We intend to mail a printed copy of this proxy statement and proxy card to our unitholders of record entitled to vote at the annual meeting on or about May 13, 2013.

Time and Place

The annual meeting will be held at the Westin Richmond located at 6631 W Broad Street, in Richmond, Virginia on Thursday, June 6, 2013, at 9:00 a.m. (Eastern Time). Matters to be Considered

At the annual meeting, the limited partners will be asked to:

- elect three (3) Class I Directors of the general partner to serve for a three-year term expiring in 2016 from those nominees nominated in accordance with our Partnership Agreement;
- confirm the appointment of Deloitte & Touche LLP as our independent registered public accounting firm;

It is not anticipated that any other matters will be raised at the annual meeting.

Important Notice Regarding Availability of Proxy Materials For the Unitholders Meeting to be held June 6, 2013

The proxy statement and our annual report on Form 10-K are available free of charge at [www.cedarfair.com/ir/proxy](http://www.cedarfair.com/ir/proxy).

Voting Process

You may vote in person at the annual meeting or through a proxy. However, even if you plan to attend the annual meeting in person, the Board urges you to submit your vote as soon as possible by mail, telephone or the Internet. The telephone and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number. These procedures allow unitholders to appoint a proxy to vote their units and to confirm that their instructions have been properly recorded. Instructions for voting by telephone and over the Internet are included on the accompanying proxy card, which solicits proxies on behalf of the Board of CFMI. All of the Partnership units represented by proxies properly received prior to or at the annual meeting and not revoked will be voted in accordance with the instructions indicated in the proxies. If you own units directly and submit a proxy, on or as instructed in the accompanying form, but do not provide voting instructions on your proxy, the units represented by your proxy will be voted for the election as Class I Directors of the Board's nominees, Messrs Affeldt, Scott and Olivet and in favor of each of Proposals 2 and 3 and in the discretion of the proxies upon such other business as may properly come before the meeting, in each case whether or not any other nominations are properly made at the meeting.

If you hold units indirectly in a brokerage account or through a bank or other nominee, you are considered to be the beneficial owner of units held in "street name" and these proxy materials are being forwarded to you by your broker or nominee. As the beneficial owner, you have the right to direct your broker how to vote. Under New York Stock Exchange rules, unless you furnish specific voting instructions, your broker is not permitted to vote your units on the election of a director or on the advisory vote on executive compensation. Your broker is permitted to vote your units on the appointment of our independent registered public accounting firm, even if you do not furnish voting instructions. If your units are held in "street name," your broker or other nominee may have procedures that will permit you to vote by telephone or electronically through the Internet.

Preliminary Copy

Any proxy given on the accompanying form or through the Internet or telephone may be revoked by the person giving it at any time before it is voted. Proxies may be revoked, or the votes reflected in the proxy changed, by submitting a properly executed later-dated proxy to our Corporate Secretary at One Cedar Point Drive, Sandusky, Ohio 44870, before the vote is taken at the annual meeting or attending the annual meeting and voting in person. If your units are voted through your broker or other nominee, you must follow directions received from your broker or other nominee to change your voting instructions.

If you have more questions about the proposals or if you would like additional copies of this document you should call or write:

Record Date; Voting Rights; Quorum; Vote Required

CFMI has fixed the close of business on April 15, 2013 as the record date for unitholders entitled to notice of and to vote at the annual meeting. Only holders of record of units on the record date are entitled to notice of the annual meeting and to vote at the annual meeting. Each holder of record of limited partner units as of the record date is entitled to cast one vote per unit on each of the proposals. You may obtain directions on attending the annual meeting and voting in person by calling our Investor Relations Department at (419) 627-2233.

The presence in person or by proxy of holders of a majority of the units entitled to vote at the annual meeting will constitute a quorum for the transaction of any business. In case a quorum is not present, the meeting may be adjourned without notice other than an announcement at the time of the adjournment of the date, time and place of the adjourned meeting. The nominees receiving the greatest number of votes cast for the election of Directors by the units represented at the annual meeting in person or by proxy will be elected. The affirmative vote of a majority of the units represented at the annual meeting in person or by proxy is required to confirm the Audit Committee's appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2013. The advisory vote to approve the compensation of our named executive officers requires the affirmative vote of a majority of units represented in person or by proxy and voting at the annual meeting. The vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board. However, the Compensation Committee will consider the voting results when making future decisions regarding executive compensation as it deems appropriate.

Abstentions will be counted for purposes of establishing a quorum at the annual meeting, will be counted as votes cast and will have the effect of a vote against a proposal. Broker non-votes will be counted for purposes of establishing a quorum but will not be counted as votes cast.

As of April 15, 2013, there were approximately 55,712,229 units outstanding and entitled to vote at the annual meeting, held by approximately 6,600 holders of record. As of April 12, 2013, the Directors and executive officers of the general partner and their affiliates beneficially owned 1,479,631 units (which includes 62,471 vested options), or approximately 2.7% of the total units outstanding on that date. See "Security Ownership of Certain Beneficial Owners and Management."

## PROPOSAL ONE. ELECTION OF DIRECTORS

The Board of Directors of CFMI currently is comprised of nine directors. The Directors are divided into three classes: Class I, Class II, and Class III, and each class consists of three Directors. The terms of the Directors in Class I expire at this annual meeting. Our current Class I Directors are Richard Kinzel, Eric Affeldt, and John M. Scott III. As anticipated, Mr. Kinzel is retiring from the board and will not seek re-election. We thank Mr. Kinzel for his many years of dedicated and exemplary service as a board member and as President and CEO of the Company.

At this meeting, Eric Affeldt, John M. Scott III and D. Scott Olivet are nominated by the Board for election as Class I Directors to serve for three-year terms expiring at the annual meeting in 2016 and until their respective successors are duly elected and qualified. Mr. Affeldt and Mr. Scott were appointed and have served as directors since 2010. Our Corporate Governance and Nominating Committee has recommended and Mr. Affeldt and Mr. Scott have agreed to stand for re-election to the Board. Mr. Olivet was selected through a comprehensive, national search process under the direction of the Chairman of the Board. The Board engaged Spencer Stuart, one of the world's leading executive search firms, to identify and help evaluate potential candidates as part of that process. The Nominating and Corporate Governance Committee has recommended, and the Board of Directors unanimously has approved, the nomination of Messrs. Affeldt, Scott and Olivet, to whom we refer in this proxy statement as the Board's nominees.

The Board believes that the attributes, skills and qualifications that Messrs. Affeldt, Scott and Olivet have developed through their extensive leadership experience across hotel, leisure, real estate and consumer-facing industries and their unique insights and perspectives make them exceptionally qualified to serve on the Board. All three of the nominees recommended by the Board will qualify as "independent" directors under the NYSE rules and our Corporate Governance Guidelines. Mr. Olivet brings additional public company experience to our Board. We are pleased to have the opportunity to maintain and further strengthen our Board with the nomination of these individuals.

We also have been timely notified by one of our unitholders of a nomination that he intends to make at the meeting pursuant to Section 6.2 of the Partnership Agreement. The unitholder's letter, dated April 25, 2013, identified the unitholder's proposed candidate and indicated that the unitholder intends to appear in person or by proxy at the meeting to make his nomination. The unitholder also indicated in his letter that he does not intend to deliver a proxy statement and form of proxy to holders of a sufficient number of units to elect his nominee.

All of the Board's nominees have agreed to stand for election. While the Partnership has no reason to believe that any of its nominees will be unable or unwilling to serve as a Director at the time of the annual meeting, in the unlikely event that any of them does not stand for election, the Board may reduce the number of Directors standing for election, or the proxies may use the accompanying proxy to vote for a replacement nominee recommended by the Board, whether or not any other nominations are properly made at the meeting. The nominees who receive the greatest number of votes cast for the election of Director at the annual meeting by the units present in person or by proxy and entitled to vote will be elected. Set forth below is biographical and other information about the Board's nominees and the continuing Directors, including information concerning the particular experience, qualifications, attributes and skills that led the Nominating and Corporate Governance Committee and the Board to determine that each should serve as a Director.

The Board of Directors unanimously recommends a vote FOR these nominees.

PROPOSAL TWO. APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Deloitte & Touche LLP (“Deloitte”) as our independent registered public accounting firm to audit our consolidated financial statements for 2013 and requests that our unitholders confirm that appointment. Deloitte audited our consolidated financial statements and our internal control over financial reporting for 2012. A representative of Deloitte will be present at the annual meeting and will be given an opportunity to make a statement and to respond to appropriate questions.

If our unitholders do not confirm our appointment of Deloitte, the Audit Committee will reconsider whether to retain Deloitte, and may retain that firm or another firm without re-submitting the matter to our unitholders. In all cases, the Audit Committee retains its right to appoint a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the interests of our unitholders. The affirmative vote of a majority of the units represented in person or by proxy at the annual meeting is required for ratification.

The Board of Directors recommends a vote FOR Proposal Two to confirm the Audit Committee's appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2013.

PROPOSAL THREE. ADVISORY VOTE ON OUR NAMED EXECUTIVE OFFICER COMPENSATION

As recommended by our unitholders and approved by the Board, we are providing our unitholders with the annual opportunity to consider on an advisory basis the compensation of our named executive officers. We encourage you to review the detailed information regarding our named executive officer compensation provided in the “Compensation Discussion and Analysis” section and the executive compensation tables and related narratives included in this proxy statement.

Cedar Fair has a long-standing tradition of delivering results for our unitholders, and we believe that our compensation program is structured to best support that continued growth and success. The compensation to our named executive officers for 2012 reflected the record breaking results that we achieved in 2012 and our successes in recruitment and retention. Performance highlights for 2012 include:

- Record net revenues of \$1.068 billion, up 3.9% from 2011;
- Record Adjusted EBITDA of \$391.0 million a 4.4% increase from 2011;
- In November of 2012 announced that in 2013 our cash distribution would increase more than 50% to \$2.50 per limited partner unit;
- A unit price increase of 56% from December 31, 2011 to December 30, 2012; and
- A total return to investors of 63% from December 31, 2011 to December 30, 2012.

During the later part of 2011 and early part of 2012, we undertook a comprehensive review of our executive compensation program to identify ways to improve our program, to implement best practices and to maintain the integrity of our compensation process. As a result of that review, we made the following modifications, updates and changes to our compensation program, which we implemented in 2012:

- Established circuit-breakers for cash incentive awards that require 85% of the target Partnership performance goal to be met and for us to be able to pay distributions under our loan covenants in order for incentive payouts to be made;
- Modified the performance goals for our cash incentive program to drive both company achievement and individual achievement, with the goals being weighted at 85% for consolidated Partnership level achievement and at 15% for individual goals;

Increased the alignment of management's financial interest with unitholder interests through long-term incentive program modifications, including adjusting the mix of long-term incentive compensation to include options (25%), performance units (25%) and time-based restricted units (50%);  
Eliminated excise tax "gross ups" from our named executive officer employment agreements;

Preliminary Copy

Implemented a clawback provision as part of the 2012 cash incentive opportunity for the chief executive officer and his direct reports;

• Adopted mandatory unit ownership guidelines for our chief executive officer and his direct reports; and

• Updated our executive employment contracts to:

• add a clawback provision allowing our Board, in appropriate circumstances, to require reimbursement of incentive compensation paid within the preceding twenty-four months;

• eliminate threshold levels for incentive cash bonuses and annual equity awards;

• eliminate evergreen renewal provisions; and

• modify the manner in which severance payments are calculated related to change-in-control events and in connection with certain termination events.

We ask that you support the compensation of our named executive officers. Although this vote is advisory and nonbinding in nature, the Board and the Compensation Committee value the opinion of our unitholders and will consider the voting results when determining our compensation policies, philosophy and arrangements in the future.

The Board of Directors recommends a vote FOR Proposal Three to approve, on an advisory basis, the compensation of our named executive officers, as described in the "Compensation Discussion and Analysis" section, the compensation tables and the related narratives in this proxy statement.

## BOARD MATTERS AND CORPORATE GOVERNANCE

### Board of Directors

The Board met ten times in 2012. Committees of the Board met from time to time upon call of the Chairman of the Board or individual Committee Chairs. During 2012, each Director attended at least 75% of all of the meetings of the Board, inclusive of committee meetings, with the exception of Daniel Hanrahan who attended two of three board meetings, and one of two committee meetings, due to commitments scheduled before he became a Director. All Directors then-serving attended last year's annual meeting. Directors are expected to attend all meetings of the Board, meetings of the Committees on which they serve and the annual meeting absent occasional, unavoidable circumstances.

Executive sessions of non-employee Directors are regularly scheduled and were held six times during 2012. Executive sessions are attended by non-employee Directors only, and the non-executive independent Chairman presided at each executive session. In addition, at least one time per year an executive session of all independent, non-employee Directors is scheduled. Three such meetings were held in 2012.

In addition to the independence criteria contained in the NYSE listing standards, the Board has adopted additional standards to determine Director independence. These standards are located in the Corporate Governance Guidelines, which are available on the Partnership's website at [www.cedarfair.com](http://www.cedarfair.com). The Board has affirmatively determined that current Board members Gina D. France, Lauri Shanahan, Daniel Hanrahan, Debra Smithart-Oglesby, Eric L. Affeldt, John M. Scott III, and Tom Klein meet the independence criteria of the NYSE listing standards and our Corporate Governance Guidelines. The Board also has determined that Mr. Olivet, a nominee for election, satisfies the independence criteria of the NYSE listing standards and our Corporate Governance Guidelines. The Board has determined Mr. Kinzel is not independent because he was an executive officer of the Partnership during 2011. Mr. Ouimet is also not independent because he is an executive officer of the Partnership.

### Communication with the Board

Unitholders and interested parties may communicate directly with the Board by sending communications to the attention of Duffield Milkie, Corporate Secretary, One Cedar Point Drive, Sandusky, Ohio 44870-5259. The correspondence will be forwarded to the Chair of the Nominating and Corporate Governance Committee who will review the correspondence and take action accordingly.

We have a toll-free hot-line that is available to anyone, including unitholders, who wishes to bring a matter to the attention of the non-employee Directors. The telephone number of the hot-line is 800-650-0716. The

**Board Leadership Structure and Risk Oversight**

The Board is committed to strong leadership and effective corporate governance, including appropriate oversight of management. As part of our planning process for CEO succession and transition, as well as in response to our unitholders' advisory vote on the leadership structure in January 2011, we modified our Board leadership structure at the beginning of 2011 to separate the roles of the Chief Executive Officer and the Chairman. C. Thomas Harvie served as the non-executive independent Chairman of the Board until his departure from the board. Upon Mr. Harvie's departure from the board in June of 2012 we appointed Mr. Affeldt to serve as our non-executive, independent Chairman. The Board reviews and evaluates the appointment of the non-executive, independent Chairman on a periodic basis.

