NOTE 4 - INVESTMENTS

On April 5, 2002, the Company through a newly formed real estate subsidiary Innovo Realty, Inc. ("IRI"), closed on a transaction pursuant to which IRI purchased limited partner interests in 22 limited partnerships. Subsequently, the limited partnerships purchased 28 apartment buildings consisting of approximately 4,000 apartment units ("Properties") located nationwide. The Company believes that the investment will increase the Company's cash flow and do so with a minimal amount of risk.

The Company issued 195,295 of cumulative, non-convertible preferred shares with an 8% coupon ("Preferred Shares"), valued at \$100 per share for transactional purposes, to IRI which in turn contributed the Preferred Shares to the limited partnerships. Subsequently, the limited partnerships transferred the Preferred Shares to the sellers as part of the purchase price for the Properties. The value of the Preferred Shares represented approximately 20% of the \$98,079,000 purchase price paid to the sellers for the Properties by the limited partnerships. The remaining purchase price was funded through third party investors and third party financing which included the principals of Commerce Investment Group and Joseph Mizrahi, both affiliated parties of the Company. None of the Company's Board Members or executives participated in the transaction.

The Preferred Shares 8% coupon is funded entirely and solely through partnership distributions from cash flows generated by the operation and sale of the Properties. In the event the cash flows from the Properties are insufficient to cover the 8% coupon, the Company will have no obligation to cover any shortcomings. The Company is required to redeem the preferred shares

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

from partnership distributions. The Company is to receive partnership distributions that are in excess of current and accrued 8% coupon dividends and the excess partnership distributions will be used by the Company to redeem the Preferred Shares. In addition, IRI shall be entitled to receive fees equal to 1% of the gross annual revenues from the Properties, plus an additional 1% to the extent that there is excess cash flow (i.e., cash remaining after payment of debt service, all other amounts due in connection with the mortgage land and all property expenses then due and payable, including, the 1% of gross annual revenues the Company is to receive). These fees are to be paid quarterly and there is no requirement that they be used toward the payment of the 8% coupon or the redemption of preferred shares. In addition, IRI will be entitled to 30% of the excess cash flow generated by the operation and sale of the Properties after complete redemption of the preferred shares and the payment of lien holders and preferred distributions and returns to investors and others.

The Company has not given accounting recognition to the value of its investment in the real estate partnerships, as the Company is obligated to pay the 8% coupon and redeem \$19.5 million of Preferred Shares from the cash flow from the partnerships, prior to the Company being able to recover the underlying value of its investment. Additionally, the Company has determined that the Preferred Shares will not be accounted for as a component of equity as the shares are redeemable outside of the Company's control. No value has been ascribed to the value of the Preferred Shares as the Company is obligated to pay the 8% coupon or redeem the shares only if the Company receives cash flow from the partnerships adequate to make the payments. The Company intends to record the management fee as income using the accrual basis of accounting.

NOTE 5-JOE'S JEANS JAPAN

On May 1, 2002, the Company created Joe's Jeans Japan, Inc. ("JJJ"), a Japanese corporation focused on the marketing and distribution of Joe's Jeans products in the Japanese market. JJJ is a wholly owned subsidiary of Joe's Jeans, Inc.. JJJ currently has an office and showroom located in Tokyo with 5 full time employees. JJJ's results are consolidated with the financial results of the Company.

NOTE 6 - ACQUISITIONS

On August 24, 2001, Innovo Group Inc. through a newly formed subsidiary Innovo Azteca Apparel Inc. ("IAA") completed the first phase of a two phase acquisition ("Acquisition") of Azteca Production International, Inc.'s ("Azteca") knit apparel division ("Knit Division"). Azteca is an affiliate of Commerce, a significant shareholder of the Company's common stock. Pursuant to the terms of the first phase closing, the Company purchased the Knit Division's customer list, the right to manufacture and market all of the Knit Division's current products and entered into certain non-compete and non-solicitation agreements and other intangible assets associated with the Knit Division ("Phase I Assets"). As consideration for the Phase I Assets, the Company has issued to Azteca, 700,000 shares of Company's common stock valued at \$1.27 per share based upon the closing price of the common stock on August 24, 2001, and promissory notes in the amount of \$3.6 million.

The second phase of the Acquisition called for the Company to purchase for cash the inventory of the Knit Division prior to November 30, 2001, with the consideration not to exceed \$3 million. The acquisition of the inventory was subject to the Company obtaining adequate financing. The Company did not complete the second phase of the acquisition prior to the expiration date.

The Acquisition was accounted for under the purchase method of accounting for business combinations pursuant to FAS 141. Accordingly, the accompanying

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

consolidated financial statements include the results of operations and other information for the Knit Division for the period commencing August 24, 2001.

In the event that the sales of the Knit Division do not reach \$10.0 million during the 18 month period following the closing date of the Acquisition, any remaining unpaid principal of the \$1.0 million promissory note shall be reduced by an amount equal to the sum of \$1.5 million less 10% of the net sales of the Knit Division during the 18-month period following the closing date.

The purchase price of \$4,521,000, including acquisition costs of \$36,000, have been allocated to the non-compete agreement (\$250,000) and the remainder to goodwill (\$4,271,000). The non-compete agreement is being amortized over two years, based upon the term of the agreement. The total amount of the goodwill is expected to be deductible for income tax purposes.

The following table shows the Company's unaudited pro forma consolidated results of operations for the three and six month periods ended June 2, 2001, respectively assuming the Acquisition had occurred at the beginning of the year (in thousands):

	Unaudited Pro Forma	
	Three Months Ended June 2, 2001 -----	Six Months Ended June 2, 2001 -----
Net Sales	\$ 4,393	\$ 9,064
Net Income	\$ 44	\$ 279
Loss per share:		
Basic and diluted	\$ 0.00	\$ 0.02

The pro forma operating results do not reflect any anticipated operating efficiencies or synergies and are not necessarily indicative of the actual results which might have occurred had the operations and management of the companies been combined during the two fiscal periods.

Comparison of the Three Months Ended June 1, 2002 to the Three Months Ended June 2, 2001

Net Sales for the quarter ended June 1, 2002 increased 245% from \$1,968,000 in 2001 to \$6,802,000 in 2002. The increase is attributable to significant increase in revenues from the Company's accessory and craft subsidiary Innovo, Inc. ("Innovo") as well as from the Company's high end apparel subsidiary Joe's Jeans, Inc. ("Joe's"). The increase in revenues also reflects the impact from the Company's general apparel division, Innovo Azteca Apparel, Inc. ("IAA") which was formed in the third quarter of 2001. Innovo experienced a 96% increase for the period compared to the same period in 2001 primarily as a result of increased demand for its craft products, success from Innovo's Bongo product line and fashion accessory products sold to new private label customers. Joe's revenues for the period, which increased 165% compared to the second quarter of 2001, enjoyed increased demand for its products both domestically and internationally as a result of Joe's efforts to market its products in Japan through its subsidiary Joe's Jeans Japan, Inc. and via short term distribution agreements with European distributors. Innovo Azteca Apparel accounted for the remaining increase in revenues.

For the second three months of fiscal 2002, the Company's gross margin Percentage decreased 3.4 percentage points from 37.9% in 2001 to 34.5% in 2002. The decrease in gross margin is attributable to an increase in air freight associated with the timely importing of Innovo accessory products to

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

meet increased demand. Additionally, the Company's revenues for the period include those of IAA which, as a result of the products distributed by IAA, traditionally has a lower gross margin than the Company's other divisions.

