (d) a monthly account statement showing the market value of each penny stock held in the customer's account.

In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from those rules, the broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written acknowledgment of the receipt of a risk disclosure statement, a written agreement as to transactions involving penny stocks, and a signed and dated copy of a written suitability statement.

Table of Contents

These disclosure requirements may have the effect of reducing the trading activity for Skinvisible's common stock. Therefore, stockholders may have difficulty selling Skinvisible's securities.

Holders of Skinvisible Common Stock

As of March 31, 2017, we had 140,977,600 shares of Skinvisible's common stock issued and outstanding, held by 189 shareholders of record, other than those held in street name.

Dividends

There are no restrictions in Skinvisible's articles of incorporation or bylaws that prevent us from declaring dividends. The Nevada Revised Statutes, however, do prohibit us from declaring dividends where after giving effect to the distribution of the dividend:

1. Skinvisible would not be able to pay its debts as they become due in the usual course of business, or;
2. Skinvisible's total assets would be less than the sum of its total liabilities plus the amount that would be needed to satisfy the rights of shareholders who have preferential rights superior to those receiving the distribution.

Skinvisible has not declared any dividends and Skinvisible does not plan to declare any dividends in the foreseeable future.

Interests of Skinvisible's Directors and Officers in the Merger

In considering the recommendation Skinvisible's Board to vote for the proposals presented at the special meeting, you should be aware that our executive officers and members of our Board have interests in the merger proposal that are different from, or in addition to, the interests of our shareholders generally. The members of our Board were aware of these differing interests and considered them, among other matters, in evaluating and negotiating the transaction agreements and in recommending to our shareholders that they vote in favor of the proposals presented at the special meeting. These interests include, among other things:

• Terry Howlett and Doreen McMorran have entered into new 1 year employment agreements with the Combined Company, which employment agreements will become effect upon the closing of the Merger; and
Terry Howlett and Doreen McMorran and certain other related parties have agreed to cancel \$500,000 of Related Party Indebtedness, in exchange for 100% of the shares (5,750,000) in Ovation Science Inc. ("Ovation") held by Skinvisible.

General

Skinvisible will hold the Special Meeting to consider and vote upon these proposals. This proxy statement/prospectus contains important information about matters to be acted upon at the Special Meeting. Stockholders should read it carefully. The vote of stockholders is important.

In order to complete the Merger, Skinvisible stockholders must vote to approve the merger proposal and all other conditions to the Merger must be satisfied or waived.

Stockholders are encouraged to vote as soon as possible after carefully reviewing this proxy statement/prospectus. If Skinvisible stockholders fail to adopt the merger proposal, the Merger cannot be completed.

Q: Why am I receiving this proxy statement?

The board of directors of Skinvisible is soliciting your proxy to vote at the Special Meeting because you owned shares of Skinvisible common stock at the close of business on [], 2018, the "Record Date" for the Special Meeting, and are therefore entitled to vote at the Special Meeting. This proxy statement, along with a proxy card or a voting instruction card, is being mailed to stockholders on or about [], 2018. Skinvisible has made these materials available to you on the Internet, and Skinvisible has delivered printed proxy materials to you or sent them to you by e-mail. This proxy statement summarizes the information that you need to know in order to cast your vote at the Special Meeting. You do not need to attend the Special Meeting in person to vote your shares of Skinvisible common stock.

Q: On what matters will I be voting?

The Merger — Skinvisible stockholders are being asked to consider and vote upon a proposal to adopt and approve an Agreement and Plan of Merger and Reorganization (the "Merger Agreement") dated March 26, 2018 by and among Quoin Pharmaceuticals, Inc. ("Quoin"), Skinvisible and Skinvisible's wholly owned subsidiary, Quoin Merger Sub, Inc. ("Merger Sub"). A copy of the Merger Agreement, as amended, is attached to this proxy statement as Annex A, and Skinvisible encourages its stockholders to read it in its entirety.

The Reverse Split — Skinvisible's stockholders are also being asked to consider and vote upon a proposal to approve a reverse split of Skinvisible's issued outstanding stock by a ratio of not less than one-for-ten and not more than one-for-one hundred, with the exact ratio to be set at a whole number within this range as determined by Skinvisible's board of directors in its sole discretion.

Name Change. Skinvisible's stockholders are also being asked to consider and vote upon a proposal to approve an amendment to Skinvisible's Articles of Incorporation to change the name of Skinvisible, Inc. after the effective date of the Merger to "Quoin Pharmaceuticals, Inc."

The Adjournment Proposal — Skinvisible's stockholders may also be asked to consider and vote upon a proposal to adjourn the meeting to a later date or dates to permit further solicitation and vote of proxies if, based upon the

tabulated vote at the time of the Special Meeting, Skinvisible would not have been authorized to consummate the Merger.

Proposal No. 1 — The Merger

Q: Why is Skinvisible proposing the Merger?

In evaluating the Merger Agreement and the transactions contemplated thereby and recommending that Skinvisible's stockholders vote in favor of approval of the Merger Agreement and the transactions contemplated thereby, Skinvisible's board of directors, in consultation with Skinvisible's senior management and outside legal counsel, concluded that the other strategic alternatives available to Skinvisible, such as continuing to operate as an independent company and pursuing its strategic plan and the possibility of growing its business through acquisitions and internal growth, was less attractive than Quoin's proposal to Skinvisible's stockholders. Skinvisible believes that a business combination with Quoin as contemplated by the Merger Agreement described below will provide Skinvisible stockholders with an opportunity to participate in a company with significant growth potential.

Q: What will Skinvisible stockholders retain if the Merger is completed?

Subject to the terms of the Merger Agreement, at the effective time of the Merger, Quoin stockholders will receive a number of newly issued shares of Skinvisible common stock determined using the exchange ratio described below in exchange for their shares of Quoin stock.

Following the Merger, stockholders of Quoin will become the majority owners of Skinvisible.

At the Effective Time, all outstanding shares of Quoin common stock will be converted solely into the right to receive a number of shares of Skinvisible common stock such that the holders of outstanding equity of Quoin immediately prior to the Effective Time will own approximately 72.5% of the outstanding equity of Skinvisible immediately following the Effective Time and holders of outstanding equity of Skinvisible immediately prior to the Effective Time will own approximately 27.5% of the outstanding equity of Skinvisible immediately following the Effective Time, which ratio we refer to herein as the "Exchange Ratio."

Skinvisible is required, within 30 business days after the execution of the Merger Agreement to use its commercially reasonable efforts to enter into one or more agreements to cause certain of its indebtedness to be converted into Skinvisible common stock immediately prior to the Effective Time.

If such agreements are not executed, the Exchange Ratio will be revised to cause the percentage of the outstanding equity of Skinvisible immediately following the Effective Time to be held by holders of the outstanding equity of Skinvisible immediately prior to the Effective Time to be reduced from approximately 27.5% to a percentage equal to (i) 27.5% minus (ii) the product of (x) 0.000004 and (y) the amount of the such remaining indebtedness. If none of Skinvisible's indebtedness is converted, holders of the outstanding equity of Skinvisible will be diluted from 27.5% to 10.64%.

Q: What will the business of the combined company be if the Merger is consummated?

Following the Merger, the combined company intends to pursue commercialization of Quoin's two lead products. In addition, the combined company will continue to pursue commercial opportunities for products developed by Skinvisible prior to the merger. The combined company also intends to leverage Skinvisible's Invisicare technology as a potential delivery system for the Quoin products intended to be developments by the combined company. Quoin is a pre-clinical, specialty pharmaceutical company dedicated to developing products that help address major societal issues including the opioid epidemic and the military veteran suicide rate. Quoin's two lead products are expected to be different applications of a single NMDA receptor antagonist delivered transdermally. QRX001 is a single use transdermal patch designed to provide up to 72 hours of effective post-operative analgesia whilst significantly reducing opioid consumption. Quoin intends to apply for Breakthrough Therapy designation for QRX001. Quoin's second product, QRX002 is a once-daily transdermal for the treatment of military related PTSD with suicidal ideation. Quoin believes QRX002 could be the first product approved to treat this major unmet medical need and could be a candidate for both Orphan Drug and Breakthrough Therapy Status. Quoin has been engaged in

discussions with the US Department of Veteran Affairs (VA) for the clinical development of QRX002. Two of the VA's leading researchers into military veteran suicides have been appointed as Principal Investigators (PI's) for QRX002 for this indication. The clinical program will be conducted at various VA facilities across the country under the supervision of the Principal Investigators. Quoin believes this arrangement will greatly increase the efficiency and cost effectiveness of the clinical program for QRX002. In addition, Quoin has two additional products that it plans to begin the development of for opioid addiction and chronic pain. Clinical testing for these products may also be conducted at VA facilities. Quoin expects to generate clinical data for QRX001 and QRX002 within 12-18 months of the Effective date of the merger.

It is important to note that no formal written agreement has been entered into with the VA and neither the VA nor are the PI's are obligated to participate in the clinical studies. All costs for clinical studies will be borne by Quoin with no financial assistance from the VA.

Table of Contents

Q: What will the management of the combined company be if the Merger is consummated?

Following the consummation of the Merger, the combined company's board of directors is expected to consist of six members from Quoin, which is expected to include Dr. Michael Myers and Denise Carter, who are currently directors and officers of Quoin, and []. Two independent directors, Dr. Dennis Langer and Mr. Peter Lankau, will

A: be appointed immediately following the merger. Both Dr. Langer and Mr. Lankau are experienced pharmaceutical executives who currently sit on the boards of other private and publicly traded companies. Quoin plans to appoint two additional directors to its board of directors within a few months of the merger closing. The combined company, led by Quoin's management team, is expected to be named "Quoin Pharmaceuticals, Inc."

Q: Are there risks associated with the Merger that I should consider in deciding how to vote?

Yes. There are a number of risks related to the Merger that are discussed in this proxy statement/prospectus. Please A: read with particular care the detailed description of the risks described in "Risk Factors" beginning on page [] of this proxy statement.

Q: What happens if the Merger Proposal is approved but some if not all of the other proposals are not approved?

A: The Merger Proposal would be approved; approval of no one proposal is conditioned on the approval of all or any of the other proposals.

Q: When do you expect the Merger to be completed?

We are working to complete the Merger as quickly as possible, and we expect to complete the Merger in June of A: 2018. However, Skinvisible cannot assure you when or if the Merger will occur. The Merger is subject to stockholder approvals and other conditions, and it is possible that factors outside the control of both Skinvisible and Quoin could result in the Merger being completed at a later time, or not at all.

Q: What happens if not all of the Proposals are approved?

A: Approval of no one proposal is conditional on the approval of all or any of the other proposals.

Q: Are Skinvisible stockholders entitled to appraisal rights?

A: No. Skinvisible stockholders do not have appraisal rights in connection with the Merger or any of the other proposals included in this proxy statement under the Nevada Revised Statutes (the "NRS").

Proposal No. 2 — The Reverse Split

Q: Why is Skinvisible proposing the Reverse Split?

Skinvisible's board of directors has adopted resolutions (i) declaring that filing an amendment to Skinvisible's A: Articles of Incorporation to effect the Reverse Split of Skinvisible's issued and outstanding common stock was advisable, and (ii) directing that a proposal to approve the Reverse Split be submitted to the holders of Skinvisible's common stock for their approval. The Reverse Split of Skinvisible's issued and outstanding common stock will be effected by a ratio of not less than one-for-ten and not more than one-for-one hundred, with the exact ratio to be set at a whole number within this range as determined by Skinvisible's board of directors in its sole discretion.

Table of Contents

Skinvisible's board of directors believes that the Reverse Split is in the best interest of Skinvisible. A Reverse Split typically will initially result in an increase in the price per share of Skinvisible's common stock. The Board believes that an increased stock price may encourage investor interest and improve the marketability and liquidity of Skinvisible's common stock. In addition, Skinvisible may in the future seek a listing on a national exchange, for which a higher stock price than the current price will be required. Because of the trading volatility often associated with low-priced stocks, many brokerage firms and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. Some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers and investors. Skinvisible's board of directors believes that the anticipated higher market price resulting from a Reverse Split may reduce, to some extent, the negative effects on the liquidity and marketability of the common stock inherent in some of the policies and practices of institutional investors and brokerage firms described above. Additionally, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of Skinvisible's common stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher.

Proposal No. 3 — Change the Name of Skinvisible after the Effective Date of the Merger to “Quoin Pharmaceuticals, Inc.”

Q: Why is Skinvisible proposing to change the name of Skinvisible after the effective date of the Merger to “Quoin Pharmaceuticals, Inc.”?

Further to the Merger Agreement, the name of Skinvisible after the effective date of the Merger will become “Quoin Pharmaceuticals, Inc. An amendment to Skinvisible's Articles of Incorporation is required to effect the name change.

A:

The board of directors believes that changing the name of the combined company to Quoin Pharmaceuticals better reflects the future direction and focus of the combined company, which will not be focused solely on dermatological products as the name Skinvisible suggests.

Proposal No. 4 — The Adjournment Proposal

Q: Why is Skinvisible proposing the Adjournment proposal?

The adjournment proposal allows Skinvisible's board of directors to submit a proposal to adjourn the Special Meeting to a later date or dates, if necessary, to permit further solicitation of proxies in the event, based on the tabulated votes, there are not sufficient votes at the time of the special meeting to approve the consummation of the

A: Merger. In no event will Skinvisible solicit proxies to adjourn the Special Meeting or consummate the Merger beyond the date by which it may properly do so under Nevada law. The purpose of the adjournment proposal is to provide more time for the Skinvisible stockholders to make purchases of public shares or other arrangements that would increase the likelihood of obtaining a favorable vote on the Merger Proposal.

In addition to an adjournment of the Special Meeting upon approval of an adjournment proposal, the board of directors of Skinvisible is empowered under Nevada law to postpone the meeting at any time prior to the meeting being called to order. In such event, Skinvisible will issue a press release and take such other steps as it believes are necessary and practical in the circumstances to inform its stockholders of the postponement.

Q: What are the Consequences if the Adjournment Proposal is not approved?

A: If an adjournment proposal is presented at the Special Meeting and such proposal is not approved by its stockholders, Skinvisible's board of directors may not be able to adjourn the Special Meeting to a later date in the event, based on the tabulated votes, there are not sufficient votes at the time of the Special Meeting to approve the consummation of the Merger. In such event, the Merger would not be completed.