The Board plays a direct role in monitoring and mitigating risks to the Partnership broadly and also administers its risk oversight role through its committee structure and the committees' reports to the Board. The Board regularly reviews information regarding credit, liquidity and operational risk, and management identifies and prioritizes other material risks. The Audit Committee meets frequently during the year (five times in 2012) and discusses with management and the Partnership's independent registered public accountant: (1) current business trends affecting the Partnership; (2) major risks facing the Partnership; (3) steps management has taken to monitor and control such risks; and (4) adequacy of internal controls that could significantly affect the Partnership's financial statements. The Audit Committee also reviews the Partnership's enterprise risk management process for identification of and response to major risks. The Audit Committee Chairperson provides the Board with regular reports concerning its risk oversight activities. In addition, the Compensation Committee annually assesses the Partnership's compensation programs to ensure they do not encourage excessive risk taking by employees which could result in a material adverse impact on the Partnership. The Board of Directors is kept abreast of the Compensation Committee's risk oversight and other activities via regular reports of the Committee Chairperson to the full Board.

**Board Committees**

The Board has three committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Each Committee is composed entirely of independent Directors, as that term is defined in the NYSE listing standards and CFMI's Corporate Governance Guidelines, and each member of the Audit Committee is independent as required under Section 301 of the Sarbanes-Oxley Act of 2002. Each Committee's charter, the Corporate Governance Guidelines and the Code of Conduct and Ethics are available on the Partnership's website at [www.cedarfair.com](http://www.cedarfair.com) and available in print to any unitholder upon request. Each Committee conducts an annual evaluation of its performance, and the Nominating and Corporate Governance Committee annually conducts an evaluation of the Board and its Committees.

The Audit Committee is responsible for appointing and meeting with the Partnership's independent registered public accounting firm and for assisting the Board in its oversight of the financial statement reporting, internal audit and risk management functions. The Audit Committee met five times in 2012. The Board has determined that each Committee member is financially literate, and Gina D. France and Debra Smithart-Oglesby, are the designated financial experts. The Audit Committee's report is on page 53 of this proxy statement.

The Compensation Committee is responsible for reviewing the Partnership's compensation and employee benefit policies and programs, and recommending related actions, as well as executive compensation decisions and succession planning matters, to the Board of Directors. The Compensation Committee is also responsible for recommending the fees paid to the Directors and Board Committee members for services in those capacities. The Compensation Committee met seven times in 2012. The Compensation Committee Report is on page 49 of this proxy statement. Compensation decisions for the chief executive officer are made by the Compensation Committee, together with the Board of Directors, based upon its review of his performance and the performance of the Partnership. The Committee makes recommendations to the Board of Directors with respect to non-CEO compensation, incentive compensation plans and equity-based compensation based on discussions with and recommendations of the chief executive officer. On an annual basis, the chief executive officer reviews all of his direct reports, including the other named executive officers, and all of the regional vice presidents and park general managers. See "Compensation Discussion and Analysis - Determining Executive Compensation" for additional detail.

The Nominating and Corporate Governance Committee is responsible for recommending criteria for service as a director, identifying qualified Director nominees to enhance the Board and for playing a leadership role in shaping the governance of CFMI. The Committee considers diversity of experience and background when selecting candidates. The Committee believes candidates for the Board should have the ability to exercise objectivity and independence in making informed business decisions; the highest integrity; extensive knowledge, experience and judgment; loyalty to the interests of the Partnership and its unitholders; and a willingness to devote the extensive time necessary to fulfill a Director's duties. Although CFMI does not have a formal policy on diversity in the selection of candidates for the Board, the Committee considers diversity in its nominating process, including factors such as education, career and professional experience, independence, skills and personal characteristics, and understanding of and experiences in management, finance and marketing in the Partnership's industry as well as other industries. The Committee reviews these factors as well as the other qualifications outlined above and strives to create a Board of Directors with a variety of complementary skills and experiences, both personal and professional. The Committee conducts appropriate inquiries into the background and qualifications of Board candidates meeting these criteria. In 2012, the Nominating

Committee met seven times.

Preliminary Copy

The Nominating and Corporate Governance Committee will consider qualified nominees recommended by unitholders for membership on the Board. If a unitholder wishes to recommend an individual for membership on the Board, that recommendation can be sent to the attention of Duffield Milkie, Corporate Secretary, One Cedar Point Drive, Sandusky, Ohio 44870-5259. In addition, limited partners may nominate one or more persons for election or reelection to the Board at an annual meeting in accordance and compliance with the notice, procedural, informational and other requirements of our Partnership Agreement. See "Unitholder Proposals and Nominations for the 2014 Annual Meeting" for additional information.

Compensation Committee Interlocks and Insider Participation

None of our Directors who served on the Compensation Committee during 2012 was a current or former officer or an employee of the Partnership or had any relationship with us that would be required to be disclosed by us under applicable related party requirements. There are no interlocking relationships between the Partnership's executive officers or Directors and the board or compensation committee of another entity.

Unit Ownership Guidelines

The Board adopted unit ownership guidelines in March 2012 for our chief executive officer and his direct reports. The chief executive officer is required to hold units having a value of four times his base salary, and his direct reports are required to hold units with a value of two times their base salaries. The chief executive officer's direct reports currently include the chief operating officer, the executive vice president and chief financial officer, the executive vice president, operations, the corporate vice president of planning & design, the corporate vice president and general counsel, the executive vice president and chief marketing officer and the corporate vice president of administration. Executives have five years from the adoption of the guidelines (for current executive officers) and five years from becoming an executive officer (for new executive officers) to gain compliance with the guidelines. The Board reviews compliance with the guidelines annually. Units held directly or beneficially owned, units held in benefit plans (e.g., in 401(k) accounts), performance units (as if earned at 100% of target), vested and unvested restricted units and phantom units will be counted for purposes of determining compliance with the unit ownership guidelines. The Board also revised the unit ownership guidelines for the Directors in March 2012. Under the current guidelines, Directors are required to accumulate units equal to four times the annual cash retainer within four years of January 1, 2011 (for Directors serving on the Board at that date) and within four years of becoming a Director (for new Directors).

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes our compensation philosophy and objectives, our methods for determining, the elements and mix of executive compensation and the reasons that we have elected to pay these particular elements of compensation. The following summary highlights our 2012 business results and the impact of those results on our compensation decisions as well as actions we have taken recently to update and enhance our compensation programs. Following the summary is a detailed discussion of our philosophy and practices regarding the compensation awarded to, earned by, and paid to the following individuals, who were our named executive officers for 2012:

- Matthew A. Ouimet, our President and Chief Executive Officer
- Richard L. Kinzel, our former President and Chief Executive Officer
- Brian C. Witherow, our Executive Vice President and Chief Financial Officer
- Richard A. Zimmerman, our Chief Operating Officer
- Kelley Semmelroth, our Executive Vice President and Chief Marketing Officer
- H. Phillip Bender, our Executive Vice President, Operations

We have discussed and disclosed compensation information regarding our former chief executive officer, Richard L. Kinzel, who retired January 3, 2012 because this information is required by applicable rules and regulations.

Summary

We believe in strongly linking our compensation with Company and individual performance. Consistent with that philosophy, and based on the record breaking results achieved in 2012 summarized immediately below, the overall compensation paid to our named executive officers for 2012 increased over 2011 compensation. Our annual cash incentive program paid out above-target because our financial performance exceeded the target amount set by our Compensation Committee. In addition, the named executive officers each received unit-based awards to tie a significant portion of their compensation to Company results and further align their interests with our unitholders' interests.

Some of our financial results and other accomplishments we achieved for our unitholders in fiscal year 2012 include the following:

- Record net revenues of \$1.068 billion, up 3.9% from 2011;
- Record Adjusted EBITDA of \$391.0 million a 4.4% increase from 2011;
- In November of 2012 we announced that in 2013 our annual cash distribution would increase more than 50% to \$2.50 per limited partner unit, up from \$1.60 per unit in 2012;
- Our unit price increased 56% from December 31, 2011 to December 30, 2012; and
- We produced a total return to investors of 63% from December 31, 2011 to December 30, 2012.

Consideration of Last Year's Advisory Unitholder Vote on Executive Compensation

At the 2012 Annual Meeting of Limited Partner Unitholders, more than 94% of the units cast were voted to approve the compensation of the Company's named executive officers. As disclosed in our 2012 Proxy Statement, we had undertaken a comprehensive review of our executive compensation program and, as a result, made significant modifications, updates and changes to our compensation program as outlined below. The Compensation Committee believes that the strong unitholder support for the Company's pay practices in 2012 was a clear endorsement of the changes we made to our executive compensation programs to migrate away from a cash-based compensation philosophy to a more performance-based approach, focused on long-term value creation. Therefore, the Compensation Committee has decided to continue its approach to executive compensation by maintaining and expanding its current emphasis on performance-based awards in the Company's executive compensation structure.

2012 Compensation Modifications and Updates

In late 2011 and early 2012, our Compensation Committee retained and worked closely with a nationally recognized independent compensation consultant, Hay Group, to suggest modifications that would more directly align our compensation with business results and market practices. Our management team and our Board also engaged periodically with unitholders throughout 2012, which included meetings with investment firms and institutional unitholders, including individual and group meetings. These meetings focused on our business, our initiatives and our industry and offered the opportunity for general dialogue about topics of interest to the participants. At several of these meetings, investors or potential investors shared thoughts relating to the pay-for-performance aspects of our compensation program and the level of management's equity ownership. After discussion and study, the Board of Directors instituted the following modifications, updates and changes to our compensation program, which were in effect for 2012 (unless otherwise noted):

- Established a threshold of 85% of target consolidated Adjusted EBITDA goal for the annual cash incentive program with no payout under such program if the threshold is not met or if we are unable to pay distributions to our unitholders due to loan covenants;
- Modified cash incentive performance goals to 85% weighting for consolidated Adjusted EBITDA and a 15% weighting for individual goals and objectives;

Preliminary Copy

Modified the Long-Term Incentive Program to include a mix of performance units (25%), options (25%) and time-based restricted units (50%) and then further modified the mix in 2013 to include 50% performance units, 25% options and 25% time-based restricted units;

Eliminated excise tax "gross ups" from executive employment agreements;

Implemented a clawback provision for the Chief Executive Officer and his direct reports; and

Adopted mandatory unit ownership guidelines of four times salary for the Chief Executive Officer and two times salary for his direct reports.

Our executive compensation decisions for 2012 continued to reflect our desire to attract and retain highly-qualified individuals while at the same time aligning executive compensation with unitholders' interests, emphasizing performance-based compensation, directly tying compensation to Company performance and increasing insider equity ownership. As further explained below, each of our executive compensation decisions in 2012, including our decisions to increase base salary compensation for our executives, grant one-time retention awards to each of our named executive officers and enter into or amend employment agreements with each of our named executive officers, were made to further demonstrate our commitment to these goals.

Compensation Philosophy and Objectives

Our compensation program is designed to incentivize our key employees to drive superior results, to give key employees a proprietary and vested interest in our growth and performance, and to enhance our ability to attract and retain exceptional managerial talent upon who, in large measure, our sustained growth, progress and profitability depend. Our executive compensation structure rewards both successful individual performance and the consolidated operating results of the Partnership. Our executive compensation program is in large part designed around Adjusted EBITDA as the key performance objective. Adjusted EBITDA represents earnings before interest, taxes, depreciation, amortization, other non-cash items, and adjustments as defined in our current credit agreement. We use Adjusted EBITDA as the key measure of performance because it tracks core operating performance closely, it crosses geographic and park operating units, it is easy to track and report to our unitholders on a regular basis, and because it is a primary factor in assessing free cash flow available for distributions which we believe is one of the key investment areas of focus for our unitholders.

Overall, our unitholder-approved incentive plan allows us to provide a mix of compensation that drives our management team to achieve strong annual results as well as deliver long-term value for all unitholders. Our compensation structure provides us with the flexibility to evolve our compensation philosophy and program from year to year, as the market, our business or the industry requires.

Determining Executive Compensation

We combine the compensation elements discussed below in a manner that we believe will optimize each executive's contribution to the Partnership. We recognize and consider many factors in assessing an individual's value. In general, we work within ranges of base salary commensurate with the executive's scope of responsibilities and use our cash incentive and unit-based award programs to challenge the executive to achieve superior annual and long-term results for the benefit of the Partnership and its unitholders. Because a significant portion of this compensation is dependent on performance results, an executive's actual total compensation can vary considerably if we have a year that exceeds, or fails to meet, expectations. We believe that this is a fair result and appropriately motivates our executives to achieve peak corporate performance over the long term. The range of targeted compensation is position dependent and may reflect how difficult we believe it would be to replace a particular person.

Role of the Compensation Consultant

During the latter part of 2011 and the first part of 2012, the Compensation Committee had the opportunity to reassess the Company's compensation practices, processes and levels in connection with multiple promotions and movement in our executive officer ranks. The Compensation Committee engaged Hay Group, an independent executive compensation consulting firm, in October 2011 to assist with a review of our historical compensation practices and an assessment of the effectiveness of these practices. Since their engagement, Hay Group has participated in almost all Compensation Committee meetings and has performed no other services for the Company or for management other

than to provide advice and counsel to the Compensation Committee in accordance with the Compensation Committee's instructions from time to time.

## Preliminary Copy

Per the Compensation Committee's instructions, Hay Group completed a comprehensive review of our executive compensation program in March of 2012 and made recommendations on possible changes to the program structure. The Hay Group analysis included a review of our cash incentive program, long-term incentive program, and change-in-control arrangements. Hay Group also conducted a study of compensation levels for certain of our executive positions as compared to compensation levels for similar positions at comparable companies, including levels of base salaries, target total cash compensation (i.e., base salary and target bonus) and total direct compensation (i.e., base salary, target bonus and long-term incentive). Hay Group also assisted the Committee in assessing market practices with respect to executive and director equity ownership guidelines.

Hay Group compared our current programs, practices and compensation levels to market data from published and private survey sources as well as proxy statement information on the current programs, practices and compensation levels of 19 peer companies. The selection of peer group members focused on U.S. publicly traded companies with a significant focus on recreation and entertainment, with similar business models to ours, with annual revenues between ½ to 2 ½ times our revenues and with a market capitalization comparable to ours. The goal was for peer group companies to meet the majority of these criteria. The Compensation Committee believes that the following peer group presented an accurate picture of industry practices for the 2012 fiscal year:

Ameristar Casinos, Inc.	DreamWorks Animation, Inc.	Pinnacle Entertainment, Inc.
Bob Evans Farms	DSW, Inc.	Ryman Hospitality Properties, Inc.
Buckle, Inc.	Finish Line, Inc.	Six Flags Entertainment Corp.
Carmike Cinemas, Inc.	International Speedway Corp.	Speedway Motorsports, Inc.
CEC Entertainment, Inc.	Madison Square Garden Co.	Texas Roadhouse, Inc.
Choice Hotels International, Inc.	Marriott Vacations Worldwide	Vail Resorts, Inc.
Cinemark Holdings, Inc.		

The Compensation Committee reviews this peer group periodically and, at a minimum, biannually. Therefore, we expect that the members of this group will be updated from time to time to ensure that they provide us with the most accurate picture of current industry practices. In December 2012, the Compensation Committee as part of its ongoing review process requested that Hay Group undertake an interim review of the peer group and ensure appropriate alignment with the Committee's selection criteria. As a result of this review, we added two new companies (Marcus Corporation and SeaWorld Entertainment, Inc.). We also removed two companies that previously had been part of our peer group (Ameristar Casinos, Inc., purchased by Pinnacle) and Gaylord Entertainment Co. (converted to a REIT) due to fundamental changes in their business structure. The revised peer group meets the established peer group criteria and the desired level of balance among the peer group companies in terms of revenue and market capitalization. Therefore, subject to any further changes to the peer group, we expect that our review of compensation for fiscal year 2013 will be based on the revised peer group.

