**PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD APRIL 20, 2007**

Your proxy, represented by the accompanying Proxy Card, is solicited by the Board of Directors of Graco Inc. in connection with our Annual Meeting of Shareholders of the Company to be held on April 20, 2007 and any adjournments of that meeting.

The costs of the solicitation, including the cost of preparing and mailing the Notice of Meeting and this Proxy Statement, will be paid by the Company. Solicitation will be primarily by mailing this Proxy Statement to all shareholders entitled to vote at the Meeting. Proxies may be solicited by officers of the Company personally, but at no compensation in addition to their regular compensation as officers. We may reimburse brokers, banks and others holding shares in their names for third parties, for the cost of forwarding proxy material to, and obtaining proxies from, third parties. The Proxy Statement and accompanying Proxy Card will be mailed to shareholders on or about March 9, 2007.

Proxies may be revoked at any time prior to being voted by giving written notice of revocation to the Secretary of the Company. All properly executed proxies received by management will be voted in the manner set forth in this Proxy Statement or as otherwise specified by the shareholder giving the proxy.

Shares voted as abstentions on any matter (or a withhold vote for as to directors) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the Meeting, and as unvoted (although present and entitled to vote) for purposes of determining the approval of each matter as to which the shareholder has abstained. If a broker submits a proxy which indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the Meeting, but will not be considered as present and entitled to vote with respect to such matters.

Except for the election of directors, which are elected by a plurality of the votes cast, each matter requires the approval of the greater of a majority of the shares present at the Meeting and entitled to vote and a majority of the voting power of the minimum number of shares necessary to constitute a quorum.

Only shareholders of record as of the close of business on February 19, 2007 may vote at the Meeting or at any adjournment. As of that date, there were issued and outstanding 66,647,827 common shares of our Company, the only class of securities entitled to vote at the Meeting. Each share registered to a shareholder of record is entitled to one vote. Cumulative voting is not permitted.

PROPOSAL 1

ELECTION OF DIRECTORS

NOMINEES AND OTHER DIRECTORS

The number of directors of the Company is set at a maximum of twelve; there are currently ten directors. The directors are divided into three classes, each class being as equal in number as reasonably possible. Vacancies may be filled by a majority vote of the directors then in office, though less than a quorum, and directors so chosen are subject to election by the shareholders at the next annual meeting of shareholders.

Edgar Filing: GRACO INC - Form DEF 14A

Directors elected at an annual meeting of shareholders to succeed directors whose terms expire are elected for three-year terms. Board policy states that no director may continue to serve on the Board after the last day of the month of his or her seventy-second (72nd) birthday. At the Meeting, three persons are nominated to be elected to the Company's Board of Directors.

Upon recommendation of the Governance Committee, which acts as the nominating committee of the Board, the Board has nominated J. Kevin Gilligan, Mark H. Rauenhorst, and William G. Van Dyke, for three-year terms expiring in the year 2010. These individuals, whose current terms expire at the Meeting, have previously been elected by the shareholders as directors of our Company.

Unless otherwise instructed not to vote for the election of directors, proxies will be voted to elect the nominees. A director nominee must receive the vote of a plurality of the voting power of shares present at the Meeting in order to be elected. Unless the Board reduces the number of directors, the enclosed proxy will be voted to elect the replacement nominee designated by the Board in the event that a nominee is unable or unwilling to serve.

The following information is given as of February 19, 2007, with respect to nominees for election and the seven directors whose terms of office will continue after the Meeting. Except as noted below, each of the nominees and directors has held the same position, or another executive position with the same employer, for the past five years.

Mr. Van Sant has been a director of Graco since February 2004 and is also a director of H.B. Fuller Company.

The Board of Directors, upon recommendation of the Governance Committee, recommends that shareholders vote FOR all nominees for election at the Meeting to terms expiring in 2010.

DIRECTOR INDEPENDENCE

The Board of Directors has determined that Mr. Bohn, Mr. Carroll, Mr. Eugster, Mr. Gilligan, Mr. Mitau, Ms. Morfitt, Mr. Rauenhorst, Mr. Van Dyke and Mr. Van Sant are independent directors. The independent directors constitute a majority of the Board, and the only director who is not independent is Mr. Roberts, the Company's Chairman, President and Chief Executive Officer. In making its determination regarding the independence of the directors, the Board noted that each independent director meets the standards for independence set out in Section 303A.02 of the New York Stock Exchange Corporate Governance Rules, and that there is no material business relationship between our Company and any independent director, including any business entity with which any independent director is affiliated.

In making its determination, the Board of Directors reviewed information provided by each of the directors and information gathered by the Company, and determined that none of the directors, other than Mr. Mitau, Mr. Rauenhorst and Mr. Van Dyke have any relationship with the Company, other than as a director and/or shareholder. The Board specifically considered that Mr. Mitau serves as Executive Vice President and General Counsel of U.S. Bancorp, to which our Company paid approximately \$190,000 in 2006 for interest expense, trustee fees and banking services such as cash management, payroll accounts, credit card processing, wire transfers and letters of credit. The Board specifically considered that Mr. Rauenhorst serves as Chief Executive Officer of Opus Corporation and Chairman of Opus Northwest LLC, a wholly owned subsidiary of Opus Corporation, to which the Company paid approximately \$1,230,000 in 2006 for the construction of an addition to the Company's Sioux Falls manufacturing facility. Finally, the Board specifically considered that Mr. Van Dyke serves on the executive committee of the Board of Overseers, Carlson School of Management, University of Minnesota (Carlson), to which our Company's charitable foundation made a donation of \$100,000 in 2006 for undergraduate scholarships, and also serves as director of Urban Ventures Leadership Foundation (Urban Ventures), to which our Company's charitable foundation made a donation of \$50,000 in 2006 for the construction of a youth leadership facility. The Board determined that neither the nature of the relationship between Opus Corporation, U.S. Bancorp, Carlson or Urban Ventures, on the one hand, and our Company, on the other hand, nor the amount of payments, was material to any one of the entities. Moreover, our Company concluded that Messrs. Mitau, Rauenhorst and Van Dyke do not have material interests in the foregoing transactions because they were not directly involved in the transactions, they do not derive any special benefits related to the transactions, and the transactions with each of Opus Corporation and U.S. Bancorp were the result of a competitive bidding process.

Edgar Filing: GRACO INC - Form DEF 14A

BOARD AND COMMITTEE SERVICE

On December 9, 2005, the Board reviewed Mr. Eugster's service on the board of directors of three other public companies and his service on the audit committees of three other public companies and determined that such service did not impair his ability to effectively serve on any one or all of the Board, Audit Committee or Management Organization and Compensation Committee of our Company. Effective February 13, 2007, Mr. Eugster no longer serves on the board of directors of Golf Galaxy, Inc. As a result, he now serves on the board of directors and audit committees of two other public companies.

MEETINGS OF THE BOARD OF DIRECTORS

During 2006, the Board of Directors met seven times. Attendance of the Company's directors at all Board and Committee meetings averaged 90.7 percent. During 2006, every current director attended at least seventy-five percent (75%) of the aggregate number of meetings of the Board and all committees of the Board on which he or she served. Our Corporate Governance Guidelines require each director to make all reasonable efforts to attend the Company's Annual Meeting of Shareholders. In 2006, all of the directors attended the Annual Meeting of Shareholders. Each regularly scheduled meeting of the Board includes an executive session of only non-management directors. Mr. Mitau, Chair of the Governance Committee of the Board, presides at the executive sessions.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Board who served on the Management Organization and Compensation Committee during 2006 was ever an officer or employee of the Company or any of its subsidiaries.

NOMINATING PROCESS

The Governance Committee acts as the nominating committee for the Board of Directors, having the responsibility for identifying director candidates and recommending nominees to the Board. Shareholders may nominate candidates for election to the Board. Recommendations should be made in writing and addressed to the Governance Committee, in care of the Secretary of the Company, at the Company's corporate headquarters. Our by-laws provide that timely notice must be received by the Secretary not less than ninety (90) days prior to the anniversary of the date of our Annual Meeting of Shareholders. The nominations must set forth (i) the name, age, business and residential addresses and principal occupation or employment of each nominee proposed in such notice; (ii) the name and address of the shareholder giving the notice, as it appears in the Company's stock register; (iii) the number of shares of capital stock of the Company which are beneficially owned by each such nominee and by such shareholder; and (iv) such other information concerning each such nominee as would be required under the rules of the Securities and Exchange Commission in a proxy statement soliciting proxies for the election of such nominee. Such notice must also include a signed consent of each such nominee to serve as a director of the Company, if elected.