REQUIRED PRIVATE PLACEMENT

In conjunction with the Merger, Quoin intends to pursue a capital raise of \$15 million and has engaged Northland Securities as its investment bank for the raise.

The Merger is condition upon Quoin executing a definitive agreement to effect a private placement of shares of the Combined Company's common stock for an aggregate of at least \$10 million of gross proceeds, to be received by the Combined Company within five (5) days of the Effective Time of the Merger, which we refer to as the "Private Placement."

The price per share to be paid in the Private Placement will be determined by Quoin, its investment bank and the investors who participate in the private placement. Accordingly, there is no minimum or maximum price per share.

The primary purpose of the capital raise is to generate sufficient funds to progress Quoin's lead products, QRX001 for post-surgical pain and QRX002 for military related PTSD with suicidal ideation, through Phase 2 testing as well as for general corporate purposes.

Quoin's two lead products address major societal issues such as including the opioid epidemic and the military veteran suicide crisis. Combined these two issues result in the death of over 100 people in the US each and every day. Quoin believes that the combination of its proprietary platform technology with the active ingredient in QRX001 and QRX002 provides a meaningful opportunity to help alleviate these problems. Quoin believes that the highly differentiated nature of QRX001 over competing opioid sparing products could enable it, once approved, to generate higher sales in many surgical models over those competing products. Quoin intends to apply for Breakthrough Therapy designation status to the FDA for QRX001.

Quoin's management team, while working in prior positions at different companies, has extensive experience in the development of pharmaceutical products to effectively treat post-surgical pain and reduce the use of opioids in that setting. Quoin believes it can effectively leverage this experience to the benefit of QRX001. We believe that the team's in-depth knowledge of clinical and regulatory development, its previous experience in meeting with the FDA and addressing the agencies questions and concerns as well as its broad network of contacts with KOL and clinicians, could resonate positively with investors. Furthermore, this expertise could help to substantially reduce the development time for QRX001, which may also be a net positive from an investor perspective.

Quoin has also been in discussions with the US Department of Veteran Affairs (VA) which Quoin believes provides it with a significant advantage for the running of the clinical program for QRX002. The VA has appointed as Principal Investigators (PI's) for Quoin's proposed clinical program, Dr. Perry Renshaw and Dr. Deborah Yurgelun-Todd, who are based at the VA's MIREC center in Salt Lake City. Both Dr. Renshaw and Dr. Todd are very experienced clinical researchers into military veteran suicides and they will play a leading role in the design and execution of Quoin's clinical program. It is anticipated that Quoin's Phase 2 clinical program will be run at 5-6 VA facilities across the country under the supervision of Dr. Renshaw and Dr. Yurgelun-Todd and with the active participation of their colleagues at these sites. Quoin believes that the logistical challenges associated with conducting a study on suicidal ideation in the general population will be substantially mitigated by focusing on a military veteran patient population that are actively engaged with the VA on a very regular basis. Quoin believes that QRX002 could qualify for both Orphan Drug and Breakthrough Therapy status and intends to apply to the FDA for both designations. If granted, it is possible that a single Phase 3 clinical may all that is needed instead of the typical two studies required by the FDA, although Quoin has not yet engaged in discussions with the FDA to verify this supposition.

In addition, to the above product indications, Quoin also intends to pursue the development of a product as a potential treatment for opioid addiction. This product, which also be delivered transdermally, contains the same active ingredient as QRX001 and QRX002. It is believed that its mechanism of action that affects suicidal ideation could also play a role in reducing dependency on opioids. Quoin plans to conduct the clinical.

It is important to note that no formal written agreement has been entered into with the VA and neither the VA nor the PI's are obligated to participate in the clinical studies. All costs for clinical studies will be borne by Quoin with no financial assistance from the VA.

The shares of the Combined Company issued in the Private Placement will not change the Exchange Ratio as the shares issued in the Private Placement will dilute both the existing Skinvisible shareholders as well as the shareholders of Quoin who receive shares in the Merger. Accordingly, the shares to be issued in the Private Placement will reduce significantly the relative voting power of each share of the Combined Company's common stock held by all of the Combined Company's stockholders after the Merger. Consequently, the Combined Company's stockholders as a group will have significantly less influence over the management and policies of the Combined Company after the Private Placement than prior to the Private Placement.

Quoin has been funded privately by its' founders. Estimated outstanding payables and expenses accrued and owed include \$941,887 to Dr. Myers and \$970,981 to Ms. Carter. Quoin also has outstanding legal fees payable to counsel of \$[375,000].

RISK FACTORS

You should carefully consider the following risk factors, together with the other information contained in this proxy statement. If any of the following risks and uncertainties develops into actual events, these events could have a material adverse effect on both Skinvisible's and Quoin's businesses, financial conditions or results of operations. In addition, past financial performance may not be a reliable indicator of future performance, and historical trends should not be used to anticipate results or trends in future periods.

Risks Related to the Merger

The Merger with Quoin has not been completed and therefore there is a risk the Merger will not be completed and shareholders of Skinvisible will need to rely solely on Skinvisible to succeed.

There can be no assurance that Skinvisible will complete the Merger with Quoin. Should the Merger not occur, Skinvisible would have to continue with its current business plan or find a new opportunity internally or with another company.

Failure to complete the Merger could impact negatively Skinvisible's business, financial condition or results of operations or Skinvisible's stock price.

The completion of the Merger is subject to a number of conditions and there can be no assurance that the conditions to the completion of the Merger will be satisfied. If the Merger is not completed, Skinvisible will be subject to several risks, including:

- the current trading price of Skinvisible Common Stock may reflect a market assumption that the Merger will occur, meaning that a failure to complete the Merger could result in a decline in the price of Skinvisible's common stock;
- certain of Skinvisible's executive officers and/or directors may seek other employment opportunities, and the departure of any of Skinvisible's executive officers and the possibility that Skinvisible would be unable to recruit and hire a replacement executive could impact negatively Skinvisible's business and operating results;
- Skinvisible's Board would need to reevaluate Skinvisible's strategic alternatives, which alternatives may include a sale of Skinvisible, liquidation of Skinvisible, or a return to pre-merger strategies of growing commercial sales, or other strategic transactions;
- Skinvisible has incurred and will continue to incur substantial transaction costs in connection with the Merger whether or not the Merger is completed;
- Skinvisible would not realize any of the anticipated benefits of having completed the Merger; and
- Under the Merger agreement, Skinvisible is subject to certain restrictions on the conduct of its business prior to the completion of the Merger, which restrictions could adversely affect Skinvisible's ability to realize its business strategies or take advantage of certain business opportunities in the event the Merger is not completed.

If the Merger is not completed, these risks may materialize and materially and adversely affect Skinvisible's business, financial condition, and results of operations or stock price.

Although Quoin and Skinvisible expect that the Merger will result in benefits to the combined company, the Combined Company may not realize those benefits because of various challenges.

Quoin and Skinvisible believe that the Merger will result in greater returns for the stockholders than if Skinvisible remained as a standalone entity. However, the integration of a new company is a complex, costly and time-consuming process. This process may disrupt the business of both of the companies and may not result in the full benefits

expected by Quoin and Skinvisible. There can be no assurance that the combination of Quoin and Skinvisible will result in the realization of the anticipated benefits from the Merger.

Table of Contents

The pendency of the Merger could have an adverse effect on Skinvisible's stock price and/or business, financial condition, results of operations or business prospects.

The pendency of the Merger could have an adverse effect on Skinvisible's stock price and increase the price volatility and risk of trading in Skinvisible's stock. Skinvisible's business, financial condition, results of operations or business prospects could also be adversely affected. In addition, the attention of Skinvisible's management may be directed toward the completion of the Merger and related matters and may be diverted from the day-to-day business operations, including from other opportunities that otherwise might be beneficial to us. Moreover, Skinvisible has agreed to be bound by a non-solicitation covenant in the Merger Agreement and if Skinvisible breaches this covenant, it may be subject to fees of up to \$300,000.

The issuance of shares of Skinvisible common stock to Quoin stockholders in connection with the Merger will dilute substantially the voting power of Skinvisible's current stockholders.

Pursuant to the Merger Agreement, at the effective time of the Merger, and prior to the Private Placement, Skinvisible will issue shares of its common stock to Quoin's shareholders which will represent approximately 72.5% of the shares of Skinvisible after the Merger, subject to adjustment pursuant to the Merger Agreement. If none of Skinvisible's Third Party Indebtedness is converted into common equity, Quoin's shareholders stake in the combined company will increase to approximately 91%. Accordingly, the issuance of shares of Skinvisible Common Stock to Quoin stockholders in connection with the Merger will reduce significantly the relative voting power of each share of Skinvisible common stock held by its current stockholders. Consequently, Skinvisible's stockholders as a group will have significantly less influence over the management and policies of the Combined Company after the Merger than prior to the Merger.

The Merger will subject Skinvisible to significant additional liabilities and other risks and will cause it to incur significant expenses.

Following the Merger, Skinvisible will be subject to substantially all the liabilities of Quoin. The Merger and subsequent integration process may be complex, costly, time-consuming and divert management's time and attention, which could have a material adverse effect on Skinvisible's business, financial condition, results of operations and cash flows. Skinvisible expects to incur a significant amount of expenses in connection with the Merger, including legal, accounting, financial advisory and other expenses. Many of these expenses are payable by Skinvisible whether or not the Merger is completed.

The issuance and sale of the securities could cause Skinvisible's stock price to decline.

The sale of substantial amounts of Skinvisible's common stock in the public market could adversely affect the stock price and could cause Skinvisible's stock price to decline. The undersigned will bear the risk of any declines in the price of the shares. The share price may also go down during the period after you agree to purchase the securities. Accordingly, you will bear the risk that this fluctuation in the price of the shares purchase may cause shareholders to lose the amount invested. Skinvisible's common stock is currently traded on the OTC Markets. The OTC Markets trades over 10,000 different company stocks in three classifications. Skinvisible trades in the middle class noted as the OTCQB. OTCQB stocks must file quarterly financial statements as well as annual company audited financial statements.

Risks Related to Quoin

he issuance of shares of the Combined Company's common stock in connection with the Private Placement will dilute substantially the voting power of Combined Company's stockholders.

The shares issued in the Private Placement will not change the Exchange Ratio, as the shares issued in the Private Placement will dilute both the existing Skinvisible shareholders as well as the shareholders of Quoin who receive shares in the Merger. Accordingly, the shares to be issued in the Private Placement will reduce significantly the relative voting power of each share of the Combined Company's common stock held by all of the Combined Company's stockholders. Consequently, the Combined Company's stockholders as a group will have significantly less influence over the management and policies of the Combined Company after the Private Placement than prior to the private placement.

Since there is no minimum or maximum price per share to be paid in the Private Placement, the total amount of dilution is not yet known.

After the Merger Quoin will need to raise additional capital to meet its future business requirements which may be costly and could dilute current Skinvisible stockholders.

Quoin will need to raise additional capital in the near future to complete its clinical development of its two target products QRX001 for post-surgical pain and QRX002 for military personnel with PTSD and suicidal thoughts. Quoin does not have any firm commitments for sources of additional capital from third parties. Such additional financing will involve dilution to the Combined Company's existing shareholders and the new shareholders after the Merger. If Quoin does not obtain additional capital on terms satisfactory to them, or at all, it may cause Quoin to delay, curtail, scale back or forgo some or all of Quoin's business operations, which could have a material adverse effect on Skinvisible and its financial results and investors would be at risk to lose all or a part of any investment in Skinvisible.

Table of Contents

Quoin does not have any products that are approved for commercial sale.

Quoin currently does not have any therapeutic products approved for commercial sale. Quoin has not received, and may not receive within the next several years, if at all, any revenues from the commercialization of its product candidates if approved.

There are no assurances Quoin's future operations will be successful and result in profitable revenues.

We cannot be sure that Quoin will be successful in generating revenues in the future and in the event they are unable to generate sufficient revenues or raise additional funds they will seek alternative business opportunities. If adequate and acceptable financing is not available, Quoin may have to delay development or commercialization of certain products or eliminate some or all of development activities. Any of these options could reduce sales growth and result in continued net losses.

Clinical drug development involves a lengthy and expensive process, with an uncertain outcome. Quoin may incur additional costs or experience delays in completing, or ultimately be unable to complete, the development and commercialization of its drug candidates.

Clinical studies are expensive, difficult to design and implement, may take many years to complete, and outcomes are inherently uncertain. A drug product may fail to demonstrate positive results at any stage of testing despite having progressed satisfactorily through nonclinical testing and initial clinical studies. There is significant risk in clinical development where later stage clinical studies are designed and powered based on the analysis of data from earlier studies, with these earlier studies involving a smaller number of patients, and the results of the earlier studies being driven primarily by a subset of responsive patients. In addition, interim results of a clinical study do not necessarily predict final results. Further, clinical study data frequently are susceptible to varying interpretations. Medical professionals and/or regulatory authorities may analyze or weigh study data differently than the sponsor company, resulting in delay or failure to obtain marketing approval for a product candidate. Additionally, the possible lack of standardization across multiple investigative sites may induce variability in the results, which can interfere with the evaluation of treatment effects.

Quoin may fail to successfully develop, get approval and introduce new products, and therefore Quoin's future growth may suffer.

Quoin's strategy includes developing initially two products to treat (1) post-surgical pain and (2) PTSD with suicidal thoughts for the military. These products require research and development, and FDA approval. There is no guarantee that the FDA will approve these products or that they will be accepted by the market, and therefore its business and the future growth of Quoin's business may suffer.

Quoin expects competition in the marketplace for its product candidates, should any of them receive regulatory approval.

With the opioid crisis being declared a Public Emergency, there are a growing number of competitors looking for solutions. There are potentially a number of companies that may be further in the development cycle and could bring a similar product to market prior to ours. This could negatively impact Quoin's ability to launch and generate revenue from the products.

If successfully developed and approved, Quoin expects its product candidates will face competition. Quoin may not be able to compete successfully against organizations with competitive products, particularly large pharmaceutical companies. Many of its potential competitors have significantly greater financial, technical and human resources than

Quoin, and may be better equipped to develop, manufacture, market and distribute products. Many of these companies operate large, well-funded research, development and commercialization programs, have extensive experience in nonclinical and clinical studies, obtaining FDA and other regulatory approvals and manufacturing and marketing products, and have multiple products that have been approved or are in late-stage development. These advantages may enable them to receive approval from the FDA or any foreign regulatory agency before Quoin.

