

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U-9C-3

NORTHEAST UTILITIES SYSTEM
Form U-9C-3
May 30, 2001

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549-1004

FORM U-9C-3

QUARTERLY REPORT PURSUANT TO RULE 58

For the quarterly period ended March 31, 2001

Northeast Utilities

(Name of registered holding company)

107 Selden Street, Berlin, CT 06037

(Address of principal executive offices)

Name and telephone number of officer to whom inquiries concerning this report should be directed:

John J. Roman, Vice President and Controller
Telephone number: 860-665-5000

GENERAL INSTRUCTIONS

A. Use of Form

1. A reporting company, as defined herein, shall file a report on this form within 60 days after the end of each of the first three quarters, and within 90 days after the end of the fourth quarter, of the fiscal year of the registered holding company. The period beginning on the date of effectiveness of rule 58 and ending at the end of the quarter following the quarter in which the rule becomes effective shall constitute the initial period for which any report shall be filed, if applicable.
2. The requirement to provide specific information by means of this form

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U-9C-3

supersedes any requirement by order of the Commission to provide identical information by means of periodic certificates under rule 24; but does not so supersede and replace any requirement by order to provide information by means of an annual report on Form U-13-60.

3. Information with respect to reporting companies that is required by Form U-13-60 shall be provided exclusively on that form.
4. Notwithstanding the specific requirements of this form, this Commission may informally request such further information as, in its opinion, may be necessary or appropriate.

B. Statements of Monetary Amounts and Deficits

1. Amounts included in this form and in related financial statements may be expressed in whole dollars, thousands of dollars or hundred thousands of dollars.
2. Deficits and other similar entries shall be indicated by either brackets or parentheses. An explanation should be provided by footnote.

C. Formal Requirements

This form, including exhibits, shall be filed with Commission electronically pursuant to Regulation S-T (17 CFR 232.10 et seq.). A conformed copy of each such report shall be filed with each state commission having jurisdiction over the retail rates of a public utility company that is an associate company of a reporting company. Each report shall provide the name and telephone number of the person to whom inquiries concerning the report should be directed.

D. Definitions

As used in this form, the word "reporting company" means an energy-related company or gas-related company, as defined in rule 58(b). All other words and terms have the same meaning as in the Public Utility Holding Company Act of 1935, as amended, and the rules and regulations thereunder.

ITEM 1 - ORGANIZATION CHART

Instructions

1. Complete Item 1 only for the first three calendar quarters of the fiscal year of the registered holding company.
2. Under the caption "Name of Reporting Company," list each energy-related and gas-related company and each system company that directly or indirectly holds securities thereof. Add the designation "(new)" for each reporting company of which securities were acquired during the period, and the designation "(*)" for each inactive company.
3. Under the caption "Percentage of Voting Securities Held," state the aggregate percentage of the outstanding voting securities of the reporting company held directly or indirectly by the registered holding company at the end of the quarter.
4. Provide a narrative description of each reporting company's activities during the reporting period.

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U-9C-3

Name of Reporting Co.	Energy or Gas Related	Date of Organization	State of Organization	Percentage of Voting Securities Held	Nature of Business	Activities reported during the period

* Sold in June 2000.

(A) NU Enterprises, Inc. is not the "reporting company" but is included in this Item 1 because it holds, directly or indirectly, voting securities issued by reporting companies as indicated above.

(B) Select Energy, Inc. (Select Energy) provides both wholesale and retail energy services. Select Energy participates in open-access retail electricity markets in New England, New York and the Mid-Atlantic regions. Select Energy markets electricity, natural gas, oil, and energy-related products and services in order to enhance its core electricity service and customer relationships. Select Energy is a licensed retail electricity supplier in the states of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Pennsylvania, and Rhode Island. Select Energy is a registered gas marketer with local gas distribution companies in the states of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, and Rhode Island.

(C) Select Energy Portland Pipeline, Inc. (SEPPPI) acquired a 5% interest in Portland Natural Gas Transmission System partnership in March 1999.

(D) Effective January 4, 1999, Northeast Generation Services Company (NGS) was

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U-9C-3

established to provide a full range of energy-related operation and maintenance services for large industrial, institutional and power generation customers throughout the 11-state Northeast area. NGS' current business segments focus on providing turnkey Manage and Operate Services (MOS) and also a full range of Industrial Services (IS) and Consulting Services (CS).

