PROXY STATEMENT

COMMERCE BANCSHARES, INC.

1000 Walnut Street

Kansas City, Missouri 64106

Annual Meeting April 17, 2013

SOLICITATION

This Proxy Statement, the accompanying proxy card and the 2012 Annual Report to Shareholders of Commerce Bancshares, Inc. (the "Company" or "Commerce"), are first being sent to security holders on or about March 13, 2013. The Board of Directors of the Company (the "Board" or "Board of Directors") is soliciting your proxy to vote your shares at the Annual Meeting of Shareholders (the "Meeting") on April 17, 2013. The Board is soliciting your proxy to give all shareholders of record the opportunity to vote on matters that will be presented at the Meeting. This Proxy Statement provides you with information on these matters to assist you in voting your shares.

What is a Proxy?

A proxy is your legal designation of another person (the "proxy") to vote on your behalf. By completing and returning the enclosed proxy card, you are giving David W. Kemper and Jonathan M. Kemper, who were appointed by the Board, the authority to vote your shares in the manner you indicate on your proxy card.

Why did I receive more than one proxy card?

You will receive multiple proxy cards if you hold your shares in different ways (e.g., joint tenancy, trusts, custodial accounts) or in multiple accounts. If your shares are held by a broker, banker, trustee or nominee (i.e., in "street name"), you will receive your proxy card or other voting information from your brokerage firm or bank, and you will return your proxy card or cards to your broker, banker, trustee or nominee. You should vote on and sign each proxy card you receive.

VOTING INFORMATION

Who is qualified to vote?

You are qualified to receive notice of and to vote at the Meeting if you owned shares of common stock, \$5.00 par value, of the Company ("Common Stock") at the close of business on our record date of Tuesday, February 19, 2013.

How many shares of Common Stock may vote at the Meeting?

As of February 19, 2013, there were 90,819,015 shares of Common Stock outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on each matter presented.

What is the difference between a "shareholder of record" and a "street name" holder?

These terms describe how your shares are held. If your shares are registered directly in your name with Computershare Trust Company, N.A., the Company's transfer agent, you are a "shareholder of record." If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a "street name" holder.

How do I vote my shares?

If you are a "shareholder of record," you have several choices. You can vote your proxy:

• by mailing the enclosed proxy card,

• over the telephone, or

• via the Internet.

Please refer to the specific instructions set forth on the enclosed proxy card. For security reasons, our electronic voting system has been designed to authenticate your identity as a Shareholder.

If you hold your shares in "street name," your broker, bank, trustee, or nominee will provide you with materials and instructions for voting your shares.

Table of contents

Can I vote my shares in person at the Meeting?

If you are a “shareholder of record,” you may vote your shares in person at the Meeting. If you hold your shares in “street name,” you must return the original proxy received from your broker, banker, trustee or nominee and obtain a new proxy from your broker, banker, trustee or nominee, specifically giving you the right to vote the shares at the Meeting.

What are the Board’s recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

Proposal One FOR the election of all four nominees for the 2016 Class of Directors with terms expiring at the 2016 Annual Meeting of Shareholders.

Proposal Two FOR the ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm (independent auditors) for the fiscal year ending December 31, 2013.

Proposal Three (Say on Pay) FOR the approval of the Company's executive compensation.

Proposal Four FOR approval of amendment and restatement of the Commerce Bancshares, Inc. 2005 Equity Incentive Plan.

Proposal Five FOR approval of amendment of the Stock Purchase Plan for Non-Employee Directors to increase authorized shares.

What are my choices when voting?

Proposal One You may cast your vote in favor of electing the nominees as Directors or withhold your vote on one or more nominees.

Proposal Two You may cast your vote in favor of, or against, the proposal, or you may elect to abstain from voting your shares.

Proposal Three You may cast your vote in favor of, or against, the proposal, or you may elect to abstain from voting your shares.

Proposal Four You may cast your vote in favor of, or against, the proposal, or you may elect to abstain from voting your shares.

Proposal Five You may cast your vote in favor of, or against, the proposal, or you may elect to abstain from voting your shares.

How would my shares be voted if I do not specify how they should be voted?

If you sign and return your proxy card without indicating how you want your shares to be voted, the proxies will vote your shares as follows:

Proposal One FOR the election of all four nominees for the 2016 Class of Directors with terms expiring at the 2016 Annual Meeting of Shareholders.

Proposal Two FOR the ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm (independent auditors) for the fiscal year ending December 31, 2013.

Proposal Three FOR the approval of the Company's executive compensation.

Proposal Four FOR approval of amendment and restatement of the Commerce Bancshares, Inc. 2005 Equity Incentive Plan.

Proposal Five FOR approval of amendment of the Stock Purchase Plan for Non-Employee Directors to increase authorized shares.

Table of contents

How are votes withheld, abstentions and broker non-votes treated?

If your shares are held in street name, unless you provide voting instructions to your broker, bank, trustee, or other nominee, your shares will not be voted on Proposals One, Three, Four, or Five, and those unvoted shares are referred to as broker non-votes. In the election of directors, broker non-votes will be considered solely for quorum purposes and are not counted for the election of directors; withheld votes will be treated as votes against a director. On Proposal Two (ratification of the appointment of KPMG LLP), your broker, bank, trustee, or other nominee may exercise its discretion and vote on Proposal Two. On all other matters presented for shareholder vote, abstentions will be treated as votes against such matters and broker non-votes will be treated as not entitled to vote and have no effect on the outcome.

Can I change my vote after I have mailed in my proxy card?

You may revoke your proxy by doing one of the following:

• by sending a written notice of revocation to the Secretary of the Company that is received prior to the Meeting, stating that you revoke your proxy;

• by delivery of a later-dated proxy (including a telephone or Internet vote) and submitting it so that it is received prior to the Meeting in accordance with the instructions included on the proxy card(s); or

• by attending the Annual Meeting and voting your shares in person. If your shares are held in street name and you want to vote your shares at the Annual Meeting, you must obtain a legal proxy in your name from the broker, bank, trustee, or other nominee that holds your shares as of the record date, which is February 19, 2013.

What vote is required to approve each proposal?

Proposal One requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote thereon at the Meeting.

Proposal Two requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote thereon at the Meeting.

Proposal Three requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote thereon at the Meeting. The vote on Proposal Three is a non-binding advisory vote.

Proposal Four requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote thereon at the Meeting.

Proposal Five requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote thereon at the Meeting.

Who will count the votes?

Representatives from Computershare Trust Company, N.A., our transfer agent, will count the votes and provide the results to the Inspectors of Election who will then tabulate the votes at the meeting.

Who pays the cost of a proxy solicitation?

The cost of solicitation of proxies will be borne by the Company. In addition to solicitation by mail, proxies may be solicited personally or by telephone, facsimile transmission or via email by regular employees of the Company. Morrow & Co., LLC, 470 West Avenue, Stamford, Connecticut 06902, has been retained by the Company, at an estimated cost of \$8,000 plus reasonable out-of-pocket expenses, to aid in the solicitation of proxies. Brokerage houses and other custodians, nominees and fiduciaries may be requested to forward soliciting material to their principals and the Company will reimburse them for the expense of doing so. This Proxy Statement and proxy will be first sent to security holders on or about March 13, 2013.

Is this Proxy Statement the only way that proxies are being solicited?

No. As stated above, the Company has retained Morrow & Co., LLC to aid in the solicitation of proxy materials. In addition to mailing these proxy materials, certain directors, officers or employees of the Company may solicit proxies by telephone, facsimile transmission, e-mail or personal contact. They will not be compensated for doing so.

If you have any further questions about voting your shares or attending the Meeting, please call the Company's Secretary, James L. Swarts, at 816-234-2685.

PROPOSAL ONE

ELECTION OF THE 2016 CLASS OF DIRECTORS

Composition of the Board

The full Board currently consists of twelve Directors. On February 8, 2013, the Board amended the Bylaws to increase the number of Directors from eleven to twelve and elected Terry Bassham as director. The Board is divided into three classes consisting of four Directors per class. The Directors in each class serve a three-year term. The term of each class expires at successive annual meetings so that the shareholders elect one class of Directors at each annual meeting. The Bylaws require an even distribution among the classes; therefore, Mr. Bassham was assigned to the Class of 2015.

The election of four Directors to the 2016 Class will take place at the Meeting. At its meeting on January 22, 2013, the Board approved the recommendation of the Committee on Governance/Directors that four 2016 Class Directors be elected for a three-year term.

If elected, the four 2016 Class Director nominees will serve on the Board until the Annual Meeting in 2016, or until their successors are duly elected and qualified in accordance with the Company's Bylaws. If any of the four nominees should become unable to accept election, the persons named on the proxy card as proxies may vote for such other person(s) recommended by the Company's Board of Directors. ## CORPORATE GOVERNANCE

### Corporate Governance Guidelines

The Board has adopted guidelines on significant corporate governance matters that, together with the Company’s Code of Ethics and other policies, create the corporate governance standards for the Company. You may view the Corporate Governance Guidelines on the Company’s website at [www.commercebank.com/governance](http://www.commercebank.com/governance). At the same location on the website, you will find the Code of Ethics, the Code of Ethics for Senior Financial Officers, the Related Party Transaction Policy, the Corporate Social Responsibility Report, and the charters of the Audit Committee, Committee on Governance/Directors and the Compensation and Human Resources Committee.

Each Director and all executive officers are required to complete annually a Director and Executive Officer Questionnaire (“Questionnaire”). The information contained in the responses to the Questionnaire is used, in part, to determine director independence and identify material transactions with the Company in which a Director or executive officer may have a direct or indirect material interest.

### Shareholder Communications

The Board has not adopted a formal policy for shareholder communications. However, the Company has a longstanding practice that shareholders may communicate with the Board or any individual director through the Secretary of the Company. The Secretary will forward all such communications to the Board or any individual director. The Secretary will not forward any communications that: (i) constitute commercial advertising of products; (ii) contain offensive language or material; (iii) are not legible or coherent; or (iv) are in the nature of customer complaints that can be handled by Company management.

### Director Independence

In accordance with the rules of the NASDAQ Stock Market LLC (“NASDAQ”), the Board, on the recommendation of the Committee on Governance/Directors, determines the independence of each Director and nominee for election as a Director. The Committee on Governance/Directors applies the definition of “independent director” adopted by NASDAQ to information derived from responses to the Questionnaire and from research of the Company’s records provided by the General Counsel, Controller and Auditor of the Company. The Board, on the basis of the recommendation of the Committee on Governance/Directors, determined that the following non-employee Directors of the Company and Director nominees are independent:

Terry D. Bassham  
John R. Capps  
Earl H. Devanny, III  
W. Thomas Grant, II

Terry O. Meek  
Benjamin F. Rassieur, III  
Todd R. Schnuck  
Andrew C. Taylor

James B. Hebenstreit

Kimberly G. Walker

Based on the NASDAQ definition of “independent director,” the Board determined that David W. Kemper and Jonathan M. Kemper as employed executive officers of the Company are not independent.

Table of contents

Board Meetings

The Board held four regularly scheduled meetings and no special meetings in 2012. In conjunction with scheduled meetings, the Board regularly meets in Executive Session without the presence of any non-independent employee directors. All Directors attended at least 75% of the Board and Committee meetings on which they served in 2012. It is the policy of the Company that Directors attend the Annual Meeting of shareholders. All the Directors attended the 2012 Annual Meeting of Shareholders on April 18, 2012.

Board Leadership Structure and Risk Oversight

David W. Kemper serves as both principal executive officer and chairman of the Board. Combining the chief executive position with the chairmanship of the board was established in the Company's original governing documents. Until February 8, 2013, under the Company's Bylaws, the Chairman of the Board was the chief executive officer of the Company by definition. The incorporators of the Company believed in establishing direct accountability to the shareholders for the chief executive who is responsible for the day to day decisions that affect the Company's value. A combined Chairman and CEO avoids potential conflicts between incumbents, establishes accountability, and has the added advantage of eliminating additional compensation expense that would result from separating these two functions. Since its incorporation, the financial strength and esteemed reputation the Company has achieved are a testament to, and a direct result of, the leadership of the two people who have held these combined positions, James M. Kemper, Jr. and current Chairman, David W. Kemper. At its meeting on February 8, 2013, the Board amended the Bylaws to permit, but not require, the separation of the positions of Chairman and CEO. At the present time the Board has determined that David Kemper should retain the positions of both Chairman and CEO.

Because the roles of Chairman and chief executive are currently combined, the Chairman of the Committee on Governance/Directors serves as the Lead Director of the Board. The purpose and effect of this designation is to establish leadership in the board room during the executive sessions of the non-employee Board members.

Non-independent directors and other officers of the Company are excused for a portion of every board meeting for the executive sessions of the independent directors.

The Company and Commerce Bank are subject to examination by the Federal Reserve and the Missouri Division of Finance (MDOF). Examinations are directed to compliance with various laws and regulations, and an assessment of how the Company, Commerce Bank and their subsidiaries manage credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputational risk. To manage these risks the Company management utilizes various risk committees including: Asset Liability Committee, Enterprise Risk Management Committee, Trust Risk Committee, Compliance Committee, Credit Policy Committee, Non-credit Risk Committee, Consumer Risk Committee, and Operation Risk Committee. As indicated below, the Audit Committee monitors the Company's risk management process.

The Board and Audit Committee regularly review the Reports of Examination from the Federal Reserve and MDOF. The Audit Committee periodically meets with officers and examiners of the Federal Reserve and MDOF. Regular presentations are made to the Board and the Audit Committee by the Chief Financial Officer, the Chief Credit Officer and Chief Risk Officer of the Company and include matters noted in the Reports of Examination.

Committees of the Board

The Board has four committees, three of which (the Audit Committee, the Compensation and Human Resources Committee, and the Committee on Governance/Directors) are standing committees that meet at least once per year. The Audit Committee, the Compensation and Human Resources Committee, and the Committee on Governance/Directors are comprised solely of non-employee, independent directors in accordance with NASDAQ listing standards. The members of the Compensation and Human Resources Committee are also "non-employee directors" under Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and "outside directors" under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). The charter for each committee is available online as noted above under the heading "Corporate Governance Guidelines." The charters are also available in print to any shareholder who makes a request of the Secretary of the Company. Pursuant to the Company's Bylaws, the Board has established an Executive Committee to meet as necessary. The Executive Committee does not have a charter and consists of both non-employee, independent directors and employee directors.

The Executive Committee is comprised of the Chairman and Vice Chairman of the Board and Benjamin F. Rassier, III, Andrew C. Taylor, and James B. Hebenstreit. The table below shows the current membership of the standing committees of the Board:

Audit Committee

The Company has a separately designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. In 2012, the Audit Committee had five members and met five times. The Audit Committee is comprised solely of independent, non-employee directors, and is chaired by Mr. Rassieur. The Board has determined that Mr. Hebenstreit is an “Audit Committee Financial Expert” as required by the SEC. As a regulated financial company, risk evaluation is inherent in overseeing the Company’s financial reporting processes, and the Company’s compliance with legal and regulatory requirements. For that reason, the Audit Committee is the primary vehicle for risk oversight by the Board and reviews reports from legal, audit, compliance, loan review, corporate finance and the Enterprise Risk Management Committee at each of its meetings. The charter of the Audit Committee may be found on the Company’s website at [www.commercebank.com/governance](http://www.commercebank.com/governance).

The Audit Committee’s responsibilities, discussed in detail in the charter, include:

- Monitoring the accounting and financial reporting processes of the Company and the audits of its financial statements;

- Pre-approving all auditing and permitted non-auditing services.

Additional information on the activities of the Audit Committee is provided in the Audit Committee Report on page 35.

Compensation and Human Resources Committee

The Compensation and Human Resources Committee met once in 2012. The Compensation and Human Resources Committee is comprised solely of independent, non-employee directors. The charter of the Compensation and Human Resources Committee may be found on the Company’s website at [www.commercebank.com/governance](http://www.commercebank.com/governance).

The Compensation and Human Resources Committee’s responsibilities, discussed in detail in the charter, include the following:

- Making recommendations to the Board with respect to the Company’s incentive plans and equity-based plans.

Committee on Governance/Directors

The Committee on Governance/Directors met once in 2012. The Committee on Governance/Directors is comprised solely of independent, non-employee directors. The charter of the Committee on Governance/Directors may be found on the Company's website at [www.commercebank.com/governance](http://www.commercebank.com/governance).

The Committee on Governance/Directors' responsibilities, discussed in detail in the charter, include the following:

- Evaluating proposed candidates for directorship in the Company;
- Evaluating Board performance;
- Establishing the agenda for the annual meeting of shareholders;
- Evaluating the quality of the information and analysis presented to the Board and standing committees;
- Assessing the independence of directors; and
- Evaluating the performance of the Company relative to corporate governance matters.

The Chairman of the Committee on Governance/Directors serves as the Lead Director of the Board and chairs the Board's Executive Sessions.

