Press Release

SPI, SUBSIDIARY OF ePLDT, ACQUIRES 100% OF CYMED, INC.

POSITIONS GROUP AS THE 3th LARGEST MEDICAL TRANSCRIPTION COMPANY

IN THE US

August 11, 2006, Makati City, Manila, Philippines: The Philippine Long Distance Telephone Company (PLDT; NYSE : PHI; PSE : TEL) announced today that its wholly-owned subsidiary, ePLDT, Inc. (ePLDT), through SPI Technologies, Inc. (SPi), has acquired 100% of CyMed, Inc (CyMed) for an aggregate purchase price of US\$ 35 million inclusive of certain debt obligations.

ePLDT is the Information and Communications Technology arm of the PLDT Group. SPi is the wholly-owned subsidiary of ePLDT engaged in business process outsourcing (BPO). Its business units include publishing, legal and healthcare. CyMed currently provides medical transcription (MT) services for more than 400 healthcare systems across 49 states (all but Alaska) and has been recognized by numerous industry and community associations for superior business operations and profitable growth.

The acquisition immediately positions SPi as the third largest company in the outsourced medical transcription industry. Ernest L. Cu, President and CEO of SPi said, "The CyMed acquisition makes us fairly unique in the marketplace with a balanced and deep pool of talent across our Centers of Excellence in the US, Philippines and India. CyMed's significant US presence will further strengthen our ability to deliver high quality, high volume transcription services around the clock, around the globe."

The management team of CyMed is equally pleased with the business combination, stated Robert Lynch, President and CEO of CyMed. We have worked with SPi before and their focus on quality and customer service is truly impressive. They can deliver consistently on turn around time and quality regardless of location. We are very comfortable with this sale because we know that our customers will continue to receive the high level of service that they expect.

Dave Woodrow, President and COO of SPi's Healthcare division, will lead the combined SPi-CyMed group. Robert Lynch will join the SPi senior management team, but his position has yet to be announced.

The addition of CyMed into SPi will accelerate SPi Healthcare's path to profitability and better leverage its fixed costs across more customers. It will strengthen our participation in the growing medical transcription industry which analysts forecast to grow 16% per year, from \$2.6 billion in 2005 to \$4.2 billion in 2008. said Ray C. Espinosa, President and CEO of ePLDT.