Selling, general and administrative expenses increased \$1,308,000 or 200% for the same period as a result of an increase in the expenses associated with and necessary for the increased revenues generated during the period. These expenses primarily included royalties, commissions, freight, samples, product development and distribution charges. The SG&A expenses increased also as a result of the costs incurred to hire employees to support the Company's growth domestically and internationally. The Company's international operations, including Joe's Jeans Japan, Inc. and Innovo Hong Kong, Ltd, added to the Company's expenses during the quarter. Due to the fact the Company did not have international operations in the comparative period of 2001, the 2001 results did not include any expense associated with international operations. The Company also incurred an increase in the expenses associated with the professional and investor relations functions of the Innovo Group Inc. public holding company.

Depreciation and amortization expenses increased to \$58,000 in 2002 from \$11,000 in the same period of 2001 largely as a result of the depreciation associated with assets purchased pursuant to the knit division acquisition in 2001 and the depreciation of the Company's former manufacturing facility in Springfield, TN which in the comparative period was held as an asset for sale.

Interest expense for the three months ended June 1, 2002 increased to \$119,000 from \$63,000. The increase is associated with promissory notes entered into for the acquisition of the knit division from Azteca in 2001 and an increase in the interest expense associated with increased funding from the Company's factorer to support additional working capital needs resulting from the Company's increased revenues.

Other income for the comparable period decreased from income of \$20,000 to \$14,000 due primarily to a decrease in the rental income from the Company's property located in Springfield, TN.

Comparison of the Six Months Ended June 1, 2002 to the Six Months Ended June 2, 2001

For the first six months of 2001, net sales increased 222% to \$10,071,000 from \$3,122,000 in the same period of 2001. The increase is a result of a substantial increase in the Company's Innovo accessory division and Joe's specialty apparel division, coupled with the impact of the Company's general apparel division IAA which was formed in the third quarter of 2001 and thus not included in the 2001 results.

The Company's gross profit margin, for the six months ended June 1, 2002, decreased to 32.4% from 39.8% in the comparative period of 2001. The decrease is attributable to an increase in freight expense incurred to meet the deadlines of new private label customers. Furthermore, the gross margin decrease reflects the fact that the Company's IAA primarily markets products to private label customers which traditionally have a lower gross margin associated with them.

Selling, general and administrative costs increased to \$3,195,000 from \$1,995,000, or 167%, as a result in increased marketing and product development expense, increased commissions and royalties associated with the increased revenue, an increase in payroll expense necessary to support the Company's growth domestically and internationally, sales shows and professional and legal fees.

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

Depreciation and amortization expense increased \$94,000 to \$116,000 for the period in 2002 compared to 2001. The increase is largely a result of the amortization expense associated with the knit division acquisitions and the formation of IAA.

Interest expense for the period increased to \$219,000 from \$137,000 in 2001 primarily as a consequence of the promissory notes associated with the acquisition of the knit business which resulted in the creation of IAA. Additionally, the Company's interest expense increased as a result of an increase in the number of receivables factored during the period to meet the Company's increasing cash flow needs.

Other income decreased to \$20,000 in 2002 compared to an income of \$47,000 in 2001 in comparative periods. The decrease is attributable to a reduction in rental income from the Company's Springfield property.

Liquidity and Capital Resources

Innovo Group Inc. is a holding company and its principal assets are the common stock of the operating subsidiaries. As a result, to satisfy its obligations Innovo Group Inc. is dependent on cash obtained from the operating subsidiaries, either as loans, repayments of loans made by Innovo Group Inc. to the subsidiary, or distributions, or on the proceeds from the issuance of debt or equity securities by Innovo Group Inc.. The subsidiaries primary sources of liquidity are cash flows from operations, including credit from vendors and borrowings from the Company's factorer and certain related parties.

Cash flows from operating activities provided cash of \$667,000 for the six months ended June 1, 2002. The positive cash flow is a result of a net income of \$227,000 as well as an increase in cash flow generated from a greater amount of receivables factored and amounts borrowed from related parties.

For the second quarter of fiscal 2002, the Company relied primarily on trade credit with customers and cash on hand to fund operations. The Company's principal credit facility for working capital has historically been its accounts receivable factoring arrangements.

During the second quarter of 2002, the Company increased the number of Invoices it presented for factoring due to the need to fund the growth experienced during the period and the projected growth anticipated in future periods. The Companies subsidiaries' Joe's Jeans, Inc., Innovo, Inc. and Innovo Azteca Apparel, Inc. have factoring agreements with CIT Group, Inc. ("CIT"). According to the terms of the agreements, the subsidiaries have the option to factor their receivables with CIT on a non-recourse basis. The agreements call for a 0.8% factoring fee on invoices factored with CIT and a per annum rate equal to the prime rate plus 0.25% on funds borrowed against the factored receivables.

As of June 1, 2002, the Company was in compliance with financial and other covenants included in the Company's borrowing agreements and promissory notes. These obligations arise from the Company's promissory note securing the Company's financial obligation for the Company's Springfield, TN property and promissory notes issued pursuant to the Knit Acquisition.

The Company's operating leases include the Company's Innovo, Inc. accessory showroom in New York City and the Company's offices and storage space located in Knoxville, TN. On May 1, 2002 the Company signed a 5 year lease agreement, with a rental rate of \$5,307, for the Company's showroom in New York. The

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

Company's office lease in Knoxville, which was entered into on October 3, 2000 has a 10-year term and a rate of 3,500 per month triple net with a six month cancellation provision. Additionally, the Company rents storage space in Knoxville for \$420 per month, on a month-to-month basis. The Company's Chairman is the principal of the entities in which the Company's offices and storage facilities are located in Knoxville.

Following is a summary of the Company's contractual obligations as of June 1, 2002:

Contractual Obligations	Total	Less than 1 Year	1-3 years	4-5 years	After 5
-----	-----	-----	-----	-----	-----
Long-Term Debt	\$3,728,449	\$348,366	\$2,454,098	\$844,228	\$ 81,7
Operating Leases	632,340	43,581	349,141	120,618	119,0
	-----	-----	-----	-----	-----
Total Contractual Cash Obligations	\$4,360,789	\$391,947	\$2,803,239	\$964,846	\$200,7
	-----	-----	-----	-----	-----

Pursuant to the real estate transaction completed on April 5, 2002, the Company issued 195,295 shares of cumulative, non-convertible, redeemable preferred stock with a transactional value of \$100 per share with an 8% coupon. The Preferred Shares 8% coupon is funded entirely and solely through partnership distributions from cash flows generated by the operation and sale of the Properties. In the event the cash flows from the Properties are insufficient to cover the 8% coupon, the Company will have no obligation to cover any shortcomings.

The Company is required to redeem the preferred shares from partnership distributions. The Company is to receive partnership distributions that are in excess of current and accrued 8% coupon dividends and the excess partnership distributions will be used by the Company to redeem the Preferred Shares.

The Company believes that its current cash on hand and cash received pursuant to factored receivables under the factoring arrangements with CIT should provide sufficient working capital to fund operations and required debt reductions during fiscal 2002. However, due to the seasonality of the Company's business and negative cash flow during the first three months of the year, the Company may be required to obtain additional capital through debt or equity financing. The Company believes that any additional capital, to the extent needed, could be obtained from the sale of equity securities or short-term working capital loans. There can be no assurance that this or other financing will be available if needed. The inability of the Company to be able to fulfill any interim working capital requirements would force the Company to constrict its operations.

