NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

To be held May 12, 2009

The annual meeting of shareholders of SWIFT ENERGY COMPANY (the “Company” or “Swift Energy”) will be held at the Hilton Houston North, 12400 Greenspoint Drive, Houston, Texas, on Tuesday, May 12, 2009, at 4:00 p.m., Houston time, for the following purposes:

1. To elect three Class I directors identified in this proxy statement to serve until the 2012 annual meeting of shareholders, or until their successors are duly qualified and elected;
2. To amend the First Amended and Restated Swift Energy Company 2005 Stock Compensation Plan (the “2005 Plan”);
3. To ratify the selection of Ernst & Young LLP as Swift Energy’s independent auditor for the fiscal year ending December 31, 2009; and
4. To conduct such other business as may properly be presented at the annual meeting, or at any and all adjournments or postponements thereof.

A record of shareholders has been taken as of the close of business on March 20, 2009, and only shareholders of record on that date will be entitled to vote at the annual meeting, or any adjournment or postponement thereof. A complete list of shareholders will be available commencing May 1, 2009, and may be inspected during normal business hours prior to the annual meeting at the offices of the Company, 16825 Northchase Drive, Suite 400, Houston, Texas 77060. This list will also be available at the annual meeting.

By Order of the Board of Directors,

April 2, 2009

Bruce H. Vincent
President and Secretary

Your Vote Is Important!

Whether or not you plan to attend the annual meeting of shareholders, we urge you to vote and submit your proxy as promptly as possible to ensure the presence of a quorum for the annual meeting. For additional instructions on voting your shares, please refer to the proxy materials.

PROXY STATEMENT
for the

2009 ANNUAL MEETING OF SHAREHOLDERS

Solicitation

These proxy materials are being made available to Swift Energy Company's ("Swift Energy" or the "Company") shareholders beginning on or about April 2, 2009. The Board of Directors (the "Board") of Swift Energy is soliciting your proxy to vote your shares of Swift Energy common stock at the annual meeting of shareholders (the "Annual Meeting") to be held at the Hilton Houston North, 12400 Greenspoint Drive, Houston, Texas, on Tuesday, May 12, 2009, at 4:00 p.m., Houston time. The Board is soliciting proxies to give all shareholders the opportunity to vote on the matters that will be presented at the Annual Meeting. This proxy statement provides you with the information on these matters to assist you in voting your shares.

Availability of Proxy Materials

We are using the e-proxy rules of the U.S. Securities and Exchange Commission ("SEC"). Accordingly, we are making this proxy statement and related proxy materials available on the Internet with the SEC's rules that allow companies to furnish proxy materials to stockholders through a "notice and access" model using the Internet. The "Notice and Access Rule" removes the requirement for public companies to automatically send shareholders a full hard-copy set of proxy materials and allows them instead to deliver to their shareholders a Notice of Internet Availability of Proxy Materials ("Notice") and to provide online access to the documents. We mailed a Notice on or about April 2, 2009, to all shareholders of record on March 20, 2009, who are the shareholders entitled to vote at the Annual Meeting.

Voting Information

What is a proxy?

A proxy is your legal designation of another person or persons (the "proxy" or "proxies") to vote on your behalf. By voting your shares as instructed in the materials you received, you are giving the designated proxies appointed by the Board the authority to vote your shares in the manner you indicate on your proxy card.

Who are the proxies appointed by the Board of Directors for the Annual Meeting?

The proxies for the Company appointed by the Board at a meeting held on February 10, 2009, are the following representatives of Swift Energy:

Terry E. Swift	Chairman of the Board and Chief Executive Officer
Bruce H. Vincent	President, Secretary and Director
Alton D. Heckaman, Jr.	Executive Vice President and Chief Financial Officer

Who is qualified to vote?

You are qualified to receive notice of and to vote at the Annual Meeting if you own shares of Swift Energy common stock at the close of business on our record date of Friday, March 20, 2009.

How many shares of Swift Energy common stock are entitled to vote at the Annual Meeting?

As of March 20, 2009, there were 31,160,232 shares of Swift Energy common stock issued, outstanding and entitled to vote at the Annual Meeting. Each share of Swift Energy common stock is entitled to one vote on each matter presented.

What is the difference between a holding shares as a shareholder of record and as a beneficial owner?

Most of our shareholders hold their shares through a broker, trustee or other nominee rather than having the shares registered directly in their own name. There are some distinctions between shares held of record and those owned beneficially that are summarized below.

Shareholder of Record – If your shares are registered directly in your name with our transfer agent, you are the shareholder of record of the shares. As the shareholder of record, you have the right to grant a proxy to vote your shares to the Company or another person, or to vote your shares in person at the Annual Meeting.

Beneficial Owner – If your shares are held through a broker, trustee or other nominee, it is likely that they are registered in the name of the nominee and you are the beneficial owner of shares held in “street name.” As the beneficial owner of shares held for your account, you have the right to direct the registered holder to vote your shares as you instruct, and you also are invited to attend the Annual Meeting. Your broker, trustee or other nominee has provided a voting instruction card for you to use in directing how your shares are to be voted. However, since a beneficial owner is not the shareholder of record, you may not vote your shares in person at the meeting unless you obtain a legal proxy from the registered holder of the shares giving you the right to do so.

If I am a shareholder of record, how do I vote?

You may vote using any of the following methods:

Via the Internet – You may vote by proxy via the Internet by following the instructions provided in either the Notice or proxy card.

By Telephone – You may vote by proxy by calling the number found on either the Notice or proxy card.

By Mail – If you request printed copies of the proxy materials by mail, you may vote by proxy by completing the proxy card and returning it in the envelope provided.

In Person – If you are a shareholder of record, you may vote in person at the Annual Meeting. We will give you a ballot during the meeting.

If I am a beneficial owner of shares held in street name, how do I vote?

You may vote using any of the following methods:

Via the Internet – You may vote by proxy via the Internet by following the instructions provided in either the Notice or voting instruction form provided by your broker, trustee or other nominee.

By Telephone – You may vote by proxy by calling the number found on either the Notice or voting instruction form provided by your broker, trustee or other nominee.

By Mail – If you request printed copies of the proxy materials by mail, you may vote by proxy by completing the voting instruction form provided by your broker, trustee or other nominee and returning it in the envelope provided.

In Person – If you are a beneficial owner of shares held in street name and you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the organization that holds your shares.

Can I receive more than one Notice?

Yes. If you received multiple Notices, you may hold your shares in different ways (e.g., joint tenancy, trusts or custodial accounts) or in multiple accounts. You should vote on each Notice you receive.

What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

- Proposal FOR the election of all three nominees for Class I directors identified in this proxy statement, with
1 — terms to expire at the 2012 Annual Meeting of Shareholders;
- Proposal FOR the amendment of the First Amended and Restated Swift Energy Company 2005 Stock
2 — Compensation Plan; and
- Proposal FOR the ratification of the selection of Ernst & Young LLP as Swift Energy's independent auditor
3 — for the fiscal year ending December 31, 2009.

What are my choices when voting?

Proposal 1 — You may cast your vote in favor of electing the nominees as directors or withhold your vote on one or more nominees.

Proposals 2 and 3 — You may cast your vote “for” or “against” or you may abstain with respect to each proposal.

How will my shares be voted if I do not specify how they should be voted?

If you vote by proxy, the individuals named on the proxy card (your “proxies”) will vote your shares in the manner you indicate. If you sign and return the proxy card without indicating your instructions, your shares will be voted as follows:

- Proposal FOR the election of all three nominees for Class I directors identified in this proxy statement, with
1 — terms to expire at the 2012 Annual Meeting of Shareholders;
- Proposal FOR the amendment of the First Amended and Restated Swift Energy Company 2005 Stock
2 — Compensation Plan; and
- Proposal FOR the ratification of the selection of Ernst & Young LLP as Swift Energy’s independent auditor
3 — for the fiscal year ending December 31, 2009.

How are votes withheld, abstentions and broker non-votes treated?

Votes withheld and abstentions are deemed as “present” at the Annual Meeting and are counted for quorum purposes. For Proposal 1, the election of directors, votes withheld will have the same effect as not voting, and for other proposals, abstentions will have the same effect as a vote against the matter. Broker nonvotes, if any, while counted for general quorum purposes, are not deemed to be “present” with respect to any matter for which a broker does not have authority to vote and also have the same effect as not voting.

Can I change my vote after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. You may vote again on a later date via the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the Annual Meeting will be counted), by signing and returning a new proxy card or voting instruction form with a later date, or by attending the Annual Meeting and voting by ballot at the Annual Meeting.

What vote is required to approve each proposal?

For Proposal 1, the election of directors, a plurality of the votes cast by the holders of shares entitled to vote in the election of directors is required to elect each nominee for director. Each other proposal requires the affirmative vote of the holders of a majority of the shares entitled to vote on, and that voted for or against or expressly abstained with respect to, each proposal.

Who pays the cost of this proxy solicitation?

The cost of preparing, printing and mailing the proxy materials and soliciting proxies is paid by Swift Energy. The Company will also request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of Swift Energy common stock as of the record date and will reimburse these entities for the costs of forwarding the proxy materials in accordance with customary practice. Your cooperation in promptly voting your shares will help to avoid additional expense.

Is this proxy statement the only way the proxies are being solicited?

In addition to this solicitation by the Board, employees of Swift Energy may solicit proxies in person or by mail, delivery service, telephone or facsimile, without additional compensation. The Company has also retained Georgeson Shareholder Communications Inc. to act as a proxy solicitor in conjunction with the Annual Meeting. The Company has agreed to pay this firm \$9,000, plus reasonable out of pocket expenses, for standard proxy solicitation services.

PROPOSAL 1 — ELECTION OF DIRECTORS

Swift Energy has three classes of directors. Every year, each director of one class is elected to serve a three-year term or until his or her successor has been duly elected and qualified. Messrs. Clyde W. Smith, Jr., Terry E. Swift and Charles J. Swindells, incumbent Class I directors, have been nominated by the Board to stand for reelection as Class I directors. Directors are elected by the affirmative vote of a plurality of the shares cast by the holders of shares entitled to vote in the election of directors at a meeting of the shareholders at which a quorum is present.

The current composition of the Board is:

Class I Directors:	Clyde W. Smith, Jr.
(standing for reelection at this Annual Meeting for term to expire at 2012 annual meeting)	Terry E. Swift Charles J. Swindells
Class II Directors:	Raymond E. Galvin
(term to expire at 2010 annual meeting)	Greg Matiuk Henry C. Montgomery
Class III Directors:	Deanna L. Cannon
(term to expire at 2011 annual meeting)	Douglas J. Lanier Bruce H. Vincent

Class I Director Nominees

Clyde W. Smith, Jr., 60, has served as a director of Swift Energy since 1984. Since January 2002, Mr. Smith has served as President of Ascentron, Inc., an electronics manufacturing services company. From May 1998 until January 2002, Mr. Smith served as General Manager of D.W. Manufacturing, Inc. d/b/a Millennium Technology Services, an electronics manufacturer which was acquired by Ascentron, Inc. in January 2002. Mr. Smith is a Certified Public Accountant and holds the degree of Bachelor of Business Administration in Management.

Terry E. Swift, 53, has served as the Chief Executive Officer of Swift Energy since May 2001, as Chairman of the Board since June 1, 2006, and as a director of the Company since May 2000. He was President of the Company from November 1997 to November 2004, Chief Operating Officer from 1991 to February 2000, and Executive Vice President from 1991 to 1997. Mr. Swift served in other positions of progressive responsibility since joining the Company in 1981. He holds the degrees of Bachelor of Science in Chemical Engineering and Master of Business Administration. He is the son of the late A. Earl Swift, founder of Swift Energy, and the nephew of Virgil N. Swift, Director Emeritus.

Charles J. Swindells, 66, has served as a director of Swift Energy since February 2006. He is also a director of The Greenbrier Companies, Inc., an international supplier of transportation equipment and services to the railroad industry. From 2001 to 2005, he served as United States Ambassador to New Zealand and Samoa. More recently, he served as Vice Chairman, Western Region of U.S. Trust, Bank of America Private Wealth Management until his retirement in January 2009. Prior to becoming Ambassador, he was Vice Chairman of U.S. Trust Company, N.A. from 1993 until 2001. Ambassador Swindells also served as Chairman of the Board of a non-profit board of trustees for Lewis & Clark College in Portland, Oregon from 1998 until 2001. He holds the degree of Bachelor of Science in Political Science.

The Board of Directors unanimously recommends that shareholders vote “FOR” all of the director nominees to serve as directors in the Class for which they are nominated.