With respect to its recommendations of prospective candidates to the Board, the Committee on Governance/Directors may establish the criteria for director service and will consider, among other things, the independence of the candidates under applicable standards and such experience and moral character as to create value to the Board, the Company and its shareholders. With respect to incumbent candidates, the Committee on Governance/Directors also considers meeting attendance, meeting participation and ownership of Company stock. The criteria and selection process are not standardized and may vary from time to time. Relevant experience in business, government, the financial industry, education and other areas are prime measures for any nominee. Board diversity is a consideration, but is not the subject of a specific Board policy. The Board has approved the Corporate Social Responsibility Report, referenced above under "Corporate Governance Guidelines," and adheres to the diversity guidelines contained in such report. The Committee on Governance/Directors will consider individuals for Board membership that are proposed by shareholders in accordance with the provisions of the Company's Bylaws. A description of those provisions can be found under "Shareholder Proposals and Nominations" below. The Committee on Governance/Directors will consider individuals proposed by shareholders under the same criteria as all other individuals.

By the end of February of each year, the Committee on Governance/Directors meets and makes its recommendations to the Board of its proposed slate of Directors for the class of directors to be elected at the next annual meeting; the date, time and place of the annual meeting; and the matters to be placed on the agenda for the annual meeting. At its meeting on January 22, 2013, the Committee on Governance/Directors determined its nominees for the Class of 2016. All of the nominees for the Class of 2016 are current directors standing for re-election.

Transactions with Related Persons

The Board of Directors has adopted a Related Party Transaction Policy (“Policy”). The purpose of the Policy is to establish procedures for the identification and approval, if necessary, of transactions between the Company and any director, nominee for director, beneficial owner of more than 5% of the Company’s securities, executive officer or any person or entity deemed related to any of the foregoing (“Related Party”) that are material or not in the ordinary course of business.

The Policy may be found on the Company’s website at [www.commercebank.com/governance](http://www.commercebank.com/governance). The Policy is intended to identify all transactions with Related Parties where payments are made by the Company to or for the direct or indirect benefit of a Related Party. The procedures, discussed in detail in the Policy, include the following:

- The collection and maintenance of a Related Party list derived from the records of the Company and the responses to an annual Questionnaire completed by directors and executive officers;
- The distribution of the list to the appropriate officers and employees of the Company so that transactions with Related Parties may be identified;
- A quarterly comparison of the list to payments made by the Company;
- Preparation and delivery of a report to the General Counsel of the Company for review, analysis and an initial determination of whether the transaction is material and falls within the Policy; and
- Referral to the Company’s Disclosure Committee, which consists of the Company’s Chief Risk Officer, Controller, Auditor and General Counsel, of any transaction that may be considered material and require approval or ratification by the Board of Directors or Audit Committee or disclosure in a proxy statement.

The Policy provides guidance for determination of materiality. The amount of the transaction, the application of any exemption or exclusion, the provisions of the Company’s Code of Ethics, and general principles of corporate transparency may be considered. The Policy deems certain transactions exempt and pre-approved, including compensation paid for service as a director or executive officer, transactions involving depositary or similar payment services, transactions that are the result of a competitive bidding process, and transactions arising solely from the ownership of the Company’s equity securities. The Policy provides further guidance to the Board or Audit Committee in regard to the approval or ratification of the transaction and prohibits the participation by a Related Party in the discussion, approval or ratification of a transaction.

Pursuant to the application of the Policy, the following transactions were identified:

Kemper is the non-compensated Chairman of the Board of Tower. Tower is primarily engaged in the business of owning, developing, leasing and managing real property. At December 31, 2012, Messrs. David W. Kemper, Jonathan M. Kemper and John W. Kemper together with members of their immediate families beneficially own approximately 74% of Tower. During 2012, the Company, or its subsidiaries, paid Tower \$294,000 for rent on leased properties, \$63,000 for leasing fees, \$75,000 for operation of parking garages, \$231,000 for property construction management fees and \$1,774,000 for building management fees. The terms of the current contract under which Tower is currently retained was reviewed and approved by the Audit Committee at its meeting on October 28, 2010 in accordance with the Policy.

Tower leases office space in the Kansas City bank headquarters building owned by a subsidiary of the Company. Rent paid to the subsidiary in 2012 totaled \$66,000, at \$15.08 per square foot.

In the fourth quarter of 2012, the Company purchased various surface parking lots from Tower for \$7.1 million. The lots are located in downtown Kansas City and to be used for employee parking.

During 2012, Commerce Bank paid a salary and other compensation of \$131,936 to Michael Fields, executive director of the Commerce Bancshares, Inc. Foundation and the brother-in-law of Messrs. David W. Kemper and Jonathan M. Kemper. Mr. Fields retired from his position as executive director of the Foundation in August 2012. During 2012, the Company paid a salary and other compensation of \$276,413, bonus of \$123,410, and equity awards of \$116,406 to John W. Kemper, President of the Company, son of David W. Kemper, and nephew of Jonathan M.

Kemper.

During 2012, the Company paid \$201,000 to a design company primarily owned by the spouse of V. Raymond Stranghoener for a remodeling project in the Company's Clayton, Missouri office building.

Various Related Parties have deposit accounts with Commerce Bank and some Related Parties also have other transactions with Commerce Bank, including loans in the ordinary course of business, all of which were made on substantially the

same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the Company, and did not involve more than normal risk of collectibility or present other unfavorable features. Additionally, David W. Kemper purchased Missouri state tax credits from Commerce Bank in a face amount of \$500,000 for a price of 93% of par, or \$465,000. The terms of the sales and the amounts paid by Mr. David W. Kemper were the same as the terms of the sales and the amounts paid for similar tax credits by persons not related to the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Pursuant to Section 16 of the Exchange Act, the Company's directors and certain executive officers are required to report, within specified due dates, their initial ownership of the Company's Common Stock and all subsequent acquisitions, dispositions or other transfers of interest in such securities, if and to the extent reportable events occur which require reporting by such due dates. The Company is required to identify in its proxy statement whether it has knowledge that any person required to file such a report may have failed to do so in a timely manner. Based on that review, all of the Company's directors and all executive officers subject to the reporting requirements satisfied such requirements in full.

Director Compensation

An employee of the Company or a subsidiary of the Company receives no additional compensation for serving as a director. Non-employee directors of the Company are required to participate in the Stock Purchase Plan for Non-Employee Directors (the "Director Plan"). Under the Director Plan, all compensation payable to a non-employee director is credited to an account in the name of such director as earned and the Company contributes to the account of such director an additional amount equal to 25% of the compensation credited to the director's account. As of the last business day of each month, the cash balance in a director's account is converted to whole shares of Common Stock of the Company based on the last sale price of the Company's Common Stock as reported by the National Market System of NASDAQ on such date, or if no sale price is reported on such date, the next preceding day for which a sale price is reported. Any balance remaining in a director's account is carried forward for investment in the next month.

As soon as practicable after the end of each year, the Company issues each non-employee director the number of shares of Company Common Stock credited to the director's account and any cash balance in the account is carried forward for investment in the next year. If a director dies or ceases to be a non-employee director during the year, the Company will distribute to the director (or his or her beneficiary), as soon as reasonably practicable, the number of shares of Company Common Stock credited to the director's account, along with any cash credited to the account. A participant in the Director Plan has no right to vote or receive cash dividends or any other rights as a shareholder with respect to shares credited to the participant's account until such shares are actually issued.

Each non-employee director of the Company is paid the following amounts, as applicable (each adjusted to include the additional 25% contribution by the Company): an annual retainer of \$20,000 (paid on a quarterly basis); a fee of \$4,000 for attendance (in person or by phone) at each meeting of the Board of Directors; a fee of \$750 for attendance (in person or by phone) at each meeting of a committee of which the director is a member; and an annual fee of \$5,000 for service as a committee chair. On April 10, 2012, the annual retainer and fee for each meeting of the Board of Directors increased from \$15,000 and \$3,000, respectively. Changes to directors' compensation are initiated by our CEO and presented to the Committee on Governance/Directors. The Chairman of the Committee on Governance/Directors then presents any changes to the full Board of Directors for its approval.

## COMPENSATION DISCUSSION AND ANALYSIS

### Introduction

This section provides information regarding the compensation programs for our chief executive officer ("CEO"), chief financial officer ("CFO"), and three most highly compensated other executives (collectively, our "Named Executive Officers" or "NEOs"), including the overall objectives of our compensation program and what it is designed to reward, each element of compensation that we provide, and an explanation of the reasons for the compensation decisions we have made regarding these individuals with respect to 2012. Our NEOs for 2012 were as follows:

| Name               | Title  |
|--------------------|--|
| David W. Kemper    | Chairman, President and CEO (President position relinquished February 8, 2013) |
| Charles G. Kim     | Executive Vice President and CFO   |
| Jonathan M. Kemper | Vice Chairman  |
| Seth M. Leadbeater | Vice Chairman  |
| Kevin G. Barth     | Executive Vice President   |

### Our Compensation Philosophy

The Company's compensation philosophy is to provide a total compensation program that is competitive with the market for bank holding companies in geographic proximity, of a comparable asset size, or those financial institutions considered to be a direct competitor for any of our lines of business in order to attract and retain top performers. In doing so we strive to:

- Align interests of our executive officers with the long-term interests of our shareholders;
- Provide reward systems that are credible, consistent with our core values and appropriately structured so as not to encourage undue risk; and

Reward individuals for results rather than on the basis of seniority, tenure, or other entitlement.

### Compensation and Human Resources Committee Processes

Our Compensation and Human Resources Committee (the "Committee") meets annually to review the performance of the Executive Management Committee (the "EMC") and the total compensation program for this group of individuals. The NEOs are all part of the EMC. During this review process the Committee considered a number of factors and data to determine appropriate compensation for the CEO and other NEOs. The Committee noted that the advisory "Say on Pay" shareholder vote in 2011 resulted in 96% approval. The Committee considered the result of the "Say on Pay" vote and determined not to change the principles on which the Committee's compensation decisions are based.

### Benchmarks

For all NEOs, the Committee reviewed market survey data compiled by Towers Watson, an outside consulting firm. The market survey utilized in the compilation was the Towers Watson 2011 Financial Services Executive Survey. In order to get the best data match possible, three groupings of data from that survey were used: data for the total sample of financial services companies, data for a Commercial Bank grouping, and data for financial services companies with asset size from \$15-\$60 billion to more accurately compare against our bank size. Each NEO was individually compared to job descriptions in the Towers Watson Survey in order to best align overall compensation levels of our NEOs with comparable executive officer positions for the companies included in the Towers Watson Survey. The input of Towers Watson was limited to matching and supplying the survey data based upon job descriptions for each NEO. The Committee did not use any other outside compensation consultants in determining or recommending any amount or form of compensation for our NEOs. Towers Watson has also provided services to the Company separate from its service to the Committee. Those services include additional compensation market surveys for other non-executive positions at the bank, a long-term compensation market analysis, and consulting related to our annual employee engagement survey. References in this compensation discussion and analysis to the "Benchmarks" refer to the Towers Watson Survey.

### Performance Reviews

Each of our executive officers performs an annual self-evaluation of previous year performance and sets goals for the upcoming year. Our CEO conducts performance evaluations of each of our other executive officers, presents the evaluations to the Committee, and makes recommendations to the Committee as to their compensation. The Committee conducts an annual performance evaluation of our CEO and evaluates the recommendations of our CEO as to other executive officers. The performance review of our CEO is based on the financial performance of the Company, the increase in the franchise value of the Company, growth in the human capital of the organization, and the Company's overall management of risk.

The CEO and all NEOs are evaluated against the measurements within our annual bonus formula, which include net income, pre-tax profit, revenue and relative performance to peers, as well as objectives outlined in their performance reviews. The targets and results of the measurements (excluding the individual objectives) are based on corporate-wide results. The CEO and all other NEOs have the same corporate goals and all are measured against the final results. In addition to the corporate-wide measures, each executive is evaluated on his or her individual areas of responsibility and against the objectives outlined in his or her performance review. The individual performance and contribution criteria may include:

- overall job knowledge and technical skills;
- alignment of personal behavior with our company core values;
- achievement of financial metrics related to a specific line of business;
- achievement of defined operational goals;
- contribution to special projects;
- management of risk;
- development of people within their respective team;
- effective communication practices;
- ability to solve problems effectively; and
- assumption of new responsibilities.

The Committee discusses the CEO evaluation without our CEO being present and a Committee member presents the Committee's approvals for executive officer compensation to the full Board of Directors.

### Setting Compensation

Based on the performance evaluations, an analysis of total compensation against the Benchmarks data, and a review of the Company's goals and objectives, the Committee approves, and reports to the Board of Directors its decisions regarding the base salary (effective April 1), annual cash incentive compensation targets and long-term equity awards for our executive officers for

18

Table of contents

the current year, as well as cash incentive compensation earned for the prior year. The Committee's decisions generally occur during January and the Committee presents their approvals to the Board of Directors at the next regularly scheduled meeting, which generally occurs in late January or early February. All equity award agreements were granted as of the date of the Board meeting at which the Committee communicated its approval of the awards using the fair market value of the Company's stock at the close of that business day.

The process includes a review by the CEO of the outside Benchmarks for the other NEOs prior to the Committee meeting. The outside Benchmarks for the other NEOs are reviewed to assess current market data on base salary, annual cash incentives and long-term equity awards. The Benchmark information is compared to each of the other NEO's current compensation as detailed on the tally sheets described below. The CEO details the compensation data and discusses the reasons for his recommendations for the other NEOs during the committee meeting.

The timing of compensation decisions is driven by a variety of tax considerations. To the extent the Committee determines that an award is intended to satisfy the deductibility requirements under Section 162(m) of the Code, performance objectives must be established in the first 90 days of the performance period. For annual incentive awards, this means performance objectives must be established no later than the end of March.

There is no policy for the allocation between cash and non-cash or annual and long-term compensation. Instead, the Committee determines the allocation of each component of compensation based on the role of each executive officer in the Company, performance evaluations, the Benchmarks, and knowledge of our local markets. Generally, the percentage of compensation consisting of the annual cash incentive and long-term equity awards increases as the responsibilities of the executive officer and the executive officer's ability to affect Company performance increase. The compensation elements for our CEO for 2012 were allocated as follows: 24% base salary, 39% annual cash incentive, and 37% long-term equity awards. The Committee feels that a greater percentage of the CEO's compensation should be based on the long-term performance of the Company than the percentage used for the other NEOs, but has not identified a specific target. On average, the compensation elements for our other NEOs for 2012 were allocated as follows: 33% base salary, 32% annual cash incentive, and 35% long-term equity awards. For purposes of the above calculations, the long-term equity awards (Restricted Stock Grants) were valued as of the grant date based on the fair market value of the underlying stock. Other benefits, including Company allocations and contributions to benefit plans and perquisites, while not considered in determining these allocations, are provided to our executive officers in order to offer a total compensation package that is competitive in the marketplace.

In setting the 2012 salary and 2012 bonus opportunity, and awarding the Current Year Stock (defined below) award in 2012 and the Long Term Restricted Stock (defined below) award in 2012, the Committee compared the annualized rate of salary in effect on December 31, 2011, annual cash incentive paid in 2011, and long-term equity awards made in 2011 (based on date of grant value) individually and in the aggregate (the "Benchmarked Compensation) to the average compensation level of the Benchmarks for the applicable position. Elements of compensation are not designed to be at the same Benchmark percentile for each NEO, and are not intended to equal any particular percentile of the applicable Benchmarks. The Committee then considers each individual's performance, experience, specific job requirements and the contribution of that job to the Company's success, and then makes subjective adjustments as appropriate. The Towers Watson Survey mentioned on page 18 was used for all NEOs, as a comparison for each component of compensation and for the aggregate of all such components. The Committee determined that all NEO's compensation components, both at the individual and aggregate levels, were appropriate compared to the applicable Benchmarks for each respective NEO's position. Realized and unrealized equity compensation gains and vesting of prior equity grants are not considered by the Committee when establishing compensation. The factors used to determine base salary, annual cash incentives, and long-term equity awards are discussed in more detail under the heading "Elements of Compensation" below. The Committee reviewed tally sheets during the process to set compensation for our executive officers for 2013. The tally sheets were included in the packet of data that was sent to the Committee for review prior to the meeting and used during the meeting for discussion purposes. The tally sheets were used as tools for review of total compensation comparison of the NEOs and included information such as:

- Base salary for 2011 and 2012;
- Bonus information for 2011 and 2012;
- Stock awards with specific grant amortization expense for 2011 and 2012;

Stock option information with specific grant amortization expense for 2011 and 2012;

Change in pension value; and

- Details on all other compensation by category.

If our financial statements were to be restated or adjusted in a manner that would have reduced the size of a prior incentive award, the Committee will consider that information when determining future compensation.

Table of contents

## Elements of Compensation

## Base Salary

Base salary is a fixed element of annual compensation on which our executive officers may rely. Base salary reflects the external market value of a particular position based on the experiences and qualifications that an individual brings to the position. Base salary levels for our NEOs were compared against the average base salary of the Benchmarks to determine whether salary levels are appropriate. Factors included in the comparison of base salaries of our NEOs to those in the Benchmarks included the relative size of companies, financial performance (both currently and over a period of time), and the experience and responsibility of the individuals. The Committee does not assign a weight to any particular factor.

## Annual Cash Incentive Compensation

In furtherance of the Company's pay for performance philosophy, the Company's Executive Incentive Compensation Plan ("EICP") is a short-term cash incentive plan to reward our executive officers for the achievement of Company annual performance goals. There were no changes made to the factors included in the formula for the calculation of cash incentives for the NEO's. Therefore, in awarding 2012 annual cash incentives, the factors considered by the Committee were net income, adjusted return on equity, revenue, and pre-tax profit.