Seasonality

The Company's business is seasonal. The majority of the marketing and sales

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

activities take place from late fall to early spring. The greatest volume of shipments and sales are generally made from late spring through the summer, which coincides with the Company's second and third fiscal quarters and the Company's cash flow is strongest in its third and fourth fiscal quarters. Due to the seasonality of the business, the third quarter results are not necessarily indicative of the results for the fourth quarter.

Management's Discussion of Critical Accounting Policies

Management believes that the accounting policies discussed below are important to an understanding of our financial statements because they require management to exercise judgment and estimate the effects of uncertain matters in the preparation and reporting of financial results. Accordingly, management cautions that these policies and the judgments and estimates they involve are subject to revision and adjustment in the future. While they involve less judgment, management believes that the other accounting policies discussed in Note 1 "Summary of Significant Accounting Policies" of the Consolidated Financial Statements (unaudited) included elsewhere in this Form 10-Q, and Note 2 "Summary of Significant Accounting Polices" of the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 1, 2001 are also important to an understanding of our financial statements.

The Company determines its allowance for doubtful accounts using a number of factors including historical collection experience, the financial prospects of specific customers and market sectors, and general economic conditions. Generally, the Company establishes an allowance for doubtful accounts based on our collection experience when measured by the amount of time an account receivable is past its payment due date. In certain circumstances where the Company believes an account is unable to meet its financial obligations, the Company records a specific allowance for doubtful accounts to reduce the account receivable to the amount the Company believes will be collected.

The Company evaluates its long-lived assets for impairment based on accounting pronouncements that require management to assess fair value of these assets by estimating the future cash flows that will be generated by the assets and then selecting an appropriate discount rate to determine the present value of these future cash flows. An evaluation for impairment must be conducted when circumstances indicate that an impairment may exist; but not less frequently than on an annual basis. The determination of impairment is subjective and based on facts and circumstances specific to the company and the relevant long-lived asset. Factors indicating an impairment condition exists may include permanent declines in cash flows, continued decreases in utilization of a long-lived asset or a change in business strategy. We adopted Financial Accounting Standards (SFAS) No. 142 "Goodwill and Other Intangible Assets," beginning with the first quarter of 2002. SFAS No. 142 requires that goodwill and intangible assets that have indefinite useful lives not be amortized but, instead, tested at least annually for impairment while intangible assets that have finite useful lives continue to be amortized over their respective useful lives. SFAS No. 142 requires that goodwill be tested for impairment using a two-step process. The first step is to determine the fair value of the reporting unit, which may be calculated using a discounted cash flow methodology, and compare this value to its carrying value. If the fair value exceeds the carrying value, no further work is required and no impairment loss would be recognized. The second step is an allocation of the fair value of the reporting unit to all of the reporting unit's assets and liabilities under a hypothetical purchase price allocation.

While the Company believes that its long-lived assets are currently being carried on the Company's books at their fair value. However, as a result of the recent decrease in rental revenue from the Company's Springfield

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

facility, the Company will be monitoring the fair value of the facility in accordance with SFAS No. 144.

The Company has entered into agreements and transaction with related parties and the Company has adopted a policy requiring that any material transactions between the Company and persons or entities affiliated with officers, Directors or principal stockholders of the Company be on terms no less favorable to the Company than reasonably could have been obtained in arms' length transactions with independent third parties.

Anderson Stock Purchase Agreement. Pursuant to the 1997 Stock Purchase Right Award awarded to her in February 1997, Ms. Anderson purchased 250,000 shares of Common Stock (the "1997 Award Shares") with payment made by the execution of a non-recourse, non-interest bearing note (the "Note") to the Company for the exercise price of \$2.8125 per share (\$703,125 in the aggregate). The Note which was due on April 30, 2002, was collateralized by the 1997 Award Shares. Additional terms of the Note allowed Ms. Anderson to pay or prepay (without penalty) all or any part of the Note by (i) the payment of cash, or (ii) the delivery to the Company of other shares of Common Stock (other than the 1997 Award Shares) that Ms. Anderson has owned for a period of at least six months, which shares would be credited against the Note on the basis of the closing bid price for the Common Stock on the date of delivery. Ms. Anderson did not repay the Note on April 30, 2002. The Company is currently reviewing the possibility of extending the term of the Note with the remaining provisions of the Note to remain the same.

We continually evaluate the composition of our inventories, assessing slow-turning, ongoing product as well as product from prior seasons. Market value of distressed inventory is valued based on historical sales trends of our individual product lines, the impact of market trends and economic conditions, and the value of current orders relating to the future sales of this type of inventory.

PART II: OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Reference is hereby made to Part I, Item 3 of the Company's Annual Report filed on Form 10-K for the year ended December 2, 2001, which is incorporated herein by reference.

ITEM 2. CHANGES IN SECURITIES

On April 5, 2002, the Company through a newly formed real estate subsidiary Innovo Realty, Inc. ("IRI"), closed on a transaction pursuant to which IRI purchased limited partner interests in 22 limited partnerships. Subsequently, the limited partnerships purchased 28 apartment buildings consisting of approximately 4,000 apartment units ("Properties") located nationwide. The Company believes that the investment will increase the Company's cash flow and do so with a minimal amount of risk.

The Company issued 195,295 of cumulative, non-convertible preferred shares with an 8% coupon ("Preferred Shares"), valued at \$100 per share for transactional purposes, to IRI which in turn contributed the Preferred Shares to the limited partnerships. Subsequently, the limited partnerships transferred the Preferred Shares to the sellers as part of

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

the purchase price for the Properties. The value of the Preferred Shares represented approximately 20% of the \$98,079,000 purchase price paid to the sellers for the Properties by the limited partnerships. The remaining purchase price was funded through third party investors and third party financing which included the principals of Commerce Investment Group and Joseph Mizrahi, both affiliated parties of the Company. None of the Company's Board Members or executives participated in the transaction.

The Preferred Shares 8% coupon is funded entirely and solely through partnership distributions from cash flows generated by the operation and sale of the Properties. In the event the cash flows from the Properties are insufficient to cover the 8% coupon, the Company will have no obligation to cover any shortcomings.

The Company is required to redeem the preferred shares from partnership distributions. The Company is to receive partnership distributions that are in excess of current and accrued 8% coupon dividends and the excess partnership distributions will be used by the Company to redeem the Preferred Shares.

Holders shall have no recourse or remedies of any kind or nature against the Company for the payment of Dividends except to the extent that funds for such purpose have been paid to the Company pursuant to the last sentence of Subsection 5(e), to the extent that IRI fails to deposit funds into the Sinking Fund as required by Section 9, or to the extent that the Holders are damaged by a breach by the Company of the covenants set forth in Section 10. If sufficient funds are not available in the Sinking Fund for the payment of full quarterly Dividends, then partial Dividend payments shall be made to the extent funds are available in the Sinking Fund. No exercise by the Company of Optional Redemption rights shall be effective until the Company has placed legally available funds into the Sinking Fund which are sufficient to pay the redemption Price for all Series A Shares that are subject to the Optional Redemption. Upon the placing of such funds in the Sinking Fund, all such funds shall be reserved in a sub-account of the Sinking Fund dedicated to the payment of the Redemption Price for all Series A Shares that are subject to the Optional Redemption.