PROPOSAL NO. 1: APPROVAL OF THE MERGER AGREEMENT

Skinvisible is asking you to approve the merger proposal. A copy of the Merger Agreement is attached as Annex A to this proxy statement/prospectus.

IF PROPOSAL NO. 1 IS APPROVED, AT THE EFFECTIVE TIME OF THE MERGER, SKINVISIBLE WILL CHANGE ITS NAME TO “QUOIN PHARMACEUTICALS, INC.” ACCORDINGLY, ALL REFERENCES BELOW TO THE “COMBINED COMPANY” MEANS QUOIN PHARMACEUTICALS, INC., FORMERLY SKINVISIBLE, INC.

THE MERGER

Parties Involved in the Merger

Skinvisible, Inc.

Skinvisible, through its wholly-owned subsidiary Skinvisible Pharmaceuticals, Inc., is a pharmaceutical research and development (“R&D”) company that has developed and patented an innovative polymer delivery system, Invisicare® and formulated over forty topical skin products, which we out-license globally. We were incorporated in 1998 and target an estimated \$80 billion global skincare and dermatology market and a \$30 billion global over-the-counter market as well as other healthcare / medical and consumer goods markets.

Quoin Pharmaceuticals, Inc.

Quoin Pharmaceuticals is a pre-clinical, specialty pharmaceutical company dedicated to developing products that help address major societal issues including the opioid epidemic and the military veteran suicide rate. Quoin expects to commence development activities with respect to each of these products and to generate Phase 2 data in 2018. Quoin has been in discussions with the US Department of Veteran Affairs (VA) for the clinical development of QRX002. Two of the VA’s leading researchers into military veteran suicides have been appointed as Principal Investigators (PI’s) for QRX002 for this indication. The clinical program will be conducted at various VA facilities across the country under the supervision of the Principal Investigators. Quoin believes this arrangement will greatly increase the efficiency and cost effectiveness of the clinical program for QRX002. It is important to note that no formal written agreement has been entered into with the VA and neither the VA nor the PI’s are obligated to participate in the clinical studies. All costs for clinical studies will be borne by Quoin with no financial assistance from the VA.

In addition, Quoin has two additional products that it plans to begin the development of for opioid addiction and chronic pain. It is anticipated that clinical testing for these products may also be conducted at VA facilities. Quoin expects to generate clinical data for QRX001 and QRX0002 within 12-18 months following the Effective Date.

Quoin has been funded privately by its’ founders. Estimated outstanding payables and expenses accrued and owed include \$941,887 to Dr. Myers and \$970,981 to Ms. Carter. Quoin also has outstanding legal fees payable to counsel of \$[375,000].

Quoin Merger Sub, Inc.

Merger Sub is a wholly-owned subsidiary of Skinvisible formed solely for the purpose of effecting the Merger described herein. Merger Sub was incorporated under the laws of Delaware in March, 2018.

Effect of the Merger

Under the terms of the Merger Agreement, upon completion of the Merger, Merger Sub will merge with and into Quoin. Quoin will be the surviving corporation in the Merger and will become a wholly owned subsidiary of the Combined Company. Subject to the terms of the Merger Agreement, at the effective time of the Merger, Quoin stockholders will receive a number of newly issued shares of the Combined Company's common stock determined using the Exchange Ratio described below in exchange for their shares of Quoin stock. Following the Merger, but prior to the Private Placement, stockholders of Quoin will become the majority owners of the Combined Company, and will own approximately 72.5% of the outstanding equity of the Combined Company immediately following the Effective Time and holders of outstanding equity of Skinvisible immediately prior to the Effective Time will own approximately 27.5% of the outstanding equity of the Combined Company immediately following the Effective Time, which ratio we refer to herein as the "Exchange Ratio." Further to the Merger Agreement, the Exchange Ratio will be modified if certain Skinvisible Third Party Indebtedness is not converted into Skinvisible common stock. Further dilution to all of the Combined Company's shareholders will also occur as a result of the Private Placement. If none of Skinvisible's Third Party Indebtedness is converted into common equity, Quoin's shareholders stake in the combined company will increase to approximately 89%.

As a condition of the merger, Quoin is required to raise a minimum of \$10 million from external investors and has engaged Northland Securities as its investment bank for that purpose. The pre-money valuation for the combined company is subject to negotiation with potential investors and could be influenced by a number of factors including comparable deals, discounted cash flow models and market conditions. Key drivers of the valuation will be the potential value of Quoin's lead development products which are addressing significant market opportunities. For QRX001, the size of the potential market for the product is estimated at \$6 billion with currently approved competitive products having achieved less than a 10% market share. Furthermore, one of Quoin's potential competitors has a product in development for which it has recently reported positive Phase 3 data and currently has a market capitalization of over \$2.5 billion, based primarily on the perceived potential for this competing product to QRX001. In addition, QRX002 has the potential to be the first product specifically approved as a treatment for suicidal ideation in military veterans who suffer from PTSD. Quoin believes that this product qualifies for Orphan Drug designation and thus would enjoy extended data protection potentially providing a greater sales opportunity. Furthermore, Quoin believes that QRX002 has potential as possible treatment for opioid addiction, post-partum depression and chronic pain, thus presenting several potentially valuable line extension opportunities. The scale of the potential opportunity is counterbalanced and therefore discounted by the fact that both QRX001 and QRX002 are pre-clinical products and Quoin has not yet held discussions with the FDA regarding the likely clinical studies required to obtain approval for each product.

It is important to note that the actual valuation will be determined by the investors in the Private Placement. It is possible that Quoin may agree to a higher or lower valuation in order to complete the raise. To illustrate the impact of a lower valuation and the impact of the additional dilution to Skinvisible shareholders, the example calculations below show the dilution impact to existing Skinvisible shareholders if the Private Placement is completed at a pre-money valuation of \$30 million and at a pre-money valuation of \$20 million.

Further dilution to all of the Combined Company's shareholders will also occur as a result of the Private Placement.

As a result of the Merger, and subject to the terms and conditions of the Merger Agreement, Quoin stockholders will control the Combined Company and the Combined Company will change the symbol for the shares of its common stock listed on the OTCQB to the symbol "QNRX".

Expense Reimbursement

If the Merger Agreement is terminated by Skinvisible under certain circumstances, prior to such termination, Skinvisible has breached any of the non-solicitation covenants of Skinvisible, and Skinvisible enters into an agreement to consummate a "Acquisition Proposal" within six (6) months of the date of termination, then Skinvisible is required to reimburse Quoin for its total documented expenses incurred by in connection with the negotiation and execution of the Merger Agreement and the transactions contemplated thereby, up to a maximum of \$300,000.

Effective Time.

The time at which the Merger will become effective, which we refer to as the "Effective Time" of the Merger, will occur upon the filing of a certificate of merger with the Secretary of State of Delaware.

Merger Consideration

At the Effective Time, all outstanding shares of Quoin common stock will be converted solely into the right to receive a number of shares of the Combined Company's common stock such that the holders of outstanding equity of Quoin immediately prior to the Effective Time will own approximately 72.5% of the outstanding equity of the Combined Company immediately following the Effective Time and holders of outstanding equity of Skinvisible immediately prior to the Effective Time will own approximately 27.5% of the outstanding equity of the Combined Company immediately following the Effective Time, prior to any dilution for Third Party Indebtedness and the Private Placement. If all or some of Skinvisible's Third Party Indebtedness is converted into the Combined Company's common stock prior to the Effective Time, this will result in a reduction of the approximately 27.5% of the outstanding equity of the Combined Company that Skinvisible shareholders will own. If none of the Third Party Indebtedness is converted, the amount owned by Skinvisible shareholders will be reduced to approximately 10.64%.

The Merger is conditioned upon Quoin executing a definitive agreement to effect the Private Placement, which is defined as a private placement of shares of the Combined Company's common stock for an aggregate of at least \$10 million of gross proceeds, to be received by Combined Company within five (5) days of the Effective Time of the Merger. The price per share for the Private Placement has not been determined as of yet, however, the net effect of the private placement will be a further reduction in the percent ownership of Skinvisible current shareholders in the Combined Company. It is possible that this reduction could be substantial.

Treatment of Skinvisible Indebtedness

As of the date hereof, Skinvisible has an aggregate of \$4,606,137 of indebtedness to third parties (which we refer to as the "Third Party Indebtedness").

The Merger Agreement requires Skinvisible to use commercially reasonable efforts to enter into one or more agreements with certain creditors of Skinvisible to cause the Third Party Indebtedness to be converted into the Combined Company's common stock immediately prior to the Effective Time (the "Debt Conversion Agreements"). If Skinvisible fails to execute Debt Conversion Agreements with respect to all such specified Skinvisible indebtedness prior to the date that is five days before the Closing Date, the Exchange Ratio will be revised to cause the percentage of the outstanding equity of the Combined Company immediately following the Effective Time (and prior to the equity to be issued in the Private Placement) to be held by holders of the outstanding equity of Skinvisible immediately prior to the Effective Time to be reduced from approximately 27.5% to a percentage equal to (i) 27.5% minus (ii) the product of (x) 0.000004 and (y) the amount of the remaining Third Party Indebtedness.

For illustrative purposes, if the remaining Third Party Indebtedness equals \$1,000,000, the percentage of the outstanding equity of Parent immediately following the Effective Time (and prior to the equity to be issued in the Private Placement) to be held by holders of the outstanding equity of Skinvisible immediately prior to the Effective Time will be reduced from approximately 27.5% to approximately 23.5%.

If none of the Third Party Indebtedness is converted into the Combined Company's common stock immediately prior to the Effective Time, the amount owned by Skinvisible shareholders will be reduced from approximately 27.5% to approximately 10.64%.

Skinvisible has entered into one or more agreements (the "Related Party Agreements") with certain officers of Skinvisible with respect to the indebtedness of Skinvisible (the "Related Party Indebtedness"). These Related Party Agreements provide that:

• In exchange for the immediate cancellation of \$500,000 of the Related Party Indebtedness, Skinvisible transferred 100% of the shares in Ovation Science Inc. ("Ovation") held by Skinvisible to these related parties;

• Within 180 days after the closing date all remaining Related Party Indebtedness is to be converted, at the sole election of the Combined Company, into cash or shares of the Combined Company's common stock which are not subject to any contractual restrictions or vesting requirements (or a combination cash and shares of the Combined

Company's common stock). If the Combined Company elects to convert all or a portion of the remaining related indebtedness into shares of the Combined Company's common stock, such shares shall be valued using the 30 day average closing price of such shares on the OTCQB for the 30 day period prior to the date of conversion. If the conversion of any remaining Related Party Indebtedness into shares of the Combined Company's common stock causes the related parties to have an obligation to pay taxes, the Combined Company is required to pay such taxes to the applicable governmental authority on behalf of the related parties.

Private Placement.

The Merger is conditioned upon Quoin executing a definitive agreement to effect the Private Placement, which is defined as a private placement of shares of the Combined Company's common stock for an aggregate of at least \$10 million of gross proceeds, to be received by Combined Company within five (5) days of the Effective Time of the Merger.

The price per share to be paid in the Private Placement will be determined by Quoin, its investment bank and the investors who participate in the private placement. Accordingly, there is no minimum or maximum price per share.

The shares issued in the Private Placement will not change the Exchange Ratio, as the shares issued in the private placement will dilute both the existing Skinvisible shareholders as well as the shareholders of Quoin who receive shares in the Merger. Accordingly, the shares to be issued in the private placement will reduce significantly the relative voting power of each share of the Combined Company's common stock held by all of the Combined Company's stockholders. Consequently, the Combined Company's stockholders as a group will have significantly less influence over the management and policies of the Combined Company after the private placement than prior to the private placement.

Effect on Skinvisible if the Merger is Not Completed

If the Merger Agreement is not approved by Skinvisible stockholders or if the Merger is not completed for any other reason, Skinvisible will remain an independent public company, its common stock will continue to be listed and traded on OTCQB and registered under the Exchange Act and Skinvisible will continue to file periodic reports with the SEC.

If the Merger is not completed, there can be no assurance as to the effect of these risks and opportunities on the future value of your shares of Skinvisible's common stock. If the Merger is not completed, Skinvisible's board of directors will continue to evaluate and review Skinvisible's business operations, properties, dividend policy and capitalization, among other things, make such changes as are deemed appropriate and continue to seek to identify strategic alternatives to enhance stockholder value. If the Merger Agreement is not approved by Skinvisible's stockholders or if the Merger is not completed for any other reason, there can be no assurance that any other transaction acceptable to Skinvisible will be offered or that Skinvisible's business, prospects or results of operation will not be adversely impacted.

Background of the Merger

The Board of Skinvisible undertook a strategic review of alternatives to improve revenues and to enhance shareholder value which contemplated a number of alternatives.

The Board determined that one alternative was to merge with a pharmaceutical company with the potential to expand the product offerings and shareholder value.

In connection with these activities, in December 2015, Skinvisible signed an engagement agreement with a 6 month term with an investment banking group based in Florida that introduced the Company to three pharmaceutical companies based in Florida and a company with anti-aging products. The pharmaceutical companies did not proceed to the non-disclosure agreement stage of discussions and discussions with the anti-aging company ended in September 2016 after it was determined that there was not enough value in combining the companies.

In April 2016 the Company began preliminary discussions with a second investment banking group in Florida that represented a topical product manufacturer that was interested in combining with Skinvisible. Unfortunately, their business team ultimately decided to remain a private company and transaction discussions terminated around May 2016. Also in April 2016 Skinvisible entered into discussions for a merger with a large pharmaceutical manufacturer that had previously manufactured Skinvisible products. A preliminary meeting was held April 1, 2016 in Las Vegas followed by an exchange of relevant information. Unfortunately, the main contact left his position and the Company had difficulty getting this party's board of directors to make a positive decision due to other areas of investment they were exploring. In August 2016 the discussions ended.

In September 2016 Skinvisible entered into a licensing agreement for Kintari products in Greater China. In early 2017, this led to the introduction to a Chinese-based multi-level marketing company which had interest in Skinvisible's products and technology. Skinvisible met with the owner of the company in Las Vegas in March 2017 however the transaction did not proceed due to logistical and financing issues raised by the potential counterparty.

While continuing to pursue strategic alternatives, Skinvisible became aware of an opportunity to supply its skin delivery technology to the cannabis market in the summer of 2016, and Skinvisible began developing products for the ancillary cannabis market. Skinvisible investigated potential producers of its products and after undertaking its preliminary research, Skinvisible entered into a licensing agreement with a Nevada-based company for the worldwide rights on August 15, 2016. Almost one year later on June 28, 2017, this agreement was terminated and Skinvisible purchased the rights back from the licensee.