The persons named as proxies in these proxy materials, unless authority is withheld by a shareholder on a proxy card, intend to vote "FOR" the election of all of the nominees named in this proxy statement standing for reelection as Class I directors. If any nominee should become unavailable or unable to serve as a director, the persons named as proxies may vote for a substitute selected by them, or the size of the Board may be reduced accordingly; however, the Board is not aware of any circumstances likely to render any nominee unavailable.

BOARD OF DIRECTORS

Class I Directors

The biographies for the Class I directors are set forth above under “Proposal 1—Election of Directors.”

Class II Directors

Raymond E. Galvin, 77, has served as Vice Chairman of the Board since June 1, 2006, and as a director of Swift Energy since August 2003. From 1992 until he retired in February 1997, Mr. Galvin was President of Chevron USA Production Company. He also served as a director of Chevron Corporation from 1995 to 1997 and as a Vice President of Chevron Corporation from 1988 to 1997. Mr. Galvin has also served as chairman of the Natural Gas Council and the Natural Gas Supply Association. Mr. Galvin holds the degree of Bachelor of Science in Petroleum Engineering.

Greg Matiuk, 63, has served as a director of Swift Energy since September of 2003. After 36 years of service, Mr. Matiuk retired from ChevronTexaco Corporation in May 2003, having last served as Executive Vice President, Administrative and Corporate Services, a position he had held since 2001. From 1998 until 2001, he was Vice President, Human Resources and Quality and, from 1996 to 1998, he served as Vice President of Strategic Planning and Quality. Mr. Matiuk began his career at Chevron Corporation in 1967 as a production and reservoir engineer. He holds the degree of Bachelor of Science in Geological Engineering and an Executive Master of Business Administration.

Henry C. Montgomery, 73, has served as a director of Swift Energy since 1987. After 22 years of service, Mr. Montgomery resigned during October 2008 from the Board of Directors of Montgomery Professional Services Corporation, a financial management and accounting outsourcing firm that he founded. Since 2006, he has been Chairman and Chief Executive Officer of Montgomery Pacific Outsourcing LLC, a financial management and accounting outsourcing firm with subsidiary operations in the Philippines. Mr. Montgomery served as Chairman of the Board of Catalyst Semiconductor, Inc., which designed, developed and marketed programmable integrated circuit products, until his resignation when Catalyst merged into On Semiconductor on October 9, 2008. Mr. Montgomery currently serves as Chairman of the Board of ASAT Holdings, Ltd., which packages and tests semiconductor devices. Mr. Montgomery is a member of the board of directors of the Honolulu Symphony Orchestra Society and sits on the advisory board for the Miami University Center for Corporate Governance and Ethics (Oxford, Ohio). Mr. Montgomery holds the degree of Bachelor of Arts in Economics.

Class III Directors

Deanna L. Cannon, 48, has served as a director of Swift Energy since May 2004. Ms. Cannon is a shareholder and director of Corporate Finance Associates of Northern Michigan, an investment banking firm, and a director of Corporate Finance Associates Worldwide. She holds her securities license under Corporate Finance Securities. She is also President of Cannon & Company CPA's PLC, a privately held consulting firm. She served Miller Exploration Company as Chief Financial Officer and Secretary from November 2001 to December 2003, as Vice President—Finance and Secretary from June 1999 to November 2001 and as a director of one of its wholly owned subsidiaries from May 2001 to December 2003. Miller Exploration Company was a publicly held independent oil and gas exploration and production company that was acquired by Edge Petroleum Corporation in December 2003. Previously, Ms. Cannon was employed in public accounting for 16 years. Ms. Cannon holds a Bachelor of Science degree in Accounting and is a Certified Public Accountant.

Douglas J. Lanier, 59, has served as a director of Swift Energy since May 2005. Mr. Lanier retired in 2004 as Vice President of ChevronTexaco Exploration & Production Company, Gulf of Mexico Business Unit. He began his career

with Gulf Oil Company in 1972 and served in various positions until 1989, when he was appointed Assistant General Manager–Production for Chevron USA Central Region in Houston. He served in subsequent appointments until he joined Chevron Petroleum Technology Company as President in 1997. In October 2000, he was appointed Vice President of the Gulf of Mexico Shelf Strategic Business Unit. Mr. Lanier holds the degree of Bachelor of Science in Petroleum Engineering. He is a member of the Society of Petroleum Engineers and is a registered Professional

Engineer in Texas (inactive). Mr. Lanier was inducted into the University of Tulsa College of Engineering Hall of Fame in 2003.

Bruce H. Vincent, 61, was elected as a director of Swift Energy in May 2005 and was appointed President of the Company in November 2004. He also was appointed Secretary in February 2008 and previously served as Secretary from August 2000 until May 2005. Mr. Vincent previously served as President of Swift Energy International, Inc. from February 2004 to May 2005, as Executive Vice President—Corporate Development from August 2000 to November 2004, and as Senior Vice President—Funds Management since joining the Company in 1990. Mr. Vincent holds the degrees of Bachelor of Arts and Master of Business Administration.

Affirmative Determinations Regarding Independent Directors and Financial Experts

The Board has determined that each of the following directors is an “independent director” as such term is defined in Section 303A of the Listed Company Manual of the New York Stock Exchange, Inc. (“NYSE”): Deanna L. Cannon, Raymond E. Galvin, Douglas J. Lanier, Greg Matiuk, Henry C. Montgomery, Clyde W. Smith, Jr., and Charles J. Swindells. These independent directors represent a majority of the Company’s Board of Directors. Messrs. Swift and Vincent are not independent directors because they serve as officers of the Company. Mr. Swift serves as Chief Executive Officer, and Mr. Vincent serves as President and Secretary.

The Board has also determined that each member of the Audit, Compensation and Corporate Governance Committees of the Board meets the independence requirements applicable to those committees prescribed by the NYSE and the SEC. Further, the Board has determined that Henry C. Montgomery, Chairman of the Audit Committee, and Clyde W. Smith, Jr. and Deanna L. Cannon, members of the Audit Committee, are each an “audit committee financial expert,” as such term is defined in Item 407(d) of Regulation S-K promulgated by the SEC.

The Board reviewed the applicable standards for Board member and Board committee independence and the criteria applied to determine “audit committee financial expert” status, as well as the answers to annual questionnaires completed by each of the independent directors. On the basis of this review, the Board made its independence and “audit committee financial expert” determinations.

Meetings of Independent Directors

At each executive session of the independent directors, the Lead Director presides. Mr. Galvin was elected as Lead Director by the independent directors in May 2006. For purposes of Rule 303A.03 of the NYSE Listed Company Manual, the term “independent directors” is equivalent to “non-management directors.”

Meetings and Committees of the Board

The Board has established the following standing committees: Audit, Compensation, Corporate Governance and Executive Committees. Descriptions of the membership and functions of these committees are set forth below. The following chart identifies the committees upon which each member of the Board serves, the chairmen of the committees, and the number of meetings and actions by consent by the Board and the committees during 2008:

	Board of Directors	Audit	Compensation	Corporate Governance	Executive
Number of meetings held in 2008	8	7	4	4	4
Number of actions by consent in 2008	2	0	0	0	0

During 2008, each director attended at least 75% of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings of all committees of the Board on which he or she served.

7

Audit Committee. The Audit Committee assists the Board in fulfilling its responsibilities with respect to oversight in monitoring (i) the integrity of the financial statements of the Company; (ii) Swift Energy's compliance with legal and regulatory requirements; (iii) the independent auditor's selection, qualifications and independence; and (iv) the performance of Swift Energy's internal audit function and independent auditor. The committee is required to be comprised of three or more non-employee directors, each of whom is determined by the Board to be "independent" under the rules promulgated by the SEC under the Securities Exchange Act of 1934 (the "Exchange Act") and meets the financial literacy and experience requirements under the rules or listing standards established by the NYSE, all as may be amended from time to time. In addition, at least one member of the committee must satisfy the definition of "audit committee financial expert" as such term may be defined from time to time under the rules promulgated by the SEC. The Board has determined that Messrs. Montgomery and Smith and Ms. Cannon qualify as audit committee financial experts and that each member of the Audit Committee is independent as defined in the NYSE Listed Company Manual and the rules of the SEC. A report of the Audit Committee appears later in this proxy statement. Messrs. Montgomery (Chairman) and Smith and Ms. Cannon are members of the Audit Committee.

Compensation Committee. The Compensation Committee discharges the responsibilities of the Board relating to compensation of the Company's executive officers. This includes evaluating the compensation of the executive officers of the Company and its affiliates and their performance relative to their compensation to assure that such executive officers are compensated effectively in a manner consistent with the strategy of Swift Energy, competitive practices, and the requirements of the appropriate regulatory bodies. In addition, this committee evaluates and makes recommendations to the Board regarding the compensation of the directors. The Compensation Committee also evaluates and approves any amendment, subject to shareholder approval, to the Company's existing equity-related plans and approves the adoption of any new equity-related plans, subject to shareholder and Board approval. The Compensation Committee is required to be comprised of at least three directors who are non-employee directors and determined by the Board to be independent under SEC rules and NYSE's listing standards. The Board has determined that all members are independent as defined by the NYSE listing standards or rules of the SEC and NYSE. The report of the Compensation Committee is included below. Messrs. Smith (Chairman), Lanier, Matiuk, Montgomery and Swindells are members of the Compensation Committee.

Corporate Governance Committee. The Corporate Governance Committee identifies individuals qualified to become directors and nominates candidates for directorships and also recommends to the Board the membership for each of the Board's committees. This committee may consider nominees recommended by shareholders upon written request by a shareholder in accordance with the procedures for submitting shareholder proposals. The Corporate Governance Committee also develops, monitors and recommends to the Board corporate governance principles and practices applicable to Swift Energy. The committee also assists management of the Company in identifying, screening and recommending to the Board individuals qualified to become executive officers of the Company. In addition, this committee administers the Company's conflicts of interest policy. The Corporate Governance Committee is required to be comprised of at least three directors who are non-employee directors and determined by the Board to be independent under the NYSE listing standards and the rules of the SEC. Messrs. Matiuk (Chairman), Galvin and Swindells and Ms. Cannon are members of the Corporate Governance Committee and, as determined by the Board, all are independent as defined in the NYSE listing standards and rules of the SEC.

Executive Committee. The Executive Committee is authorized to act for the Board at times when it is not convenient for the full Board to act as an assembled board, except where full Board action is required by applicable law. Any action taken by the Executive Committee is required to be reported at the next full Board meeting. Messrs. Swift (Chairman), Galvin and Lanier are members of the Executive Committee.

Compensation of Directors

In accordance with its charter, the Compensation Committee periodically evaluates the compensation of non-employee directors, including for service on Board committees. The Compensation Committee recommends annual retainer and meeting fees for non-employee directors and for service on Board committees, sets the terms and awards of any stock-based compensation and submits these recommendations to the Board of Directors for approval subject to shareholder approval, if required. Directors who are also employees of the Company receive no additional compensation for service as directors. The following table shows compensation for non-employee directors for 2008:

Annual Board Retainer	\$ 35,000
Meeting Fee	\$ 2,500(1)
Annual Committee Retainer	\$ 5,000(2)
Committee Premiums:	
Audit Committee Chair	\$ 15,000(3)
Compensation Committee Chair	\$ 10,000(4)
Corporate Governance Committee Chair	\$ 8,000(4)
Executive Committee Member	\$ 8,000
Lead Director Premium	\$ 8,000
Annual Restricted Stock Grant Value	\$ 120,000(5)

- (1) Annual meeting fee paid per meeting for a minimum of five meetings.
- (2) Annual fee for serving on one or more committees.
- (3) Annual fee for a minimum of four meetings.
- (4) Annual fee for a minimum of two meetings.
- (5) Number of restricted shares to be determined, based on the closing stock price on the day after the annual meeting. Restrictions on restricted shares lapse as to one-third of such shares each year beginning on the first anniversary of the grant date, and subject to a one-year service restriction, restrictions on all shares lapse when a director ceases to be a member of the Board.

