OF 1934

For the quarterly period ended June 30, 2017

OR
 TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT
OF 1934

For the transition period from _____ to _____

Commission File Number: 0-11774

INVESTORS TITLE COMPANY
(Exact name of registrant as specified in its charter)
North Carolina 56-1110199
(State of incorporation) (I.R.S. Employer Identification No.)

121 North Columbia Street, Chapel Hill, North Carolina 27514
(Address of principal executive offices) (Zip Code)

(919) 968-2200
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (Section 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer

Non-accelerated filer (Do not check if a smaller reporting company)

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ___ No X

As of July 18, 2017, there were 1,887,256 common shares of the registrant outstanding.

INVESTORS TITLE COMPANY
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2017

(Unaudited)

Note 1 – Basis of Presentation and Significant Accounting Policies

Reference should be made to the “Notes to Consolidated Financial Statements” appearing in the Annual Report on Form 10-K for the year ended December 31, 2016 of Investors Title Company (the “Company”) for a complete description of the Company’s significant accounting policies.

Principles of Consolidation – The accompanying unaudited Consolidated Financial Statements include the accounts and operations of Investors Title Company and its subsidiaries, and have been prepared in accordance with generally accepted accounting principles for interim financial information, with the instructions to Form 10-Q and with Article 10 of Regulation S-X. Accordingly, certain information and footnote disclosures normally included in annual financial statements have been condensed or omitted. Earnings attributable to noncontrolling interests in majority-owned title insurance agencies are recorded in the Consolidated Statements of Income. Noncontrolling interests representing the portion of equity not related to the Company's ownership interests are recorded in separate sections of the Consolidated Balance Sheets. All intercompany balances and transactions have been eliminated in consolidation.

In the opinion of management, all adjustments considered necessary for a fair presentation of the financial position, results of operations and cash flows of the Company in the accompanying unaudited Consolidated Financial Statements have been included. All such adjustments are of a normal recurring nature. Operating results for the quarter ended June 30, 2017 are not necessarily indicative of the results that may be expected for the year ending December 31, 2017.

Immaterial Classification Correction – In previous periods, certain commission revenue was improperly classified as net premiums written. Accordingly, the Consolidated Statements of Income have been corrected. The correction resulted in a decrease to previously reported net premiums written and an increase to other revenues of \$1,342,905 and \$247,779 for the six-month periods ended June 30, 2017 and 2016, respectively. The immaterial classification corrections had no impact to the Company’s financial position or results of operations as previously reported.

Use of Estimates and Assumptions – The preparation of the Company’s Consolidated Financial Statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions used.

Subsequent Events – The Company has evaluated and concluded that there were no material subsequent events requiring adjustment or disclosure to its Consolidated Financial Statements.

Recently Issued Accounting Standards –In March 2017, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2017-08, Receivables - Nonrefundable Fees and Other Costs (Subtopic 310-20): Premium Amortization on Purchased Callable Debt Securities. ASU 2017-08 is intended to enhance the accounting for the amortization of premiums for purchased callable debt securities. Specifically, the ASU shortens the amortization period for certain investments in callable debt securities purchased at a premium by requiring that the premium be amortized to the earliest call date. The amendments do not require an accounting change for securities

held at a discount; the discount continues to be amortized to maturity. The update is effective for annual periods beginning after December 15, 2018, and interim periods within those fiscal years. Early adoption is permitted. The Company is currently evaluating the impact that the recently issued accounting standard will have on the Company's financial position and results of operations, but does not expect it to have a material impact.

In March 2017, the FASB issued ASU 2017-07, Compensation - Retirement Benefits (Topic 715). This update requires entities to (1) disaggregate the current service cost component from the other components of net benefit cost (the "other components") and present it with other current compensation costs for related employees in the income statement and (2) present the other components elsewhere in the income statement and outside of income from operations if that subtotal is presented. In addition, the ASU requires entities to disclose the income statement lines that contain the other components if they are not presented on appropriately described separate lines. The update is effective for annual periods beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted as of the beginning of an annual period for which financial statements (interim or annual) have not been issued or made available for issuance. The Company is currently evaluating the impact that the recently issued accounting standard will have on the Company's financial position and results of operations, but does not expect it to have a material impact.

In January 2017, the FASB issued ASU 2017-04, Intangibles - Goodwill and Other (Topic 350). This update removes the requirement to compare the implied fair value of goodwill with its carrying amount as part of step 2 of the goodwill impairment test. As a result, under the ASU, an entity should perform its annual, or interim, goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount and should recognize an impairment charge for the amount by which the carrying amount exceeds the reporting unit's fair value; however, the loss recognized should not exceed the total amount of goodwill allocated to that reporting unit. In addition, the ASU clarifies that an entity should consider income tax effects from any tax deductible goodwill on the carrying amount of the reporting unit when measuring the goodwill impairment loss, if applicable. The update is effective for annual or any interim goodwill impairment tests in fiscal years beginning after December 15, 2019. Early adoption is permitted for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017. None of these amendments would have an impact on the Company's financial position or results of operations.

In June 2016, the FASB issued ASU 2016-13, Financial Instruments - Credit Losses (Topic 326). ASU 2016-13 is intended to provide financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The update broadens the information that an entity must consider in developing its expected credit loss estimates, and is meant to better reflect an entity's current estimate of all expected credit losses. In addition, this update amends the accounting for credit losses on available-for-sale debt securities and purchased financial assets with credit deterioration. The update is effective for annual periods beginning after December 15, 2019, and interim periods within those fiscal years. Early adoption is permitted as of fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. The Company is currently evaluating the impact that the recently issued accounting standard will have on the Company's financial position and results of operations, but does not expect it to have a material impact. Currently, the Company's potential credit losses under this accounting standard relate to available-for-sale securities. The Company does not believe that the risk of credit losses, based on current available-for-sale security holdings, is material to the financial statements as a whole. Please refer to Note 6 for further information about the Company's investments.

In March 2016, the FASB issued ASU 2016-09, Compensation - Stock Compensation (Topic 718). ASU 2016-09 updated guidance to simplify several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities and classification on the statement of cash flows. The update was effective for annual periods beginning after December 15, 2016, including interim periods within that reporting period. The Company adopted this update on January 1, 2017 with no material impact on the Company's financial position or results of operations. All excess tax benefits and tax deficiencies are now recognized as income tax expense or benefit in the Consolidated Statements of Income. In addition, a reclassification was made on the Consolidated Statements of Cash Flows, as companies are now required to present excess tax benefits as an operating activity on the Consolidated Statements of Cash Flows rather than as a financing activity. The Company began recording all excess tax benefits and tax deficiencies as an income tax expense or benefit on a prospective basis. The amendments relating to the presentation of excess tax benefits within the Consolidated Statements of Cash Flows were adopted by the Company retrospectively.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). ASU 2016-02 updated guidance to improve financial reporting for leasing transactions. The core principle of the guidance is that lessees will be required to recognize assets and liabilities on the balance sheet for all leases with terms of more than twelve months. A lessee would recognize a liability to make lease payments and a right-of-use asset representing its right to use the underlying asset for the lease term. The accounting applied by a lessor is largely unchanged from current GAAP, with some targeted improvements. Disclosures will be required by lessees and lessors to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases. In transition, both lessees and lessors are required to recognize and measure leases at the beginning of the earliest period presented using

a modified retrospective approach. The update is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early adoption was permitted for all entities upon issuance. The Company is currently evaluating the impact that the recently issued accounting standard will have on the Company's financial position and results of operations, but does not expect it to have a material impact. As of December 31, 2016, future minimum lease payments with terms of more than twelve months were approximately \$2.5 million.

In January 2016, the FASB issued ASU 2016-01, Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities. ASU 2016-01 updated guidance to enhance the reporting model for financial instruments. Among the main principles of the guidance applicable to the Company are provisions to: require equity investments, except those accounted for under the equity method of accounting or those that result in consolidation of the investee, to be measured at fair value with changes in fair value recognized in net income; simplify the impairment assessment of equity investments without readily determinable fair values by requiring a qualitative assessment to identify impairment, noting that when a qualitative assessment indicates that impairment exists that an entity is required to measure the investment at fair value; eliminate the requirement to disclose methods and significant assumptions used to estimate the fair value for financial instruments measured at amortized cost; require entities to use the exit price notion when measuring the fair value of financial instruments for disclosure purposes; require separate presentation of financial assets and financial liabilities by measuring category and form of financial asset on the balance sheet or accompanying notes to the financial statements; and clarify that an entity should evaluate the need for a valuation allowance on a deferred tax asset related to available-for-sale securities in combination with the entity's other deferred tax assets. The update is effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. Early adoption is permitted for the provision requiring entities to recognize the fair value change from instrument-specific credit risk in other comprehensive income for financial liabilities measured using the fair value option in Accounting Standards Codification ("ASC") 825, and can be early adopted for financial statements of annual or interim periods that have not yet been issued or made available for issuance. The Company will be required to apply the update by means of a cumulative-effect adjustment to the balance sheet as of the beginning of the fiscal year of adoption, with the amendments related to equity securities without readily determinable fair values being applied prospectively to equity investments that exist as of the date of adoption. The guidance is expected to have a material impact on the Company's financial condition and results of operations once effective, primarily resulting from fluctuations in security exchanges or markets.

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606). ASU 2014-09 updated guidance to improve the comparability of revenue recognition practices for entities that either enter into contracts with customers to transfer goods or services or enter into contracts for the transfer of nonfinancial assets, unless those contracts are within the scope of other standards such as insurance contracts or lease standards. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. For public entities, this update originally became effective for interim and annual reporting periods beginning after December 15, 2016. In August 2015, the FASB issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date. ASU 2015-14 updated guidance to defer the effective date of the standard by one year. Early adoption is not permitted, although public entities are permitted to elect to adopt the amendments on the original effective date. Currently, the Company's only revenue streams potentially impacted by the issued accounting standard are like-kind exchange services revenue produced by the Company's subsidiary, Investors Title Exchange Corporation ("ITEC"), and certain management service fees generated by the Company's subsidiary, Investors Title Management Services, Inc. ("ITMS"). Neither like-kind exchange proceeds nor management service fees are material to the Company's financial condition and results of operations.