In order to address potential banking and public company exchange issues resulting from pursuing cannabis operations, the Company separated its ancillary cannabis business into a wholly-owned Canadian subsidiary named Ovation Science Inc. (referred to as “Ovation”). Ovation was registered in BC, Canada on August 29, 2017. Skinvisible formed Ovation separately as a wholly-owned Canadian subsidiary as the cannabis market is not approved federally in the United States but is approved federally in Canada. Skinvisible believed that separating the companies would facilitate legal compliance and also allowed for the subsidiary to be sold as its own entity or to go public on its own in the future, if the Company desired.

After forming Ovation, Skinvisible continued to pursue opportunities and in September 2016, Skinvisible hired an investment banking company out of Atlanta to assist in seeking merger and/or financing opportunity for the Company. Although several companies were introduced to Skinvisible, none of them had sufficient funding opportunities or offered product synergies and no transaction was effected.

Skinvisible also considered purchasing assets to provide additional products, but pursuit of such opportunities was a challenge as a result of Skinvisible’s debt.

Skinvisible also pursued an additional strategy to create shareholder value in 2016 through 2017, which was to offer to license out all of the rights to its prescription formulations to one company in order for that company to take Skinvisible products through the FDA for approval. This strategy was named the “Rx Bundle.” Between September 2016 and August 2017, over thirty companies were approached and three companies voiced an interest in this potential transaction.

In February 2017, a company from India showed great interest, however this company failed to proceed with an offer. The second company, a clinical research company, had greater potential and therefore Skinvisible pursued conversations with this company for a number of months from January 2017 to August 2017. This included a face-to-face meeting in June 2017 and the provision of a preliminary draft acquisition agreement. The clinical research company unfortunately went through a major personnel change, including the departure of their lead scientist, and the clinical research company decided to terminate the negotiations in August 2017.

Michael Myers and Doreen McMorran first connected on LinkedIn on April 9, 2012.

On August 30, 2017 Michael Myers contacted Doreen McMorran via phone to introduce himself formally and his plans to incorporate Quoin. This preliminary discussion included high-level potential synergies and future strategies.

At that time, Michael Myers and Denise Carter had formed a predecessor to Quoin, as an Irish limited company, and intended to use that entity to find a merger partner to develop technology that they had a right to acquire from a company named Polytherapeutics, Inc. (“Polytherapeutics”). The founders of Quoin (through their Irish entity) had already obtained an option to purchase Polytherapeutics. This option was eventually exercised by Quoin on March 24, 2018.

As discussed above, Quoin’s founders had already executed a term sheet for the acquisition of Polytherapeutics when it first approached Skinvisible in August 2017. Quoin’s founders had also at that point defined its lead development products as: QRX001 for the treatment of post-surgical pain and QRX002 for the treatment of military related PTSD with suicidal ideation.

Given Quoin’s founders extensive background in the development and commercialization of drug delivery products, Skinvisible’s management believed that the target profiles it had defined for both of these products might be better achieved through a combination of the properties of Polytherapeutics Pharmadur technology and Skinvisible’s Invisicare technology. This unique insight and perspective, accumulated through 30 years of direct industry

experience, coupled with the significant commercial potential of Polytherapeutics product portfolio, appealed to Skinvisible management and Board who came to believe that a merger of the two companies might provide for the best outcome for their shareholders.

The Board viewed the Skinvisible technology as synergistic to the Polytherapeutics technology, especially with respect to the ability to leverage Skinvisible's Invisicare technology as a potential delivery system for the Polytherapeutics products.

Skinvisible had never pursued products outside of dermatology and this potential merger with Quoin presented that opportunity in highly lucrative pain markets. Quoin management also has extensive experience in the pain areas, and the ability to raise development funds through a private placement, which Skinvisible does not possess.

Although several discussions regarding the Rx Bundle strategy were underway when Quoin contacted Skinvisible, the Skinvisible Board ultimately determined that the Rx Bundle strategy required a much longer-term outlook and included significant execution risk, which would have resulted in limited to no upfront money to keep Skinvisible viable.

Accordingly, the Skinvisible Board determined to pursue discussions with the founders of Quoin, Michael Myers and Denise Carter.

Both parties agreed that a further discussion should take place once a confidentiality agreement was signed. On September 5, 2017 Skinvisible and Quoin entered into a confidentiality agreement.

With the confidentiality agreement in place, on September 6, 2017 Michael Myers and Denise Carter from Quoin along with Terry Howlett and Doreen McMorran from Skinvisible, had their first official conference call where the parties discussed their technologies and the possibility of a merger, the potential for a significant private placement should the new company be public, the separation of the ancillary cannabis business from the transaction and the opportunity for the new company to go on NASDAQ along with other items.

During September Skinvisible and Quoin had frequent conference calls to discuss the possibility of pursuing a strategic transaction whereby the two companies would merge. After a review of scientific data and discussion of the potential benefits of a transaction, Skinvisible determined that it would be open to pursuing such a transaction. Subsequently on September 27, 2017, the first meeting was held between Quoin's founders and Skinvisible at Skinvisible's headquarters in Las Vegas.

Following the initial meeting, Quoin presented Skinvisible with a preliminary term sheet for a proposed transaction. Over the month of October, Skinvisible and Quoin engaged in numerous discussions regarding the structure and terms of a potential transaction. Several conditions of the transaction were discussed including the carve-out of Skinvisible's subsidiary Ovation Science Inc. from Skinvisible and the forgiveness of \$1.4 million of related party debt as well as Skinvisible's ability to convert its third party debt into stock in connection with a proposed transaction.

On October 20, 2017 an updated term sheet reflecting the updated transaction terms was received by Skinvisible from Quoin. After further discussion regarding the terms, on October 30, 2017 Quoin provided a Letter of Intent and an Exclusivity Agreement to Skinvisible.

On October 31, 2017 Skinvisible and Quoin had a second meeting at Skinvisible's headquarters in Las Vegas to discuss the Letter of Intent and an Exclusivity Agreement as well as to continue the review of each company's technology and capabilities.

During October and November of 2017, representatives of Skinvisible and the founders of Quoin discussed several deal terms, including the Exchange Ratio, the treatment of third party indebtedness and the desire to convert it to equity in the combined company and the treatment of Ovation.

During these discussions, representatives also agreed on the need for the Private Placement and agreed that it would be a condition to closing the merger, with the dilution from the private placement to effected after the exchange ratio was implemented.

The primary negotiations between the two companies centered around the Exchange Ratio. Several different ratios were proposed by each party at the outset of the discussions based on the relative potential value of each company's technology, product portfolio and experience. While Quoin acknowledged in those discussions that it had not yet completed the acquisition of Polytherapeutics and that it had not initiated clinical testing of its development products, the company emphasized the experience of its management team and the previous success they had achieved in the development and commercialization of drug delivery products as well as their experience in partnering with pharmaceutical companies and their successful capital raising experience. In addition, it was obvious that Quoin had identified product candidates that, if approved, could potentially address significant societal issues such as the opioid epidemic and the military veteran suicide crisis and as such achieve substantial commercial success. The ability of the Quoin management to successfully develop their product portfolio was taken into consideration during the negotiations. Several potential Exchange Ratios ranging from 85:15 to 60:40 in favor of Quoin were discussed and

evaluated. Ultimately, these negotiations resulted in agreement of an exchange ratio which would provide Quoin's shareholders with 72.5% of the outstanding shares of Skinvisible common stock following the Merger. This number also took into consideration certain assumptions regarding the conversion of third party debt and the cancellation of certain Related Party debt in exchange for the transfer of the equity interests in Ovation. After further negotiation regarding the terms of the Letter of Intent and the Exclusivity Agreement and meetings with the Board and legal counsel, on November 22, 2017 Mr. Terry Howlett, President and CEO of Skinvisible delivered a signed Letter of Intent and an Exclusivity Agreement, indicating Skinvisible's interest in the proposed transaction. This was followed by the counter-signature of Michael Myers the President and CEO of Quoin. A press release approved by both parties announcing the proposed merger of the companies was issued on November 27, 2017. Multiple exchanges of scientific, business and financial documents ensued between the two companies over the next several weeks. Skinvisible did not seek, nor obtain any valuations from third parties in conjunction with its evaluation of the Merger or the determination of the Exchange Ratio.

During October and November of 2017, Skinvisible and Quoin discussed how Skinvisible's Ovation Canadian subsidiary would be treated in the transaction. It became apparent that Quoin was not interested in retaining a Canadian cannabis applications subsidiary since it created potential issues with United States stock exchanges. Accordingly, it was decided to sell the shares Skinvisible owned in Ovation by off-setting US\$500,000 of the Related Party debt.

On December 17, 2017 Quoin's legal counsel presented a draft Merger Agreement to Skinvisible. Over the next several weeks, Skinvisible, the Board, legal counsel and Skinvisible's accountants engaged in various discussions regarding the structure and proposed terms of the draft Merger Agreement between Skinvisible and Quoin. Quoin's legal counsel provided four revised versions of the draft Merger Agreement and several conference calls ensued over the month of January between the companies and their respective legal counsel.

On February 5, 2018, Skinvisible agreed to extend the Exclusivity Agreement to April 30, 2017 in order to facilitate the continued negotiation of the terms of the draft Merger Agreement.

On February 27, 2018 Quoin provided the three employees of Skinvisible with draft employment agreements for Terry Howlett and Doreen McMorran and a consulting agreement to Dr. James Roszell. These employment agreements and consulting agreement were executed in the first week of March, each with a stated effective date of the closing of the Merger.

These employment agreements include terms and conditions that were negotiated by the founders of Quoin and Terry Howlett and Doreen McMorran.

On March 2, 2018 the Board met to discuss the acceptance of the Merger Agreement and the purchase of Ovation shares by certain related parties.

On March 13, 2018, Dr. Michael Myers and Denise Carter, the stockholders and directors of Quoin, and Terry Howlett and Doreen McMorran entered into lock-up agreements to satisfy the terms of the Merger Agreement. Terry Howlett and Doreen McMorran also executed voting agreements.

On March 16, 2018, the Board reviewed the final version of the proposed Merger Agreement including the material terms, conditions and provisions of the draft Merger Agreement and the structure of the proposed transaction. Following the discussion, the Board approved the Merger Agreement and adopted the resolution to approve the Merger as it was in the best interest of Skinvisible and its shareholders.

On March 26, 2018 Skinvisible entered into the Merger Agreement with Quoin and Merger Sub. A Form 8-K was filed by Skinvisible with the Securities and Exchange Commission to announce that the Merger Agreement had been executed.

On March 28, 2018, as specified in the Merger Agreement, all shares of Ovation Science Inc. owned by Skinvisible Pharmaceuticals, Inc. were purchased by Skinvisible employees, Terry Howlett, Doreen McMorran and James Roszell in lieu of partial debt in the amount of US\$500,000 owed by Skinvisible to these employees.

After careful consideration and consulting, Skinvisible's board of directors has determined that the merger proposal is in the best interests of Skinvisible and its stockholders and unanimously recommends that you vote or give instruction to vote FOR the merger proposal.

Reasons for the Merger; Recommendation of Skinvisible's Board of Directors

In its review the Board consulted with its management, scientific personnel, legal and financial advisors, and reviewed a significant amount of information and considered a number of factors, including, among others, the following factors: (i) the technical information Quoin provided regarding its technology, management experience and potential competitive position; (ii) the financial, operational, businesses and strategic objectives of Quoin; (iii) the current product markets proposed by Quoin; (iv) the consideration to be received by Skinvisible's shareholders and debt holders in the Merger; (v) the terms, conditions and obligations of the Merger Agreement; (vi) possible alternative strategies and prospects for Skinvisible as an independent company and (viii) the financial condition and future prospects for Skinvisible.

Specifically, the Skinvisible Board considered that Skinvisible had never pursued products outside of dermatology and this potential merger with Quoin presented that opportunity in highly lucrative pain markets. The Skinvisible Board also considered that Quoin's management also has extensive experience in the pain areas, and the ability to raise development funds through a private placement, which Skinvisible does not possess.

The Skinvisible Board also considered that Quoin's management has extensive experience in the successful development and commercialization of drug delivery products. When working for a different company, the team had been particularly successful in the development of a surgical implant to treat post-surgical pain and reduce opioid consumption in that setting. This experience is an extremely valuable asset from a clinical and regulatory perspective. The team has established relationships with leading key opinion leaders and contract research organizations in the space, had developed successful clinical protocols, knew what primary and secondary endpoints to target and had guided their product for their previous company through successful negotiations with the FDA from pre-IND through to end of Phase 2.

In addition, Quoin's founders had established relationships with leading pharmaceutical companies who have commercialized products in the space which it felt could be leveraged from a partnering perspective.

The Board considered that Opioids achieve roughly \$6 billion of sales in the United States each year and result in the death of, by some estimates, over 100 people each day as a result of addiction. It is believed that one in fifteen people who become addicted to opioids are first exposed to them in a surgical setting. While there are several opioid sparing products commercialized and in development, the Skinvisible Board believes that the highly differentiated nature of Quoin's QRX001 product, and its potential to achieve broader use in a wider range of surgical procedures than those other products, coupled with the direct experience of Quoin's management team in the space, represented such a significant opportunity to Skinvisible and its shareholders.

The Board has unanimously (i) determined that the Merger Agreement, the Merger and the transactions contemplated by the Merger Agreement are acceptable and in the best interest of Skinvisible's shareholders, (ii) approved the Merger Agreement, the Merger and the transactions contemplated by the Merger Agreement, and (iii) recommended that

Skinvisible's shareholders vote to adopt and approve the Merger Agreement and the Merger.

Table of Contents

In addition, the Board considered the following challenges faced by Skinvisible as an independent company:

Skinvisible has not been successful in generating revenues from its current operations both in its attempt to license its pharmaceutical products and with its launch three years ago of its wholly-owned subsidiary Kintari for which it accumulated significant debt;

The lack of revenues and debt has impacted Skinvisible and caused Skinvisible to seek additional financing options which resulted in further dilution of Skinvisible and greatly impacted its ability to continue operations;

Skinvisible made investments in its new subsidiary Kintari with the objective of increasing revenues by selling its own products, but this investment has not generated revenues sufficient to operate Skinvisible effectively;

Skinvisible also attempted to license out all of its prescription products to a pharmaceutical company however the length of the sales cycle greatly impacted Skinvisible's ability to complete such a transaction in a timely fashion; and

The lack of funds necessary for further Skinvisible research and development has impacted Skinvisible. Skinvisible also has difficulties in raising capital in the public markets due to its financial position.