The Governance Committee will recommend for nomination as directors individuals who, in the judgment of the Committee, will be able to make a significant contribution to the governance of the Company by virtue of their experience, background, current position with other organizations and/or expertise in a particular business discipline. The business discipline that may be sought at any given time will vary depending on the needs and strategic direction of our Company, and the disciplines represented by incumbent directors. The Board will endeavor

Edgar Filing: GRACO INC - Form DEF 14A

at all times to have at least one director, who shall serve on the Audit Committee, who shall be independent and qualify as an audit committee financial expert as defined in the applicable rules of the Securities and Exchange Commission.

The Governance Committee identifies nominees for director in a number of ways, including recommendations from Committee members or other directors, research to identify candidates, and nominees recommended by shareholders. If appropriate, a recruiting firm may be used. At its meetings, the Committee discusses the number of new directors that may be needed and any particular expertise that may be desirable at the time. The Committee then discusses and evaluates each nominee, taking into account the nominee's experience, background, current occupation, and particular expertise, assessing the nominee's ability to make a significant contribution to the governance of the Company, expertise in a desired area, probable willingness to serve, ability to make the significant time commitment necessary to be a director of the Company, and other relevant factors. Shareholder nominees will be evaluated in the same manner as nominees from other sources.

Once elected, all directors are subject to the standards in our Corporate Governance Guidelines which include, among others, the requirement to resign at age seventy-two (72), unless the Board waives such requirement, and the requirement to tender the director's resignation if his or her employment status significantly changes.

COMMUNICATIONS WITH THE BOARD

The Board of Directors welcomes the submission of any comments or concerns from shareholders or other interested parties. These communications will go directly to the Vice President, General Counsel and Secretary. If a communication does not relate in any way to Board matters, he or she will deal with the communication as appropriate. If the communication does relate to any matter of relevance to the Board, he or she will relay the message to the Chairman of the Governance Committee, who will determine whether to relay the communication to the entire Board or to the non-management directors. The Vice President, General Counsel and Secretary will keep a log of all communications addressed to the Board. AUDIT COMMITTEE REPORT

Report of the Audit Committee

The Audit Committee has reviewed and discussed the audited financial statements of our Company for the fiscal year ended December 29, 2006 (the financial statements) with both the Company's management and its independent registered public accounting firm, Deloitte & Touche LLP (Deloitte). The Audit Committee has discussed with Deloitte the matters required by PCAOB Interim Auditing Standard AU Section 380, *Communication with Audit Committees*. Management has represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

Edgar Filing: GRACO INC - Form DEF 14A

The Audit Committee has received from Deloitte the written disclosure and the letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee has discussed with Deloitte their independence. The Audit Committee has also received written material addressing Deloitte's internal quality control procedures and other matters, as required by the New York Stock Exchange listing standards. The Audit Committee has considered the effect of non-audit fees on the independence of Deloitte and has concluded that such non-audit services are compatible with the independence of Deloitte.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the financial statements be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

The Audit Committee has considered the scope and fee arrangements for all services provided by Deloitte, taking into account whether the provision of non-audit services is compatible with maintaining Deloitte's independence. The Audit Committee pre-approved 100% of the services described below.

Pre-Approval Policies

The Audit Committee's policy on approval of services performed by the independent registered public accounting firm is to pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm during the fiscal year. The Audit Committee reviews each non-audit service to be provided and assesses the impact of the service on the firm's independence.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Compensation Philosophy

Edgar Filing: GRACO INC - Form DEF 14A

The Management Organization and Compensation Committee (for purposes of this Executive Compensation section, the Committee) is responsible for establishing our executive compensation philosophy. The Committee believes that our total compensation program should:

- Globally source, attract and retain highly qualified executives
- Motivate executives to improve the Company's financial position and increase shareholder value
- Provide total compensation that is competitive with other manufacturing companies of comparable sales volume and financial performance and that may adjust above or below the market median as a result of the Company's financial performance
- Align pay to balance the Company's short- and long-term objectives
- Maintain a strong link between pay and performance by placing a substantial portion of the total pay at risk
- Promote collaboration and teamwork across our organization
- Provide a total compensation pay mix that includes both fixed and variable, cash and non-cash, and short-term and long-term components

The Committee applies these philosophies in selecting compensation elements. Additionally, the Committee reviews competitive market and trend data, peer company performance and market data, internal equity among executive officers, individual and company performance, and cost when determining levels of compensation.

Executive Officer Compensation Processes

The Committee uses the following resources, processes and procedures to help it effectively perform its responsibilities:

- Executive sessions without management present to discuss various compensation matters, including the compensation of our Chairman, President and Chief Executive Officer (CEO)
- An independent executive compensation consultant who advises the Committee from time to time on compensation matters
- An annual review of all executive compensation and benefit programs for competitiveness, reasonableness and cost-effectiveness
- Program design and competitive market data are benchmarked for each component of total compensation using an industry peer group and a larger group of similarly sized manufacturing companies

Executive Compensation Consultant

The Committee has the authority under its Charter to engage the services of outside consultants, to determine the scope of the consultants services and to terminate such consultants' engagement. In 2006, the Committee engaged Hewitt Associates (Hewitt) as its independent outside executive compensation consultant to advise the Committee on certain matters related to executive compensation including:

- A competitive compensation review of the CEO and other executive officer positions
- Executive compensation trend data
- Observations on the design of the Company's short- and long-term incentive programs
- A competitive analysis of executive defined benefit pension and restoration plan designs
- A manufacturing peer group financial performance review and a named executive officer compensation market analysis of the twenty peer companies

Hewitt has not been retained by management of the Company, and, in 2006, received no other compensation from the Company for executive compensation services.

Role of Management in Executive Compensation Decisions

Our management is involved in the following executive compensation processes:

- The Chief Administrative Officer (CAO) and Compensation Manager develop or oversee the creation of written background and supporting materials for distribution to the Committee prior to its meetings
- In those years when the Committee does not retain an executive compensation consultant, certain compensation professionals employed by the Company, including the CAO and the Compensation Manager, (together the Compensation Group) together conduct an executive compensation competitive market analysis using independent survey data
- The CEO, CAO, Vice President, General Counsel and Secretary, and Compensation Manager all attend the Committee's meetings but leave during the non-employee director executive sessions
- The CEO, CAO, and Compensation Manager review executive officer compensation competitive analyses (excluding the CEO) and annually present and make recommendations to the Committee relating to bonus and long-term incentive plan designs and changes, if warranted. The CEO annually recommends to the Committee base salary adjustments and long-term incentive awards

Edgar Filing: GRACO INC - Form DEF 14A

in the form of stock-based grants for all executive officers, excluding the CEO
Immediately following the Committee's executive sessions, the Chair of the Committee provides the CAO with a summary of the executive session decisions, actions and underlying rationale for implementation as appropriate

Benchmarking

The Committee annually reviews benchmarking data consisting of total compensation and each of its three elements: base salary, annual incentives, and long-term incentives. The Committee targets base salaries to be at the median of manufacturers with similar sales volume. Levels of short- and long-term incentive compensation may be adjusted above or below median commensurate with our financial performance compared to the peer group. In determining 2006 executive compensation, the Committee used surveys published by Towers Perrin and Hewitt to benchmark the competitiveness of each element of total compensation for the Company's named executive officers. For 2007, the Committee only used Hewitt survey data because, unlike the Towers Perrin standard data, it was limited to manufacturing companies.

Survey benchmark positions were selected by the Committee to determine salary range midpoints based on market medians. The named executive officer benchmark positions include those of chief executive officer, chief financial officer, top manufacturing executive, and business unit executive. Additionally, the data gathered from the survey reflected manufacturing companies with similar levels of revenue. The median market data for the business unit and top manufacturing executive positions were averaged to create one midpoint for all of the incumbents in these positions. This method was established to provide better internal equity and flexibility in assigning business unit and manufacturing executives to other positions.