In determining 2012 executive compensation, we used the data from the peer group to assess market practices for executive pay, the use and mix of pay devices, and perquisites and benefits. Our objective was to provide base salaries within a competitive range relative to 50% of our peer group and to provide total direct compensation that is within a competitive range relative to 50% up to 75% of our peer group and aligned with survey based data. Our total pay opportunities for our executives in fiscal year 2012 fell within 32 to 64 percentile of our peer group, reflecting our movement away from cash-based compensation and towards equity-weighted compensation opportunities for our named executive officers.

The Committee and Hay Group together reviewed the peer group data and interacted extensively, discussing the appropriate mix of compensation to retain executives and drive performance, certain unique features of our company, our goal to increase alignment with our unitholders through required executive unit ownership guidelines and the mechanics and costs of various compensation features. Hay Group recommended certain modifications to our cash incentive and long-term incentive programs, including the utilization of a different mix of unit-based award opportunities than used in recent years and the Committee adopted multiple updates and modifications following this collaborative process, all of which were in place for 2012.

Roles of the Board of Directors, the Compensation Committee and Our Chief Executive Officer

Although our Board makes the final compensation decisions for the named executive officers, the process of determining compensation is a collaborative one between the Board, Compensation Committee and the chief executive officer. Our chief executive officer dedicates time annually to review all of his direct reports, including the other named executive officers, as well as all of the park general managers. He reviews each individual against budget targets (for the named executive officers), operational targets (for park managers) and achievement of individual performance objectives established before the operating season begins (where applicable) and makes recommendations to the Compensation Committee regarding the compensation of each individual. The Compensation Committee then makes compensation determinations and adjustments when determined to be appropriate to the chief executive officer's recommendations in accordance with the applicable compensation plans and in turn reports its recommendations to the Board for its approval. Decisions regarding the chief executive officer's compensation are made by the Compensation Committee, together with the Board of Directors, based upon its review of his performance and the Partnership's performance.

The Board reviews compensation matters after the seasonal parks have closed and financial results for the season are available. The chief executive officer finalizes his evaluations of the other named executive officers' performance against their established targets and achievement of their individual performance objectives and based upon that determination, prepares calculations with respect to cash incentive payouts and equity compensation awards for the current year, as well as recommendations for compensation adjustments for the coming year. The chief executive officer generally presents this report to the Compensation Committee and to the Board in October, and provides a final review in February of the subsequent year when financial results have been finalized and final review of the achievement of individual goals has been completed. Based on Partnership performance, park performance and individual performance, the Compensation Committee makes final calculations with regard to cash incentive payouts, equity compensation awards and recommends any compensation adjustments, subject to Board approval and final audited results.

Compensation Consultant Conflicts Assessment

In April of 2013, the Compensation Committee assessed the independence of the compensation consultant in accordance with the Securities and Exchange Commission ("SEC") rules and concluded that the compensation consultant's work for the Compensation Committee does not raise any conflicts of interest.

Elements of 2012 Executive Compensation

Compensation Mix

Our executive compensation program is designed around total direct compensation-that is, the combination of base salary, annual cash incentive awards and long-term incentive compensation. In setting the appropriate level of total direct compensation, the Compensation Committee seeks to establish each compensation element at a level that is both competitive and will attract and motivate top talent, while keeping the overall pay levels aligned with unitholders' interests and job responsibilities.

Preliminary Copy

The following table sets forth each element of our executive compensation program and the principal objectives of that element:

Compensation Element	Principal Objectives
Base Salary	Fixed compensation element intended to reward core competencies, experience and required skills in senior leadership positions.
Annual Cash Incentive Awards	Variable compensation element intended to reward contributions to our short-term business objectives and achievement of individual goals.
-Cash Incentive Compensation	
-Cash Bonus	
Long-Term Incentive Compensation	Variable compensation element intended to reward contributions to our long-term success and the achievement of our mission and key business objectives, and each named executive officer's commitment to the interests of our unitholders.
-Time-Based Phantom Unit Awards	
-Restricted Unit Awards	
-Performance Unit Awards	
-Unit Options	
Retirement Benefits	The named executive officers may participate in the Company's 401(k) plan which is available to all our eligible employees.
- Section 401(k) Plan	The named executive officers participate in employee benefit plans available to all our eligible employees, including health, life and disability plans.
Executive Perquisites and Benefits	
- Health, Life and Disability Benefits	Given the rigorous demands placed on the named executive officers, we have a vested interest in their health and security.
Change in Control Protection in Employment Agreements	Ensures continuity of management in the event of a change in control of the Company.

We seek to balance the compensation for each executive among the above elements in a manner designed to achieve our overall compensation objectives. In setting cash incentive and equity incentive components of compensation for each executive, we look to the relationship of those components to the executive's salary and consider the total direct compensation that is represented by salary, cash incentive awards and unit-based awards. The mix of compensation and relative levels of each element is position dependent and may vary year-to-year.

In 2012, we refined the long-term equity incentive compensation component to place more emphasis on performance and alignment with the interests of our unitholders. In doing so, we believe that performance is focused on long-term value creation and does not encourage executives to take unreasonable risks with respect to the business. Accordingly, the long-term incentive compensation component for each named executive officer for 2012 included a mix of performance units, options and time-vested restricted units, and those awards represent 25%, 25% and 50%, respectively, of the executive's target long-term incentive compensation. We expect in future years that the mix of the long-term incentive compensation will continue to be reflective of an increased emphasis on performance and alignment with the interests of our unitholders.

Compensation Mix - 2013 Update

For 2013, the Compensation Committee focused on the long-term incentive compensation plan design and was committed to adjusting the relative weighting of the incentive components to ensure that it both aligned with market practices and was performance-based. As a result, the Compensation Committee adopted an adjustment to the mix of long-term incentive compensation to place additional focus on the performance-based component of the plan by increasing the mix of performance-based units from 25% to 50% and reducing the utilization of time-based restricted units from 50% to 25% of the total mix. With these modifications in place the 2013 long-term incentive mix will now include performance units (50%), time-based restricted units (25%), and options (25%).

The charts below illustrate, with respect to our named executive officers in 2012, (i) the average target percentage of fixed compensation in comparison to variable compensation and (ii) the average target percentage of cash

compensation in comparison to equity compensation.

## Preliminary Copy

## 2012 Executive Compensation-Fixed vs. Variable Compensation

## 2012 Executive Compensation-Cash vs. Equity Compensation

## Base Salary

We pay base salaries to provide a fixed amount of compensation that is not subject to performance-related risk commensurate with the executive's scope of responsibilities, performance, current compensation levels, tenure with the Partnership and other experience. We do not consider the earnings of prior long-term incentive awards or retirement plans when determining base salary compensation, as awards earned in prior years were earned for prior performance, and we do not believe they should be a factor in current compensation. Base salaries may be reviewed and adjusted from time to time, subject to the terms of applicable employment agreements. Based on the factors identified above, the Board, or the Compensation Committee, as the case may be, adjusts the base salary for each of the named executive officers on an annual basis and in connection with promotions or a substantial change in responsibilities. See "Narrative to Summary Compensation and Grants of Plan Based Awards Tables - Employment Agreements" for additional information on the terms of the employment agreements.

The base salary for each named executive officer falls within a range, when considered together with the other elements of compensation, that the chief executive officer and Compensation Committee believe is appropriate on an individual basis. In reviewing the named executive officer's salary, the Compensation Committee generally considers, among other things:

- market data provided by our compensation consultant with respect to comparable positions; and
- the individual named executive officer's performance, experience, skills and time in position.

In light of such considerations, our named executive officers received merit based increases in base salary for 2012 to, among other things, recognize successful transitions into new executive roles, reward the executive's contribution to a third-straight record year of Adjusted EBITDA in 2012, and better align base pay with market-based comparables.

The base pay increases will also move total compensation for our named executive officers closer to the market-based total compensation percentile objective of 50% of our peer group. Base salaries for our named executive officers for 2013 and 2012 are indicated below:

Named Executive Officer	2013 Annual Salary	2012 Annual Salary
Ouimet	\$850,000	\$850,000
Witherow	\$376,000	\$350,000
Zimmerman	\$457,000	\$425,000
Semmelroth	\$258,000	\$250,000
Bender	\$335,000	\$325,000

## Cash Incentive Program

Our cash incentive awards provide a component of compensation that is contingent on the achievement of annual performance objectives and is designed to reward achievement of short-term financial and operational goals. The

## Preliminary Copy

performance objectives and percentage of base salary that may be earned as a cash incentive are determined for each named executive officer and approved by the Compensation Committee by March of the applicable year. The performance objectives may be individualized for each position and individual, may be expressed in multiple measures of performance, including individual, business unit, management unit and Partnership performance, and may be weighted differently between positions and individuals.

For 2012, upon the recommendation of the Compensation Committee the Board adopted a short-term cash incentive award program that included individual performance goals and required that awards not be paid out if Company financial performance falls below a threshold level. In 2012, 85% of the target cash incentive awards for our named executive officers were based on an approved target consolidated Adjusted EBITDA for the fiscal year of \$388.4 million and 15% of the target awards were based on the achievement of individual performance goals.

Payouts of the Company performance-based portion of the award were based on specified threshold, target and maximum levels of performance as compared to the targeted level of Adjusted EBITDA of \$388.4 million and were interpolated for performance between those levels. Payouts of the company performance-based portion of the 2012 cash awards were calculated at the following scale (with amounts interpolated between the various levels): Adjusted EBITDA of less than 85% of the target, 0% payout; Adjusted EBITDA of 85% of the target, 50% payout; Adjusted EBITDA of 100% of the target, 100% payout; and Adjusted EBITDA of 105% or more, 150% payout. Payout of the individual performance-based portion of the award was dependent on the achievement of a specified threshold, target or maximum number of individual performance goals, with payout at 50%, 100% and 150% for 2012 awards.

Maximum payout of the cash incentive awards were limited to 150% of the target award, and no cash incentive awards were eligible to be paid to the executives in the event that Adjusted EBITDA fell below the threshold level of performance or the Company was not able to pay a distribution during the applicable year due to loan covenants.

Participants who leave employment prior to the date of payment forfeit any unpaid cash incentive award unless otherwise provided in an employment agreement. As a result, these awards are designed not only to motivate performance but also to encourage retention of key employees.

For 2012, the cash incentive opportunities for our chief executive officer and his direct reports included a clawback provision. This clawback provision has a 24-month lookback and is triggered upon a financial restatement that results in lower bonus payouts than originally delivered.

The 2012 target award opportunities for the named executive officers who were eligible for 2012 cash incentive awards, reflected as a percentage of base salary in effect at that time, were as follows:

Named Executive Officer	Target Award in Dollars	Target Award as a Percentage of Base Salary
Ouimet	\$850,000	100%
Witherow	\$262,500	75%
Zimmerman	\$318,750	75%
Semmelroth	\$150,000	60%
Bender	\$211,250	65%

In 2012, the Company achieved record Adjusted EBITDA of \$391.0 million which represented a 4.4% increase from the Company's 2011 Adjusted EBITDA and based on this above-target performance achievement, the payouts of the Company performance-based portion of the cash incentive awards to each of the named executive officers who received awards were at 101.9% of their respective targets. In addition, each of our executives successfully achieved their individual performance goals, which was a significant contributing factor to our record results in 2012. As a result, each was eligible for the payment of 150% of the individual performance-based portion of their respective targets.

The 2012 cash incentive payouts for the named executive officers are set forth below:

Named Executive Officer	2012 Cash Incentive	Cash Incentive as a Percentage of 2012 Annual Salary
Ouimet	\$927,478	109%

Edgar Filing: CEDAR FAIR L P - Form PREC14A

Witherow	\$286,427	82%
Zimmerman	\$347,804	82%
Semmelroth	\$163,673	66%
Bender	\$230,505	71%

Bonuses

In consideration of our overall compensation objectives and the mix of different types of compensation that were awarded this year, no additional cash bonuses were paid to our named executive officers in fiscal year 2012.

Long-Term Incentive Compensation

We provide long-term incentive compensation awards to senior management under our 2008 Omnibus Incentive Plan which allows us to grant options, units, unit appreciation rights, performance awards and other types of unit-based awards. Prior to the adoption of the updated long-term incentive program in March of 2012, we relied primarily on our phantom unit awards to provide long-term incentives to our executive officers, with certain members of management having received performance unit awards. We utilized these types of awards because we believe they give key employees a proprietary and vested interest in our growth and performance and align key employees' interests with those of our unitholders, while providing us a cost effective means of compensation. We also believe that the vesting schedule for these awards aids us in retaining executives and motivates superior performance over the long term because the payment of the awards is forfeited if the executive is no longer employed by us as of the vesting date, unless otherwise provided in an employment agreement or grant agreement.

Long-Term Incentive Compensation - 2012

In 2012, as a result of our overall review of our compensation program in consultation with Hay Group, we modified our long-term incentive program to realign the elements of the equity plan reflective of the Compensation Committee's desire to migrate to a more performance-based approach with a continuing emphasis on alignment with unitholder interests. In 2012, each named executive officer received a unit-based award that included a mix of time-based restricted units, performance unit awards and options. In 2012, the target awards were allocated 50%, 25% and 25%, respectively, among these types of awards. The target long-term incentive award value was determined as a percentage of base salary and then converted to a number of units for each named executive officer. The long-term incentive awards have rolling three-year performance periods. Options vest in annual increments over a three-year period. The performance unit awards and restricted unit awards require continuous employment through the payment date, subject to certain exceptions, and accrue distribution equivalents. Restricted units are non-transferable during the restricted period.

In 2012, award recipients were eligible to receive up to a specified percentage of the target number of potential performance units for a particular performance period. The number of units payable is dependent on the level of attainment of the performance objectives specified for the performance period, as determined by the Committee, and no awards will be paid if the threshold level of performance is not achieved. Awards for 2012 have a performance period of January 1, 2012 - December 31, 2014, and are based on the level of achievement of cumulative Adjusted EBITDA versus the target during that period. Payouts of the 2012 awards will be at the following scale (with amounts interpolated between the various levels): cumulative Adjusted EBITDA of less than 85% of the target, 0% payout; cumulative Adjusted EBITDA of 85% of the target, 50% payout; cumulative Adjusted EBITDA of 100% of the target, 100% payout; and cumulative Adjusted EBITDA of 105% or more, up to a maximum payout of 150% of the target.

Time-Based Phantom Unit Awards

Time-based phantom unit awards are intended to assist in retaining our executive team in order to accomplish our strategic and long-term objectives. Ms. Semmelroth commenced her employment as Chief Marketing Officer in February of 2012. Ms. Semmelroth received an initial award of 15,000 time-based phantom units in connection with the commencement of her employment with a grant date value of approximately \$418,650. These phantom units will vest in two equal installments in February of 2014 and February of 2015, if Ms. Semmelroth remains employed as of each payment date, subject to the terms of her award agreement. The phantom units subject to this award accrue additional phantom units from distributions that we make, subject to the same vesting terms and conditions.

