ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On April 25, 2018, Interface, Inc. (the "Company") issued a press release reporting its financial results for the first quarter of 2018 (the "Earnings Release"). A copy of the Earnings Release is included as Exhibit 99.1 hereto and hereby incorporated by reference. The information set forth in this Item 2.02, including the exhibit hereto, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

Non-GAAP Financial Measures in the Earnings Release

The Earnings Release includes, as additional information for investors, the Company's adjusted net income, adjusted earnings per share, adjusted operating income, organic sales and organic sales growth. These measures are not in accordance with financial measures calculated in accordance with generally accepted accounting principles in the United States ("GAAP"), and may be different from similarly titled non-GAAP financial measures used by other companies. Non-GAAP financial measures should not be used as a substitute for, or considered superior to, GAAP financial measures.

Adjusted income measures exclude restructuring and asset impairment charges in the first quarter of 2017. Organic sales and organic sales growth exclude: (1) sales from the Company's exited FLOR specialty retail store business; and (2) foreign currency fluctuations.

The Company excludes restructuring and asset impairment charges from adjusted income measures because it believes these charges are unique and/or one-time events and do not arise from or constitute normal ongoing operations. Similarly, since FLOR specialty retail store sales will not be a material part of sales, the Company believes presenting organic sale information without historical FLOR specialty retail store sales presents meaningful additional information on core ongoing operations. Finally, the Company believes presenting sales information absent the effect of foreign currency exchange rate fluctuations facilitates comparison of the Company's operational performance between periods.

The Company generally believes reporting adjusted results helps investors' understanding of its historical operating trends, because it facilitates comparison to prior periods during which unique events affecting more recent results may not have occurred. The Company also believes that adjusted results provide supplemental information for comparisons to other companies which may not have experienced the same events underlying the adjustments. Furthermore, the Company uses adjusted results internally as supplemental information to evaluate its own performance, for planning purposes and in connection with its compensation programs.

Organic Orders

Interface also presents information on organic orders and organic order growth in the Earnings Release. Organic orders is a dollar-denominated operational measure, and represents the dollar amount of orders received during a period, regardless of whether such orders were able to be shipped and recognized as revenue. In some cases, orders may be cancelled prior to actual sale and revenue recognition. Organic orders excludes sales from the FLOR specialty retail store business, and is adjusted to eliminate foreign currency fluctuations.

ITEM 5.02 DEPARTURE OF DIRECTORS OR CERTAIN OFFICERS; ELECTION OF DIRECTORS; APPOINTMENT OF CERTAIN OFFICERS; COMPENSATORY ARRANGEMENTS OF CERTAIN OFFICERS.

On April 23, 2018, the Company entered into a Severance Protection and Change in Control Agreement (the "Agreement") with Matthew J. Miller, its Vice President (and President of its Americas operating region). The Agreement, a copy of which is attached hereto as Exhibit 99.2, has an effective date of April 3, 2018 and provides for certain severance benefits if Mr. Miller's employment is terminated involuntarily under certain circumstances. In general, those benefits are:

In the event of a termination without cause, severance benefits of 12 months continued base salary payments, a prorated annual bonus based on the date of termination, and continued health insurance benefits at the employee's regular rate for 12 months; and

In the event of an involuntary separation from service or a separation from service for good reason within 24 months following a "change in control" (as defined in the Agreement), severance benefits equal to 24 months of base salary payments (payable in a lump sum), a prorated annual bonus based on the date of termination, and continued health insurance benefits at the employee's regular rate for 12 months.

The Agreement also contains provisions placing restrictions on Mr. Miller's ability to compete with the Company for a period of 12 or 24 months following termination of employment, depending on the circumstances of termination.

The foregoing description of the Agreement and the amounts payable pursuant thereto is qualified in its entirety by reference to the Agreement, which is attached as an exhibit hereto.