The following table sets forth certain summary information regarding compensation paid or accrued by the Company to or on behalf of the Company's non-employee directors for the fiscal year ended December 31, 2008:

Name	Fees Earned or Paid in Cash	Stock Awards (\$)(1)	Option Awards (\$)(1)	Non-Equity Incentive Plan Compen-sation (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$)	All Other Compen-sation (\$)(2)	Total (\$)

Charles J. Swindells	\$ 52,500	\$ 117,833	\$ ---	\$	—\$	—\$	—\$	170,333

- (1) The amounts in columns (c) and (d) reflect the dollar amount recognized for financial statement purposes for the fiscal year ended December 31, 2008, in accordance with Statement of Financial Accounting Standards (SFAS) No. 123(R) of awards pursuant to the Company's stock compensation plans, and thus include amounts from awards granted in and prior to 2008. Assumptions used in the calculation of these amounts are included in footnote 6 to the Company's audited financial statements for the fiscal year ended December 31, 2008, included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008.
- (2) No perquisites are included in this column as to any director, as in the aggregate perquisites for any director during 2008 did not exceed \$10,000.

Payments to Former Directors

The Board of Directors maintains a policy that the Board reviews from time to time relating to post-retirement director compensatory agreements. The policy provides for agreements or arrangements with former directors, including consulting services, in instances in which a majority of the independent directors of the Board agree that an individual former director has specific expertise that the Board and management agree is of material benefit to the Company. Any agreements with former directors currently in effect or about to expire will be reviewed in accordance with this policy.

Mr. Virgil Swift served as a director from 1981 until the annual meeting of shareholders on May 10, 2005, at which time he was given the honorary title of Director Emeritus. As this is an honorary distinction, no compensation is paid to Mr. V. Swift as Director Emeritus. The full Board concluded that the service of Mr. V. Swift, due to his extensive experience with Swift Energy and the oil and gas industry, was an invaluable asset to the Company, and thus a consulting agreement was entered into with this former director. As such, Mr. V. Swift regularly attends Board and Committee meetings. Mr. V. Swift received compensation during 2008 pursuant to a consulting agreement which has been in effect since July 2000 and was renewed on similar terms effective July 1, 2006. On February 25, 2009, Mr. V. Swift's consulting agreement was further amended to reduce his current monthly payment to approximately \$4,800 per month commencing in May 2009 (a 10% reduction). Pursuant to such agreement and amendments, Mr. V. Swift provides advisory services to key employees, officers and directors, and as otherwise requested by the Chairman of the Board and Chief Executive Officer, or by the President. The monthly payment will increase by four percent (4%) per year as a result of an annual inflation provision. The consulting agreement is terminable by either party without cause upon two weeks' written notice. Upon a change of control during the term of the consulting agreement, all outstanding stock options held by Mr. V. Swift will become 100% vested.

Board Succession Plan

In line with our Principles of Corporate Governance, the Board formally considered, addressed and approved a Board succession plan during 2004, as recommended to the Board by the Corporate Governance Committee. In accordance with the Board succession plan, Mr. Galvin would have been scheduled for such consideration at the 2006 annual meeting. The Corporate Governance Committee recommended, and the Board approved, the nomination of Mr. Galvin to stand for election, and Mr. Galvin was reelected as a Class II director with a term to expire at the 2007 Annual Meeting. Mr. Galvin was again scheduled for such consideration at the 2007 Annual Meeting. The Corporate Governance Committee considered Mr. Galvin's industry experience and wide-ranging management background and determined that, especially with the passing of A. Earl Swift in May 2006, the Board and the Company would benefit from Mr. Galvin's depth of experience and his continuing to serve as Lead Director, Vice Chairman and a member of the Executive Committee. The Corporate Governance Committee recommended, and the Board approved, with Mr. Galvin's abstention, that Mr. Galvin be nominated to stand for reelection for a full three-year term as a Class II director, and Mr. Galvin was reelected at the 2007 Annual Meeting as a Class II director, with a term to expire at the 2010 Annual Meeting.

Nominations for Directors

Identifying Candidates

The Corporate Governance Committee, in consultation with the Chairman of the Board, is responsible for identifying and screening potential director candidates and recommending qualified candidates to the Board for nomination. It is the Committee's policy to consider recommendations of potential candidates from current directors and shareholders. Shareholders' nominations for directors must be made in writing and include the name, age, business and residence address of the recommended nominee, the class and number of shares, if any, of Swift Energy stock

which are beneficially owned by the recommended nominee, and any other information required to be disclosed in the Company's proxy statement by rules promulgated by the SEC. Additionally, the recommendation must include the name and address of the shareholder, the number of shares of the Company's stock

that the shareholder beneficially owns, and the period for which the shareholder has held such shares. Nominations must be addressed as follows and received no later than March 15, 2010, and no earlier than February 11, 2010, in order to be considered for the next annual election of directors:

Qualifications

The Corporate Governance Committee has not established a specific minimum or maximum age, education, years of business experience or specific types of skills for potential director candidates, but, in general, consideration is given to each candidate's reputation, mature judgment, career specialization, relevant technical skills, diversity and the extent to which the candidate would fill a present need on the Board.

The Company's Principles for Corporate Governance require that each director:

- understand Swift Energy's business and the marketplaces in which it operates;
- regularly attend meetings of the Board and of the Board committee(s) on which he or she serves;
- review the materials provided in advance of meetings and any other materials provided to the Board from time to time;
- monitor and keep abreast of general economic, business and management news and trends, as well as developments in Swift Energy's competitive environment and Swift Energy's performance with respect to that environment;
- actively, objectively and constructively participate in meetings and the strategic decision-making processes;
- share his or her perspective, background, experience, knowledge and insights as they relate to the matters before the Board and its committees;
- be reasonably available when requested to advise the CEO and management on specific issues not requiring the attention of the full Board but where an individual director's insights might be helpful to the CEO or management;
- and
-

be familiar and comply in all respects with the Code of Ethics and Business Conduct of the Company, as adopted and as may be amended from time to time.

Nomination of Candidates

In determining whether to nominate a candidate, either from an internally generated or shareholder recommendation, the Corporate Governance Committee will consider the current composition and capabilities of serving board members, as well as additional capabilities considered necessary or desirable in light of existing and future Company needs. The Corporate Governance Committee also exercises its independent business judgment and discretion in evaluating the suitability of any recommended candidate for nomination.

Compensation Committee Interlocks and Insider Participation

During 2008, the Compensation Committee of the Board consisted of Messrs. Smith, Lanier, Matiuk, Montgomery and Swindells, all of whom are independent directors. To the Company's knowledge, there are no compensation committee interlocks involving members of the Compensation Committee or other directors of the Company.

Corporate Governance

Part of the Company's historical and ongoing corporate governance practices is the Company's policy that requires officers, directors, employees and certain consultants of the Company to submit annual disclosure statements regarding their compliance with the Company's conflict of interest policy. A management representation letter is provided to the Corporate Governance Committee of the Board

regarding the results of the annual disclosure statements and management's assessment of any potential or actual conflicts of interest. Based on this assessment and further discussion with management, the Corporate Governance Committee then directs management on what additional action, if any, the Committee determines is necessary to be undertaken with regard to any potential or actual conflict of interest or related party transaction.

The Company also requires that officers, directors, employees and certain consultants of the Company provide an annual reaffirmation of the Company's Code of Ethics and Business Conduct. A copy of the Code of Ethics and Business Conduct is redistributed in connection with this requirement, and each such person is asked to reaffirm and reacknowledge that they have reviewed and refreshed their knowledge of the provisions of the Code of Ethics and Business Conduct and will comply with such Code. They also reaffirm their understanding that their continued service to the Company is dependent upon compliance with the Company's Code of Ethics and Business Conduct. In addition, all officers, directors, employees and consultants are required to annually recertify their understanding of, and adherence to, the Company's Insider Trading Policy. A copy of the Insider Trading Policy is also redistributed in connection with this requirement.

Each of the Audit, Compensation and Corporate Governance Committees has a charter. Each such charter is reviewed annually by the applicable committee, and all of the charters are reviewed by the Corporate Governance Committee. The committee charters, the Board-adopted Principles of Corporate Governance for the Company and the Code of Ethics and Business Conduct are applicable to all employees, directors and consultants and are posted on the Company's website at www.swiftenergy.com. The committee charters, Principles of Corporate Governance and Code of Ethics and Business Conduct are also available in print, without charge, to any shareholder who requests a copy. Requests should be directed to the Company's Investor Relations Department at 16825 Northchase Drive, Suite 400, Houston, Texas 77060; by telephone at (281) 874-2700 or (800) 777-2412; or by email to info@swiftenergy.com.

In addition, the Code of Ethics for Senior Financial Officers and Principal Executive Officer, as adopted by the Board, is posted on Swift Energy's website, where the Company also intends to post any waivers from or amendments to this Code of Ethics.

Related Party Transactions

We receive research, technical writing, publishing, and website-related services from Tec-Com Inc., a corporation located in Knoxville, Tennessee, and controlled and majority owned by the aunt of the Company's Chairman of the Board and Chief Executive Officer. We paid approximately \$0.7 million to Tec-Com for such services pursuant to the terms of the contract between the parties in 2008, \$0.6 million in 2007 and \$0.5 million in 2006. The contract was renewed June 30, 2007, on substantially the same terms as the previous contract and expires June 30, 2010. We believe that the terms of this contract are consistent with unrelated third party arrangements for similar services.

The Company has not adopted a formal related party transaction policy. As a matter of corporate governance policy and practice, related party transactions are presented and considered by the Corporate Governance Committee of the Company's Board of Directors. See discussion set forth above under "Board of Directors—Corporate Governance."

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

Swift Energy Company is committed to being a premier oil and gas company and top-tier performer by creating value through sustainable, efficient growth in reserves and production and by contributing to the country's energy security. Our executive compensation program is based on a pay-for-performance philosophy and is designed to align the interests of our employees with those of our stockholders and to support the long-term business objectives and corporate values that steer success. The oil and gas industry has experienced robust conditions in recent years. Despite the recent downturn in commodity prices, the competition for geoscientists, petroleum engineers and other talented employees has remained strong. We believe that it is imperative that we maintain highly competitive compensation programs to attract and retain quality personnel.

During 2008, to assist in accomplishing the objectives of our compensation program, the Compensation Committee of the Board of Directors (within this section, the "Compensation Committee" or "Committee") engaged Towers Perrin, a global professional services firm, to serve as its independent compensation consultant, and report directly to the Committee. The independent compensation consultant provides the Committee with comparative data on executive compensation and expert advice on the design and implementation of the Company's annual and long-term compensation programs.

In the Company's annual compensation evaluation in February 2009, our Compensation Committee, in consultation with its independent compensation consultant, followed the recommendation of executive management to freeze base salaries for all eleven officers, provide limited 2008 cash bonuses to seven of the officers and provide no 2008 cash bonuses to our top four executive officers (our CEO, President, and CFO and COO). This recommendation by executive management and action by the Committee was based upon the Company's 2008 performance, the ongoing global financial crisis and recession, and the limited "reduction in force" in early 2009. In addition, the Committee considered the cyclical nature of the oil and gas business and determined that freezing salaries and providing limited or no cash bonuses to Officers was warranted based on the recent significant downturn in commodity prices, which ultimately affects the pool of funds used for these compensation components. At the same time, the Committee determined to provide long-term equity incentive awards to all eleven officers that would reward appreciation in our common stock and shareholder return, and that the equity awards would become most valuable if our stock price increased, which ultimately is a result of executing Swift Energy's long-term objectives and strategies.

Leadership Structure

- SEC regulations require disclosure regarding the compensation of Named Executive Officers. For this proxy statement, the Chief Executive Officer, President, Executive Vice President and Chief Financial Officer, Executive Vice President and Chief Operating Officer, and Senior Vice President—Commercial Transactions and Land comprise the Named Executive Officers.
- At the time of filing this proxy statement, we have eleven officers including the Named Executive Officers, and these eleven individuals are referred to as "Officers" herein.
 - Our compensation program described below is the same for all Officers.
- Although our Officers are responsible for specific business functions, together they share responsibility for the performance of the Company.

Compensation for a Career at Swift Energy

- It is our objective to attract and retain for a career the best talent available.

- It takes a long period of time and a significant investment to develop the experienced executive talent necessary to succeed in the oil and gas business; senior executives must have experience with all phases of the business cycle to be effective leaders.

- We have an experienced executive team that has served Swift Energy for many of the Company's 29 years.

§ Our CEO has 28 years of service with the Company, our President, 19 years, and our CFO has 27 years; the average service for our executive officers (referenced on page) is 21 years.

Overview of the 2008 Compensation Program

- At the beginning of 2008 and in preparation for the February Compensation Committee and Board meetings, the executive management team (primarily the CEO, President, and CFO) prepared a recommended compensation program for 2008 for all Officers based on current and long-term business objectives, benchmarking and peer data, and internal tally sheets (see "Use of Analytical Tools and Peer Data").

