APPROVAL OF THE ART'S-WAY MANUFACTURING CO., INC. 2007 STOCK OPTION PLAN

In February 2007, the Board of Directors approved the Art's-Way Manufacturing Co., Inc., 2007 Stock Option Plan. The Plan is designed to replace the prior stock option plan for employees, the 1991 Employee Stock Option Plan, which has expired. The Board believes that an employee stock option plan, such as proposed by the Plan, is important to provide a mechanism to offer both management and non-management employees the ability to participate in the long-term growth of the Company. If the Plan is approved, the Company intends to register with the SEC the 100,000 shares of common stock reserved for issuance under the Plan on a registration statement on Form S-8 under the Securities Act of 1933 (as amended), as soon as practicable after receiving stockholder approval.

Summary of the 2007 Stock Option Plan

The principal provisions of the Plan are summarized below. This summary is not a complete description of all of the Plan's provisions, and is

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

qualified in its entirety by reference to the Plan which is attached to this Proxy Statement as Appendix 1. Capitalized terms in this summary not defined in this Proxy Statement have the meanings set forth in the Plan.

Purpose. The Plan's purpose is to enable the Company to provide incentives, which are linked directly to increases in stockholder value, to certain key personnel in order that they will be encouraged to promote the financial success and progress of the Company.

Administration. The Plan will be administered by a Committee of the Board of Directors, consisting of at least two Non-Employee Directors. If such a Committee is unable to be established then the Board will administer the Plan. Subject to the terms and conditions of the Plan, the Committee will administer the Plan in its sole and absolute discretion. Every grant of Options will be evidenced by a written agreement.

Eligibility. All Officers and Employees of the Company are eligible to receive Options under the Plan. In addition, individuals determined by the Committee to be rendering substantial services as a consultant or independent contractor to the Company may be granted Options in the sole and absolute discretion of the Committee.

Amendments. The Board of Directors may, as permitted by law, suspend or terminate the Plan or revise and amend the Plan in any respect, with regard to any Shares at the time not subject to Options. However, unless the Board specifically provides otherwise, any revision or amendment that would cause the Plan to fail to comply with SEC Rule 16b-3, or Sections 422 or 162(m) of the Code or any other requirement of applicable law or regulation if such amendment were not approved by the stockholders shall not be effective unless and until stockholder approval is obtained.

Number of Shares. The maximum aggregate number of Shares that may be issued under the Plan is 100,000 Shares, subject to adjustment for changes in the Company's capitalization and the like, as described in the Plan. No Options have been issued under the Plan. Based on the closing price of the Company's common stock on the record date, the aggregate market value of Shares available for issuance under the Plan was \$770,000.

Types of Options. The Plan permits the grant of either Incentive Stock Options ("ISO") which are specifically designated as such for purposes of compliance with Section 422 of the Code, or Non-qualified Stock Options ("NQSO") which are all other Options. The exercise price of each Share subject to an ISO shall not be less than the Fair Market Value of a Share on the date of the grant of the ISO, except in the case of an ISO grant to a Ten Percent Stockholder, in which case the exercise price shall be not less than 110% of the Fair Market Value of a Share on the grant date. The exercise price of each Share subject to an NQSO shall be determined by the Committee at the time of grant but will not be less than 85% of the Fair Market Value.

Vesting and Terms of Options. Options shall vest as determined by the Committee. Unless terminated earlier as provided in the Plan, the term of each Option shall be ten years from the date of grant. However, no ISO granted to a Ten Percent Stockholder shall have a term of more than five years from the grant date.

Change of Control. Unless otherwise provided in the terms of the Option grant, a Change of Control of the Company shall result in the immediate vesting of any unvested Options exercisable within one year of the effective time of a Change of Control. Those Options that would have

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

vested later than one year after the effective time of any Change of Control shall expire as of such effective time.