Our NEOs are eligible to receive an annual cash incentive equal to a percentage of their base salary. The target annual cash incentive percentage for each NEO is compared each year by the Compensation Committee to the percentage level of the annual cash incentive component of the Benchmarks mentioned previously paid for the applicable NEO. The Committee then determines the appropriateness of the target annual cash incentive percentages based on individual performance, experience, specific job requirements and contribution of the job to the Company's success to arrive at a target percentage. The target annual cash incentive percentages for 2012 were the same as they were in 2011.

The target annual cash incentives as percentages of base salary for our NEOs in 2012 were as follows:

| Name               | Target Percentage |
|--------------------|-------------------|
| David W. Kemper    | 100%              |
| Jonathan M. Kemper | 65%               |
| Seth M. Leadbeater | 60%               |
| Kevin G. Barth     | 60%               |
| Charles G. Kim     | 60%               |

In determining the amount of annual cash incentives to be paid under the EICP in 2013 for 2012 performance, the Committee weighted the components of the Company Performance Factor as follows:

60% based on actual net income of \$269 million with the payout percent determined on a scale which targeted \$241 million as the 100% payout level. For the net income component there is a 1% decrease in payment for each \$1 million below target down to \$216 million and a 1.3% decrease in payment for each \$1 million below \$216 million. There is no net income component allocation for net income below \$178 million. For net income exceeding the 100% level there is a 2.5% increase for each \$1 million above \$241 million up to \$253 million; a 5% increase for each million above \$253 million up to \$265 million; and a 10% increase above \$265 million up to a maximum of \$266 million;

20% based on a comparison of adjusted return on equity measured against 19 pre-established peer banks. If the Company's adjusted ROE is at or above the 75<sup>th</sup> percentile, 100% is credited for this factor; if the Company's adjusted ROE is above the 50<sup>th</sup> percentile but below the 75<sup>th</sup> percentile, 75% is credited for this factor; if the Company's adjusted ROE is above the 25<sup>th</sup> percentile but below the 50<sup>th</sup> percentile, 50% is credited for this factor; and if the Company's adjusted ROE is below the 25<sup>th</sup> percentile, 25% is credited for this factor. For 2012 the Company's adjusted ROE exceeded the 75<sup>th</sup> percentile compared to the peer banks;

10% based on actual revenue results of \$1.04 billion versus a target of \$1.03 billion; and

10% based on actual pre-tax net income of \$396 million versus a target of \$355 million.

Table of contents

The 19 peer banks for the return on the equity element were:

|                                  |                                     |
|----------------------------------|-------------------------------------|
| First National of Nebraska, Inc. | Webster Financial Corporation       |
| First Republic Bank              | City National Corporation           |
| BOK Financial Corporation        | TCF Financial Corporation           |
| Cullen/Frost Bankers, Inc.       | Associated Banc-Corp                |
| East West Bancorp, Inc.          | First Niagara Financial Group, Inc. |
| First Citizens BancShares, Inc.  | Astoria Financial Corporation       |
| Valley National Bancorp          | First Horizon National Corporation  |
| SVB Financial Group              | Synovus Financial Corp.             |
| Fulton Financial Corporation     | First BanCorp.                      |
| People's United Financial, Inc.  |                                     |

For the revenue and pre-tax net income components, for every 1% above/below target, the eligible incentive tied to that component increases/decreases by 5% up to a maximum increase of 120%.

For purposes of the EICP:

Net income means the amount of money the Company made for the year as set forth in our Income Statement;

Revenue means the Company's net interest income and non-interest income;

Pre-tax net income means the Company's pre-tax net income excluding securities gains;

Adjusted return on equity means year to date net income divided by (year to date average assets multiplied by 8%); and

The Committee retains discretion to reduce any annual cash incentive prior to payment.

For example: Assume for 2012 that an NEO's base salary was \$200,000; target annual cash incentive percentage was 50%; actual net income was \$269 million; adjusted ROE was above the 75th percentile compared to the peer banks; actual revenue was 1.6% above target; and actual pre-tax net income was 11.7% above target. The net income percentage would be 200%, the calculation for the performance relative to peers factor would be 100%, the revenue percentage would be 107.5%, and the pre-tax net income percentage would be 120%. Therefore, the annual incentive compensation for the officer would be:

$$\$100,000 * [(60% * 200%) + (20% * 100%) + (10% * 107.5%) + (10% * 120%)] = \$162,800$$

For 2012 performance, the calculated payout was 162.8% of target for all NEOs. In addition, the Committee has reserved discretion to declare additional compensation to the NEOs which does not qualify as "performance based" under Internal Revenue Code Section 162(m). The Committee did not exercise this discretion for 2012 performance.

**Long-Term Equity Awards**

Stock option and restricted stock grants have historically been awarded in two separate ways described below to provide our executive officers with long-term equity awards that more closely align their interests with the interests of our shareholders, and for retention purposes. The 2005 Equity Incentive Plan, which was approved at the 2005 Annual Meeting of Shareholders, provides for the issuance of equity-based awards, including stock options, stock appreciation rights ("SARs"), restricted stock and restricted stock units, and performance shares and performance units. Commencing in 2009, the Company began issuing Restricted Stock awards in lieu of SARs. Both the Long-Term Restricted Stock and Current Year Restricted Stock (as defined below) are listed in the Grants of Plan-Based Awards in 2012 on page 26 and were granted on the same date. The number of shares listed on page 26 is the result of restating the grants to include the 2012 5% stock dividend thereon. The number of shares listed below is the number approved by the Committee without any restatement for stock dividends.

First, there is an annual equity award consisting of restricted stock, for longer-term profit growth (the "Long Term Restricted Stock"), given to NEOs and other Company officers and senior employees each year using the following formula: 35% of the average annual cash incentive target for the officer for the three prior years, multiplied by the average Company Performance Factor for the three prior years. This formula was determined by the Committee in past years for long-term performance and the formula did not change in 2012. The Long Term Restricted Stock award

vests at the end of five years from the date of grant, except that in the case of the NEOs and other members of the Company's executive management committee, if and only if the Company has cumulative positive net income for the period beginning on January 1 of the year of the grant and ending on the December 31 that next precedes the date the award would otherwise vest. For example: the Company Performance Factors for 2011, 2010 and 2009 were 164.0%, 101.8%, and 60.0% respectively. Therefore, the three-year average Company Performance Factor in 2012 was 108.6%. If the NEO's three-year average annual cash incentive target was \$100,000, the officer would receive

Table of contents

restricted stock in 2012 equal to \$38,010 ( $\$100,000 * 35\% * 108.6\% = \$38,010$ ). The Long Term Restricted Stock awards made to our NEOs during 2012 based on this formula were: David Kemper: 8,053 shares; Charles Kim: 2,251 shares; Jonathan Kemper: 2,891 shares; Seth Leadbeater: 2,116 shares; and Kevin Barth: 2,142 shares. The Committee retains discretion to reduce any such award until it is actually granted.

Second, the Committee also issues to our NEOs equity-based awards on an annual basis, and current practice is for these awards to be in the form of restricted stock (the "Current Year Restricted Stock"). These awards are not based on any set formula and are treated as being part of base compensation, although the Committee has full discretion to reduce or eliminate any such award and vesting may be conditioned upon Company performance, as well as other factors. These awards are in the form of stock in order to align our NEOs' interest with those of our shareholders. These shares reflect the performance of the Company's stock because their value is based on the stock's fair market value. The number of shares granted for the Current Year Restricted Stock award is generally intended to remain fairly constant from year-to-year, but is adjusted as a result of the process described in the following paragraph. In order to provide a retention incentive, each Current Year Restricted Stock award contains vesting periods such that one third of the awards vests on the fifth, sixth and seventh year anniversaries of the grant date, but each third will vest if and only if the Company has cumulative positive net income for the period beginning on January 1 of the year of grant and ending on the December 31 that precedes the date such one third of the award would otherwise fully vest. The Current Year Restricted Stock awards made to our NEOs in 2012 were: David Kemper: 27,000 shares; Charles Kim: 8,000 shares; Jonathan Kemper: 13,000 shares; Seth Leadbeater: 6,500 shares; and Kevin Barth: 8,000 shares. The Committee retains discretion to reduce any such award until it is actually granted.

The starting point for determining the number of shares of Current Year Restricted Stock is the number awarded for the prior year. The Committee then considers whether subjective adjustments are appropriate based on: subjective evaluation of the NEO's overall individual performance and experience, specific requirements of the NEO's job and the contribution of the NEO's job to the Company's success; and based on a comparison to the Benchmarks. The Benchmark comparison is performed by comparing the sum of the targeted Long Term Restricted Stock award (based on an assumed average 100% Company Performance Factor for the three years) for the current year and the number of shares of Current Year Restricted Stock that were awarded for the prior year for each person (which sum is the "Possible Award") to current market data for the average equity portion of the Benchmark compensation for that person's position. The value of both awards was determined based on the Company's current stock price at grant date multiplied by the number of assumed shares. The Current Year Restricted Stock awarded to each NEO was not changed for 2012 in comparison to 2011. The awards are not designed to be at the same Benchmark percentile for each NEO, and are not designed to equal any particular percentile of the applicable Benchmark. The Committee also considered stock/SAR grant practices of the companies used in the Benchmarks, the level of FASB ASC Topic 718 expense that the Company will incur, and expected long-term Company performance. The holders of restricted stock will receive cash dividends declared by the Company prior to the vesting date. Stock dividends will accrue and vest according to the terms of the award. The award agreements include provisions to contractually prohibit a recipient of an equity award from short selling Company stock or engaging in any derivative transaction with respect to Company stock for purpose of hedging or otherwise.

**Other Benefits****Restated Retirement Plan**

The Company maintains the Commerce Bancshares Restated Retirement Plan (the "Retirement Plan"). The Retirement Plan provides benefits based upon earnings, age and years of participation. Our NEOs were participants in the Retirement Plan during 2012. See "Executive Compensation — Pension Benefits Narrative" of this Proxy Statement for a description of the Retirement Plan and our NEOs' benefits under the plan.

**Executive Retirement Plan**

Effective January 1, 1995, the Company maintains the Commerce Executive Retirement Plan ("CERP"), a nonqualified plan established to provide benefits to a select group of executives on compensation in excess of the allowable amount under the Company's Retirement Plan and 401(k) plan. See "Executive Compensation — Pension Benefits Narrative" of this Proxy Statement for a description of the CERP, including a discussion of the 2010 amendment that eliminated any

future cost of living increases.

If a participant has no CERP benefit other than a grandfathered Pre-2005 CERP Benefit, then such benefit is paid in the same form as payments are made from the Retirement Plan and will commence within one year following commencement of distributions from the Retirement Plan. Otherwise, the Pre-2005 benefit is paid in the same form and at the same time as the Post-2004 CERP benefit is paid. The Post-2004 CERP Benefit is payable either during the calendar year following the year separation from service occurs, or within 90 days following separation from service or disability, at the participant's election. However, if the participant's CERP benefits exceed \$1,000,000, then the participant may receive payment within 90 days following the earlier of death or the year elected by the participant. Participants may elect to receive payment in a lump sum or over a period of up to 10 years.

## Table of contents

The CERP is intended to be a part of participating executive officers' total compensation. The CERP also provides equitable treatment to participants because it provides retirement benefits which are, as a percentage of total compensation, commensurate with the benefits provided to other employees of the Company.

### Deferred Compensation

Our NEOs are eligible to participate in a nonqualified deferred compensation plan that is a part of the EICP. The EICP allows the officers to contribute a percentage of their annual cash incentive award under this plan and, therefore, defer income tax on these amounts. See "Executive Compensation — Nonqualified Deferred Compensation Narrative" of this Proxy Statement for a description of the deferred compensation plan. This benefit is not considered by the Committee in setting other compensation for our NEOs.

### Perquisites

Our NEOs are eligible for personal use of the Company airplane (in accordance with our corporate airplane policy) and long-term care insurance, the premiums for which are paid by the Company. Our NEOs are also reimbursed for club dues as necessary for business purposes. All employees, including the NEOs, are covered under our health and welfare plans and the Company pays the premiums for basic life and long-term disability coverage and subsidizes the cost of other coverages. The value of all perquisites is determined and included as additional compensation to the NEOs without any gross up to compensate for accompanying taxes. Our use of perquisites as an element of compensation is limited and is largely based on our historical practices and policies. We do not view perquisites as a significant element of our comprehensive compensation structure, but do believe that they can be used in conjunction with base salary to attract, motivate and retain individuals in a competitive environment.

### Severance Agreements

We have entered into severance agreements with each of our NEOs. These agreements were originally entered into during 1996 with David Kemper, Jonathan Kemper, Seth Leadbeater and Charles Kim, and in 2003 with Kevin Barth. These agreements provide payments or benefits following the occurrence of both a change of control and a qualifying termination. Each NEO is eligible for a lump sum payment equal to three times average base salary and average annual bonus calculated over a five year period in the event of a qualifying termination. Each NEO would also be eligible for the continuation of certain benefits in the event of a qualifying termination. While the agreements provide for the gross up attributable to excise taxes, the only NEOs who would have received a gross up payment had the qualifying termination occurred in 2012 were David Kemper and Kevin Barth. The Committee believes these agreements serve the best interests of the Company and its shareholders by ensuring that, if a change of control were ever under consideration, the NEOs would be able to advise the Board of Directors dispassionately about the potential transaction and implement the decision of the Board without being unduly influenced by personal concerns such as the economic consequences of possibly losing their jobs following a change of control. These agreements also provide an incentive for our NEOs not to seek other employment due to concern over losing their positions if a change of control were ever under consideration. At its February 10, 2012 meeting, the Board, by resolution, adopted a policy not to offer a gross up for taxes related to severance payments paid in connection with a change of control of the Company to any employee to whom the Company has not made such a commitment prior to the date of the resolution. Additional information regarding these severance agreements is found under the heading "Employment Agreements and Elements of Post-Termination Compensation" of this Proxy Statement.

### Stock Ownership Guidelines

In order to continue to be eligible to receive long-term equity awards, our executive officers must meet stock ownership requirements as follows:

- Chairman 6 times base salary
- Vice Chairman 4 times base salary
- Executive Vice President 2 times base salary

Generally, an executive officer must achieve the applicable targeted ownership level within three years of being named an executive officer. As of December 31, 2012, each NEO exceeded his required share ownership level. Stock that will be considered in order to meet ownership guidelines includes all shares with respect to which the executive

officer has direct or indirect ownership or control, including restricted stock (regardless of whether vested), and shares held in the executive officer's 401(k) plan account, but does not include unexercised stock options or SARs.

**Impact of Accounting and Tax Treatment**

Section 162(m) of the Code limits our ability to deduct annual compensation in excess of \$1 million paid to our NEOs. This limitation generally does not apply to compensation based on performance goals if certain requirements are met. It is the Committee's position that in administering the "performance-based" portion of the Company's executive compensation program,

Table of contents

it will generally attempt to satisfy the requirements for deductibility under Section 162(m). However, the Committee believes that it needs to retain the flexibility to exercise its judgment in assessing an executive's performance and that the total compensation system for executives should be managed in accordance with the objectives outlined in this discussion and in the overall best interests of the Company's shareholders. Should the requirements for deductibility under Section 162(m) conflict with our executive compensation philosophy and objectives or with what the Committee believes to be in the best interests of the shareholders, the Committee may authorize compensation which is not fully deductible for any given year.

The Company accounts for equity-based awards in accordance with FASB ASC Topic 718.

Recoupment Policy

In order to further align the interests of the Company's Executive Management Committee, including the NEOs, with the interests of the shareholders and support good governance practices, the Board and the Committee have adopted a recoupment policy applicable to annual cash incentive compensation and long-term equity awards. As adopted in February, 2010, the policy generally provides that if the Company is required to restate its financial results due to material noncompliance with financial reporting requirements under the securities laws as a result of misconduct or error (as determined by the Independent Directors), the Company may, in the discretion of the Independent Directors, take action for the Company to recoup from Executives all or any portion of an Incentive Award received by the Executive, the amount of which had been determined in whole or in part upon specific performance targets relating to the restated financial results, regardless of whether the Executive engaged in any misconduct or was at fault or responsible in any way for causing the need for the restatement. In such an event, the Company shall be entitled to recoup up to the amount, if any, by which the Incentive Award actually received by the Executive exceeded the payment that would have been received based on the restated financial results. The Company's right of recoupment shall apply only if demand for recoupment is made not later than three years following the payment of the applicable Incentive Award.

For purposes of the policy:

- (i) "Executive" means an individual who, during any portion of the period for which the applicable financial results are restated, was a member of the Company's Executive Management Committee.
- (ii) "Incentive Award" means any cash or stock-based award (including stock appreciation rights) under the Company's Executive Incentive Compensation Plan or Equity Incentive Plan, the amount of which is determined in whole or in part upon specific performance targets, and that was granted on or after the date of adoption of the Recoupment Policy.
- (iii) "Independent Directors" means those members of the Board of Directors who are considered independent pursuant to NASDAQ listing requirements.