Additionally, a peer group comparison of named executive officer positions is conducted every other year by our executive compensation consultant to validate the Hewitt survey data and analysis. The peer companies selected are based on industry, size, and location. Approximately twenty companies comprise the peer group. In 2006, the companies included Actuant Corporation, A.O. Smith Corporation, Arctic Cat Inc., Briggs & Stratton Corporation, CICOR International Inc., Donaldson Company, Inc., Flowserve Corporation, Franklin Electric Co., Inc., Gardner Denver Inc., IDEX Corporation, MTS Systems Corporation, Nordson Corporation, Pentair Inc., Regal-Beloit Corporation, Robbins & Myers Inc., Roper Industries Inc., Tecumseh Products Company, Tennant Company, The Toro Company, and Watts Water Technologies Inc. In comparing financial performance, the Committee evaluates three-year sales growth, three-year earnings per share growth, operating margin, three-year total shareholder return, and market capitalization. Hewitt's 2006 Executive Compensation Summary Report showed that Graco's financial results exceeded the median financial performance of the twenty companies comprising our peer group.

Components of the Executive Compensation Programs

The primary elements of the Company's executive compensation programs are:

- Base salary
- Annual cash incentive
- Stock-based awards
- Benefits and perquisites
- Severance and change-in-control

Each year when the Committee reviews competitive market data for each of the benchmark executive positions, it looks at total compensation in addition to each of its three elements, which include base pay, annual cash incentive, and long-term incentives. After analysis of this data and discussion among the Committee members, the Committee determines the dollar allocation among each of the three elements. Although the Committee has not established specific ratios for each of the compensation elements, it strives to maintain a reasonable and competitive balance between the fixed and variable components.

Base Salary

The Committee provides base salaries to executives to attract and retain talent, provide competitive compensation for the performance of the executives' basic job duties, and recognize individual contributions to the Company's financial performance. Base salaries may be adjusted at the discretion of the Committee. The Committee generally targets base salary levels at the median of market data collected through our benchmarking process. Adjusting base salaries to achieve or approach median is consistent with the Committee's philosophy.

In December of each year, the CEO provides the Committee with an evaluation of each executive officer's performance, other than his own, covering the prior twelve months and his recommendation for base salary adjustments. The base salary adjustments are based on several considerations, which may include individual performance, salary comparison to market data, market projection for executive base salary adjustments, experience, internal pay relationships, potential assignments, and retention considerations. The Committee reviews the competitive

Edgar Filing: GRACO INC - Form DEF 14A

market data and base salary adjustments recommended by the CEO. All executive officer base salaries for the next calendar year are approved by the Committee at its December meeting, and become effective January 1. In addition, an executive session is held at the Committee's December meeting to determine the base salary adjustment for the CEO. Management does not provide a CEO base adjustment recommendation to the Committee. During this session the Committee reviews the CEO's performance over the past year. It considers the CEO's expertise, market knowledge, decision-making, other leadership capabilities, and Board contributions. Additionally, the Committee evaluates the CEO's performance against annual objectives established at the beginning of the year. The Committee also reviews the CEO's base salary in comparison to competitive market data of manufacturing companies with similar sales volume. Following discussion, the Committee approves the CEO's base salary for the next calendar year, which becomes effective January 1.

On January 1, 2006, Mr. Roberts, Chairman, President and CEO, received a 10% increase in base salary, bringing his base salary to \$617,100. He received a 10% increase because his 2005 base salary fell below the median of the competitive market data, he successfully completed several strategic initiatives, and the Company achieved a strong financial performance in 2005. The other named executive officers received an increase ranging from 2% to 6%. The adjustments were based on their positions as compared with the competitive market data, individual performance, and internal equity considerations among the executives. Except for Mr. Roberts, the increases that these executives received were in line with the market projection for executive base salary adjustments.

In December 2006, the Committee increased Mr. Roberts' base salary to \$654,100 effective January 1, 2007. He received a 6% increase because the Company's financial performance in 2006 was strong and his base salary fell below the competitive market median data. The other named executive officers received an increase ranging from 4% to 6%. These base increases approved for the foregoing named executive officers became effective January 1, 2007 and were based on their positions compared to competitive market data, individual performance, and internal equity considerations among our executives. The increases that these executives received were in line with the market projection for executive base salary adjustments.

Annual Cash Incentive

At the beginning of each year the Committee establishes an annual incentive opportunity for the CEO and the other executive officers. A separate bonus plan (the Executive Officer Annual Incentive Bonus Plan) has been created for the CEO to qualify his annual cash incentive as performance-based to ensure 162(m) deductibility under the Internal Revenue Code. A separate annual incentive plan (the Executive Officer Bonus Plan) applies to the other executive officers. The Executive Officer Annual Incentive Bonus Plan and the Executive Officer Bonus Plan, together, are referred to as the Annual Incentive Plans. The Annual Incentive Plans are designed to motivate our executives to increase the Company's sales and earnings by offering an incentive that rewards year-over-year sales and earnings growth. Potential payout under the Annual Incentive Plans is expressed as a percent of base salary. The Committee reviews market data for the annual incentive element before determining the relationship between performance targets and the bonus payout range. If minimum performance levels are not achieved, there is no payout. A specific financial performance threshold must be attained in order to earn an incentive. The annual incentives, to the extent earned, are paid in cash in March following the calendar year end and are based upon the Committee's determination of actual performance against the pre-established targets.

At its Committee meeting in February 2006, the Committee approved the participation of the CEO and other executive officers in their respective Annual Incentive Plans for 2006. The maximum payout levels for 2006 were 150% of base salary for the CEO and 105% of the base salaries for the other executive officers. In 2007, the maximum payout levels will remain the same. The Committee established two financial measures for these plans, consisting of net sales and net earnings growth over the prior year. The measures were equally weighted. Increases in net sales and net earnings growth were selected as the metrics against which to measure the officers' performance for the annual incentive plan because the Committee desires to motivate the officers to achieve profitable business growth consistent with the Company's aggressive long-term financial objectives.

The 2006 incentive award payouts were based upon the achievement of specified levels of growth in net sales and net earnings of the Company. The minimum and maximum sales growth targets established for 2006 were 100% and 112% of prior year, respectively. The minimum and maximum earnings growth targets established were 95% and 120% of prior year, respectively. Net sales of \$816.5 million in 2006 represents an increase in net sales of 12% over 2005, and net earnings of \$149.8 million in 2006 represent an increase in net earnings of 19% from 2005, which, together, led to the payout awards.

The Committee has the authority to make adjustments to the incentive payout award based on unanticipated or special circumstances. For the 2006 incentive award program, the Committee decided to exclude the expense related to stock-based compensation when determining achievement of the net earnings financial objective. This adjustment was made because 2006 financial results included stock-based compensation expenses, while 2005 did not. The Committee made the adjustment so both periods could be measured on a consistent basis for purposes of determining net earnings growth.

At its February 2007 meeting, the Committee again approved net sales and net earnings growth as the performance metrics. Each of the measures will be weighted equally. In 2007, Mr. Roberts will participate in the Executive Officer Annual Incentive Bonus Plan with a minimum payout of 0% and a maximum payout of 150% of base salary to be paid. The other executives participate in the Executive Officer Bonus Plan

Edgar Filing: GRACO INC - Form DEF 14A

with a minimum payout of 0% and a maximum payout of 105% of base salary to be paid.

CEO Awards

Under this program, individual discretionary awards, in an aggregate amount not to exceed \$200,000, may be made each year to recognize the significant contributions of selected employees, including executive officers. Mr. Roberts, based on input from his management team, determines the recipients of these monetary awards each year. In February 2007, CEO Awards were granted to fourteen employees, two of whom are named executive officers. The Committee approved an award to each of Messrs. Rescorla and Sutter in the amount of \$10,000 at its February 16, 2007 meeting for significant contributions made by them during the 2006 fiscal year.

Stock-based Awards

The Company's executive long-term incentive program, through stock-based awards, rewards the Company's executive officers for the Company's performance over a period of time typically exceeding three years. This long-term incentive program (the LTI Program) is structured to align the financial interests of the executive officers with those of Company shareholders. The Committee believes that equity-based compensation ensures that the executives have a continuing stake in the long-term success of the Company.

