Item 8.01. Other Events.

In October 2011, we and Sollers OJSC (“Sollers”) formed the Ford Sollers joint venture to operate in Russia. Upon contribution of our then wholly-owned operations in Russia to the joint venture in exchange for cash, notes receivable, and a 50% equity interest in the new joint venture, we deconsolidated the related assets and liabilities and recorded an equity method investment in Ford Sollers at its fair value.

On March 31, 2015, we and Sollers agreed to certain changes to the structure of the Ford Sollers joint venture and the related shareholders’ agreement to support the business in the near-term and provide a platform for future growth in this important market. The changes include Ford providing additional funding to the joint venture and gaining a controlling interest in the joint venture through the acquisition of preferred shares. As a result, effective March 31, 2015, we have consolidated the joint venture for financial reporting purposes. In addition, the partners will have future rights to purchase, or have purchased, Sollers’ 50% interest in the ordinary shares of the joint venture at a value established using a pre-determined framework. Both partners will continue to work jointly to improve the business outlook for the Ford Sollers joint venture by expanding its vehicle lineup to better meet the needs of Russian customers and further investing in the localization of component manufacturing.

There will be no impact from these changes on Ford’s first quarter 2015 earnings, nor have these changes affected our full year guidance for our European operations.