MOS is a service that is designed for generation asset owners. NGS has the ability to offer station management and operation services with a focus on optimizing the value of that specific asset with the owner. Within the IS platform, its offerings include mechanical and electrical construction and maintenance services, as well as environmental maintenance/compliance services. Within the CS platform, the product and service offerings include engineering and environmental consulting services, with an emphasis on power plant system design.

- (E) HEC Inc. is not the "reporting company" but is included in this item 1 because it holds, directly or indirectly, voting securities issued by reporting companies as indicated above.
- (F) Reed's Ferry Supply Corporation was purchased by HEC Inc. in August 1999 as an equipment wholesaler to purchase equipment on behalf of Select Energy Contracting Inc.
- (G) Effective September 30, 1999, HEC/Tobyhanna Energy Project, Inc. was established as a special purpose entity to manage the assets of an Energy Savings Performance Contract (ESPC) project at the Tobyhanna Army Depot.
- (H) Select Energy Contracting, Inc. designs, manages and directs the construction of, and/or installing of mechanical, water, and electrical systems, energy and other resource consuming equipment.
- (I) Yankee Energy System Inc. is not the "reporting company" but is included in this item 1 because it holds, directly or indirectly, voting securities issued by reporting companies as indicated above.
- (J) Yankee Energy Services Company (YESCO) provides a wide range of energy-related services for its customers. YESCO Controls division provides comprehensive building automation with engineering, installation and maintenance of building control systems. YESCO Power division also provided expertise related to the production of thermal and/or electric power.
- (K) Housatonic Corporation is not a "reporting company" but is included in this item 1 because it holds, directly or indirectly, voting securities issued by reporting companies as indicated above.
- (L) Southbridge Power & Thermal, LLC is a single purpose limited liability company formed to operate and manage facilities at the Southbridge Business Center located in Southbridge, MA., which provides electricity, thermal, compressed air, heated, and wash-water to tenants at the center. These utilities are included in the leases of tenants at the center.
- (M) R. M. Services, Inc. provides consumer collection services for companies throughout the United States.
- (N) Acumentrics Corporation develops, manufactures and distributes advanced power generation, power quality and power protection devices including a high-speed flywheel and advanced technology fuel cells.
- (O) ERI/HEC EFA-Med, LLC is a Delaware limited liability company that was formed by HEC Inc., and ERI Services, Inc. to enter into an indefinite

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U-9C-3

delivery/indefinite quantity with the U.S. Navy. Under the contract, the Navy will issue Delivery Orders for energy services work at U.S. Government facilities located in Bahrain, Greece, Egypt, Italy, Spain, Turkey, and the United Kingdom. The LLC will designate either ERI or HEC to perform each of the Delivery Orders. The LLC will also act as the conduit for any project-related financing. ERI Services, Inc. and HEC Inc. each own 50% of the LLC.

- (P) E. S. Boulos Company (Boulos) is a Connecticut corporation that was formed by NGS to acquire the assets of electrical construction companies located in Maine. Boulos is registered to do business initially in Maine, Massachusetts, New Hampshire, and Vermont. NGS owns 100% of the corporation.
- (Q) NGS Mechanical Company (NGSM) is a Connecticut corporation that was formed by NGS to perform mechanical construction and maintenance services to customers contracted with to provide such services. NGSM is registered to do business initially in Massachusetts, New Hampshire, Maine, Vermont, Rhode Island, and New York. NGS owns 100% of the corporation.
- (R) HEC/CJTS Energy Center LLC (HEC/CJTS) is a Delaware limited liability company that was formed by HEC Inc. to facilitate the financing of HEC's construction of the Connecticut Juvenile Training School in Middletown, Connecticut. HEC/CJTS will not have any employees nor will it conduct any other activities other than those related to accepting the assignment of the lease. HEC Inc. owns 100% of the LLC.