The Company may also dismiss or pursue other legal remedies against any Executive.

Compensation Risk Assessment

In December 2011, the Company engaged Pay Governance LLC to conduct an independent review of the relationship between employee risk-taking and the Company's compensation programs. The Pay Governance report was presented to the Committee in January 2012. Pay Governance reviewed any compensation program (and the policies and practices behind it) that is linked to employee behaviors that may have a material impact on the Company. They reviewed Executive Compensation and Non-Executive/Group Plans. In their review, they considered program designs that can create risk for the Company through any of the following four channels: financial, operational, reputation or talent. In their independent review of the relationship between compensation and risk-taking, they did not identify any major risk concerns that warrant immediate action by the Board of Directors.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT

The Compensation and Human Resources Committee reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management. Based on such review and discussion, the Compensation and Human Resources Committee recommended to the Board of Directors that the Compensation Discussion and

Analysis be included in the Company's annual report on Form 10-K and this Proxy Statement for filing with the SEC.

(1) 2010 amount reflects a discretionary bonus.

Amounts reflect the aggregate grant date fair value of restricted stock awards (both Long-Term Restricted Stock (2) and Current Year Restricted Stock) granted in fiscal years 2012, 2011, and 2010, computed in accordance with FASB ASC Topic 718.

Amounts reflect the cash incentive awards earned in fiscal years 2012, 2011, and 2010 and paid in the following year under the EICP, which is discussed in further detail under the heading “Annual Cash Incentive Compensation” (3) in the section entitled Compensation Discussion and Analysis. Incentive awards elected to be deferred for 2012, 2011, and 2010, were as follows: Mr. J. Kemper — \$481,788, \$200,000, and \$0, respectively.

Amounts reflect the actuarial increase in the present value of benefits under all pension plans established by the Company determined using interest rate and mortality rate assumptions consistent with those used in the (4) Company’s financial statements. Perquisites include personal use related to club dues, long-term care insurance premiums paid by the Company and personal use of the Company airplane. We calculated the incremental cost of personal airplane usage based on the (a) cost of fuel, landing fees, trip-related hangar costs, and incremental crew expenses. We also include other airplane-related expenses incurred or accrued pro-rata based on actual number of miles flown because we believe, on average, it fairly approximates our incremental costs of individual trips.

Represents the target amount payable under the EICP for 2012 performance. There was no threshold or maximum amount payable under the EICP if actual performance was less than or greater than target. For a description of the (1) EICP, see “Annual Cash Incentive Compensation” in the Compensation Discussion and Analysis. The actual amount earned is reported in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. Amounts represents both Long-Term Restricted Stock and Current Year Restricted Stock granted under the 2005 (2) Equity Incentive Plan, as described under “Long-Term Equity Awards” in the section entitled Compensation Discussion and Analysis.

(1) Information presented pertains to the "Pre-2005 Benefit" portion of the CERP.

The "Number of Years of Credited Service" is less than actual years of service because service prior to membership in the plans and service after December 31, 2004 (the date the plans were frozen) is excluded from credited service.

(2) The actual years of service for Messrs. D. Kemper, Kim, J. Kemper, Leadbeater, and Barth are 35, 23, 31, 23 and 29, respectively.

(3) The present value of the benefits shown is based on a 3.65% interest rate and the RP2000 white collar mortality table projected to 2017 assuming benefits commence at normal retirement age of 65.

## Pension Benefits Narrative

The Company maintains the Retirement Plan, which is a tax-qualified defined benefit plan that provides retirement benefits to all employees who completed one year of service and attained age 21 prior to July 1, 2004. Participation in the Retirement Plan was frozen on December 31, 2004, and benefits under the Retirement Plan were partially frozen on December 31, 2004, and fully frozen on December 31, 2010, as described below.

The Retirement Plan provides benefits based upon compensation, age and years of participation. Effective January 1, 1995, benefits were provided under a cash balance formula. Under this formula, a retirement account balance is maintained for each participant. At the end of each plan year beginning after December 31, 1994 and ending December 31, 2004, the participant's account was credited with a cash balance amount equal to a percentage of compensation for the year plus the same percentage of compensation in excess of 50% of the Social Security taxable wage base for the year.

Compensation for this purpose is limited by Section 401(a)(17) of the Code (\$205,000 in 2004). The applicable percentage is determined by the sum of the participant's age and years of participation in the Retirement Plan at the beginning of the plan year, and ranged from 1% for a sum of less than 30 to 4% for a sum of 75 or more. Interest is credited to the participant's account at the end of each plan year beginning after 1995 at a rate not less than 5% of the account balance at the end of the prior plan year. For 2012, the rate of interest was 5%. Beginning January 1, 2005, no additional cash balance credits will be applied to participants' accounts. However, interest will continue to be credited to each participant's account until retirement.

Effective December 31, 2010, the retirement benefits provided from the cash balance formula were frozen. The retirement account balance will be converted to a life annuity based on actuarial factors defined in the Retirement Plan on the later of the participant's Normal Retirement Date (as defined in the Retirement Plan) or December 31, 2010.

This change only impacts benefits for participants who work past their Normal Retirement Date as the interest credit

will continue to apply until a participant's Normal Retirement Date. At retirement, a participant may select from various annual benefit options based on actuarial factors defined in the Retirement Plan.

In addition to the cash balance formula described above, a participant will receive an annual benefit equal to his annual benefit accrued through December 31, 1994 under the Retirement Plan's prior formula, adjusted for increases in the cost of living (but not in excess of 4% per year) for each year of participation after December 31, 1994. Effective December 31, 2010, the benefit under the Retirement Plan's prior formula was also frozen. The final cost of living increase was given on December 31, 2010, and

Table of contents

no future cost of living increases will be provided. Certain participants of the Retirement Plan, including NEOs, will receive a special minimum benefit based on the final five-year average compensation and years of service.

This Retirement Plan is fully funded by the Company and participants become fully vested after three years of service. All of the NEOs are fully vested. The normal retirement age under the Retirement Plan is 65. Reduced benefits are available as early as age 55 with 10 years of service. Benefits are reduced based on the length of time prior to age 65 that retirement occurs. The reduction is 6.67% per year for each of the first five years of early retirement (age 60-64) plus an additional 3.33% per year for each of the next five years (ages 55-59). Of the NEOs, Messrs. D. Kemper, J. Kemper, and Leadbeater are currently eligible for early retirement.

The estimated annual accrued benefit under the Retirement Plan for Messrs. D. Kemper, Kim, J. Kemper, Leadbeater, and Barth is \$85,701, \$38,721, \$68,534, \$40,054, and \$36,530, respectively. These benefits are shown in the form of an annual life annuity commencing at age 65.

Since January 1, 1995, the Company has maintained the CERP to provide a non-tax-qualified deferred compensation plan to a select group of executives whose benefits under the Retirement Plan are limited by the Code. The CERP is unfunded and benefits are payable from the assets of the Company. The Board of Directors has designated the CEO as a participant and the CEO has designated other executives, including the NEOs, as participants. The present value of the benefits shown in the table is based on a 3.65% interest rate and the RP2000 white collar employee mortality table projected to 2017 using Scale AA, assuming benefits commence at normal retirement age.

A participant's benefit under the CERP is the sum of the "Pre-2005 Benefit" and the "Post-2004 Benefit." A participant's benefit under the Pre-2005 Benefit is the amount by which (1) exceeds (2), where (1) is the benefit that would be payable under the Retirement Plan if that benefit were calculated using the participant's compensation including any incentive compensation deferred under a nonqualified deferred compensation plan maintained by the Company and without regard to the compensation limit of Section 401(a)(17) of the Code; and (2) is the benefit actually payable under the Retirement Plan. Consistent with the Retirement Plan, cash balance formula additions under the CERP were frozen effective January 1, 2005, and cost of living increases were discontinued effective December 31, 2010.

The estimated annual accrued benefit under the Pre-2005 Benefit for Messrs. D. Kemper, Kim, J. Kemper, Leadbeater, and Barth is \$138,249, \$0, \$30,055, \$0, and \$0, respectively. The Pre-2005 Benefit is subject to the same retirement eligibility requirements and early retirement reductions as the Retirement Plan. These benefits are shown in the form of an annual life annuity commencing at age 65. Benefits are payable in the form of a lump sum or in annual installments for up to ten years at the election of the participant.

Benefits under the Post-2004 Benefit are in the form of a defined contribution plan, and are described in the narrative accompanying the Nonqualified Deferred Compensation table.

### Nonqualified Deferred Compensation Narrative

Our NEOs are eligible to participate in a deferred compensation plan that is a part of the EICP. The EICP allows the officers to contribute up to 100% of their annual cash incentive award to this plan and, therefore, defer income tax on these amounts. Participants can select from a number of investment options, which are generally available to other employees in the Company's 401(k) plan, including a Company stock alternative, to which their deferrals will be credited. Each participant's account is credited with earnings, or debited with losses, based on performance of those investment options. Benefits are payable in a lump sum or up to ten annual installments. Participants may not make withdrawals during employment.

The Post-2004 Benefit portion of the CERP provides for a Company contribution credit on the last day of each plan year beginning on and after January 1, 2005 equal to 7% of the participant's eligible compensation above the pay limit imposed under the Code for purposes of the Company's qualified 401(k) retirement plan (the "Participating Investment Plan") for the year (\$250,000 in 2012). The Company may make additional contribution credits to the extent that limitations were imposed on contributions by CERP participants to the Participating Investment Plan due to the nondiscrimination test of Code Section 401(m). Additional contributions made in 2012 were as follows: Messrs. D. Kemper \$498; Kim \$0; J. Kemper \$0; Leadbeater \$480; and Barth \$0.

Eligible compensation for the Post-2004 Benefit portion of the CERP generally includes W-2 earnings. Eligible compensation for 2012 in excess of the pay limit imposed under the Code was as follows: Messrs. D. Kemper \$2,984,119; Kim \$550,868; J. Kemper \$903,715; Leadbeater \$477,420; and Barth \$500,892.

Each year the Company will credit or debit the participant's post-2004 CERP account to reflect deemed earnings. The current rate of earnings credit is fixed at 5%, which corresponds to the rate of interest earned on the cash balance accounts of participants in the Retirement Plan. The Retirement Committee, which is an internal committee of employees, reviews this rate of interest annually. Benefits are payable in the form of a lump sum or annual installments for up to ten years pursuant to the election of the participant.

### Employment Agreements and Elements of Post-Termination Compensation

We do not have employment agreements with our NEOs. However, there are several arrangements that provide post-termination benefits.

#### Change of Control Severance Agreements

The Company has in place a severance agreement with each NEO ("Severance Agreement") which provides for payments and certain benefits (which payments and benefits shall be referred to as the "Severance Benefits") in the event of a "Qualifying Termination" in connection with a "Change of Control."

For purposes of the Severance Agreement, "Change of Control" means:

Any Person (as defined in Section 3(a)(9) of the Exchange Act, with certain exclusions provided for in the Severance Agreement) who becomes the "beneficial owner," directly or indirectly, of 20% of the Company's outstanding shares or the combined voting power of the then outstanding shares of the Company; or

Individuals who on the date of the Severance Agreement constituted the Board or any new director whose appointment or election by the Board or nomination for election by the Company's shareholders was approved by at least two-thirds of the directors then still in office who were either directors on the date of the Severance Agreement or whose appointment, election or nomination was previously approved, shall fail to constitute the majority of the Board of Directors; or

There is consummated a merger or consolidation of the Company with any other corporation other than (i) a merger or consolidation in which the combined voting power immediately after the merger or consolidation was at least 80% of the same combined voting power immediately prior to the merger or consolidation or (ii) the merger or consolidation was for the purpose of the recapitalization of the Company in which no person is or becomes the beneficial owner of 20% or more of the outstanding shares of the Company or the combined voting power of the Company's outstanding securities; or

The shareholders approve a plan of complete liquidation or dissolution of the Company or there is a sale or disposition of substantially all of the Company's assets, other than a sale or disposition to an entity that has at least

80% of the combined voting securities owned by persons in substantially the same proportions as their ownership of the Company immediately prior to such sale.

“Qualifying Termination” means:

Within twelve months prior to a Change of Control, the NEO’s employment is terminated by the Company under circumstances not constituting Cause and in contemplation of, or caused by, the Change of Control, such Change of Control is pending at the time of termination, and the Change of Control actually occurs; or

Table of contents

Within three years following a Change of Control, the NEO's employment is involuntarily terminated by the Company under circumstances not constituting Cause, the successor company fails or refuses to assume the obligations of the Company under the Severance Agreement, or the Company or any successor company breaches any provisions of the Severance Agreement; or

A voluntary termination of employment by the NEO under circumstances constituting "Good Reason" within three years following a Change of Control; or

A voluntary termination of employment by an NEO for any reason within the period beginning on the first anniversary of the Change of Control and ending thirty days after such date.

"Cause" means willful misconduct or conduct by the NEO that was knowingly fraudulent or deliberately dishonest.

"Good Reason" means (i) the NEO, in his reasonable judgment, determines that his duties have been materially reduced in terms of authority and responsibility from those existing immediately prior to the Change of Control; or (ii) the NEO is required to be based at a location that is thirty-five or more miles farther from his primary residence at the time of the requirement than it was prior thereto; or (iii) there is a reduction in the NEO's base salary to an amount that is less than the base salary in effect twelve months prior to the Change of Control; or (iv) there is a material reduction in the NEO's level of participation in any of the Company's incentive compensation plans, benefit plans, policies, practices or arrangements in which the NEO participated immediately prior to the Change of Control and such reduction is not consistent with the average level of participation by other executives who have a similar position.

"Severance Period" means a number of whole and fractional years equal to the lesser of: (a) three or (b) the quotient of the number of months following termination until the NEO attains age 65, divided by twelve.

In the event that an NEO becomes entitled to Severance Benefits, the Company shall pay to or provide the NEO with the following:

A lump sum payment equal to the product of: (i) the Severance Period, multiplied by (ii) the sum of the NEO's base salary in effect 12 months prior to the Change of Control and the NEO's average bonus for the three completed fiscal years of the Company preceding the fiscal year in which the Change of Control occurs;

A lump sum payment equal to the greater of the NEO's actual bonus for the fiscal year of the Company preceding the fiscal year in which the Change of Control occurs or the NEO's target bonus for the fiscal year of the Company in which a Qualifying Termination occurs, calculated with the assumption that both the Company and the NEO achieved all performance objectives required to earn the target bonus, and prorated based on the number of days elapsed in the Company's fiscal year during which employment terminates;

Continuation of health, life and disability insurance to the NEO during the Severance Period at a cost to the NEO equal to the amount paid by similarly situated active employees at the time of the earliest event that could constitute "Good Reason." To the extent such benefits are taxable, there is a gross up for taxes;

The opportunity to borrow, to the extent permitted by applicable law, from the Company or an affiliate thereof, for an interest rate set by the NEO (which may be zero), an amount equal to the sum of the NEO's outstanding stock options and taxes resulting from the exercise and the vesting of the NEO's restricted stock, with repayment required upon the passage of 180 consecutive days of the NEO being able to sell stock acquired by the exercise and being able to sell vested, restricted stock without restriction; and

Reimbursement for the costs, if any, of outplacement services obtained by the NEO following a Qualifying Termination.

In the event that any payments are subject to the application of any tax pursuant to Section 4999 the Code (an "Excise Tax"), the Company shall also pay to the NEO an additional amount sufficient to make the net amount payable to the NEO the same as the NEO would have received had the Excise Tax not been imposed. The Company will reimburse the NEO for all fees, expenses and costs incurred in connection with any Excise Tax; however, at its February 10, 2012 meeting, the Board, by resolution, adopted a policy not to offer a gross up for taxes related to severance payments paid in connection with a change of control of the Company to any employee to whom the Company has not made such a commitment prior to the date of the resolution.

The Severance Benefits are reduced by any other severance benefits or damages for termination paid or owed to the NEO, if such offset would not result in additional tax, interest or penalties pursuant to Section 409A of the Code.

The Company is obligated to pay any attorneys' fees and costs incurred in connection with any dispute concerning the Severance Agreement unless the dispute by the NEO is frivolous.

Restricted Stock, Stock Options and Stock Appreciation Rights

Our outstanding unvested restricted stock grants are normally forfeited upon termination of employment; however, there are special vesting rules in the case of death, disability or retirement. In the case of death or disability, outstanding unvested restricted stock immediately vests in the same proportion that the number of full and partial months from the date of grant to the date of death or disability bears to the total restriction period applicable to the award. In the case of "retirement," the same pro

Table of contents

rata vesting provision applies, except the vesting is not effective until the last day of the restriction period applicable to the award and vesting remains subject to the Company satisfying any Company performance condition on vesting. For grants issued before April 20, 2005, “retirement” means termination of employment after attaining age 60 and agreeing to certain non-competition provisions. In the case of restricted stock issued after April 20, 2005, “retirement” means termination of employment after attaining age 60 and having at least ten years of service (non-competition agreements are no longer included in the definition of “retirement” in the plan document, but signing a non-competition agreement has been a condition precedent to restricted stock grants awarded after April 20, 2005). In addition, otherwise unvested outstanding restricted stock, stock appreciation rights and options immediately vest upon the occurrence of a change of control. For this purpose “change of control” has the same meaning as applies for purposes of the Change of Control Severance Agreements (see “Change of Control Severance Agreements” under “Employment Agreements and Elements of Post-Termination Compensation”), except different dates are used for determining the incumbent board of directors.