If after all of the Properties are sold and the proceeds of the sale of the Properties and cash flow derived from such Properties has been placed in the Sinking Fund and the total amount of funds remaining in the Sinking Fund is insufficient to pay the full Redemption Price for all then outstanding Series A Shares, then the Company (or IRI) shall pay \$1.00 into the Sinking Fund and the Redemption Price shall be adjusted so that it equals (x) the total amount of funds available for distribution, minus (y) all direct costs of maintaining the Sinking Fund and making distributions therefrom, divided by (z) the number of then outstanding Series A Shares. All rights of the Holders to the shares being redeemed shall cease and terminate as of the Date of Redemption, except the right of the Holders thereof to receive the Redemption Price.
- (e) Payment of Redemption Price. The respective Holders of record of Series A Shares to be redeemed shall be entitled to receive the Redemption Price upon actual physical delivery to the Company or its designated agent, as the case may be, of certificates for the shares being redeemed. The notice shall be delivered to the Holders address as last reflected on the Company's stock books. Funds held in the Sinking Fund for the redemption of Series A Shares which have not been claimed within two years from the Date of the Final Redemption together with any interest thereon, shall be paid to the Company, and the Holder of any shares who has failed to claim the Redemption Price may thereafter look only to the Company for payment thereof.
- (f) Obligations of Company Respecting Redemption. The Holders shall have no recourse against the Company and the Company shall have no obligation or liability for the payment of any Redemption Price in the case of an Optional, Mandatory or Final Redemption except to the extent that funds for such purpose have been paid to the Company pursuant to

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

the last sentence of Subsection 5(e), to the extent that IRI fails to deposit funds into the Sinking Fund as required by Section 9, or to the extent that the Holders are damaged by a breach by the Company of the covenants set forth in Section 10. Otherwise, the sole recourse and remedy of the Holders of Class A Shares shall be against the Sinking Fund, but such recourse shall be limited to funds therein which have been allocated (or are required hereunder to be allocated) for the specific Optional or Mandatory Redemption in question. Notwithstanding anything contained in this Section 5 or in Sections 9, 10 or 11 to the contrary, no Redemption Price shall be paid for Series A Shares and no funds shall be deposited into the Sinking Fund for such purpose, except to the extent that funds are legally available for the redemption of Series A Shares.

In addition, the sale, transfer or exchange of all or substantially all of the assets of the Company in exchange for securities of another entity followed by the liquidation of the Company and the distribution of such securities to the shareholders of the Company shall not be deemed to be a liquidation, dissolution or winding up of the Company, within the meaning of Section 6, if as a result of such sale, transfer or exchange and liquidation the Holders of Series A Shares shall receive shares of the transferee entity having substantially the same rights as Series A Shares. Written notice shall be given to each Holder of Series A Shares of any merger or consolidation of the Company into or with any other entity, any merger or consolidation of any other entity into or with the Company, or any sale, or transfer of all or any material part of the assets of the Company.

8. Conversion Rights. There are no conversion rights with respect to the Series A Shares.

Knoxville, Tennessee 37919

Dear Sir:

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

1. Receipt of Stock. In connection with the sale of certain real properties, _____, a Nevada corporation (the "Undersigned") has agreed to accept as partial payment a total of shares of \$100 Redeemable 8% Cumulative Preferred Stock, Series A, having a par value of \$0.10 (the "Securities") of Innovo Group, Inc., a Delaware corporation (the "Company"). The Securities were contributed by the Company to Innovo Realty, Inc. ("IRI") and IRI in turn, in exchange for interests in the limited partnerships listed on the attached Schedule A ("Partnerships"), transferred, sold and assigned the Securities to the Undersigned for the benefit of the Partnerships in connection with their respective acquisitions from the Undersigned of the real properties listed on Schedule A beside their names.

2. Designation, Definitions. The rights and preferences of the Securities are established by a Certificate of Designation, Preferences and Other Rights filed with the Secretary of State of the State of Delaware (the "Designation"), a true and correct copy of which is attached hereto as Schedule "B." The capitalized terms used herein or in the Schedules attached hereto and not defined herein shall have the meanings set forth in the Designation.

3. No Registration. The Undersigned acknowledges that the Securities have not been and will not be registered under the Federal Securities Act of 1933, as amended (the "1933 Act"), on the ground that this transaction is exempt from such registration under Section 4(2) thereof as part of an issue not involving a public offering and applicable state securities laws. The Undersigned acknowledges that reliance by the Company on such exemptions is predicated in part on the Undersigned's representations contained in this letter.

4. Representations and Warranties. The Undersigned represents and warrants to, and covenants and agrees with, the Company as follows:

to the Company and its counsel that the Assignment of the Securities is exempt from registration requirements of all applicable securities laws and does not violate other applicable law, (iv) the Company receives executed originals of the Assignment and the Acknowledgment and (v) the Company acknowledges in writing (i) its acceptance of the Assignment and Acknowledgment and (ii) its entry of the Assignee on the Company's stock records as the owner of record of

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

The Undersigned understands and agrees that the Company may refuse to permit the Undersigned to sell, transfer, or otherwise dispose of the Securities, unless such transfer or other disposition is made either under an effective registration statement or an applicable exemption from registration as to which the Undersigned has furnished an opinion of counsel, satisfactory to counsel for the Company, to the effect that such exemption is valid, applicable and continuing.

(c) Due Diligence. The Undersigned hereby acknowledges receipt of a copy of the following information and materials ("Due Diligence Materials") including (i) Risk Factors of the Company dated March 26, 2002 a true and correct copy of which is attached hereto as Schedule "C"; (ii) the Company's 10-k Annual Report for the fiscal year ended December 1, 2002; (iii) the partnership agreements between IRI and the Partnerships, and (iv) the Sub-Asset Management Agreement between IRI and Metra Management, L.P. No exercise by the Company of Optional Redemption rights shall be effective until the Company has placed legally available funds into the Sinking Fund which are sufficient to pay the redemption Price for all Series A Shares that are subject to the Optional Redemption. Upon the placing of such funds in the Sinking Fund, all such funds shall be reserved in a sub-account of the Sinking Fund dedicated to the payment of the Redemption Price for all Series A Shares that are subject to the Optional Redemption.

If there are ever sufficient funds in the Sinking Fund (whether deposited by the Company pursuant to an Optional Redemption or deposited by IRI to pay all accrued Dividends and to redeem all then outstanding Series A Shares, then as promptly as reasonably practical, the Company shall redeem all Series A Shares by paying each Holder the Redemption Price for all outstanding Series A Shares then held by such Holder. If after all of the Properties are sold and the proceeds of the sale of the Properties and cash flow derived from such Properties has been placed in the Sinking Fund and the total amount of funds remaining in the Sinking Fund is insufficient to pay the full Redemption Price for all then outstanding Series A Shares, then the Company (or IRI) shall pay \$1.00 into the Sinking Fund and the Redemption Price shall be adjusted so that it equals (x) the total amount of funds available for distribution, minus (y) all direct costs of maintaining the Sinking Fund and making distributions therefrom, divided by (z) the number of then outstanding Series A Shares. In such event the Company shall, as promptly as reasonably practical, redeem all Series A Shares which remain outstanding by paying from the Sinking Fund to each Holder the adjusted Redemption Price for all outstanding Series A Shares then held by such Holder. If the Final Redemption is to be made at the full Redemption Price without adjustment, then funds sufficient to pay the Redemption Price and all direct costs of maintaining the Sinking Fund and making distributions therefrom shall be reserved in a sub-account of the Sinking Fund dedicated to the payment of the Redemption Price for all then outstanding Series A Shares. Any funds remaining in the Sinking Fund after such allocation shall be paid to the Company.