Restricted Unit Awards

In March of 2012, we made time-based restricted unit awards to each named executive officer. The restricted period on the awards will lapse upon the executive's continuous employment through the restricted period which expires on December 31, 2014 and the awards will thereafter be unrestricted, unless otherwise provided in an employment

agreement or grant agreement. These awards accrue distribution equivalents when we make distributions, which will be paid out upon the lapse of the restriction period along with the original awards. The March 2012 time-based restricted unit awards were as follows:

## Preliminary Copy

Named Executive Officer	March 2012
	Restricted Unit Awards
Ouimet	28,784
Witherow	5,926
Zimmerman	7,196
Semmelroth	3,175
Bender	4,127

These time-based restricted unit awards were made in furtherance of the goal of retaining our executive team in order to accomplish our strategic and long-term objectives.

## Restricted Unit Awards - One Time Retention Awards

In October 2012, we made time-based restricted unit awards to each named executive officer. The restricted period on the awards will lapse upon the participant's continuous employment through October 24, 2015 and the awards will thereafter be unrestricted, unless otherwise provided in an employment agreement or grant agreement. These awards accrue distribution equivalents when we make distributions, which will be paid out upon the lapse of the restriction period along with the original awards. The October 2012 one-time retention awards were as follows:

Named Executive Officer	October 2012
	Restricted Unit Awards
Ouimet	28,137
Witherow	9,854
Zimmerman	11,965
Semmelroth	7,038
Bender	9,150

These time-based restricted unit awards were granted in consideration of the important roles that the named executive officers played in our execution of the FunForward initiative and successful C-suite transition during 2012, as well as the impact of our previous cash-based compensation philosophy and the resulting lack of insider ownership. The one-time, October 2012 time-based restricted unit awards further our stated goals of establishing a foundation of equity ownership to support further enhancement of a performance based approach to equity awards, an increase in executive stock ownership, and migration of employees to identified market based total compensation percentile objectives, and retention of key employees.

## Performance Unit Awards

In March of 2012, we made Performance Unit Awards to each named executive officer. The awards are subject to the achievement of the performance targets set by the Compensation Committee for the performance period of January 1, 2012 - December 31, 2014, and are based on the level of achievement of cumulative Adjusted EBITDA versus the target during that period. The target numbers of units for the March 2012 performance unit awards were as follows:

Named Executive Officer	March 2012
	Performance Unit Awards (Target)
Ouimet	14,392
Witherow	2,963
Zimmerman	3,598
Semmelroth	1,587
Bender	2,064

As the performance periods for each of the 2008, 2009, 2010 and 2011 awards all ended on December 31, 2011, 50% of the performance units for each year vested and were paid out in March 2012. The remaining 50% vested and were paid in March 2013. Each year's awards were to be paid based on a sliding scale of performance objectives for the applicable performance period, tied to the achievement of specified levels of cumulative Adjusted EBITDA.

## Preliminary Copy

The goals for the June 2, 2008 through December 31, 2011 performance period were as follows:

Cumulative Adjusted EBITDA	Payout Percentage
> \$1,456 million	75%
> \$1,411 million	50%
< \$1,381 million	0%

The goals for the 2009, 2010 and 2011 awards were set at levels consistent with the 2008 - 2011 targets. All of the 2008, 2009, 2010 and 2011 awards were paid out at 65% of the maximum level, based on achievement of cumulative Adjusted EBITDA of \$1,438 million from June 2, 2008 through December 31, 2011, and based on the equivalent level of achievement of Adjusted EBITDA for the performance period applicable to the relevant award.

## Unit Options

The compensation structure was modified so that twenty-five percent of the 2012 annual long-term incentive awards was composed of unit options. These options were granted with an exercise price equal to the closing price of the Company's units on the day before the grant date. Options remain outstanding for up to ten years from grant and vest in three equal annual installments beginning one year from the date of grant. Options provide the most direct link to absolute unitholder returns and, due to their 10-year term, provide a longer-term focus than other pay elements.

For 2012, the Compensation Committee had determined to grant the following unit options to the executives:

Named Executive Officer	2012 Unit Option Awards
Ouimet	86,387
Witherow	17,786
Zimmerman	21,597
Semmelroth	9,528
Bender	12,386

## Employment Agreements and Change in Control Arrangements

We have entered into multi-year employment agreements with each of our named executive officers. In addition, we had an employment agreement with Mr. Kinzel during his employment, which ended on January 3, 2012. These employment agreements serve as the starting point from which the Compensation Committee then continues the process in setting executive compensation. We believe that it is in the best interests of the Company to enter into multi-year employment agreements with our executive officers because the agreements foster long-term retention while still allowing the Compensation Committee to exercise considerable discretion in designing incentive compensation programs.

In 2012, in consultation with our compensation consultant and outside legal counsel we updated our executive employment contracts. Existing contracts for Messrs. Ouimet, Zimmerman and Bender were modified to: add a clawback provision allowing the Company's Board of Directors, in appropriate circumstances, to require reimbursement of incentive compensation paid within the preceding twenty-four months. Under the clawback provision the Company's Board of Directors may require the executive to return his incentive compensation if (i) the payment was predicated upon achieving certain financial results that were subsequently the subject of a substantial restatement of the Company's financial statements filed with the SEC, (ii) the Board of Directors determines that the executive engaged in intentional misconduct that caused or substantially caused the need for the substantial restatement, and (iii) a lower payment would have been made based upon the restated financial results; eliminate threshold levels for incentive cash bonuses and annual equity awards that had been included in the prior employment agreements. During the employment period, executives are eligible to (i) participate in the Company's cash incentive compensation plans and equity incentive plans, including the Company's 2008 Omnibus Incentive Plan at a level appropriate to their position and performance, as determined by the Company's Board of Directors and (ii) receive an annual cash incentive award as determined by the Company's Board of Directors on an annual basis; eliminate evergreen renewal provisions and add a provision requiring that prior to the expiration of the employment period, a notice of intention to enter into a new employment agreement is required; and

modify the manner in which severance payments are calculated related to change-in-control events and in connection with certain termination events.

In 2012, we also entered into new employment contracts with Mr. Witherow and Ms. Semmelroth that contain the updated provisions above and are consistent with our standard platform for executive employment contracts.

Post-Employment Compensation

Each employment agreement provides for certain benefits in termination and change-in-control situations, and we have a change-of-control plan in place for certain executives and key employees. If an executive who would otherwise be covered by the change-of-control plan has change-in-control provisions in his or her employment agreement, then the executive does not participate in the change-of-control plan while the employment agreement is in effect. In addition, certain of our incentive plans contain change-in-control provisions. Our compensation consultant reviewed our change-in-control arrangements in connection with its review of our compensation programs and determined that our arrangements were appropriate and consistent with market terms. The agreements that would apply to our named executive officers in a change-in-control situation are discussed in more detail under "Potential Payments Upon Termination or Change in Control" below.

Retirement Programs

Our named executive officers participate in our tax-qualified Cedar Fair Retirement Savings Plan. This plan, or a similar plan, is available to all of our eligible employees and contains a 401(k) matching program as well as a profit sharing component. The annual amount of the profit sharing contribution is determined, after consideration of the Compensation Committee's recommendation, by the Board, in its sole discretion. Our contributions to this plan for our named executive officers are included in the "All Other Compensation" column of the Summary Compensation Table on page 23. In addition, Mr. Kinzel participated in our Amended and Restated Supplemental Retirement Program described on page 34 while employed with us and received certain cash payments during 2012 under the program as a result of his retirement. Additional contributions to this plan were discontinued on May 2004, and we do not intend to have any other executive officers participate in this plan. In February 2008, we adopted the 2008 Supplemental Retirement Plan to provide supplemental retirement benefits to a broader group of executives, which is described on page 35. Additional contributions to this plan were discontinued in 2011, and we do not intend to have any other executive officers participate in this plan.

Perquisites and Supplemental Compensation

We provide perquisites or supplemental compensation to our named executive officers that we believe are reasonable, competitive and consistent with our overall compensation philosophy. We believe that these benefits generally allow our executives to work more efficiently and represent a small percentage of overall compensation. Mr. Ouimet's employment agreement provides for supplemental compensation at an annual rate of \$50,000, which is intended to provide for a fixed annual amount in lieu of individual perquisites other than one-time relocation expenses, an annual physical exam and de minimis perquisites such as discounts on our products.

In 2012 we provided Messrs. Zimmerman, Witherow and Bender, and Ms. Semmelroth with automobile allowances. We also offered our named executive officers discounts on Partnership products and covered certain relocation expenses for Ms. Semmelroth. See footnote 4 to the Summary Compensation Table on page 23 for a discussion of when the value of perquisites is reported in that table.

Risk Assessment Process

The Compensation Committee has reviewed our compensation programs and concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. This risk assessment process included a review of the design and operation of our compensation programs, consultation with our compensation consultants at Hay Group, review of a risk assessment matrix which aided us in the process of identifying and evaluating situations or compensation elements that may raise material risks, and an evaluation of the controls and processes we have in place to manage those risks. Because we provide different types of compensation, consider various factors in assessing Company and individual performance and retain, at the Compensation

Committee level, discretion in certain compensation matters, we believe that our compensation program provides an effective and appropriate mix of incentives to help ensure the Partnership's performance is focused on long-term value creation and does not encourage our executives to take unreasonable risks with respect to our business.

The amounts in column (e) reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 of unit-based awards other than options granted during the fiscal year ended December 31, 2012, 2011 or 2010, as applicable, pursuant to the 2008 Omnibus Incentive Plan. The 2012 amount for each executive includes the grant date fair value for the March 2012 restricted unit awards, the October 2012 restricted unit awards and the March 2012 performance unit awards for the 2012-2014 performance period. The 2012 amount for Ms.

- (1) Semmelroth also includes the grant date fair value of her February 2012 time-based phantom unit award. The amounts included in the table for the 2012-2014 performance unit awards were computed based on the probable outcome of the performance conditions for the awards on the grant date (i.e., the target level of performance). The ASC Topic 718 grant date fair values of the 2012-2014 performance unit awards by executive assuming target and maximum levels of performance are as follows: Mr. Ouimet - \$424,996 (target), \$637,494 (maximum); Mr. Witherow - \$87,497 (target), \$131,261 (maximum); Mr. Zimmerman - \$106,249 (target), \$159,373 (maximum); Ms. Semmelroth - \$46,864 (target), \$70,311 (maximum); and Mr. Bender - \$60,950 (target), \$91,425 (maximum).

The 2011 and 2010 amounts in column (e) for Messrs. Ouimet, Zimmerman, Bender and Kinzel include the aggregate grant date fair value of phantom unit awards to those executives during the applicable year. Mr. Witherow's 2011 and 2010 amounts reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 of 2008-2011 performance unit awards made during the fiscal years ended December 31, 2011 and 2010 pursuant to the 2008 Omnibus Incentive Plan based on the maximum potential payout under the established performance targets. Mr. Witherow's 2008-2011 performance unit awards ultimately paid out at the 65% level, as further discussed below under

Assumptions used in the calculation of these amounts are discussed in Note 7 to the Partnership's audited financial statements for the fiscal year ended December 31, 2012, included in the Partnership's Form 10-K filed with the Securities and Exchange Commission on February 25, 2013.

- The amounts in column (f) reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 of unit options awarded to the named executive officers in March 2012. Assumptions used in the
- (2) calculation of these amounts are discussed in Note 7 to the Partnership's audited financial statements for the fiscal year ended December 31, 2012, included in the Partnership's Form 10-K filed with the Securities and Exchange Commission on February 25, 2013.
- (3) The amounts in column (g) reflect cash incentive awards to the named executive officers for 2012, 2011 and 2010. See the discussion under “Cash Incentive Program Awards and Bonuses” on page 28 for additional information. The amounts shown in column (i) reflect, for each named executive officer (other than Ms. Semmelroth), 401(k) matching contributions of 3% of pay and reflect, for Messrs. Witherow, Zimmerman and Bender, profit sharing contributions of 4% of pay up to the respective limitations imposed under rules of the Internal Revenue Service. The 2012 profit sharing contributions for Messrs. Witherow, Zimmerman and Bender were approximately \$11,951. Ms. Semmelroth was not eligible for 401(k) matching or profit sharing contributions in 2012 because employees must complete one year of service before becoming eligible. The amounts in column (i) also reflect, for each named executive officer for whom the total value of perquisites received in a given year was at least \$10,000, the aggregate value of perquisites received in that year. The 2012 amount shown in column (i) for Mr. Ouimet includes the aggregate value of the following: supplemental compensation earned for 2012 under Mr. Ouimet's employment agreement (\$50,000); relocation expenses and the cost of an annual physical exam provided to Mr. Ouimet in accordance with his employment agreement; and discounts on Partnership products and services. See “Employment Agreements” for additional discussion of Mr. Ouimet's employment agreement. The 2012 amount shown in column (i) for Ms. Semmelroth includes the aggregate value of relocation expenses (\$72,411) and an automobile and gas allowance. The 2011 amount shown in column (i) for Mr. Witherow includes the amount paid to Mr. Witherow to cover taxes associated with his special discretionary cash bonus for 2011 described below in footnote (7). For additional discussion of contributions that we make for our named executive officers under our Retirement Savings Plan and of perquisites we provide our named executive officers, see “Compensation Discussion and Analysis - Elements of 2012 Executive Compensation - Retirement Programs” and “Compensation Discussion and Analysis - Elements of 2012 Executive Compensation - Perquisites and Supplemental Compensation.”
- (4) The value attributable to the personal use of company-provided automobiles (calculated in accordance with Internal Revenue Service guidelines) is included as compensation on the W-2 of named executive officers who
- (5) receive such benefits. This value is included in column (i) for each named executive officer for whom the total value of perquisites for the year was \$10,000 or more. Each named executive officer is responsible for paying income tax on such amount.
- (6) Mr. Ouimet joined our company as President on June 20, 2011. He became our Chief Executive Officer on January 3, 2012, upon Mr. Kinzel's retirement.
- The amounts in column (d) reflect cash bonuses to certain of our named executive officers for 2011. Mr. Ouimet received a cash bonus for 2011 representing 104% of his 2011 base salary, pro-rated for the amount of time he was employed during 2011. Mr. Ouimet was entitled to a minimum cash bonus equal to his pro-rated salary for 2011
- (7) under his employment agreement. Mr. Witherow was awarded a special discretionary cash bonus in 2011 in recognition him being instrumental in running our corporate finance division and providing continuity following the departure of our former chief financial officer, which was in addition to his 2011 cash incentive award reported in column (g).
- (8) Mr. Witherow served as interim co-principal financial officer for a portion of 2011. He was promoted to Executive Vice President and Chief Financial Officer in January 2012.

(9) Mr. Witherow's 2012 annual salary of \$350,000 was effective shortly after the beginning of the year, and the amount in column (c) of the Summary Compensation Table for him is prorated accordingly.

(10) Ms. Semmelroth joined Cedar Fair in February 2012. Ms. Semmelroth's annual salary was set at \$250,000 at the time of her hire, and she received a prorated portion of her 2012 annual salary for the portion of the year she was employed. The prorated amount is reported in column (c) of the Summary Compensation Table.