**Deferred Compensation**

The CERP and EICP provide for payments of nonqualified deferred compensation after termination of employment. See “Pension Benefits Narrative” and “Nonqualified Deferred Compensation Narrative” for a description of those arrangements.

**Long-Term Disability**

The NEOs generally have the same long-term disability benefit as all salaried employees, except that the definition of “disability” for the NEOs is more favorable because the benefit after the first 36 months of disability for salaried employees who are not vice presidents or above is based on a more restrictive definition of disability than the one that applies to vice presidents and above.

**Commerce Retirement Plan**

The qualified defined benefit pension plan was frozen and closed to new participants January 1, 2004, so not all salaried employees participate. The named executives participate in this plan and receive earnings credits to their cash balance accounts. See “Pension Benefits Narrative” for a description of this arrangement.

Salary is calculated as the sum of the prior year base salary plus the average bonus for the prior 3 years, times the (1) "Severance Period" which means the lesser of: (a) three or (b) the quotient of the number of months following termination until the NEO attains age 65, divided by twelve, and is payable upon a qualifying termination.

Bonus amount is the greater of (a) the 2011 annual cash incentive paid in 2012, or (b) the 2012 target annual cash (2) incentive under the EICP, not prorated. In all cases the bonus amount is the 2011 annual cash incentive paid in 2012.

It is assumed that all NEOs are eligible for the special vesting rules as of December 31, 2012. Amounts are based (3) on the prorated vested shares at market price at December 31, 2012.

The payment under the EICP/CERP is the aggregate balance in their deferred compensation plan that is assumed to (4) be paid upon either voluntary termination, retirement, death, disability or a Change of Control.

Under a Change of Control, the Company is required to reimburse the NEO for any excise taxes that may be  
(5) imposed and any other fees and expenses. It was determined that Mr. D. Kemper and Mr. Barth would be eligible for such payments.

(6) Benefits payable under the Retirement Plan are assumed to commence at age 65. The benefit upon death is calculated as a portion of the normal benefit.

(7) This amount reflects the net present value of estimated insurance payments to be made by the Company for the NEOs, plus a gross up for taxes, during the Severance Period.

2012 and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year. In 2012 KPMG LLP also performed audits for both years on several private equity subsidiaries, a brokerage subsidiary, a mortgage-banking subsidiary, the Company's pension and 401k benefit plans, and provided miscellaneous accounting research and advice.

Audit-related fees are mainly for services rendered for agreed upon examination procedures relating to the Company's trust and lockbox operations and the Company's mortgage banking operation. Tax fees are for services including both review and preparation of corporate income tax returns and tax consulting services.

**PROPOSAL TWO**

**RATIFICATION OF THE SELECTION OF KPMG LLP**

**AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR 2013**

Pursuant to the Sarbanes-Oxley Act of 2002, the Audit Committee of the Company is responsible for the selection and approval of the Company's independent registered public accountants for the purpose of the examination and audit of the Company's financial statements for 2013. The Audit Committee has also adopted a procedure for the pre-approval of non-audit services. The Audit Committee has selected and the Board of Directors has ratified the selection of KPMG LLP as the firm to conduct the audit of the financial statements of the Company and its subsidiaries for 2013. This selection is presented to the shareholders for ratification; however, the failure of the shareholders to ratify the selection will not change the engagement of KPMG LLP for 2013. The Audit Committee will consider the vote of the shareholders for future engagements. Representatives of KPMG LLP are expected to be present at the Meeting and will be available to respond to appropriate questions. The representatives will also be provided an opportunity to make a statement.

The Board of Directors Recommends a Vote FOR the Ratification of the Selection of KPMG LLP as the Company's Independent Registered Public Accountant for 2013.

**PROPOSAL THREE**

**SAY ON PAY --- ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION**

The following proposal is an advisory, non-binding vote on the compensation of the Company's named executive officers as required by Section 14A of the Exchange Act which was added by Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act and by rules of the SEC. Shareholders are being asked to approve the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis, tabular disclosures, and other narrative executive compensation disclosures in the proxy statement. The vote is not binding on the Company.

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED."

The Company's goal for its executive compensation program is to attract, motivate and retain a talented team of executives who will provide leadership for the Company's success in a highly regulated industry and in competitive markets. The Company seeks to accomplish this goal in a way that rewards performance and is aligned with its shareholders' long-term interests. The Company believes that its executive compensation program, which emphasizes long-term equity awards, satisfies this goal and is strongly aligned with the long-term interests of its shareholders. Please refer to the Compensation Discussion and Analysis beginning on page 17 of this Proxy Statement for a thorough discussion of the Company's executive compensation program. As an advisory vote, this proposal is not binding on the Company; however, the Compensation and Human Resources Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by shareholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

At the 2011 annual meeting, the shareholders had the opportunity, on a non-binding basis, to inform the Company on how often shareholders wish to include a "say-on-pay" proposal in the Company's proxy statements. The Board recommended, and the shareholders approved (on a non-binding basis), a "say-on-pay" vote on an annual basis.

Accordingly, the Board determined that a "say-on-pay" vote would be held annually. The next "say-on-pay" vote will therefore be held at the Company's 2014 annual meeting.

The Board of Directors Recommends a Vote FOR the proposal to approve the Company's executive compensation.

PROPOSAL FOUR

APPROVAL OF AMENDMENT AND RESTATEMENT OF THE COMMERCE BANCSHARES, INC.  
2005 EQUITY INCENTIVE PLAN

We are asking our shareholders to approve the Commerce Bancshares, Inc. 2005 Equity Incentive Plan, as amended and restated (the “Plan”), primarily to increase the number of shares of Common Stock available for issuance under the Plan by 1,000,000 shares, representing approximately 1% of our shares of Common Stock outstanding as of February 28, 2013 and to extend the term of the plan. We are proposing the increase to enable us to continue offering effective equity compensation to our employees, allowing us to continue to take advantage of the critical motivation and retention benefits that equity compensation provides.

The Board of Directors approved the Plan, as amended, subject to shareholder approval. If approved by our shareholders, the amended Plan will become effective as of the Annual Meeting date.

Purpose and Background

The Plan provides for the grant of incentive stock options (within the meaning of Section 422 of the Code), non-qualified stock options, stock appreciation rights (“SARs”), restricted stock, restricted stock units, performance awards and other stock-based awards to employees of the Company. The purpose of the Plan is to promote the interests of the Company and its shareholders by attracting and retaining employees who are expected to contribute to the Company's growth and financial performance.

The primary amendment reflected in the amended and restated version of the Plan is an increase of 1,000,000 shares of the Company's Common Stock that may be issued under the Plan. The amended and restated version of the Plan also reflects additional amendments, including: a new expiration date of the Plan of April 17, 2023; removal of the 800,000 share limit on shares that may be issued under the Plan as restricted stock, restricted stock units, performance shares and stock-based awards; increase in the number of shares of restricted stock and/or restricted stock units that may be granted to one participant in any one fiscal year from 50,000 to 150,000; update of the list of performance-based metrics that can be used with respect to performance-based awards to include return on assets; and other minor changes. If the amended Plan is not approved and we are unable to grant equity compensation in the future, we may need to consider other compensation alternatives, such as increasing cash compensation.

Additionally, in order to allow for awards under the Plan to qualify as tax-deductible performance-based compensation under Section 162(m) of the Code (“Section 162(m)”), the Company is asking shareholders to approve a new list of performance goals in the Plan, including return on assets. However, there can be no guarantee that awards granted under the Plan eligible for treatment as qualified performance-based compensation under Section 162(m) will receive such treatment. Approval of this proposal will constitute approval of the Plan itself and approval of the material terms of the performance goals thereunder for purposes of Section 162(m).

The Board believes that equity incentive compensation is essential in attracting, retaining and motivating individuals. The flexibility of the Plan in types and specific terms of awards will allow future awards to be based on then-current objectives for aligning compensation with shareholder value. Shareholder approval of the Plan will permit the Company to award equity incentives that achieve these goals.

Promotion of Good Corporate Governance Practices

The Plan has been designed to include a number of provisions that the Company believes promote best practices by reinforcing the alignment between equity compensation arrangements for employees and shareholders' interests. These provisions include, but are not limited to, the following:

No Discounted Options or SARs. Stock options and SARs may not be granted with exercise prices lower than the fair market value of the underlying shares on the grant date (other than an award that is in substitution for an award previously granted by an entity acquired by us in order to provide in-the-money value at the grant date equal to the in the-money value of the substituted option in accordance with Sections 424(a) and 409A of the Code).

No Repricing. The Plan expressly prohibits the repricing of option or SAR awards, including the cancellation and re-grant of such awards.

Minimum Vesting Requirements. Other than stock-based awards with a fair market value of less than \$10,000 on the date of grant, no more than 25% of an award may be vested prior to the first anniversary of the date of grant, except for death, disability or retirement.

No Transferability. Awards generally may not be transferred, except by will or the laws of descent and distribution, unless approved by the Committee (as defined below).

38

## Table of contents

No Evergreen Provision. There is no “evergreen” feature pursuant to which the shares authorized for issuance under the Plan can be automatically replenished (although grants that are forfeited, terminated or expire unexercised are added back to the Plan).

No Automatic Grants. The Plan does not provide for automatic grants to any participant.

No Tax Gross-ups. The Plan does not provide for any tax gross-ups.

### Key Features of the Amended and Restated Plan

The following is a summary of the material terms of the Plan and is qualified in its entirety by reference to the Plan. A copy of the Plan is included as Appendix A to this proxy statement and may also be obtained from the Company free of charge upon written request.

### Administration

The Compensation and Human Resources Committee (the “Committee”) has full power and authority to determine when and to whom awards will be granted, consistent with the provisions of the Plan. The Committee must be comprised of at least two (2) members of the Board. Each Committee member must be an “independent director” under NASDAQ listing rules, a “non-employee director” as defined in Rule 16b-3 of the Exchange Act and an “outside director” as defined in Section 162(m) of the Code. Subject to the provisions of the Plan, the Committee may amend or waive the terms and conditions, or accelerate the exercisability, of an outstanding award. The Committee has authority to interpret the Plan, and establish rules and regulations for the administration of the Plan.

### Eligible Participants

The Committee has the exclusive right, subject to applicable law and stock exchange listing standards, to determine, or delegate the authority to determine, those persons who will be granted awards under the Plan. The Plan is drafted broadly to permit the Committee to make grants to any Company employee (including employees of our subsidiaries or affiliates); however, historically the Committee has made awards only to key employees who are in a position to make significant contributions to our business. As of December 31, 2012, the Company employed 4,270 persons on a full-time basis and 608 persons on a part-time basis.

### Shares Available For Awards

Prior to the proposed amendment and restatement of the Plan, 5,909,819 shares of Common Stock were authorized for grants under the Plan (which includes stock dividends on previously authorized shares). As of February 28, 2013, 2,979,140 shares of Common Stock remained available for future grants under the Plan. If this Proposal Four is approved by our shareholders, an additional 1,000,000 shares will be available for future grants under the Plan. Assuming the shareholders approve this Proposal Four, a total of 6,909,819 shares of Common Stock will have been authorized for issuance under the Plan, with 3,979,140 shares available for future grants, subject to adjustment for future stock dividends.

Shares related to awards that are forfeited, terminated or expire unexercised shall be added back and available again under the Plan. The Plan contained a requirement that no more than 800,000 shares could be issued in the form of restricted stock, restricted stock units, performance shares and stock-based awards; however, that provision would be removed upon shareholder approval of the amended and restated Plan.

### Terms of Awards

General. Awards may be granted alone or in addition to any other award granted under the Plan or any other compensation plan. Awards can be granted for no cash consideration or for cash or other consideration as determined by the Committee or as required by applicable law. Awards may provide that upon the grant or exercise thereof, the holder will receive cash, or shares of Common Stock, or any combination of these in a single payment. The exercise price per share under any stock option and the grant price of any stock appreciation right (“SAR”) may not be less than the fair market value on the date of grant of such option or SAR unless the award is in substitution for an award previously granted by an entity acquired by us in order to provide in-the-money value at the grant date equal to the in the-money value of the substituted option in accordance with Sections 424(a) and 409A of the Code. The fair market value of a share under the Plan will be the closing price on any securities exchange or other over the counter market on which the shares are listed on the date of determination. If there is no regular public trading market for the shares, the Committee will determine the fair market value of the shares. The term of awards will not be longer than 10 years.

An award agreement (other than an award agreement with respect to SARs) may provide that the Company has the right to repurchase shares acquired pursuant to an award when the holder terminates employment. Any repurchase must be consistent with Section 409A of the Code, which governs deferred compensation. To the extent consistent with the requirements of Section 409A of the Code, the Committee may at any time offer on behalf of the Company to buy-out, for a payment in cash or shares, an award previously granted, on the terms and conditions established by the Committee and communicated to the participants at the time

Table of contents

the offer is made; subject to any requirements set forth in the Plan, Sections 13(e) and/or 14(e) of the Exchange Act and Section 162(m).

An award agreement may provide that, upon a change of control, as defined in the Plan, an award that is not yet exercisable or is subject to restrictions shall become immediately exercisable and all restrictions shall be removed. An award agreement may also provide that upon a change of control the award will terminate.

Awards other than options and SARs may be granted subject to the achievement of performance goals. The performance goals may be established by the Committee from time to time. In the case of awards intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code, the performance goals will be one or more of the following business criteria:

|                                  |                    |
|----------------------------------|--------------------|
| Revenue                          | Return on equity   |
| Earnings                         | Return on assets   |
| Pre-tax earnings and net profits | Efficiency ratio   |
| Earnings per share               | Asset management   |
| Stock price                      | Asset growth       |
| Market share                     | Asset quality      |
| Costs                            | Budget achievement |

The measure of performance may be set by reference to an absolute standard or a comparison to specified companies or groups of companies, and may be set separately for the Company as a whole or for various groups, divisions or subsidiaries. All calculations and financial accounting matters will be determined in accordance with Generally Accepted Accounting Principles, unless the Committee determines otherwise. For awards that the Committee intends to qualify as “performance-based” under Section 162(m) of the Code, the Committee must establish performance goals and target awards for each participant no later than the last day permitted within the parameters of Section 162(m) of the Code.

**Minimum Vesting.** Except for stock-based awards with a fair market value of less than \$10,000 on the date of grant, no more than 25% of an award may be vested prior to the first anniversary of the date of grant, except for death, disability or retirement. Historically, all SARs vest 25% as of the date of grant and an additional 25% on each of the following three anniversaries. The majority of restricted stock awards provide full vesting by the fifth or seventh anniversary of the grant. There are no current plans to deviate from this historical practice.

**Stock Options.** The holder of an option will be entitled to purchase a number of shares of Common Stock at a specified exercise price during a specified time period, all as determined by the Committee. The option exercise price may be payable either in cash or in previously acquired shares of Common Stock, or at the discretion of the Committee, by any other lawful means. Options will be either “incentive stock options” (“ISO”) within the meaning of Section 421 of the Code or “non-qualified stock options” and will vest and become exercisable in accordance with a vesting schedule established by the Committee, subject to the minimum vesting provisions of the Plan; the exercise price will be established by the Committee and cannot be less than the fair market value of a share on the date of grant (other than an award that is in substitution for an award previously granted by an entity acquired by us in order to provide in-the-money value at the grant date equal to the in the-money value of the substituted option in accordance with Sections 424(a) and 409A of the Code); and the exercise price of an incentive stock option granted to an employee who owns 10% or more of the combined voting power of Common Stock will not be less than 110% of the fair market value of a share on the date of grant. The aggregate fair market value of Common Stock for which ISOs are granted and which are first exercisable in any one calendar year by any one employee may not exceed \$100,000 in fair market value which is determined as of the date of the grant. Options for no more than 250,000 shares may be granted to any one employee in any one fiscal year.

**Stock Appreciation Rights.** The holder of a SAR is entitled to receive the excess of the fair market value calculated as of the exercise date of a specified number of shares of Common Stock over the grant price of the SAR. Such excess is payable solely in shares of Common Stock. SARs vest and become exercisable in accordance with a vesting schedule established by the Committee. During any fiscal year, no employee may be granted SARs for more than 250,000 shares of Common Stock.

Restricted Stock and Restricted Stock Units. The holder of restricted stock will own shares of Common Stock subject to restrictions imposed by the Committee for a specified time period determined by the Committee. The holder of restricted stock will be entitled to vote the shares and to receive any dividends declared on the shares; however, any dividends declared in shares will be subject to the same restrictions as the underlying shares. The holder of restricted stock units will have the right, subject to any restrictions imposed by the Committee, to receive shares of Common Stock, at some future date determined by the Committee and any dividends declared in shares will be subject to the same restrictions as the underlying shares. The holder of restricted stock units will not have voting rights but will receive dividends paid with respect to the underlying shares. The Committee may award restricted stock or restricted stock units subject to satisfaction of performance goals, which may include awards intended to qualify as “performance-based compensation” under Section 162(m) of the Code. Subject to the terms of the award agreement, if the

40

---

## Table of contents

participant's employment terminates during the vesting period, the Restricted Stock and Restricted Stock Units will be forfeited, unless the Committee determines that it would be in the Company's best interest to waive any remaining time-based restrictions. During any fiscal year, no employee may receive more than 150,000 shares of Restricted Stock or Restricted Stock Units.