Note 2 – Reserves for Claims

Transactions in the reserves for claims for the six-month period ended June 30, 2017 and the year ended December 31, 2016 are summarized as follows:

	June 30, 2017	December 31, 2016
Balance, beginning of period	\$35,305,000	\$37,788,000
Provision, charged to operations	860,224	242,953

Edgar Filing: INVESTORS TITLE CO - Form 10-Q

Payments of claims, net of recoveries	(2,024,224)	(2,725,953)
Ending balance	\$34,141,000	\$35,305,000

The total reserve for all reported and unreported losses the Company incurred through June 30, 2017 is represented by the reserves for claims. The Company's reserves for unpaid losses and loss adjustment expenses are established using estimated amounts required to settle claims for which notice has been received (reported) and the amount estimated to be required to satisfy claims that have been incurred but not yet reported ("IBNR"). Despite the variability of such estimates, management believes that the reserves are adequate to cover claim losses which might result from pending and future claims under title insurance policies issued through June 30, 2017. Management continually reviews and adjusts its reserve estimates to reflect its loss experience and any new information that becomes available. Adjustments resulting from such reviews may be significant.

A summary of the Company's loss reserves, broken down into its components of known title claims and IBNR, follows:

	June 30, 2017	%	December 31, 2016	%
Known title claims	\$4,103,783	12.0	\$4,405,343	12.5
IBNR	30,037,217	88.0	30,899,657	87.5
Total loss reserves	\$34,141,000	100.0	\$35,305,000	100.0

Claims and losses paid are charged to the reserves for claims. Although claims losses are typically paid in cash, occasionally claims are settled by purchasing the interest of the insured or the claimant in the real property. When this event occurs, the Company carries assets at the lower of cost or estimated realizable value, net of any indebtedness on the property.

Note 3 – Earnings Per Common Share and Share Awards

Basic earnings per common share is computed by dividing net income attributable to the Company by the weighted average number of common shares outstanding during the reporting period. Diluted earnings per common share is computed by dividing net income attributable to the Company by the combination of dilutive potential common stock, comprised of shares issuable under the Company's share-based compensation plans and the weighted average number of common shares outstanding during the reporting period. Dilutive common share equivalents include the dilutive effect of in-the-money share-based awards, which are calculated based on the average share price for each period using the treasury stock method. Under the treasury stock method, when share-based awards are exercised, (a) the exercise price of a share-based award; and (b) the amount of compensation cost, if any, for future services that the Company has not yet recognized, are assumed to be used to repurchase shares in the current period.

The following table sets forth the computation of basic and diluted earnings per share for the three- and six-month periods ended June 30:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
Net income attributable to the Company	\$5,675,192	\$4,529,380	\$10,151,247	\$6,343,420
Weighted average common shares outstanding – Basic	1,886,735	1,923,213	1,886,161	1,928,766
Incremental shares outstanding assuming the exercise of dilutive SARs (share-settled)	9,846	5,412	9,679	6,559
Weighted average common shares outstanding – Diluted	1,896,581	1,928,625	1,895,840	1,935,325
Basic earnings per common share	\$3.01	\$2.36	\$5.38	\$3.29
Diluted earnings per common share	\$2.99	\$2.35	\$5.35	\$3.28

There were 4,500 and 0 potential shares excluded from the computation of diluted earnings per share for the three-month periods ended June 30, 2017 and 2016, respectively. There were 4,500 potential shares excluded from the computation of diluted earnings per share for the six-month periods ended June 30, 2017 and 2016.

The Company has adopted employee stock award plans under which restricted stock, and options or stock appreciation rights ("SARs") of the Company's stock may be granted to key employees or directors of the Company at a price not less than the market value on the date of grant. There is currently one active plan from which the Company may grant share-based awards. The awards eligible to be granted under the active plan are limited to SARs, and the maximum aggregate number of shares of common stock of the Company available pursuant to the plan for the grant of SARs is 250,000 shares.

As of June 30, 2017, the only outstanding awards under the plans were SARs expiring in seven years from the date of grant, all of which vest and are exercisable within one year of the date of grant. All SARs issued to date have been share-settled only. There have been no stock options or SARs granted where the exercise price was less than the market price on the date of grant.

There was approximately \$95,000 and \$67,000 of compensation expense relating to SARs vesting on or before June 30, 2017 and 2016, respectively, included in salaries, employee benefits and payroll taxes in the Consolidated Statements of Income. As of June 30, 2017, there was \$187,000 of unrecognized compensation cost related to unvested share-based compensation arrangements granted under the Company's stock award plans.

A summary of share-based award transactions for all share-based award plans follows:

	Number Of Shares	Weighted Average Exercise Price	Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value
Outstanding as of January 1, 2016	22,000	\$ 57.04	3.93	\$945,055
SARs granted	4,500	93.87		
SARs exercised	(2,000)	32.00		
Outstanding as of December 31, 2016	24,500	\$ 65.85	3.85	\$836,640
SARs granted	4,500	192.71		
SARs exercised	(4,000)	36.38		
Outstanding as of June 30, 2017	25,000	\$ 93.40	4.49	\$2,500,970
Exercisable as of June 30, 2017	21,625	\$ 77.90	4.11	\$2,498,506
Unvested as of June 30, 2017	3,375	\$ 192.71	6.88	\$2,464

During the second quarters of both 2017 and 2016, the Company issued 4,500 share-settled SARs to the directors of the Company. SARs give the holder the right to receive stock equal to the appreciation in the value of shares of stock from the grant date for a specified period of time, and as a result, are accounted for as equity instruments. The fair value of each award is estimated on the date of grant using the Black-Scholes option valuation model with the weighted average assumptions noted in the table shown below. Expected volatilities are based on both the implied and historical volatility of the Company's stock. The Company uses historical data to project SAR exercises and pre-exercise forfeitures within the valuation model. The expected term of awards represents the period of time that SARs granted are expected to be outstanding. The interest rate assumed for the expected life of the award is based on the U.S. Treasury yield curve in effect at the time of the grant. The weighted average fair values for the SARs issued during 2017 and 2016 were \$55.40 and \$28.75, respectively, and were estimated using the weighted average assumptions shown in the table below.

	2017	2016
Expected Life in Years	7.0	7.0
Volatility	26.2%	28.9%
Interest Rate	2.0%	1.7%
Yield Rate	1.0%	1.0%

Note 4 – Segment Information

The Company has one reportable segment, title insurance services. The remaining immaterial segments have been combined into a group called "All Other."

The title insurance segment primarily issues title insurance policies through approved attorneys from underwriting offices and through independent issuing agents. Title insurance policies insure titles to real estate.

Edgar Filing: INVESTORS TITLE CO - Form 10-Q

Provided below is selected financial information about the Company's operations by segment for the periods ended June 30, 2017 and 2016:

Three Months Ended June 30, 2017	Title Insurance	All Other	Intersegment Eliminations	Total
Insurance and other services revenues	\$38,566,141	\$1,825,614	\$(1,456,863)	\$38,934,892
Investment income	1,078,478	137,598	(102,087)	1,113,989
Net realized gain on investments	80,851	1,990	—	82,841

Income before income taxes	\$8,691,363	\$562,322	\$(128,177)	\$9,125,508
Total assets	\$167,239,552	\$46,319,315	\$—	\$213,558,867

Note 5 – Retirement Agreements and Other Postretirement Benefits

The Company's subsidiary, Investors Title Insurance Company ("ITIC"), is a party to employment agreements with key executives that provide for the continuation of certain employee benefits and other payments due under the agreements upon retirement, estimated to total \$9,514,000 and \$8,487,000 as of June 30, 2017 and December 31, 2016, respectively. The executive employee benefits include health insurance, dental, vision and life insurance and are unfunded. These amounts are classified as accounts payable and accrued liabilities in the Consolidated Balance Sheets. The following sets forth the net periodic benefits cost for the executive benefits for the periods ended June 30, 2017 and 2016:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
Service cost – benefits earned during the year	\$—	\$2,545	\$—	\$5,090
Interest cost on the projected benefit obligation	9,217	8,781	18,434	17,562
Amortization of unrecognized losses	2,153	2,235	4,306	4,470
Net periodic benefits costs	\$11,370	\$13,561	\$22,740	\$27,122

Note 6 – Investments and Estimated Fair Value

Investments in Securities

The aggregate estimated fair value, gross unrealized holding gains, gross unrealized holding losses and cost or amortized cost for securities by major security type are as follows:

As of June 30, 2017	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
Fixed maturities, available-for-sale, at fair value:				
General obligations of U.S. states, territories and political subdivisions	\$24,068,439	\$518,307	\$69,044	\$24,517,702
Special revenue issuer obligations of U.S. states, territories and political subdivisions	54,984,551	2,008,389	246,869	56,746,071
Corporate debt securities	11,232,235	553,514	—	11,785,749
Total	\$90,285,225	\$3,080,210	\$315,913	\$93,049,522
Equity securities, available-for-sale, at fair value:				
Common stocks	\$25,323,290	\$18,269,854	\$30,441	\$43,562,703
Total	\$25,323,290	\$18,269,854	\$30,441	\$43,562,703
Short-term investments:				
Money market funds and certificates of deposit	\$17,845,956	\$—	\$—	\$17,845,956
Total	\$17,845,956	\$—	\$—	\$17,845,956

As of December 31, 2016	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
Fixed maturities, available-for-sale, at fair value:				
General obligations of U.S. states, territories and political subdivisions	\$29,374,774	\$440,628	\$298,533	\$29,516,869
Special revenue issuer obligations of U.S. states, territories and political subdivisions	57,459,818	1,619,444	502,135	58,577,127
Corporate debt securities	13,327,765	512,316	—	13,840,081
Total	\$100,162,357	\$2,572,388	\$800,668	\$101,934,077
Equity securities, available-for-sale, at fair value:				
Common stocks and nonredeemable preferred stocks	\$24,836,032	\$16,392,210	\$48,983	\$41,179,259
Total	\$24,836,032	\$16,392,210	\$48,983	\$41,179,259
Short-term investments:				
Money market funds and certificates of deposit	\$6,558,840	\$—	\$—	\$6,558,840
Total	\$6,558,840	\$—	\$—	\$6,558,840

The special revenue category for both periods presented includes approximately 60 individual bonds with revenue sources from a variety of industry sectors.

The scheduled maturities of fixed maturity securities at June 30, 2017 were as follows:

	Available-for-Sale	
	Amortized Cost	Estimated Fair Value
Due in one year or less	\$12,104,716	\$12,226,030
Due one year through five years	24,940,977	25,726,125
Due five years through ten years	51,251,065	52,572,400
Due after ten years	1,988,467	2,524,967
Total	\$90,285,225	\$93,049,522

Expected maturities will differ from contractual maturities as borrowers may have the right to call or prepay obligations with or without penalties.

