Item 1.01. Entry into a Material Definitive Agreement.

On January 17, 2006, DOR BioPharma, Inc. (the “Company”) entered into a Common Stock Purchase Agreement (“Purchase Agreement”) with Fusion Capital Fund II, LLC (“Fusion Capital”). Pursuant to the terms of the Purchase Agreement, Fusion Capital has agreed to purchase up to \$6,000,000 of the Company's common stock over a period of approximately fifteen (15) months, subject to earlier termination at the Company’s discretion. The purchase price per share of the common stock is based upon the market price of the Company common stock at the time of sale provided that the purchase price will not be less than \$0.12 per share. The Company has the right to control the timing and amount of shares sold to Fusion Capital, if any. The Company also has the right to terminate the Purchase Agreement at any time upon one day’s notice without cost.

In connection with the Purchase Agreement, the Company also entered into a Registration Rights Agreement dated as of January 17, 2006, pursuant to which the Company has agreed to file a registration statement with the Securities and Exchange Commission covering the shares that are issued or may be issued to Fusion Capital under the Purchase Agreement. Once the conditions to commencement of funding under the Purchase Agreement are satisfied, including, but not limited to, the Securities and Exchange Commission declaring the registration statement covering the shares effective, the Company has the right to sell to Fusion Capital up to \$20,000 of the Company’s common stock each trading day during the term of the Purchase Agreement so long as the market price of the shares remains above \$0.12. The amount may be increased by the Company based upon increases in the price of the Company’s common stock. In addition to daily purchases, the Company has the right to direct Fusion Capital to purchase up to \$400,000 of the Company’s common stock on any single trading day if certain conditions set forth in the Purchase Agreement are satisfied.

The Company anticipates using the proceeds from this financing as working capital to cover costs associated with the assembly and filing of the NDA for orBec®, other research and development expenses, and general overhead costs including salaries until such time, if ever, as the Company is able to generate a positive cash flow from operations.

The foregoing description of the Purchase Agreement and Registration Rights Agreement is qualified in its entirety by reference to the full text of both the Purchase Agreement and Registration Rights Agreement, a copy of each are attached to this Current Report on Form 8-K as Exhibit 10.1 and 4.1, respectively, and each of which is incorporated herein in its entirety by reference.

Item 3.02. Unregistered Sales of Equity Securities.

Under the terms of the Purchase Agreement, the Company has agreed to issue to Fusion Capital 450,000 shares of the Company’s common stock as a partial commitment fee upon entering into the agreement and 62,500 shares of its common stock as partial expense reimbursement. In addition, Fusion Capital may also receive up to an additional 450,000 shares of the Company’s common stock as an additional commitment fee based on the amount purchased.