The 2006 LTI Program consisted solely of stock options granted to executive officers under the Graco Inc. Stock Incentive Plan (the Stock Incentive Plan). The stock option grant feature of the LTI Program is designed to promote the growth of our stock price by offering officers a financial stake in the Company. The Committee believes that executive officers having a financial stake will be motivated to put forth sustained effort on behalf of the Company's other shareholders to support the continuous growth of the Company's share price. The LTI Program also promotes the interests of the Company and its shareholders through the attraction and retention of experienced and capable leaders.

The Committee typically grants stock-based awards to each executive officer at its regularly scheduled February meeting. The Board sets the February meeting date several months in advance. Under the terms of the Stock Incentive Plan, the Committee must approve all stock option grants for officers. In 2006, executive officers were awarded non-qualified stock options with an exercise price equal to the fair market value of the Company's common stock on the grant date, defined in the Stock Incentive Plan as the closing price of the stock on the day immediately preceding the grant date. Each option has a 10-year term and becomes exercisable in equal installments over four years, beginning with the first anniversary of the grant date.

The number of shares covered by the stock options granted in 2006 to each executive officer was determined by reviewing competitive long-term incentive market data for each of the benchmarked executive officer positions in addition to considering the current exercise price. The Committee granted the same number of shares to each of the executive officers reporting to the CEO given its determination that each of such officers significantly impacted the Company's performance. The Committee considers, except in the case of the award to the CEO, the recommendation of the CEO for such awards. Other factors considered by the Committee in determining the numbers of stock options granted to each executive officer include the number of shares granted in previous years, the previous year's financial performance of the Company, the dilutive effect on the Company's shareholders, and the allocation of overall share usage attributed to executive officers.

In February 2006, Mr. Roberts was granted an option for 140,000 shares, which reflected an increase of 40,000 shares over those granted in 2005. The increase in the number of shares was due to the Committee's assessment of the Company's superior financial performance in 2005 and Mr. Roberts' achievement of key strategic initiatives. The other executive officers were each granted an option for 22,500 shares because they all significantly impacted the Company's financial results. The grant date fair market value of the options awarded was \$41.36 per share.

In February 2007, the Committee granted Mr. Roberts an option for 140,000 shares. Each of the other executive officers was granted 22,500 stock options. The Committee granted the same number of shares to each of the other executive officers due to their overall contributions to the Company's performance in 2006.

Benefits and Perquisites

In an effort to attract and retain talented employees, the Company offers retirement, health and welfare programs competitive within its local markets (the Benefit Programs). The only Benefit Programs offered to executive officers either exclusively or with terms different from those offered to other eligible employees include the following:

Supplemental Retirement Benefit. This unfunded supplemental retirement benefit arrangement provides certain executives with a benefit of \$10,000 per year payable for ten (10) years in monthly installments commencing upon retirement. If an eligible participant elects to retire and receive this benefit prior to reaching age sixty five (65), the benefit amount will be reduced by one-half of one percent (0.5%) for each month by which the participant's retirement precedes his or her sixty-fifth (65) birthday. Mr. Graner is the only active executive officer eligible for this benefit.

Edgar Filing: GRACO INC - Form DEF 14A

Restoration Plan. Since the Internal Revenue Code limits the pension benefits that can be accrued under a tax-qualified defined benefit pension plan, the Company has established the Graco Inc. Restoration Plan. This plan is a nonqualified excess benefit plan designed to provide retirement benefits to eligible participants as a replacement for those retirement benefits reduced under the Graco Employee Retirement Plan by operation of Section 415 and Section 401(a)(17) of the Code. In 2006, the Committee approved the removal of the restoration plan maximum benefit cap of \$170,000, thus restoring the benefits lost by operation of the foregoing Code sections. As a result, the operation of the Plan's provisions are now the same as those applicable to all other eligible employees. The decision was based on competitive data and input from an executive compensation consultant retained by the Committee to benchmark this element.

On February 16, 2007, the Committee approved an arrangement by which Mr. Roberts, effective January 1, 2007, will be credited with one-and-one-half years of service under the Restoration Plan for each year worked until retirement. This decision was based upon the Committee's review of benchmarking data and its desire to provide Mr. Roberts with retirement benefits closer to the market median.

Supplemental Long-term Disability Program. Each executive officer is enrolled in an individual executive long-term disability plan. The premiums are paid by our Company. Each plan provides the executive with a monthly disability benefit of up to \$20,149 in the event of the executive's long-term disability.

Other Perquisites. The Company provides few other perquisites to its executive officers. We reimburse executives for certain financial planning expenses to encourage the executives to maximize the value of their compensation and benefit programs. In 2006, the maximum amount reimbursable for financial planning was \$10,000 for the CEO and \$7,000 for all other executive officers. In order to motivate the executives to receive appropriate preventative medical care to support their continued health and productivity, the Company offers executive officers with an executive physical examination program through the Mayo Clinic. This program provides a physical examination every other year for executives from age 40 through 49, and every year for executives age 50 and older. Executives may be reimbursed and/or receive a tax gross-up for certain limited spousal travel and entertainment events.

Severance and Change-in-Control.

Upon termination of employment upon certain circumstances (other than a termination following a change in control of the Company), severance benefits may be paid to the named executive officers. The severance benefits payable to Mr. Roberts are addressed in his severance agreement, discussed below. The separation terms for executive officers, excluding the CEO, whose employment is involuntarily terminated without cause by the Company are reviewed and approved by the Committee on a case by case basis, although it has been the general practice of the Company to provide twelve months base salary to the terminated executive officer or until the officer secures other employment, if such employment occurs within the twelve month period, subject to execution of a written release. The Committee has the discretion to consider other elements of separation pay and benefits including, but not limited to, payment by our Company of the employee's COBRA premiums and outplacement benefits.

Severance Agreement with Chief Executive Officer

The Company entered into a severance agreement with Mr. Roberts when he was hired in June 2001. The Company offered Mr. Roberts this competitive benefit in order to motivate him to join the Company as President and CEO. The agreement provides that Mr. Roberts will be paid an amount equal to two years of his then current base salary and a prorated bonus based on actual performance in the year the termination occurs, and he will be reimbursed for COBRA premiums for a period of eighteen months if he is terminated involuntarily for other than gross and willful misconduct.

Change-in-Control

The Company has entered into change-in-control agreements with the CEO and each of the named executive officers. The Board has decided that it is in the best interests of the Company and its shareholders to assure that the Company will have the continued dedication of the executives in the event of a change in control. The Committee believes it is imperative to diminish the inevitable distraction of the executives by the personal uncertainties and risks created by a pending or threatened change in control. By offering an agreement that will financially protect the executive in the event their employment is terminated in connection with a change in control, the Committee believes each executive's full attention and dedication to the Company will be enhanced to facilitate an orderly transition.

The agreements provide that covered executive officers will be entitled to certain base salary and annual cash incentive levels during employment for a two-year period, and severance benefits under certain conditions following a change-in-control event. If the CEO or executive officer terminates employment for "good reason" or is terminated for reasons other than cause, death, or disability, within two years of the change-in-control date the benefits include:

Edgar Filing: GRACO INC - Form DEF 14A

A lump sum cash payment equal to a prorata portion of the annual bonus amount that would have been paid had termination not occurred, but not less than the annual bonus at midpoint;

A lump sum cash payment equal to two times the sum of (a) the executive officer's then current annual base salary and (b) the annual bonus at midpoint;

Continuation of health and welfare benefits at active employee rates for a period of two years;

An additional two years of service for purposes of calculating the benefits due under the Company's retirement plans; and

A tax gross-up payment sufficient to compensate the executive officer for any excise tax imposed by Section 4999 of the Internal Revenue Code, and for any taxes imposed on such gross-up.

The Committee considers the salary and bonus amounts offered by the agreements to be reasonable and appropriate for executive officers who may not be in a position to readily obtain comparable employment. The Board has approved the accelerated vesting of all outstanding stock options upon an involuntary termination without cause, or a voluntary termination with good reason, following a change in control because it believes that to do so is reasonable and because accelerated vesting is a customary component of competitive stock option programs for peer companies. The Committee believes it is reasonable for the Company to provide a tax gross up to executive officers who are subject to the twenty percent excise tax levied by the federal income tax laws on the amounts that the Committee has determined to pay to executives in the event of a change in control.