§ The recommendation set out the Company metrics and individual performance goals for the principal components of compensation that would be used to gauge 2008 performance.

- At the February 2008 Committee meeting, the CEO, with the President and CFO present, presented the recommendation to the Committee for all Officers in light of current and long-term business strategies.

§ The CEO did not participate in the Committee's discussion of the compensation program as it relates to the CEO.

- The Committee, having the ultimate responsibility of reviewing and recommending the compensation program to the Board of Directors, deliberated amongst themselves to discuss the recommendation in detail as to all Officers.

§ The Committee also reviewed all market and internal data used in preparing the recommendation.

- After deliberation and discussion, the Committee made changes it deemed appropriate and then it recommended the compensation program for 2008 to the Board of Directors for approval.

- During third quarter 2008, the Committee engaged an independent compensation consultant to prepare a comprehensive study on officer compensation, including a comparison with our peers, and to prepare an assessment of the competitiveness of our Officer compensation program.

§ The terms of the relationship with the independent compensation consultant are set forth in an agreement between the Committee and the consultant.

§ The Committee anticipates using the independent compensation consultant on an on-going basis to assist with executive compensation matters.

- In preparation for the Committee's evaluation of 2008 compensation, the Committee Chairman requested the independent compensation consultant to review the executive management team's recommendations to the Committee for Officer salary adjustments, cash bonus amounts, and long-term equity incentive awards based on the results of the pre-determined Company metrics and individual performance goals in light of the independent

compensation consultant's prior review of our Compensation Program and its internal database of compensation levels, structures and trends, so that the consultant would be in a position to advise the Committee regarding those recommendations.

- At the February 2009 Committee meeting, the Committee reviewed the recommendations presented by the executive management team, discussed those recommendations with the independent compensation consultant, deliberated amongst themselves and other Board members, and approved the compensation amounts discussed later in this Compensation Discussion and Analysis.

Principal Elements of Compensation

The principal elements of our Officer compensation program include:

- Base Salary;
- Annual Cash Bonus;
- Long Term Equity Incentives;
- Post-employment Benefits (including change of control benefits); and
- Other Benefits.

Base Salary

- Base salary generally rewards individual experience and performance.
- At the beginning of each year, each Officer develops individual performance goals relative to his or her position and organizational responsibilities.

§ These individual goals are required to be directly related to our business objectives.

§ Officers' (other than the CEO's) individual goals are discussed with and approved by the CEO.

§ The CEO's goals are developed by the CEO and are discussed with and approved by the Committee.

- The Committee does not use a formula or ratio when considering periodic base salary adjustments (generally annually); however they do consider:

§ Individual Performance – Base salary adjustments are primarily related to performance, including the Officer's achievements of his or her previously established performance goals, as well as living our vision, mission, values, and behaviors.

§ External Competiveness – For the 2008 base salary review, each Officer was targeted at the median of the third quartile (the 66th percentile) of our peers.

Given that each of the Named Executive Officers fulfilled various pre-established individual performance goals, each Named Executive Officer would likely have been entitled to receive an increase in base salary when the Committee reviewed compensation metrics at the February 2009 meeting. However, management recommended to the

Committee that it freeze base salaries for all Officers in light of the Company's overall performance, the ongoing global financial crisis and recession, and the limited "reduction in force" in early 2009 as part of an overall reduction of costs. The Board of Directors and the Committee, in consultation with the independent compensation consultant, accepted this recommendation.

Annual Cash Bonuses

- Annual cash bonuses can be highly variable depending on the annual financial and operating results.

- To qualify for participation in the Company’s cash bonus plan each Officer must:

§ be a full-time Officer of Swift Energy or one of its subsidiaries on the date of the award;

§ have no violations of our Code of Ethics and Business Conduct; and

§ meet or exceed 50% of the Officer’s personal goals based on the CEO’s assessment.

- Annual cash bonuses are intended to link primarily to the Company’s performance for the preceding year, but also to individual Officer’s performance.

§ The Company’s performance is weighted as two-thirds (2/3) and the Officer’s individual performance as one-third (1/3).

- The Committee also considers a number of other factors including external competitive bonus data and the marketplace for talent (See “Use of Analytical Tools and Peer Data”).

- The Committee reserves the discretionary right to increase or decrease cash bonus amounts when it believes such adjustments are in the best interest of Swift Energy.

- During February of 2008, the Committee set the 2008 cash bonus targets for Officers at the following:

Position	2008 Target as Percentage of Base Salary
CEO	100%
President	80%
Executive Vice President	60%
CFO	60%
Senior Vice President	50%
Vice President	40%
Other Officers	40%

- As a measure of the Company’s performance, each Officer, other than the CEO, President, and CFO, is assigned by the CEO seven out of nine metrics based on his position.

§ The CEO, President, and CFO were assigned all nine metrics.

§

The other two Named Executive Officers were both assigned all metrics except Cash Flow per Share and Corporate Net Margin.

- Listed below are the nine metrics:
 - § Financial Metrics
 - Earnings per Share
 - Cash Flow per Share
 - Corporate Net Margin
 - Reserve Growth (Proven and Probable)

§	Operating Metrics
-	MMBOE Production
-	LOE (Controllable)
-	Finding Costs
-	Safety Record
-	HSE Spill Reductions

§ Each of the seven metrics (nine for the CEO, President, and CFO) selected for an Officer is assigned a specific weighting from 0% to 25%, with all metrics totaling 100%.

§ Each financial and operating metric is set for a qualifying level, an expected baseline achievement level and a maximum level:

- If the qualifying level is not met, then no bonus is awarded for such metric, subject to Committee discretion.
- The next level up, the baseline level, is expected to be reached and represents 25% to 75% weighting of that metric.
- The maximum level is that level that represents exceptional performance which, at the discretion of the Committee, would receive a weighting of 100% or higher for that metric.
- For Company performance in 2008, only one metric, Cash Flow per Share, reached the qualifying level; this metric also surpassed the maximum level.
- The Company did not reach the qualifying level on any other Company performance metrics; however, the Committee used its discretion to give partial credit for the metrics “Safety Record” and “HSE Spills Reduction.”

§ The Committee believed that meaningful progress was made in 2008 with regard to the “Safety Record” and “HSE Spills Reduction” metrics; therefore despite not achieving the qualifying level for these metrics, the Company’s significant improvement in the area of safety, together with the achievements made in these areas even in the face of two devastating hurricanes during 2008, warranted partial credit for these metrics.

- For individual performance evaluation representing a potential one-third (1/3) of the target bonus, each officer is assessed using the same process as described in the “Base Salary” section above.

Given the achievement on certain Company metrics (Cash Flow per Share, Safety Record, and HSE Spills Reduction) and each Named Executive Officer’s pre-established performance goals, the Named Executive Officers’ potential cash bonus levels for 2008 performance ranged from 15.9% to 36.7% of base salary. The executive team (Messrs. Swift, Vincent, Heckaman, and Banks) recommended at the February 2009 Committee meeting that, despite otherwise qualifying for a cash bonus based on the results of the pre-determined metrics and individual performance goals, they not receive any cash bonus in light of the Company’s overall performance and the ongoing global financial crisis and recession and the “reduction in force” in early 2009 as part of an overall reduction of costs. The executive team also recommended that their entire computed bonus be placed in the pool of money being distributed as bonuses to non-officer employees. The Board of Directors and the Committee, in consultation with the independent compensation consultant, accepted these two recommendations.

Consequently, our seven non-executive officers (excluding our CEO, President, CFO and COO) received cash bonuses based on the same performance evaluation process outlined above. The aggregate cash bonuses paid to the five Named Executive Officers have been reduced over the last three years, from \$2,312,599 for 2006, to \$1,816,831 for 2007, to \$52,957 in 2008. This reduction is primarily

related to the Company not achieving certain performance metrics and four of the Named Executive Officers not receiving a cash bonus for 2008.

Long-Term Equity Incentives

- We believe our long-term equity incentive awards are a critical element in the mix of compensation.

§ These awards tie compensation of Officers to long-term increases in Swift Energy’s stock price and therefore align the interests of Officers and stockholders.

§ Stock options awards align the interests of Officers and stockholders by putting the value of stock options “at-risk” to stock price appreciation, linking compensation to appreciation in Swift Energy’s stock price.

§ Restricted stock awards serve as an important retention tool that are subject to vesting and are prevalent among our peers.

§ During 2008, the Committee decided that the appropriate mix of long-term equity incentives for Officers, to balance between the dual objectives of tying compensation to stock appreciation and shareholder return and providing retention incentive, is 50 percent stock options and 50 percent restricted stock, which is the same percentage allocation used since 2004 when restricted stock was added to the long-term equity incentive program.

- As with the other primary components of compensation, the Committee considers competitive data when granting long-term incentive awards (see “Use of Analytical Tools and Peer Data”).
- During February of 2008, the Committee set the 2008 long-term equity incentive targets (for awards to be made to Officers in February 2009) at the following:

Position	2008 Target as Percentage of Base Salary
CEO	250%
President	200%
Executive Vice President	150%
CFO	150%
Senior Vice President	125%
Vice President	100%
Other Officers	100%

- The annual long-term equity incentives are intended to link primarily to the Company’s performance for the preceding year, but also to the individual Officer’s performance.

§ The Company’s performance is weighted as two-thirds (2/3) and the Officer’s individual performance as one-third (1/3).

- The Committee also established a premium that increases an Officer's long-term incentive award by 5%, 10%, or 20% if the officer holds direct ownership of Swift Energy stock equal to 100%, 150%, or 200%, respectively, of base salary at December 31, 2008.

§ For 2008 long-term incentive equity awards granted in February 2009, it was the judgment of the Committee that this premium rewards and thus encourages Officers to hold a meaningful amount of equity, which would further align their interests with the long-term interests of shareholders.

- For the Company’s performance, each Officer, based on his position, is assigned seven metrics:

§	Financial Metrics
-	Earnings per Share
-	Annual Shareholder Return Quartile
-	Annual Shareholder Return 1-year
-	Reserve Growth 2-year average
§	Operating Metrics
-	MMBOE Production
-	LOE (Controllable)
-	Reduction of 3 year Average Finding Costs

§ Each of the seven metrics selected for an Officer is assigned a specific weighting from 0% to 25%, with all metrics totaling 100%.

§ Each operating and financial metric is set for a qualifying level, an expected baseline achievement level and a maximum level:

- If the qualifying level is not met, then no bonus is awarded for such metric, subject to Committee discretion.
- The next level up, the baseline level is expected to be reached and represents 25% to 75% weighting of that metric.
- The maximum level is that level that represents exceptional performance which, at the Committee’s discretion, would receive weighting of 100% or higher for that metric.

- For 2008, the Company did not reach the qualifying level for any of the performance metrics above.
- For individual performance evaluation representing a potential one-third (1/3) of the target award, each officer is assessed using the same process as described in the “Base Salary” section above.
- Based on the Committee’s review of the Company and individual performance as described above, our Named Executive Officers’ computed long-term incentive amounts as a percentage of base salary were:

§	Chief Executive Officer – 90.2%
§	President – 72.1%
§	EVP & Chief Financial Officer – 47.3%
§	EVP & Chief Operating Officer – 45.1%

§ SVP—Commercial Transactions & Land – 35.5%

- The Committee used discretion on the computed long-term equity incentive amounts, and the actual awards for our Named Executive Officers as a percentage of base salary were:

§	Chief Executive Officer – 336.7%
§	President – 269.4%
§	EVP & Chief Financial Officer – 179.5%
§	EVP & Chief Operating Officer – 170%
§	SVP—Commercial Transactions & Land – 125%

- The Committee sought advice from its independent compensation consultant regarding current industry trends and practices regarding long-term incentive compensation and considered this information in light of the Company’s long-term incentive structures. Based upon market data provided by the consultant and discussion and consideration, the Committee decided to award long-term equity incentives in the amounts stated above for the following reasons:

§ The independent compensation consultant advised the Committee that most energy peer companies make long-term incentive awards annually at market levels. The performance aspect of these awards is then reflected in future stock price changes.

§ The Committee determined that the external circumstances in the economy, the global financial crisis along with two devastating hurricanes in 2008 made it difficult to achieve many of the metrics used in this calculation.

§ The Committee believes that the Board should provide sufficient incentive for the Officers to grow the Company’s assets and add value for all shareholders, thereby aligning the Officer’s interests with those of our shareholders.

§ The Committee believes providing long-term equity incentive awards for the Officers will reward appreciation in our common stock and shareholder return, and that the equity awards would become most valuable if our stock price increased, which ultimately is a result of executing Swift Energy’s long-term objectives and strategies.