Federal Income Tax Consequences of the Issuance and Exercise of Options. The federal income tax consequences of the issuance and exercise of Options under the Plan to its Participants and the Company are summarized below. This discussion is based upon the Code as of the date of this Proxy Statement and could be affected by future changes in the Code. The summary is not intended to constitute tax advice and does not address, among other things, possible state, local or foreign tax consequences.

The grant of an Option will have no immediate tax consequences for the Participant or the Company. In general, the Participant will have no taxable income upon the exercise of an ISO or upon the disposition of Shares acquired upon the exercise of an ISO if the applicable ISO holding period is satisfied (except that the alternative minimum tax may apply) and the Company will have no deduction upon exercise of the ISO. Upon exercising a NQSO, the Participant will recognize ordinary income in an amount equal to the difference between the Fair Market Value on the date of exercise of the Shares acquired and the Option exercise price. The Company will be entitled to a deduction in the same amount, subject to the possible limitation under Section 162(m) of the Code. Generally, there will be no tax consequence to the Company in connection with a Participant's disposition of Shares acquired upon exercise of an Option, except that the Company may be entitled to a deduction upon disposition of Shares acquired on exercise of an ISO before the applicable holding period has been satisfied.

Under current rulings of the Internal Revenue Service, a Participant who pays the exercise price for an Option with the Company's common stock does not recognize gain or loss with respect to the disposition of the stock transferred in payment of the Option exercise price. However, the Participant normally will recognize ordinary income upon the exercise of a NQSO in the manner described above. The Participant's basis in a number of acquired Shares, and the Participant's basis in any additional Option Shares will be equal to the amount of income the Participant recognizes upon the exercise of the Option.

Vote Required. Approval of the Plan requires the affirmative vote of holders of a majority of the shares present or represented by proxy at the Annual Meeting and entitled to vote.

The Board of Directors recommends a vote FOR adoption of the 2007 Art's-Way Manufacturing Co., Inc., 2007 Stock Option Plan.

BOARD NOMINATING PROCESS

In connection with the nominations for the Board of Directors for the 2007 Annual Meeting of Stockholders, the Board of Directors of the Company, as a whole, acted as a Nominating Committee. In accordance with NASDAQ requirements, the nominees were approved by all five of the sitting independent directors of the Board, as defined in the NASDAQ listing standards. In accordance with NASDAQ's Corporate Governance Rule 4200, the Board affirmatively determined that Messers Buffamante, Castle, Krahmer, Lynch and McClellan are independent directors. Messers J. Ward McConnell Jr. and Marc H. McConnell are not considered independent due to the payments made to J. Ward McConnell Jr. described in this proxy statement are unrelated to his service as a director, and their familial relationship to each other. Because the Board of Directors is comprised solely of persons who are not employees or officers of the Company, the Board does not deem it necessary to have a separate Nominating Committee. The Board of Directors adopted a charter

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

for the Board of Directors when acting as the Nominating Committee, which is attached to this Proxy Statement as Appendix 2.

The Board of Directors will consider director candidates recommended by holders of common stock. In order for a candidate to be considered, a stockholder must submit information on the proposed candidate not less than 60, nor more than 90 days prior to the first anniversary of the preceding year's annual meeting. For the 2008 Annual Meeting of Stockholders, a nomination would need to be received not later than February 20, 2008, nor before January 20, 2008. The nomination must include the following information:

- (1) the full name and address of candidate;
- (2) the age of the candidate;
- (3) a five-year business history of the candidate;
- (4) the amount of common stock of the Company owned by the candidate;
- (5) any family relationships between the candidate and any executive officer or current director of the Company;
- (6) any business transactions between the candidate or the candidate's business and the Company; and
- (7) a written consent of the candidate to be named in the Company's proxy statement and to serve as a director if elected.

Additionally, any holder of common stock nominating a candidate is encouraged to set forth any other qualifications which he or she believes the candidate has to serve as director of the Company and the reasons why the holder believes the candidate should be elected to the Board of Directors of the Company.