(d) Termination of Rights to Redeemed Shares. If less than all the outstanding shares of Series A Shares are to be redeemed, the particular shares to be redeemed shall be chosen by allocation among the respective Holders of the Series A Shares, pro rata, as determined by resolution of the Company's Board of Directors. All Holders shall be obligated to accept any redemption of Series A Shares made in accordance with the Provisions hereof. All rights of the Holders to the shares being redeemed shall cease and terminate as of the Date of Redemption, except the right of the Holders thereof to receive the Redemption Price.

(e) Payment of Redemption Price. The respective Holders of record of Series A Shares to be redeemed shall be entitled to receive the Redemption Price upon actual physical delivery to the Company or its designated agent, as the case may be, of certificates for the shares being redeemed. Such certificates, if required by the Company, shall be duly endorsed in blank or accompanied by proper instruments of assignment and transfer thereof duly executed in blank.

Within twenty days after delivery by a Holder of redeemed shares to the Company or its designee, payment of the Redemption Price shall be sent to the Holder by first-class mail, postage prepaid, to the address of such Holder as the same shall appear on the stock register of the Company. The notice shall be delivered to the Holders address as last reflected on the Company's stock books. Funds held in the Sinking Fund for the redemption of Series A Shares which have not been claimed within two years from the Date of the Final Redemption together with any interest thereon, shall be paid to the Company, and the Holder of any shares who has failed to claim the Redemption Price may thereafter look only to the Company for payment thereof.

(f) Obligations of Company Respecting Redemption. The Holders shall have no recourse against the Company and the Company shall have no obligation or liability for the payment of any Redemption Price in the case of an Optional, Mandatory or Final Redemption except to the extent that funds for such purpose have been paid to the Company pursuant to the last sentence of Subsection 5(e), to the extent that IRI fails to deposit funds into the Sinking Fund as required by Section 9, or to the extent that the Holders are damaged by a breach by the Company of the covenants set forth in Section 10. Otherwise, the sole recourse and remedy of the Holders of Class A Shares shall be against the Sinking Fund, but such recourse shall be limited to funds therein which have been allocated (or are required hereunder to be allocated) for the specific Optional or Mandatory Redemption in question. Notwithstanding anything contained in this Section 5 or in Sections 9, 10 or 11 to the contrary, no Redemption Price shall be paid for Series A Shares and no funds shall be deposited into the Sinking Fund for such purpose, except to the extent that funds are legally available for the redemption of Series A Shares.

6. Rights on Liquidation, Dissolution, Winding Up. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

Company, the holders of Series A Shares having claims against the Company pursuant to Subsection 5(f) shall be entitled to receive payment on its claim out of the assets of the Company available for distribution to its stockholders, whether from capital, surplus or earnings, before any payment shall be made to the holders of any stock ranking on liquidation junior to Series A Shares. Holders of Series A Shares shall be entitled to no other payments of any kind or nature from the Company in connection with, or with respect to, such shares. No funds received by IRI or the Company from the Partnerships with respect to the Properties shall be paid or distributed to any shareholders other than the Holders of Series A Shares unless and until the full Redemption Price had been paid in Final Redemption of all Series A Shares. If upon voluntary or involuntary liquidation, dissolution or winding up of the Company, the assets of the Company available for distribution to its stockholders shall be insufficient to pay the claims of Holders of Series A

Shares and of any stock ranking on liquidation on a parity with Series A Shares the full amounts to which they respectively shall be entitled, the holders of Series A Shares and of such parity stock shall share ratably in any distribution of assets according to the respective amounts which would be payable to them if all amounts payable to them were paid in full. Written notice of any voluntary or involuntary dissolution, liquidation or winding up of the affairs of the Company within the meaning of this Section 6 shall be given by the Company to each Holder of Series A Shares.

7. Rights on Merger or Consolidation. The merger or consolidation of the Company into or with any other entity, the merger or consolidation of any other entity into or with the Company, or the sale, transfer, mortgage, pledge or lease of all or any part of the assets of the Company shall not be deemed to be a liquidation, dissolution or winding up of the Company within the meaning of Section 6. In addition, the sale, transfer or exchange of all or substantially all of the assets of the Company in exchange for securities of another entity followed by the liquidation of the Company and the distribution of such securities to the shareholders of the Company shall not be deemed to be a liquidation, dissolution or winding up of the Company, within the meaning of Section 6, if as a result of such sale, transfer or exchange and liquidation the Holders of Series A Shares shall receive shares of the transferee entity having substantially the same rights as Series A Shares. No merger or consolidation of the Company into or with any other entity and no merger or consolidation of any other entity into or with the Company, shall be permitted unless: (x) if the Company is not be the surviving entity in such transaction, the Holders of Series A Shares receive shares of the surviving entity having substantially the same rights as Series A Shares and the surviving entity acquires all of the stock of IRI and acknowledges its obligations to the Holders, or (y) if the Company is the surviving entity in such a transaction, the transaction does not effect any amendment or repeal of any of the terms and provisions of the outstanding Series A Shares in any manner, or (z) such transaction shall, in addition to any other vote required, be authorized by the vote of the Holders of Series A Shares required by Section 11. Written notice shall be given to each Holder of Series A Shares of any merger or consolidation of the Company into or with any other entity, any merger or consolidation of any other entity into or with the Company, or any sale, or transfer of all or any material part of the assets of the Company.

8. Conversion Rights. There are no conversion rights with respect to the Series A Shares.

9. Sinking Fund.

(a) A fund (the "Sinking Fund") shall be established and maintained by the

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

Company or IRI as a trust account for the benefit of the Holders of Series A Shares. The Sinking Fund shall be maintained with a federally insured bank or trust company selected by the Company's board of directors. Funds deposited into the Sinking Fund shall not be property of the Company but shall be held in trust for the exclusive benefit of the Holders of Series A Shares. All Dividends shall be paid from the Sinking Fund and all payments in redemption of Series A Shares shall be made from the Sinking Fund.

(b) Until all Series A Shares have been redeemed, IRI shall be required to deposit into the Sinking Fund all funds it receives from the Partnerships with respect to the Properties. In addition IRI shall be required to be reasonably diligent in the enforcement of its right to receive funds with respect to the Properties. The Company shall not be required to deposit any funds into the Sinking Fund except to the extent that IRI fails to deposit funds into the Sinking Fund as required by the preceding sentence. IRI shall take such actions as shall be necessary or appropriate to perform its obligations to deposit funds into the Sinking Fund and to enforce its right to receive funds from the Partnerships with respect to the Properties.

(c) If IRI fails to perform any obligation to deposit funds into the Sinking Fund or to enforce its right to receive funds with respect to the Properties, then any Holder may bring a legal action on behalf of all Holders against IRI and the Company to require (i) the deposit into the Sinking Fund of all amounts which should have been so deposited but were not or (ii) reasonable diligence in the enforcement of IRI's right to receive funds with respect to the Properties.

(d) The Obligation of IRI to deposit funds into the Sinking Fund shall terminate as of the Date of Redemption of the Final Redemption.