Edgar Filing: INVESTORS TITLE CO - Form 10-Q

Gross realized gains and losses on sales of investments for the six-month periods ended June 30 are summarized as follows:

	2017	2016
Gross realized gains from securities:		
Special revenue issuer obligations of U.S. states, territories and political subdivisions	\$ 139	\$ 160
Corporate debt securities	—	20
Common stocks and nonredeemable preferred stocks	297,656	282,454
Auction rate securities	—	74,996
Total	\$ 297,795	\$ 357,630
Gross realized losses from securities:		
Special revenue issuer obligations of U.S. states, territories and political subdivisions	\$(100)	\$(1,085)
Common stocks and nonredeemable preferred stocks	(124,745)	(116,953)
Other-than-temporary impairment of securities	—	(115,238)
Total	\$(124,845)	\$(233,276)
Net realized gain from securities	\$ 172,950	\$ 124,354
Net realized gain on other investments:		
Gains on other investments	\$ 13,230	\$ 10,648
Total	\$ 13,230	\$ 10,648
Net realized gain on investments	\$ 186,180	\$ 135,002

Realized gains and losses are determined on the specific identification method.

The following table presents the gross unrealized losses on investment securities and the estimated fair value of the related securities, aggregated by investment category and length of time that individual securities have been in a continuous loss position at June 30, 2017 and December 31, 2016:

	Less than 12 Months		12 Months or Longer		Total	
	Estimated Fair Value	Unrealized Losses	Estimated Fair Value	Unrealized Losses	Estimated Fair Value	Unrealized Losses
As of June 30, 2017						
General obligations of U.S. states, territories and political subdivisions	\$ 5,306,022	\$(69,044)	\$ —	—	\$ 5,306,022	\$(69,044)
Special revenue issuer obligations of U.S. states, territories and political subdivisions	12,141,462	(246,869)	—	—	12,141,462	(246,869)
Total fixed income securities	\$ 17,447,484	\$(315,913)	\$ —	—	\$ 17,447,484	\$(315,913)
Equity securities	\$ 1,393,543	\$(30,441)	\$ —	—	\$ 1,393,543	\$(30,441)
Total temporarily impaired securities	\$ 18,841,027	\$(346,354)	\$ —	—	\$ 18,841,027	\$(346,354)
As of December 31, 2016						
General obligations of U.S. states, territories and political subdivisions	\$ 13,884,808	\$(298,533)	\$ —	—	\$ 13,884,808	\$(298,533)
Special revenue issuer obligations of U.S. states, territories and political subdivisions	16,161,906	(502,135)	—	—	16,161,906	(502,135)
Total fixed income securities	\$ 30,046,714	\$(800,668)	\$ —	—	\$ 30,046,714	\$(800,668)
Equity securities	\$ 380,400	\$(48,983)	\$ —	—	\$ 380,400	\$(48,983)
Total temporarily impaired securities	\$ 30,427,114	\$(849,651)	\$ —	—	\$ 30,427,114	\$(849,651)

The decline in estimated fair value of the fixed maturity securities can be attributed primarily to changes in market interest rates and changes in credit spreads over Treasury securities. Because the Company does not have the intent to sell these securities and will likely not be compelled to sell them before it can recover its cost basis, the Company does not consider these investments to be other-than-temporarily impaired.

The unrealized losses related to holdings of equity securities were caused by market changes that the Company considers to be temporary. Since the Company has the intent and ability to hold these equity securities until a recovery of fair value, the Company does not consider these investments other-than-temporarily impaired.

Factors considered in determining whether a loss is temporary include the length of time and extent to which fair value has been below cost, the financial condition and prospects of the issuer (including credit ratings and analyst reports) and macro-economic changes. A total of 21 and 36 securities had unrealized losses at June 30, 2017 and December 31, 2016, respectively. Reviews of the values of securities are inherently uncertain and the value of the investment may not fully recover, or may decline in future periods resulting in a realized loss. The Company recorded no other-than-temporary impairment charges for debt and equity investments for the six-month period ended June 30, 2017 and \$115,238 for the six-month period ended June 30, 2016. Other-than-temporary impairment charges are included in net realized gain (loss) on investments in the Consolidated Statements of Income.

Variable Interest Entities

The Company holds investments in VIEs that are not consolidated in the Company's financial statements as the Company is not the primary beneficiary. These entities are considered VIEs as the equity investors at risk, including the Company, do not have the power over the activities that most significantly impact the economic performance of the entities; this power resides with a third-party general partner or managing member that cannot be removed except for cause. The following table sets forth details about the Company's variable interest investments in VIEs, which are structured either as limited partnerships ("LPs") or limited liability companies ("LLCs"), as of June 30, 2017:

Type of Investment	Balance Sheet Classification	Carrying Value	Estimated Fair Value	Maximum Potential Loss (a)
Tax credit LPs	Other investments	\$888,085	\$888,085	\$1,325,000
Real estate LLCs or LPs	Other investments	4,980,074	5,806,446	7,200,000
Small business investment LPs	Other investments	3,514,477	3,568,226	9,400,000
Total		\$9,382,636	\$10,262,757	\$17,925,000

Maximum potential loss is calculated as the total investment in the LLC or LP, including any capital commitments (a) that may have not yet been called. The Company is not exposed to any loss beyond the total commitment of its investment.

Valuation of Financial Assets and Liabilities

The FASB has established a valuation hierarchy for disclosure of the inputs used to measure estimated fair value of financial assets and liabilities, such as securities. This hierarchy categorizes the inputs into three broad levels as follows. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. Level 3 inputs are unobservable inputs based on the Company's own assumptions used to measure assets and liabilities at fair value.

A financial instrument's classification within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement – consequently, if there are multiple significant valuation inputs that are categorized in different levels of the hierarchy, the instrument's hierarchy level is the lowest level (with Level 3 being the lowest level) within which any significant input falls.

Debt and Equity Securities

The Level 1 category includes equity securities that are measured at estimated fair value using quoted active market prices.

The Level 2 category includes fixed maturity investments such as corporate bonds, U.S. government and agency bonds and municipal bonds. Estimated fair value is principally based on market values obtained from a third party pricing service. Factors that are used in determining estimated fair market value include benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data. The Company receives one quote per security from a third party pricing service, although as discussed below, the Company does consult other pricing resources when confirming that the prices it obtains reflect the fair values of the instruments in accordance with ASC 820, Fair Value Measurements and Disclosures. Generally, quotes obtained from the pricing service for instruments classified as Level 2 are not adjusted and are not binding. As of June 30, 2017 and December 31, 2016, the Company did not adjust any Level 2 fair values.

A number of the Company's investment grade corporate bonds are frequently traded in active markets, and trading prices are consequently available for these securities. However, these securities are classified as Level 2 because the pricing service from which the Company has obtained estimated fair values for these instruments uses valuation models that use observable market inputs in addition to trading prices. Substantially all of the input assumptions used in the service's model are observable in the marketplace or can be derived or supported by observable market data.

The Company did not hold any Level 3 category debt or equity investment securities as of June 30, 2017 or December 31, 2016.

The following table presents, by level, the financial assets carried at estimated fair value measured on a recurring basis as of June 30, 2017 and December 31, 2016. The table does not include cash on hand and also does not include assets that are measured at historical cost or any basis other than fair value.

As of June 30, 2017	Level 1	Level 2	Level 3	Total
Short-term investments	\$17,845,956	\$—	\$	—\$17,845,956
Equity securities:				
Common stock	43,562,703	—	—	43,562,703
Fixed maturities:				
Obligations of U.S. states, territories and political subdivisions*	—	81,263,773	—	81,263,773
Corporate debt securities*	—	11,785,749	—	11,785,749
Total	\$61,408,659	\$93,049,522	\$	—\$154,458,181
As of December 31, 2016	Level 1	Level 2	Level 3	Total
Short-term investments	\$6,558,840	\$—	\$	—\$6,558,840
Equity securities:				
Common stock	41,179,259	—	—	41,179,259
Fixed maturities:				
Obligations of U.S. states, territories and political subdivisions*	—	88,093,996	—	88,093,996
Corporate debt securities*	—	13,840,081	—	13,840,081
Total	\$47,738,099	\$101,934,077	\$	—\$149,672,176

*Denotes fair market value obtained from pricing services.

There were no transfers into or out of Levels 1, 2 or 3 during the period.

To help ensure that estimated fair value determinations are consistent with ASC 820, prices from our pricing services go through multiple review processes to ensure appropriate pricing. Pricing procedures and inputs used to price each security include, but are not limited to, the following: unadjusted quoted market prices for identical securities such as stock market closing prices; non-binding quoted prices for identical securities in markets that are not active; interest rates; yield curves observable at commonly quoted intervals; volatility; prepayment speeds; loss severity; credit risks and default rates. The Company reviews the procedures and inputs used by its pricing services, and verifies a sample of the services' quotes by comparing them to values obtained from other pricing resources. In the event the Company disagrees with a price provided by its pricing services, the respective service reevaluates the price to corroborate the market information and then reviews inputs to the evaluation in light of potentially new market data. The Company believes that these processes and inputs result in appropriate classifications and estimated fair values consistent with ASC 820.

Other Financial Instruments

The Company uses various financial instruments in the normal course of its business. In the measurement of the estimated fair value of certain financial instruments, other valuation techniques were utilized if quoted market prices were not available. These derived fair value estimates are significantly affected by the assumptions used. Additionally, ASC 820 excludes from its scope certain financial instruments, including those related to insurance contracts, pension and other postretirement benefits, and equity method investments.

In estimating the fair value of the financial instruments presented, the Company used the following methods and assumptions:

Cash and cash equivalents

The carrying amount for cash and cash equivalents is a reasonable estimate of fair value due to the short-term maturity of these investments.

Cost-basis investments

The estimated fair value of cost-basis investments is calculated from the book value of the underlying entities, which is not materially different from the fair value of the underlying entity. These items are included in other investments in the Consolidated Balance Sheets.

Accrued dividends and interest

The carrying amount for accrued dividends and interest is a reasonable estimate of fair value due to the short-term maturity of these assets.