ITEM 2 - ISSUANCES AND RENEWALS OF SECURITIES AND CAPITAL CONTRIBUTIONS

ITEM 6 - FINANCIAL STATEMENTS AND EXHIBITS

Instructions

A. Financial Statements

1. Financial statements are required for reporting companies in which the registered holding company system has at least 50% equity or other ownership interest. For all other rule 58 companies, the registered holding company shall make available to the Commission such financial statements as are available to it.
2. For each reporting company, provide a balance sheet as of the end of the quarter and income statements for the three-month and year-to-date periods ending as of the end of the quarter, together with any notes thereto. Financial statements shall be for the first three quarters of the fiscal year of the registered holding company.
3. If a reporting company and each of its subsidiaries engage exclusively in a single category of energy-related or gas-related activity, consolidated financial statements may be filed.

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U-9C-3

4. Separate financial statements need not be filed for inactive companies or for companies engaged solely in the ownership of interests in energy-related or gas-related companies.

B. Exhibits

1. Copies of contracts required to be provided by Item 3 shall be filed as exhibits.
2. A certificate stating that a copy of the report for the previous quarter has been filed with interested state commissions shall be filed as an exhibit. The certificate shall provide the names and addresses of the state commissions.

Notes to Financial Statements (Unaudited)

1. About Northeast Utilities

Northeast Utilities (NU) is the parent company of the Northeast Utilities system (NU system). The NU system's regulated utilities furnish franchised retail electric service in Connecticut, New Hampshire and western Massachusetts through three wholly owned subsidiaries: The Connecticut Light and Power Company (CL&P), Public Service Company of New Hampshire (PSNH) and Western Massachusetts Electric Company (WMECO). Another wholly owned subsidiary, North Atlantic Energy Corporation, sells all of its entitlement to the capacity and output of the Seabrook Station nuclear unit (Seabrook) to PSNH under the terms of two life-of-unit, full cost recovery contracts. A fifth wholly owned subsidiary, Holyoke Water Power Company, also is engaged in the production and distribution of electric power.

Several wholly owned subsidiaries of NU provide support services for the NU system companies and, in some cases, for other New England utilities. Northeast Utilities Service Company provides centralized accounting, administrative, engineering, financial, information resources, legal, operational, planning, purchasing, and other services to the NU system companies. North Atlantic Energy Service Corporation has operational responsibility for Seabrook. Three other subsidiaries construct, acquire or lease some of the property and facilities used by the NU system companies.

NU Enterprises, Inc. (NUEI) is a wholly owned subsidiary of NU and acts as the holding company for certain of NU's competitive energy subsidiaries. Northeast Generation Company (NGC) was formed to acquire and manage

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U-9C-3

generation facilities. Select Energy, Inc. (Select Energy), Select Energy Portland Pipeline, Inc. (SEPPI), Northeast Generation Services Company and its subsidiaries (NGS), HEC Inc. and its subsidiaries (HEC), and Mode 1 Communications, Inc., engage in a variety of energy-related and telecommunications activities, as applicable, primarily in the competitive energy retail and wholesale commodity, marketing and services fields. E.S. Boulos Company (Boulos) and NGS Mechanical, Inc. (NGS Mechanical) are wholly owned subsidiaries of NGS. Select Energy Contracting, Inc. (Select Energy Contracting), Reeds Ferry Supply Co., Inc. (Reeds Ferry), HEC/Tobyhanna Energy Project, Inc., (HEC/Tobyhanna), and HEC/CJTS Energy Center, LLC (HEC/CJTS) are wholly owned subsidiaries of HEC. Another company, ERI/HEC EFA-Med, LLC (ERI/HEC), is 50 percent owned by HEC.

Yankee Energy System, Inc. (Yankee) maintains certain wholly owned subsidiaries including Yankee Energy Services Company (YESCO) and R. M. Services, Inc. (R. M. Services). In June 2000, Southbridge Power & Thermal, LLC (Southbridge), another wholly owned subsidiary of Yankee, was sold to an unaffiliated company.

On September 26, 2000, NUEI invested \$10 million in Acumentrics Corporation (Acumentrics) in return for a 5 percent ownership share of that company.

Select Energy, SEPPI, NGS, Boulos, NGS Mechanical, Select Energy Contracting, Reeds Ferry, HEC/Tobyhanna, HEC/CJTS, ERI/HEC, YESCO, R. M. Services, Southbridge, and Acumentrics are "energy-related companies" under Rule 58.