Tax Implications of Executive Compensation

Section 162(m) of the Internal Revenue Code places a limit of \$1 million in compensation per year on the amount that the Company may deduct with respect to each of its Named Executive Officers. This limitation does not apply to compensation that qualifies as performance-based compensation. Annual cash incentives and stock option awards constitute performance-based compensation and will generally be fully deductible. The Committee believes that all incentive compensation paid to the executive officers for fiscal year 2006 will be deductible for federal income tax purposes. However, the Committee reserves the flexibility to approve elements of compensation for specific officers in the future that may not be fully deductible when the committee deems the compensation appropriate in light of its philosophies.

Report of the Management Organization and Compensation Committee

The Management Organization and Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, the Management Organization and Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Grants of Plan-Based Awards in 2006

On February 17, 2006, the Management Organization and Compensation Committee awarded a non-qualified stock option to each executive officer, including the NEOs, under the Amended and Restated Graco Inc. Stock Incentive Plan (2006). The amounts shown in the column entitled "All Other Option Awards: Number of Securities Underlying Options" reflect the number of common shares covered by the stock option granted to each NEO. Each option has a 10-year term and becomes exercisable in equal installments over four years, beginning with the first anniversary of the grant date. The Amended and Restated Graco Inc. Stock Incentive Plan (2006) requires the exercise price of an option to be the fair market value of the shares on the date of the grant. The fair market value of the shares is defined as the last sale price on the day preceding the date of grant, unless otherwise determined by the Committee. The Committee has not changed this definition.

Edgar Filing: GRACO INC - Form DEF 14A

Under the Executive Officer Annual Incentive Bonus Plan, the payout to Mr. Roberts, upon achievement of applicable financial measures, ranges from a minimum of 0% to a maximum of 150% of his annual base salary.

Under the Executive Officer Bonus Plan, the payout to the NEOs, upon achievement of applicable financial measures, ranges from a minimum of 0% to a maximum of 105% of their annual base salary.

⁽¹⁾ The Company maintained one plan that did not require approval by shareholders. The Employee Stock Incentive plan (ESIP) is a broad-based plan designed to offer employees who are not officers of the Company the opportunity to acquire Graco stock. Under this plan, the option price is the market price on the date of the grant. Options become exercisable at such time and in such installments as the Company shall determine, and expire ten years from the date of the grant. Authorized shares remaining under the ESIP were cancelled as of April 21, 2006, with future grants to be made under the Amended and Restated Stock Incentive Plan (2006).

Change in Control and Post-Termination Payments

Change in Control

Each of the named executive officers and the other executive officers and certain other key employees, have entered into change of control agreements with us (singularly Agreement ; collectively the Agreements). The change in control period is defined to extend for two years from the date the Agreement is executed. Each year this period is automatically extended for one year so as to terminate two years from the annual anniversary of date of the Agreement, unless we give the executive notice that we do not wish to extend this period.

A change of control is generally defined in the Agreements to have occurred if (i) a person other than a trust person (as defined in the Agreement) acquires beneficial ownership of 25% or more of our outstanding common stock, except acquisitions directly from us, by us, by our employee benefit plan, or by the executive or a group of which he is a part; (ii) members of the Incumbent Board (as defined in the Agreement) cease to be in the majority on the Board; (iii) the shareholders approve a reorganization, merger, consolidation or statutory exchange of our outstanding common stock, or approve a sale or other disposition of all or substantially all of our assets; or (iv) the shareholders approve a complete liquidation or dissolution of the Company.

Each Agreement provides that for two years after a change in control there will be no adverse change in the executive s duties and responsibilities, compensation program, benefits or other circumstances, provided that nothing will restrict the right of the executive or us to terminate the employment of the executive. If the executive s employment is terminated by us for any reason other than for good cause, death or disability, or by the executive for good reason (as defined in the Agreement), within two years following the change in control, the executive will be entitled to certain benefits. These benefits include the executive s annual base salary yet to be paid through the date of termination, the higher of (1) the midpoint between the minimum and maximum bonus for the fiscal year in which the termination occurs, and (2) the amount payable to the executive under the Annual Bonus Plan had the termination not occurred pro-rated for the number of days in the current fiscal year through the date of termination, two times the executive s annual base salary, and two times the midpoint between the minimum and maximum bonus for the fiscal year in which the termination occurs. Any unvested options held by the executive will become immediately and fully exercisable on the day following the change of control. The executive officers employee benefit coverage will be continued for a minimum of two years following the date of termination. This will include, without limitation, medical, dental, disability, salary continuance, group life insurance, and accidental death and travel accident insurance. For purposes of the Graco Employee Retirement Plan and the nonqualified Graco Inc. Restoration Plan, the executive officers will be considered to have remained employed until two years after the date of termination and to have retired two years after the date of termination.

Excise Tax/Gross-Up Payments

If, upon a change in control, the executive is subject to certain excise taxes or any interest or penalties pursuant to Section 280G of the Internal Revenue Code, as amended, (the Code) or any successor provision, the executive will be entitled to receive an additional gross-up payment equal to, including without limitation, any income taxes and excise tax imposed upon the gross-up payment, and any interest or penalties imposed with respect to such taxes.

The payments to which the executive is entitled are subject to reduction in the event the payments would constitute a parachute payment within the meaning of Section 280G of the Code, provided that the reduction does not exceed \$25,000. If the reduction would exceed \$25,000, there will be no reduction and we will make an additional gross-up payment to the executive in the amount that will put the executive in the same after-tax position as if no excise tax under the Code had been imposed as discussed above.

Edgar Filing: GRACO INC - Form DEF 14A

Termination Arrangements

In the event Mr. Roberts' employment is terminated involuntarily for other than gross or willful misconduct, he will be paid an amount equal to two years of his then base salary. He will also be entitled to a bonus for the year of his termination, based on the bonus program and formula then in effect for him and salary actually earned by him during that year. We will also reimburse him for any premiums for our health plans he elects under COBRA. As of December 31, 2006, he was considered fully vested in our pension and restoration plan.

If Mr. Roberts' employment is terminated due to death or disability, he will also be entitled to a bonus for the year of his termination, based on the bonus program and formula then in effect for him and salary actually earned by him during that year. Mr. Roberts will be entitled to receive death and disability benefits. In accordance with the Graco Stock Incentive Plan, all unvested options held by Mr. Roberts will vest upon the date of termination.

The separation terms for executive officers, excluding the CEO, whose employment is involuntarily terminated by the Company without cause are reviewed and approved by the Management Organization and Compensation Committee on a case by case basis, although it has been the general practice of the Company to continue to provide twelve months base salary to the terminated executive officer subject to execution of a written release. The Management Organization and Compensation Committee has the discretion to consider other elements of separation pay and benefits, including but not limited to payment by our Company of the employee's COBRA premiums and outplacement benefits.

Non-Incremental Compensation Payable Upon All Terminations

Each named executive officer is eligible for the following benefits as part of our standard practice or policy, however the benefits are not triggered by the any specific termination reason. Incremental amounts for each of these benefits are disclosed in the Summary Compensation Table, Potential Payments Upon Termination or Following a Change in Control Table, or Retirement Benefits Table.

Per the Executive Officer Annual Incentive Bonus Plan and the Executive Officer Bonus Plan, each participant is eligible to receive a prorated bonus based on the amount of base salary earned during the fiscal year and the bonus percentage paid for that year for a termination due to death, disability or retirement. All unvested stock option awards provided to any employee will automatically be accelerated and fully vested in the event the employee is terminated due to death, disability or retirement. Participants in the Graco Employee Retirement Plan, the Graco Inc. Restoration Plan and the Supplemental Executive Retirement Plan would receive the accumulated pension benefits over their lifetime, a specific defined time or at the time of their retirement. These amounts are reflected in column (d) of the Retirement Benefits Table. All of our employees are eligible to receive payment for any credited but unused vacation time. Each named executive officer would receive reimbursement for any miscellaneous travel and spousal travel perquisites and associated tax gross-up payments when incurred during the fiscal year.

The following Table describes the potential payments and benefits, other than those available generally on a nondiscriminatory basis to all salaried employees, provided upon termination of employment or following a change in control for each of the named executive officers calculated as if the termination occurred on December 29, 2006.