The carrying amounts and estimated fair values of other financial instruments (see previous table for investments carried at estimated fair value) as of June 30, 2017 and December 31, 2016 are presented in the following table:

As of June 30, 2017	Carrying Value	Estimated Fair Value	Level 1	Level 2	Level 3
Financial assets:					
Cash	\$29,068,106	\$29,068,106	\$29,068,106	\$	—
Cost-basis investments	5,260,678	5,808,980	—	—	5,808,980
Accrued interest and dividends	912,316	912,316	912,316	—	—
Total	\$35,241,100	\$35,789,402	\$29,980,422	\$	—\$5,808,980
As of December 31, 2016	Carrying Value	Estimated Fair Value	Level 1	Level 2	Level 3
Financial assets:					
Cash	\$27,928,472	\$27,928,472	\$27,928,472	\$	—
Cost-basis investments	4,244,402	4,497,665	—	—	4,497,665
Accrued interest and dividends	1,035,152	1,035,152	1,035,152	—	—
Total	\$33,208,026	\$33,461,289	\$28,963,624	\$	—\$4,497,665

Certain cost-basis investments are measured at estimated fair value on a non-recurring basis, such as investments that are determined to be other-than-temporarily impaired during the period and recorded at estimated fair value in the

Consolidated Financial Statements as of June 30, 2017 and December 31, 2016. There were no impairments of such investments made during the six-month period ended June 30, 2017 or the twelve-month period ended December 31, 2016.

Note 7 – Commitments and Contingencies

Legal Proceedings – The Company and its subsidiaries are involved in legal proceedings that are incidental to their business. In the Company’s opinion, based on the present status of these proceedings, any potential liability of the Company or its subsidiaries with respect to these legal proceedings, will not, in the aggregate, be material to the Company’s consolidated financial condition or operations.

Regulation – The Company’s title insurance and trust subsidiaries are regulated by various federal, state and local governmental agencies and are subject to various audits and inquiries. It is the opinion of management based on its present expectations that these audits and inquiries will not have a material impact on the Company’s consolidated financial condition or operations.

Escrow and Trust Deposits – As a service to its customers, the Company, through ITIC, administers escrow and trust deposits representing earnest money received under real estate contracts, undisbursed amounts received for settlement of mortgage loans and indemnities against specific title risks. These amounts are not considered assets of the Company and, therefore, are excluded from the accompanying Consolidated Balance Sheets. However, the Company remains contingently liable for the disposition of these deposits.

Like-Kind Exchanges Proceeds – In administering tax-deferred property exchanges, the Company’s subsidiary, Investors Title Exchange Corporation (“ITEC”), serves as a qualified intermediary for exchanges, holding the net sales proceeds from relinquished property to be used for purchase of replacement property. Another Company subsidiary, Investors Title Accommodation Corporation (“ITAC”), serves as exchange accommodation titleholder and, through limited liability companies that are wholly owned subsidiaries of ITAC, holds property for exchangers in reverse exchange transactions. Like-kind exchange deposits and reverse exchange property totaled approximately \$213,703,000 and \$202,184,000 as of June 30, 2017 and December 31, 2016, respectively. These amounts are not considered assets of the Company and, therefore, are excluded from the accompanying Consolidated Balance Sheets; however, the Company remains contingently liable for the disposition of the transfers of property, disbursements of proceeds and the return on the proceeds at the agreed upon rate. Exchange services revenues include earnings on these deposits; therefore, investment income is shown as other revenue rather than investment income. These like-kind exchange funds are primarily invested in money market and other short-term investments.

Note 8 – Related Party Transactions

The Company does business with, and has investments in, unconsolidated limited liability companies that are primarily title insurance agencies. The Company utilizes the equity method to account for its investment in these limited liability companies. The following table sets forth the approximate values by year found within each financial statement classification:

Financial Statement Classification,	As of June 30, 2017	As of December 31, 2016		
Consolidated Balance Sheets				
Other investments	\$6,167,000	\$6,437,000		
Premiums and fees receivable	\$859,000	\$56,000		
Financial Statement Classification,	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
Consolidated Statements of Income	2017	2016	2017	2016
Net premiums written	\$3,773,000	\$3,737,000	\$7,331,000	\$6,480,000
Other income	\$775,000	\$606,000	\$1,047,000	\$732,000
Commissions to agents	\$2,552,000	\$2,555,000	\$4,956,000	\$4,403,000

Note 9 – Business Combinations, Intangible Assets and Goodwill

Recent Business Combinations

In October 2016, National Investors Holdings, LLC ("NIH"), a subsidiary of the Company, acquired all of the outstanding shares of a title insurance agency doing business in Texas. NIH paid \$10 million plus a \$918,000 adjustment for the title insurance agency's net cash position at closing.

Intangible Assets

The fair values of intangible assets recognized as the result of title insurance agency acquisitions, all Level 3 inputs, are principally based on values obtained from a third party valuation service. In accordance with ASC 350, Intangibles – Goodwill and Other, management determined that no events or changes in circumstances occurred that would indicate the carrying amounts may not be recoverable, and therefore determined that no identifiable intangible assets were impaired at June 30, 2017.

Identifiable intangible assets consist of the following as of June 30, 2017 and December 31, 2016:

	2017	2016
Referral relationships	\$6,416,215	\$6,416,215
Non-compete agreements	1,405,685	1,405,685
Tradename	560,000	560,000
Total	8,381,900	8,381,900
Accumulated amortization	(942,286)	(475,110)
Identifiable intangible assets, net	\$7,439,614	\$7,906,790

The following table provides the estimated aggregate amortization expense for each of the five succeeding fiscal years:

Year Ended:

2017	\$432,175
2018	642,253
2019	568,920
2020	568,920
2021	561,587
Thereafter	4,665,759
Total	\$7,439,614

Goodwill and Title Plant

The Company has recognized \$4,349,851 in goodwill and \$690,000 in a title plant as the result of title insurance agency acquisitions. The title plant is included with prepaid expenses and other assets in the Consolidated Balance Sheets. The fair values of goodwill and the title plant, both Level 3 inputs, are principally based on values obtained from a third party valuation service. In accordance with ASC 350, Intangibles – Goodwill and Other, management determined that no events or changes in circumstances occurred that would indicate the carrying amounts may not be recoverable, and therefore determined that goodwill and the title plant were not impaired at June 30, 2017.

Note 10 – Accumulated Other Comprehensive Income

The following tables provide changes in the balances of each component of accumulated other comprehensive income, net of tax, for the periods ended June 30, 2017 and 2016:

	Unrealized Gains and Losses On Available-for-Sale Securities	Postretirement Benefits Plans	Total
Three Months Ended June 30, 2017			
Beginning balance at April 1	\$ 12,908,897	\$ (107,778)	\$ 12,801,119
Other comprehensive income before reclassifications	920,108	—	920,108
Amounts reclassified from accumulated other comprehensive income	(54,374)	1,422	(52,952)
Net current-period other comprehensive income	865,734	1,422	867,156
Ending balance	\$ 13,774,631	\$ (106,356)	\$ 13,668,275
Three Months Ended June 30, 2016			
Beginning balance at April 1	\$ 12,297,587	\$ (113,251)	\$ 12,184,336
Other comprehensive income before reclassifications	2,021,107	—	2,021,107
Amounts reclassified from accumulated other comprehensive income	12,626	1,475	14,101
Net current-period other comprehensive income	2,033,733	1,475	2,035,208
Ending balance	\$ 14,331,320	\$ (111,776)	\$ 14,219,544
Six Months Ended June 30, 2017			
Beginning balance at January 1	\$ 11,870,647	\$ (109,200)	\$ 11,761,447
Other comprehensive income before reclassifications	2,017,299	—	2,017,299
Amounts reclassified from accumulated other comprehensive income	(113,315)	2,844	(110,471)
Net current-period other comprehensive income	1,903,984	2,844	1,906,828
Ending balance	\$ 13,774,631	\$ (106,356)	\$ 13,668,275
Six Months Ended June 30, 2016			
Beginning balance at January 1	\$ 11,597,741	\$ (114,726)	\$ 11,483,015
Other comprehensive income before reclassifications	2,814,046	—	2,814,046
Amounts reclassified from accumulated other comprehensive income	(80,467)	2,950	(77,517)
Net current-period other comprehensive income	2,733,579	2,950	2,736,529
Ending balance	\$ 14,331,320	\$ (111,776)	\$ 14,219,544

The following tables provide significant amounts reclassified out of each component of accumulated other comprehensive income for the periods ended June 30, 2017 and 2016:

Three Months Ended June 30, 2017

Details about Accumulated Other Comprehensive Income Components	Amount Reclassified from Accumulated Other Comprehensive Income	Affected Line Item in the Consolidated Statements of Income
Unrealized gains and losses on available-for-sale securities:		
Net realized gain on investments	\$ 82,444	
Other-than-temporary impairments	—	
Total	\$ 82,444	Net realized gain (loss) on investments
Tax	(28,070)) Provision for Income Taxes
Net of Tax	\$ 54,374

Unrecognized loss	(4,470))
Total	\$ (4,470)) (a)
Tax	1,520) Provision for Income Taxes
Net of Tax	\$ (2,950))
Reclassifications for the period	\$ 77,517	

(a) These accumulated other comprehensive income components are not reclassified to net income in their entirety in the same reporting period. The amounts are presented within salaries, employee benefits and payroll taxes on the Consolidated Statements of Income as amortized. Amortization and accretion related to postretirement benefit plans is included in the computation of net periodic pension costs, as discussed in Note 5.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The Company's Annual Report on Form 10-K for the year ended December 31, 2016 should be read in conjunction with the following discussion since it contains information which is important for evaluating the Company's operating results and financial condition. Forward-looking statements are based on certain assumptions and expectations of future events that are subject to a number of risks and uncertainties. Actual results may vary.

Overview

Investors Title Company (the "Company") is a holding company that engages primarily in issuing title insurance through two subsidiaries, Investors Title Insurance Company ("ITIC") and National Investors Title Insurance Company ("NITIC"). Total revenues from the title segment accounted for 95.8% of the Company's revenues for the six-month period ended June 30, 2017. Through ITIC and NITIC, the Company underwrites land title insurance for owners and mortgagees as a primary insurer. Title insurance protects against loss or damage resulting from title defects that affect real property.

Title insurance policies for mortgage lenders and real estate owners are the two basic types of policies. A lender often requires the property owner to purchase a lender's title insurance policy to protect its position as a holder of a mortgage loan, but the lender's title insurance policy does not protect the property owner. The property owner has to purchase a separate owner's title insurance policy to protect its investment. When real property is conveyed from one party to another, occasionally there is an undisclosed defect in the title or a mistake or omission in a prior deed, will or mortgage that may give a third party a legal claim against such property. If a covered claim is made against real property, title insurance provides indemnification against insured defects.