Preliminary Copy

Mr. Kinzel's 2012 amount in column (c) includes \$10,692 of salary earned for 2012 until his retirement and \$106,923 of accrued and unused vacation that was paid to him upon his retirement. His 2012 amount in column (i) includes Board fees of \$185,000 for his service as a non-employee director in 2012 and the following payments and benefits that were made or accrued to Mr. Kinzel in connection with his retirement: earned but unpaid salary for 2011 (approximately \$53,462); the unpaid portion of Mr. Kinzel's cash incentive award for 2011 (11)(\$413,525); the market value associated with the vesting of all of Mr. Kinzel's outstanding equity awards (approximately \$9,254,236); post-retirement lifetime health coverage benefits for Mr. Kinzel and his spouse (estimated value of \$190,863); his 2012 life insurance policy premium; and the present value of the remaining life insurance premiums that we will pay in future years for that policy (\$47,519). Mr. Kinzel's 2012 column i) amount also includes the value attributable to discounts on our products and 401(k) and profit sharing matching contributions further discussed in footnote (4).

The 2011 and 2010 amounts in column (h) for Mr. Kinzel reflect the aggregate positive change in actuarial present value of his accumulated benefits from the prior year under the Amended and Restated Supplemental Retirement Program. Mr. Kinzel's account under the Amended and Restated Supplemental Retirement Program (12) vested and was paid in connection with his retirement in 2012. The value of that payment is excluded from the Summary Compensation Table pursuant to Securities and Exchange Commission rules and is included in the Pension Benefits Table below, as further discussed on page 34.

The target award opportunities in column (d) assume achievement of the target level of both the Company performance goals and individual performance goals. The maximum award opportunities in column (e) assume maximum achievement of both the Company and individual performance targets. There were no threshold payout levels associated with these awards.

Actual amounts paid with respect to these awards are reported in column (g) of the Summary Compensation Table for 2012. See “Compensation Discussion and Analysis” and “Narratives to Summary Compensation and Grants of Plan Based Awards Tables - Cash Incentive Program Awards and Bonuses.”

NARRATIVE TO SUMMARY COMPENSATION AND GRANTS OF PLAN BASED AWARDS TABLES

The description that follows summarizes the terms and conditions of our employment agreements with Messrs. Ouimet, Witherow, Zimmerman and Bender and Ms. Semmelroth. It also summarizes terms of and the programs under which the compensation reflected in the tables for our named executive officers was awarded. A discussion of the compensation disclosed in the tables for Mr. Kinzel, our former president and chief executive officer who retired on January 3, 2012, is provided in a separate section at the end of this discussion captioned “Mr. Kinzel.” Additional information is provided in the “Compensation Discussion and Analysis” and “Potential Payments upon Termination or Change in Control” sections.

Employment Agreements

We amended and restated our employment agreement with Matthew A. Ouimet, our president and chief executive officer, in December 2012. The new agreement took effect on December 4, 2012 and will terminate December 31, 2014. Under the agreement, Mr. Ouimet receives a base salary at an annual rate of \$850,000, which will be reviewed from time to time but will not be subject to decrease except in the event of salary reductions applicable to substantially all of our senior executives. Under the current agreement, during his employment period, Mr. Ouimet is eligible to participate in our cash incentive compensation plans and equity incentive plans, including our 2008 Omnibus Incentive Plan, at a level appropriate to his position and performance, as determined by the Board. The amendment to Mr. Ouimet's employment agreement eliminated threshold levels for incentive cash bonuses and annual equity awards that had been included in his prior employment agreement and that applied to Mr. Ouimet's cash bonus/incentive and equity awards reflected in the tables for 2011 and 2012. Any Omnibus Plan awards will immediately vest upon a change in control under the agreement, and any calendar year cash bonuses are to be paid to Mr. Ouimet at the same time as our other senior executives and no later than March 15 following the end of the year. Mr. Ouimet generally must be employed on the last day of the year to receive a cash bonus for that year, but the agreement specifies certain situations where a termination of employment would not result in forfeiture of a cash bonus. See the “Potential Payments Upon Termination or Change in Control” section for detailed descriptions of those situations. Mr. Ouimet's agreement provides for supplemental compensation at an annual rate of \$50,000, payable in monthly installments, for us to cover the cost of an annual physical exam and for certain relocation expenses. The employment agreement does not limit the manner in which Mr. Ouimet may spend his supplemental compensation. In addition, Mr. Ouimet is eligible to participate in any benefit and compensation plans that we offer from time to time, including medical, disability, life insurance, 401(k) and deferred compensation plans, on the same basis as our other senior executives, and he is entitled to four weeks of annual paid vacation days. The agreement contains non-competition, confidentiality, non-disparagement and assignment of inventions provisions and a clawback provision in favor of Cedar Fair that is further described below.

We also entered into new or amended and restated employment agreements with Mr. Witherow (our executive vice president and chief financial officer), Mr. Zimmerman (our chief operating officer), Ms. Semmelroth (our executive vice president and chief marketing officer) and Mr. Bender (our executive vice president of operations), effective December 4, 2012. The agreements with Messrs. Witherow and Bender and Ms. Semmelroth will terminate December

## Preliminary Copy

31, 2015, and the agreement with Mr. Zimmerman will terminate December 31, 2014. The new agreements entitle each executive to receive a specified annual base salary, which will be reviewed from time to time but will not be subject to decrease except in the event of salary reductions applicable to substantially all of our senior executives. The minimum annual base salary amounts specified in the agreements are: Mr. Witherow, \$350,000; Mr. Zimmerman, \$425,000; Ms. Semmelroth, \$250,000; and Mr. Bender, \$325,000. During the employment period, each executive is eligible to participate in our cash incentive compensation plans and equity incentive plans, including our 2008 Omnibus Incentive Plan, at a level appropriate to his or her position and performance, as determined by the Board. The amendment to Mr. Zimmerman's employment agreement eliminated threshold levels for incentive cash bonuses and annual equity awards that had been included in his prior employment agreement and that applied to Mr. Zimmerman's cash incentive and equity awards reflected in the tables for 2012. Any Omnibus Plan awards will immediately vest upon a change in control under the agreement, and any calendar year cash bonuses are to be paid to the executive at the same time as our other senior executives and no later than March 15 following the end of the year. The executives generally must be employed on the last day of the year to receive a cash bonus for that year, but the agreement specifies certain situations where a termination of employment would not result in forfeiture of a cash bonus. See the "Potential Payments Upon Termination or Change in Control" section for detailed descriptions of those situations. In addition, each executive is eligible to participate in any benefit and compensation plans that we offer from time to time, including medical, disability, life insurance, 401(k) and deferred compensation plans, on the same basis as our other senior executives, and he or she is entitled to annual vacation days and reimbursement for reasonable business expenses incurred in performing his or her duties in accordance with policies that we maintain from time to time. Mr. Zimmerman's agreement also entitled him to certain relocation expenses through April 14, 2013. Each agreement contains non-competition, confidentiality, non-disparagement and assignment of inventions provisions and a clawback provision in favor of Cedar Fair that is further described below.

Under the clawback provisions of our new employment agreements, our Board may require an executive to return his or her incentive compensation if (i) the payment was predicated upon achieving certain financial results that were subsequently the subject of a substantial restatement of Cedar Fair's financial statements filed with the Securities and Exchange Commission, (ii) the Board determines that the executive engaged in intentional misconduct that caused or substantially caused the need for the substantial restatement, and (iii) a lower payment would have been made based upon the restated financial results. For a discussion of the benefits that would be provided by the employment agreements in the event of each executive's death, retirement, disability or other terminations or upon a change in control, see "Potential Payments Upon Termination or Change in Control" in this proxy statement.

#### Cash Incentive Program Awards and Bonuses

The amounts reported in column (g) of the Summary Compensation Table represent final payouts of cash incentive awards made pursuant to our 2008 Omnibus Incentive Plan for 2012, 2011 and 2010, which were tied to the achievement of performance measures and target award opportunities established by March of the applicable year. For 2012, 85% of the target cash incentive award opportunities were based on an approved target for consolidated Adjusted EBITDA for the year, and 15% of the target cash incentive awards were based upon the achievement of individual performance goals. Payouts could range from 0% up to a maximum of 150% of the target award, and specific threshold, target and maximum levels of performance and related payout scales were established for both the Company and individual portions of the awards. The target and maximum cash incentive awards for 2012 are reported in columns (d) and (e), respectively, of the Grants of Plan-Based Awards Table for 2012. Additional detail regarding our cash incentive award program and the 2012 cash incentive awards (including the percentage of 2012 base salary represented by each executive's 2012 target award opportunity, the Company and individual payout scales established for 2012, the payout levels for 2012 for the Company and individual portions of the awards and the payout received as a percentage of base salary for each executive for 2012), see "Compensation Discussion and Analysis - Elements of 2012 Executive Compensation - Cash Incentive Program." No additional cash bonuses were awarded to our named executive officers for 2012.

For 2011 and 2010, the performance objective that applied to the named executive officers' cash incentive awards was the achievement of a consolidated Adjusted EBITDA target, and the payouts for the cash incentive awards for the named executive officers were at the percentage of target Adjusted EBITDA achieved, excluding the impact of our incentive plans. The amounts reported in column (d) of the Summary Compensation Table in 2011 represent one-time cash bonuses to Messrs. Ouimet and Witherow in 2011. A portion of Mr. Ouimet's 2011 bonus represents his minimum cash bonus for 2011 under his original employment agreement, and his final bonus amount was at the same percentage of his target for 2011 as for the other named executive officers that year. The 2011 bonus for Mr. Witherow was in addition to his 2011 cash incentive award and was a one time cash bonus in recognition of him being instrumental in running our corporate finance division during 2011 following the departure of our former chief financial officer.

### Option Grants

We awarded each of our named executive officers options in March 2012. The grant date fair values of these option awards are set forth in the Option Awards column (f) of the Summary Compensation Table for 2012 and column (l) of the Grants of Plan-Based Awards Table for 2012. The number of units underlying the options for each executive and the option price is provided in columns (j) and (k) of the Grants of Plan-Based Awards Table for 2012. These options vest in three equal annual installments on the anniversary of the grant date and will expire on the earlier of the ten year anniversary of the grant date or the date that is thirty (30) days after a separation from service, as defined in the 2008 Omnibus Incentive Plan. Any outstanding unvested options will vest and become fully exercisable in the event of a change in control, as defined in the 2008 Omnibus Incentive Plan. See “Compensation Discussion and Analysis - Elements of 2012 Executive Compensation - Long-Term Incentive Compensation - 2012” and “Compensation Discussion and Analysis - Elements of 2012 Executive Compensation - Unit Options” for additional information.

### Restricted Unit Awards

We made time-based restricted unit grants to our named executive officers in March 2012 and October 2012. The numbers of units granted and grant date fair values of these restricted units are reflected in columns (i) and (l) of the Grants of Plan-Based Awards Table for 2012, and the awards' grant date fair values are included in the 2012 amounts in the Unit Awards column (e) of the Summary Compensation Table. The restricted period on the March 2012 awards will lapse upon the executive's continuous employment through December 31, 2014, and the restricted period on the October 2012 awards will lapse upon the executive's continuous employment through October 24, 2015. The executive is unable to sell, transfer, pledge or assign restricted units during the applicable restricted period and will not receive any payments or distributions during that period, but the executive may vote the restricted units during the restricted period. The restricted units will accumulate distribution equivalents if and to the extent that we make distributions on our units during the restricted period in the same form as any such distributions. Upon the expiration of the applicable restricted period, the units will thereafter be unrestricted and any accrued distribution equivalents will be paid promptly. Except in the cases of death, disability and retirement, executives will forfeit their restricted units and any distribution equivalents if they do not satisfy the continuous employment requirement. All restrictions applicable to any restricted units will lapse and restricted units will become fully vested and transferable in the event of a change in control, as defined in the 2008 Omnibus Incentive Plan. See “Compensation Discussion and Analysis - Elements of 2012 Executive Compensation - Long-Term Incentive Compensation - 2012,” “Compensation Discussion and Analysis - Elements of 2012 Executive Compensation - Restricted Unit Awards” and “Compensation Discussion and Analysis - Elements of 2012 Executive Compensation - Restricted Unit Awards - One Time Retention Grants” for additional information.

### Performance Unit Awards

#### 2012-2014 Performance Units

We made performance unit awards to each of our named executive officers in March 2012, which are subject to the level of achievement of cumulative Adjusted EBITDA versus the target set by the Compensation Committee for the performance period of January 1, 2012 - December 31, 2014. Executives are eligible to receive up to 150% of the target number of potential performance units for the 2012-2014 performance period. Payouts will be made based on a sliding scale of performance objectives, and no awards will be paid if the threshold performance level is not achieved. The target and maximum numbers of units for the named executive officers' 2012-2014 performance unit awards are set forth in columns (g) and (h), respectively, of the Grants of Plan-Based Awards Table for 2012. The grant date fair values of the 2012-2014 performance unit awards, calculated in accordance with ASC Topic 718 and based upon the probable outcome of the performance conditions, are reported in column (l) of the Grants of Plan-Based Awards Table for 2012 and are included in the 2012 amounts set forth in the Unit Awards column (e) of the Summary Compensation

Table. Distribution equivalents are earned on the number of performance units that become payable if and to the extent we make distributions on our units after the grant date and before the payment date of the award. Awards will be paid in the form of units, cash or a combination of both, as determined by the Compensation Committee, after the end of the performance period and by March 2015. An executive must remain in continuous employment with us through the payment date or will forfeit the entire award, except that awards will be prorated in the event of death, disability or retirement, and that awards will be deemed earned and payable in full at the target level in the event of a change in control. For additional detail regarding the 2012-2014 performance units (including the payout scale for the awards), see “Compensation Discussion and Analysis - Elements of 2012 Executive Compensation - Long-Term Incentive Compensation - 2012” and “Compensation Discussion and Analysis - Elements of 2012 Executive Compensation - Performance Unit Awards.”

## 2008-2011 Performance Units

In 2011, 2010, 2009 and 2008, we made performance unit awards to certain then-vice presidents and mid-level employees under the terms of the 2008 Omnibus Incentive Plan. Messrs. Witherow, Zimmerman and Bender are the only named executive officers who received such awards. The awards were based on the attainment of specified levels of Adjusted EBITDA for 2011, September 2010 through 2011, 2009 through 2011 and June 2008 through 2011, respectively. The maximum numbers of performance units that each executive was eligible to receive for the 2011, 2010, 2009 and 2008 awards were as follows: Mr. Witherow (4,448 units for 2011; 6,023 units for 2010; 9,489 units for 2009; 3,686 units for 2008); Mr. Zimmerman (16,667 units for 2009; 6,474 units for 2008); and Mr. Bender (14,556 units for 2009; 5,654 units for 2008). The grant date fair values of the 2011 and 2010 performance awards are reflected in Mr. Witherow's 2011 and 2010 amounts reported in Column (e) of the Summary Compensation Table, assuming the highest level of performance is achieved.

The performance periods for all of these grants ended December 31, 2011, after which the Compensation Committee determined that each year's awards had been achieved at 65% of the maximum based upon the level of achievement of Adjusted EBITDA during the applicable performance periods. See the "Performance Unit Awards" section of the Compensation Discussion and Analysis for further information. 50% of these awards vested and were paid out in a combination of cash and units in March 2012, and the remaining 50% vested and were paid out in a combination of cash and units in March 2013.