Post-employment Benefits

- During November 2008, we amended employment agreements with five Officers who had had existing agreements in place since 1995 (in one instance since 1999) and executed a new employment agreement with one Officer; thus, each Named Executive Officer has an employment agreement.
- Each amended or new employment agreement provides for an initial three-year term which is automatically extended for one year on the anniversary date of the agreement.
- These agreements provide for payment of certain amounts, acceleration of certain equity awards and continuation of life and health insurance benefits for various periods of time, based upon different termination scenarios (see “—Potential Payments Upon Termination or Change in Control—Computation of Payments” for details of the various scenarios as they apply to each Named Executive Officer).

§ The Committee believes that that the terms of the Named Executive Officers’ employment agreements are reasonable and competitive with similar agreements used by our peers.

- After a detailed study of post-employment benefits of our peers, we adopted the Swift Energy Company Change of Control Severance Plan (the “Change of Control Severance Plan”) in November 2008, in which all employees (including Officers) are participants.

§ The Change of Control Severance Plan was adopted to minimize, with respect to the possibility of a change of control of the Company, the loss or distraction of employees of the Company and its subsidiaries to the detriment of the Company and its shareholders.

§ Our Change of Control Severance Plan is a double-trigger plan and benefits will only be paid if there is both a Change of Control and a qualified termination within two years of the Change of Control.

§ Each Named Executive Officer’s employment agreement enhances certain payment amounts and other benefits provided in the Change of Control Severance Plan, which is more fully explained below (see “—Potential Payments Upon Termination or Change in Control—Computation of Payments” for details of the various scenarios as they apply to each Named Executive Officer).

-The Committee based its determination on the amounts paid to Named Executive Officers in the event of a qualified termination following a change of control on the referenced peer study.

-The five amended agreements had existing Change of Control terms that were modified slightly under the amended agreement.

Other Benefits

- We offer a limited number of perquisites to our executives.

§ Overall, the Committee believes that these benefits are significantly more limited than prevailing market practices in the industry, but are reasonable supplements to the total compensation program.

§ During 2008, no Named Executive Officer had perquisites exceeding \$10,000.

§ By the terms of our Named Executive Officers’ employment agreements, each officer may be reimbursed up to \$7,500 for third-party fees related to financial planning and tax preparation.

§ We also provide certain insurance benefits including term life, supplemental life, voluntary life, and accidental death and dismemberment coverage that are available to all full-time employees.

-From time to time, we have provided and paid for universal life insurance for our Officers. During 2008, the Company did not pay any premiums for this coverage.

§ The Named Executive Officers are occasionally provided with tickets to local sporting or cultural events, which are primarily used for business entertainment or provided to other Officers or key employees; occasionally, these tickets are provided to local non-profit organizations for use.

§ Officers and employees also have access to Company vehicles on a limited, as-needed and approved basis.

§ Spousal travel is generally available in connection with Board meetings and special oil and gas industry functions which specifically promote or advance the business purpose of Swift Energy.

- Each Officer is eligible to participate in the Company's 401(k) plan and Employee Stock Ownership Plan, both of which are available to all of our employees.

Equity Award Timing

- The Committee grants equity awards to Officers at the Committee's regular February meeting, which is generally held the second week in February.
 - The Committee meeting is scheduled over a year in advance.
- The Committee does not grant equity awards by unanimous consent, which further solidifies the firm timing of equity awards.
- The exercise price of any stock options granted is the closing price reported on the NYSE on the date of the meeting at which the Committee approves the grants.

Use of Analytical Tools and Peer Data

As is common practice in our industry, the Committee used various tools to facilitate the compensation decisions made in 2008:

- The Committee reviews tally sheets prepared internally for each Officer that show the individual elements of compensation, including benefits, which also reflect the full cost of each Officer.
- § The tally sheets are used to gauge total compensation for each Officer against publicly available data for comparable positions at comparator companies.
- We operate in a highly competitive environment for talented executive leadership; therefore, we believe it is necessary and appropriate to benchmark our executive compensation against peer group companies to enhance our ability to attract and retain executives.
 - Comparison to peer market data is used solely for background information to make subjective judgment about how our overall compensation program and its components compare to those our peers.

§ The peer market data is not used in any formulaic or statistical manner to determine executive management's compensation program recommendation or Committee decisions.

- As described previously, we engaged an independent compensation consultant to review our compensation program, and the results of their analysis presented to the Committee contains peer market data from SEC filings and other data the consultant collects from various sources.

- Peer market data was collected from the following companies:

Berry Petroleum	Mariner Energy, Inc.	Quicksilver Resources
Cabot Oil & Gas	McMoRan Exploration	Range Resources
Clayton Williams	Pioneer Natural Resources	Southwestern Energy
Energy	Newfield Exploration	St. Mary Land &
Comstock Resources	Petrohawk Energy	Exploration
Denbury Resources	Petroquest Energy	Stone Energy Corporation

Energy Partners, Ltd. Plains Exploration & Ultra Petroleum Corp.
Forest Oil Production

Code Section 162(m)

Section 162(m) of the Code generally disallows a tax deduction to publicly held companies for compensation in excess of \$1 million paid to the Company's chief executive officer or any of the four other most highly compensated Officers, not including the chief executive officer. Certain performance-based compensation is specifically exempt from the deduction limit if it otherwise meets the requirements of Section 162(m). These requirements include that the compensation to be paid upon attainment of performance goals that are determined by a board's compensation committee comprised solely of two or more outside directors, shareholder approval of the performance goals, and compensation committee certification that the goals have been met. Stock options and SARs generally qualify as "performance-based compensation." Other awards, grants, or bonuses will be "performance-based compensation" if they are so designated and if their grant, vesting or settlement is subject to the performance criteria described above meeting specified performance criteria and complying with Section 162(m) of the Code, including related regulations. Restricted stock awards that vest solely upon the passage of time do not qualify as "performance-based compensation."

Change in Our 2009 Compensation Program Design

Our Compensation Committee determined to make significant changes to the design of our compensation program for 2009 and beyond; below, we are highlighting some of the conceptual difference. These changes primarily reflect that many of our peers evaluate compensation based on a more flexible program that allows the Committee to use its own business judgment to evaluate the Company's performance on certain financial and operating measures, especially in light of the cyclical nature of the oil and gas business and recent unprecedented volatility in commodity prices.

To further accomplish the objectives of our compensation program, the Committee engaged an independent compensation consultant, Towers Perrin, to provide consulting services on executive compensation matters as described earlier in this Compensation Discussion and Analysis. The Committee requested the consultant to provide an assessment of our executive officer compensation program, and such assessment was one of the primary tools used to evaluate executive management's recommendation for the 2009 executive compensation program to the Committee at the February 2009 Committee meeting and in the Committee's determinations regarding that program.

The Committee also requested that the independent compensation consultant conduct a review of Board compensation. Based on the review and in light of the current environment, the Board determined that no changes to Board compensation were needed at this time.

Based on the results of this review of our executive compensation program and the Committee's desire to enhance its design, the 2008 and 2009 compensation programs will significantly differ.

- The Committee will de-emphasize use of quantitative targets and formulas in assessing executive performance in determining compensation.
- There will be fewer "metrics" or measures to evaluate Company performance, and the Committee will not assign weights to the financial and operational measures considered.

§ The Company's financial performance will be based on the Committee's judgment of two primary measures: total shareholder return and implementation of our financial plans.

§ The Company's operational performance will be based on the Committee's judgment of two primary measures: implementation of strategic plans and health, safety and environmental performance.

-

As in the past, each Officer will have his or her individual goals as well as knowledge of the Company's strategy to enable the Officers to focus their efforts to achieve the Company's objectives.

- The Committee has requested executive management to work with the independent compensation consultant to compile alternatives for Officer stock ownership guidelines and/or requirements, and then to make a recommendation to the Committee.

Compensation Committee Report

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis with management. Based upon this review, the related discussions and other matters deemed relevant and appropriate by the Compensation Committee, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement to be delivered to shareholders of Swift Energy.

- (1) Amount shown reflects number of restricted shares or stock options granted to the Named Executive Officer during 2008 pursuant to the 2005 Plan. Restrictions on restricted shares lapse as to one-third of such shares each year beginning on the first anniversary of the grant date. Stock options become exercisable over a five year period at 20% on each anniversary of the grant date and expire ten years from the grant date.
- (2) Amount reflects number of reload stock options granted pursuant to the 2005 Plan. Reload stock options vest 100% on the first anniversary of the grant date and expire on the expiration date of the original options whose exercise triggers the awarding of the reload options, or two years, whichever is later. For additional discussion of reload options, refer to “Proposal 2—To Amend the First Amended and Restated Swift Energy Company 2005 Stock Compensation Plan—Summary of the 2005 Plan—Reload Options.”
- (3) Amount reflects number of reload stock options granted pursuant to the Swift Energy Company 2001 Omnibus Stock Compensation Plan. Reload stock options vest 100% on the first anniversary of the grant date and expire on the expiration date of the original options whose exercise triggers the awarding of the reload options, or two years, whichever is later.
- (4) Amount reflects number of reload stock options granted pursuant to the Swift Energy Company 1990 Stock Compensation Plan. Reload stock options vest 100% on the first anniversary of the grant date and expire on the expiration date of the original options whose exercise is the basis for the awarding of the reload options, or two years, whichever is later.

- (1) Amount reflects the aggregate market value of unvested restricted shares at December 31, 2008, which equals the number of unvested restricted shares in column (g) multiplied by the closing price of the Company's common stock at December 31, 2008 (\$16.81).
- (2) Stock options become exercisable in five equal installments each year beginning on the first anniversary of the grant date.
- (3) Reload stock options vest 100% on the first anniversary of the grant date and expire on the expiration date of the original options whose exercise is the basis for the awarding of the reload options, or two years, whichever is later.
- (4) Restrictions on restricted shares lapse as to 20% of such shares each year beginning on February 8, 2007, and on the anniversary of such date thereafter.
- (5)

Restrictions on restricted shares lapse as to one-third of such shares each year beginning on the first anniversary of the grant date.

Option Exercises and Stock Vested

The following table includes information regarding stock options exercised and restricted stock vested for the Named Executive Officers named in the Summary Compensation Table during the fiscal year ended December 31, 2008:

Name (a)	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#) (b)	Value Realized on Exercise (\$)(1) (c)	Number of Shares Acquired on Vesting (#) (d)	Value Realized on Vesting (\$)(2) (e)
Terry E. Swift	3,075	\$ 47,232	17,333	\$ 716,106
Alton D. Heckaman, Jr.	45,816	\$ 1,294,495	7,047	\$ 290,905

James P. Mitchell	8,120	\$ 325,158	4,233	\$ 174,841

- (1) Amount reflects value realized by determining the difference between the market price of the underlying securities at exercise and the exercise price of the stock options.
- (2) Amount reflects value realized by multiplying the number of shares of restricted stock vesting by the market value on the vesting date.

Potential Payments Upon Termination or Change in Control

The table below and the discussion that follows reflect the amount of compensation payable to each Named Executive Officer upon death, permanent disability, change of control, or other termination under each Named Executive Officer's employment agreements and the Company's Change of Control Severance Plan and equity compensation plans. The amounts shown assume that such termination was effective December 31, 2008. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company.

- (1) Includes payment of insurance continuation as provided in employment agreement and the Change of Control Severance Plan.
- (2) Includes value of option spread and full value awards upon accelerated vesting of equity grants at \$16.81 per share (closing price on December 31, 2008).
- (3) Termination by employee upon achieving "Senior Officer Tenure," which requires that the one-year anniversary of the Named Executive Officer's Employment Agreement has occurred, the Named Executive Officer has reached the age of 55 years or older, and the Named Executive Officer has been employed by the Company for a minimum of ten years. The Named Executive Officer must meet the conditions for Senior Officer Tenure and provide at least six months' written notice to the Company of his intention to terminate his employment.
- (4) Amount includes a \$236,350 gross-up reimbursement payment for amounts Mr. Banks would owe in taxes pursuant to Section 4999 of the Internal Revenue Code.