The Company issues title insurance policies through its home and branch offices and through a network of agents. Issuing agents are typically real estate attorneys, independent agents or subsidiaries of community and regional mortgage lending institutions, depending on local customs and regulations and the Company's marketing strategy in a particular territory. The ability to attract and retain issuing agents is a key determinant of the Company's growth in title insurance premiums written.

Revenues for this segment primarily result from purchases of new and existing residential and commercial real estate, refinance activity and certain other types of mortgage lending such as home equity lines of credit.

Title insurance premiums vary from state to state and are subject to extensive regulation. Statutes generally provide that rates must not be excessive, inadequate or unfairly discriminatory. The process of implementing a rate change in most states involves pre-approval by the applicable state insurance regulator.

Volume is a factor in the Company's profitability due to fixed operating costs which are incurred by the Company regardless of title insurance premium volume. The resulting operating leverage tends to amplify the impact of changes in volume on the Company's profitability. The Company's profitability also depends, in part, upon its ability to manage its investment portfolio to maximize investment returns and minimize risks such as interest rate changes, defaults and impairments of assets.

The Company's volume of title insurance premiums is affected by the overall level of residential and commercial real estate activity, which includes sales, mortgage financing and mortgage refinancing. Real estate activity, home sales and mortgage lending are cyclical in nature. In turn, real estate activity is affected by a number of factors, including the availability of mortgage credit, the cost of real estate, consumer confidence, employment and family income levels and general United States economic conditions. Interest rate volatility is also an important factor in the level of residential and commercial real estate activity.

The Company's title insurance premiums in future periods are likely to fluctuate due to these and other factors which are beyond management's control.

Historically, the title insurance business tends to be seasonal as well as cyclical. Because home sales are typically strongest in periods of favorable weather, the first calendar quarter tends to have the lowest activity levels, while the

spring and summer quarters tend to be more active. Refinance activity is generally less seasonal, but is subject to interest rate fluctuations.

Services other than title insurance provided by operating divisions of the Company are not reported separately and are reported collectively in a category called "All Other." These other services include those offered by the Company and by its wholly owned subsidiaries, Investors Title Exchange Corporation ("ITEC"), Investors Title Accommodation Corporation ("ITAC"), Investors Trust Company ("Investors Trust") and Investors Title Management Services, Inc. ("ITMS").

The Company's exchange services division, consisting of the operations of ITEC and ITAC, provides customer services in connection with tax-deferred real property exchanges. ITEC serves as a qualified intermediary in like-kind exchanges of real or personal property under Section 1031 of the Internal Revenue Code of 1986, as amended. In its role as qualified intermediary, ITEC coordinates the exchange aspects of the real estate transaction, and its duties include drafting standard exchange documents, holding the exchange funds between the sale of the old property and the purchase of the new property, and accepting the formal identification of the replacement property within the required identification period. ITAC serves as exchange accommodation titleholder in reverse exchanges. An exchange accommodation offers a vehicle for accommodating a reverse exchange when the taxpayer must acquire replacement property before selling the relinquished property.

The Company's trust services division, Investors Trust, provides investment management and trust services to individuals, companies, banks and trusts.

ITMS offers various consulting services to provide clients with the technical expertise to start and successfully operate a title insurance agency.

Business Trends and Recent Conditions

The housing market is heavily influenced by overall economic conditions and government policies. Factors that could impact the Company include, but are not limited to: initiatives by various governmental agencies, including the Federal Reserve's monetary policy; regulatory changes and reform of government-sponsored entities that could impact lending standards or the processes and procedures used by the Company; and the current real estate environment, including interest rates and general economic activity that typically influence the demand for real estate. Any one or a combination of these factors would likely impact the Company's results of operations.

Initiatives

In efforts to provide transparency, the Federal Open Market Committee ("FOMC") of the Federal Reserve issues disclosures on a periodic basis that include projections of the federal funds rate and expected actions. At the December 2015 meeting, the FOMC voted to raise the federal funds rate for the first time since December 2008 to a target range between 0.25% and 0.50%. The FOMC has voted to increase the federal funds rate three additional times, at the December 2016 meeting to a target range between 0.50% and 0.75%, at the March 2017 meeting to a target range between 0.75% and 1.00%, and again at the June 2017 meeting to a target range between 1.00% and 1.25%. Any future adjustments to the rate are expected to be based on realized and expected economic developments to achieve maximum employment and 2.0% inflation. The FOMC anticipates future economic conditions to evolve in ways that will warrant gradual increases and that for some time, the federal funds rate is expected to be below long range levels. At the June 2017 meeting, the FOMC announced a decision to gradually reduce securities held on the Federal Reserve's balance sheet. A specific date for this change was not announced.

On October 20, 2014, the Federal Housing Finance Agency ("FHFA"), which regulates the Federal National Mortgage Association ("Fannie Mae") and the Federal Home Loan Mortgage Corporation ("Freddie Mac"), announced that Fannie Mae and Freddie Mac were negotiating guidelines with mortgage lenders that once completed, resulted in less strict lending requirements and lower barriers to mortgage loans for borrowers who are seeking access to home loans. The FHFA noted in its announcement that it intended to clarify the rules that allow Fannie Mae and Freddie Mac to require mortgage lenders to repurchase troubled loans. The FHFA also sought to increase the supply of credit available, particularly to creditworthy lower and middle-income families, by collaborating with mortgage lenders to provide guidelines for mortgage loans with down payments as low as 3.0%. In December 2014, both Fannie Mae and Freddie Mac officially approved 97.0% loan-to-value products (3.0% down payment mortgages). The Fannie Mae program is targeted to first-time home buyers and became available to lenders in December 2014. The Freddie Mac program became available to lenders on March 23, 2015 and is available to both first-time home buyers and other qualified borrowers with limited down payment savings.

In an effort to expand home ownership for lower-income buyers, the Federal Housing Authority ("FHA") announced in January 2015 that it would cut its rates on mortgage insurance premiums. Mortgage insurance premium rates for 30-year FHA insured mortgages with less than a 5.0% down payment decreased from 1.35% to 0.85%. Mortgage insurance premium rates for 30-year FHA insured mortgages with more than a 5.0% down payment decreased from

1.30% to 0.80%. The new rates took effect on January 26, 2015 and do not apply to borrowers with existing mortgages, unless refinanced, or to 15-year mortgages.

25

Regulation and Reform

In 2008, the federal government took control of Fannie Mae and Freddie Mac in an effort to keep these government-sponsored entities from failing. The primary functions of Fannie Mae and Freddie Mac are to provide liquidity to the nation's mortgage finance system by purchasing mortgages on the secondary market, pooling them and selling them as mortgage-backed securities. In order to securitize, Fannie Mae and Freddie Mac typically require the purchase of title insurance for loans they acquire. Since the federal takeover, there have been various discussions and proposals regarding their reform. Changes to these entities could impact the entire mortgage loan process and, as a result, could affect the demand for title insurance. The timing and results of reform are currently unknown; however, any changes to these entities could affect the Company and its results of operations.

On August 15, 2016, the Consumer Financial Protection Bureau (“CFPB”) proposed various amendments to federal mortgage disclosure requirements under the Real Estate Settlement Procedures Act and the Truth in Lending Act that are implemented in Regulation Z. The proposed amendments would reinforce the CFPB’s informal guidance on various issues and include clarifications and technical amendments. The CFPB also proposed changes that would create tolerances for the total of payments; adjust a partial exemption that mainly affects housing finance agencies and nonprofits; provide a uniform rule regarding application of the integrated mortgage disclosure requirements to cooperative units; and provide guidance on sharing the disclosures with various parties involved in the mortgage origination process. The final rules are expected to be released in the latter half of 2017. The proposed rules, if adopted, are not expected to have a material impact on the Company.

In recent years, the CFPB, Office of the Comptroller of Currency and the Federal Reserve have issued memorandums to banks that communicated those agencies’ heightened focus on vetting third party providers. Such increased regulatory involvement may affect the Company's agents and approved providers. Further proposals to change regulations governing insurance holding companies and the title insurance industry are often introduced in Congress, in state legislatures and before various insurance regulatory agencies. Although the Company regularly monitors such proposals, the likelihood and timing of passage of any such regulation, and the possible effects of any such regulation on the Company and its subsidiaries, cannot be determined at this time.

In recent months, both the President and certain members of Congress have questioned the CFPB's constitutionality and have indicated a desire for reform. The timing and results of reform are currently unknown; however, any changes to the CFPB could affect the Company and its results of operations.

Real Estate Environment

Overall, the economy is expanding and there has been a steady reduction in unemployment in recent years. The Mortgage Bankers Association's (“MBA”) June 2017 Economic and Mortgage Finance Commentary predicts 2017 overall growth in the housing purchase market driven by higher demand from economic and job market strength. The unemployment rate has decreased to 4.3%, the lowest rate since 2001. The interest rate for 30-year fixed rate mortgages is projected to increase to an annual average of 4.2% in 2017, driven by a strengthening domestic economy and FOMC action that is partially offset by global geopolitical uncertainty.

The MBA June 12, 2017 Mortgage Finance Forecast (“MBA Forecast”) projects 2017 purchase activity to increase 9.5% to \$1,084 billion and refinance activity to decrease 41.4% to \$528 billion, resulting in a decrease in total mortgage originations of 14.8% to \$1,612 billion, all from 2016 levels. In 2016, purchase activity accounted for 52.4% of all mortgage originations and is projected to represent 67.2% of all mortgage originations in 2017.

According to data published by Freddie Mac, the average 30-year fixed mortgage interest rates in the United States were 4.1% and 3.7% for the six-month periods ended June 30, 2017 and 2016, respectively. Per the MBA Forecast, refinancing is expected to be lower in 2017 as mortgage interest rates are projected to climb to 4.4% in the fourth quarter of 2017.

Historically, activity in real estate markets has varied over the course of market cycles by geographic region and in response to evolving economic factors. Operating results can vary from year to year based on cyclical market conditions and do not necessarily indicate the Company's future operating results and cash flows.

Acquisition of Title Insurance Agency

In October 2016, National Investors Holdings, LLC ("NIH"), a subsidiary of the Company, acquired all of the outstanding shares of a title insurance agency doing business in Texas. NIH paid \$10 million plus a \$918,000 adjustment for the title agency's net cash position at closing.

Critical Accounting Estimates and Policies

The preparation of the Company's Consolidated Financial Statements requires management to make estimates and judgments that affect the reported amounts of certain assets, liabilities, revenues, expenses and related disclosures regarding contingencies and commitments. Actual results could differ from these estimates. During the six-month period ended June 30, 2017, the Company did not make any material changes to its critical accounting policies as previously disclosed in Management's Discussion and Analysis in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 as filed with the Securities and Exchange Commission.