2. About Select Energy

Select Energy provides both wholesale and retail energy services. Select Energy participates in open-access retail electricity markets in New England, New York and the Mid-Atlantic regions. Select Energy markets electricity, natural gas, oil and energy-related products and services in order to enhance its core electricity service and customer relationships. Select Energy is a licensed retail electricity supplier in the states of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Pennsylvania, and Rhode Island. Select Energy is a registered gas marketer with local gas distribution companies in the states of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, and Rhode Island.

Beginning in January 2000, Select Energy's contract with NGC, to purchase 1,289 megawatts (MW) of capacity and energy significantly reduced the load-following risk and allowed Select Energy to better manage its portfolio profitability. On January 1, 2000, Select Energy began serving one-half of CL&P's standard offer requirement for a 4-year period. Select Energy's obligation to service this load requirement was approximately 2,000 MW beginning in July 2000, when 100 percent of CL&P's customers were able to choose their electric supplier. In addition, beginning in January 2000, Select Energy assumed responsibility for serving 30 market based wholesale contracts, totaling approximately 500 MW, throughout New England with electric energy supply that was previously provided by CL&P and WMECO.

3. About SEPPI

SEPPI was formed for the purpose of acquiring a 5 percent interest in the Portland Natural Gas Transmission System partnership. Coincident with that acquisition, Select Energy agreed to purchase capacity of 30,000 mcf/day for a 20-year term.

4. About NGS

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U-9C-3

NGS was formed to provide management, operation and maintenance services to the electric generation market, as well as to large industrial customers in the Northeast. NGS also provides consulting services which include engineering services, construction management, permitting, and compliance management.

5. About Boulos

On January 19, 2001, NGS completed the acquisition of Boulos, an electrical construction company which specializes in high voltage electrical construction and maintenance in Maine, Massachusetts and New Hampshire. Boulos is wholly owned by NGS.

6. About NGS Mechanical

In January 2001, NGS formed a new subsidiary, NGS Mechanical, to provide mechanical services initially in the New England states. NGS Mechanical is wholly owned by NGS.

7. About Select Energy Contracting

Select Energy Contracting, formerly known as HEC International Corporation, designs, manages, and directs the construction of, and/or installation of mechanical, water and electrical systems, energy and other resource consuming equipment.

8. About Reeds Ferry

Reeds Ferry was acquired by HEC in August 1999 as an equipment wholesaler to purchase equipment on behalf of Select Energy Contracting.

9. About HEC/Tobyhanna

Effective September 30, 1999, HEC/Tobyhanna was established as a special purpose entity to manage the assets of an Energy Savings Performance Contract at the Tobyhanna Army Depot.

10. About HEC/CJTS

HEC/CJTS was formed on March 2, 2001, as a special purpose entity to facilitate the financing of HEC's construction of the Connecticut Juvenile Training School in Middletown, Connecticut. HEC/CJTS is wholly owned by HEC.

11. About ERI/HEC

ERI/HEC was established on September 30, 2000, by HEC and ERI Services, Inc. to enter into an indefinite delivery/indefinite quantity contract with the United States Navy. ERI/HEC is 50 percent owned by HEC.

12. About YESCO

YESCO provides a wide range of energy-related services for its customers. The YESCO controls division provides comprehensive building automation with engineering, installation and maintenance of building control systems.

13. About R.M. Services

R. M. Services provides consumer collection services for companies throughout the United States.

14. About Southbridge

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U-9C-3

Southbridge was formed to operate and manage facilities at the Southbridge Business Center (Center) located in Southbridge, Massachusetts and provided electrical, thermal, compressed air, and heated and wash-water services to tenants at the Center. In June 2000, Southbridge was sold to an unaffiliated company.

15. About Acumentrics

On September 26, 2000, NUEI invested \$10 million in Acumentrics in return for a 5 percent ownership share of that company. Acumentrics is a privately owned producer of advanced power generation and power protection technologies applicable to homes, telecommunications, commercial businesses, industrial facilities, and the auto industry.

16. Public Utility Regulation

NU is registered with the Securities and Exchange Commission (SEC) as a holding company under the Public Utility Holding Company Act of 1935 (1935 Act), and the NU system is subject to the provisions of the 1935 Act. Arrangements among the NU system companies, outside agencies and other utilities covering interconnections, interchange of electric power and sales of utility property are subject to regulation by the Federal Energy Regulatory Commission (FERC) and/or the SEC. The operating subsidiaries are subject to further regulation for rates, accounting and other matters by the FERC and/or applicable state regulatory commissions.