10. Company Obligations Respecting IRI and Series A Shares.

(a) So long as Series A Shares remain outstanding, the Company, as sole shareholder of IRI, shall take all actions which are necessary to cause IRI to (i) deposit into the Sinking Fund in accordance with Section 10 above, the funds IRI receives with respect to the Properties, (ii) enforce IRI's rights to receive funds from the Partnerships with respect to the Properties, (iii) guarantee the payment and performance to Holders of the Company's obligations to pay Dividends with respect to, and redeem, Series A Shares, (iv) not engage in any business or transactions of any kind except as necessary to enforce IRI's rights to receive funds from the Partnerships with respect to the Properties and to deposit such funds into the Sinking Fund in accordance with Section 10 above, (v) not incur any liabilities except as provided hereunder, (vi) not have any employees, (vii) not agree to any modification or amendment to the any agreement governing any of the Partnerships that would reduce or impair its right to receive funds from the Partnerships with respect to the Properties, (viii) not issue any securities of any kind or nature other than the 1000 shares of common stock of IRI currently issued and owned by the Company.

(b) So long as Series A Shares remain outstanding, the Company covenants and agrees that (i) it will issue no Series A Shares except as stipulated in this Designation, (ii) it will issue no securities other than Series A Shares which have any rights to funds received by IRI or the Company with respect to the Partnerships, (iii) it will not transfer, pledge or otherwise dispose of any of its shares of IRI common stock, and (iv) it will take such reasonably available actions as are necessary or appropriate to enable it to have sufficient, legally available funds for the payment of Dividends and the redemption of Series A Shares as required by this Designation.

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

(c) So long as Series A Shares remain outstanding, the Company represents and warrants that (i) it is the sole shareholder of IRI (ii) it owns 1000 shares of common stock of IRI, (iii) IRI is a newly formed corporation with no liabilities, and (iv) that IRI will have no assets at any time that Series A Shares remain outstanding other than the interests in the Partnerships.

(d) Neither the Company nor IRI shall have any obligation to use or apply, or any liability for the use or application of, any funds or distributions received pursuant to a Sub-Asset Management Agreement between IRI and Metra Management L.P. ("Sub-Management Fees"), for the payment of Dividends on, or the payment of the Purchase Price for the redemption of, Series A Shares; rather all Sub-Management Fees received by IRI may be distributed by IRI to the Company and used by the Company for any purposes.

11. Voting Rights. An affirmative vote of the Holders of record of a majority of the Series A Shares shall be required for approval of the following matters:

(i) Any amendment to this Designation which changes any rights, privileges, preferences, protections, voting rights of Holders of record of Series A Shares or which changes any obligations of the Company or IRI set forth herein, including without limitation the obligations of the Company set forth in Section 10 and the obligations of the Company and IRI to pay Dividends, to redeem Series A Shares, and to deposit funds into the Sinking Fund;

(ii) Any use of proceeds of the Properties which is not in accordance with this Designation;

(iii) Any action which limits the ability of the Company or IRI to perform their obligations under this Designation;

(iv) Any sale or disposition (i) by the Company of an interest in IRI, or (ii) by IRI of any interest in any of the Partnerships, before sufficient funds have been deposited to the Sinking Fund to pay all accrued Dividends and redeem all Series A Shares.

12. Preferences and Security. Series A Shares shall have a first priority liquidation preference to the extent of accrued Dividends and the Redemption Price of all outstanding Series A Shares to (i) all funds received by IRI or the Company from the Partnerships with respect to the Properties, (ii) all shares of IRI. The Company shall take such actions to effectuate the foregoing preference for Series A Shares by such board resolutions, agreements, and other actions as are reasonable, necessary and appropriate. Series a Shares shall have no other preference.

13. Certain Provisions Concerning Redemption, Conversion and Retirement. Upon the redemption of any Series A Shares, such shares shall be deemed retired. Series A Shares shall be restored to the status of authorized but unissued Preferred Stock of the Company. Any and all Series A Shares which are not transferred to the Holders on or before April 15, 2002, shall be retired as of that date.

14. Amendment. The Board of Directors reserves the right to amend this resolution subject to the provisions of Section 11.

IN WITNESS WHEREOF, the undersigned officer of the Company has executed this certificate on behalf of the Company this 4th day of April, 2002.

SCHEDULE C RISK FACTORS

RISK FACTORS ASSOCIATED WITH THE COMPANY

This offering involves a high degree of risk, including those risks described below. You should carefully consider these risk factors, together with all of the other information in this prospectus, before deciding to invest in shares of our common stock.

Risks Associated with Our Past Financial Results

We have a history of Losses

We have incurred losses in each of the five fiscal years in the period ended December 1, 2001 and have incurred a loss in the current fiscal year to date of \$618,000 for the twelve months ended December 1, 2001. As of December 1, 2001, we have an accumulated deficit of approximately \$33,000,000. There can be no assurances that we will generate net income or positive cash flow in the future.

We Could Be Required to Cut Back or Stop Operations If We Are Unable to Raise or Obtain Needed Funding

Our ability to continue operations will depend on our positive cash flow, if any, from future operations and on our ability to raise additional funds through equity or debt financing. We do not know if we will be able to raise additional funding or if such funding will be available on favorable terms. We could be required to cut back or stop operations if we are unable to raise or obtain needed funding.

Our cash requirements to run our business have been and will continue to be significant. Our negative operating cash flow and losses from continuing operations for fiscal 2001 were as follows:

Fiscal year ended:	Negative Cash Flow from Operating Activities of Continuing Operations	Losses from Continuing Operations
December 1, 2001	\$632,000	\$618,000

Although we have undertaken numerous measures to increase sales and operate more efficiently, the company may experience further losses and negative cash flows. We can give you no assurance that the company will in fact operate profitably in the future.

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

RISK FACTORS SPECIFIC TO THE SECURITIES (\$100 REDEEMABLE 8% CUMULATIVE PREFERRED STOCK, SERIES A)

The payment of Dividends and the payment of the Redemption Price established by the Declaration depends upon two critical factors:

First, the payment of Dividends and the redemption Price depends upon the sufficiency of distributions to the Company's wholly owned subsidiary, Innovo Realty, Inc. ("IRI") from the Partnerships. The funding of Dividend payments and redemption payments will be exclusively limited to the funds distributed from the Partnerships to IRI with respect to the properties. Such funds will not include funds distributed to IRI from Metra Management, L.P. under the Sub-Asset Management Agreement between IRI and Metra Management, L.P.

Second, the payment of Dividends and the redemption of Series A Shares could be adversely impacted by the Company's financial condition and capitalization even if distributions to IRI from the Partnerships are sufficient to fully fund Dividend and redemption payments. Dividend and redemption payments can be made with respect to Series A Shares only to the extent the Company has funds which are legally available for the payment of dividends or the redemption of shares under applicable law. Should the company become insolvent, the Company may be required to use funds that are dedicated pursuant to the terms of the Declaration exclusively to the payment of Dividends and to the redemption of Series A Shares for other purposes, including making payments to creditors.

RISKS ASSOCIATED WITH THE COMPANY'S BUSINESS

We Must Expand Sales of Our Existing Products and Successfully Introduce New Products to Increase Revenues and Attain Profitability

Our success will depend on our ability to expand sales of our current products to new and existing customers, as well as the development or acquisition of new product designs and the acquisition of new licenses. We have little control over the demand for our existing products, and we cannot assure you that the new products we introduce will achieve acceptance. Failure to expand our sales of existing products and new products would significantly and negatively affect our ability to achieve profitability.

The Loss of One Major Customer Would Substantially Reduce Revenues and the Potential for Profitable Operations

For fiscal 2001, three customers accounted for aggregate sales in excess of 36.1% of gross sales: Wal-Mart, Michael's and Joannes accounted for 26.4%, 4.3% and 5.4%, respectively. Wal-Mart has continued to be a major customer for the Company and the loss of Wal-Mart as a customer would have a material adverse effect on the Company.