**Performance Awards.** Performance awards give participants the right to receive payments in cash or shares, based solely upon the achievement of certain performance goals during a specified performance period. Any shares granted may be subject to any restrictions as determined by the Committee. Performance awards granted under the Plan may qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code. At the discretion of the Committee, the holder of performance units or performance shares may be entitled to receive dividend equivalents with respect to dividends declared with respect to the award; however, such dividends shall be subject to the same accrual, forfeiture, and payout restrictions as apply to the performance units or performance shares to which such dividend equivalents relate.

The aggregate dollar value of performance units any employee may receive in any fiscal year may not exceed \$2.5 million, and no employee shall receive more than 50,000 performance shares in any fiscal year.

**Stock-Based Awards.** The Committee may grant other equity-based awards, including unrestricted shares of Common Stock, subject to terms and conditions determined by the Committee and the Plan limitations. The awards may be conditioned on meeting performance goals and may be structured to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code.

**Duration, Termination and Amendment.** Unless discontinued or terminated by the Board, the Plan will expire on April 17, 2023. No awards may be made after that date. However, unless otherwise expressly provided in an applicable award agreement, any award granted under the Plan prior to expiration may extend beyond the end of such period through the award's normal expiration date.

The Board may amend, alter or discontinue the Plan at any time, although shareholder approval must be obtained if required to maintain compliance with the Code, by any applicable law or for any action that would, absent such approval, violate the rules and regulations of any securities exchange applicable to the Company. Subject to the terms of the Plan, the Committee may amend previously-granted awards; provided that, except as otherwise set forth in the Plan, no amendment of an award that would impair the rights of a participant will be effective unless consented to in writing by the participant.

### **Prohibition on Repricing Awards**

No option or SAR may be amended to reduce its exercise or grant price, and no option or SAR may be canceled and replaced with an option or SAR having a lower exercise price, except in connection with a stock dividend or other distribution, including a stock split, merger or other similar corporate transaction or event, in order to prevent dilution or enlargement of the benefits, or potential benefits intended to be provided under the Plan.

### **Transferability of Awards**

Unless otherwise provided by the Committee, awards under the Plan may only be transferred by will or by the laws of descent and distribution.

### **Federal Income Tax Consequences**

The following paragraphs are a summary of the material U.S. federal income tax consequences under the Code associated with awards granted under the Plan. The summary is based on existing U.S. laws and regulations, and there can be no assurance that those laws and regulations will not change in the future. The summary does not purport to be complete and does not discuss the tax consequences upon a participant's death, or the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside. Therefore, each participant is urged to consult a tax advisor before exercising any award or before disposing of any shares acquired under the Plan both with respect to federal income tax consequences as well as any foreign, state or local tax consequences.

**Grant of Options and SARs.** The grant of a stock option or SAR is not expected to result in any taxable income for the recipient.

**Exercise of Options and SARs.** Upon exercising a non-qualified stock option, the optionee must recognize ordinary income equal to the excess of the fair market value of the shares of Common Stock acquired on the date of exercise over the exercise price, and we will generally be entitled at that time to an income tax deduction for the same amount.

The holder of an incentive stock option generally will have no taxable income upon exercising the option (except that an alternative minimum tax liability may arise), and we will not be entitled to an income tax deduction. Upon exercising a SAR, the fair market value on the exercise date of any shares of Common Stock received are taxable to the recipient as ordinary income and generally deductible by us, subject to the limits of Section 162(m).

Table of contents

Disposition of Shares Acquired Upon Exercise of Options and SARs. The tax consequence upon a disposition of shares acquired through the exercise of an option or SAR will depend on how long the shares have been held and whether the shares were acquired by exercising an incentive stock option or by exercising a non-qualified stock option or SAR. Generally, there will be no tax consequence to us in connection with the disposition of shares acquired under a non-qualified option or SAR. If shares purchased pursuant to the exercise of an ISO are not disposed of by the employee within two years from the date of grant of the option or within one year after the transfer of shares to him, the entire gain, if any, realized upon disposition will be taxable to the employee as long-term capital gain or loss and we will not be entitled to any federal income tax deduction. If an employee sells or exchanges the shares acquired under an ISO before the expiration of the required holding period, the employee will realize ordinary income in the year of such disposition in an amount equal to the difference between the option price and the lesser of the fair market value of the shares on the date of exercise (minus the exercise price) or the selling price (minus the exercise price). In such event we will be entitled to a tax deduction in the year of disposition equal to the amount of ordinary income recognized by the employee, subject to the limits of Section 162(m).

Awards Other than Options and SARs. As to other awards granted under the Plan that are payable either in cash or shares of Common Stock that are either transferable or not subject to substantial risk of forfeiture, the holder of the award must recognize ordinary income equal to (a) the amount of cash received or, as applicable, (b) the excess of (i) the fair market value of the shares received (determined as of the date of receipt) less (ii) the amount (if any) paid for the shares by the holder of the award. We will generally be entitled at that time to an income tax deduction for the same amount.

As to an award that is payable in shares of Common Stock that are restricted from transfer and subject to substantial risk of forfeiture, unless a special election is made by the holder of the award under the Code, the holder must recognize ordinary income equal to the excess of (i) the fair market value of the shares received (determined as of the first time the shares become transferable or not subject to substantial risk of forfeiture, whichever occurs earlier) over (ii) the amount (if any) paid for the shares by the holder of the award. The Company will generally be entitled at that time to an income tax deduction for the same amount.

Tax Deductibility and Section 162(m). Section 162(m) places a \$1 million annual limit on the deductible compensation of certain executives of publicly traded corporations. The limit, however, does not apply to "qualified performance-based compensation." The Plan is designed so that awards made thereunder may qualify for the performance-based compensation exception to the deductibility limit, assuming that the Plan is approved by shareholders.

Application of Section 16. Special rules may apply to individuals subject to Section 16 of the Exchange Act. In particular, unless a special election is made pursuant to the Code, shares received through the exercise of a stock option or SAR may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized and the amount of our income tax deduction will be determined as of the end of that period.

Delivery of Shares for Tax Obligation. Under the Plan, the Committee may permit participants receiving or exercising awards, subject to the discretion of the Committee and upon such terms and conditions as it may impose, to deliver shares of Common Stock (either shares received upon the receipt or exercise of the award or shares previously owned by the holder of the option) to us to satisfy federal and state income tax obligations.

**New Plan Benefits**

The benefits that will be awarded or paid under the Plan are not currently determinable. The Committee in its sole discretion will determine the number and types of awards that will be granted. Thus, it is not possible to determine the benefits that will be received by eligible participants if the Plan were to be approved by the shareholders. The closing price of a share of our Common Stock as reported on NASDAQ on February 28, 2013, was \$38.09.

The Board of Directors Recommends a Vote FOR the proposal to approve the amendments to and restatement of the Commerce Bancshares, Inc. 2005 Equity Incentive Plan.

PROPOSAL FIVE

APPROVAL OF AMENDMENT OF THE STOCK PURCHASE PLAN FOR NON-EMPLOYEE DIRECTORS TO INCREASE AUTHORIZED SHARES

We are asking our shareholders to approve an amendment to the Stock Purchase Plan for Non-Employee Directors (the "Director Plan") to increase the number of shares of Common Stock available for issuance under the Director Plan by 120,000 shares, representing approximately 0.1% of our shares of Common Stock outstanding as of February 28, 2013.

The Board of Directors approved the amendment to the Director Plan subject to shareholder approval. If approved by our shareholders, the amendment to the Director Plan will become effective as of the Annual Meeting date.

Purpose and Background

The Board of Directors and our shareholders previously approved the Director Plan. Under the Director Plan, outside directors of the Company are required to, and outside directors of the Company's subsidiaries may, elect to use their directors' fees, plus an additional amount equal to 25% of such fees contributed by the Company, to purchase Common Stock at market value. The Board of Directors believes that the Director Plan aligns the interests of the Non-Employee Directors with shareholders through the payment of directors' fees in the form of Common Stock. The Board of Directors has determined that the number of shares remaining available for future issuance under the Director Plan is insufficient to meet the anticipated needs of the Company.

Key Features of the Director Plan, as Amended

The following is a summary of the material terms of the Director Plan and is qualified in its entirety by reference to the Director Plan. A copy of the Director Plan, as amended, is included as Appendix B to this proxy statement and may also be obtained from the Company free of charge upon written request.

Administration

The Director Plan is administered by the Compensation and Human Resources Committee. The Committee has authority to interpret, construe and implement the provisions of the Plan, and establish rules and regulations for the administration of the Plan.

Eligible Participants

Individuals who serve as directors (including advisory or honorary directors) of the Company or any subsidiary of the Company, but who are not employees of the Company or any subsidiary of the Company ("Non-Employee Directors"), are eligible to participate in the Director Plan. Each individual who is a Non-Employee Director of the Company is required to participate in the Director Plan effective upon such individual's election to the Board of Directors of the Company. Each such Non-Employee of the Board of Directors shall continue to participate in the Director Plan until such director's resignation, failure to be re-elected as a director, death or disability.

As of February 28, 2013, there were 288 Non-Employee Directors, including advisory board members and directors of subsidiaries of the Company.

Shares Available For Awards

Prior to the proposed amendment of the Director Plan, 550,827 shares of Common Stock were reserved for issuance under the Director Plan (which includes stock dividends and stock splits on previously authorized shares). As of February 28, 2013, 24,618 shares of Common Stock were available for issuance under the Director Plan. If this Proposal Five is approved by our shareholders, an additional 120,000 shares will be available for issuance under the Director Plan. Assuming the shareholders approve this Proposal Five, a total of 670,827 shares of Common Stock will have been authorized for issuance under the Director Plan, with 144,618 shares available for future purchases, subject to adjustment for future stock dividends.

Terms of the Plan

Under the Director Plan, each Non-Employee Director of a subsidiary of the Company has the right to elect to participate in the Plan, and each Non-Employee Director of the Company shall participate in the Plan. Under the Plan,

all compensation payable to a Non-Employee Director of the Company, and any Non-Employee Director of a subsidiary of the Company electing to participate in the Plan, is credited to an account in the name of such director as earned and the Company contributes to the account of such director an additional amount equal to 25% of the compensation credited to the director's account. As of the last business day of each month, the cash balance payable to a director is converted to whole shares of Common Stock of the Company

Table of contents

based on the last sale price of the Company's Common Stock as reported by the National Market System of NASDAQ on such date, or if no sale price is reported on such date, the next preceding day for which a sale price is reported. Any balance remaining in a participant's account is carried forward for investment in the next month. No other contributions may be made by a participant to the Director Plan.

As soon as practicable after the end of each year, the Company issues each Non-Employee Director the number of shares of Company Common Stock credited to the director's account and any cash balance in the account is carried forward for investment in the next year. If a director dies or ceases to be a Non-Employee Director during the year, the Company will distribute to the director (or his or her beneficiary), as soon as reasonably practicable, the number of shares of Common Stock credited to the director's account, along with any cash credited to the account. A participant in the Director Plan has no right to vote or receive dividends or any other rights as a shareholder with respect to shares credited to the participant's account until such shares are actually issued.

In 2012, each Non-Employee Director of the Company was paid the following amounts, as applicable (each adjusted to include the additional 25% contribution by the Company): an annual retainer of \$20,000 (paid on a quarterly basis); a fee of \$4,000 for attendance (in person or by phone) at each meeting of the Board of Directors; a fee of \$750 for attendance (in person or by phone) at each meeting of a committee of which the director is a member; and an annual fee of \$5,000 for service as a committee chair. Changes to directors' compensation are initiated by our CEO and presented to the Committee on Governance/Directors. The Chairman of the Committee on Governance/Directors then presents any changes to the full Board of Directors for its approval.

The Board of Directors may amend, alter, suspend or discontinue the Director Plan at any time; provided, that no alteration or amendment may be made more than once in each twelve-month period with respect to eligibility for participation or varying the date on or price at which the number of equivalent shares of Common Stock will be credited to a participant's account.

**Transferability of Awards**

Neither a participant nor a participant's beneficiary may assign, sell, borrow on or otherwise encumber a beneficial interest in the Director Plan.

**Federal Income Tax Consequences**

The following paragraph is a summary of the material U.S. federal income tax consequences under the Code associated with the Director Plan. The summary is based on existing U.S. laws and regulations, and there can be no assurance that those laws and regulations will not change in the future. The summary does not purport to be complete and does not discuss the tax consequences upon a participant's death, or the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside. Therefore, each participant in the Director Plan is urged to consult a tax advisor both with respect to federal income tax consequences as well as any foreign, state or local tax consequences.

A director would generally include in his or her gross income any director fees (including the additional 25% of such fees contributed by the Company) received in connection with his or her directorship in the year such fee is paid. Upon the purchase of the Common Stock under the Director Plan, the director would not recognize any additional income. We are generally entitled to a deduction in an amount equal to the director fees paid.

**New Plan Benefits**

Benefits provided pursuant to the Director Plan in 2012 are described above under the heading "Director Compensation." Future awards to be received by or allocated to Non-Employee Directors under the Director Plan are not presently determinable, because amounts received depend on, among other things, market value of Common Stock on the date of purchase, number of Board of Director and committee meetings held and number of meetings attended by each director.

The Board of Directors Recommends a Vote FOR the proposal to approve the amendment of the Stock Purchase Plan for Non-Employee Directors to increase authorized shares.

SECTION 4

ADMINISTRATION

4.1 The Committee. The Plan will be administered by the Committee, which, to the extent deemed necessary or appropriate by the Board, will consist exclusively of two or more persons who satisfy the requirements for a “non-employee director” under Rule 16b-3 promulgated under the 1934 Act and the requirements for an “outside director” under section 162(m) of the Code. The members of the Committee shall be appointed from time to time by, and shall serve at the pleasure of, the Board of Directors. In the absence of such appointment, the Board of Directors shall serve as the Committee and shall have all of the responsibilities, duties, and authority of the Committee set forth herein.

4.2 Authority of the Committee. The Committee shall have the exclusive authority to administer and construe the Plan in accordance with its provisions. The Committee's authority shall include, without limitation, the power to (a) determine persons eligible for Awards, (b) prescribe the terms and conditions of the Awards, (c) interpret the Plan and the Awards, (d) adopt rules for the administration, interpretation and application of the Plan as are consistent therewith, and (e) interpret, amend or revoke any such rules. With respect to any Award that is intended to qualify as “performance-based compensation” within the meaning of section 162(m) of the Code, the Committee shall have no discretion to increase the amount of compensation that otherwise would be due upon attainment of a Performance Goal, although the Committee may have discretion to deny an Award or to adjust downward the compensation payable pursuant to an Award, as the Committee determines in its sole judgment. If shareholders of the Company have not reapproved the Plan or the Performance Goals by the end of fifth year following the year in which shareholders previously approved the Plan or the Performance Goals, and an Award is made after such fifth year that is intended to qualify as “performance-based compensation” within the meaning of section 162(m) of the Code, such Award shall be deemed subject to shareholder approval, and no amount shall be paid pursuant to such Award until shareholder reapproval is obtained.

SECTION 5

SHARES SUBJECT TO THE PLAN

5.1 Number of Shares. Immediately before the date this amendment and restatement was adopted by the Board, the number of authorized Shares was the sum of 4,000,000, plus the adjustments set forth in Section 5.3. Subject to future adjustment as provided in Section 5.3, the total number of Shares available for grant under the Plan is increased by an additional 1,000,000 Shares. Shares granted under the Plan may be either authorized but unissued Shares or treasury Shares, or any combination thereof.

5.2 Lapsed Awards. Unless determined otherwise by the Committee, Shares related to Awards that are forfeited, terminated or expire unexercised, shall be available for grant under the Plan. Shares that are tendered by a Participant to the Company in connection with the exercise of an Award, withheld from issuance in connection with a Participant's payment of tax withholding liability, settled in cash in lieu of Shares, or settled in such other manner so that a portion or all of the Shares included in an Award are not issued to a Participant shall not be available for grant under the Plan.

5.3 Adjustments in Awards and Authorized Shares. In the event of a stock dividend or stock split, the number of Shares subject to outstanding Awards and the numerical limits set forth in Section 5.1 shall automatically be adjusted to prevent the dilution or diminution of such Awards, except to the extent directed otherwise by the Committee, and in the event of such an adjustment to an Option or Stock Appreciation Right, the exercise price thereof shall be correspondingly adjusted in the manner prescribed by sections 162(m) and 409A of the Code so as not to result in loss of "performance based" treatment for purposes of section 162(m) of the Code and so as not to result in the Option or Stock Appreciation Right becoming subject to section 409A of the Code. In the event of a merger, reorganization, consolidation, recapitalization, separation, liquidation, combination, or other similar change in the corporate structure of the Company affecting the Shares, the Committee shall adjust the number and class of Shares which may be delivered under the Plan, the number, class and price of Shares subject to outstanding Awards, and the numerical limits set forth in Section 5.1, in such manner as the Committee shall determine to be advisable or appropriate to prevent the dilution or diminution of such Awards. Any such numerical limitations shall be subject to adjustment under this Section only to the extent such adjustment will not affect the status of any Award intended to qualify as "performance-based compensation" under section 162(m) of the Code or the ability to grant or the qualification of Incentive Stock Options under the Plan. In addition, other than with respect to Options, Stock Appreciation Rights, and Awards intended to constitute "performance-based compensation" under section 162(m) of the Code, the Committee is authorized to make adjustments to the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events affecting the Company, or in response to changes in applicable laws, regulations, or accounting principles. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on all Participants.