In selecting nominees for the Board of Directors, the Board of Directors acting as the Nominating Committee, will consider all candidates submitted, including incumbent Board members based upon the qualifications of the candidates, the business and financial experience of the candidates, the experience of the candidates serving on public company boards of directors, and other skills sets deemed appropriate by the Board of Directors to enact the mission and business purposes of the Company. Currently the Company does not engage any third parties, for a fee or otherwise, to identify or evaluate potential nominees. No nominations for candidates were received from any holders of common stock for the 2007 Annual Meeting.

SECURITY HOLDER COMMUNICATIONS TO THE BOARD OF DIRECTORS

Any holder of common stock wishing to communicate with the Board of Directors about any matter involving the business or operations of the Company should send the communication, in written form, to the President of the Company at the Company's principal place of business in Armstrong, Iowa. The President of the Company will promptly send the communication to each member of the Board of Directors.

BOARD OF DIRECTORS COMMITTEES, MEETINGS

The Board of Directors has an Audit Committee and a Compensation and Stock Option Committee. The Board acts as its own Nominating Committee.

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

The Audit Committee's principal functions are to evaluate and review financial procedures, controls and reporting. The Audit Committee recommends selection of the independent public accountants. The Audit Committee had five meetings in the last fiscal year, one regular meeting and four meetings by tele-conference. The Report of the Audit Committee is discussed later in this Proxy Statement.

The Compensation and Stock Option Committee has the responsibility to review and advise management on broad compensation policies such as salary ranges and incentive programs. The Committee also administers the Company's stock option plans and grants stock options pursuant to the plans. Furthermore the Committee has the responsibility to approve and recommend to the Board of Directors base salaries, salary increases and other benefits for elected officers. The Compensation and Stock Option Committee had two meetings in the last fiscal year, and the committee's report is discussed later in this Proxy Statement.

The Board of Directors held four meetings in the last fiscal year. Each director, except one, attended 100% of the meetings of the Board and the Board Committees of which he was a member.

The Board of Directors encourages all directors to attend the Annual Meetings. Seven directors attended the 2006 Annual Meeting.

Effective April 26, 2006, each director, other than the Chairman of the Board, receives \$20,000 per year for service as a director, with no committee or attendance fees. In addition, each director is reimbursed for out of pocket expenses to attend all Board meetings.

EXECUTIVE COMPENSATION

Compensation and Stock Option Committee Report on Executive Compensation

The Compensation and Stock Option Committee of the Board is composed of three independent, non-employee directors and has the responsibilities as described on page 6 of this Proxy Statement. The Committee has furnished the following report:

The compensation philosophy of the Company is to provide a compensation package to executives that will, with base salary, incentive compensation and stock options, maximize long-term stockholder value.

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

The Company's policy is to pay base salaries that are at, or near, the average for similar companies. Salary increases are considered annually and are based on current salary and the individual performance during the past year. The Committee recommends to the Board salary increases for the Company's President.

The incentive compensation plan for executive officers is a performance driven bonus plan to promote the objectives of the Company. Profitability is the underlying factor in the determination of the annual bonus plan. Each year the Compensation and Stock Option Committee recommends to the Board the specific bonus plan for executive officers.