Factors Relating to the Specific Terms of Skinvisible's Merger Agreement with Quoin:

The Merger will result in Skinvisible shareholders being diluted based on the Exchange Ratio, immediately prior to the Effective Time, to approximately 27.5% of the outstanding equity of Skinvisible immediately following the Effective Time and will be further modified when certain Skinvisible Third Party Indebtedness is converted into Skinvisible common stock plus the closing of the anticipated Private Placement. In the event that none of Skinvisible Third Party Indebtedness is converted it will result in a reduction in ownership from approximately 27.5% to approximately 10.64%. A further reduction in ownership will occur following the closing of the Private Placement. The extent of this reduction is not known as of yet as it depends on a valuation that will be determined by negotiation with potential investors. The Board agreed that based on the current financial status of Skinvisible and the potential for future increased value in the shares based on Quoin's projected performance, that the Merger was a viable solution at the agreed upon Exchange Ratio.

The Merger does not provide for any cash payment to Skinvisible. Consideration consists solely of a minimum private placement funding of \$10 million, which provides certainty of value to Skinvisible shareholders. Skinvisible engaged in extensive negotiation regarding the Exchange Ratio with Quoin and the conversion of Skinvisible's indebtedness. The Merger and the Merger Agreement must be adopted and approved by a vote of a majority of Skinvisible's outstanding shares of common stock.

In the course of reaching the determinations and decisions and making the recommendation described above, Skinvisible's board of directors, in consultation with Skinvisible's senior management and outside legal counsel considered the risks and potentially negative factors relating to the Merger Agreement, the Merger and the other transactions contemplated thereby, including the following material factors:

the fact that the Merger and the Private Placement would result in a change in control of Skinvisible with Quoin shareholders holding a minimum of 72.5% (or approximately 89% if none of the outstanding Third Party Indebtedness is converted into common equity) of the outstanding shares of Skinvisible common stock following the Merger and the right to appoint the new Board of Directors;

the risk that the potential benefits of the Merger and Quoin's proposed clinical developments will not be realized or will not be realized within the expected time period;

the risk that the Merger may result in Skinvisible assuming unknown liabilities;

the risks associated with Quoin's proposed clinical developments not being realized or not within the expected time period and therefore not having the ability to successfully implementing its business plan;

the risks and contingencies relating to the announcement and pendency of the Merger and the risks and costs to Skinvisible if the closing of the Merger is not timely or if it does not close at all, may have an effect on the trading

price of Skinvisible common shares;

the risk that the requirement as a provision of the Merger Agreement that Skinvisible conducts its business only in the ordinary course prior to the completion of the Merger, may delay or prevent Skinvisible from undertaking certain business opportunities that might arise pending completion of the Merger;

THE BOARD BELIEVES THAT, OVERALL, THE POTENTIAL BENEFITS TO SKINVISIBLE SHAREHOLDERS OF THE MERGER AGREEMENT AND THE TRANSACTIONS CONTEMPLATED THEREBY OUTWEIGH THE RISKS AND UNCERTAINTIES. SKINVISIBLE'S BOARD OF DIRECTORS HAS UNANIMOUSLY APPROVED THE MERGER AGREEMENT AND UNANIMOUSLY RECOMMENDS THAT SKINVISIBLE'S STOCKHOLDERS VOTE IN FAVOR OF ADOPTION AND APPROVAL OF THE MERGER AGREEMENT AND APPROVAL OF THE MERGER.

THE MERGER AGREEMENT

The following is a brief summary of the material provisions of the Merger Agreement, a copy of which is attached as Annex A to this proxy statement/prospectus and is incorporated by reference into this summary. This summary may not contain all of the information about the Merger Agreement that is important to Skinvisible stockholders, and Skinvisible stockholders are encouraged to read the Merger Agreement carefully in its entirety. The legal rights and obligations of the parties are governed by the specific language of the Merger Agreement and not this summary.

The Merger

The Merger Agreement provides for the Merger of Merger Sub with and into Quoin. As a result of the Merger, Merger Sub will cease to exist, and Quoin will continue as the surviving corporation in the Merger. After the Merger, the surviving corporation will be a direct wholly owned subsidiary of Skinvisible, and the former Quoin stockholders will have a direct equity ownership and controlling interest in Skinvisible.

When the Merger Becomes Effective

Pursuant to the terms of the Merger Agreement, the Merger must have been consummated by the outside date of June 30, 2018, which may be extended by the parties, and the Merger will become effective at such time as a certificate of merger is duly filed with the Secretary of State of Delaware, unless a later date is specified therein.

Consideration to be Received Pursuant to the Merger

Each share of Quoin Common Stock shall be converted solely into the right to receive a number of shares of Skinvisible Common Stock equal to the exchange ratio (the “Merger Consideration”).

At the Effective Time, all outstanding shares of Quoin common stock will be converted solely into the right to receive a number of shares of Skinvisible common stock such that the holders of outstanding equity of Quoin immediately prior to the Effective Time, and prior to the Private Placement, will own approximately 72.5% of the outstanding equity of Skinvisible immediately following the Effective Time and holders of outstanding equity of Skinvisible immediately prior to the Effective Time, and prior to the Private Placement, will own approximately 27.5% of the outstanding equity of Skinvisible immediately following the Effective Time.

Further to the Merger Agreement, the “Exchange Ratio” will be modified if certain Skinvisible Third Party Indebtedness is not converted into Skinvisible common stock, as described above.

If none of the Third Party Indebtedness is converted into the Combined Company’s common stock immediately prior to the Effective Time, the percent ownership will be reduced from approximately 27.5% to approximately 10.64%.

Private Placement.

The Merger is condition upon Quoin executing a definitive agreement to effect the Private Placement, which is defined as a private placement of shares of the Combined Company’s common stock for an aggregate of at least \$10 million of gross proceeds, to be received by Combined Company within five (5) days of the Effective Time of the Merger.

The price per share to be paid in the Private Placement will be determined by Quoin, its investment bank and the investors who participate in the private placement. Accordingly, there is no minimum or maximum price per share.

The net effect of the Private Placement will be to further reduce the percent ownership in the Combined Company of current Skinvisible shareholders.

The shares issued in the Private Placement will not change the Exchange Ratio, as the shares issued in the private placement will dilute both the existing Skinvisible shareholders as well as the shareholders of Quoin who receive shares in the Merger. Accordingly, the shares to be issued in the private placement will reduce significantly the relative voting power of each share of the Combined Company's common stock held by all of the Combined Company's stockholders. Consequently, the Combined Company's stockholders as a group will have significantly less influence over the management and policies of the Combined Company after the private placement than prior to the private placement.

Fractional Shares

No fractional shares of Quoin common stock will be issued by virtue of the Merger and any Skinvisible stockholder entitled under the Merger Agreement to receive a fractional share of Quoin common stock will be rounded up to the next whole share.

Skinvisible and Quoin shall cooperate in preparing and promptly cause to be filed with the SEC this proxy statement; Skinvisible and Quoin will consult with one another before issuing any public release or otherwise making any public statements about the Merger, and will not release any such public release (including public filings with the SEC) without prior consent of the other party (which consent shall not be unreasonably conditioned, withheld or delayed) subject to certain exceptions;

Debt Conversion Agreements

The Merger Agreement requires Skinvisible to use commercially reasonable efforts to enter into one or more agreements with certain creditors of Skinvisible to cause Skinvisible's indebtedness to such parties to be converted into the Combined Company's common stock immediately prior to the Effective Time (the "Debt Conversion Agreements"). If Skinvisible fails to execute Debt Conversion Agreements with respect to all such specified Skinvisible indebtedness prior to the date that is five days before the Closing Date, the Exchange Ratio will be revised to cause the percentage of the outstanding equity of the Combined Company immediately following the Effective Time (and prior to the equity to be issued in the Private Placement) to be held by holders of the outstanding equity of Skinvisible immediately prior to the Effective Time to be reduced from approximately 27.5% to a percentage equal to (i) 27.5% minus (ii) the product of (x) 0.000004 and (y) the amount of the remaining third party indebtedness.

For illustrative purposes, if the remaining Third Party Indebtedness equals \$1,000,000, the percentage of the outstanding equity of Skinvisible immediately following the Effective Time (and prior to the equity to be issued in the Private Placement) to be held by holders of the outstanding equity of Skinvisible immediately prior to the Effective Time will be reduced from approximately 27.5% to approximately 23.5%.

If none of the Third Party Indebtedness is converted into the Combined Company's common stock immediately prior to the Effective Time, the Effective Time will be reduced from approximately 27.5% to approximately 10.64%.

Related Party Agreements

Skinvisible has entered into one or more agreements (the "Related Party Agreements") with certain officers of Skinvisible with respect to the indebtedness of Skinvisible (the "Related Party Indebtedness"). These Related Party Agreements provide that:

In exchange for the immediate cancellation of \$500,000 of the Related Party Indebtedness, Skinvisible transferred 100% of the shares in Ovation Science Inc. held by Skinvisible to these related parties;

Within 180 days after the closing date all remaining Related Party Indebtedness is to be converted, at the sole election of the Combined Company, into cash or shares of the Combined Company's common stock which are not subject to any contractual restrictions or vesting requirements (or a combination cash and shares of the Combined Company's common stock). If the Combined Company elects to convert all or a portion of the remaining related indebtedness into shares of the Combined Company's common stock, such shares shall be valued using the 30 day average closing price of such shares on the OTCQB for the 30 day period prior to the date of conversion. If the conversion of any remaining related party indebtedness into shares of the Combined Company's common stock causes the related parties to have an obligation to pay taxes, the Combined Company is required to pay such taxes to the to the applicable governmental authority on behalf of the related parties.

Skinvisible has also negotiated and executed new employment agreements with Terry Howlett and Doreen McMorran and a consulting agreement to Dr. James Roszell.

The obligations of the parties to consummate the transactions contemplated by the Merger Agreement are subject to the following conditions:

- the total amount of Related Party Indebtedness (as defined above) immediately prior to the Effective Time, shall not exceed \$2,800,000.

Termination

The Merger Agreement may be terminated at any time, but not later than the closing, as follows:

- by mutual written consent of Skinvisible and Quoin;
- by either Skinvisible and Quoin if the transactions contemplated by the Merger Agreement are not consummated on or before August 31, 2018, provided that the right to terminate will not be available to any party whose failure to fulfill any material obligation was the cause of or resulted in the failure of the transactions contemplated by the Merger Agreement to be consummated by such date;
- by either Skinvisible and Quoin if any governmental authority shall have enacted, issued, promulgated, enforced or entered any order, law, rule regulation, judgment, injunction, decree or ruling which has become final and nonappealable, and which permanently restrains, enjoins or otherwise prohibits the Merger;
- by either Skinvisible and Quoin if the other party has breached any of its covenants, agreements or representations and warranties (and has not cured its breach within 30 days of the giving of notice of such breach); or
- by either Skinvisible and Quoin if the Merger has not been approved at the Special Meeting (or any adjournment or postponement thereof): provided, however, that the right to terminate the Merger Agreement shall not be available to Skinvisible where the failure to obtain the required Skinvisible stockholder vote has been caused by the action or failure to act of Skinvisible and such action or failure to act constitutes a material breach by Skinvisible of the Merger Agreement.

Expense Reimbursement

If the Merger Agreement is terminated by Skinvisible under certain circumstances, prior to such termination, Skinvisible has breached any of the non-solicitation covenants of Skinvisible, and Skinvisible enters into an agreement to consummate a “Acquisition Proposal” within six (6) months of the date of termination, then Skinvisible is required to reimburse Quoin for its total documented expenses incurred by in connection with the negotiation and execution of the Merger Agreement and the transactions contemplated thereby, up to a maximum of \$300,000.

Effect of Termination

In the event of termination of the Merger Agreement prior to the Effective Time in accordance with the terms of the Merger Agreement, the Merger Agreement will become void, and there shall be no liability or further obligation on the part of Skinvisible and Quoin other than:

- the reimbursement of fees as described above under “Merger Agreement — Expense Reimbursement”;
- the parties’ mutual obligations with respect to confidentiality and public announcements, which survive termination, under the terms of the Merger Agreement; and
- liability arising out of fraud or material and intentional breach of any provision of the Merger Agreement.

No Solicitation of Other Offers by Skinvisible or Quoin

Under the terms of the Merger Agreement, Skinvisible and Quoin have each agreed that it and its officers and directors will not (and that it will use commercially reasonable efforts to ensure that its representatives will not) directly or indirectly initiate, solicit or knowingly encourage or facilitate any inquiries or the making of any acquisition proposal, or engage in any negotiations concerning, or provide access to its properties, books and records or any confidential information or data to, any person relating to, an acquisition proposal. Quoin is, however, permitted to pursue the Private Placement.

Required Vote

Adoption of the Merger requires the affirmative vote of a majority of the issued and outstanding shares of Skinvisible’s common stock represented in person or by proxy at the meeting and entitled to vote thereon. Adoption of this proposal is not conditioned upon the adoption of any of the other proposals.

Recommendation of The Board of Directors

SKINVISIBLE’S BOARD RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE MERGER AGREEMENT.

Interests of Skinvisible’s Directors and Officers in the Merger

In considering the recommendation of Skinvisible’s Board to vote for the proposals presented at the special meeting, you should be aware that our executive officers and members of our Board have interests in the merger proposal that are different from, or in addition to, the interests of our shareholders generally. The members of our Board were aware of these differing interests and considered them, among other matters, in evaluating and negotiating the transaction agreements and in recommending to our shareholders that they vote in favor of the proposals presented at the special meeting. These interests include, among other things:

-

Edgar Filing: SKINVISIBLE INC - Form PRER14A

Terry Howlett and Doreen McMorran have entered into new 1 year employment agreements with the Combined Company, which employment agreements will become effect upon the closing of the Merger; and Terry Howlett and Doreen McMorran and certain other related parties have agreed to cancel \$500,000 of Related Party Indebtedness, in exchange for 100% of the shares owned by Skinvisible in Ovation Science Inc. (“Ovation”).