## Phantom Unit Awards

Ms. Semmelroth received an initial award of 15,000 time-based phantom units in connection with joining us as our chief marketing officer in February 2012, with a grant date value of approximately \$418,650. These phantom units are reflected in columns (i) and (l) of the Grants of Plan-Based Awards Table for 2012, and the grant date fair value of these phantom units is included in Ms. Semmelroth's 2012 amount in column (e) of the Summary Compensation Table. These phantom units will vest in two equal installments in February 2014 and February 2015 if Ms. Semmelroth remains employed as of each payment date. The phantom units subject to this award accrue additional phantom units from distributions that we make, subject to the same vesting terms and conditions.

In October 2011 and October 2010, we granted time-based phantom unit awards to certain executive officers under the "other unit award" provisions of our 2008 Omnibus Incentive Plan. The grant date fair values of the October 2011 phantom unit awards are included in column (e) of the Summary Compensation Table, as and where applicable. Payouts with respect to the time-based phantom units are subject to the continued employment of the recipient and the passage of time. Half of the 2010 time-based phantom unit awards vested and were paid in a combination of cash and units in March 2013. The remainder of the 2010 time-based phantom units vest and will be payable in March 2014, and the 2011 awards will vest and be payable 50% in March 2014 and 50% in March 2015, in each case in cash equivalent, units or a combination of both, as will be determined by the Compensation Committee. The phantom units accrue additional phantom units on the date of each quarterly distribution paid by us, if any, calculated at the NYSE closing price on such date.

Mr. Ouimet received an initial award of 54,201 time-based phantom units in connection with entry into his employment agreement in June 2011, with a grant date value of approximately \$1,000,000. The grant date fair value of these phantom units is included in Mr. Ouimet's 2011 amount in column (e) of the Summary Compensation Table. These phantom units will vest in two equal installments in June 2014 and June 2015 if Mr. Ouimet remains employed as of each payment date. The phantom units subject to this award accrue additional phantom units from distributions that we make, subject to the same vesting terms and conditions.

If a participant is terminated or resigns prior to any payment under the time-based phantom unit awards, the unpaid amount is forfeited. In the event of death or disability during employment or retirement after age 62, the awards will

be paid in a lump sum cash payment within ninety days of the event, subject to compliance with Section 409A of the Code. In the event of a change in control, all restrictions applicable to the time-based phantom unit awards will lapse, and the awards will become fully vested and transferable and will be payable in full.

## Mr. Kinzel

Mr. Kinzel retired as our president and chief executive officer on January 3, 2012. While he was employed with us, Mr. Kinzel received an annual base salary of not less than \$1.2 million per year in accordance with his amended and restated employment agreement, and he was entitled to participate in our welfare benefit programs and various incentive compensation plans on terms no less favorable than provided to our other senior managers and/or officers. In addition, while he was employed with us, we purchased a \$2 million term life insurance policy for Mr. Kinzel that will remain in effect through July 23, 2018, and he participated in our Amended and Restated Supplemental Retirement Program. All of Mr. Kinzel's outstanding phantom unit awards vested immediately upon his retirement in January 2012. Those awards were paid in July 2012 pursuant to Mr. Kinzel's employment agreement, and Mr. Kinzel did not receive any new cash incentive or unit-based awards in 2012.

Mr. Kinzel continued to serve on our Board during 2012 following his retirement. He earned Board fees of \$185,000 for his service as a non-employee director in 2012, which amount is included in the All Other Compensation column (i) of the Summary Compensation Table for 2012. The Summary Compensation Table for 2012 also shows the salary earned by Mr. Kinzel for the year until his retirement, together with earned but unpaid vacation, in column (c). In addition, the 2012 All Other Compensation amount for Mr. Kinzel includes the following payments and benefits that were made or accrued to Mr. Kinzel during 2012 in connection with his retirement: earned but unpaid salary for 2011 (approximately \$53,462); the unpaid portion of Mr. Kinzel's cash incentive award for 2011 (\$413,525), which became payable upon his retirement in accordance with the Omnibus Plan; the market value associated with the vesting of all of Mr. Kinzel's outstanding equity awards (approximately \$9,254,236); post-retirement lifetime health coverage benefits that Mr. Kinzel and his spouse became eligible to receive (which we have estimated for purposes of the table to have an approximate value of \$190,863, although the actual value could differ from that amount (including as a result of actual inflation and longevity); the value of the life insurance premium that we paid on his life insurance policy for 2012 and the present value of the remaining life insurance premiums that we will pay in future years for that policy (\$47,519). Mr. Kinzel's All Other Compensation for 2012 also includes the value attributable to discounts on our products and 401(k) and profit sharing matching contributions.

In addition, Mr. Kinzel's account under our Amended and Restated Supplemental Retirement Program, which was valued at \$1,947,037, became vested and payable upon his retirement in accordance with that program and 409A. This value is set forth in column (d) of the Pension Benefits Table for 2012 below, but is excluded from the compensation set forth in the Summary Compensation Table for 2012 pursuant to Securities and Exchange Commission rules. Mr. Kinzel also exercised all of his outstanding options in January 2012, as reflected in the Options Exercised/Units Vested Table for 2012 below; however, because all of those options were fully vested prior to his retirement, their value has not been included in the Summary Compensation Table for 2012.

- (1) Phantom unit amounts in this column include additional units that are credited as a result of the reinvestment of distribution equivalents.

The market values for phantom units were calculated by multiplying the closing market price of our units as of December 31, 2012 as reported on the NYSE (\$33.45), by the number of unvested phantom units in column (g).

- (2) The market values for restricted units were calculated by multiplying the closing market price of our units on December 31, 2012 by the number of restricted units in column (g), and adding to that the amount of cash distribution equivalents accumulated on the restricted units from the grant date of the award

through December 31, 2012. See “Narratives to Summary Compensation and Grants of Plan Based Awards Table - Phantom Unit Awards” and “Narratives to Summary Compensation and Grants of Plan Based Awards Table - Restricted Unit Awards” for additional detail.

Amounts represent performance units awarded in March 2012 pursuant to the 2008 Omnibus Incentive Plan that are contingent upon the level of achievement of cumulative Adjusted EBITDA versus the target during the period from January 2012 through December 2014. The amounts set forth in column (i) assume that the maximum number of units are earned and assume the reinvestment in distribution equivalent units of distributions on such maximum number from the grant date of the award through December 31, 2012. The actual number of units and distribution equivalents earned will be determined following the end of the performance period and will vest and will be (3) payable, either in cash equivalent, units or a combination of both in March 2015. Market value reported in column (j) was calculated by multiplying the maximum number of units and distribution equivalent units through December 31, 2012 that may be earned set forth in column (i) by the closing market price of our units as of December 31, 2012. Payout value could differ from market value if we elect to pay distribution equivalents in cash. For additional information regarding these awards, see “Compensation Discussion and Analysis - Elements of 2012 Compensation - Performance Unit Awards” and “Narratives to Summary Compensation and Grants of Plan Based Awards Table - Performance Unit Awards.”

- (4) One third of these options became exercisable on March 27, 2013, and one third of these options will become exercisable on each of March 27, 2014 and March 27, 2015.
- (5) These phantom units vest and will be payable either in cash equivalent, units or a combination of both, 50% in June 2014 and 50% in June 2015.
- (6) These phantom units vest and will be payable either in cash equivalent, units or a combination of both, 50% in March 2014 and 50% in March 2015.

Amount represents restricted units awarded in March 2012 and October 2012 pursuant to the 2008 Omnibus Incentive Plan. These restricted units vest according to the following schedule: Mr. Ouimet - 28,784 restricted units vest on December 31, 2014, and 28,137 restricted units vest on October 24, 2015; Mr. Witherow - 5,926 restricted units vest on December 31, 2014, and 9,854 restricted units vest on October 24, 2015; Mr. Zimmerman - 7,196 (7) restricted units vest on December 31, 2014, and 11,965 restricted units vest on October 24, 2015; Ms. Semmelroth - 3,175 restricted units vest on December 31, 2014, and 7,038 restricted units vest on October 24, 2015; Mr. Bender - 4,127 restricted units vest on December 31, 2014, and 9,150 restricted units vest on October 24, 2015. These restricted units accumulate distribution equivalents during the restricted period that will be payable in the same form as accrued when the awards vest.

Amounts in column (g) represent half of the aggregate number of performance units earned under performance unit awards made in 2008, 2009, 2010 and 2011 pursuant to the 2008 Omnibus Incentive Plan, as applicable. Amounts in column (h) were calculated by multiplying the closing market price of our units as of December 31, 2012 by the number of units in column (g). Each of these awards was earned at the 65% level based on the level of achievement (8) of the applicable performance targets, subject to the executive's continued employment with us through the scheduled payment dates of March 2012 and March 2013. The performance units reported in column (g) vested and were paid in a combination of units and cash in March 2013. For additional information regarding these awards, see “Compensation Discussion and Analysis - Elements of 2012 Compensation - Performance Unit Awards” and “Narratives to Summary Compensation and Grants of Plan Based Awards Table - Performance Unit Awards.”

Half of these phantom units vested and were paid in a combination of units and cash in March 2013. The remaining (9) 50% of these phantom units vest and will be payable either in cash equivalent, units or a combination of both in March 2014.

- (10) These phantom units vest and will be payable either in cash equivalents, units or a combination of both, 50% in February 2014 and 50% in February 2015.

Kinzel	Amended and Restated Supplemental Retirement Program	39	\$—	\$1,947,037

Our Amended and Restated Supplemental Retirement Program provided retirement benefits to Mr. Kinzel. Amounts accrued to Mr. Kinzel under the program, as set forth in the table above, vested and became payable a result of his

retirement in January 2012 and were paid in July 2012. Mr. Kinzel's account included amounts that were allocated in prior years from the general partner fees as approved by the Compensation Committee and interest that accrued at the prime rate as established from time to time by our bank. No allocations had been made since May 2004, and we do not intend to have any other executive officers participate in this plan.

Preliminary Copy

We adopted the 2008 Supplemental Retirement Plan (the “2008 SERP”) in February 2008 to provide supplemental retirement benefits to certain of our other executive officers, and accounts were established and credited in prior years for some of our executive officers under the 2008 SERP. None of our named executive officers for 2012 participate in the 2008 SERP or any other supplemental retirement plan. Additional contributions to the 2008 SERP were discontinued in 2011, and we do not intend to have any other executive officers participate in this plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following summaries describe and quantify the payments that each named executive officer would receive if his employment with us were terminated or if we had a change in control. These payments and benefits derive from a combination of employment agreements, our long-term incentive plans and our supplemental retirement plans. In all cases, the timing and amount of payments will comply with the requirements of Section 409A of the Code. The summaries assume that the termination or change in control occurred on December 31, 2012 and the relevant unit price is the closing market price of our units on the NYSE on December 31, 2012, which was \$33.45 per unit. As Mr. Kinzel retired as our chief executive officer in January 2012, the disclosure in this section for him covers his actual retirement-related payments and benefits.

Retirement Payments and Benefits - Richard L. Kinzel

Upon his retirement, Mr. Kinzel and his spouse became eligible to receive lifetime health coverage benefits that, when combined with Medicare, will be substantially similar to the coverage provided to our employees. We also will reimburse any expense for Medicare coverage. We estimate that these health benefits will have an approximate value of \$190,863 but the actual value could differ from that amount (including as a result of actual inflation and longevity). We also paid Mr. Kinzel his earned but unpaid salary for 2011 (approximately \$53,462) and for 2012, and his earned but unpaid vacation for 2012 (approximately \$106,922).

The unpaid portion of Mr. Kinzel's cash incentive award for 2011 (\$413,525) became payable upon his retirement in accordance with the Omnibus Plan, subject to 409A. In addition, all of Mr. Kinzel's outstanding equity awards, which had an approximate market value of \$9,254,236, and his account under our Amended and Restated Supplemental Retirement Program, which was valued at \$1,947,037, became vested and payable upon his retirement in accordance with those programs and 409A. The unpaid portion of Mr. Kinzel's 2011 cash incentive award, his supplemental retirement account and his outstanding phantom units were paid out in July 2012. All of Mr. Kinzel's outstanding unit options were fully vested prior to his retirement, and he exercised them in full prior to their expiration date of March 7, 2012. We will continue to pay annual premiums for Mr. Kinzel's life insurance policy through 2017, the aggregate present value of which we estimate to be \$47,519. See “Summary Compensation Table for 2012” and “Narratives to Summary Compensation and Grants of Plan-Based Awards Tables - Mr. Kinzel” for additional information, including regarding other 2012 compensation.

Payments Pursuant to Employment Agreements (other than in connection with a Change in Control)

The following information summarizes payments that our named executive officers other than Mr. Kinzel will receive in the event of terminations with or without cause, as a result of death or disability, in connection with non-renewals of their employment agreements and in general. Descriptions of release requirements, restrictions and certain key defined terms are provided at the end of this section. For information regarding payments in the event of a change in control, see “Payments Upon a Change in Control under Employment Agreements” and “Incentive Plan and Supplemental Retirement Plan Payments upon a Change of Control” below. For additional information regarding payments in the event of death, disability or retirement, see “Payments Upon Death, Disability or Retirement under our Incentive and Supplemental Retirement Plans” below.

Terminations without Cause or due to Disability and Resignations for Good Reason

Except as described below under “Certain Terminations on or before June 30, 2013 - Messrs. Zimmerman and Bender,” if we terminate the employment of Mr. Ouimet, Mr. Witherow, Mr. Zimmerman, Ms. Semmelroth or Mr. Bender without cause or because of a disability, or if any of those executives resign for good reason (in each case, other than in connection with a change in control), the executive is entitled to:

Payment of accrued and unpaid base salary (together with accrued and unpaid supplemental compensation for Mr. Ouimet), reimbursement of business expenses and payment for accrued and unused vacation days, each as accrued as

of the termination date, in a lump sum within 30 days following termination;

• An amount equal to his or her base salary (or, for Mr. Ouimet, two times his base salary if his termination occurs prior to the earlier of his third anniversary of employment and the vesting of his June 20, 2011 time-based

phantom unit grant). This amount will be payable at the same time salary otherwise would be paid over the 12-month period following termination, but (i) with the first payment being made on the first regularly scheduled payroll date following the 60<sup>th</sup> day after the termination and including any payments that otherwise would be due earlier, and (ii) with payments being reduced by any payments received from any short- or long-term disability plan maintained by us, where applicable;

Any unpaid cash incentive award earned with respect to a calendar year ending on or before the date of termination, payable at the same time payment would have been made had the executive continued to be employed;

A pro-rata portion of his or her cash incentive award for the calendar year of termination, based on actual performance (with certain qualitative performance criteria being deemed satisfied in full), which amount will be prorated based on the number of days the executive is employed during the applicable year and payable at the same time payment is made to other senior executives and no later than March 15 of the next calendar year;

Payment of the after-tax monthly COBRA continuation coverage premium under our medical plan (less the amount of the executive's contribution as if he or she was an active employee), until the earliest of twelve months after termination, the date the executive is no longer eligible for COBRA or the date that he or she obtains other employment with medical benefits, with the first COBRA premium payment being made following the timely delivery of a general release; and

All other accrued amounts or benefits the executive is due under our benefit plans, programs or policies (other than severance).