- (6) Mr. Graner is eligible for an annual benefit upon his retirement or death, paid in monthly payments to him or his beneficiary for a period of 10 years starting with his retirement or the 1st month following the month of death.

Pension Benefits

Graco Employee Retirement Plan (1991 Restatement)

The Graco Employee Retirement Plan (The Retirement Plan) is a funded defined benefit plan designed to coordinate with Social Security benefits to provide a basic level of retirement benefits for all eligible employees. Eligible executive officers participate in our tax-qualified defined benefit pension plan on the same terms as the rest of our eligible employees. Each of the named executive officers is eligible for benefits under the Retirement Plan.

Benefits for those eligible under the Retirement Plan consist of a fixed benefit, which is designed to provide retirement income at age 65 of 43.5% of average monthly compensation, less 18% of Social Security covered compensation (calculated in a life annuity option) for an employee with 30 years of service. Average monthly compensation is defined as the average of the five consecutive highest years' cash compensation during the last ten years of service, divided by sixty. The Retirement Plan defines eligible cash compensation as base salary, holiday pay, income earned outside of the United States but paid in the United States, annual bonus, CEO award, sales incentive, area differential, short-term disability payments, vacation pay and paid out accrued vacation, deferrals made under a cash or deferred agreement under Code section 401(k), contributions to a plan established under Code section 125, and transit and parking reimbursements made under Code section 132. Benefits under the Retirement Plan vest upon five years of benefit service.

Normal retirement age is defined as sixty-five (65). Early retirement is available to participants age fifty-five (55) with five (5) years of vesting service. The monthly amount of a participant's benefit when retiring prior to age sixty-five (65) will be reduced by one-half of one percent (0.5%) for each month by which the date of the participant's pension benefit is to begin prior to the participant turning age sixty-five (65).

The default form of pension benefit is a single life annuity that provides a monthly benefit for the life of the participant. A participant may elect an optional form of payment. The optional forms available are survivor annuity form or a term certain form. A survivor annuity form is an annuity that is payable monthly to and for the lifetime of the participant with a survivor annuity that is payable monthly after the participant dies to and for the lifetime of a participant's designated joint annuitant in an amount equal to fifty percent (50%) or sixty-six and two-thirds percent (66 2/3%) or one hundred percent (100%) (as elected by the participant) of the amount payable during the joint lives of the participant and the designated joint annuitant. The value of the amounts payable in the survivor annuity form shall be actuarially equivalent to the value of the amounts payable in the single life annuity form. Term certain form is a form of annuity, that is payable monthly to and for the lifetime of the participant or, if longer, for one hundred twenty (120) or one hundred eighty (180) months, as elected by the participant before his pension is to begin.

Graco Inc. Restoration Plan (2005 Statement)

Because the Internal Revenue Code limits the pension benefits that can be accrued under a tax-qualified defined benefit pension plan, we have established the Graco Inc. Restoration Plan (the Restoration Plan). This plan is a nonqualified unfunded excess benefit plan designed to provide retirement benefits to eligible executives as a replacement for the retirements benefits limited under the Retirement Plan by operation of Section 415 and Section 401(a)(17) of the Code. The Restoration Plan provides comparable level retirement benefits as a percentage of compensation as those provided to other employees.

An employee that is a participant in the Retirement Plan, and has experienced a legislative reduction in benefits under the Graco Employee Retirement Plan due to limitations imposed by Section 415 of the Code, Section 401(a)(17) of the Code, or who have experienced a reduction in benefits due to participant contributions to the Graco Deferred Compensation Plan (2005 Restatement), and is selected for participation shall be eligible to participate in the Plan.

Edgar Filing: GRACO INC - Form DEF 14A

Benefits under the Restoration Plan are based on the formula contained in the Retirement Plan. The Plan shall pay as a benefit to a participant the excess, if any, of the amount that would have been payable to the participant under the Retirement Plan if such benefit had been determined without regard to the benefit limitations under Section 415 of the Code, or to the compensation limitation of section 401(a)(17) of the Code. Although the benefit amount is based on the formula in the Retirement Plan, no elections or optional forms of settlement under the Graco Employee Retirement Plan shall apply to the benefits under the Graco Inc. Restoration Plan. A participant's benefit shall commence as of the first day of the month after the later of (i) the date the participant attains age sixty-two (62), or (ii) the participant separates from service. In the case of a distribution to a key employee (as defined in IRS Code section 409A) where the timing is based on the key employee's separation from service, the date of the distribution to the key employee shall be the first day of the month following the date that is six (6) months after the date of the key employee's separation from service.

If the participant is married at the time distribution of a participant's benefit is to commence, a participant's benefit is to be paid in the form of a qualified joint and survivor annuity. A qualified joint and survivor annuity will be paid over the life of the participant with the annuity reduced and fifty percent of the annuity paid to the spouse after the participant's death if the spouse survives the participant. The annuity shall not be subject to the rules governing qualified joint and survivor annuities under the Code. If a participant is single at the time distribution of a participant's benefit is to commence, the participant's benefit is to be paid in a single life annuity. If the value of a participant's benefit under the plan is ten thousand dollars (\$10,000) or less as of the date the participant's benefit is to commence, the benefit shall be paid in a single lump sum payment.

In 2006, the Committee approved an increase to the maximum benefit cap on the Restoration Plan. The cap previously in effect limited the aggregate annual retirement benefits of the Graco Employee Retirement Plan (1991 Restatement) and the Graco Inc. Restoration Plan (2005 Restatement) benefits combined to a maximum of \$170,000. The maximum was removed to provide a comparable level of retirement benefits as a percentage of compensation as those provided to other employees. This decision was based on competitive benchmarking data provided by an outside consultant. The increase of the cap had no negative impact on the financial statements.

On February 16, 2007, the Committee approved an arrangement by which Mr. Roberts, effective January 1, 2007, will be credited with one-and-one-half years of service under the Restoration Plan for each year worked until retirement.

The actuarial present values of accumulated benefits as of December 31, 2006 for both the 1991 and 2005 Restatements are reflected in the Present Value of Accumulated Benefit Column of the Pension Benefits for 2006 table below. The actuarial present values are based on the valuation method and the assumptions applied in the calculations.

Supplemental Executive Retirement Plan

The Company desires to retain the services of Mr. Graner and realizes that if he were to enter into competition with the Company, it may suffer a financial loss. Therefore, the Company entered into an agreement with Mr. Graner to provide him one additional unfunded supplemental retirement benefit of \$10,000 per year guaranteed payable for ten years via 120 monthly installments.

The agreement acknowledges that Mr. Graner may retire on the first of any month coincident with or following the completion of five years of service and attainment of age fifty-five. If Mr. Graner elects to retire prior to the age of sixty-five, the benefit amount will be reduced by one half of one percent for each month by which his retirement precedes age sixty-five.

Mr. Graner agrees that, as long as he continues to receive monthly payments, he will not directly or indirectly enter into or in any manner take part in any business, profession or other endeavor either as an employee, agent, independent contractor, owner or otherwise which in the opinion of our board of directors shall be in competition with the business of our company.

Benefits reflected in the following Table are based on either age 65 or the earliest date the NEO would receive unreduced benefits. Messrs. Graner and Johnson are eligible for unreduced benefits upon reaching age 62 and Mr. Sutter upon reaching age 64.

(2) Mr. Graner and Mr. Rescorla are eligible for early retirement benefits under all three plans.

Nonqualified Deferred Compensation

The Graco Deferred Compensation Plan (2005 Statement) (the "Deferred Compensation Plan") is a nonqualified, unfunded, deferred compensation plan under section 409A of the Internal Revenue Code. This plan was adopted following the freezing of the Graco Inc. Deferred Compensation Plan (1992 Restatement) effective December 31, 2004. Only a select group of management or highly compensated employees are eligible for the current Plan.

A participant in this Plan may elect to defer one percent to fifty percent of his or her base salary or advance sales incentive and/or one percent to one hundred percent of his or her annual bonus and year-end sales incentive award. The Plan uses measurement funds to value the performance of the participants' accounts. Participants can select one or more measurement funds and allocate their accounts in whole percentages. Participants have the ability to change their measurement funds on a daily basis. Participants are fully vested in the funds credited to their account at all times.