THE LOCK-UP AGREEMENTS AND VOTING AGREEMENTS

In connection with their entry into the Merger Agreement, Dr. Michael Myers and Denise Carter, the stockholders and directors of Quoin, and Terry Howlett and Doreen McMorrان, of Skinvisible, entered into lock-up agreements to satisfy the terms of the Merger Agreement. The form of lock-up agreement is attached as Annex B to this Proxy Statement. The lock-up agreements prohibit sales and certain other dispositions of shares of the Combined Company's common stock and certain other securities for a period of 180 days after the closing of the Merger. Terry Howlett and Doreen McMorrان also executed voting agreements. The form of voting agreement is included as Annex C to this Proxy Statement. The voting agreements generally require Terry Howlett and Doreen McMorrان to vote all of their respective shares of Skinvisible common stock in favor of the Merger proposal. As of the record date, Terry Howlett and Doreen McMorrان collectively beneficially held shares of Skinvisible common stock, representing approximately [7%] of the outstanding shares of Skinvisible's common stock, all of which shares are either held of record by the said person as of the record date or over which he possesses voting rights and are therefore in either case subject to the voting agreements.

INFORMATION WITH RESPECT TO QUOIN

Overview

Following the Merger, the combined company intends to pursue commercialization of Quoin's two lead products. In addition, the combined company will continue to pursue commercial opportunities for products developed by Skinvisible prior to the merger. The combined company also intends to leverage Skinvisible's Invisicare technology as a potential delivery system for the Quoin products intended to be developments by the combined company.

Quoin Pharmaceuticals is a pre-clinical, specialty pharmaceutical company dedicated to developing products that help address major societal issues including the opioid epidemic and the military veteran suicide rate. Quoin's two lead products are different applications of a single NMDA receptor antagonist delivered transdermally. QRX001 is a single use transdermal patch designed to provide up to 72 hours of effective post-operative analgesia whilst significantly reducing opioid consumption. Quoin intends to apply for Breakthrough Therapy designation for QRX001. Quoin's second lead product, QRX002 is a once-daily transdermal for the treatment of military related PTSD with suicidal ideation. Quoin believes QRX002 could be the first product approved to treat this major unmet medical need and could be a candidate for both Orphan Drug and Breakthrough Therapy Status. Quoin's products are at a pre-clinical stage of development. Quoin has not initiated any formal clinical testing of its products nor has it held any discussions with the FDA or any other regulatory agency about these products.

Quoin initially approached the US Department of Veteran Affairs (VA) to discuss options for the clinical development of QRX002 as a potential treatment for military veteran suicides. Following a number of meetings and discussions, the VA expressed a keen interest in assisting with the clinical development of QRX002. Two of the VA's researchers into military veteran suicides have been appointed as Principal Investigators (PI's) for QRX002 for this indication. The proposed clinical program will be conducted at various VA facilities across the country under the supervision of the Principal Investigators. Quoin believes this arrangement will greatly increase the efficiency and cost effectiveness of the clinical program for QRX002. It is important to note that no formal agreement has been entered into between Quoin and the VA and while the PI's have expressed their interest and willingness to conduct clinical studies for QRX002, they are under no obligation to do so. In addition, the cost of these studies will be exclusively borne by Quoin with no financial assistance from the VA.

In addition, Quoin has two additional products that it plans to begin the development of for opioid addiction and chronic pain. Clinical testing for these products is also expected to be conducted at VA facilities, though the VA has

no obligation to do so. Quoin expects to generate clinical data for QRX001 and QRX0002 within 12-18 months of the Effective date of the merger.

Quoin was co-founded by Dr. Michael Myers and Denise Carter both of whom have extensive experience in the pharmaceutical industry, particularly in the field of drug delivery. Dr. Myers and Ms. Carter, along with other members of the Quoin executive team have previously successfully developed and commercialized pharmaceutical products based on platform drug delivery technologies at previous companies they worked at. Furthermore, Dr. Myers and Ms. Carter have successfully raised over \$150 million from private and public company investors for other companies and have established broad relationships within the pharmaceutical industry

Quoin's proprietary platform polymer technology, PharmaDur, which it obtained through Quoin's acquisition of Polytherapeutics, is ideal for the development for transdermal and topically delivered products. The PharmaDur technology provides for a controlled and extended duration of delivery of active drug molecules across the skin barrier in topical and transdermal formats. When used topically, the polymer technology dries quickly on the skin and remains in place for an extended period of time and will not rub off on contact with clothing or any other material and will withstand repeat washing. In transdermal preparations, the PharmaDur technology has the ability to control the rate at which the active drug ingredient penetrates the skin barrier to deliver therapeutically effective system blood levels thereby facilitating the development of products with an extended duration of action. While the original patents for the PharmaDur technology have expired, Quoin believes that the technology is protected by Trade Secrets and Know How particularly around the manufacturing and extraction process for the polymer itself. Quoin intends to explore new IP opportunities for the PharmaDur technology. Quoin does not own or license any other technologies or intellectual property nor does it have any material agreements with any other company.

Table of Contents

Quoin acquired all of the equity interests in Polytherapeutics, Inc. on March 24, 2018 from Kishore Shah and Aruna Shah in exchange for a closing payment of \$40,000 and the commitment to pay monthly payments of \$20,833 over the period of July 31, 2018 through February 28, 2021 (an aggregate total of \$666, 667) and royalties to the sellers. The terms of any royalty payments to the sellers are as follows: 4.0% of the net revenue of Royalty Products received by Quoin during the ten (10) year period commencing from the date of first sale of a Royalty Product. For the avoidance of doubt, Royalty Payments will only be due on Royalty Products that entered clinical development before March 31, 2021. If a generic product is introduced by a third party to the market, during the Royalty Period, the Royalty Fees shall be reduced from 4% to 2%. If, during the Royalty Period, two or more Generic Products are introduced, the Royalty Fees shall be reduced from 2% to 0%. "Generic Product" means any product approved by the FDA or another applicable domestic or foreign regulatory authority to be deemed generically equivalent to the Royalty Product irrespective of its formulation. This agreement may be terminated by Polytherapeutics if Quoin fails to make monthly or royalty payments and does not correct the breach within the agreed cure period.

Quoin's initial focus is on the development of products using its proprietary technology that could help address major societal challenges such as the opioid epidemic and the military veteran suicide crisis. It is estimated that there are greater than 110 opioid related deaths in the US every day and that over 1,000 people are treated every day for misuse of an opioid. Almost 7% of people who become addicted are first exposed to opioids in a surgical setting where they are prescribed these medicines to treat post-operative pain. Quoin believes that a product which can substantially reduce the use of opioids in a surgical setting could play a significant role in reducing the overall dependency on opioids in the US. QRX001, Quoin's first lead product, is a single use, transdermal NMDA receptor antagonist designed to provide up to 72 hours of effective post-operative analgesia whilst significantly reducing the consumption of opioids by patients. The NMDA receptor antagonist in QRX001 has been shown in multiple clinical studies to both significantly reduce post-operative and to reduce the amount of opioids consumed by patients. Quoin believes that QRX001, either by itself or as part of a multi-modal therapy, could provide a better option for surgeons to effectively treat post-surgical pain than competing products currently available or under development. Quoin also believes that the single use sub-anesthetic dose of the NMDA receptor antagonist in QRX001 substantially reduces the potential for abuse and so could be viewed favorably by the FDA and other regulatory agencies. Quoin is anticipating seeking approval for QRX001 in 2020 or 2021 following the successful conclusion of its clinical development program. Quoin intends to file for Breakthrough Therapy designation for QRX001 from the FDA, although Quoin has not engaged in any discussions with the FDA in connection therewith.

Quoin's second lead product, QRX002, also contains an NMDA receptor antagonist delivered transdermally. QRX002, is designed to be dosed once a day, every day over a defined period as a potential treatment for military related PTSD with suicidal ideation. There is a growing crisis in the country's military veteran population with over 20 suicides every day, primarily as a result of Post-Traumatic Stress Disorder or PTSD. As of now, there are no products approved to treat either PTSD or the PTSD sufferers who are suicidal. The NMDA receptor antagonist in QRX002 has been shown clinically to reduce suicidal ideation, even after a single dose. Unlike, standard anti-depressants, currently the only available treatment option, the molecule acts very quickly to positively impact suicidal ideation. However, the molecule is not orally bioavailable and is typically dosed either by infusion or nasally in a clinical setting. Quoin believes that a once-daily transdermal that delivers the dose in a controlled and regulated manner could be a more effective and user-friendly product option. Quoin has engaged in discussion with the US Department of Veteran Affairs (VA) for the clinical development of QRX002. The VA has appointed two of its top researchers into military veteran suicides as Principal Investigators (PI's) for the clinical development of QRX002, which will be performed at various VA facilities throughout the US. Quoin believes that this partnership with the VA will greatly improve the efficiency and cost-effectiveness of the planned clinical program for QRX002. The cost of the clinical program will be borne exclusively by Quoin with no financial assistance from the VA. Furthermore, Quoin has not entered into any formal agreement with the VA and the VA is not obligated to participate in the clinical studies for QRX002 or any other Quoin product.

Quoin believes that QRX002 is a candidate for both Orphan Drug and Breakthrough Therapy designation from the FDA. If Breakthrough Therapy status is granted, Quoin believes that a single Phase 3 clinical study may be all that is required to obtain US regulatory approval, although Quoin has not engaged in any discussions with the FA therewith. Quoin anticipates seeking approval for QRX002 for the first indication of military related suicide in 2020 or 2021 upon successful completion of the clinical development program and Quoin believes that QRX002 could be the first product approved to treat this indication. In addition to suicidal ideation, Quoin is also planning to explore the clinical development of QRX002 for other indications such as PTSD and post-partum depression.

In addition to the above products, Quoin also plans to initiate the development of product candidates as potential treatments for opioid addiction and chronic pain, both of which represent large and commercially attractive opportunities. Quoin anticipates that work on these products may also be conducted under the auspices of Quoin's arrangement with the VA, though the VA is under no obligation to do so. Quoin will exclusively bear the costs of these clinical studies without any financial assistance from the VA.

The target indications and profiles for QRX001 and QRX002 were developed by Quoin's management team through extensive literature research and following in depth discussions with leading key opinion leaders, clinicians and regulatory experts. It became clear to Quoin's management following this research and those discussions that the NMDA receptor antagonist selected for both QRX001 and QRX002 was indeed the optimal candidate to achieve the target product indications of reduction of post-surgical pain for up to 72 hours and the significant reduction of suicidal ideation in military veterans who suffer from PTSD. It is Quoin management's belief that the ideal route of delivery for this particular molecule that would facilitate achieving those clinical targets is via transdermal delivery. The molecule is currently dosed by infusion or delivered nasally, neither of which Quoin believe are ideal for the defined target indications.

The decision to pursue the development of QRX001 and QRX002 as transdermal patches led Quoin to approach Polytherapeutics with an acquisition offer, which was ultimately executed. Polytherapeutics Pharmadur technology is a fully scaled up and commercialized proprietary platform polymer technology that is ideal for transdermal and topical delivery. The fact that the technology had been scaled up and commercialized was of particular importance to Quoin, as its management team knew from decades of experience that many promising early stage technologies fail at later stages due to scale up challenges such as highly complex manufacturing processes, very poor yields of usable product which can lead to uncompetitive COGS and other issues. With those issues out of the way, Quoin believed that it was in a unique position to combine a proven technology with a proven molecule using decades of direct experience to create highly differentiated products such as QRX001 and QRX002. It is Quoin's belief that the skill, knowledge and experience of its team will facilitate a lower risker and faster development timeline for its products than might be the case otherwise.

As of now, Quoin has not initiated any formal clinical testing for QRX001 and QRX002 nor has it filed any IND's or held discussions with the FDA. The company is planning to initiate Phase 1 testing in health volunteers in Australia this year once funds from the private placement have been secured. Australia is a well-established venue for Phase 1 testing due to its favorable regulatory climate and attractive tax rebates. Quoin plans to file IND's for both QRX001 and QRX002 once Phase 1 data is available. These IND's will contain details of the proposed Phase 2 clinical programs for both products. Given Quoin's background in post-surgical pain and its established relationships with leading KOLs, its management team will play a leading role in the drafting of the clinical protocols and the definition of the primary and secondary endpoints for QRX001. For QRX002, however, Quoin felt that the most efficient and low risk approach for the clinical development of the product would be through the participation of the US Department of Veterans Affairs (VA). Following a series of meetings and discussions, Dr. Perry Renshaw and Dr. Deborah Yurgelun-Todd, from the VA MIREC center in Salt Lake City, were identified as the best clinical researchers into veteran suicides and they agreed to become Principal Investigators (PIs) for the clinical program. They in turn will recruit other VA researchers to become investigators at different VA clinical facilities across the country. To help speed up the process, Quoin is working closely with representatives from NAVREV who are providing resources to navigate Confidentiality Agreements, Independent Review Board approvals and other

necessary requirements that need to be formalized for companies who wish to engage with the VA. This broad support is a reflection, Quoin believes, of the potential value that QRX002 could bring to military veterans, a value which has been recognized by the VA. Quoin has not entered into any formal agreement with the VA nor is the VA obligated to participate in any studies.

It is intended that Phase 2 and Phase 3 testing for QRX002 will be conducted by VA researchers at VA facilities across the country under the direct supervision of Dr. Renshaw and Dr. Yurgelun-Todd. Quoin plans to fund the Phase 2 testing out of the proceeds of the private placement that it is pursuing in conjunction with the Skinvisible merger. Working closely with the VA in this manner will provide for a far more efficient and cost-effective clinical development program than if Quoin were to attempt to do so outside the auspices of an arrangement with the VA

Principal Stockholders of Quoin

The principal stockholders of Quoin are its co-founders, Dr. Michael Myers and Ms. Denise Carter, each of whom hold a 50% share of Quoin.

Assets and Liabilities of Quoin

As indicated below in Quoin's financial statements, Quoin currently has limited assets beyond the equity in the Polytherapeutics subsidiary and access to the Polytherapeutics technology. Quoin intends to utilize the existing assets of Skinvisible, the Polytherapeutics technology and the proceeds from the Private Placement to rapidly pursue the strategy outlined above.

Quoin has entered into employment agreements with Dr. Michael Myers and Ms. Denise Carter. Pursuant to these employment agreements, Quoin has agreed to reimburse Dr. Michael Myers and Ms. Denise Carter for all expenses incurred by them in founding Quoin, acquiring the Polytherapeutics technology and pursuing the Merger with Skinvisible.

The current total amount to be reimbursed is 941,887 to Dr. Michael Myers and \$970,981 to Ms. Denise Carter.