Results of Operations

The following table presents certain income statement data for the three- and six-month periods ended June 30, 2017 and 2016:

	Three Months Ended		Six Months Ended	
	June 30, 2017	2016	June 30, 2017	2016
Revenues:				
Net premiums written	\$33,450,241	\$29,686,120	\$65,748,900	\$51,051,450
Investment income – interest and dividends	1,113,989	1,167,005	2,210,580	2,318,016
Net realized gain (loss) on investments	82,841	(14,828)	186,180	135,002
Other	5,484,651	2,989,414	9,787,251	5,185,265
Total Revenues	40,131,722	33,827,711	77,932,911	58,689,733
Operating Expenses:				
Commissions to agents	16,597,590	15,674,346	32,928,700	27,207,228
Provision for claims	140,827	647,912	860,224	663,871
Salaries, employee benefits and payroll taxes	9,741,975	7,173,198	19,644,246	14,645,149
Office occupancy and operations	2,197,250	1,535,902	4,136,305	3,029,762
Business development	734,158	606,258	1,347,105	1,086,648
Filing fees, franchise and local taxes	578,008	267,103	731,564	497,157
Premium and retaliatory taxes	600,440	574,249	1,245,825	886,080
Professional and contract labor fees	488,464	537,446	927,640	1,076,099
Other	706,987	269,250	1,314,099	472,231
Total Operating Expenses	31,785,699	27,285,664	63,135,708	49,564,225
Income before Income Taxes	8,346,023	6,542,047	14,797,203	9,125,508
Provision for Income Taxes	2,672,000	2,012,000	4,657,000	2,791,000
Net Income Attributable to the Company Insurance and Other Services Revenues	\$5,675,192	\$4,529,380	\$10,151,247	\$6,343,420

Insurance and other services revenues include net premiums written plus other fee income, trust income, management services income and exchange services income. Investment income and realized investment gains and losses are not included in insurance and other services revenues and are discussed separately under “Investment Related Revenues” below.

Title insurance companies typically issue title insurance policies directly through home and branch offices or through title agencies. Following is a breakdown of net premiums generated by home and branch offices and agency operations for the three- and six-month periods ended June 30, 2017 and 2016:

	Three Months Ended June 30,				Six Months Ended June 30,			
	2017	%	2016	%	2017	%	2016	%
Home and Branch	\$9,619,869	28.8 %	\$8,236,630	27.7 %	\$18,868,228	28.7 %	\$13,630,485	26.7 %
Agency	23,830,372	71.2 %	21,449,490	72.3 %	46,880,672	71.3 %	37,420,965	73.3 %
Total	\$33,450,241	100.0 %	\$29,686,120	100.0 %	\$65,748,900	100.0 %	\$51,051,450	100.0 %

Home and Branch Office Net Premiums: In the Company's home and branch operations, the Company issues the title insurance policy and retains the entire premium, as no commissions are paid in connection with these policies. Net premiums written from home and branch operations increased 16.8% and 38.4% for the three- and six-month periods ended June 30, 2017, respectively, compared with the prior year periods. The increase for the three-month period ended June 30, 2017 was primarily attributable to growth in transaction volume stemming from higher levels of homes sales and average real estate values, partially offset by lower refinance activity. The increase for the six-month period ended June 30, 2017 was primarily attributable to the same factors as the three-month period ended June 30, 2017, in addition to revised premium rates filed in North Carolina.

During the quarter ended March 31, 2016, the North Carolina Title Insurance Rating Bureau, which establishes premium rates for title insurance in North Carolina, and of which Investors Title Insurance Company is a member, filed updated premium rates that took effect on April 1, 2016. The revised rates positively impacted the Company's branch and agency premiums by approximately \$2,859,000 for the six-month period ended June 30, 2017, compared with \$615,000 for the same prior year period.

All of the Company's home office operations and the majority of its branch offices are located in North Carolina; as a result, the home and branch office net premiums written are primarily for North Carolina title insurance policies.

Agency Net Premiums: When a policy is written through a title agency, the premium is shared between the agency and the underwriter. Total premiums include an estimate of premiums for policies that have been issued by agents, but not reported to the Company as of the balance sheet date. To determine the estimated premiums, the Company uses historical experience, as well as other factors, to make certain assumptions about the average elapsed time between the policy effective date and the date the policies are reported. From time to time, the Company adjusts the inputs to the estimation process as agents report transactions and new information becomes available. In addition to estimating revenues, the Company also estimates and accrues agent commissions, claims provision, premium taxes, income taxes and other expenses associated with the estimated revenues that have been accrued. The Company reflects any adjustments to the accruals in the result of operations in the period in which new information becomes available.

Agency net premiums written increased 11.1% and 25.3% for the three- and six-month periods ended June 30, 2017, respectively, compared with the prior year periods. The increase for the three- and six-month periods ended June 30, 2017 was primarily attributable to the addition of new title insurance agents in the Company's Texas and southeast markets, higher levels of real estate activity from existing agents and overall higher home prices, partially offset by lower refinance activity.

Following is a schedule of net premiums written for the three- and six-month periods ended June 30, 2017 and 2016 in select states in which the Company's two insurance subsidiaries, ITIC and NITIC, currently write insurance:

State	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
North Carolina	\$12,582,343	\$10,521,754	\$24,816,581	\$17,758,703
Texas	6,687,661	5,843,995	12,859,154	10,297,613
South Carolina	3,129,438	2,216,931	6,659,662	4,770,672
Georgia	2,926,358	2,636,349	5,667,298	4,515,045
Virginia	1,374,334	1,732,741	2,871,792	2,988,653
All Others	6,807,667	6,773,613	12,988,424	10,751,429
Premiums	33,507,801	29,725,383	65,862,911	51,082,115
Reinsurance Assumed	2,756	10,946	2,756	10,946
Reinsurance Ceded	(60,316)	(50,209)	(116,767)	(41,611)
Net Premiums Written	\$33,450,241	\$29,686,120	\$65,748,900	\$51,051,450

Other Revenues

Other revenues primarily include commission income, fee income, trust income, management services income, exchange services income, state tax credit income and income related to the Company's equity method investments. Other revenues were \$5,484,651 and \$9,787,251 for the three- and six-month periods ended June 30, 2017, respectively, compared with \$2,989,414 and \$5,185,265 for the same prior year periods. The increase for the three- and six-month periods ended June 30, 2017 primarily related to increases in revenue from commission income from title agencies and title fees and earnings of unconsolidated affiliates.

Investment Related Revenues

Investment income and realized gains and losses from investments are included in investment related revenues.

Investment Income

The Company derives a substantial portion of its income from investments in municipal and corporate bonds and equity securities. The Company's title insurance subsidiaries are required by statute to maintain minimum levels of investments in order to protect the interests of policyholders. The Company's investment policy is designed to comply with regulatory requirements and to balance the competing objectives of asset quality and investment returns.

The Company's investment strategy emphasizes after-tax income and principal preservation. The Company's investments are primarily in bonds and, to a lesser extent, equity securities. The average effective maturity of the majority of the bonds is less than 10 years. The Company's invested assets are managed to fund its obligations and evaluated to ensure long term stability of capital accounts.

As the Company generates cash from operations, it is invested in accordance with the Company's investment policy and corporate goals. The Company's investment policy has been designed to balance multiple goals, including the assurance of a stable source of income from interest and dividends, the preservation of principal, and the provision of liquidity sufficient to meet insurance underwriting and other obligations as they become payable in the future. Securities purchased may include a combination of taxable bonds, tax-exempt bonds and equity securities. The Company strives to maintain a high quality investment portfolio. Interest and investment income levels are primarily a function of general market performance, interest rates and the amount of cash available for investment.

Investment income was \$1,113,989 and \$2,210,580 for the three- and six-month periods ended June 30, 2017, respectively, compared with \$1,167,005 and \$2,318,016 for the same prior year periods. The decrease in investment income for the three- and six-month periods ended June 30, 2017 was primarily due to a lower level of investments in fixed income securities.

Net Realized Gain (Loss) on Investments

Dispositions of equity securities at a realized gain or loss reflect such factors as industry sector allocation decisions, ongoing assessments of issuers' business prospects and tax planning considerations. Additionally, the amounts of net realized investment gains and losses are affected by assessments of securities' valuation for other-than-temporary impairment. As a result of the interaction of these factors and considerations, the net realized investment gain or loss can vary significantly from period to period.

The net realized gain (loss) on investments was \$82,841 and \$186,180 for the three- and six-month periods ended June 30, 2017, respectively, compared with \$(14,828) and \$135,002 for the same prior year periods. The net realized gain on investments for the six-month period ended June 30, 2017 did not include any impairment charges. The net realized gain on investments for the six-month period ended June 30, 2016 included impairment charges of \$115,238 on certain investments and other assets that were deemed to be other-than-temporarily impaired, offset by a net realized gain on the sales of investments and other assets of \$250,240. Management believes unrealized losses on remaining fixed income and equity securities at June 30, 2017 are temporary in nature.

The securities in the Company's investment portfolio are subject to economic conditions and market risks. The Company considers relevant facts and circumstances in evaluating whether a credit or interest-related impairment of a security is other-than-temporary. Relevant facts and circumstances include the extent and length of time the fair value of an investment has been below cost.

There are a number of risks and uncertainties inherent in the process of monitoring impairments and determining if an impairment is other-than-temporary. These risks and uncertainties include the risk that the economic outlook will be worse than expected or have more of an impact on the issuer than anticipated; the risk that the Company's assessment of an issuer's ability to meet all of its contractual obligations will change based on changes in the characteristics of that issuer; the risk that information obtained by the Company or changes in other facts and circumstances leads management to change its intent to hold the equity security until it recovers in value or its intent to sell the debt security; and the risk that management is making decisions based on misstated information in the financial statements provided by issuers.

Expenses

The Company's operating expenses consist primarily of commissions to agents, salaries, employee benefits and payroll taxes, office occupancy and operations and the provision for claims. Operating expenses increased 16.5% and 27.4% for the three- and six-month periods ended June 30, 2017, respectively, compared with the same prior year periods. The increases in the three- and six-month periods ended June 30, 2017 were primarily due to increases in commissions and salaries, employee benefits and payroll taxes. In addition, the inclusion of expenses for a title agency acquired in the fourth quarter of 2016 contributed to the higher expense levels.

Following is a summary of the Company's operating expenses for the three- and six-month periods ended June 30, 2017 and 2016. Inter-segment eliminations have been netted; therefore, the individual segment amounts will not agree to Note 4 in the accompanying Consolidated Financial Statements.