We Are Dependent on Certain Contractual Relationships to Generate Our Revenues

Innov's sports-licensed accessory products display logos, insignias, names, or slogans licensed from the various licensors. Innovo holds licenses for the use of the logos and names of the teams of the National Football League, Major League Baseball and over 130 colleges for various products. Although we believe we will continue to meet all of our material obligations under such license agreements, there can be no assurance that

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

such licensing rights will continue or will be available for renewal on favorable terms. Failure to obtain new licenses or extensions on current licenses or to sell such products, for any reason, could have a significant negative impact on our business.

The Seasonal Nature of Our Business Makes Management More Difficult, Severely Reduces Cash Flow and Liquidity During Parts of the Year and Could Force Us to Curtail Operations

Our business is seasonal. The majority of our marketing and sales activities take place from late fall to early spring. Our greatest volume of shipments and sales occur from late spring through the summer, which coincides with our second and third fiscal quarters. Our cash flow is strongest in the third and fourth fiscal quarters. Unfavorable economic conditions affecting retailers during the fall and holiday seasons in any year could have a material adverse effect on our results of operations for the year. We are likely to experience periods of negative cash flow throughout each year and a drop-off in business commencing each December, which could force us to curtail operations if adequate liquidity is not available. We cannot assure you that the seasonal aspects of our business will diminish in the future.

We Have a Large Number of Competitors With Substantially Greater Financial, Technical and Other Resources than We Do

The industry in which the company operates is fragmented and highly competitive. The company competes against a large number of manufacturers, importers, and other companies that distribute products similar to the products of the company's wholly owned subsidiary, Innovo, Inc. ("Innovo"). Although the manufacture and sale of products bearing sports logos requires a license, our licenses are non-exclusive and we do not have any control over the granting of additional licenses by the licensing entities. Some of our competitors possess substantially greater financial, technical and other resources than we do, including the ability to implement more extensive marketing campaigns. We do not hold a dominant competitive position in any market, and our ability to sell our products is dependent upon the anticipated popularity of our designs, the logos or characters our products bear, the price and quality of our products and our ability to meet our customers' delivery schedules.

RISKS ASSOCIATED WITH THE COMPANY'S COMMON STOCK

We Do Not Anticipate Paying Any Dividends on the Common Stock

The company has not paid any dividends nor do we anticipate paying any dividends on the common stock in the foreseeable future. Our operating subsidiaries are currently restricted as to the payment of dividends to us. It is also our present policy to retain earnings, if any, for the use in the development and expansion of the company's business.

We Have a Substantial Number of Authorized Preferred and Common Shares Available for Future Issuance that Could Cause Dilution of Stockholder Interests

The company has a total of 40,000,000 authorized shares of common stock and 5,000,000 authorized shares of "blank check" preferred stock. We may expect to seek financing which could result in the issuance of additional shares of our capital stock and/or rights to acquire additional shares of our capital stock. The book value per share of common stock may be reduced. This reduction would occur if the exercise price of the options

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

or warrants or the conversion ratio of the preferred stock were lower than the book value per share of common stock at the time of such exercise or conversion.

The addition of a substantial number of shares of common stock, including the shares offered by this prospectus, into the market or by the registration of any other of our securities under the Securities Act may significantly and negatively affect the prevailing market price for the common stock. In addition, future sales of shares of common stock issuable upon the exercise of outstanding warrants and options may have a depressive effect on the market price of the common stock, as such warrants and options would be more likely to be exercised at a time when the price of the common stock is in excess of the applicable exercise price.

Our board of directors has the power to establish the dividend rates, preferential payments on our liquidation, voting rights, redemption and conversion terms and privileges for any series of preferred stock. The sale or issuance of shares of preferred stock such as Series A Shares may result in a decrease in the value or market price of the common stock.

We Are Currently Controlled by Our Management and Other Related Parties

Our executive officers and directors as of March 1, 2001 beneficially owned or had voting control over approximately 7,039,123 shares, or approximately 32.1% of outstanding shares of common stock, and have the right to acquire approximately 6,000,000 additional shares pursuant to outstanding options and warrants. Because of their stock ownership and/or positions with the company, these persons have been in a position to greatly influence the election of directors and thus control the affairs of the company. Additionally, the company's by-laws limit the ability of stockholders to call a meeting of the stockholders. These by-law provisions could have the effect of discouraging a takeover of the company, and therefore may adversely affect the market price and liquidity of the company's securities. The company is also subject to a Delaware statute regulating business combinations that may hinder or delay a change in control of the company. The anti-takeover provisions of the Delaware statute may adversely affect the market price and liquidity of the company's securities.

A Change in Control of the Company May Occur and We Are Dependent on New Supply Arrangements with the Guez Group to Generate a Substantial Portion of Our Revenues

During August 2000, the Company entered into investment and supply and distribution agreements with Commerce Investment Group, LLC ("Commerce") and affiliated entities controlled by Mr. Hubert Guez (collectively the "Guez Group"). Under the terms of the agreements, the Guez Group purchased \$1,500,000 worth of shares of the company's common stock for \$1.10 per share. Contemporaneously, the company entered into a Supply Agreement and a Distribution Agreement pursuant to which the Guez Group provides certain distribution and manufacturing services to the company. After stockholder approval on October 2000, the Guez Group purchased an additional 1.5 million shares of company common stock as well as three-year term warrants to purchase 3.3 million shares of stock at \$2.10 for an additional \$1.5 million in cash and are entitled to appoint three members of the company's Board of Directors. The company also used those investment proceeds to purchase goods and services from the Commerce affiliates under the terms of the Supply and Distribution Agreements.

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

Members of the Guez Group currently hold 6,746,637 shares and warrants or 31.3% of the Company if all the warrants were exercised. Although the Supply and Distribution Agreements were entered into on arms-length terms, management expects that the company will be dependent on the Guez Group for its domestic manufacturing and distribution for an extended period and future modifications of those agreements could be determined by the Guez Group, which has a conflict of interest as to their terms.

Our Stock Price Is Extremely Volatile and May Decrease Rapidly

The trading price and volume of our common stock has historically been subject to wide fluctuation in response to variations in actual or anticipated operating results, announcements of new products or technological innovations by us or our competitors, and general conditions in our industries. In addition, stock markets generally have experienced extreme price and volume trading volatility in recent years. This volatility has had a substantial effect on the market prices of securities of many companies for reasons frequently unrelated to the operating performance of the specific companies. These broad market fluctuations may significantly and negatively affect the market price of our common stock.

If We Cannot Meet the Nasdaq SmallCap Market Maintenance Requirements and Nasdaq Rules, Nasdaq May Delist the Common Stock Which Could Negatively Affect the Price of the Common Stock and Your Ability to Sell the Common Stock

In the future, we may not be able to meet the listing maintenance requirements of the Nasdaq SmallCap Market and Nasdaq rules, which require, among other things, minimum net tangible assets of \$2 million, a minimum bid price for our common stock of \$1.00, and stockholder approval prior to the issuance of securities in connection with a transaction involving the sale or issuance of common stock equal to 20 percent or more of a company's outstanding common stock before the issuance for less than the greater of book or market value of the stock. If we are unable to satisfy the Nasdaq criteria for maintaining listing, the common stock would be subject to delisting. Trading, if any, of the common stock would thereafter be conducted in the over-the-counter market, in the so-called "pink sheets" or on the National Association of Securities Dealers, Inc. "electronic bulletin board." As a consequence of any such delisting, a stockholder would likely find it more difficult to dispose of, or to obtain accurate quotations as to the prices, of the common stock.