Upon enrollment in the Plan, the participant elects the year distributions are to begin and the form of distribution. The participant may elect a one-time change to the year in which the distribution is to begin. The election shall delay the first distribution date for at least five years after the date the distributions would have begun under the original election. Participants have the ability to select between the following distribution forms: lump sum or annual installments for five, ten or fifteen years. In the event of a separation from service, the account will be distributed as soon as administratively possible on the January next following the date of separation from service. Key employee (as defined by IRS Code section 409A) distributions where the timing of the distribution is based on separation from service, the date of distribution shall be the first of the month following the date that is six months after the date the key employee separated from service.

Effective December 31, 2004, Graco froze the Graco Inc. Deferred Compensation Plan (1992 Restatement). A participant in the Graco Inc. Deferred Compensation Plan (1992 Restatement) could have deferred one percent to twenty-five percent of his or her base salary or advance sales incentive and/or one percent to fifty percent of his or her annual bonus and year-end sales incentive award. The Graco Inc. Deferred

Compensation Plan (1992 Restatement) provided a guaranteed interest rate equal to the ten year United States Treasury Note rate in effect on the last business day of November preceding the new calendar year. Participants are fully vested in the funds credited to their account at all times.

A participant in the Graco Inc. Deferred Compensation Plan (1992 Restatement) is eligible for distribution upon his retirement on or after the date he attains age fifty-five and completes at least five years of service. The monthly amount of a participant's benefit will be determined by dividing their account balance by the number of months of the payout period that was irrevocably selected by the participant upon enrollment or the number of months necessary to provide a minimum monthly payment of \$1,000.

As of December 31, 2006, Mr. Roberts was the only eligible named executive officer to elect to contribute to the Plan in fiscal 2006.

DIRECTOR COMPENSATION

During 2006, the annual retainer for each non-employee director of our Company, except the non-employee Chairman, was \$32,000. The non-employee Chairman was paid at the rate of \$60,000 per annum through April 21, 2006. At the Board meeting held on April 21, 2006, David A. Roberts, our President and CEO, was elected Chairman, a position for which he receives no compensation. There are also annual retainers for \$5,000 for the chairs of the Governance Committee and Management Organization and Compensation Committee, and \$7,500 for the chair of the Audit Committee. From January through April 2006, the non-employee directors received a meeting fee of \$1,000 for each Board meeting attended. From May through December 2006, the meeting fee was \$1,500 for each Board meeting attended. The meeting fee for the Governance Committee and the Management Organization and Compensation Committee is \$1,000 per meeting. The meeting fee for the Audit Committee is \$1,200 per meeting. Attendance by telephone at any Board or Committee meeting is paid one-half of the fee for in-person attendance. All retainer and meeting fees are paid in arrears.

On February 16, 2007, the Board of Directors, upon recommendation by the Governance Committee, approved an increase from \$1,000 to \$1,200 for the Management Organization and Compensation Committee and Governance Committee meeting fees, and an increase from \$5,000 to \$7,500 for the Management Organization and Compensation Committee chair's annual retainer. These changes become effective May 1, 2007, and were based upon a review of the median data from two survey sources and data reported by a group of twenty peer companies.

Edgar Filing: GRACO INC - Form DEF 14A

A non-employee director may elect to receive shares of our common stock instead of cash for all or part of the director's annual retainer (including committee chair retainer) and meeting fees. A director may choose to receive the shares currently or defer receipt until the director leaves the Board, at which time the director may receive the shares in a lump sum or installments. Payments, whether in a lump sum or by installments, shall be made in shares of common stock, plus cash in lieu of any fractional share. When our Board declares a dividend, the director's deferred stock account is credited with additional shares of stock in an account held by a trustee in the name of the non-employee director equivalent to the number of shares that could be purchased with the dividends at the current fair market value of the shares.

Under the Amended and Restated Graco Inc. Stock Incentive Plan (2006), non-employee directors receive an annual option grant of 3,600 shares on the date of the Company's annual meeting of shareholders. In 2006, non-employee directors were eligible to receive an initial option grant of 3,600 shares upon first joining the Board. Options granted under the Plan are non-statutory, have a ten-year duration and become exercisable in equal installments over four years, beginning with the first anniversary date of the grant. The option exercise price is the fair market value of the stock on the date of grant, as defined in the Plan. The Plan defines "fair market value" as the last sale price of the stock as reported by the New York Stock Exchange on the date immediately prior to the date of grant.

In February 2001, the Board terminated the retirement benefit for non-employee directors, which provided that, upon cessation of service, non-employee directors who have served for five full years will receive quarterly payments for five years at a rate equal to the director's annual retainer in effect on the director's last day of service on the Board. Retirement payments will be made in accordance with the retirement benefit to Mr. Mitau, Ms. Morfitt and Mr. Van Dyke upon their respective retirements.

William G. Van Dyke		54,075	78,319		132,394
Robert W. Van Sant		51,225	34,548		85,773

(1) Mr. Carroll elected to receive all his retainer and meeting fees in cash. Mr. Bohn and Mr. Rauenhorst elected to receive all of their retainer and meeting fees in shares of stock plus cash in lieu of any fractional share. Mr. Eugster elected to receive 25% of his retainer in cash and 75% in deferred stock. The Board accepted Mr. Moar's resignation at the September 22, 2006 Board meeting. In accordance with the terms of the Non-Employee Director Stock and Deferred Stock Program, Mr. Moar received his third quarter retainer and meeting fees solely in cash.

(2) During all or a portion of their service on the Board, Messrs. Carroll, Eugster, Gilligan, Mitau, Moar, Rauenhorst, Van Dyke, Van Sant and Ms. Morfitt have elected to defer the receipt of stock. The amounts in the Stock Awards column reflect the sum of the fair market value of the stock for each of the four calendar quarters. Fair market value is based on the closing price of the stock on the last trading day of the calendar quarter. The Deferred Stock Account balances as of 2006 year end are as follows: Mr. Carroll 11,997 shares; Mr. Eugster 2,912 shares; Mr. Gilligan 8,725 shares; Mr. Mitau 24,313 shares; Mr. Moar 8,040 shares; Ms. Morfitt 14,569 shares; Mr. Rauenhorst 8,026 shares; Mr. Van Dyke 19,663 shares; and Mr. Van Sant 3,528 shares.

(3) Each non-employee director received an annual option grant of 3,600 shares on April 21, 2006, the date of the annual meeting of shareholders. The grant date fair market value of the options issued to the non-employee directors in 2006 was \$48.95 per share. The amounts reported in the Option Awards column are the same as the compensation cost recognized pursuant to SFAS No. 123(R) in our financial statements for option grants made under the Graco Stock Incentive Plan, unreduced by estimated service-based forfeitures. Information concerning these amounts may be found in Item 8, Financial Statements and Supplementary Data, and Note A to the Consolidated Financial Statements in the Company's 2006 Annual Report on Form 10-K. The option awards reflected in the calculation

Edgar Filing: GRACO INC - Form DEF 14A

of this cost are identified in the Supplemental Options Awards Table found on Page 31 immediately following the Directors Compensation Table. The assumptions used in calculating these amounts are discussed in Note A to the Consolidated Financial Statements in our 2006 Form 10-K, filed with the Securities and Exchange Commission on February 20, 2006. Aggregate number of outstanding option grants at year-end are as follows: Mr. Bohn 8,737 unvested shares, 34,181 exercisable shares; Mr. Carroll 8,737 unvested shares, 18,361 exercisable shares; Mr. Eugster 10,050 unvested shares, 4,650 exercisable shares; Mr. Gilligan 8,737 unvested shares, 23,213 exercisable shares; Mr. Mitau 8,737 unvested shares, 46,835 exercisable shares; Mr. Moar 26,325 exercisable shares; Ms. Morfitt 8,737 unvested shares, 34,242 exercisable shares; Mr. Rauenhorst 8,737 unvested shares, 26,588 exercisable shares; Mr. Van Dyke 8,737 unvested shares, 46,835 exercisable shares; and Mr. Van Sant 10,050 unvested shares, 4,650 exercisable shares.

(4) Prior to February 2001, non-employee directors who served five full years on the Board were eligible for a retirement benefit when they left the Board. In February 2001, the Board terminated this retirement benefit for those non-employee directors who had not met the five-year service level. Mr. Mitau, Ms. Morfitt and Mr. Van Dyke, who satisfied the service requirement in 2001, will receive this retirement benefit when they leave the Board.