	Three Months Ended June 30,				Six Months Ended June 30,			
	2017	%	2016	%	2017	%	2016	%
Title Insurance	\$29,766,198	93.6 %	\$25,611,212	93.9 %	\$59,321,690	94.0 %	\$46,335,189	93.5 %
All Other	2,019,501	6.4 %	1,674,452	6.1 %	3,814,018	6.0 %	3,229,036	6.5 %
Total	\$31,785,699	100.0%	\$27,285,664	100.0%	\$63,135,708	100.0%	\$49,564,225	100.0%

On a combined basis, after-tax profit margins were 14.1% and 13.0% for the three- and six-month periods ended June 30, 2017, respectively, and 13.4% and 10.8% for the three- and six-month periods ended June 30, 2016, respectively. The Company continually strives to enhance its competitive strengths and market position, including

ongoing initiatives to reduce its operating expenses.

30

Total Company

Salaries, Employee Benefits and Payroll Taxes: Personnel costs include base salaries, benefits and payroll taxes, and bonuses paid to employees. Salaries, employee benefits and payroll taxes were \$9,741,975 and \$19,644,246 for the three- and six-month periods ended June 30, 2017, respectively, compared with \$7,173,198 and \$14,645,149 for the same prior year periods. On a consolidated basis, salaries, employee benefits and payroll taxes as a percentage of total revenues were 24.3% and 25.2% for the three- and six-month periods ended June 30, 2017, respectively, compared with 21.2% and 25.0% for the same prior year periods. The increases in payroll expenses for the three- and six-month periods ended June 30, 2017 primarily related to increases in salaries, benefits and payroll expenses associated with the acquisition of a title agency that was acquired in the fourth quarter of 2016 and other staffing increases, higher levels of incentive compensation and inflationary increases.

Office Occupancy and Operations: Office occupancy and operations expenses primarily include office rent and utilities, depreciation, maintenance, telecommunications and insurance expenses. Office occupancy and operations expenses were \$2,197,250 and \$4,136,305 for the three- and six-month periods ended June 30, 2017, respectively, compared with \$1,535,902 and \$3,029,762 for the same prior year periods. The increases in expenses in 2017 primarily related to increases in office equipment, contract services and facilities.

Business Development: Business development expenses primarily include marketing and travel-related expenses. Business development expenses were \$734,158 and \$1,347,105 for the three- and six-month periods ended June 30, 2017, respectively, compared with \$606,258 and \$1,086,648 for the same prior year periods. The increases for the three- and six-month periods ended June 30, 2017 primarily related to increases in marketing and travel expenses.

Filing Fees, Franchise and Local Taxes: Filing fees, franchise and local tax expenses include insurance filing and licensing fees, franchise taxes, excise taxes, and local taxes. Filing fees, franchise and local tax expenses were \$578,008 and \$731,564 for the three- and six-month periods ended June 30, 2017, respectively, compared with \$267,103 and \$497,157 for the same prior year periods.

Professional and Contract Labor Fees: Professional and contract labor fees were \$488,464 and \$927,640 for the three- and six-month periods ended June 30, 2017, respectively, compared with \$537,446 and \$1,076,099 for the same prior year periods. The decreases for the three- and six-month periods ended June 30, 2017 were primarily attributable to a decline in legal fees.

Other Expenses: Other operating expenses primarily include miscellaneous operating expenses of the trust division and other miscellaneous expenses of the title segment. These amounts typically fluctuate in relation to transaction volume of the title segment and the trust division. Other expenses were \$706,987 and \$1,314,099 for the three- and six-month periods ended June 30, 2017, respectively, compared with \$269,250 and \$472,231 for the same prior year periods. The increases for the three- and six-month periods ended June 30, 2017 were primarily attributable to increases in amortization of intangible assets attributable to the acquisition of a title insurance agency and miscellaneous title expenses.

Title Insurance

Commissions: Agent commissions represent the portion of premiums retained by agents pursuant to the terms of their respective agency contracts. Commissions to agents increased 5.9% and 21.0% for the three- and six-month periods ended June 30, 2017, respectively, compared with the same prior year periods. Commission expense for the three- and six-month periods ended June 30, 2017 increased due to higher agent premium volume. Commission rates vary by market due to local practice, competition and state regulations. Commission expense as a percentage of net premiums written by agents was 69.6% and 70.2% for the three- and six-month periods ended June 30, 2017, respectively, compared with 73.1% and 72.7% for the same prior year periods. The decrease in commission expense as a percentage of net premiums written by agents was primarily related to changes in the elimination of intercompany

commissions for affiliated agents upon consolidation and geographic mix.

Provision for Claims: The provision for claims as a percentage of net premiums written was 0.4% and 1.3% for the three- and six-month periods ended June 30, 2017, respectively, compared with 2.2% and 1.3% for the same prior year periods. The change in the provision for claims for the three-month period ended June 30, 2017 compared with the same prior year period primarily related to fewer initial claim filings as well as higher levels of recognition of favorable prior year loss development.

Title claims are typically reported and paid within the first several years of policy issuance. The provision for claims reflects actual payments of claims, net of recovery amounts, plus adjustments to the specific and incurred but not reported claims reserves, the latter of which is actuarially determined based on historical claims experience. Actual payments of claims, net of recoveries, were \$2,024,224 and \$1,246,871 for the six-month periods ended June 30, 2017 and 2016, respectively.

Reserves for Claims: At June 30, 2017, the total reserve for claims was \$34,141,000. Of that total, approximately \$4,104,000 was reserved for specific claims, and approximately \$30,037,000 was reserved for claims for which the Company had no notice.

Because of the uncertainty of future claims, changes in economic conditions and the fact that claims may not materialize for several years, reserve estimates are subject to variability.

Changes from prior periods in the expected liability for claims reflect the uncertainty of the claims environment, as well as the limited predictive power of historical data. The Company continually updates and refines its reserve estimates as current experience develops and credible data emerges. Such data includes payments on claims closed during the quarter, new details that emerge on open cases that cause claims adjusters to increase or decrease the case reserves, and the impact that these types of changes have on the Company's total loss provision. Adjustments may be required as new information develops which often varies from past experience.

Premium and Retaliatory Taxes: Title insurance companies are generally not subject to state income or franchise taxes. However, in most states they are subject to premium and retaliatory taxes, as defined by statute. Premium and retaliatory tax rates vary from state to state; accordingly, the total premium and retaliatory tax incurred is dependent upon the geographical mix of insurance revenues. Premium and retaliatory taxes as a percentage of net premiums written were 1.8% and 1.9% for the three- and six-month periods ended June 30, 2017, respectively, compared with 1.9% and 1.7% for the same prior year periods.

Income Taxes

The provision for income taxes was \$2,672,000 and \$4,657,000 for the three- and six-month periods ended June 30, 2017, respectively, compared with \$2,012,000 and \$2,791,000 for the same prior year periods. Income tax expense as a percentage of earnings before income taxes was 32.0% and 31.5% for the three- and six-month periods ended June 30, 2017, respectively, compared with 30.8% and 30.6% for the same prior year periods. The effective income tax rate for both 2017 and 2016 was below the U.S. federal statutory income tax rate of 34%, primarily due to the effect of tax-exempt income. Tax-exempt income lowers the effective tax rate.

The Company believes it is more likely than not that the tax benefits associated with recognized impairment and unrecognized losses recorded through June 30, 2017 will be realized. However, this judgment could be impacted by further market fluctuations.

Liquidity and Capital Resources

The Company's current cash requirements include general operating expenses, income taxes, capital expenditures, dividends on its common stock and repurchases of its common stock. Cash flows from operations have historically been the primary source of financing for expanding operations, whether through organic growth or outside investments.

The Company evaluates nonorganic growth opportunities, such as mergers and acquisitions, from time to time in the ordinary course of business. Because of the episodic nature of these events, related incremental liquidity and capital resource needs can be difficult to predict.

The Company's operating results and cash flows are heavily dependent on the real estate market. The Company's business has certain fixed costs such as personnel; therefore, changes in the real estate market are monitored closely, and operating expenses such as staffing levels are managed and adjusted accordingly. The Company believes that its significant working capital position and management of operating expenses will aid its ability to manage cash resources through fluctuations in the real estate market.

Cash Flows: Net cash flows provided by operating activities were \$5,689,580 and \$5,577,419 for the six-month periods ended June 30, 2017 and 2016, respectively. Cash flows from operating activities increased slightly in 2017 from 2016, primarily due to an increase in net income and the timing of payable disbursements, partially offset by decreases in other assets and the provision for deferred taxes, and the timing of the receipt/payment for receivables and income taxes.

Cash flows from non-operating activities have historically consisted of purchases and proceeds from investing activities, repurchases of common stock and the payment of dividends. In 2017, the Company had higher levels of investment purchase activity, proceeds from investing activities, purchases of property and payment of dividends, partially offset by lower repurchases of common stock compared with the prior year period.

The Company maintains a high degree of liquidity within its investment portfolio, classified as available-for-sale, in the form of cash, short-term investments and other readily marketable securities. As of June 30, 2017, the Company held cash and cash equivalents of \$29,068,106, short-term investments of \$17,845,956, fixed maturity securities of \$93,049,522 and equity securities of \$43,562,703. The net effect of all activities on total cash and cash equivalents was an increase of \$1,139,634 in 2017.

Capital Resources: The amount of capital resources the Company maintains is influenced by state regulation, the need to maintain superior financial ratings from third party rating agencies and other marketing and operational considerations.

The Company's significant sources of funds are dividends and distributions from its subsidiaries, primarily its two title insurance subsidiaries. Cash is received from its subsidiaries in the form of dividends and as reimbursements for operating and other administrative expenses that it incurs. The reimbursements are executed within the guidelines of management agreements between the Company and its subsidiaries.

The ability of the Company's title insurance subsidiaries to pay dividends to the Company is subject to state regulation from their respective states of domicile. Each state regulates the extent to which title underwriters can pay dividends or make distributions and requires prior regulatory approval of the payment of dividends and other intercompany transfers. The maximum dividend permitted by law is not necessarily indicative of an insurer's actual ability to pay dividends. Depending on regulatory conditions, the Company may in the future need to retain cash in its title insurance subsidiaries in order to maintain their statutory capital position. As of June 30, 2017, both ITIC and NITIC met the minimum capital, surplus and reserve requirements for each state in which they are licensed.

