Item 2. Acquisition or Disposition of Assets

Pursuant to the terms of a Credit Card Portfolio Purchase and Sale Agreement (the "Purchase and Sale Agreement"), on September 12, 2003, Stage Stores, Inc. (the "Company") sold its portfolio of private label credit card accounts, as well as other assets related to its private label credit card program, to World Financial Network National Bank and ADS Alliance Data Systems, Inc., subsidiaries of Alliance Data Systems Corporation ("Alliance Data").

At closing, the Company received consideration of approximately \$239 million from Alliance Data, which included the proceeds from the sale of the Company's private label credit card portfolio as well as prepaid marketing funds. After paying off the outstanding borrowings under the Company's securitization facility and related transaction costs, there are approximately \$171 million of proceeds remaining. All amounts are subject to final settlement adjustments. The Company continues to evaluate its options with regard to the utilization of the net proceeds, which include general corporate purposes, repurchases of its common stock, cash dividends, increased store base growth, strategic acquisitions, or a combination of these activities.

In connection with the sale of its private label credit card program, the Company expects to record a pretax gain in the third quarter of approximately \$12 million, or approximately \$7.6 million after tax.

Under the terms of a ten year Private Label Credit Card Program Agreement (the "Program Agreement"), World Financial Network National Bank is now responsible for establishing credit policies, which will be consistent with its current practices for new accounts, extending credit, issuing and activating credit cards to new accounts and authorizing credit purchases, as well as providing customer care, billing and remittance services. World Financial Network National Bank will also own the new accounts and balances generated during the ten year term of the Program Agreement. The private label credit card program will continue to be marketed to customers and existing private label cardholders, encouraging customers to use their Company credit cards for merchandise purchases at Stage, Bealls and Palais Royal retail locations.

Copies of the Purchase and Sale Agreement and the Program Agreement are attached to this Form 8-K as Exhibits 2.1 and 2.2.

Item 5. Other Events and Regulation FD Disclosure

On September 16, 2003, the Company issued a news release announcing the sale of its portfolio of private label credit card accounts, as well as other assets related to its private label credit card program, to World Financial Network National Bank and ADS Alliance Data Systems, Inc., subsidiaries of Alliance Data Systems Corporation. A copy of the news release is attached to this Form 8-K as Exhibit 99.1.

- (2) The Company received prepaid marketing funds of \$13.4 million at closing which will be recognized as an offset to marketing expenses pro-rata over the ten year term of the Program Agreement. Should certain early termination events occur, the Company would be required to repay a pro-rata portion of the prepaid marketing funds. The Program Agreement additionally provides for reimbursement to the Company of defined eligible marketing expenses up to \$2.5 million in the initial year of the Program Agreement and up to 0.6% of the prior year's credit sales annually thereafter. Under the terms of the Program Agreement, the Company is obligated to continue to promote use of the private label credit card and expects to incur marketing costs in excess of the amounts underwritten. Beginning October 1, 2004, and adjusted quarterly thereafter based on the then trailing twelve month portfolio performance, if the defined net yield is above or below the specified range, the Company will receive a premium or pay a discount equal to 50% of the excess or shortfall of the specified yield range divided by the defined portfolio turn rate. No premium or discount has been included in the pro forma results.