Computation of Payments

Under the employment agreements (amended and/or new) executed November 4, 2008, the Company's compensation plans and the Company's Change of Control Severance Plan, in the event of termination of employment of a Named Executive Officer, the Named Executive Officer would receive the payments, accelerations and benefits described below. If you desire, please refer to each of these documents for specific provisions, which are exhibits to our Quarterly Report on Form 10-Q for the quarter ending September 30, 2008, filed November 6, 2008. All of our employment agreements and compensation arrangements have been drafted to comply with Section 409A of the Internal Revenue Code, principally by deferring amounts payable upon termination for at least six months. In each scenario, "Annual Compensation Amount" (referred to as "ACA" below) is the Named Executive Officer's annual base salary, plus the highest of his annual cash bonuses paid in the last 36 months:

- Death

§	Cash Payment:	Named Executive Officer	Amount
		Messrs. T. Swift, Vincent and Heckaman	3 x ACA
		Messrs. Banks and Mitchell	2.5 x ACA
§	Acceleration of vesting and exercisability of all equity awards		
§	Health Insurance for dependents for 12 months		

- Disability, by Employee for Good Reason, or by Company Without Cause

§	Cash Payment:	Named Executive Officer	Amount
		Messrs. T. Swift, Vincent and Heckaman	3 x ACA
		Messrs. Banks and Mitchell	2.5 x ACA
§	Acceleration of vesting and exercisability of all equity awards		
§	Health Insurance:	Named Executive Officer	Coverage 30 months

Messrs. T. Swift, Vincent and
Heckaman
Messrs. Banks and Mitchell 24 months
§ Life Insurance for 12 months

- Change of Control

§	Health Insurance:	Named Executive Officer	Coverage
		Messrs. T. Swift, Vincent and Heckaman	18 months
		Messrs. Banks and Mitchell	12 months
§	Life Insurance for 12 months		

Conditions and Covenants

Each Named Executive Officer must also observe a noncompete provision in his employment agreement. Based on the terms of the employment agreement, the covenant not to compete provision would in no event be effective for longer than three years following the termination of a Named Executive Officer.

A Named Executive Officer will not receive compensation under his employment agreement if the Company terminates the Named Executive Officer for Cause. Cause is defined in the employment agreement generally as commission of fraud against the Company, willful refusal, without proper legal cause to faithfully and diligently perform the Named Executive Officer's duties as directed or breach of the confidentiality provision of the employment

agreement.

PROPOSAL 2 — TO AMEND THE FIRST AMENDED AND RESTATED SWIFT ENERGY COMPANY 2005 STOCK COMPENSATION PLAN

The shareholders are being asked to approve an amendment to the First Amended and Restated Swift Energy Company 2005 Stock Compensation Plan (the “2005 Plan”) that would increase the number of shares of the Company’s common stock available for award under the 2005 Plan by 1,250,000 shares. The 2005 Plan is intended as an incentive to encourage stock ownership by certain officers, employees and directors of the Company so that they may acquire or increase their proprietary interest in the success of the Company and Subsidiaries, and to encourage continued service to the Company. The Plan is designed to meet this intent by offering performance-based stock and cash incentives and other equity based incentive awards, thereby providing a proprietary interest in pursuing the long-term growth, profitability and financial success of the Company.

The oil and gas industry has experienced robust conditions in recent years. Despite the recent downturn in commodity prices, the competition for geoscientists, petroleum engineers and other talented employees has remained strong, especially in the regions in which we operate. We believe that it is imperative that we maintain highly competitive compensation programs to attract and retain quality personnel. The Company anticipates that it will, as a general matter, grant restricted stock and/or options on an annual basis, although future grant awards and grant recipients have not been determined. Therefore, the number, amount and type of awards to be received by or allocated to eligible persons in the future under the 2005 Plan cannot be determined at this time. Because of the intense competition in the industry for qualified oil and gas personnel, the Company granted shares of restricted stock across the board to all of the Company’s employees, including officers, in each of the last three years.

An aggregate of 900,000 shares of the Swift Energy common stock was reserved for awards under the 2005 Plan when the plan was approved by shareholders at the 2005 Annual Meeting. At succeeding Annual Meetings, the Company’s shareholders approved increases in the shares available under the 2005 Plan by an aggregate of 1,950,000 shares. As of December 31, 2008, 967,906 shares were still available for awards under the 2005 Plan, which represents approximately 3.1% of the Company’s issued and outstanding shares as of such date. During February 2009, the Company granted 273,400 stock options and 190,000 restricted stock awards to all officers and several key employees of the Company. These grants reduced the available shares by 547,000 shares when taking into account that the pool of shares is reduced by one share for every stock option that is granted, and is reduced by 1.44 shares for every restricted stock award that is granted. As of February 28, 2009, taking the awards granted in 2009 into account, the Company had: (1) 508,681 shares available to cover awards granted under the Plan, (2) 654,547 stock option awards outstanding with a weighted average exercise price of \$31.48 and a weighted average remaining term of 8.67 years, and (3) 538,253 restricted stock awards outstanding.

The 2005 Plan was amended and restated in November 2008 to comply with Section 409A of the Internal Revenue Code of 1986, as amended (the “Code”). On December 31, 2008, 346 individuals were eligible to participate in the 2005 Plan.

Copies of the 2005 Plan as filed with the SEC may be obtained through the SEC’s website at www.sec.gov. The 2005 Plan appears as Exhibit 10.24 to the Company’s Form 10-K for the year ended December 31, 2008. The 2005 Plan may also be obtained without charge by writing to the Company at 16825 Northchase Drive, Suite 400, Houston, Texas 77060, Attention: Secretary, or calling (281) 874-2700 or (800) 777-2412.

Summary of the 2005 Plan

The 2005 Plan authorizes the Company to grant various awards (“Awards”) to directors, Officers and all employees of the Company or its subsidiaries, including incentive stock options (“ISOs”), nonqualified stock options (“NSOs”), “reload” options (“Reload Options”), stock appreciation rights (“SARs”), restricted stock grants (“Restricted Stock Grants”),

restricted unit grants (“Restricted Unit Grants”) and performance bonus awards (“Performance Bonus Awards”). Terms used but not defined in this summary have the same meanings as defined in the 2005 Plan.

Administration. The Compensation Committee of the Board has sole authority to construe and interpret the 2005 Plan, to select participants (“Participants”), to grant Awards and to establish the terms and conditions of Awards. The Compensation Committee is allowed to give the Company’s Chief Executive Officer specifically limited written authority to grant Awards to new employees.

Eligibility. Any employee of the Company or its subsidiaries, including any Officer or employee-director, any consultant, and the non-employee directors of the Company, are eligible to receive various Awards under the 2005 Plan.

Shares Subject to 2005 Plan. As of May 13, 2008, the date the shareholders last approved a share increase to the 2005 Plan, the maximum number of shares of common stock in respect of which Awards could be granted under the 2005 Plan (the “Plan Maximum”) was 2,850,000 shares in a “fungible pool” of shares, plus shares covered by previous Awards granted prior to May 11, 2005, the effective date of the 2005 Plan, under any prior long-term incentive plan which Awards are forfeited or cancelled. That pool of shares is reduced by one share for every stock option that is granted and is reduced by 1.44 shares for every “full-value” Award that is granted. “Full-value” Awards consist of Restricted Stock Grants, Restricted Unit Grants and SARs. Thus, if only stock options are granted, options covering up to 2,850,000 shares may be granted; if only “full-value” Awards are granted, Awards covering only 1,979,166 shares may be granted. If both stock options and “full-value” Awards are granted under the 2005 Plan, the number of shares which can be covered by Awards will fall somewhere between 1,423,611 shares and 2,020,000 shares, depending upon the ultimate mix of stock options and “full-value” Awards that are granted under the 2005 Plan. ISOs cannot be granted under the 2005 Plan covering more than 875,000 shares (“ISO Limit”). The reserved share numbers (and the share numbers constituting the Plan Maximum, ISO Limit, and Named Executive Officer limits) are subject to appropriate adjustment in the event of a reorganization, stock split, stock dividend, merger, consolidation, or other change in capitalization of the Company affecting its common stock.

As of February 28, 2009, there remained 508,681 shares of common stock in respect of which Awards may be granted under the 2005 Plan (508,681 shares available if only stock options Awards are granted, 353,251 shares available if only “full-value” Awards are granted). At such date, options to purchase 748,303 shares have been granted, and 1,316,870 shares of restricted stock have been awarded under the 2005 Plan.

If the proposal to make 1,250,000 additional shares available under the 2005 Plan is approved by shareholders, Awards will be accounted for as described above. Therefore, in addition to those currently available under the 2005 Plan, if only stock options are granted, options covering up to 1,250,000 shares may be granted; if only “full-value” Awards are granted, Awards covering only 868,055 shares may be granted. Taking this into consideration, if the proposed additional shares are made available under the 2005 Plan, the aggregate number of shares that can be covered by Awards would fall somewhere between 1,758,681 and 1,221,306 shares if a combination of both stock options and “full-value” Awards are granted.

Term. The 2005 Plan will terminate on May 10, 2015, unless sooner terminated by the Board, except with respect to Awards then outstanding.

Amendment. The Board may amend the 2005 Plan at any time, except that (1) the Board must obtain shareholder approval to make any amendment that would increase the total number of shares reserved for issuance (except for adjustments necessary to reflect changes in capitalization), materially modify eligibility requirements, materially increase the benefits accruing to Participants resulting in the repricing of Awards already issued, materially extend the term of the plan, or increase the maximum number of shares covered by Awards to Named Executive Officers, and (2) certain amendments are altogether prohibited (e.g., any amendment that would impair a Participant’s vested rights).

Incentive Stock Options. Options designated as ISOs within the meaning of Section 422 of the Code, together with the regulations promulgated thereunder, may be granted under the 2005 Plan up to the ISO Limit. To the extent that any portion of an ISO that first becomes exercisable by any Participant during any calendar year exceeds the \$100,000 aggregate fair market value limitation of Section 422(d) of the Code, or such other limit as may be imposed by the Code, such excess portion shall be treated as a validly granted NSO. ISOs shall be exercisable for such periods as the Compensation Committee shall

determine, but in no event for a period exceeding ten years or, for Participants who own more than ten percent (10%) of the total combined voting power of all classes of stock of the Company (“10% Shareholders”), five years.

Non-Qualified Stock Options. NSOs may be granted for a stated number of shares of common stock and will be exercisable for such period or periods as the Compensation Committee shall determine. Holders of NSOs may elect to have the Company withhold from shares to be delivered upon exercise of an NSO, shares whose fair market value satisfy withholding taxes attributable to the exercise of the NSOs. If shares are delivered for this purpose, the Compensation Committee, in its sole discretion, may grant replacement NSOs in the form of Reload Options (see below) in the amount of some or all of the shares delivered to satisfy the withholding tax obligation.

Exercisability. ISOs and NSOs will become exercisable in installments as determined in its sole discretion by the Compensation Committee, although it is generally anticipated in keeping with past Company practice that such options may be exercised in 20% installments on each of the first five anniversary dates of the date of grant or such other period as may be designated by the Compensation Committee. The exercise price for options may be paid in cash or by delivery of shares of common stock already owned for more than six months by the Participant and having a market value equal to the exercise price.

Option Exercise Prices. Stock options may only be issued at an exercise price that is at least 100% of the Fair Market Value of the common stock on the date of grant, and ISOs granted to 10% Shareholders must have an exercise price of at least 110% of the Fair Market Value of the common stock on the date of grant. The 2005 Plan provides that the option exercise price may be paid in cash, by check, by cash equivalent, by a broker-assisted exercise, with shares of common stock (but only where acceptable to the Compensation Committee and only with shares owned for six months), or a combination of the above.

Termination of Awards. Unless otherwise provided in an Award or the 2005 Plan, Awards will terminate (i) three months following the holder’s termination of employment by the Company except for death, disability, retirement, or upon a Change of Control, (ii) on the first-year anniversary of a Participant’s death or disability, or (iii) on the tenth-year anniversary of the date of grant.

Reload Options. Under the 2005 Plan, unless otherwise provided in a Participant’s stock option agreement, whenever a Participant holding an ISO or NSO exercises an option (the “Original Option”) and pays part or all of the exercise price by tendering shares of common stock (a “stock-for-stock exercise”), the Participant will automatically receive a “Reload Option” giving that Participant an option to purchase the exact number of shares tendered in the stock-for-stock exercise at an exercise price equal to the Fair Market Value of such shares at the date of grant of such Reload Options, which date of grant will be the date of the notice of exercise of the Original Option. Reload Options are not exercisable after the later of the expiration of the option term of the Original Option or two years following the date of grant of the Reload Option. Except as described above, the terms and conditions of Reload Options will be identical to the terms and conditions of the related Original Options. Reload Options are designed to encourage stock-for-stock exercises by Participants, without necessarily diluting a Participant’s percentage ownership of the Company’s common stock or the Company’s outstanding common stock.