5.4 Repurchase Option. To the extent consistent with the requirements of section 409A of the Code, the Committee may include in the terms of any Award Agreement, other than an Award Agreement with respect to Stock Appreciation Rights, that the Company shall have the option to repurchase Shares of any Participant acquired pursuant to the Award granted under the Plan upon a Participant's Termination of Service. The terms of such repurchase right shall be set forth in the Award Agreement.

5.5 Buy-Out Provision. To the extent consistent with the requirements of section 409A of the Code, the Committee may at any time offer on behalf of the Company to buy-out, for a payment in cash or Shares, an Award previously granted, based on such terms and conditions as the Committee shall establish and communicate to the Participants at the time such offer is made; provided, however, to the extent Sections 13(e) and/or 14(e) of the 1934 Act and the rules and regulations thereunder are applicable to any such offer, the Company shall comply with the requirements of such

sections; provided further that any buyout of an Award that the Committee intends to be “performance-based compensation” within the meaning of section 162(m) of the Code shall not be made if the Committee determines that such buyout could cause the Award to fail to be performance-based compensation.

5.6 Restrictions on Share Transferability. The Committee may impose such restrictions on any Award of Shares or Shares acquired pursuant to the exercise of an Award as it may deem advisable or appropriate, including, but not limited to, restrictions related to applicable Federal securities laws, the requirements of any national securities exchange or system upon which Shares are then listed or traded, and any blue sky or state securities laws.

5.7 Minimum Vesting. Except for Awards with a value of less than \$10,000 at the Grant Date, no more than 25% of an Award may be vested prior to the first anniversary of the Grant Date; provided, that an Award may become fully vested prior to the first anniversary of the Grant Date in the event of a Termination of Service due to death, Disability or Retirement.

SECTION 6

STOCK OPTIONS

6.1 Grant of Options. Subject to the terms and provisions of the Plan, Options may be granted to Participants at any time and from time to time as determined by the Committee. The Committee shall determine the number of Shares subject to each Option. The Committee may grant Incentive Stock Options, Nonqualified Stock Options, or any combination thereof. No more than the total Shares authorized under the Plan may be issued as Incentive Stock Options under the Plan. The maximum aggregate number of Shares that may be granted in the form of Options in any one Fiscal Year to a Participant shall be 250,000.

6.2 Award Agreement. Each Option shall be evidenced by an Award Agreement that shall specify the Exercise Price, the expiration date of the Option, the number of Shares to which the Option pertains, any conditions to exercise of the Option and such other terms and conditions as the Committee shall determine. The Award Agreement shall also specify whether the Option is intended to be an Incentive Stock Option or a Nonqualified Stock Option.

6.3 Exercise Price. Subject to the provisions of this Section 6.3, the Exercise Price for each Option shall be determined by the Committee and shall be provided in each Award Agreement.

6.3.1 Nonqualified Stock Options. In the case of a Nonqualified Stock Option, the Exercise Price shall not be less than one hundred percent (100%) of the Fair Market Value of a Share on the Grant Date; provided, however, in no case shall the Exercise Price be less than the par value of such Share.

6.3.2 Incentive Stock Options. In the case of an Incentive Stock Option, the Exercise Price shall be not less than one hundred percent (100%) of the Fair Market Value of a Share on the Grant Date; or one hundred ten percent (110%) of the Fair Market Value of a Share if the Participant (together with persons whose stock ownership is attributed to the Participant pursuant to section 424(d) of the Code) owns on the Grant Date stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries; provided, however, in no case shall the Exercise Price be less than the par value of such Share.

6.3.3 Substitute Options. Notwithstanding the provisions of Sections 6.3.1 and 6.3.2, in the event that the Company consummates a transaction described in section 424(a) of the Code, persons who become Participants on account of such transaction may be granted Options in substitution for options granted by such former employer or recipient of services. If such substitute Options are granted, the Committee, consistent with section 424(a) and 409A of the Code, may determine that such substitute Options shall have an exercise price less than one hundred (100%) of the Fair Market Value of the Shares on the Grant Date in order to provide in-the-money value at the Grant Date equal to the in the-money value of the substituted Options in accordance with section 424(a) and 409A of the Code.

6.4 Expiration of Options.

6.4.1 Expiration Dates. Except as provided in Section 6.7.3 regarding Incentive Stock Options, each Option shall terminate upon the earliest to occur of the following events:

- (a) The date(s) for termination of the Option set forth in the Award Agreement;
- (b) The date determined under Section 6.8 regarding Termination of Service; or
- (c) The expiration of ten (10) years from the Grant Date.

6.4.2 Committee Discretion. Subject to the limits of Section 6.4.1, the Committee shall provide in each Award Agreement when each Option expires and becomes unexercisable.

6.5 Exercisability of Options. Options granted under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall determine. After an Option is granted, the Committee may accelerate or waive any condition constituting a substantial risk of forfeiture applicable to the Option. The Committee may not, after an Option is granted, extend the maximum term of the Option.

6.6 Payment. Options shall be exercised by a Participant's delivery of a written notice of exercise to the Secretary of the Company (or its designee), setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

A -5

---

Table of contents

Upon the exercise of an Option, the Exercise Price shall be payable to the Company in full in cash or its equivalent. The Committee may also permit exercise (a) by tendering previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the total Exercise Price, or (b) by any other means which the Committee determines to provide legal consideration for the Shares, and to be consistent with the purposes of the Plan.

As soon as practicable after receipt of a written notification of exercise and full payment for the Shares purchased, the Company shall deliver to the Participant, Share certificates (which may be in book entry form) representing such Shares. Until the issuance of the stock certificates, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Shares as to which the Option has been exercised. No adjustment will be made for a dividend or other rights for which a record date is established prior to the date the certificates are issued.

6.7 Certain Additional Provisions for Incentive Stock Options.

6.7.1 Exercisability. The aggregate Fair Market Value (determined on the Grant Date(s)) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under all plans of the Company and its Subsidiaries) shall not exceed \$100,000.

6.7.2 Company and Subsidiaries Only. Incentive Stock Options may be granted only to Participants who are employees of the Company or a subsidiary corporation (within the meaning of section 424(f) of the Code) on the Grant Date.

6.7.3 Expiration. No Incentive Stock Option may be exercised after the expiration of ten (10) years from the Grant Date; provided, however, that if the Option is granted to an employee who, together with persons whose stock ownership is attributed to the employee pursuant to section 424(d) of the Code, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries, the Option may not be exercised after the expiration of five (5) years from the Grant Date.

6.8 Termination of Service.

6.8.1 Termination for Cause. Unless otherwise specifically provided in the Award Agreement, an Option may not be exercised after a Participant's Termination of Service by the Company or a Subsidiary for Cause.

6.8.2 Termination Due To Death. Unless otherwise specifically provided in the Award Agreement, an Option may not be exercised more than one (1) year after a Participant's Termination of Service due to death, but in no event after the expiration of the term of the Option.

6.8.3 Termination Due to Disability. Unless otherwise specifically provided in the Award Agreement, an Incentive Stock Option may not be exercised more than one year from the date of Termination of Service due to Disability, and a Nonqualified Stock Option may not be exercised more than 36 months from the date of Termination of Service due to Disability, but in no event after the expiration of the term of the Option.

6.8.4 Termination Due to Retirement. Unless otherwise specifically provided in the Award Agreement, an Incentive Stock Option may not be exercised more than three months after a Termination of Service due to Retirement, and a Nonqualified Stock Option may not be exercised more than 36 months from the date of Termination of Service due to Retirement, but in no event after the expiration of the term of the Option.

6.8.5 Other Voluntary Terminations. Unless otherwise specifically provided in the Award Agreement, an Option may not be exercised after the date of Termination of Service due to voluntary termination other than for Retirement.

6.8.6 Termination For Other Reasons. Unless otherwise specifically provided in the Award Agreement, an Option may not be exercised more than three months after a Participant's Termination of Service for any reason other than

described in Section 6.8.1 through 6.8.5, but in no event after the expiration of the term of the Option.

6.8.7 Leave of Absence. The Committee may make such provision as it deems appropriate with respect to Participants on a leave of absence.

6.9 Restriction on Option Transfer. Except as otherwise determined by the Committee and set forth in the Award Agreement, no Option may be transferred, gifted, bequeathed, pledged, assigned, or otherwise alienated or hypothecated,

voluntarily or involuntarily, except that the Committee may permit a transfer, upon the Participant's death, to beneficiaries designated by the Participant as provided in Section 11.6.

6.10 Repricing of Options. Notwithstanding any provision of this Plan other than Section 5.3, the Company may not reprice, replace or regrant an outstanding Option either in connection with the cancellation of such Option or by amending an Award Agreement to lower the exercise price of such Option. This prohibition includes the inability to cancel an Option at a time when its exercise price is equal to or greater than the fair market value of the underlying Shares in exchange for cash, another Award or other consideration.

SECTION 7

RESTRICTED STOCK AND RESTRICTED STOCK UNITS

7.1 Grant of Restricted Stock/Units. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Shares of Restricted Stock and/or Restricted Stock Units to Participants in such amounts as the Committee shall determine. The Committee shall determine the number of Shares to be granted to each Participant. A Restricted Stock Unit shall mean a right to receive a Share upon the conclusion of the Period of Restriction. No more than 150,000 shares of Restricted Stock and/or Restricted Stock Units may be granted to any one Participant in any one Fiscal Year.

7.2 Restricted Stock Agreement. Each Award of Restricted Stock and/or Restricted Stock Units shall be evidenced by an Award Agreement that shall specify the Period of Restriction, the number of Shares of Restricted Stock (or the number of Restricted Stock Units) granted, and such other terms and conditions as the Committee shall determine.

7.3 Transferability. Except as otherwise determined by the Committee and set forth in the Award Agreement, Shares of Restricted Stock and/or Restricted Stock Units may not be sold, transferred, gifted, bequeathed, pledged, assigned, or otherwise alienated or hypothecated, voluntarily or involuntarily, until the end of the applicable Period of Restriction.

7.4 Other Restrictions. The Committee may impose such other restrictions on Shares of Restricted Stock or Restricted Stock Units as it may deem advisable or appropriate in accordance with this Section 7.4.

7.4.1 General Restrictions. The Committee may set restrictions based upon (a) the achievement of specific Performance Goals, (b) other performance objectives (Company-wide, divisional or individual), (b) applicable Federal or state securities laws, (c) time-based restrictions, or (d) any other basis determined by the Committee.

7.4.2 Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock or Restricted Stock Units as "performance-based compensation" under Section 162(m) of the Code, the Committee, in its sole discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals shall be set by the Committee on or before the latest date permissible to enable the Restricted Stock or Restricted Stock Units to qualify as "performance-based compensation" under section 162(m) of the Code. In granting Restricted Stock or Restricted Stock Units that are intended to qualify under section 162(m) of the Code, the Committee shall follow any procedures determined by it in its sole discretion from time to time to be necessary, advisable or appropriate to ensure qualification of the Restricted Stock under section 162(m) of the Code.

7.4.3 Legend on Certificates. The Committee may legend the certificates representing Restricted Stock to give appropriate notice of such restrictions. For example, the Committee may determine that some or all certificates representing Shares of Restricted Stock shall bear the following legend:

“THE SALE OR OTHER TRANSFER OF THE SHARES OF STOCK REPRESENTED BY THIS CERTIFICATE, WHETHER VOLUNTARY, INVOLUNTARY, OR BY OPERATION OF LAW, IS SUBJECT TO CERTAIN RESTRICTIONS ON TRANSFER AS SET FORTH IN THE COMMERCE BANCSHARES, INC. 2005 EQUITY INCENTIVE PLAN, AND IN A RESTRICTED STOCK AGREEMENT. A COPY OF THE PLAN AND SUCH RESTRICTED STOCK AGREEMENT MAY BE OBTAINED FROM THE SECRETARY OF THE COMPANY.”

Table of contents

7.4.4 Retention of Certificates. To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Shares of Restricted Stock in the Company's possession until such time as all conditions and restrictions applicable to such Shares have been satisfied or lapse.

7.5 Removal of Restrictions. With respect to Awards of Restricted Stock, the Committee may accelerate the time at which any restrictions shall lapse and remove any restrictions. With respect to Awards of Restricted Stock Units, the Committee may accelerate or waive any condition constituting a substantial risk of forfeiture applicable to the Restricted Stock Units. However, in no event may the restrictions on Shares granted to a Section 16 Person lapse until at least six months after the grant date (or such shorter period as may be permissible while maintaining compliance with Rule 16b-3). After the end of the Period of Restriction, the Participant shall be entitled to have any legend or legends under Section 7.4.3 removed from his or her Share certificate, and the Shares shall be freely transferable by the Participant, subject to any other restrictions on transfer which may apply to such Shares. Restricted Stock Units shall be paid in cash, Shares, or a combination of cash and Shares as the Committee, in its sole discretion, shall determine, as set forth in the Award Agreement.

7.6 Voting Rights. Except as otherwise determined by the Committee and set forth in the Award Agreement, Participants holding Shares of Restricted Stock granted hereunder shall have voting rights during the Period of Restriction. A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder.

7.7 Dividends and Other Distributions. Except as otherwise determined by the Committee and set forth in the Award Agreement, Participants holding Shares of Restricted Stock or Restricted Stock Units shall be entitled to receive all dividends and other distributions paid with respect to the underlying Shares or dividend equivalents during the Period of Restriction; provided, however, that with respect to Restricted Stock Units a date shall be set each year to pay dividend equivalents earned during the preceding 12 months. If any such dividends or distributions are paid in Shares, the Shares shall be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

7.8 Return of Restricted Stock to Company. On the date set forth in the applicable Award Agreement, the Restricted Stock for which restrictions have not lapsed shall revert to the Company and thereafter shall be available for grant under the Plan.

7.9 Section 83(b) Election. The Committee may provide in an Award Agreement that the Award of Restricted Stock is conditioned upon the Participant making or refraining from making an election with respect to the Award under section 83(b) of the Code. If a Participant makes an election pursuant to section 83(b) of the Code concerning a Restricted Stock Award, the Participant shall be required to promptly file a copy of such election with the Company.

## SECTION 8

### STOCK APPRECIATION RIGHTS

8.1 Grant of Stock Appreciation Rights. Subject to the terms and provisions of the Plan, if Shares are traded on an established securities market, Stock Appreciation Rights may be granted to Participants at any time and from time to time as determined by the Committee. The Committee shall determine the number of Shares subject to each Stock Appreciation Right, provided that during any Fiscal Year, no Participant may be granted Stock Appreciation Rights covering more than 250,000 Shares.

8.2 Award Agreement. Each Stock Appreciation Right shall be evidenced by an Award Agreement that shall specify the Exercise Price, the expiration date of the Stock Appreciation Right, the number of Shares to which the Stock Appreciation Right pertains, any conditions to exercise of the Stock Appreciation Right and such other terms and conditions as the Committee shall determine.

8.3 Exercise Price. The Exercise Price for each Stock Appreciation Right shall be determined by the Committee and shall be provided in each Award Agreement; provided, however, the Exercise Price for each Stock Appreciation Right may not be less than one hundred percent (100%) of the Fair Market Value of a Share on the Grant Date.

8.4 Expiration of Stock Appreciation Rights.

8.4.1 Expiration Dates. Each Stock Appreciation Right shall terminate upon the earliest to occur of the following events:

(a) The date(s) for termination of the Stock Appreciation Right set forth in the Award Agreement;

A -8

(b) The date determined under Section 8.7 regarding Termination of Service; or

(c) The expiration of ten (10) years from the Grant Date.

8.4.2 Committee Discretion. Subject to the limits of Section 8.4.1, the Committee shall provide in each Award Agreement when each Stock Appreciation Right expires and becomes unexercisable. The Committee may not, after a Stock Appreciation Right is granted, extend the maximum term of the Stock Appreciation Right.

8.5 Exercisability of Stock Appreciation Rights. Stock Appreciation Rights granted under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall determine. After a Stock Appreciation Right is granted, the Committee may accelerate or waive any restrictions constituting a substantial risk of forfeiture on the exercisability of the Stock Appreciation Right.

8.6 Payment of Stock Appreciation. Upon the exercise of a Stock Appreciation Right, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying:

(a) The difference between the Fair Market Value of a Share on the date of exercise over the Exercise Price; by

(b) The number of Shares with respect to which the Stock Appreciation Right is exercised.

Such payment shall be in Shares of equivalent value.

8.7 Termination of Service

8.7.1 Termination for Cause. Unless otherwise specifically provided in the Award Agreement, a Stock Appreciation Right may not be exercised after a Participant's Termination of Service by the Company or a Subsidiary for Cause.