While state regulations and the need to cover risks may set a minimum level for capital requirements, other factors necessitate maintaining capital resources in excess of the required minimum amounts. For instance, the Company's capital resources help it maintain high ratings from insurance company rating agencies. Superior ratings strengthen the Company's ability to compete with larger, well known title insurers with national footprints.

A strong financial position provides necessary flexibility to fund potential acquisition activity, to invest in the Company's core business, and to minimize the financial impact of potential adverse developments. Adverse developments that generally require additional capital include adverse financial results, changes in statutory accounting requirements by regulators, reserve charges, investment losses or costs incurred to adapt to a changing regulatory environment, including costs related to CFPB regulation of the real estate industry.

The Company bases its capitalization levels, in part, on net coverage retained. Since the Company's geographical focus has been and continues to be concentrated in states with average premium rates typically lower than the national average, capitalization relative to premiums will usually appear higher than industry averages.

Due to the Company's historical ability to consistently generate positive cash flows from its consolidated operations and investment income, management believes that funds generated from operations will enable the Company to adequately meet its current operating needs for the foreseeable future. However, there can be no assurance that future experience will be similar to historical experience, since it is influenced by such factors as the interest rate environment, real estate activity, the Company's claims-paying ability and its financial strength ratings. In addition to operational and investment considerations, taking advantage of opportunistic external growth opportunities may necessitate obtaining additional capital resources. The Company is unaware of any trend that is likely to result in material adverse liquidity changes, but continually assesses its capital allocation strategy, including decisions relating to repurchasing the Company's stock and/or conserving cash.

Purchase of Company Stock: On November 9, 2015, the Board of Directors of the Company approved the purchase of an additional 163,335 shares pursuant to the Company's repurchase plan, such that there was authority remaining under the plan to purchase up to an aggregate of 500,000 shares of the Company's common stock pursuant to the plan immediately after this approval. Unless terminated earlier by resolution of the Board of Directors, the plan will expire when all shares authorized for purchase under the plan have been purchased. Pursuant to the Company's ongoing purchase program, the Company has purchased 70 shares for the six-month period ended June 30, 2017 and 34,870 shares for the same period in 2016 at an average per share price of \$128.37 and \$89.88, respectively. The Company anticipates making further purchases under this plan from time to time in the future, depending on such factors as the prevailing market price of the Company's common stock, the Company's available cash and then existing alternative uses for such cash.

Capital Expenditures: Capital Expenditures were approximately \$1,964,000 for the six-month period ended June 30, 2017. In 2017, the Company has plans for various capital improvement projects, including increased investment in a

number of technology and system development initiatives and hardware purchases which are anticipated to be funded via cash flows from operations. All material anticipated capital expenditures are subject to periodic review and revision and may vary depending on a number of factors.

Off-Balance Sheet Arrangements

As a service to its customers, the Company, through ITIC, administers escrow and trust deposits representing earnest money received under real estate contracts, undisbursed amounts received for settlement of mortgage loans and indemnities against specific title risks. These amounts are not considered assets of the Company and, therefore, are excluded from the accompanying Consolidated Balance Sheets. However, the Company remains contingently liable for the disposition of these deposits.

In addition, in administering tax-deferred property exchanges, ITEC serves as a qualified intermediary for exchanges, holding the net sales proceeds from relinquished property to be used for purchase of replacement property. ITAC serves as exchange accommodation titleholder and, through limited liability companies that are wholly owned subsidiaries of ITAC, holds property for exchangers in reverse exchange transactions. Like-kind exchange deposits and reverse exchange property held by the Company for the purpose of completing such transactions totaled approximately \$213,703,000 and \$202,184,000 as of June 30, 2017 and December 31, 2016, respectively. These exchange deposits are held at third-party financial institutions. These amounts are not considered assets of the Company for accounting purposes and, therefore, are excluded from the accompanying Consolidated Balance Sheets. Exchange services revenues include earnings on these deposits; therefore, investment income is shown as exchange services revenue, rather than investment income. The Company remains contingently liable to customers for the transfers of property, disbursements of proceeds, and the return on the proceeds at the agreed upon rate.

External assets under management of Investors Trust Company are not considered assets of the Company and, therefore, are excluded from the accompanying Consolidated Balance Sheets.

It is not the general practice of the Company to enter into off-balance sheet arrangements or issue guarantees to third parties. The Company does not have any material source of liquidity or financing that involves off-balance sheet arrangements. Other than items noted above, off-balance sheet arrangements are generally limited to the future payments under noncancelable operating leases and payments due under various agreements with third party service providers.

Recent Accounting Standards

For a description of recent accounting pronouncements, please refer to Note 1 to the Notes to Consolidated Financial Statements herein.

Safe Harbor for Forward-Looking Statements

This Quarterly Report on Form 10-Q, as well as information included in future filings by the Company with the Securities and Exchange Commission and information contained in written material, press releases and oral statements issued by or on behalf of the Company, contains, or may contain, “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, that reflect management’s current outlook for future periods. These statements may be identified by the use of words such as “plan,” “expect,” “aim,” “believe,” “project,” “anticipate,” “intend,” “estimate,” “should,” “could,” “would” and other expressions that refer to future events and trends. All statements that address expectations or projections about the future, including statements about the Company’s strategy for growth, product and service development, market share position, claims, expenditures, financial results and cash requirements, are forward-looking statements. Without limitation, projected developments in mortgage interest rates and the overall economic environment set forth in “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Business Trends and Recent Conditions” constitute forward-looking statements. Forward-looking statements are based on certain assumptions and expectations of future events that are subject to a number of risks and uncertainties.

Actual future results and trends may differ materially from historical results or those projected in any such forward-looking statements depending on a variety of factors, including, but not limited to, the following:

- the level of real estate transactions, the level of mortgage origination volumes (including refinancing) and changes to the insurance requirements of the participants in the secondary mortgage market, and the effect of these factors on the demand for title insurance;
- changes in general economic, business, and political conditions, including the performance of the financial and real estate markets;
- the possible inadequacy of the claims reserve to cover actual claim losses;
- the incidence of fraud-related losses;
- unanticipated adverse changes in securities markets, including interest rates, could result in material losses to the Company’s investments;
- significant competition that the Company’s operating subsidiaries face, including the Company’s ability to develop and offer products and services that meet changing industry standards in a timely and cost-effective manner and expansion into new geographic locations;
- the Company’s reliance upon the North Carolina and Texas markets for a significant portion of its premiums;
- compliance with government regulation, including pricing regulation, and significant changes to applicable regulations or in their application by regulators;
- the impact of governmental oversight of compliance by service providers, including title insurance agents, with federal consumer financial laws;
- possible downgrades from a rating agency, which could result in a loss of underwriting business;
- the inability of the Company to manage, develop and implement technological advancements and prevent system interruptions or unauthorized system intrusions;
- statutory requirements applicable to the Company’s insurance subsidiaries that require them to maintain minimum levels of capital, surplus and reserves and that restrict the amount of dividends they may pay to the Company without prior regulatory approval;
- the desirability to maintain capital above statutory minimum requirements for competitive, marketing and other reasons;
- heightened regulatory scrutiny and investigations of the title insurance industry;
- the Company’s dependence on key management and marketing personnel, the loss of whom could have a material adverse effect on the Company’s business;
- difficulty managing growth, whether organic or through acquisitions;
- reform of government-sponsored entities that could adversely impact the Company;

policies and procedures for the mitigation of risks that may be insufficient to prevent losses;
the shareholder rights plan could discourage transactions involving actual or potential changes of control; and
other risks detailed elsewhere in this document and in the Company's other filings with the SEC.

These and other risks and uncertainties may be described from time to time in the Company's other reports and filings with the Securities and Exchange Commission. For more details on factors that could affect expectations, see the Company's Annual Report on Form 10-K for the year ended December 31, 2016. The Company is not under any obligation (and expressly disclaims any such obligation) and does not undertake to update or alter any forward-looking statements to reflect circumstances or events that occur after the date the forward-looking statements are made. You should consider the possibility that actual results may differ materially from our forward-looking statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

For the quarter ended June 30, 2017, there were no material changes in the Company's market risks as described in the Company's Annual Report on Form 10-K for the year ended December 31, 2016.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

The Company's disclosure controls and procedures are designed to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Securities Exchange Act of 1934 (the "Exchange Act") is recorded, processed, summarized and reported within the time periods specified by the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include controls and procedures designed to ensure that information required to be disclosed in such reports is accumulated and communicated to the Company's management as appropriate to allow timely decisions regarding required disclosure.

No system of controls, no matter how well designed and operated, can provide absolute assurance that the objectives of the system of controls are met, and no evaluation of controls can provide absolute assurance that the system of controls has operated effectively in all cases. The Company's disclosure controls and procedures, however, are designed to provide reasonable assurance that the objectives of disclosure controls and procedures are met.

Pursuant to Rule 13a-15(b) under the Exchange Act, an evaluation was performed under the supervision and with the participation of the Company's management, including its Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective as of June 30, 2017 to provide reasonable assurance that the objectives of disclosure controls and procedures are met.

Changes in Internal Control Over Financial Reporting

During the quarter ended June 30, 2017, there were no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

See discussion of legal proceedings in Note 7 to the Consolidated Financial Statements included in Item 1 of Part I of this Report, which is incorporated by reference into this Part II, Item 1.

Item 1a. Risk Factors

There have been no material changes in risks previously disclosed under Item 1a. of the Company's Annual Report on Form 10-K for the year ended December 31, 2016.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(a) None

(b) None

(c) For the quarter ended June 30, 2017, the Company did not purchase any shares of the Company's common stock pursuant to the Company's ongoing purchase program that was initially announced on June 5, 2000. On November 9, 2015, the Board of Directors of the Company approved the purchase of an additional 163,335 shares pursuant to the Company's repurchase plan, such that there was authority remaining under the plan to purchase up to an aggregate of 500,000 shares of the Company's common stock pursuant to the plan immediately after this approval. As of June 30, 2017, there was authority remaining under the plan to purchase up to an aggregate of 429,707 shares of the Company's common stock. Unless terminated earlier by resolution of the Board of Directors, the plan will expire when all shares authorized for purchase under the plan (as such number may be amended by the Board) have been purchased. The Company anticipates making further purchases under this plan from time to time in the future, depending on such factors as the prevailing market price of the Company's common stock, the Company's available cash and then existing alternative uses for such cash.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not Applicable.

Item 5. Other Information

None.

Item 6. Exhibits

31(i) Certification of Chief Executive Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

31(ii) Certification of Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

32 Certification of Chief Executive Officer and Chief Financial Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002