Stock options have historically been the third part of the overall compensation package for executive officers and are awarded to provide long term incentives. The 1991 Employee Stock Option Plan has expired and no options are outstanding under that Plan. The Compensation and Stock Option Committee recommended to the Board for approval, and the Board has approved and recommended to the stockholders, adoption of a new stock option plan for employees discussed on page 4 of this Proxy Statement.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee consists of the following three members of the Board of Directors, who are independent, as defined in NASDAQ's Corporate Governance Rule 4200: David R. Castle, Chairman, Douglas McClellan, and Fred Krahmer. The Board has determined that Mr. Castle is an "audit committee financial expert" as defined by Item 401 of SEC Regulation S-B. The Audit Committee operates pursuant to a written charter approved and adopted by the Board, a copy of which is included as Appendix 3 to this Proxy Statement. The Audit Committee, on behalf of the Board, oversees the Company's financial reporting process. In connection with the November 30, 2006 financial statements and footnotes thereto, the audit committee: (1) reviewed and discussed the audited financial statements with management; (2) discussed with the auditors the matters required by Statement on Auditing Standards No. 61; and (3) received and discussed with the auditors the matters required by Independence Standards Board Statement No. 1. On July 19, 2006, the Company's independent accountant previously engaged to audit the Company's financial statements, McGladrey & Pullen, LLP, informed the Chair of the Audit Committee that it did not desire to be re-appointed in 2006. McGladrey & Pullen, LLP's, report on the financial statements for the past two fiscal years did not contain an adverse opinion or disclaimer of opinion, or was modified as to uncertainty, audit scope, or accounting principles. There were no disagreements with McGladrey & Pullen, LLP, whether or not resolved, on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to McGladrey & Pullen, LLP's, satisfaction, would have caused it to make reference to the subject matter of the disagreement in connection with its report.

The Audit Committee recommended to the Board of Directors the selection of Eide Bailly, LLP to serve as the Company's independent public accountants for fiscal 2006. Prior to the engagement, the Company had not previously consulted with Eide Bailly LLP on any matters.

keep available for issuance such number of Shares as the Company is obligated to issue upon the exercise of all then outstanding Options.

(9) OPTIONS.

(a) Grant of Options.

Subject to any applicable requirements of the Code and any regulations issued thereunder, the date of the grant of an Option shall be the date on which the Committee determines to grant the Option.

(b) Exercise Price of ISOs.

The exercise price of each Share subject to an ISO shall not be less than the Fair Market Value of a Share on the date of grant of the ISO, except that in the case of a grant of an ISO to a Participant who at the time such ISO was granted was a Ten Percent Stockholder, the exercise price shall not be less than 110% of the Fair Market Value of a Share on the date of the grant of the ISO.

(c) Exercise Price of NQSOs.

The exercise price of each Share subject to a NQSO shall be determined by the Committee at the time of grant but will not be less than eighty-five percent (85%) of the Fair Market Value of a Share on the date of grant.

(d) Exercise Period.

Each Option granted pursuant to this Plan shall vest and become first exercisable as determined by the Committee.

(e) Terms and Conditions.

All Options granted pursuant to the Plan shall be evidenced by a Stock Option Agreement (which need not be the same for each Participant or Option), approved by the Committee which shall be subject to the following express terms and conditions and the other terms and conditions as are set forth in this Section 9, and to such other terms and conditions as shall be determined by the Committee in its sole and absolute discretion which are not inconsistent with the terms of the Plan:

- (i) the failure of an Option to vest for any reason whatsoever shall

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

- cause the Option to expire and be of no further force or effect;
- (ii) unless terminated earlier pursuant to Sections 9(i) or 11, the term of any Option granted under the Plan shall be ten years from the date of grant; provided, however, that no ISO granted to a Ten Percent Stockholder shall have a term of more than five years from the date of grant;
 - (iii) in the case of an ISO, the aggregate Fair Market Value (determined as of the time the ISO is granted) of Shares exercisable for the first time by a Participant during any calendar year (under the Plan and any other incentive stock option plans of the Company, any Subsidiary or any parent of the Company (as defined in Section 424(e) of the Code) shall not exceed \$100,000;
 - (iv) Options shall not be transferable by the Participant otherwise than by will or by the laws of descent and distribution, and shall be exercisable during the lifetime of the Participant only by him or by his guardian or legal representative;
 - (v) no Option or interest therein may be transferred, assigned, pledged or hypothecated by the Participant during his lifetime whether by operation of law or otherwise, or be made subject to execution, attachment or similar process; and
 - (vi) payment for the Shares to be received upon exercise of an Option may be made in cash, in Shares (determined with reference to their Fair Market Value on the date of exercise) or any combination thereof.
- (f) Exercise.
- (i) The holder of an Option may exercise the same by filing with the Corporate Secretary of the Company and the Chairman a written election, in such form as the Committee may determine, specifying the number of Shares with respect to which such Option is being exercised, and accompanied by payment in full of the exercise price for such Shares. Notwithstanding the foregoing, the Committee may specify a reasonable minimum number of Shares that may be purchased on any exercise of an Option, provided that such minimum number will not prevent the holder from exercising the Option with respect to the full number of Shares as to which the Option is then exercisable.
- The holder of an Option may surrender Common Stock owned by the holder in lieu of or in addition to cash to exercise the Option. Common Stock surrendered shall be valued as follows:
- (A) If traded on a securities exchange or on the Nasdaq NMS, the value shall be deemed to be the average of the closing prices of the Common Stock on such exchange during the thirty calendar day period ending three (3) calendar days prior to the exercise date;
 - (B) If actively traded over-the-counter, the value shall be deemed to be the average of the closing bid or sale prices (whichever is applicable) during the thirty calendar day period ending three (3) calendar days prior to the exercise date; and
 - (C) If there is no active public market, the value shall be the

