GENERAL INFORMATION

INTRODUCTION. This Proxy Statement is furnished in connection with the solicitation by and on behalf of the Board of Directors of Collins Industries, Inc. ("the Company") of proxies for use at the annual meeting of Stockholders to be held at 10:00 a.m., local time, on Friday, February 27, 2004 at Intrust Bank, 105 North Main, 3rd Floor, Executive Dining Room, Wichita, Kansas 67201 and any adjournment thereof (the "Annual Meeting"), and, together with the enclosed Notice of Annual Meeting, Form of Proxy and Annual Report to Stockholders for the fiscal year ended October 31, 2003 (the "Annual Report"), is being mailed to Stockholders on or about January 23, 2004. The address of the principal executive offices of the Company is 15 Compound Drive, Hutchinson, Kansas 67502. Except for items specifically incorporated by reference herein, the Annual Report does not form any part of this Proxy Statement.

REVOCABILITY OF PROXIES. Each proxy that is properly executed and returned in time for use at the Annual Meeting will be voted at the Annual Meeting, and any adjournments thereof, in accordance with the choices specified. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before the voting by delivering to the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

COST OF SOLICITATION. The entire cost of solicitation of proxies will be borne by the Company. Solicitation will be made by mail. Additional solicitation may be made by officers and employees of the Company by means of a follow-up letter, personal interview, telephone or telegram. Such persons will receive no additional compensation for such services. Proxy cards and materials also will be distributed to beneficial owners through brokers, custodians, nominees and similar parties, and the Company intends to reimburse such parties for reasonable expenses incurred by them in connection with such distribution.

QUORUM AND VOTING. The authorized capital stock of the Company consists of 17,000,000 shares of Common Stock, \$.10 par value per share (the "Common Stock") and 3,000,000 shares of Capital Stock, other than Common Stock, \$.10 par value per share (the "Capital Stock"). As of the close of business on December 31, 2003 (the "Record Date"), there were 6,199,355 shares of Common Stock outstanding and no shares of Capital Stock outstanding. All of the shares of Common Stock issued and outstanding as of the Record Date are entitled to vote at the Annual Meeting.

Only stockholders of record of the 6,199,355 shares of Common Stock, issued and outstanding as of the Record Date, will be entitled to vote. Each share of Common Stock is entitled to one vote on all matters, except in the election of directors where the stockholders have cumulative voting rights as described under "Election of Directors." The presence, in person or by proxy, of the holders of record of a majority of the outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of a quorum and are tabulated as if no votes were cast for the matters indicated.

MATTERS TO BE ACTED UPON AT THE MEETING

As indicated in the Notice of Annual Meeting of Stockholders, at the Annual Meeting, two (2) directors will be elected.

Proposal 1:

ELECTION OF DIRECTORS

The Board of Directors is presently comprised of five (5) directors serving staggered three-year terms.

Each Stockholder has cumulative voting rights in electing directors, which means the number of shares owned may be multiplied by the number of directors to be elected and the cumulative total voted for one (1) candidate or otherwise distributed among any number of candidates. Cumulative voting rights may be exercised in the same manner as other voting rights; that is, by proxy or in person. The candidates receiving the highest number of votes shall be elected. The persons named in the enclosed proxy, or their substitutes, will vote signed and returned proxies for the nominees listed below and, unless otherwise indicated on the proxy, cumulative votes will be divided equally between the nominees. The proxies cannot be voted for a greater number of persons than the number of nominees named below. The nominees have been designated as such by the Board of Directors for the terms specified by name and have agreed to serve if elected. The nominees are currently serving as directors and information about each nominee is set forth under "Management."

The Board of Directors has no reason to believe that the nominees will become unavailable for election. However, if for any reason, any nominee is not available for election, another person or persons may be nominated by the Board of Directors and voted for in the discretion of the persons named in the enclosed proxy. Vacancies on the Board of Directors occurring after the election will be filled by Board appointment to serve until the next election of such position by the Stockholders.