(5) The assumptions that were made in calculating the aggregate change in the actuarial present value of the accumulated benefit are as follows:

- Discount rate: 5.75% as of December 31, 2006
- Retainer fee increases: 10.00% per year
- Retirement age: End of three-year term in which age 68 is attained
- Form of payment: Five-year certain (payable quarterly)

(6) The present value of the accrued benefit did not change from the 2005 calendar year to the 2006 calendar year. This was due to a combination of two factors: change in the discount rate and no change to the retainer fee.

(7) James Moar resigned from the Board effective September 22, 2006.

(8) Upon Mr. Moar's resignation, all of his stock options became immediately exercisable. The options will expire three years from the effective date of his resignation.

CERTAIN BUSINESS RELATIONSHIPS

Mr. Roberts, our Chairman, President and Chief Executive Officer, is the brother-in-law of Gary Tepas, the President of EmKay, Inc. On June 17, 2002, we entered into an agreement with EmKay, Inc. for the lease and maintenance of approximately 164 vehicles and trailers. This agreement and the ongoing business relationship between the Company and EmKay Leasing was discussed and approved at a meeting of the Board of Directors on September 27, 2002. On April 21, 2006, the Audit Committee of the Board of Directors reviewed the terms and conditions proposed by several fleet managers, which proposals were presented to us pursuant to a bidding process. One of the fleet managers was EmKay, Inc. The Audit Committee determined that the EmKay, Inc. terms were fair and in the best interests of our Company, and authorized the management of our Company to enter into certain lease and maintenance arrangements with EmKay Leasing and/or its affiliated entities (EmKay). The amount paid to EmKay for the fiscal year ended December 29, 2006, was approximately \$2,080,000.

RELATED PERSON TRANSACTION APPROVAL POLICY

In February 2007, our Board of Directors adopted a written related person transaction approval policy, which sets forth our Company's policies and procedures for the review, approval or ratification of any transaction required to be reported in our filings with the Securities and Exchange Commission. Our policy applies to any transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships in which our Company is a participant and in which a related person has a direct or indirect interest, other than the following:

payment of compensation by our Company to a related person for the related person's service to our Company in the capacity or capacities that give rise to the person's status as a related person; and
transactions generally available to all employees or all shareholders of our Company on the same terms.

The Audit Committee of our Board of Directors must approve any related person transaction subject to this policy before commencement of the related person transaction or, if it is not practicable to approve the transaction before commencement, the transaction will be submitted to the Audit Committee or chair of the Audit Committee for ratification as soon as possible. The Audit Committee or its Chair will analyze the following factors, in addition to any other factors the Audit Committee deems appropriate, in determining whether to approve a related person transaction:

the benefits to our Company;
the impact on a director's independence;
the availability of other sources for comparable products or services;
the terms of the transaction and whether they are fair to our Company;
the terms available to unrelated third parties or to employees generally; and
whether the transaction is material to the Company.

The Audit Committee or its Chair may, in its or his sole discretion, approve or deny any related person transaction. Approval of a related person transaction may be conditioned upon our Company and the related person following certain procedures designated by the Audit Committee or its Chair.

Nevertheless, we believe that this information provides a more complete picture of the financial stake that our directors have in the Company.
- (4) Less than one percent (1%) if no percentage is given.
- (5) Mr. Graner pledged 23,984 shares of Graco common stock for lines of credit totaling \$1,200,000. The outstanding balance of the lines of credit as of December 29, 2006, remains at \$0.

- (7) If the shares referred to in footnote 2 above, as to which one or more directors and designated executive officers share voting power were included, the number of shares beneficially owned by all directors, nominees for election as director and executive officers would be 2,345,068 shares, or 3.5% of the outstanding shares.

Principal Shareholder Beneficial Ownership

The following table identifies each person or group known to our Company to beneficially own as of February 19, 2007, more than five percent (5%) of the outstanding common shares of the Company, the only class of security entitled to vote at the Annual Meeting.

Section 16(a) Beneficial Ownership Reporting Compliance

Our Company's executive officers, directors, and ten percent (10%) shareholders are required under the Securities Exchange Act of 1934 and regulations promulgated thereunder to file initial reports of ownership of the Company's securities and reports of changes in that ownership with the Securities and Exchange Commission. Copies of these reports must also be provided to the Company.

Based upon its review of the reports and any amendments made thereto furnished to our Company, or written representations that no reports were required, management believes that, except as set forth in this section, all reports were filed on a timely basis by reporting persons during and with respect to 2006. On December 23, 2005, Mr. Rauenhorst gifted 3,375 shares of Graco stock owned by him to the Mark and Karen Rauenhorst Family Foundation, a 501(c)(3) charitable foundation. PROPOSAL 2

PROPOSAL TO RATIFY THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Deloitte & Touche LLP (Deloitte) has acted as independent registered public accounting firm for the Company since 1962. The Audit Committee of the Board, which has selected Deloitte as the independent registered public accounting firm for fiscal year 2007, recommends ratification of the selection by the shareholders. If the shareholders do not ratify the selection of Deloitte, the selection of the independent auditors will be reconsidered by the Audit Committee. A representative of Deloitte will be present at the meeting and will have the opportunity to make a statement if so desired and be available to respond to any shareholder questions.

The Audit Committee of the Board of Directors recommends a vote FOR ratification of the appointment of Deloitte as the independent registered public accounting firm for fiscal year 2007.

PROPOSAL 3

PROPOSAL TO APPROVE THE EXECUTIVE OFFICER ANNUAL INCENTIVE BONUS PLAN

The Company is seeking shareholder approval of the Graco Inc. Executive Officer Annual Incentive Bonus Plan (the Plan). This Plan is substantially similar to the Executive Officer Annual Incentive Bonus Plan adopted by our shareholders at the Annual Meeting of Shareholders on May 6, 2003, which will expire on December 31, 2007. This proposed Plan will, if approved, be effective January 1, 2008 and expire on December 31, 2012. The Plan will be administered by the Management Organization and Compensation Committee of the Board. The Plan is intended to qualify compensation paid thereunder as qualified performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Section 162(m) of the Code generally limits to \$1 million our federal income tax deductions for compensation paid to named executive officers that is not performance-based compensation within the meaning of that section. Shareholder approval of the Plan is necessary every five years in order for the Plan to qualify under Section 162(m) so that the compensation paid under the Plan will not count toward the \$1 million limitation on deductible compensation.

The Management Organization and Compensation Committee is composed solely of non-employee directors who are outside directors within the meaning of Section 162(m) of the Code. Participants in the Plan are the Chief Executive Officer and any of our other executive officers designated by the Committee within the first ninety (90) days of the fiscal year.

Participants shall be eligible for the payment of a bonus if certain performance targets are achieved. The performance targets are financial growth targets established by the Management Organization and Compensation Committee at the beginning of each fiscal year and must be directly tied to one or more financial measures, including, among other things, net earnings and net revenues. No payment may be made if the performance targets are not achieved. No adjustment of the award to any participant is permitted, but certain changes in status, such as death, retirement or disability, will cause the bonus payment to be pro-rated and resignation or termination prior to the end of the fiscal year will eliminate the bonus entirely. There is a \$2,000,000 individual award limit in any fiscal year.

The Management Organization and Compensation Committee may amend the Plan prospectively and may terminate or curtail the benefits of the Plan.

The above description summarizes the principal features of the Plan, but is qualified in its entirety by reference to the text of the Plan which is set forth as Appendix A to this Proxy Statement.

Awards under the Plan will be based upon performance targets established with respect to each fiscal year. Accordingly, the amount of awards to be paid in the future to any participant cannot be determined at this time since the performance period has not yet been completed. Actual awards will depend upon actual performance measured against the attainment of the pre-established performance targets.

Assuming the shareholders approve the Plan, the Company will generally be entitled to a federal income tax deduction equal to the amount of ordinary income realized by the participant upon payment of a bonus. The amount of bonus received by a participant under the Plan will be included in the income of the participant at the time of payment and will be subject to tax at ordinary income rates.

The Board of Directors recommends that shareholders vote FOR approval of the Graco Inc. Executive Officer Annual Incentive Bonus Plan.