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

fair market value thereof, as determined by the Board of Directors in the good faith exercise of its reasonable business judgment.

- (ii) The Option holder may elect in writing delivered to the Company as provided above to receive, without payment of additional consideration, shares of Common Stock equal to the value of the Option or any portion of the Option by the surrender of the Option or such portion to the Company at its principal office. Thereupon, the Company shall issue to the Option holder such number of fully paid and nonassessable shares of Common Stock as is computed using the following formula:

$$X = Y (A-B) A$$

where X = the number of shares to be issued to such Option holder pursuant to this subsection 9(f)(ii).

Y = the number of shares covered by the Options in respect of which the net issue election is made pursuant to this subsection 9(f)(ii).

A = the fair market value of one share of Common stock, as determined in good faith by the Board of Directors of the Company in accordance with the provisions of subsection 9(f)(i), at the time the net issue election is made pursuant to this subsection 9(f)(ii).

B = the Exercise Price in effect under the Option at the time the net issue election is made pursuant to this subsection 9(f)(ii).

The Board of Directors of the Company shall promptly respond in writing to an inquiry by an Option holder as to the fair market value of one share of Common Stock.

- (iii) Partial Exercise. On any partial exercise, the Company shall promptly issue and deliver to the Option holder a new Option or Options of like tenor in the name of that Option holder providing for the right to purchase that number of shares as to which the Option has not been exercised.

- (g) Withholding Taxes.

Prior to issuance of the Shares upon exercise of an Option, the Participant shall pay or make adequate provision for the payment of any federal, state, local or foreign withholding obligations of the Company or any Subsidiary or Affiliate of the Company, if applicable. In the event a Participant shall fail to make adequate provision for the payment of such obligations, the Company shall have the right to issue a stock certificate for an amount of Shares equal to the difference obtained by subtracting: (i) the number of Shares, rounded up for any fraction to the next whole number, that have a Fair Market Value (as of the date of exercise) equal to such amount as is sufficient to satisfy applicable federal, state or local withholding obligations; from (ii) the number of Shares attributable to that portion of the Option so exercised. The Company shall promptly remit, or cause to be remitted, to the appropriate taxing authorities the amount so withheld. In such cases, although the stock certificate delivered to the Participant will be for a net number of Shares, such Participant shall be considered, for tax purposes, to have received the number of Shares equal to the full number of Shares to which the Option had been exercised.

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

(h) Termination of Options.

Options granted under the Plan shall be subject to the following events of termination:

- (i) in the event the employment of a Participant who is an Officer or Employee is terminated for Cause, all unexercised Options held by such Participant on the date of such termination of employment (whether or not vested) will expire immediately; and
- (ii) in the event a Participant is no longer an Officer or Employee other than for the reasons set forth in Sections 9(i)(i) or 9(i)(ii), all Options which remain unvested at the time the Participant is no longer a Director, Officer or Employee, as the case may be, shall expire immediately, and all Options which have vested prior to such time shall expire twelve months thereafter unless by their terms they expire sooner.