Reporting Persons are required by Commission regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon a review of copies of Forms 3, 4 and 5 and amendments thereto furnished to the Company during its most recent fiscal year, and any written representations from a person that no Form 5 is required, the Company believes that all of these forms required to be filed by Reporting Persons were timely filed pursuant to Section 16(a) of the Exchange Act.

COMMITTEES OF THE BOARD AND OTHER CORPORATE GOVERNANCE MATTERS

The Board of Directors has established standing Audit, Compensation and Nominating Committees. The principal responsibilities of each committee are described below. The members of each such committee are identified in the director biographies set forth under "Management."

The Audit Committee consists of three independent directors, each of whom is "independent", as defined by the rules of the National Association of Securities Dealers and the Sarbanes-Oxley Act of 2002. The Audit Committee met three times during Fiscal 2003. It appoints a firm of independent public accountants to examine the accounting records of the Company and its subsidiaries for the coming year. In making this appointment, it reviews the nature of both audit-related and non-audit-related services rendered or to be rendered to the Company and its subsidiaries by the independent public accountants. The Audit Committee meets with representatives of the Company's independent public accountants and reviews with them audit scope, procedures and results, including any recommendations. It also meets with the Company's chief financial officer to review reports on the functioning of financial controls. A more complete description of the Audit Committee's functions is provided in its Charter, a copy of which is attached as Appendix A to this Proxy Statement. The Board of Directors has determined that William R. Patterson is an "audit committee financial expert" as defined in Item 401(h) of Regulation S-K. The members of the Audit Committee are Don S. Peters, Arch G. Gothard, III and William R. Patterson.

The Compensation Committee, consisting of three independent directors, met once during Fiscal 2003. The Compensation Committee establishes the compensation policies of the Company and makes salary recommendations to the Board of Directors for all elected officers. It also recommends bonuses for officers and other senior executives. The members of the Compensation Committee are William R. Patterson, Arch G. Gothard, III and Don S. Peters.

The Nominating Committee, consisting of three independent directors, met once during Fiscal 2003. It recommends to the Board of Directors nominees for director to be proposed for election by the stockholders and also reviews the qualifications of, and recommends to the Board of Directors, candidates to fill Board of Director vacancies as they may occur during the year. The Nominating Committee considers suggestions from many sources, including stockholders, regarding the process for evaluation and possible candidates for director. Such suggestions, together with appropriate biographical information, should be submitted to the Secretary of the Company for consideration by the Nominating Committee by September 25, 2004 for the next annual stockholders meeting. Guidelines regarding the qualifications of candidates for directors, including shareholder proposed candidates, insofar as they apply to non-employees, generally favor individuals who have managed relatively large, complex business, educational, or other organizations or who, in a professional or business capacity, are accustomed to dealing with complex business or financial problems. In addition to these guidelines, the Committee will also evaluate whether the candidate's skills are complementary to the existing Board members' skills, and the Board's needs for operational, management, financial

and other expertise. The Nominating Committee does not currently have a formal charter. However, the Committee plans to develop and adopt a formal charter prior to the next Annual Meeting. Upon adoption of the Charter, the Company will publish it promptly and post it on the Company's website. The members of the Audit Committee are Don S. Peters, Arch G. Gothard, III and William R. Patterson.

Actions taken by any committee of the Board of Directors are reported to the Board of Directors, usually at its next meeting.

There were eleven meetings of the Board of Directors during Fiscal 2003. In Fiscal 2003, each director attended more than 75% of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board on which he served. The Board of Directors has affirmatively determined that Messrs. Gothard, Patterson and Peters are independent as defined by the rules of the National Association of Securities Dealers.

Shareholder Communications

Historically, the Company has not adopted a formal process for shareholder communication with the Board. Nevertheless, every effort has been made to ensure that the views of shareholders are heard by the Board or individual directors, as may be applicable, and that appropriate responses are provided to shareholders in a timely manner. We believe our responsiveness to shareholder communications to the Board has been excellent. Nevertheless, during the upcoming year the Board will consider adoption of a formal process for stockholder communications with the Board and, if adopted, publish it promptly and post it on the Company's website.