Quoin does not expect to reimburse these amounts until it has obtained sufficient funds from private placements and partnership agreements.

Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements. The preparation of these financial statements and related disclosures in conformity with accounting principles generally accepted in the United States of America requires us to (i) make judgments, assumptions and estimates that affect the reported amounts of assets, liabilities, revenue and expenses; and (ii) disclose contingent assets and liabilities. A critical accounting estimate is an assumption that could have a material effect on our consolidated financial statements if another, also reasonable, amount were used or a change in the estimates is reasonably likely from period to period. We base our accounting estimates on historical experience and other factors that we consider reasonable under the circumstances. However, actual results may differ from these estimates. To the extent there are material differences between our estimates and the actual results, our future financial condition and results of operations will be affected.

EXECUTIVE COMPENSATION OF SKINVISIBLE'S NAMED EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Currently, the objective of the cash compensation paid by Skinvisible is to provide fair reimbursement for the time spent by our executive officer and independent directors to the extent feasible within the financial constraints faced by our developing business. The stock options granted to our executive officer and to our independent directors are intended to provide these individuals with incentives to pursue the growth and development of the company's operations and business opportunities. Although the options awarded to our executive and directors are typically exercisable immediately, they also remain valid and exercisable for terms of several years. We believe this provides the proper balance of short-term and long-term incentives to increase the value of the company. Although an immediate increase in share price following the issuance of the options would obviously result in a profit if those options were exercised, the longer exercisable period of the options also provides an incentive to increase value over the long term and gives our executive officer and directors the opportunity to realize gains based on the sustained growth of our operations and revenues.

In addition, our sole executive officer holds substantial ownership in the company and is generally motivated by a strong entrepreneurial interest in expanding our operations and revenue base to the best of his ability.

All the fees earned or paid in cash and stock options awards granted to Terry Howlett were earned in connection with his service as an executive officer. Mr. Howlett received no compensation for his service as a member of our board of directors.

On September 22, 2017, we granted an option to purchase 100,000 shares of our common stock to Mr. St. James. The options have a strike price of \$0.035. The stock options were exercisable upon grant and have a life of 5 years. The stock options were valued at \$35,497 using the Black-Scholes option pricing model.

As consideration for the grant of the License and the assignment of the Canopy agreement Ovation agreed to pay Skinvisible Inc. \$500,000. \$250,000 is due within 90 days of execution of the Agreement and a promissory note for \$250,000 is payable upon the earlier of the company completing an initial public offering or March 31, 2018. PROPOSAL NO. 2: APPROVAL OF THE REVERSE SPLIT

Skinvisible is asking you to approve the reverse split proposal.

The Reverse Split

Prior to the execution of the Effective Time, Skinvisible will effect the Reverse Split.

Skinvisible's board of directors has adopted resolutions (i) declaring that submitting an amendment to Skinvisible's Articles of Incorporation to effect the Reverse Split of Skinvisible's issued and outstanding common stock was advisable, and (ii) directing that a proposal to approve the Reverse Split be submitted to the holders of Skinvisible's common stock for their approval. The Reverse Split of Skinvisible's issued and outstanding common stock will be effected by a ratio of not less than one-for-ten and not more than one-for-one hundred, with the exact ratio to be set at a whole number within this range as determined by Skinvisible's board of directors in its sole discretion.

Skinvisible's board of directors believes that the Reverse Split is in the best interest of Skinvisible. A Reverse Split typically will initially result in an increase in the price per share of Skinvisible's common stock. Skinvisible's board of directors believes that an increased stock price may encourage investor interest and improve the marketability and liquidity of Skinvisible's common stock. In addition, the Combined Company may in the future seek a listing on a national exchange, for which a higher stock price than the current price will be required. Because of the trading volatility often associated with low-priced stocks, many brokerage firms and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. Some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers and investors. The Board of Directors believes that the anticipated higher market price resulting from a Reverse Split may reduce, to some extent, the negative effects on the liquidity and marketability of the Common Stock inherent in some of the policies and practices of institutional investors and brokerage firms described above. Additionally, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of Skinvisible's common stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher.

Potential Risks of the Reverse Split

There can be no assurance that the bid price of Skinvisible's common stock will continue at a level in proportion to the reduction in the number of outstanding shares resulting from the Reverse Split. Further, we cannot give any assurances that the Reverse Split will encourage investor interest and improve the marketability and liquidity of Skinvisible's common stock.

Additionally, the liquidity of Skinvisible's common stock could be adversely affected by the reduced number of shares outstanding after the Reverse Split. Although the Board of Directors believes that a higher stock price may help generate investor interest, there can be no assurance that the Reverse Split will result in a per-share price that will attract institutional investors or investment funds or that such share price will satisfy the investing guidelines of institutional investors or investment funds. As a result, any decreased liquidity that may result from having fewer shares outstanding may not be offset by increased investor interest in Skinvisible's common stock.

Effects of the Reverse Split on Common Stock

After the effective date of the Reverse Split, each stockholder will own fewer shares of Skinvisible's common stock. However, the Reverse Split will affect all of Skinvisible's Common Stock stockholders uniformly and will not affect any stockholder's percentage ownership interest in us, except to the extent that the Reverse Split results in any of Skinvisible's stockholders receiving additional shares as a result of or owning a fractional share that is rounded up, each as described below. The number of stockholders of record will not be affected by the Reverse Split. Proportionate voting rights and other rights and preferences of the holders of Skinvisible's common stock will not be affected by the Reverse Split other than as a result of and rounding up of fractional shares. All shares underlying outstanding options and warrants will also be automatically adjusted on the effective date of the Reverse Split.

Table of Contents

Fractional Shares

No fractional shares of Skinvisible's common stock will be issued as a result of the proposed Reverse Split. In lieu of issuing fractional shares, we will round fractions up to the nearest whole share.

Implementation and Exchange of Stock Certificates

As of the effective date of the Reverse Split, if implemented by Skinvisible's Board of Directors, each certificate representing shares of Skinvisible common stock before the Reverse Split would be deemed, for all corporate purposes, to evidence ownership of the reduced number of shares of Skinvisible's common stock resulting from the Reverse Split.

Skinvisible's transfer agent will be available to effect the exchange of stock certificates. After the effective date, stockholders and holders of securities exercisable for Skinvisible's common stock will be notified of the effectiveness of the Reverse Split. Stockholders of record will receive a letter suggesting to them that they surrender their old stock certificates for new stock certificates reflecting the adjusted number of shares as a result of the Reverse Split. Persons who hold their shares in brokerage accounts or "street name" will not be required to take any further actions to effect the exchange of their shares. No new certificates will be issued to a stockholder until such stockholder has surrendered any outstanding certificates to the transfer agent. Until surrendered, each certificate representing shares before the Reverse Split will continue to be valid and will represent the adjusted number of shares based on the ratio of the Reverse Split. Stockholders should not destroy any stock certificate and should not submit any certificates until after the Reverse Split has become effective.

YOU ARE ENCOURAGED TO CONSULT YOUR TAX ADVISOR TO DETERMINE FOR YOURSELF THE TAX EFFECTS OF THE REVERSE SPLIT, IF ANY, INCLUDING SUCH TAX EFFECTS UNDER STATE, LOCAL AND FOREIGN TAX LAWS.

The following discussion sets forth the anticipated material U.S. federal income tax consequences that management believes will apply to Skinvisible and Skinvisible's stockholders who are U.S. holders at the effective time of the Reverse Split, if any. This discussion does not address the tax consequences of transactions effectuated prior to or after the Reverse Split, including, without limitation, the tax consequences of the exercise of options, warrants or similar rights to purchase stock. Furthermore, no foreign, state or local tax considerations are addressed herein. For this purpose, a U.S. holder is a stockholder that is: (a) a citizen or resident of the United States, (b) a domestic corporation, (c) an estate whose income is subject to U.S. federal income tax regardless of its source, or (d) a trust if a U.S. court can exercise primary supervision over the trust's administration and one or more U.S. persons are authorized to control all substantial decisions of the trust.

The following discussion is not binding on the Internal Revenue Service. The following discussion is based upon the Internal Revenue Code, laws, regulations, rulings and decisions in effect as of the date of this information statement, all of which are subject to change, possibly with retroactive effect. Holders of shares of the Common Stock are strongly urged to consult their tax advisors as to the specific tax consequences to them of the Reverse Split, including the applicability and effect of federal, state, local and foreign income and other tax laws in their particular

circumstances.

No gain or loss should be recognized by a stockholder upon his or her exchange of pre-Reverse Split shares for post-Reverse Split shares. The aggregate tax basis of the post-Reverse Split shares received (including any fraction of a new share deemed to have been received) will be the same as the stockholder's aggregate tax basis in the pre-Reverse Split shares exchanged therefor. The stockholder's holding period for the post-Reverse Split shares will include the period during which the stockholder held the pre-Reverse Split shares surrendered in the Reverse Split.

Skinvisible should not recognize any gain or loss as a result of the Reverse Split.

The Reverse Split will require the approval of the holders of a majority of the outstanding shares of Skinvisible's common stock. Abstentions and Broker non-votes will have the same effect as voting against the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE REVERSE SPLIT.

PROPOSAL 3 NAME CHANGE

The Board of Directors is soliciting your consent to an amendment to the Current Charter to change the name of Skinvisible, Inc. to "Quoin Pharmaceuticals, Inc." (the "Name Change"). If approved by the stockholders of Skinvisible, after the effective date of the Merger, Skinvisible, Inc. will become "Quoin Pharmaceuticals, Inc. An amendment to Skinvisible's Articles of Incorporation is required to effect the name change.

The board of directors believes that changing the name of the combined company to Quoin Pharmaceuticals better reflects the future direction and focus of the combined company, which will not be focused solely on dermatological products as the name Skinvisible suggests.

SKINVISIBLE'S BOARD RECOMMENDS A VOTE "FOR" THE PROPOSAL TO CHANGE THE NAME OF SKINVISIBLE, INC. AFTER THE EFFECTIVE DATE OF THE MERGER TO "QUOIN PHARMACEUTICALS, INC."

PROPOSAL NO. 4: THE ADJOURNMENT PROPOSAL

The adjournment proposal allows Skinvisible's board of directors to submit a proposal to adjourn the Special Meeting to a later date or dates, if necessary, to permit further solicitation of proxies in the event, based on the tabulated votes, there are not sufficient votes at the time of the special meeting to approve the consummation of the Merger. In no event will Skinvisible solicit proxies to adjourn the Special Meeting or consummate the Merger beyond the date by which it may properly do so under Nevada law. The purpose of the adjournment proposal is to provide more time for the Skinvisible's stockholders to make purchases of public shares or other arrangements that would increase the likelihood of obtaining a favorable vote on the Merger Proposal.

In addition to an adjournment of the Special Meeting upon approval of an adjournment proposal, the board of directors of Skinvisible is empowered under Nevada law to postpone the meeting at any time prior to the meeting being called to order. In such event, Skinvisible will issue a press release and take such other steps as it believes are necessary and practical in the circumstances to inform its stockholders of the postponement.

Consequences if the Adjournment Proposal is not Approved

If an adjournment proposal is presented at the Special Meeting and such proposal is not approved by its stockholders, Skinvisible's board of directors may not be able to adjourn the Special Meeting to a later date in the event, based on the tabulated votes, there are not sufficient votes at the time of the Special Meeting to approve the consummation of the Merger. In such event, the Merger would not be completed.

Required Vote

Approval of the proposal to adjourn the Special Meeting, whether or not a quorum is present, requires the affirmative vote of a majority of the votes cast by the holders of shares of Skinvisible's common stock entitled to vote. Adoption of the adjournment proposal is not conditioned upon the adoption of any of the other proposals.

Recommendation of the Board of Directors

SKINVISIBLE'S BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE ADJOURNMENT PROPOSAL.

OTHER MATTERS

As of the date of this proxy statement/prospectus, the board of directors of Skinvisible knows of no matters that will be presented for consideration at the Special Meeting other than as described in this proxy statement/prospectus. If any other matters properly come before the Special Meeting or any adjournments or postponements of the meeting and are voted upon, the enclosed proxy will confer discretionary authority on the individuals named as proxy to vote the shares represented by the proxy as to any other matters. The individuals named as proxies intend to vote in accordance with their best judgment as to any other matters.

NOW, THEREFORE, in consideration of the representations, warranties, covenants and agreements set forth herein, the parties agree as follows:

Article 1

THE MERGER AND CERTAIN GOVERNANCE MATTERS

Section 1.1 Structure of the Merger. Upon the terms and subject to the conditions set forth in this Agreement, at the Effective Time, Merger Sub shall be merged with and into the Company, and the separate existence of Merger Sub shall cease, and the Company will continue as the surviving corporation following the Merger (the “*Surviving Corporation*”).

Section 1.2 Effects of the Merger. The Merger shall have the effects set forth in this Agreement and in the applicable provisions of the DGCL.

Section 1.3 Closing; Effective Time. Unless this Agreement is earlier terminated pursuant to the provisions of Section 7.1 of this Agreement, and subject to the satisfaction or waiver of the conditions set forth in Article 6 of this Agreement, the consummation of the Merger (the “*Closing*”) shall take place at the offices of Dentons US LLP, 1221 Avenue of the Americas, New York, NY 10020, no later than three (3) Business Days following the satisfaction (or waiver by the party entitled to the benefit thereof) of the conditions to the Closing set forth in Article 6 (other than the conditions that by their nature are to be satisfied at Closing, but subject to the satisfaction or waiver of each of such conditions), or at such other time, date and place as Parent and the Company may mutually agree in writing. The date on which the Closing actually takes place is referred to as the “*Closing Date*.” At the Closing, the Parties shall cause the Merger to be consummated by executing and filing with the Secretary of State of the State of Delaware a Certificate of Merger (the “*Certificate of Merger*”) with respect to the Merger, satisfying the applicable requirements of the DGCL and in a form reasonably acceptable to Parent and the Company. The Merger shall become effective at the time of the filing of the Certificate of Merger with the Secretary of State of the State of Delaware, or at such later time as may be

specified in the Certificate of Merger with the consent of Parent and the Company (the time as of which the Merger becomes effective being referred to as the “*Effective Time*”).

A-4

Section 1.4 Conversion of Shares.