10. ANTI-DILUTION PROVISIONS.

If any of the following events shall occur at any time or from time to time during the effective period of this Plan, the following adjustments shall be made in the Exercise Price of the Option, as appropriate, with the exceptions hereinafter provided.

- (a) In case the Company shall at any time subdivide its outstanding shares of Common Stock into a greater number of shares, the Exercise Price in effect immediately prior to such subdivision shall be proportionately reduced and the number of shares purchasable pursuant to the Option shall be proportionately increased; and conversely, in case the Common Stock of the Company shall be combined into a smaller number of shares, the Exercise Price in effect immediately prior to such combination shall be proportionately increased and the number of shares purchasable pursuant to the Option shall be proportionately reduced.
- (b) If the Company shall declare a dividend on its Common Stock payable in stock or other securities of the Company or of any other corporation, or in property or otherwise than in cash, to holders of record of Common Stock as of a date prior to the date of exercise of an Option, the holder of such Option shall, in addition to the Common Stock to which such holder would otherwise be entitled upon such exercise, the number of shares of stock or other securities or property which such holder would have been entitled to receive if such holder had been of such Common Stock on such record date.
- (c) In case of any capital reorganization or reclassification of the Common Stock of the Company, or the consolidation or merger of the Company with or into another corporation, or any sale of all or substantially all of the Company's property or assets, or any liquidation of the Company, the holder of an Option upon the exercise hereof on or before the record date for determination of stockholders entitled pursuant to the Option, shall receive, in lieu of any shares of Common Stock of the Company, the proportionate share of all stock, securities or other property issued, paid or delivered for or on all of the Common Stock of the Company as is allocable to the shares of Common Stock then called for by the Option.

11. RECAPITALIZATION.

- (a) Corporate Flexibility.

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

The existence of the Plan and the Options granted hereunder shall not affect or restrict in any way the right or power of the Board or the stockholders of the Company, in their sole and absolute discretion, to make, authorize or consummate any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of bonds, debentures, Common Stock, preferred or prior preference stock ahead of or affecting the Company's capital stock or the rights thereof, the dissolution or liquidation of the Company or any sale or transfer of all or any part of its assets or business, or any other grant of rights, issuance of securities, transaction, corporate act or proceeding and notwithstanding the fact that any such activity, proceeding, action, transaction or other event may have, or be expected to have, an impact (whether positive or negative) on the value of any Option.

(b) Adjustments Upon Changes in Capitalization.

Except as otherwise provided in Section 11 and subject to any required action by the stockholders of the Company, in the event of any change in capitalization affecting the Common Stock of the Company, such as a stock dividend, stock split or recapitalization, the Committee, in its sole and absolute discretion, may make proportionate adjustments with respect to: (i) the aggregate number of Shares available for issuance under the Plan; (ii) the number of Shares available for any individual award; (iii) the number and exercise price of Shares subject to outstanding Options; provided, however, that the number of Shares subject to any Option shall always be a whole number; and (iv) such other matters as shall be appropriate in light of the circumstances.

12. CHANGE OF CONTROL.

In the event of a Change of Control (as defined below), unless otherwise determined by the Committee at the time of grant or by amendment (with the holder's consent) of such grant, those Options that would have vested within one year of the effective time of any such Change of Control shall vest immediately as of such effective time, while those Options that would have vested later than one year after the effective time of any such Change of Control shall expire as of such effective time. The Committee in its discretion may make provisions for the assumption of outstanding Options, or the substitution for outstanding Options of new incentive awards covering the stock of a successor corporation or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices so as to prevent dilution or enlargement of rights.