Limitation on Options and Awards to Named Executive Officers. Because amounts of compensation paid to Named Executive Officers are subject to the limitations on deductibility by the Company under Section 162(m) of the Code, the 2005 Plan provides that such Named Executive Officers may not receive a grant in any given calendar year of Awards covering or measured by more than 100,000 shares of the Company’s common stock.

Transferability. The Compensation Committee may allow transfer of Awards to family members, trusts and partnerships for their benefit or owned by them, or to charitable trusts. Awards held by transferees are subject to the same restrictions and forfeiture upon termination of employment applicable to the original holder of the Award. ISOs

are not transferable except by will or the laws of descent and distribution.

Change of Control. In the event of a change of control of the Company as described in the 2005 Plan, all stock options and SARs outstanding for more than a year shall become fully vested and fully exercisable (unless otherwise excepted), and all restrictions and conditions of Restricted Stock Grants and Restricted Unit Grants outstanding shall be deemed to be satisfied, unless the Board expressly provides otherwise. We amended the definition of “change of control” so as to require that a transaction actually occur, rather than such transaction merely being approved. A “change of control” occurs upon:

- (i) any person or group, as defined in Section 13(d)(3) of the Exchange Act, becoming the beneficial owner of shares of the Company with respect to which 40% or more of the total number of votes for the election of the Board may be cast;
- (ii) as a result of, or in connection with, any cash tender offer, exchange offer, merger or other business combination, sale of assets, or contested election, or combination of the above, persons who were directors of the Company immediately prior to such event cease to constitute a majority of the Board; or
- (iii) the Company either ceases to be an independent publicly owned corporation or sells or otherwise disposes of all or substantially all the assets of the Company.

In connection with a change of control, the Compensation Committee may also cash out Awards at the higher of the highest price for shares of the Company’s common stock in reported NYSE trading or the highest price paid in any bona fide transaction related to a change of control. The 2005 Plan also contains provisions that create a mechanism for a conditional exercise in certain change of control transactions pending a cancellation of vested unexercised options.

Stock Appreciation Rights. Under the 2005 Plan, the Compensation Committee may grant an Award of SARs that entitle a Participant to receive the excess (if any) of the Fair Market Value of a share of common stock on the date of exercise of the SAR, over the Fair Market Value of a share of common stock on the date of grant of the SAR (“Spread”). The Spread may only be paid in shares having a Fair Market Value on the date of payment equal to the Spread. The Compensation Committee may establish procedures for exercise and restrictions regarding the dates on which SARs may be exercised, and subject to the other provisions of the 2005 Plan, a SAR shall not be exercisable before the first anniversary date of the date of grant.

Stock Grants, Restricted Stock Grants, and Restricted Unit Grants. The Compensation Committee may in its discretion grant shares of common stock to a Participant with or without restrictions, vesting requirements or other conditions. A Restricted Stock Grant is an Award of shares of the Company’s common stock that does not vest until certain conditions established by the Compensation Committee have been satisfied. Restricted Awards must provide for vesting of such Awards over at least a three-year period, unless specifically determined otherwise by the Compensation Committee, or a one-year period if the Restricted Award is performance based (“Restriction Period”). A Restricted Unit Grant is an Award of “units” subject to similar vesting conditions, each unit having a value equal either to a share of common stock or the amount by which a share of common stock appreciates in value between the date of grant and the date at which any restrictions lapse. During the Restriction Period, a Participant may vote and receive dividends on the shares of common stock awarded pursuant to a Restricted Stock Grant, but may not sell, assign, transfer, pledge or otherwise encumber such shares. During the restricted period, the certificates representing Restricted Awards will bear a restrictive legend and will be held by the Company, or will be recorded on the books of the Company’s stock transfer agent, but not issued to the Participant until the restrictions on the shares covered by the Restricted Award lapse. When the Restriction Period expires or the restriction with respect to installments of shares lapses, provided that federal income tax withholding is provided for, the Participant is entitled to receive (i) with respect to a Restricted Stock Grant, shares of common stock free and clear of restrictions on sale, assignment, transfer, pledge, or other encumbrances, or (ii) with respect to a Restricted Unit Grant, payment for the value of the units.

Restricted Awards for Non-Employee Directors. Under the 2005 Plan, non-employee directors can only receive Restricted Awards described in this paragraph. Under the 2005 Plan on the date of each annual meeting of shareholders, each non-employee director will receive a Restricted Award

consisting of that number of shares of Company common stock determined by dividing \$120,000 by the closing price of a share of common stock on the date of the Award, payable only in installments as described below. The service restrictions on non-employee directors' Restricted Awards shall lapse on the date of the next annual meeting of shareholders following the grant date, and each Restricted Award shall vest ratably in three equal installments, one-third on the date of each of the three successive annual meetings of shareholders following the grant date; provided that following the date of such initial lapse of restrictions, if a non-employee director's service as a director terminates and the non-employee director is in good standing as determined in the sole discretion of the Board of Directors, then the Restricted Award of that non-employee director shall vest immediately. Prior to the date of such initial lapse of restrictions, no vesting shall occur upon a non-employee director's termination of service (other than by death or disability, in which cases all Restricted Awards shall vest immediately).

Performance Bonus Awards. The Compensation Committee, in its sole discretion, may award Participants a Performance Bonus Award in the form of cash or shares of common stock, or a combination thereof, on such terms and conditions as the Compensation Committee designates. Performance Bonus Awards will be based upon evaluation of a variety of performance factors. Performance factors are to be determined prior to the period of performance, which shall be not less than one year, and may include (i) increases in earnings, earnings per share, EBITDA, revenues, cash flow, return on equity, or total shareholder return, (ii) year-end volumes of proved oil and gas reserves and/or year-end probable reserves, (iii) yearly oil and gas production, (iv) share price performance, (v) relative technical, commercial and leadership attributes, or (vi) similar performance factors. If a Performance Bonus Award is paid in whole or in part in shares of common stock, the number of shares shall be determined based upon the NYSE closing price-based Fair Market Value of such shares. Performance Bonus Awards are subject to terms and conditions set by the Committee in its sole discretion.

Federal Income Tax Considerations

Under current U.S. federal tax law, the following are the U.S. federal income tax consequences generally arising with respect to Awards made under the 2005 Plan.

Exercise of Incentive Stock Option and Subsequent Sale of Shares

A Participant who is granted an ISO does not realize taxable income at the time of the grant or at the time of exercise. If the Participant makes no disposition of shares acquired pursuant to the exercise of an ISO before the later of two years from the date of grant or one year from such date of exercise ("statutory holding period"), any gain (or loss) realized on such disposition will be recognized as a long-term capital gain (or loss). Under such circumstances, the Company will not be entitled to any deduction for federal income tax purposes.

However, if the Participant disposes of the shares during the statutory holding period, that will be considered a disqualifying disposition. Provided the amount realized in the disqualifying disposition exceeds the exercise price, the ordinary income a Participant shall recognize in the year of a disqualifying disposition will be the lesser of (i) the excess of the amount realized over the exercise price, or (ii) the excess of the fair market value of the shares at the time of the exercise over the exercise price; and the Company generally will be entitled to a deduction for the amount of ordinary income recognized by such Participant. The ordinary income recognized by the Participant is not considered wages and the Company is not required to withhold, or pay employment taxes, on such ordinary income. Finally, in addition to the ordinary income described above, the Participant shall recognize capital gain on the disqualifying disposition in the amount, if any, by which the amount realized in the disqualifying disposition exceeds the fair market value of the shares at the time of the exercise, which shall be long-term or short-term capital gain depending on the Participant's post-exercise holding period for such shares.

To the extent a Participant pays all or part of the exercise price of an ISO by tendering previously acquired common stock owned by such Participant, the tax consequences described above generally will apply to such exchange. However, if a Participant exercises an ISO by tendering shares previously acquired on the exercise of an ISO, a disqualifying disposition will occur if the applicable holding period requirements described above have not been satisfied with respect to the surrendered stock. The consequence of such a disqualifying disposition is that the Participant may recognize ordinary income at that time.

Notwithstanding the favorable tax treatment of ISOs for regular tax purposes, as described above, for alternative minimum tax purposes, an ISO is generally treated in the same manner as a NSO. Accordingly, a Participant must generally include as alternative minimum taxable income for the year in which an ISO is exercised, the excess of the fair market value of the shares acquired on the date of exercise over the exercise price of such shares. However, to the extent a Participant disposes of such shares in the same calendar year as the exercise, only an amount equal to the Participant's ordinary income for regular tax purposes with respect to such disqualifying disposition will be recognized for the Participant's calculation of alternative minimum taxable income in such calendar year.

Exercise of Nonqualified Stock Option and Subsequent Sale of Shares

A Participant who is granted a NSO does not realize taxable income at the time of the grant, but does recognize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the shares acquired on the date of exercise over the exercise price of such shares; and the Company generally will be entitled to a deduction for the amount of ordinary income recognized by such Participant. The ordinary income recognized by the Participant is considered supplemental wages and the Company is required to withhold, and the Company and the Participant are required to pay, applicable employment taxes on such ordinary income.

Upon the subsequent disposition of shares acquired through the exercise of a NSO, any gain (or loss) realized on such disposition will be recognized as a long-term or short-term capital gain (or loss) depending on the Participant's post-exercise holding period for such shares. The tax basis in the shares acquired at exercise of the NSO used to determine the amount of any capital gain or loss on a future taxable disposition of such shares is the fair market value of the shares on the date of exercise.

To the extent a Participant pays all or part of the exercise price of a NSO by tendering shares of common stock previously owned by the Participant, the tax consequences described above generally would apply. However, the number of shares received upon exercise of such option equal to the number of shares surrendered in payment of the exercise price will have the same basis and tax holding period as the shares surrendered. The additional shares received upon such exercise will have a tax basis equal to the amount of ordinary income recognized on such exercise and a holding period that commences on the date of the exercise.

Lapse of Restrictions on Restricted Stock and Subsequent Sale of Shares

When the restrictions on a Restricted Award lapse, the Participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares; and the Company generally will be entitled to a deduction for the amount of ordinary income recognized by such Participant. The ordinary income recognized by the Participant is considered supplemental wages, and the Company is required to withhold, and the Company and the Participant are required to pay, applicable employment taxes on such ordinary income. Upon the subsequent disposition of the formerly restricted shares, any gain (or loss) realized on such disposition will be recognized as a long-term or short-term capital gain (or loss) depending on the Participant's holding period for such shares after their restrictions lapse.

Under Section 83(b) of the Code, a Participant who receives an Award of restricted stock may elect to recognize ordinary income for the taxable year in which the restricted stock was received equal to the excess of the fair market value of the restricted stock on the date of the grant, determined without regard to the restrictions, over the amount (if any) paid for the restricted stock. Any gain (or loss) recognized upon a subsequent disposition of the shares will be capital gain (or loss) and will be long-term or short-term depending on the post-grant holding period of such shares. The amount recognized as taxable income is added to any amount paid for the shares to determine their tax basis. If, after making the election, a Participant forfeits any shares of restricted stock, such Participant is only entitled to a tax deduction with respect to the consideration (if any) paid for the restricted stock, not the amount elected to be

included as income at the time of grant.

Stock Appreciation Rights and Performance Awards

A Participant who is granted a SAR does not realize taxable income at the time of the grant, but does recognize ordinary income at the time of exercise of the SAR in an amount equal to the excess of

the fair market value of the shares (on the date of exercise) with respect to which the SAR is exercised, over the grant price of such shares; and the Company generally will be entitled to a deduction for the amount of ordinary income recognized by the such Participant.

A Named Executive Officer who has been awarded a Performance Bonus Award does not realize taxable income at the time of the grant, but does recognize ordinary income at the time the Award is paid equal to the amount of cash (if any) paid and the fair market value of shares (if any) delivered; and the Company generally will be entitled to a deduction for the amount of ordinary income recognized by the such Participant.

The ordinary income recognized by a Participant in connection with a SAR or Performance Bonus Award is considered supplemental wages and the Company is required to withhold, and the Company and the Participant are required to pay, applicable employment taxes on such ordinary income.

To the extent, if any, that shares are delivered to a Participant in satisfaction of either the exercise of a SAR, or the payment of a Performance Bonus Award, upon the subsequent disposition of such shares any gain (or loss) realized will be recognized as a long-term, or short-term, capital gain (or loss) depending on the participant's post-delivery holding period for such shares.