The Company asks that each director attend the Annual Meeting of Stockholders. All of the Company's directors attended the last Annual Meeting held on February 28, 2003.

In addition, Mr. Peters, Mr. Gothard and Mr. Patterson each received Board of Directors retainer fees of \$1,900 per month. Committee fees are not paid (i) to employee directors and (ii) to outside directors when such committee meetings are held on the same day as a Board of Directors meeting or in conjunction with a General Managers meeting.

Report of the Compensation Committee on Executive Compensation

The Company applies a consistent philosophy of compensation for all employees, including senior management. This philosophy is based on the premise that the achievements of the Company result from the coordinated efforts of individuals working toward common objectives. The Company strives to achieve those objectives through teamwork that is focused on meeting the expectations of customers, stockholders and employees.

Executive Compensation Philosophy. The Compensation Committee of the Board of Directors makes compensation recommendations to the Board of Directors and is composed of three outside, independent directors. The goals of the Compensation Committee are to align compensation with business objectives and performance, and to enable the Company to attract, retain and reward executive officers who contribute to the long-term success of the Company. The Compensation Committee considers several factors in establishing the executive compensation program of the Company, including both subjective and objective factors. Although profitability of the Company and market value of its Common Stock are considered in establishing the executive compensation program, neither of these factors is

determinative. Rather, the Company's executive compensation program is based on the following principles:

The Company attempts to compensate competitively.

The Company is committed to providing a compensation program aimed at attracting and retaining highly qualified people, primarily from within the industry. To ensure that compensation is competitive, the Company periodically compares its compensation practices with those of competitors and other companies and sets its compensation parameters based on this review.

The Company compensates sustained performance.

Executive officers are rewarded based upon corporate performance and individual performance. Corporate performance is not determined strictly on the basis of designated criteria, but is evaluated on the basis of many factors including but not limited to earnings, revenues, product innovation, market share, strategic and business plan goals, the extent to which strategic and business plan goals are met and current industry conditions. Individual performance is evaluated by reviewing the executive officer's individual performance as well as the performance of that officer's functional area of responsibility.

The Company strives for fairness in the administration of compensation.

The Company attempts to apply its compensation philosophy uniformly. The Company strives to achieve a balance of the compensation paid to a particular individual and the compensation paid to other executives both inside the Company and at competing companies.

The Company's process of assessing executive performance is as follows:

1. At the beginning of the annual performance cycle, objectives and key goals are set for the Company's executives.
2. Each executive is given ongoing feedback on performance.
3. At the end of the annual performance cycle, the Chief Executive Officer and the Compensation Committee evaluate each executive's accomplishment of objectives and attainment of key goals.

4. The accomplishment of objectives and attainment of key goals affect decisions on salary increases and, if applicable, stock options.

Executive Compensation Vehicles. The Company utilizes the three components of its compensation program to attract and retain key executives, enabling it to improve its products, motivate technological innovation, foster teamwork and adequately reward executives, all with the goal of enhancing stockholder value. The annual cash-based compensation for executives consists of a base salary which reflects the respective executive's level of responsibility, breadth of knowledge and technical or professional skills and is subject to increases or decreases at the discretion of the Compensation Committee. Salaries are reviewed on an annual basis and may be changed at that time based on (i) information derived from the evaluation procedures described above, (ii) a determination that an individual's contributions to the Company have increased (or decreased), and (iii) changes in market conditions and competitive compensation levels.

From time to time the Company awards bonuses to executive officers upon attainment of certain Company financial and operational goals. These bonuses are set forth in the Summary Compensation Table. From time to time the Company also makes available to directors and executive officers incentive bonuses pursuant to the Company's unwritten executive incentive compensation plan (the "Incentive Compensation Plan"). Under the Incentive Compensation Plan, the Company may award cash and/or restricted Common Stock to directors and executive officers of the Company. The Incentive Compensation Plan is administered by the Compensation Committee of the Board of Directors and is a discretionary plan based upon performance by the individual and the Company.