A "Change of Control" will be deemed to occur on the date any of the following events occur:

- (a) any person or persons acting together which would constitute a "group" for purpose of Section 13(d) of the Exchange Act (other than the Company, any Subsidiary and any entity beneficially owned by any of the foregoing) beneficially own (as defined in Rule 13d-3 under the Exchange Act) without Board approval, directly or indirectly, at least 50% of the total voting power of the Company entitled to vote generally in the election of the Board;

- (c) the stockholders of the Company approve an agreement (or agreements) providing for the sale or other disposition (in one transaction or a series of transactions) of all or substantially all of the assets of the Company.

The Company shall be under no obligation to register the Shares under the Securities Act of 1933, as amended, or to effect compliance with the registration or qualification requirements of any state securities laws.

14. AMENDMENT AND TERMINATION.

- (a) Modifications to the Plan.

The Board may, insofar as permitted by law, from time to time, with respect to any Shares at the time not subject to Options, suspend or terminate the Plan or revise or amend the Plan in any respect whatsoever. However, unless the Board specifically otherwise provides, any revision or amendment that would cause the Plan to fail to comply with Rule 16b-3, Section 422 or 162(m) of the Code or any other requirement of applicable law or regulation if such amendment were not approved by the stockholders of the Company shall not be effective unless and until such approval is obtained.

- (b) Rights of Participant.

No amendment, suspension or termination of the Plan that would adversely affect the right of any Participant with respect to an Option previously granted under the Plan will be effective without the written consent of the affected Participant.

15. MISCELLANEOUS.

- (a) Stockholders' Rights.

No Participant and no beneficiary or other person claiming under or through such Participant shall acquire any rights as a stockholder of the Company by virtue of such Participant having been granted an Option under the Plan. No Participant and no beneficiary or other person claiming under or through such Participant will have any right, title or interest in or to any Shares, allocated or reserved under the Plan

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

or subject to any Option except as to Shares, if any, that have been issued or transferred to such Participant. No adjustment shall be made for dividends or distributions or other rights for which the record date is prior to the date of exercise of an Option, except as may be provided in the Stock Option Agreement.

(b) Other Compensation Arrangements.

Nothing contained in the Plan shall prevent the Board from adopting other compensation arrangements, subject to stockholder approval if such approval is required. Such other arrangements may be either generally applicable or applicable only in specific cases.

(c) Treatment of Proceeds.

Proceeds realized from the exercise of Options under the Plan shall constitute general funds of the Company.

(d) Costs of the Plan.

The costs and expenses of administering the Plan shall be borne by the Company.

(e) No Right to Continue Employment or Services.

Nothing contained in the Plan or in any instrument executed pursuant to the Plan will confer upon any Participant any right to continue to render services to the Company, a Subsidiary or Affiliate; to continue as an Officer or Employee; or affect the right of the Company, a Subsidiary, the Board, the board of directors of a Subsidiary, the stockholders of the Company or a Subsidiary, as applicable, to terminate the office or employment, as the case may be, of any Participant at any time with or without Cause or with or without any other cause, reason or justification. The term "Cause" as defined herein is included solely for the purposes of the Plan and is not, and shall not be deemed to be: (i) a restriction on the right of the Company or a Subsidiary, as the case may be, to terminate any Officer or Employee for any reason whatsoever; or (ii) a part of the employment relationship (whether oral or written, express or implied) of any such individual.

(f) Severability.

The provisions of the Plan shall be deemed severable and the validity or unenforceability of any provision shall not affect the validity or enforceability of the other provisions hereof.

(g) Binding Effect of Plan.

The Plan shall inure to the benefit of the Company, its successors and assigns.

(h) No Waiver of Breach.

No waiver by any party hereto at any time of any breach by another party hereto of, or compliance with, any condition or provision of the Plan to be performed by such other party shall be deemed a waiver of the same, any similar or any dissimilar provisions of conditions at the same or at any prior or subsequent time.

(i) Governing Law.