(a) At the Effective Time, by virtue of the Merger and without any further action on the part of Parent, Merger Sub, the Company or any stockholder of any of the foregoing:

(i) any shares of Company Common Stock owned as treasury stock of the Company or owned by Parent or by any direct or indirect wholly owned Subsidiary of Parent immediately prior to the Effective Time shall be automatically canceled and retired and shall cease to exist, and no consideration shall be delivered in exchange therefor; and

(ii) each share of Company Common Stock outstanding immediately prior to the Effective Time (excluding shares to be canceled pursuant to Section 1.4(a)(i) and Dissenting Shares) shall be automatically converted solely into the right to receive a number of shares of Parent Common Stock equal to the Exchange Ratio (the “**Merger Shares**”). No fractional shares of Parent Common Stock shall be issued in connection with the Merger as a result of the conversion provided for in this Section 1.4(a)(ii), and no certificates or scrip for any such fractional shares shall be issued. Any fractional shares of Parent Common Stock that that would be issuable as a result of the conversion provided for in Section 1.4(a)(ii) shall be rounded up to the next whole share. For the avoidance of any doubt, no Shares of Parent Preferred Stock will be issued in connection with the Merger to former holders of Company Common Stock (or any other class of capital stock of the Company).

(b) Each share of common stock, \$0.001 par value per share, of Merger Sub issued and outstanding immediately prior to the Effective Time shall be automatically converted into and exchanged for one validly issued, fully paid and nonassessable share of common stock, \$0.001 par value per share, of the Company as the surviving corporation of the Merger. Each stock certificate of Merger Sub evidencing ownership of any such shares shall, as of the Effective Time, evidence ownership of such shares of common stock of the Company as the surviving corporation of the Merger.

Section 1.5 Closing of the Company’s Transfer Books. At the Effective Time, the stock transfer books of the Company shall be closed with respect to all shares of Company Common Stock outstanding immediately prior to the Effective Time. No further transfer of any such shares of Company Common Stock shall be made on such stock transfer books after the Effective Time. If, after the Effective Time, a valid certificate previously representing any shares of Company Common Stock outstanding immediately prior to the Effective Time (a “**Company Stock Certificate**”) is presented to Parent, the Surviving Corporation or the Exchange Agent, such Company Stock Certificate shall be canceled and shall be exchanged as provided in Section 1.4 and Section 1.6.

Section 1.6 Surrender of Certificates.

(a) Exchange Agent. At the Effective Time, Parent shall deposit with the Exchange Agent, for the benefit of the holders of certificates formerly representing the Company Common Stock (“**Certificates**”), certificates or book-entry shares representing shares of Parent Common Stock in the aggregate amount equal to the Merger Shares. In addition, Parent shall deposit with the Exchange Agent, as necessary from time to time after the Effective Time, any dividends or other distributions payable pursuant to Section 1.6(c). All shares of Parent Common Stock, cash, dividends and distributions deposited with the Exchange Agent pursuant to this Section 1.6(a) shall hereinafter be referred to as the “**Exchange Fund**.” The Exchange Fund shall not be used for any other purpose.

(b) Exchange Procedures. As soon as reasonably practicable after the Effective Time (and in any event within five Business Days), Parent shall cause the Exchange Agent to mail to each holder of record of a Certificate (i) a form of letter of transmittal (which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon proper delivery of the Certificates to the Exchange Agent and which shall be in customary form and contain customary provisions), and (ii) instructions for use in effecting the surrender of the Certificates in exchange for the Merger Shares, any dividends or other distributions payable pursuant to Section 1.6(c). Each holder of record of one or more Certificates shall, upon surrender to the Exchange Agent of such Certificates, together with such letter of transmittal, duly executed, and such other documents as may reasonably be required by the Exchange Agent, be entitled to receive promptly in exchange therefor (i) a certificate or certificates or book-entry shares representing that number of whole shares of Parent Common Stock (after taking into account all Certificates surrendered by such holder) to which such holder is entitled pursuant to Section 1.6(a), and (ii) any dividends or distributions payable pursuant to Section 1.6(c), and the Certificates so surrendered shall forthwith be canceled. In the event of a transfer of ownership of the Company Common Stock that is not registered in the transfer records of the Company, payment of the Merger Shares in accordance with Section 1.6(a) may be made to a person other than the person in whose name the Certificate so surrendered is registered if such Certificate shall be properly endorsed or otherwise be in proper form for transfer and the person requesting such payment shall pay any transfer or other Taxes required by reason of the transfer or establish to the reasonable satisfaction of Parent that such Taxes have been paid or are not applicable. Until surrendered as contemplated by this Section 1.6(b), each Certificate shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the Merger Shares and any dividends or other distributions payable pursuant to Section 1.6(c). No interest shall be paid or will accrue on any payment to holders of Certificates pursuant to the provisions of this Article 1.

(c) Distributions with Respect to Unexchanged Shares. No dividends or other distributions with respect to Parent Common Stock with a record date on or after the Effective Time shall be paid to the holder of any unsurrendered Certificate with respect to the shares of Parent Common Stock that the holder thereof has the right to receive upon the surrender thereof, until the holder of such Certificate shall have surrendered such Certificate in accordance with this Article 1. Following the surrender of any Certificate, there shall be paid to the record holder of the certificate representing whole shares of Parent Common Stock issued in exchange therefor, without interest, (i) at the time of such surrender, the amount of dividends or other distributions with a record date on or after the Effective Time theretofore paid with respect to such whole shares of Parent Common Stock, and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date on or after the Effective Time but prior to such surrender and a payment date subsequent to such surrender payable with respect to such whole shares of Parent Common Stock.

(d) No Further Ownership Rights in the Company Common Stock. The Merger Shares and any dividends or other distributions as are payable pursuant to Section 1.6(c) upon the surrender of Certificates in accordance with the terms of this Article 1 shall be deemed to have been in full satisfaction of all rights pertaining to the Company Common Stock formerly represented by such Certificates, subject, however, to the Surviving Corporation's obligation to pay any dividends or make any other distributions with a record date prior to the Effective Time which may have been declared or made by the Company on the Company Common Stock in accordance with the terms of this Agreement prior to the Effective Time.

- (e) Termination of the Exchange Fund. Any portion of the Exchange Fund that remains undistributed to the holders of the Certificates for one year after the Effective Time shall be delivered to Parent, upon demand, and any holders of the Certificates who have not theretofore complied with this Article 1 shall thereafter look only to Parent for, and Parent shall remain liable for, payment of their claim for the Merger Shares and any dividends or other distributions payable pursuant to Section 1.6(c) in accordance with this Article 1.
- (f) No Liability. None of Parent, Merger Sub, the Company, the Surviving Corporation or the Exchange Agent shall be liable to any person in respect of any shares of Parent Common Stock, cash, dividends or other distributions from the Exchange Fund properly delivered to a public official pursuant to any applicable abandoned property, escheat or similar Law.
- (g) Investment of Exchange Fund. The Exchange Agent shall invest the cash included in the Exchange Fund as directed by Parent; provided, however, that such investments shall be in obligations of or guaranteed by the United States of America, in commercial paper obligations rated A-1 or P-1 or better by Moody's Investors Service, Inc. or Standard & Poor's Corporation, respectively, or in certificates of deposit, bank repurchase agreements or banker's acceptances of commercial banks with capital exceeding \$10 billion (based on the most recent financial statements of such bank which are then publicly available). Any interest and other income resulting from such investments shall be paid to and be income of Parent.
- (h) Lost Certificates. If any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such Certificate to be lost, stolen or destroyed (and without the requirement to post or deliver any bond), the Exchange Agent shall deliver in exchange for such lost, stolen or destroyed Certificate the Merger Shares, any dividends or other distributions payable pursuant to Section 1.6(c) pursuant to this Article 1.
- (i) Withholding Rights. Parent, the Surviving Corporation or the Exchange Agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement such amounts as Parent, the Surviving Corporation or the Exchange Agent are required to deduct and withhold with respect to the making of such payment under the Code or any provision of state, local or non-U.S. Tax Law and shall be entitled to request any reasonably appropriate Tax forms, including an IRS Form W-9 (or the appropriate IRS Form W-8, as applicable), from any recipient of payments hereunder; provided that the Parties shall undertake commercially reasonable efforts to minimize withholding, and shall provide notice (to the applicable Party) of any intention to withhold (or determination that the Exchange Agent may withhold) as soon as is practicable after forming the intention to withhold or determining that the Exchange Agent may withhold. To the extent that amounts are so withheld by Parent, the Surviving Corporation or the Exchange Agent, such withheld amounts (i) shall be treated for all purposes of this Agreement as having been paid to the holder of Certificates in respect of which such deduction and withholding was made by Parent, the Surviving Corporation or the Exchange Agent, and (ii) shall be remitted by Parent, the Surviving Corporation or the Exchange Agent, as the case may be, to the applicable Governmental Authority.

Section 1.7 Appraisal Rights.

(a) Notwithstanding any provision of this Agreement to the contrary, shares of Company Capital Stock that are issued and outstanding immediately prior to the Effective Time and which are owned by stockholders who have validly exercised appraisal rights or dissenters' rights for such shares of Company Capital Stock in accordance with the DGCL (collectively, the "*Dissenting Shares*") shall not be converted into or represent the right to receive the per share amount of the Merger Shares described in Section 1.4 attributable to such Dissenting Shares. Such stockholders shall be entitled to receive payment of the appraised value of such shares of Company Capital Stock owned by them in accordance with the DGCL, unless and until such stockholders fail to perfect or effectively withdraw or otherwise lose their appraisal rights under the DGCL. All Dissenting Shares owned by stockholders who shall have failed to perfect or who effectively shall have withdrawn or lost their right to appraisal of such shares of Company Capital Stock under the DGCL shall thereupon be deemed to be converted into and to have become exchangeable for, as of the Effective Time, the right to receive the per share amount of the Merger Shares attributable to such Dissenting Shares, upon their surrender in the manner provided in Section 1.6.

(b) The Company shall give Parent prompt written notice of any demands by dissenting stockholders received by the Company, withdrawals of such demands and any other instruments served on the Company and any material correspondence received by the Company in connection with such demands and Parent shall have the right to participate in all negotiations and proceedings with respect to such demands. Except with the prior written consent of Parent, or to the extent required by applicable law, the Company shall not make any payment with respect to, or offer to settle or settle, any such demands.

Section 1.8 Further Action. If, at any time after the Effective Time, any further action is determined by the Surviving Corporation to be necessary or desirable to carry out the purposes of this Agreement or to vest the Surviving Corporation with full right, title and possession of and to all rights and property of the Company, then the officers and directors of the Surviving Corporation shall be fully authorized, and shall use their commercially reasonable efforts (in the name of the Company, in the name of Merger Sub and otherwise) to take such action.

Article 2

REPRESENTATIONS AND WARRANTIES OF THE COMPANY

The Company represents and warrants to Parent and Merger Sub as follows, except as set forth in the written disclosure schedule delivered by the Company to Parent (the "*Company Disclosure Schedule*"). The Company Disclosure Schedule shall be arranged in parts and subparts corresponding to the numbered and lettered Sections and subsections contained in this Article 2. The disclosures in any part or subpart of the Company Disclosure Schedule shall qualify other Sections and subsections in this Article 2 only to the extent it is clear from the face of the disclosure that such disclosure is applicable to such other Sections and subsections.

Section 2.1 Organization. The Company is a corporation validly existing and in good corporate standing under the Laws of the State of Delaware. The Company has all requisite corporate power and authority to own, lease and operate all of its properties and assets and to carry on its business as it is now being conducted. The Company is duly licensed or qualified to do business and is in corporate good standing in each jurisdiction in which the nature of the business conducted by it or the character or location of the properties and assets owned, leased, or operated by it makes such licensing or qualification necessary, except where the failure to be so licensed or qualified and in corporate good standing would not, either individually or in the aggregate, reasonably be expected to have a Company Material Adverse Effect. The certificate of incorporation of the Company (the "*Company Charter*") and the bylaws of the Company (the "*Company Bylaws*"), copies of which have previously been made available to Parent, are true, correct and complete copies of such documents as currently in effect and the Company is not in violation of any provision

thereof. Other than the Company Charter and the Company Bylaws, the Company is not a party to or bound by or subject to any stockholder agreement or other similar agreement governing the voting or transfer of the Company Capital Stock and is not subject to a stockholder rights plan.

A-8

Section 2.2 Capitalization.

(a) The authorized capital stock of the Company consists of 10,000 shares of Company Common Stock. As of the date hereof, there are 100 shares of Company Common Stock issued and outstanding. As of the date hereof, there are no shares of Company Common Stock held in the treasury of the Company. The Company has no shares of Company Common Stock reserved for issuance other than as described herein or in the Company Disclosure Schedule. The outstanding shares of Company Common Stock have been duly authorized and are validly issued, fully paid and nonassessable, and were not issued in violation of the material terms of any agreement binding upon the Company at the time at which they were issued and were issued in compliance with the Company Charter and Company Bylaws and all applicable securities Laws. Section 2.2(a) of the Company Disclosure Schedule sets forth a true, correct and complete list, as of the date hereof, of all issued and outstanding shares of Company Common Stock, on a holder-by-holder basis.

The Parent Charter and Parent Bylaws, as amended, copies of which have previously been made available to the Company, are true, correct and complete copies of such documents as currently in effect and Parent is not in violation of any provision thereof. Other than the Parent Charter and Parent Bylaws, as amended, Parent is not a party to or bound by or subject to any stockholder agreement or other similar agreement governing the voting or transfer of the capital stock of the Parent

The Board of Directors of Parent has recommended that the stockholders of Parent approve the Parent Stockholder Proposals at the Parent Stockholder Meeting. The Board of Directors of Merger Sub has declared this Agreement advisable and has recommended that the sole stockholder of Merger Sub adopt this Agreement and approve the Merger. Except for Parent Stockholder Approvals and the filing of the Certificate of Merger with the Secretary of State of the State of Delaware for the Merger, no other corporate or other proceeding on the part of Parent or Merger Sub is necessary to authorize the adoption, execution, delivery and performance of this Agreement or to consummate

(b) As of the date of this Agreement, Parent has timely responded to all comment letters of the staff of the SEC relating to the Parent SEC Reports, and the SEC has not advised Parent that any final responses are inadequate, insufficient or otherwise non-responsive. Parent has made available to the Company true, correct and complete copies of all comment letters, written inquiries and enforcement correspondence between the SEC, on the one hand, and Parent and any of its Subsidiaries, on the other hand, occurring since April 16, 2015 and will, reasonably promptly following the receipt thereof, make available to the Company any such correspondence sent or received after the date hereof.