Code Section 162(m)

Section 162(m) of the Code generally disallows a tax deduction to publicly held companies for compensation in excess of \$1 million paid to the Company's chief executive officer or any of the four other most highly compensated Officers, not including the chief executive officer. Certain performance-based compensation is specifically exempt from the deduction limit if it otherwise meets the requirements of Section 162(m). These requirements include that the compensation to be paid upon attainment of performance goals that are determined by a board's compensation committee comprised solely of two or more outside directors, shareholder approval of the performance goals, and compensation committee certification that the goals have been met. Stock options and SARs generally qualify as "performance-based compensation." Other awards, grants or bonuses will be "performance-based compensation" if they are so designated and if their grant, vesting or settlement is subject to the performance criteria described above meeting specified performance criteria and complying with Section 162(m) of the Code, including related regulations. Restricted stock awards that vest solely upon the passage of time do not qualify as "performance-based compensation."

Code Section 409A

To the extent that any award under the 2005 Plan is or may be considered to involve a payment of deferred compensation or a deferral subject to Code Section 409A, the Company intends that the terms and administration of such Award shall comply with the provisions of such section, applicable Treasury Regulations, IRS guidance and good faith reasonable interpretations thereof. As was required under relevant law and regulations, the 2005 Plan was amended in order to comply with Section 409A requirements, all as specifically authorized in the 2005 Plan, to and make other technical amendments that did not require shareholder approval.

The foregoing is only a summary of the effect of U.S. federal income taxation upon employees and the Company with respect to the grant and exercise of stock options, SARs, restricted stock and performance awards under the 2005 Plan. It is not intended as tax advice to employees participating in the 2005 Plan, who should consult their own tax advisors. It does not purport to be a complete description of the tax consequences under all circumstances, nor does it describe the tax laws of any municipality, state or foreign country in which the employee's income or gain may be taxable.

Equity Compensation Plan Information

The following table provides information as of December 31, 2008, regarding shares outstanding and available for issuance under the Company's existing stock compensation and employee stock purchase plans:

Plan Category	(a)	(b)	(c)
	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants And Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders	1,119,469	\$ 33.22	1,175,937
Equity compensation plans not approved by security holders	—	\$ —	—
Total	1,119,469	\$ 33.22	1,175,937(1)

(1) Includes 208,031 shares remaining available for issuance under the Swift Energy Company Employee Stock Purchase Plan and 967,906 under the 2005 Plan.

Board Recommendation

The affirmative vote of the holders of a majority of the shares entitled to vote on, and that voted for or against or expressly abstained with respect to, Proposal 2, is required to approve the amendment of the 2005 Plan to make additional shares available for Awards under the 2005 Plan. Unless otherwise directed by a proxy marked to the contrary, it is the intention of the persons designated on the proxy card to vote the proxies "FOR" the proposed amendment of the 2005 Plan. The Board believes that such approval is essential to enable the Company to continue to attract and retain qualified employees and directors. The Board supports management's belief that the approval of the proposed amendment to make up to 1,250,000 shares of the Company's common stock available for Awards under the 2005 Plan will contribute to the continuation of the Company's history of employee and director longevity, as the Company's stock compensation plans have done in the past.

The Board of Directors unanimously recommends that shareholders vote "FOR" amending the First Amended and Restated Swift Energy Company 2005 Stock Compensation Plan.

PROPOSAL 3 — RATIFICATION OF SELECTION OF ERNST & YOUNG LLP AS SWIFT ENERGY COMPANY'S INDEPENDENT AUDITOR FOR THE FISCAL YEAR ENDING DECEMBER 31, 2009

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as the independent registered public accounting firm for the Company to audit its consolidated financial statements and internal control over financial reporting for 2009. See "Audit Committee Disclosure" above for more information related to Ernst & Young LLP.

Stockholder approval or ratification is not required for the selection of Ernst & Young LLP, since the Audit Committee of the Board of Directors has the responsibility for selecting the Company's independent auditor. However, the selection is being submitted for ratification at the Annual Meeting as a matter of good corporate practice. No determination has been made as to what action the Board of Directors would take if shareholders do not approve the appointment, but the Audit Committee may reconsider whether or not to retain the firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the selection of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and its shareholders' best interests.

The Board of Directors unanimously recommends that shareholders vote "FOR" the ratification of the selection of Ernst & Young LLP as the Company's independent auditor.

AUDIT COMMITTEE DISCLOSURE

The Audit Committee assists the Board in fulfilling its responsibilities with respect to oversight in monitoring (i) the integrity of the financial statements of the Company; (ii) Swift Energy's compliance with legal and regulatory requirements; (iii) the independent auditor's selection, qualifications and independence; and (iv) the performance of Swift Energy's internal audit function and independent auditor. The committee is required to be comprised of three or more non-employee directors, each of whom is determined by the Board to be "independent" under the rules promulgated by the SEC under the Securities Exchange Act of 1934 (the "Exchange Act"), and meets the financial literacy and experience requirements under the rules or listing standards established by the NYSE, all as may be amended from time to time. In addition, at least one member of the committee must satisfy the definition of audit committee financial expert as such term may be defined from time to time under the rules promulgated by the SEC. The Board has determined that Messrs. Montgomery and Smith and Ms. Cannon qualify as audit committee financial experts and that each member of the Audit Committee is independent as defined in the NYSE listing standards and the rules of the SEC. A report of the Audit Committee appears later in this proxy statement. The Audit Committee is comprised of Messrs. Montgomery (Chairman) and Smith and Ms. Cannon.

Preapproval Policies and Procedures

The charter of the Audit Committee provides that the Audit Committee shall approve, in its sole discretion, any professional services to be provided by the Company's independent auditor, including audit services and significant non-audit services (significant being defined for these purposes as non-audit services for which fees in the aggregate equal 5% or more of the base annual audit fee paid by the Company to its independent auditor), before such services are rendered, and consider the possible effect of the performance of such latter services on the independence of the auditor. The Audit Committee may delegate preapproval authority to a member of the Audit Committee. The decisions of any Audit Committee member to whom preapproval authority is delegated must be presented to the full Audit Committee at its next scheduled meeting. All of the services described above for 2008 and 2007 were preapproved by the Audit Committee before Ernst & Young LLP was engaged to render the services.

Services Fees Paid to Independent Public Accounting Firm

Ernst & Young LLP, certified public accountants, began serving as the Company's independent auditor in 2002. The Audit Committee, with ratification of the shareholders, engaged Ernst & Young LLP to perform an annual audit of the Company's financial statements for the fiscal year ended December 31, 2008. A representative from Ernst & Young LLP will be present at this year's Annual Meeting. Such representative will have the opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions.

The following table presents fees and expenses billed by Ernst & Young LLP for its audit of the Company's annual consolidated financial statements and for its review of the financial statements included in the Company's Quarterly Reports on Form 10-Q for 2008 and 2007, and for its audit of internal control over financial reporting for 2008 and 2007, and for other services provided by Ernst & Young LLP.

	2008	2007
Audit Fees	\$ 1,353,900	\$ 1,850,600
Audit-Related Fees	0	16,000
Tax Fees	436,769	452,260
All Other Fees	0	0
Totals	\$ 1,790,669	\$ 2,318,860

The tax services provided in 2007 and 2008 generally consisted of compliance, tax advice and tax planning services. The tax planning services generally consisted of U.S., federal, state, local and international tax planning, compliance and advice, and expatriate tax services.

Report of the Audit Committee

In connection with the financial statements for the fiscal year ended December 31, 2008, the Audit Committee has:

- reviewed and discussed the audited financial statements with management;
- discussed with Ernst & Young LLP, the Company's independent registered public accounting firm (the "Auditor"), the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended; and
- obtained the written disclosures and the letter from the Auditor in accordance with the applicable requirements of the Public Company Accounting Oversight Board regarding the Auditor's communications with the Audit Committee concerning independence, and discussed with the Auditor the Auditor's independence.

Based on the reviews and discussion referred to above, we have recommended to the Board of Directors that the Company's audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2008, filed with the Securities and Exchange Commission.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors, executive Officers, and persons who own more than 10% of the Company's common stock to file reports with the SEC regarding their ownership of, and transactions in, the Company's common stock. SEC regulations require Swift Energy to identify anyone who filed a required report late during the most recent fiscal year. Based on a review of the Forms 3 and 4 filed during the 2008 fiscal year and written certifications provided to the Company, the Company believes that all of these reporting persons timely complied with their filing requirements during 2008.

SHAREHOLDER PROPOSALS

Pursuant to various rules promulgated by the SEC, a shareholder who seeks to include a proposal in the Company's proxy materials for the annual meeting of the shareholders of the Company to be held in 2010 must timely submit such proposal in accordance with SEC Rule 14a-8 to the Company, addressed to the Secretary, Swift Energy Company, 16825 Northchase Drive, Suite 400, Houston, Texas 77060, no later than December 4, 2009. Further, a shareholder may not submit a matter for consideration at the 2009 Annual Meeting, unless the shareholder shall have timely complied with the requirements in the Company's Bylaws. The Bylaws state that in order for business to be properly brought before an annual meeting by a shareholder, the shareholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, a shareholder's notice must be delivered to or mailed and received at the principal executive offices of the Company not less than 60 days or more than 90 days prior to the date of the annual meeting. A notice given pursuant to this advance notice Bylaw will not be timely with respect to the Company's 2010 annual meeting unless duly given by no later than March 12, 2010, and no earlier than February 10, 2010.

The Corporate Governance Committee will consider shareholder recommendations of individuals for membership on the Board upon written request by a shareholder in accordance with the procedures for submitting shareholder proposals. For more information on shareholders' nomination of directors refer to "Board of Directors—Nomination of Directors" in this proxy statement.

With respect to business to be brought before the 2009 Annual Meeting, the Company has not received any notices, proposals, or nominees from shareholders that the Company is required to include in this proxy statement.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Typically the Lead Director presides at executive sessions of the independent directors of the Board of Directors. Any communications that shareholders or other interested parties may wish to send to the Board of Directors may be directly sent to the Lead Director at the following address:

Lead Director
Swift Energy Company
c/o CCI
P.O. Box 561915
Charlotte, NC 28256

Historically, the Company's annual meeting of its Board of Directors was held to coincide with the annual meeting of its shareholders and a majority of the directors would attend the annual meeting of shareholders; however, with the increased responsibilities and time requirements in connection with the Board meeting, the Board's annual meeting is now held one week before the shareholders' annual meeting. Therefore, the Company does not have a policy with regard to Board members' attendance at its annual meetings of shareholders. Although some of the members of the Board will attend the 2009 Annual Meeting, it is not expected that a majority will be in attendance. Those in attendance will be available to address shareholder questions. Two directors attended the 2008 Annual Meeting.

FORWARD LOOKING STATEMENTS

The statements contained in this proxy statement that are not historical are “forward-looking statements,” as that term is defined in Section 21E of the Exchange Act, that involve a number of risks and uncertainties. Forward-looking statements use forward-looking terms such as “believe,” “expect,” “may,” “intend,” “will,” “project,” “budget,” “should,” or “a” or other similar words. These statements discuss “forward-looking” information such as future net revenues from production and estimates of oil and gas reserves. These forward-looking statements are based on assumptions that the Company believes are reasonable, but they are open to a wide range of uncertainties and business risks, including the following:

- fluctuations of the prices received or demand for crude oil and natural gas over time;
- interruptions of operations and damages due to hurricanes and tropical storms;
 - geopolitical conditions or hostilities;
 - uncertainty of reserves estimates;
 - operating hazards;
- unexpected substantial variances in capital requirements;
- currency rate fluctuations with regard to the New Zealand dollar;
 - environmental matters; and
 - general economic conditions.

Other factors that could cause actual results to differ materially from those anticipated are discussed in the Company’s Annual Report on Form 10-K for the year ended December 31, 2008. The Company will not update these forward-looking statements unless required to do so by applicable law.

ANNUAL REPORT ON FORM 10-K

Upon written request, Swift Energy will provide any shareholder of the Company, at no charge, a copy of the Company’s Annual Report on Form 10-K for 2008, as filed with the SEC, including the financial statements and schedules, but without exhibits. Direct requests should be made by mail to Swift Energy Company, Investor Relations Department, 16825 Northchase Drive, Suite 400, Houston, Texas 77060; by telephone at (281) 874-2700 or (800) 777-2412; or by email to info@swiftenergy.com.

GENERAL

The information contained in this proxy statement in the sections entitled “Proposal 1—Election of Directors,” “Proposal 2—To Amend the First Amended and Restated Swift Energy Company 2005 Stock Compensation Plan,” “Proposal 3—To Ratify the Selection of Ernst & Young LLP as Swift Energy Company’s Independent Auditor for the Fiscal Year