8.7.2 Termination Due To Death, Disability, or Retirement. Unless otherwise specifically provided in the Award Agreement, a Stock Appreciation Right may not be exercised more than one (1) year after a Participant's Termination of Service due to death or more than three (3) years after a Participant's Termination of Service due to Disability or Retirement.

8.7.3 Other Voluntary Terminations. Unless otherwise specifically provided in the Award Agreement, a Stock Appreciation Right may not be exercised after a Participant's voluntary Termination of Service for any reason other than Retirement.

8.7.4 Termination For Other Reasons. Unless otherwise specifically provided in the Award Agreement, an Stock Appreciation Right may not be exercised more than ninety (90) days after a Participant's Termination of Service for any reason other than described in Section 8.7.1 through 8.7.3.

8.8 Restriction on Transfer. No Stock Appreciation Right may be transferred, gifted, bequeathed, pledged, assigned, or otherwise alienated or hypothecated, voluntarily or involuntarily, except that the Committee may permit a transfer, upon the Participant's death, to beneficiaries designated by the Participant as provided in Section 11.6.

8.9 Voting Rights. Participants holding Stock Appreciation Rights granted hereunder shall have no voting rights.

8.10 Repricing of Stock Appreciation Rights. Notwithstanding any provision of this Plan other than Section 5.3, the Company may not reprice, replace or regrant an outstanding Stock Appreciation Right either in connection with the cancellation of such Stock Appreciation Right or by amending an Award Agreement to lower the exercise price of such Stock Appreciation Right. This prohibition includes the inability to cancel a Stock Appreciation Right at a time when its exercise price is equal to or greater than the fair market value of the underlying Shares in exchange for cash, another Award or other consideration.

Subject to the terms of the Plan, Performance Units and/or Performance Shares may be granted to Participants in such amounts and upon such terms, and at any time and from time to time, as shall be determined by the Committee. The Committee shall have complete discretion in determining the number of Performance Units and Performance Shares granted to any Participant; provided, however, that during any Fiscal Year, (a) no Participant shall receive Performance Units having an initial value greater than \$2,500,000, and (b) no Participant shall receive more than 50,000 Performance Shares.

9.2 Value of Performance Units/Shares. Each Performance Unit shall have an initial value that is established by the Committee at the time of grant. Each Performance Share shall have an initial value equal to the Fair Market Value of a Share on the date of grant. The Committee shall set performance goals or Performance Measures in its discretion which, depending on the extent to which they are met, will determine the number and/or value of Performance Units/Shares that will be paid out to the Participant.

9.3 Performance Objectives and Other Terms<sup>8.3</sup>. Performance Objectives and Other Terms<sup>2</sup>. The Committee shall set performance objectives in its sole discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units or Performance Shares, or both, that will be paid out to the Participants. The time period during which the performance objectives must be met shall be called the “Performance Period”. Performance Periods of Awards granted to Section 16 Persons shall, in all cases, exceed six (6) months in length (or such shorter period as may be permissible while maintaining compliance with Rule 16b-3). Each Award of Performance Units or Performance Shares shall be evidenced by an Award Agreement that shall specify the Performance Period, and such other terms and conditions as the Committee, in its sole discretion, shall determine.

9.3.1 General Performance Objectives. The Committee may set performance objectives based upon (a) the achievement of Company-wide, divisional or individual goals, (b) applicable Federal or state securities laws, or (c) any other basis determined by the Committee in its discretion.

9.3.2 Section 162(m) Performance Objectives. For purposes of qualifying grants of Performance Units or Performance Shares as “performance-based compensation” under section 162(m) of the Code, the Committee, in its sole discretion, may determine that the performance objectives applicable to Performance Units or Performance Shares, as the case may be, shall be based on the achievement of Performance Goals. The Performance Goals shall be set by the Committee on or before the latest date permissible to enable the Performance Units or Performance Shares, as the case may be, to qualify as “performance-based compensation” under section 162(m) of the Code. In granting Performance Units or Performance Shares which are intended to qualify under section 162(m) of the Code, the Committee shall follow any procedures determined by it from time to time to be necessary or appropriate in its sole discretion to ensure qualification of the Performance Units or Performance Shares, as the case may be, under section 162(m) of the Code (e.g., in determining the Performance Goals).

9.4 Earning of Performance Units/Shares. Subject to the terms of this Plan, after the applicable Performance Period has ended, the holder of Performance Units/Shares shall be entitled to receive payout on the number and value of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance goals or Performance Measures have been achieved.

9.5 Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares shall be as determined by the Committee and as evidenced in the Award Agreement. Subject to the terms of the Plan the Committee, in its sole discretion, may pay earned Performance Units/Shares in the form of cash or in Shares (or in a

combination thereof) equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period. Any Shares may be granted subject to any restrictions deemed appropriate by the Committee. The determination of the Committee with respect to the form of payout of such Awards shall be set forth in the Award Agreement pertaining to the grant of the Award. Awards shall be paid no later than the last date permitted in order for the payment to be exempted from the definition of deferred compensation under section 409A of the Code.

9.6 Dividends and Other Distributions. At the discretion of the Committee, Participants holding Performance Units or Performance Shares may be entitled to receive dividend equivalents with respect to dividends declared with respect to the

9.7 Termination of Employment/Service Relationship. In the event of a Participant's Termination of Service, all Performance Units/Shares shall be forfeited by the Participant unless determined otherwise by the Committee, as set forth in the Participant's Award Agreement. Any such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Performance Units/Shares issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

9.8 Nontransferability. Except as otherwise provided in a Participant's Award Agreement, Performance Units/Shares may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.

SECTION 10

STOCK-BASED AWARDS

10.1 Stock-Based Awards. The Committee may grant other types of equity-based or equity-related Awards (including the grant or offer for sale of unrestricted Shares) not distributed pursuant to Sections 6, 7, 8 or 9 ("Stock-Based Awards") in such amounts and subject to such terms and conditions, as the Committee shall determine. The Committee shall have complete discretion in determining the amount of Stock-Based Awards granted to any Participant; provided, however, that during any Fiscal Year, no Participant shall receive Stock-Based Awards that are based on more than 50,000 Shares or on the initial value of 50,000 Shares.

10.2 Performance Objectives and Other Terms. The Committee may set performance objectives in its sole discretion which, depending on the extent to which they are met, will determine the number or value of Stock-Based Awards that will be paid out to the Participants. Any Performance Periods of Awards granted to Section 16 Persons shall, in all cases, exceed six (6) months in length (or such shorter period as may be permissible while maintaining compliance with Rule 16b-3). Each Award of Stock-Based Awards shall be evidenced by an Award Agreement that shall specify the Performance Period, and such other terms and conditions as the Committee, in its sole discretion, shall determine.

10.2.1 General Performance Objectives. The Committee may set performance objectives based upon (a) the achievement of Company-wide, divisional or individual goals, (b) applicable Federal or state securities laws, or (c) any other basis determined by the Committee in its discretion.

10.2.2 Section 162(m) Performance Objectives. For purposes of qualifying grants of Stock-Based Awards as "performance-based compensation" under section 162(m) of the Code, the Committee, in its sole discretion, may determine that the performance objectives applicable to Stock-Based Awards, as the case may be, shall be based on the achievement of Performance Goals. The Performance Goals shall be set by the Committee on or before the latest date permissible to enable the Stock-Based Awards to qualify as "performance-based compensation" under section 162(m) of the Code. In granting Stock-Based Awards which are intended to qualify under section 162(m) of the Code, the Committee shall follow any procedures determined by it from time to time to be necessary or appropriate in its sole discretion to ensure qualification of the Stock-Based Awards under section 162(m) of the Code (e.g., in determining the Performance Goals).

10.3 Earning of Stock-Based Awards. Subject to the terms of this Plan, the holder of Stock-Based Awards shall be entitled to receive payout on the number and value of Stock-Based Awards earned by the Participant, to be determined as a function of the extent to which the corresponding performance goals have been achieved.

10.4 Payment of Awards. Payment of earned Stock-Based Awards shall be as determined by the Committee and as evidenced in the Award Agreement. Subject to the terms of the Plan, the Committee, shall pay earned Stock-Based Awards in Shares. Such Shares may be granted subject to any restrictions deemed appropriate by the Committee. Awards shall be paid no later than the last date permitted in order for the payment to be exempted from the definition of deferred compensation under section 409A of the Code.

10.5 Termination of Employment/Service Relationship. In the event of a Participant's Termination of Service, all Stock-Based Awards to the extent not vested shall be forfeited by the Participant to the Company unless determined otherwise by the Committee, as set forth in the Participant's Award Agreement. Any such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Stock-Based Awards issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

10.6 Nontransferability. Except as otherwise provided in a Participant's Award Agreement, Stock-Based Awards may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.

SECTION 11

MISCELLANEOUS

11.1 Deferrals. To the extent consistent with the requirements of section 409A of the Code, the Committee may provide in an Award Agreement or another document that a Participant is permitted to defer receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant under an Award. Any such deferral election shall be subject to such rules and procedures as shall be determined by the Committee.

11.2 No Effect on Employment or Service. Nothing in the Plan shall interfere with or limit in any way the right of the Company or any Subsidiary to terminate any Participant's employment or service at any time, with or without Cause. Employment with the Company or any Subsidiary is on an at-will basis only, unless otherwise provided by an applicable employment or service agreement between the Participant and the Company or any Subsidiary, as the case may be.

11.3 Participation. No Participant shall have the right to be selected to receive an Award under the Plan, or, having been so selected, to be selected to receive a future Award.

11.4 Indemnification. Each person who is or shall have been a member of the Committee, or of the Committee, to the extent permitted under state law, shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability or expense (including attorneys' fees) that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or any Award Agreement, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's prior written approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit or proceeding against him or her; provided, however, that he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, by contract, as a matter of law or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

11.5 Successors. All obligations of the Company under the Plan, with respect to Awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation or otherwise, of all or substantially all of the business or assets of the Company.

11.6 Beneficiary Designations. If permitted by the Committee, a Participant under the Plan may name a beneficiary or beneficiaries to whom any vested but unpaid Award shall be paid, or who may exercise an Award if applicable, in the event of the Participant's death. Each such designation shall revoke all prior designations by the Participant and shall be effective only if given in a form and manner acceptable to the Committee. In the absence of any such designation, any vested benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate and, subject to the terms of the Plan and of the applicable Award Agreement, any unexercised vested Award may be exercised by the administrator, executor or the personal representative of the Participant's estate.

11.7 No Rights as Stockholder. Except to the limited extent provided in Sections 7.6 and 7.7, no Participant (nor any beneficiary thereof) shall have any of the rights or privileges of a stockholder of the Company with respect to any Shares issuable pursuant to an Award (or the exercise thereof), unless and until certificates representing such Shares shall have been issued, recorded on the records of the Company or its transfer agents or registrars, and delivered to the Participant (or his or her beneficiary).

11.8 Investment Representation. As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

## Table of contents

11.9 Uncertificated Shares. To the extent that the Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

11.10 Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, or Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

11.11 Delivery. Unless otherwise provided in an Award Agreement with respect to any Award that provides for delivery to the Participant, such as upon exercise or lapse of restrictions, the Company shall issue Shares or pay an amount due within a reasonable period of time after such exercise or lapse of restrictions, which shall mean a period of no less than thirty (30) days.

11.12 Section 162(m). To the extent the Committee issues any Award that is intended to be exempt from the deduction limit of section 162(m) of the Code, the Committee may, without shareholder or Participant approval (unless any such approval would otherwise be required by applicable law or stock exchange listing requirements), amend the Plan or amend or replace the applicable Award Agreement retroactively or prospectively to the extent it determines necessary to preserve the Company's federal income tax deduction for compensation paid pursuant to any such Award.

## SECTION 12

### AMENDMENT, TERMINATION, AND DURATION

12.1 Amendment, Suspension, or Termination. The Board, in its sole discretion, may amend or terminate the Plan, or any part thereof, at any time and for any reason; provided, however, that if and to the extent required by law or to maintain the Plan's compliance with the Code, the rules of any national securities exchange (if applicable), or any other applicable law, any such amendment shall be subject to stockholder approval; and further provided, that no amendment shall permit the repricing, replacing or regranting of an Option either in connection with the cancellation of such Option or by amending an Award Agreement to lower the exercise price of such Option. The amendment, suspension or termination of the Plan shall not, without the consent of the Participant, alter or impair any rights or obligations under any Award theretofore granted to such Participant. No Award may be granted during any period of suspension or after termination of the Plan.

12.2 Amendment of Awards. The Committee, at any time and from time to time, may amend any one or more Awards, provided that, except as otherwise set forth in this Plan (e.g., Section 11.12) no amendment of an Award that would impair rights of a Participant under the Award shall be effective unless (a) the Company requests the consent of the Participant, and (b) the Participant consents in writing.

12.3 Duration of the Plan. This amendment and restatement of the Plan shall become effective in accordance with Section 1.1 upon approval by the stockholders of the Company, and subject to Section 12.1 shall remain in effect until the tenth anniversary of such effective date.

## SECTION 13

### TAX WITHHOLDING

13.1 Withholding Requirements. Prior to the delivery of any Shares or cash pursuant to an Award (or the exercise thereof), the Company shall have the power and the right to deduct or withhold from any amounts due to the Participant from the Company, or require a Participant to remit to the Company, an amount sufficient to satisfy

Federal, state and local taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or the exercise thereof).

13.2 Withholding Arrangements. The Committee, pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such tax withholding obligation, in whole or in part, by (a) electing to have the Company withhold otherwise deliverable Shares, or (b) delivering to the Company Shares then owned by the Participant having a Fair Market Value equal to the amount required to be withheld. The amount of the withholding requirement shall be deemed to include any amount that the Committee agrees may be withheld at the time any such election is made, not to exceed the amount determined by using the maximum federal, state or local marginal income tax rates applicable to the Participant with respect to the Award on the date that the amount of tax to be withheld is to be determined. The Fair Market Value of the Shares to be withheld or delivered shall be determined as of the date that the taxes are required to be withheld.

SECTION 14

CHANGE IN CONTROL

14.1 Change in Control. Except with respect to Restricted Stock Unit Awards or any other Award that constitutes “deferred compensation” within the meaning of section 409A of the Code, an Award Agreement may provide or be amended by the Committee to provide that Awards granted under the Plan that are outstanding and not then exercisable or are subject to restrictions at the time of a Change in Control shall become immediately exercisable, and all restrictions shall be removed, as of such Change in Control, and shall remain as such for the remaining life of the Award as provided herein and within the provisions of the related Award Agreements or that Awards may terminate upon a Change in Control. For purposes of the Plan, a Change in Control means any of the following:

- (a) any Person is or becomes the “beneficial owner” (within the meaning of Rule 13d-3 promulgated under Section 13 of the Securities Exchange Act of 1934 (the “Exchange Act”)), directly or indirectly, of securities of the Company (not including in the securities beneficially owned by such Person any securities acquired directly from the Company or its affiliates other than in connection with the acquisition by the Company or its affiliates of a business) representing 20% or more of either the then outstanding shares of Common Stock of the Company or the combined voting power of the Company's then outstanding securities; or
- (b) the following individuals cease for any reason to constitute a majority of the number of directors then serving: individuals who, on January 28, 2005, constitute the Board and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including but not limited to a consent solicitation, relating to the election of directors of the Company) whose appointment or election by the Board or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors on January 28, 2005 or whose appointment, election or nomination for election was previously so approved; or
- (c) there is consummated a merger or consolidation of the Company (or any direct or indirect subsidiary of the Company) with any other corporation, other than (i) a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior to such merger or consolidation continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or any parent thereof), in combination with the ownership of any trustee or other fiduciary holding securities under an employee benefit plan of the Company, at least 80% of the combined voting power of the voting securities of the Company or such surviving entity or any parent thereof outstanding immediately after such merger or consolidation, or (ii) a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no Person is or becomes the beneficial owner, directly or indirectly, of securities of the Company (not including in the securities beneficially owned by such Person any securities acquired directly from the Company or its subsidiaries other than in connection with the acquisition by the Company or its subsidiaries of a business) representing 20% or more of either the then outstanding shares of Common Stock of the Company or the combined voting power of the Company's then outstanding securities; or
- (d) the stockholders of the Company approve a plan of complete liquidation or dissolution of the Company or there is consummated a sale or disposition by the Company of all or substantially all of the Company's assets, other than a sale or disposition by the Company of all or substantially all of the Company's assets to an entity, at least 80% of the combined voting power of the voting securities of which are owned by Persons in substantially the same proportions as their ownership of the Company immediately prior to such sale.

For purposes of the above definition of Change in Control, “Person” shall have the meaning set forth in Section 3(a)(9) of the Exchange Act, as modified and used in Sections 13(d) and 14(d) thereof, except that such term shall not include (i) the Company or any of its subsidiaries, (ii) a trustee or other fiduciary holding securities under an employee benefit plan of the Company or any of its subsidiaries, (iii) an underwriter temporarily holding securities pursuant to an offering of such securities, or (iv) a corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company.

14.2 Other Awards. An Award Agreement with respect to a Restricted Stock Unit Award or any other Award that constitutes “deferred compensation” within the meaning of section 409A of the Code may provide that the Award shall vest upon a “change in control” as defined in section 409A of the Code.