Long-term incentives are intended to be provided through the Company's 1997 Omnibus Incentive Plan (the "Plan") which provides for granting (i) Stock Options, Restricted Stock Awards, Performance Shares, and/or Other Incentive Awards to employees of the Company and its Subsidiaries on the terms and subject to the conditions set forth in the Plan, and (ii) Director Options and Director Awards to Non-Employee Directors of the Company as approved by the Board. The Compensation Committee determines which executives will be eligible for incentives with the objective of aligning executives' long range interests with those of the stockholders by providing the executives with the opportunity to build a meaningful interest in the Company.

Compensation of the Chief Executive Officer. As with the other executive officers, the CEO's total compensation is based upon several factors, including both subjective and objective factors. For Fiscal 2003, the Compensation Committee compared the CEO's annual salary with the annual salaries of chief executive officers of competitors and other peer groups, pursuant to several published national studies (the "Studies"). The Compensation Committee authorized a 2% merit increase in the CEO's annual salary and determined the CEO's annual salary to be reasonable and appropriate in light of the comparison to the Studies. It is the policy of the Compensation Committee to authorize a bonus for the CEO upon the attainment of certain Company financial and operational goals. The bonuses are the same as for the executive officers that are described above and are set forth in the Summary Compensation Table.

REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee is to appoint the Company's independent public accountants to examine the financial records of the Company and to assist the Board in monitoring the Company's auditing and financial reporting practices and related matters. Its specific responsibilities are set forth in the charter of the Audit Committee which is attached as Appendix A to this Proxy Statement. Each member of the Audit Committee meets the current independence and experience requirements of the National Association of Securities Dealers and the Sarbanes-Oxley Act of 2002.

The Audit Committee reviewed and discussed with management the audited financial statements of the Company for fiscal year 2003. The Audit Committee also met with representatives of KPMG LLP, the Company's independent auditors, to discuss and review the results of the independent auditors' examination of the financial statements for the year ended October 31, 2003 and the matters that require discussion under Statement on Auditing Standards No. 61.

In addition, the Audit Committee has received from KPMG LLP the written disclosures and the letter required to be delivered by KPMG LLP under Independence Standards Board Standard No. 1 addressing all relationships between the auditors and the Company that might bear on the auditors' independence. The Audit Committee has reviewed the materials received from KPMG LLP, has met with representatives of KPMG LLP to discuss the independence of the auditing firm, and has satisfied itself as to the auditors' independence.

Based upon the Audit Committee's review of the financial statements and its other reviews and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended October 31, 2003.

On May 14, 2002, upon the recommendation of the Audit Committee, the Board of Directors of the Company approved the dismissal of Arthur Andersen LLP ("Arthur Andersen") to serve as the Company's independent auditors for the year ending October 31, 2002. The change was effective May 15, 2002.

Arthur Andersen's reports on the Company's consolidated financial statements for each of the years ended October 31, 2001 and 2000 did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles.

During the years ended October 31, 2001 and 2000 and through May 15, 2002, there were no disagreements with Arthur Andersen on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction would have caused them to make reference to the subject matter of the disagreement in connection with the audit reports on the Company's consolidated financial statements for such years; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

On May 14, 2002 the Company provided Arthur Andersen with a copy of the foregoing disclosures. A copy of Arthur Andersen's letter addressed to the Securities and Exchange Commission was filed as an Exhibit 16 to a Form 8-K filed by the Company on May 16, 2002.

On June 13, 2002, upon the recommendation of the Audit Committee, the Board of Directors of the Company approved the appointment of KPMG LLP to serve as the Company's independent auditors for the year ending October 31, 2002.

During the years ended October 31, 2001 and 2000 and through June 13, 2002, Collins did not consult KPMG LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on Collins' consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.