17. Presentation

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

18. Market Risk And Risk Management Instruments

Select Energy provides both firm requirement energy services to its customers and performs energy trading and marketing activities. Select Energy manages its exposure to risk from existing contractual commitments and provides risk management services to its customers through forward contracts, futures, over-the-counter swap agreements, and options (commodity derivatives).

Select Energy has utilized the sensitivity analysis methodology to disclose the quantitative information for the commodity price risks. Sensitivity analysis provides a presentation of the potential loss of future earnings, fair values or cash flows from market risk-sensitive instruments over a selected time period due to one or more hypothetical changes in commodity prices, or other similar price changes.

Commodity Price Risk - Trading Activities: As a market participant in the Northeast area of the United States, Select Energy conducts commodity-trading activities in electricity and its related products, natural gas and oil and therefore experiences net open positions. Select Energy manages these open positions with strict policies which limit its exposure to market risk and require daily reporting to management of potential financial exposure. Commodity derivatives utilized for trading purposes are accounted for using the mark-to-market method, under Emerging Issues Task Force Issue No. 98-10, "Accounting for Energy Trading and Risk Management Activities." Under this methodology, these instruments are

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U-9C-3

adjusted to market value, and the unrealized gains and losses are recognized in income in the current period in the statements of income as operating expenses - other and in the balance sheets as prepayments and other. The mark-to-market position at March 31, 2001, was a positive \$58 million.

Under sensitivity analysis, the fair value of the portfolio is a function of the underlying commodity, contract prices and market prices represented by each derivative commodity contract. For swaps, forward contracts and options, market value reflects management's best estimates considering over-the-counter quotations, time value and volatility factors of the underlying commitments. Exchange-traded futures and options are subject to market, based on closing exchange prices.

As of March 31, 2001, Select Energy has calculated the market price resulting from a 10 percent unfavorable change in forward market prices. That 10 percent change would result in approximately a \$5 million decline in the fair value of the Select Energy trading portfolio. In the normal course of business, Select Energy also faces risks that are either nonfinancial or nonquantifiable. Such risks principally include credit risk, which is not reflected in the sensitivity analysis above.

Commodity Price Risk - Nontrading Activities: Select Energy utilizes derivative financial and commodity instruments (derivatives), including futures and forward contracts, to reduce market risk associated with fluctuations in the price of electricity and natural gas sold under firm commitments with certain customers. Select Energy also utilizes derivatives, including price swap agreements, call and put option contracts, and futures and forward contracts, to manage the market risk associated with a portion of its anticipated supply requirements. These derivative instruments have been designated as cash flow hedging instruments by the company.

When conducting sensitivity analysis of the change in the fair value of Select Energy's electricity, natural gas and oil nontrading portfolio, which would result from a hypothetical change in the future market price of electricity, natural gas and oil, the fair value of the contracts are determined from models which take into account estimated future market prices of electricity, natural gas and oil, the volatility of the market prices in each period, as well as the time value factors of the underlying commitments. In most instances, market prices and volatility are determined from quoted prices on the futures exchange.

Select Energy has determined a hypothetical change in the fair value for its nontrading electricity, natural gas and oil contracts, assuming a 10 percent unfavorable change in forward market prices. As of March 31, 2001, an unfavorable 10 percent change in forward market price would have resulted in a decrease in fair value of approximately \$23 million.

The impact of a change in electricity, natural gas and oil prices on Select Energy's nontrading contracts on March 31, 2001, is not necessarily representative of the results that will be realized when these contracts go to eventual physical delivery.

Select Energy also maintains natural gas service agreements with certain customers to supply gas at fixed prices for terms extending through 2003. Select Energy has hedged its gas supply risk under these agreements through NYMEX contracts. Under these contracts, the purchase price of a specified quantity of gas is effectively fixed over the term of the gas service agreements, which extend through 2002. As of March 31, 2001, the NYMEX contracts had a notional value of \$12.8 million and a positive mark-to-market position of \$0.3 million.