Certain Terminations on or before June 30, 2013 - Messrs. Zimmerman and Bender

If we terminate Mr. Zimmerman's or Mr. Bender's employment other than for cause or in connection with a change in control on or before June 30, 2013 (including by written notice of non-renewal or as a result of disability), the executive will receive his base salary for the longer of eighteen (18) months or the remaining term of his employment agreement, to be paid in accordance with our payroll practices at the time. In addition, as of the termination date, he will be 100% vested in any outstanding time-based and performance-based phantom unit awards, payment of which will be made pursuant to the terms of the original award agreements without regard to the continued employment requirements. Any benefit credited to his account under the 2008 Supplemental Retirement Plan will be 100% vested as of the termination of employment and paid in accordance with such plan. He will be entitled to full payment of all cash awards outstanding under the 2008 Omnibus Incentive Plan, including without limitation any current and long-term incentive compensation plan awards, without proration for less than full employment in the year of termination and to be paid otherwise in accordance with the plan and any award agreement without regard to any requirement for continued employment. He also will have the right to continue medical and dental insurance coverage offered pursuant to COBRA during the period of time that he receives salary payments and will be entitled to reimbursement from us for the monthly premiums if permitted under applicable law.

Death

If the employment of any of Mr. Ouimet, Mr. Witherow, Mr. Zimmerman, Ms. Semmelroth or Mr. Bender is terminated by reason of death, the executive or his or her legal representatives shall be entitled to:

Payment of accrued and unpaid base salary (together with accrued and unpaid supplemental compensation for Mr. Ouimet), reimbursement of business expenses and payment for accrued and unused vacation days, each as accrued as of the termination date, in a lump sum within 30 days following termination;

Any unpaid cash incentive award earned with respect to a calendar year ending on or before the date of termination, payable at the same time payment would have been made had the executive continued to be employed;

A pro-rata portion of his or her cash incentive award for the calendar year of termination, based on actual performance (with certain qualitative performance criteria being deemed satisfied in full), which amount will be prorated based on the number of days the executive is employed during the applicable year and payable at the same time payment is made to other senior executives and no later than March 15 of the next calendar year;

Payment of the after-tax monthly COBRA continuation coverage premium under our medical plan for the executive's spouse and eligible dependents (less the amount of the executive's contribution as if he or she was an active employee) for a period of up to twelve months after executive's death, if permitted under applicable law; and

• All other accrued amounts or benefits the executive is due under our benefit plans, programs or policies (other than severance).

Non-Renewal

Our executive employment agreements provide for a process by which we and the executive will indicate whether the parties are willing to enter into a new employment agreement prior to expiration of the agreement. If (i) the executive timely indicates he or she is willing to enter into a new agreement and we indicate that we are not willing to enter into a new agreement or fail to provide timely notice, or (ii) the parties desire to enter into a new employment agreement, but the new agreement is not executed before expiration of the current employment period, and (in either case) the executive's employment is terminated immediately following expiration, the executive will be entitled to:

Payment of accrued and unpaid base salary (together with accrued and unpaid supplemental compensation for Mr. Ouimet), reimbursement of business expenses and payment for accrued and unused vacation days, each as accrued as of the termination date, in a lump sum within 30 days following termination;

An amount equal to his or her base salary, payable at the same time salary otherwise would be paid over the 12-month period following termination, but with the first payment being made on the first regularly scheduled payroll date following the 60<sup>th</sup> day after the termination and including any payments that otherwise would be due earlier;

Any unpaid cash incentive award earned with respect to a calendar year ending on or before the date of termination, payable at the same time payment would have been made had the executive continued to be employed;

Payment of the after-tax monthly COBRA continuation coverage premium under our medical plan (less the amount of the executive's contribution as if he or she was an active employee), until the earliest of twelve months after termination, the date the executive is no longer eligible for COBRA or the date that he or she obtains other employment with medical benefits, with the first COBRA premium payment being made following the timely delivery of a general release; and

All other accrued amounts or benefits the executive is due under our benefit plans, programs or policies (other than severance).

Other Terminations

If the executive's employment is terminated for any reason other than by us without cause, by the executive for good reason, or as a result of death or disability, including by expiration of the employment term, which we refer to in the tables below as "All Terminations," the executive will be entitled to receive a lump sum payment within 30 days following termination consisting of accrued and unpaid base salary (together with accrued and unpaid supplemental compensation for Mr. Ouimet), reimbursement of business expenses and payment for accrued and unused vacation days, each as accrued as of the date of termination. The executive also will be entitled to any unpaid cash incentive award earned with respect to a calendar year ending on or before the date of termination, payable at the same time payment would have been made had the executive continued to be employed, and all other accrued amounts or benefits the executive is due under our benefit plans, programs or policies (other than severance).

Releases and Restrictions; Certain Definitions

Any termination payments under the executives' respective employment agreements are subject to execution, timely delivery, and non-revocation of a general release in favor of Cedar Fair. In addition, each executive will be subject to non-competition, non-solicitation, confidentiality, non-disparagement and cooperation provisions contained in his or her employment agreement for the period in which he is receiving severance payments (if employment is terminated without cause, due to disability or for good reason, and not for death) or for twelve months (if employment is terminated for any reason other than without cause or for good reason).

Under the employment agreements, "cause" means: (i) the executive's willful and continued failure to perform his or her duties or follow the lawful direction of the Board (or, for the executives other than Mr. Ouimet, the chief executive officer or the Board) or a material breach of fiduciary duty after written notice of the breach; (ii) theft, fraud, or dishonesty with regard to Cedar Fair or in connection with the executive's duties; (iii) indictment for or conviction of (or guilty or no contest plea to) a felony or any lesser offense involving fraud or moral turpitude; (iv) material violation of our code of conduct or similar written policies after written notice specifying the violation; (v) willful misconduct unrelated to us that has, or is likely to have, a material negative impact on us after written notice specifying the failure or breach; (vi) gross negligence or willful misconduct relating to our affairs; (vii) material

breach by the executive of his or her employment agreement; (viii) a final and non-appealable determination by a court or other governmental body that the executive has materially violated federal or state securities laws; or (ix) a breach or contravention of another employment agreement or other agreement or policy by virtue of the executive's employment with us or performance of his or her duties, or the existence of any other limitation on his or her activities on our behalf except for confidentiality obligations to former employers.

Preliminary Copy

“Disability” means a physical or mental incapacity or disability that renders or is likely to render the executive unable to perform his or her material duties for either 180 days in any twelve-month period or 90 consecutive days, as determined by a physician selected by us.

“Good reason” means, without the executive's express consent: (i) any material diminution in his or her responsibilities, authorities or duties; (ii) any material reduction in the executive's (x) base salary (or, for Mr. Ouimet, in the aggregate amount of his base salary and supplemental compensation), or (y) target cash incentive opportunity (except in the event of an across the board reduction in base salary or cash incentive opportunity applicable to substantially all of our senior executives); (iii) a forced relocation of his or her place of employment by the greater of seventy (70) miles or the distance constituting a “material change in the geographic location” of the executive's place of employment under Section 409A; or (iv) a material breach of the employment agreement by us. The events described in (i), (ii) and (iii) will not constitute “good reason” unless the executive notifies us in writing and we fail to cure the situation within the time periods specified in the agreement.

Payments upon Death, Disability or Retirement under our Incentive and Supplemental Retirement Plans

If any named executive officer dies, becomes disabled or retires at age 62 or over while employed by us, any unvested phantom unit awards under our Amended and Restated Senior Management Long-Term Incentive Compensation Plan and any unvested time-based phantom units awarded under our 2008 Omnibus Incentive Plan will be paid in full in a lump sum cash payment within ninety days of the event (or such period of time as required by Section 409A of the Code). In the event of death or disability during employment, actual performance-based phantom unit awards under the 2008 Omnibus Incentive Plan for that year, as well as any unpaid awards for prior years, will be paid in a lump sum cash payment within ninety days of the event (subject to Section 409A). Performance-based phantom unit awards under the 2008 Omnibus Incentive Plan will be prorated in the event of retirement after age 62 and paid, together with any unpaid such awards for prior years, in a lump sum cash payment within ninety days of the end of the performance period or retirement date, respectively (subject to Section 409A).

All amounts accrued under our Amended and Restated Supplemental Retirement Program or our 2008 SERP will also become fully vested and payable upon an executive's death, disability or retirement at age 62 or over with at least 20 years of service. Any cash incentive awards outstanding at the time of death or retirement will be paid on a prorated basis. Performance unit awards under the 2008 Omnibus Incentive Plan will be payable in the event of death or disability while employed by us, or retirement at age 62 or over from employment with us, with amounts being prorated where the death, separation from service due to disability or retirement occurs during the performance period. Restrictions on 2012 restricted unit awards will lapse upon death, disability or retirement. Options awarded under the 2008 Omnibus Incentive Plan will expire on the earlier of the ten year anniversary of the grant date or the date that is thirty (30) days after a separation from service under the plan. The named executive officers also will receive payments in these situations as described above under “Payments Pursuant to Employment Agreements (other than in connection with a Change in Control).”

Payments upon a Change in Control under Employment Agreements

In the event of certain terminations following a change in control, Mr. Ouimet, Mr. Witherow, Mr. Zimmerman, Ms. Semmelroth and Mr. Bender will receive benefits and payments in accordance with the terms of their employment agreements. Our incentive plans and our 2008 SERP also contain change-in-control provisions. Each of our incentive plans and employment agreements uses the “change in control” definition provided by Section 409A of the Code or a definition based on the 409A definition. As a result, if a change in control occurs under one plan or agreement, it will trigger payment under the other plans and agreements as well. “Change-in-control” events include:

- a change in ownership of the Partnership which generally would occur when a person or group acquires units representing more than 50 percent of the total fair market value or total voting power of the Partnership;
- a change in the effective control of the Partnership, which could occur even if a change in ownership has not occurred, and would occur if either (i) a person or group acquires units, all at once or over a period of 12 months, representing 50 percent or more of the total voting power of the Partnership, or (ii) a majority of our directors will have been replaced during a 12-month period by directors not endorsed by a majority of the board before the date of appointment or election; or
- a change in ownership of a substantial portion of the assets of the Partnership, which would occur if a person or group acquires, all at once or over a period of 12 months, assets from us that have a total gross fair market value

Preliminary Copy

equal to or more than 40 percent of the total gross fair market value of all of our assets immediately before the acquisition(s), determined without regard to any liabilities associated with such assets.

Section 409A and its rules contain detailed provisions for determining whether a change-in-control event has occurred. The above descriptions of change-in-control events are general summaries only, and we refer you to Section 409A and its rules for additional detail.

All of our employment agreements and our supplemental retirement plans contain a double trigger change in control provision, which means that two events must occur for a participant to receive payments under the change in control provision. First, a change in control must occur. The second trigger under the employment agreements is that the executive's employment must be terminated within 24 months of the change in control. Terminations for "good reason" (as defined above) by the executive qualify for change in control protection in addition to involuntary terminations. The second trigger under our supplemental retirement plans is the occurrence of a separation from service under the plan. Our incentive plans under which we have awarded phantom units, performance units and unit options contain single trigger change in control provisions.

If we terminate the employment of Mr. Ouimet, Mr. Witherow, Mr. Zimmerman, Ms. Semmelroth or Mr. Bender without cause or because of a disability within 24 months following a change in control, or if any of those executives resign for good reason within 24 months following a change in control, the executive is entitled to the payments and benefits described above under "Payments Pursuant to Employment Agreements (other than in connection with a Change in Control) - Terminations without Cause or due to Disability and Resignations for Good Reason," except that: in lieu of base salary continuation, the executive will receive severance as follows:

Mr. Ouimet will receive a lump sum amount equal to three times annual cash compensation for the year preceding the calendar year in which the change in control occurred, less US\$1; and

each executive other than Mr. Ouimet will receive a lump sum amount equal to two and one-half times the executive's annual cash compensation for the year preceding the calendar year in which the change in control occurred, less US\$1; and

the executive will have the right to continue medical and dental insurance coverage under COBRA during the 30 month period following the termination, and to receive monthly reimbursement of such COBRA continuation coverage premiums from us, if permitted by applicable law.

For purposes of our employment agreements, "cash compensation" with respect to any calendar year is defined as (a) the total salary payable, (b) target annual cash incentive compensation with respect to that calendar year, even if not paid during the year and (c) with respect to any multi-year cash bonus, the amount actually paid. Any lump sum payments made pursuant to the employment agreements in connection with a change in control will be paid within sixty days following the termination, subject to the requirements of Section 409A.

Our executive employment agreements cap the present value of the aggregate payments, distributions and benefits provided to or for the executive's benefit which constitute parachute payments under Section 280G of the Code at 299% of the base amount (as defined for purposes of Section 280G). If the present value exceeds the cap, the payments, distributions and benefits to the executive will be reduced in the order specified in his or her employment agreement so that the reduced amount will result in no portion of his or her payments, distributions and benefits being subject to excise tax. We refer to this type of provision as a "280G cap and cutback provision" below.

Payments of change-in-control amounts or provisions of change-in-control benefits under the employment agreements are conditioned upon the execution and non-revocation of a mutually acceptable separation agreement and release.

Incentive Plan and Supplemental Retirement Plan Payments upon a Change in Control

In addition to the payments and benefits outlined above, our incentive plans and our supplemental retirement plans contain change-in-control provisions that may result in payments to participating named executive officers, summarized below. In the event of a change in control:

Unpaid awards from prior years that were made under our Amended and Restated Senior Management Long-Term Incentive Compensation Plan will be paid in a lump sum cash payment within ninety days of the event (or such period of time as may be required by Section 409A of the Code).

Grants made under our Amended and Restated 2000 Equity Incentive Plan, including options, unit appreciation rights, restricted units or performance units, will vest, become fully exercisable and be free of all restrictions or

limitations. Option holders may elect to “cash out” any options for the difference between the price of the option and the change in control price per unit within 60 days of a change in control.

Unless otherwise specified in connection with making a particular award, cash incentive awards made under our 2008 Omnibus Incentive Plan will be deemed to have been earned at 100% of the target level in the year of the change in control and will be paid within 30 days following a change in control.

Unless otherwise specified in connection with making a particular award, all long-term incentive awards made under the 2008 Omnibus Incentive Plan (i.e., performance-based phantom unit awards) will be deemed to have been earned at 100% of the target level. All such awards, including any unpaid awards from prior years will be paid in a lump sum cash payment within 30 days of the change in control.

Unless otherwise specified in connection with making a particular award, all performance awards made under our 2008 Omnibus Incentive Plan will be deemed to have been earned and payable in full and any other restriction shall lapse. Any such performance awards will be paid within 30 days following a change of control. 2012 performance awards will be deemed earned at the target level.

Unless otherwise specified in connection with making a particular award, all restrictions, limitations and other conditions applicable to any “other unit awards” granted under our 2008 Omnibus Incentive Plan, such as the time-based phantom unit awards granted in October 2010, June and October 2011 and February 2012, shall lapse and those awards shall become fully vested and transferable. Any such awards will be issued, settled or distributed, as applicable within 30 days following a change in control.

All restrictions applicable to any 2012 restricted unit awards will lapse and restricted units will become fully vested and transferable.

Any outstanding unvested options under the 2008 Omnibus Incentive Plan will vest and become fully

- exercisable. Option holders may elect to “cash out” any options within 60 days of a change in control for the difference between the price of the option and the fair market value per unit at the time of the election.

