SUTRON CORPORATION

NOTES TO FINANCIAL STATEMENTS

September 30, 2003

1. Basis of Presentation

The financial statements for the nine months ended September 30, 2003 and 2002 were prepared from the books and records of the company. Management believes that all adjustments have been made to the financial statements to make a fair presentation of the financial condition of the company as of September 30, 2003 and 2002. The results of the nine months are not indicative of a full year of operation for the Company.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. It is suggested that these financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2002 audited financial statements.

2. Earnings Per Share

The Company has adopted Statement of Financial Accounting Standards ("SFAS") No. 128 which establishes standards for computing and presenting earnings per share (EPS) for entities with publicly held common stock. The standard requires presentation of two categories of earning per share, basic EPS and diluted EPS. Basic EPS excludes dilution and is computed by dividing income available to common stockholders by the weighted-average number of common shares outstanding for the year. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of the Company.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations

Three months ended September 30, 2003 Compared to 2002

Net Revenues. The Company's revenues for the three months ended September 30, 2003 decreased 12% to \$2,230,638 from \$2,532,255 in 2002 due to decreased sales of standard products. Sales of 8210 dataloggers and accessory products decreased approximately \$828,000. Systems and Hydrological Services revenue increased approximately \$526,000 resulting in a net decrease of approximately \$302,000.

Gross Profit. Gross profit for 2003 decreased 21% to \$576,497 from \$733,344 in 2002. Gross margin as a percentage of revenues was 26% and 29% respectively for the quarters.

Selling, General And Administrative. Selling, general and administrative expenses decreased to \$480,574 in 2003 from \$556,205 in 2002, a decrease of \$75,631 or 14%. The decrease was due to a reduction of one sales position and increased cost controls.

Research And Development. Research and development expenses were \$276,463 in 2003 compared with \$364,183 in 2002, a decrease of \$87,720 or 24%. Due to the completion of new systems software, XConnect, resources were shifted from R&D to sales resulting in the decrease in product development expenses. Product development expenditures were primarily focused on software enhancements to SatLink and the Xpert and XLite dataloggers.

Interest Expenses. Interest expenses decreased to \$4,976 in 2003 from \$14,061 in 2002.

Nine months ended September 30, 2003 Compared to 2002

Revenues. The Company's revenues for the nine months ended September 30, 2003 increased 20% to \$7,309,235 from revenues of \$6,118,790 in 2002. Sales of standard products decreased to approximately \$4,264,000 from approximately \$4,895,000 in 2002 due to a decrease in sales of 8210 dataloggers and accessories. Integrated Systems sales increased to approximately \$2,494,000 from \$1,122,000 and Hydrological Services sales increased to approximately \$551,000 from approximately \$68,000. Integrated Systems and Hydrological Services sales increased

Edgar Filing: SUTRON CORP - Form 10QSB

as a result of increased projects and contract awards.

The Company booked orders during the first nine months of 2003 totalling approximately \$9,805,000 compared with \$9,766,000 in 2002. Orders for systems and services were up during the first nine months and standard product orders were down. The Company's backlog was approximately \$5,201,000 at September 30, 2003 as compared to \$5,240,000 at September 30, 2002. The Company anticipates that 65% of its September backlog will be shipped in 2003.

Gross Profit. Gross profit for 2003 increased to \$2,061,687 from \$1,989,391 in 2002. Gross margin as a percentage of revenues for 2003 decreased to 28% as compared to 32% in 2002. The decrease in the Company's gross margin as a percentage of sales is attributed to manufacturing overruns that the Company has experienced in the production of the SatLink-G312 satellite transmitter and increased warranty costs associated primarily with the SatLink. Also the gross margins achieved on two projects in India and one in Mexico were not significant as these projects were all bid at reduced margins but accounted for revenue of approximately \$663,000.

Selling, General and Administrative. Selling, general and administrative expenses increased to \$1,673,724 in 2003 from \$1,590,011 in 2002, an increase of \$83,713 due to increased sales commissions and systems and Hydrological Services Division selling expenses. Sales commissions increased due to a project in Venezuela. Due to the completion of the Company's systems software, XConnect, resources were shifted from R&D to sales that increased systems selling expenses. Hydrological Services selling expenses increased due to increased selling activities.

Research and Development. Research and development expenses decreased \$229,625 to \$860,477 in 2003 from \$1,090,102 in 2002. Due to the completion of new systems software, XConnect, resources were shifted from R&D to sales resulting in the decrease in product development expenses. Product development expenditures were primarily focused on software enhancements to SatLink and the Xpert and XLite dataloggers.

Interest Expenses. Interest expenses decreased to \$13,599 in 2003 from \$36,749 in 2002.

Liquidity and Capital Resources

Cash and cash equivalents increased to \$591,944 at September 30, 2003, compared to \$401,740 at December 31, 2002.

The ratio of current assets to current liabilities was 2.1:1 as of September 30, 2003, compared to 3.5:1 as of December 31, 2002. Working capital decreased to \$3,038,025 at the end of the third quarter of fiscal 2003 compared to \$3,297,918 at the end of fiscal 2002.

The Company has a revolving credit facility of \$500,000 that expires on June 12, 2004. In addition, the Company has borrowed \$330,000 from three shareholders in order to supplement the line of credit. Management believes that its existing cash resources, cash flow from operations and short-term borrowings on the existing line

Edgar Filing: SUTRON CORP - Form 10QSB

of credit and anticipated future line of credit will provide adequate financial resources for supporting operations during fiscal 2003.

PART II - OTHER INFORMATION

Item 6. Exhibits and Reports on Form 8-K

(A) No reports on Form 8-K were filed or required to be filed during the quarter ended September 30, 2003.

(B) The following exhibits are included as part of this report:
32 Certification Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

Item 14. CONTROLS AND PROCEDURES

(a) Evaluation of disclosure controls and procedures. Based on their evaluation of the Companys disclosure controls and procedures (as defined in Rules 13a-14(c) and 15d-14(c) under the Securities Exchange Act of 1934) as of a date within 90 days of the filing date of this Quarterly Report on Form 10-QSB the Companys chief executive officer and chief financial officer have concluded that the Companys disclosure controls and procedures are designed to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and are operating in an effective manner.

(b) Changes in internal controls. There were no significant changes in the Companys internal controls or in other factors that could significantly affect these controls subsequent to the date of their most recent evaluation.

SUTRON CORPORATION

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