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form DEF 14A

The Plan and all actions taken thereunder shall be enforced, governed and construed by and interpreted under the laws of the State of Delaware applicable to contracts made and to be performed wholly within such State without giving effect to the principles of conflict of laws thereof.

of
ART'S-WAY MANUFACTURING CO., INC.

The Board of Directors of Art's-Way Manufacturing Co., Inc. (the "Company") has adopted and approved this Charter, setting forth the purpose, responsibilities, activities and membership requirements of its Audit Committee.

Purpose

The primary purpose of the Audit Committee (the "Committee") is to assist the Board of Directors, (the "Board") in fulfilling its responsibility to oversee management's maintenance of the Company's accounting policies and financial reporting practices. This oversight shall include management's preparation of financial reports and other financial information provided by the Company to any governmental or regulatory body, the public or other users thereof, the Company's systems of internal accounting and financial controls, and the annual independent audit of the Company's financial statements.

In discharging its oversight role, the Committee is empowered to

investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain outside counsel, auditors or other experts for this purpose. The Board and the Committee are in place to represent the Company's stockholders. Accordingly, the outside auditors are ultimately accountable to the Board and Committee.

The Committee shall review the adequacy of this Charter on an annual basis.

Key Responsibilities

The Committee's job is one of oversight and it recognizes that the Company's management is responsible for preparing the Company's financial statements and that the outside auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that the Company's financial management, as well as the Company's outside auditors, have more time, knowledge and detailed information about the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the outside auditor's work.

The following functions shall be the common recurring activities of the Committee in carrying out its oversight function. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given circumstances.

- 1) The Committee will review management's plans for engaging the independent auditor to perform all audit and non-audit services during the year. The engagement of the independent auditor to perform any audit or non-audit services will be subject to prior approval of the Committee. The Committee will take appropriate actions to ensure that the independent auditor has not been engaged to perform any non-audit services that are prohibited under applicable statutes, rules and regulations. The Committee shall have the power to terminate the independent accountant.
- 2) The Committee shall review annually the scope and general extent of the independent auditors' engagement with management prior to the commencement of the annual audit. This process shall also include a recommendation to the Board of the independent audit firm to be engaged.
- 3) The Committee shall review with the management and the outside auditors the audited financial statements to be included in the Company's Annual Report to Stockholders and Annual Report on Form 10-K and review and consider with the outside auditors the matters required to be discussed by Statement of Auditing Standards ("SAS") No. 61.
- 4) The Committee shall approve the fees and other significant compensation to be paid to the independent auditors.
- 5) As a whole, or through the Committee chair, the Committee shall review with the outside auditors the Company's interim financial results to be included in the Company's quarterly reports to be filed with the Securities and Exchange Commission and the matters required to be discussed by SAS No. 61. This review will occur prior to the Company's filing of each Quarterly Report on Form 10-Q.
- 6) The Committee shall discuss with management and the outside auditors the quality and adequacy of the Company's internal controls.

- 7) The Committee shall:
- a) request from the outside auditors annually a formal written statement delineating all relationships between the auditors and the Company consistent with Independence Standards Board Standard Number 1;
 - b) discuss with the outside auditors any such disclosed relationships and their impact on the outside auditors' objectivity and independence; and
 - c) recommend that the Board take appropriate action in response to the outside auditors' report to satisfy itself of the auditors' independence.
- 8) The Committee, subject to any action that may be taken by the full Board, shall have the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the outside auditors.
- 9) The Committee shall review and approve any reports of the Committee to be included in any public filings, including the Company's proxy statement.
- 10) The Committee shall maintain minutes of Committee meetings and periodically report to the Board on significant results of Committee activities.
- 11) The Committee shall periodically perform self-assessment of Committee performance.

Membership

The Committee shall be comprised of not less than three members of the Board. The Committee's composition will meet the requirements of the Audit Committee Policy of NASDAQ, as may be amended from time to time, including standards of independence, financial literacy and, in the case of at least one member of the Committee, accounting or related financial management expertise.