All amounts accrued by the named executive officers under our Amended and Restated Supplemental Retirement Program and 2008 SERP will vest and be funded in a trust for the benefit of the executive officers when they retire at or after reaching age 62, die, or become disabled, whichever occurs first.

Matthew A. Ouimet

The payments that would have been made to Mr. Ouimet upon a termination of his employment or a change in control of the Partnership as of December 31, 2012, are as follows:

Amount was decreased by \$679,719 to comply with the 280G cap and cutback provision of Mr. Ouimet's employment agreement. Pre-capped severance amount based on 2011 cash compensation, as defined in employment agreement and described above on page 38, which reflects the prorated salary and minimum cash (1)bonus earned by Mr. Ouimet for 2011 (based on his employment having started in June 2011). See "Summary Compensation Table for 2012" for increased 2012 salary versus 2011 and "Grants of Plan Based Awards for 2012" for 2012 target cash incentive opportunity, which would result in higher severance amount for change in control and termination dates on and after January 1, 2013 (subject to the 280G cap and cutback provision).

(2) Amount excludes portion of 2012 cash incentive award paid prior to the assumed termination date.

(3) Amount represents payout of the 2012 cash incentive award at 100% of the target level less the amount of the award paid prior to the assumed date of the change in control.

If Mr. Ouimet had died or had become disabled on December 31, 2012, he would be entitled to receive payment in 2015 as provided in his 2012-2014 performance unit award as if he were employed on the payment date. Any such payment would be prorated as of December 31, 2012, the date of death or disability. Any such payment also would depend upon the level of attainment of the performance metrics. If all performance metrics are met over the (4) performance period, the maximum value Mr. Ouimet would receive in these circumstances would be the value of 7,473 units (e.g., the value of 22,420 units, prorated based on the performance period as of December 31, 2012) plus distribution equivalents on those units. As Mr. Ouimet would not receive that value until the scheduled payment date in 2015, the dollar value to Mr. Ouimet of that payment would depend upon the unit price as of the 2015 payment date and on the value of future distributions made prior to the 2015 payment date.

This total does not include any amount that Mr. Ouimet would receive pursuant to his 2012-2014 performance unit (5) award. Any payment pursuant to that performance unit award would depend on the factors described in the preceding footnote and would increase the total payout reported for this column.

Pre-capped severance amount based on 2011 cash compensation, as defined in employment agreement and described above on page 38. See "Summary Compensation Table for 2012" for increased 2012 salary versus 2011 and "Grants of Plan Based Awards for 2012" for 2012 target cash incentive opportunity, which would result in higher severance amount for change in control and termination dates on and after January 1, 2013 (subject to the 280G cap and cutback provision).

(2) Amount excludes portion of 2012 cash incentive award paid prior to the assumed termination date.

(3) Amount represents payout of the 2012 cash incentive award at 100% of the target level less the amount of the award paid prior to the assumed date of the change in control.

(4) Amount includes value at December 31, 2012 of earned 2008-2011 performance units, but excludes value of prorated 2012-2014 performance units. If Mr. Witherow had died or had become disabled on December 31, 2012, he would be entitled to receive payment in 2015 as provided in his 2012-2014 performance unit award as if he were employed on the payment date. Any such payment would be prorated as of December 31, 2012, the date of death or disability. Any such payment also would depend upon the level of attainment of the performance metrics.

If all performance metrics are met over the performance period, the maximum value Mr. Witherow would receive in these circumstances would be the value of 1,538 units (e.g., the value of 4,616 units, prorated based on the performance period as of December 31, 2012) plus distribution equivalents on those units. As Mr. Witherow would not receive that value until the scheduled payment date in 2015, the dollar value to Mr. Witherow of that payment would depend upon the unit price as of the 2015 payment date and on the value of future distributions made prior to the 2015 payment date.

Amount includes value at December 31, 2012 of previously-earned 2008-2011 performance units. Amount also (5) includes value of target number of 2012-2014 performance units and distribution equivalents accumulated on such target number of units through December 31, 2012.

(6) This total does not include any amount that Mr. Witherow would receive pursuant to his 2012-2014 performance unit award. Any payment pursuant to that performance unit award would depend on the factors described in footnote (4) and would increase the total payout reported for this column.

See “Summary Compensation (1) Table for 2012” for 2012 salary and “Grants of Plan Based Awards for 2012” for 2012 target cash incentive opportunity, which would result in a severance payment to Ms. Semmelroth for change in control and termination dates on and after January 1, 2013 (subject to the 280G cap and cutback provision).

(1) Amount was decreased by \$199,217 to comply with the 280G cap and cutback provision of Mr. Bender's employment agreement. Pre-capped severance amount based on 2011 cash compensation, as defined in employment agreement and described above on page 38. See "Summary Compensation Table for 2012" for increased 2012 salary versus 2011 and "Grants of Plan Based Awards for 2012" for 2012 target cash incentive opportunity, which would result in higher severance amount for change in control and termination dates on and after January 1, 2013 (subject to the 280G cap and cutback provision).

(2) Amount excludes portion of 2012 cash incentive award paid prior to the assumed termination date.

(3) Amount represents payout of the 2012 cash incentive award at 100% of the target level less the amount of the award paid prior to the assumed date of the change in control.

(4) Amount includes value at December 31, 2012 of earned 2008-2011 performance units, but excludes value of prorated 2012-2014 performance units. If Mr. Bender had died or had become disabled on December 31, 2012, he would be entitled to receive payment in 2015 as provided in his 2012-2014 performance unit award as if he were employed on the payment date. Any such payment would be prorated as of December 31, 2012, the date of death or disability. Any such payment also would depend upon the level of attainment of the performance metrics. If all

performance metrics are met over the performance period, the maximum value Mr. Bender would receive in these circumstances would be the value of 1,071 units (e.g., the value of 3,215 units, prorated based on the performance period as of December 31, 2012) plus distribution equivalents on those units. As Mr. Bender would not receive that value until the scheduled payment date in 2015, the dollar value to Mr. Bender of that payment would depend upon the unit price as of the 2015 payment date and on the value of future distributions made prior to the 2015 payment date.

Amount includes value at December 31, 2012 of previously-earned 2008-2011 performance units. Amount also (5) includes value of target number of 2012-2014 performance units and distribution equivalents accumulated on such target number of units through December 31, 2012.

Preliminary Copy

This total does not include any amount that Mr. Bender would receive pursuant to his 2012-2014 performance unit (6) award. Any payment pursuant to that performance unit award would depend on the factors described in footnote (4) and would increase the total payout reported for this column.

Kinzel, the Partnership's former President and Chief Executive Officer, is not included in this table because he was a named executive officer for 2012, and his compensation for service as a Director is fully reflected in the Summary Compensation Table on page 23, together with his other compensation information there and throughout the Executive Compensation Section.
- (2) As of December 31, 2012, no non-employee Director had any options outstanding.
- (3) Term ended on June 27, 2012 for Messrs. Harvie, Kwiatowski, and Tishman.
- (4) Term began on June 27, 2012 for Mr. Hanrahan and Ms. Shanahan and Smithart-Oglesby.

## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Richard Kinzel's son, Bart Kinzel, Vice President and General Manager of Carowinds, and son-in-law, Tim Boals, Corporate Vice President - Resale, are employed by Cedar Fair and received compensation of approximately \$417,125 and \$390,032, respectively, in 2012. There were no other transactions that must be disclosed between the Partnership and our officers, directors, Board nominees for election or any person related to our officers or directors or Board nominees for election, or with any holder of more than 5% of the outstanding units, during 2012 and through the date of this proxy statement.

The Board's Corporate Governance Guidelines include policies and procedures for the review and approval of interested transactions, which are defined as transactions in which CFMI or the Partnership participate and any executive officer, director, director nominee or other related party has a direct or indirect material interest. The definition of interested transactions is intended to cover the types of transactions subject to Regulation S-K Item 404 and excludes certain types of transactions consistent with that regulation. The policy generally presumes a related party's interest to be material unless clearly incidental in nature or determined in accordance with the policy to be immaterial in nature.

Each executive officer, director and director nominee is required to notify the Chair of the Nominating and Corporate Governance Committee of his or her intention to enter into, or to cause CFMI or the Partnership to enter into, an interested transaction. The Committee reviews the material facts of all interested transactions requiring its approval, and the disinterested members of the Committee either approve or disapprove the entry into the interested transaction. The policy also provides a mechanism for Committee review and ratification or modification of any interested transactions as to which advance approval is not feasible or that were entered into in error. In determining whether to approve or ratify a transaction, the Committee considers whether or not the transaction is in, or not inconsistent with, the best interests of the Partnership, taking into account the following (among other factors it considers appropriate): (i) the position within or relationship of the related party with the

Preliminary Copy

Partnership or CMFI, (ii) the extent of the related party's interest in the transaction, (iii) the business purpose for and reasonableness of the transaction, including available alternatives for achieving the business purpose, (iv) whether the terms of the transaction are comparable to those that could be negotiated with an unrelated third party, (v) whether the transaction impacts the independence or objectivity of director or executive officer, and (vi) whether the transaction creates the perception of impropriety. Authority is delegated under the policy to the Committee Chair to pre-approve or ratify any interested transactions that do not involve a director and that are expected to involve less than \$120,000, subject to subsequent review by the Committee. No director is allowed to participate in any discussion or approval of an interested transaction for which he or she is a related party, except for providing material information as to the transaction and for counting to determine the presence of a quorum to act on the transaction. An ad hoc committee of at least two independent directors may be designated by the Board where less than two members of the Committee would be available to review an interested transaction involving a member of a Committee.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934 requires officers and Directors, and persons who own more than ten percent (10%) of a registered class of Partnership units, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, Directors and greater than ten percent unitholders are required by SEC regulation to furnish the Partnership with copies of all Section 16(a) forms they file.

Based solely on a review of Forms 3, 4 and 5 (including amendments to such forms) furnished to the Partnership during and with respect to 2012, no Director, officer, or beneficial owner of more than ten percent of the Partnership's outstanding units failed to file on a timely basis reports required by Section 16(a) of the Exchange Act during 201 except for one late Form 4 filing for Mr. Freeman regarding one transaction.

**REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS**

The Audit Committee of the Board of Directors of Cedar Fair Management, Inc. is responsible for appointing and meeting with the Partnership's independent registered public accounting firm and for assisting the Board in its oversight of the financial statement reporting, internal audit and risk management functions.

Management is responsible for the financial reporting process, including the system of internal controls and disclosure controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"). The independent auditors are responsible for auditing these financial statements and expressing an opinion as to their conformity to GAAP, and for auditing the Partnership's internal control over financial reporting. The Audit Committee's responsibility is to monitor and review these processes, acting in an oversight capacity.

Members of the Committee have reviewed and discussed the audited financial statements and internal controls for 2012 contained in the Partnership's Annual Report on Form 10-K with management and representatives of Deloitte & Touche LLP. In addition, the Committee discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Committee also discussed with Deloitte & Touche LLP their independence from Cedar Fair Management, Inc., and the Partnership and its management, including the matters in the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the audit committee concerning independence, which the Audit Committee has received, and considered their independence in connection with non-audit services provided. The Audit Committee also reviewed with Deloitte & Touche LLP the critical accounting policies and practices followed by the Partnership and other material written communications between Deloitte & Touche LLP and the management of the Partnership, including its report on the Partnership's internal control over financial reporting.

Based on the above reviews and discussions, the Committee recommended to the Board of Directors that the audited financial statements be included in the Partnership's Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the Securities and Exchange Commission. The Board of Directors approved the recommendation.

**EXPENSES OF SOLICITATION OF PROXIES**

The Partnership has sent you this proxy and will pay the cost of soliciting the proxies from unitholders. In addition to solicitation by mail, arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries to send the proxy materials to beneficial owners of the units, and the Partnership, upon request, will reimburse the brokerage houses and custodians for their reasonable expenses in so doing. The Partnership has retained Morrow & Co., LLC to aid in the solicitation of proxies and to verify certain records related to the solicitation. Morrow & Co., LLC will receive a fee of between \$5,000 and \$10,000 as compensation for its services plus reimbursement for its related out-of-pocket expenses. CFMI and its directors, officers and employees also may solicit the vote of unitholders. These persons will receive no additional compensation for their assistance in soliciting proxies.

**UNITHOLDER PROPOSALS AND NOMINATIONS FOR THE 2014 ANNUAL MEETING**

Any unitholder who wishes to present a proposal other than a nomination at the 2014 annual meeting and to have the proposal considered for inclusion in the Partnership's proxy statement and form of proxy for that meeting pursuant to SEC Rule 14a-8 must deliver the proposal to the Partnership at its principal executive offices not later than January 13, 2014. Any unitholder who wishes to present such a proposal at the 2014 annual meeting other than for inclusion in the Partnership's proxy statement and form of proxy must deliver the proposal to the Partnership at its executive offices not later than March 29, 2014 or such proposal will be untimely. If a unitholder fails to submit the proposal by March 29, 2014, the appointed proxies may exercise discretionary voting authority on the proposal.

Any limited partner of record may nominate one or more persons for election or reelection to the Board at an annual meeting of limited partners in accordance with our Partnership Agreement if they meet and comply with the notice, procedural, informational, and other requirements of the Partnership Agreement. Limited partners must give timely notice in writing to the secretary of the Partnership of any such nominations. To be timely, a unitholder's notice must be delivered to or received by the Partnership not less than 60 days nor more than 90 days prior to the first anniversary of the preceding year's annual meeting of unitholders. However, if the annual meeting is advanced more than 30 days prior to the anniversary or delayed more than 60 days after such anniversary, then to be timely such notice must be received by the Partnership no later than the later of 70 days prior to the date of the annual meeting or the 10th day following the day on which public announcement of the date of the annual meeting was made. In order for a unitholder's notice to be proper, such notice must include all the necessary information prescribed in the Partnership Agreement and the nominating person and the unitholder-nominated director candidate must provide and timely supplement certain relevant background, biographical, security ownership and other information. In addition, the nominating person must be entitled to vote at and hold units as of the annual meeting. The Partnership and General Partner are not required to include in its proxy materials any person nominated by a unitholder. If the 2013 annual meeting is held no earlier than May 7, 2014 and no later than August 5, 2014, any nominations will need to be delivered or received no earlier than March 8, 2014 and no later than April 7, 2014 in order to be timely.

## HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some broker, bank and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that, if you are a beneficial owner of units, only one copy of the Partnership's proxy statement and annual report may have been sent to multiple unitholders in your household unless your nominee has received contrary instructions. We will promptly deliver a separate copy of the documents to you if you write or call us at the following address or phone number: Cedar Fair, L.P., One Cedar Point Drive, Sandusky, Ohio 44870, telephone (419) 627-2233, Attention: Investor Relations. Beneficial owners who want to receive separate copies of the proxy statement and annual report in the future, or who are receiving multiple copies and would like to receive only one copy for their households, should contact their broker, bank or other nominee record holder.

## FORWARD LOOKING STATEMENTS

Some of the statements contained in this report that are not historical in nature are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities and Exchange Act of 1934, including statements as to our expectations, beliefs and strategies regarding the future. These forward-looking statements may involve risks and uncertainties that are difficult to predict, may be beyond our control and could cause actual results to differ materially from those described in such statements. Although we believe that the expectations reflected in such forward-looking statements are reasonable, we can give no assurance that such expectations will prove to be correct.