On March 15, 2000, Nasdaq notified the company that it was not in compliance with the minimum net tangible assets requirements of \$2 million. While the Company continued to fall short of the required net tangible level as of the end of May 2000, the Company was granted a temporary exception from this standard subject to Innovo meeting certain conditions. The conditions required the Company to obtain a minimum net tangible asset level of \$4 million prior to August 11, 2000, which was accomplished, and a minimum net tangible asset level of \$5 million on or before October 31, 2000. The company met the requirements through stock and warrant sales to the Guez Group and others, but there can be no assurance that the company will continue to meet Nasdaq listing requirements in the future if we experience substantial losses or if the common stock trades at under \$1.00, which it has done recently. In the future if we experience substantial losses or the stock continues to trade below \$1.00 our common stock could be delisted.

10. Capital Contributions. The Partners have made or will make contributions to the capital of the Partnership in the amounts and proportions set forth in Schedule A hereto.

11. Additional Contributions. (a) Each Partner shall make such additional capital contributions to the Partnership as the General Partner may deem necessary or advisable in connection with the business of the Partnership. If the General Partner makes a capital call and any Partner fails to make its proportionate capital contribution then, any amounts contributed by any other Partner shall be treated as a participating loan (a "Participating Loan") to the Partnership. Participating Loans shall bear interest at a rate of the greater of (i) 15% and (ii) 900 basis points in excess of 10 year US treasuries, and principal and interest thereon shall be paid prior to any distributions to the Partners.

(b) The provisions of Section 10 and this Section 11 are intended solely to benefit the Partners of the Partnership and, to the fullest extent permitted by law, shall not be construed as conferring any benefit upon any creditor of the Partnership other than the Partners (and no such creditor of the Partnership other than the Partners shall be a third party beneficiary of this Agreement), and no Partner of the Partnership shall have a duty or obligation to any creditor of the Partnership (other than to the Partners of the Partnership) to make any contribution to the Partnership and no partner of the Partnership shall have any duty or obligation to any creditor of the Partnership (other than to the Partners of the Partnership) to issue any call for capital pursuant to this Section 11.

(c) In the event the Partnership is liquidated within the meaning of Section 1.704-1(b)(2)(ii)(g) of the Treasury Regulations, if either Metra Partner's Capital Account has a deficit balance (after giving effect to all contributions, distributions, and allocations for all fiscal years, including the fiscal year during which such liquidation occurs), such Partner shall contribute to the Capital of the Partnership the amount (in no event to exceed with respect to

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

either Metra Partner that Partner's pro rate share, based on Percentage Interests, of twenty million dollars) necessary to restore such deficit balance to zero in compliance with Treasury Regulations Section 1.704-1(b)(2)(ii)(b)(3).

12. Capital Accounts. The Partnership shall maintain capital accounts ("Capital Accounts") for the Partners in compliance with Section 704 of the Internal Revenue Code of 1986, as amended (the "Code"), and the Treasury Regulations promulgated thereunder.

(a) Positive Adjustments. Each Partner shall have a Capital Account, which Capital Account shall be increased by:

(1) the amount of such Partner's cash capital contributions to the Partnership and the fair market value of capital contributions of property contributed by such Partner to the Partnership (net of liabilities securing such contributed property that the Partnership is considered to assume or take subject to under Section 752 of the Code);

(2) the amount of profits and items of income or gain allocated to it pursuant to this Agreement, including, without limitation, Section 13; and

(3) any additional contributions made by such Partner to the Partnership pursuant to this Agreement.

(b) Negative Adjustments. Each Partners' Capital Account shall be decreased by:

(1) the amount of losses and items of loss or deduction allocated to such Partner pursuant to this Agreement, including without limitation Section 13, and the fair market value of property, if any, distributed to such Partner by the Partnership (net of liabilities securing such distributed property that such Partner is considered to assume or take subject to under Section 752 of the Code);

(2) all amounts distributed to such Partner pursuant to this Agreement, including, without limitation, Section 14; and

(3) such Partner's distributive share of expenditures of the Partnership described in Section 705(a)(2)(B) of the Code (relating to expenditures which are neither deductible nor properly chargeable to capital).

(c) Additional Adjustments. Further, each Partner's Capital Account will be increased (credited) or decreased (debited) by any such amounts or items as required by Treasury Regulations Section 1.704-1(b). Except as otherwise provided in this Agreement, whenever it is necessary to determine the Capital Account of a Partner for purposes of this Agreement, the Capital Account of such Partner shall be determined after giving effect to the allocation for the Partnership's current year to date of gross income, net income, net gains and net losses under this Agreement. Loans by a Partner to the Partnership shall not be considered capital contributions.

13. Allocation of Profits and Losses. (a)(i). Allocations of Operating Net Profits and Net Losses. Except as otherwise provided in this Section, Net Profits and Net Losses for any fiscal year or other applicable period that does not include a distribution pursuant to

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

Section 14(c) shall be allocated to the Partners to produce Capital Account balances equal to the amount that would be distributed to the Partners if the Partnership sold all of its assets (at book value) and distributed the net proceeds pursuant to Section 14(b). For this purpose, Capital Account balances shall be increased by any prior allocations of Depreciation to the Partners. Following such tentative allocation, Depreciation shall be allocated 50% to the INNOVO Partner and 50% to the Metra Partners.

(ii) Allocation of Capital Net Profits and Net Losses. Except as otherwise provided in this Section, Net Profits and Net Losses for each fiscal year or other applicable period that includes a distribution pursuant to Section 14(c) shall be allocated to produce Capital Account balances equal to the amount that would be distributed to the Partners if the Partnership sold all of its assets (at book value) and distributed the net proceeds pursuant to Section 14(c).

(b) Regulatory Tax and Other Allocations. Notwithstanding the provisions of Section 13(a) hereof, the following provisions shall control.

(i) Gross deductions which are Partner Nonrecourse Deductions for any taxable year shall be allocated to the Partner that bears the economic risk of loss with respect to the loan to which such Partner Nonrecourse Deductions are attributable in accordance with Treasury Regulation section 1.704-2(i).

(ii) If during any taxable year there is a net decrease in minimum gain (as such term is defined by Treasury Regulation sections 1.704-(b)(2) and (d) with respect to partnership minimum gain), then the Partners shall be allocated gross income for such taxable year (and, if necessary, for subsequent taxable years) in the manner provided in Treasury Regulations section 1.704-2(f) and (j). This Section 13 (b) (ii) is intended to comply with, and shall be interpreted to be consistent with, the minimum gain chargeback requirements of Treasury Regulations section 1.704-2(b)(2).

(iii) Except as otherwise provided in Treasury Regulations Section 1.704-2(i)(4), notwithstanding any other provision of this Section 13, if there is a net decrease in Partner Nonrecourse Debt Minimum Gain attributable to a Partner Nonrecourse Debt during any taxable year, each Partner who has a share of the Partner Nonrecourse Debt Minimum Gain attributable to such Partner Nonrecourse Debt, determined in accordance with Treasury Regulations Section 1.704-2(i)(5), shall be specially allocated items of Partnership income or gain for such taxable year (and, if necessary, subsequent taxable years) in an amount equal to such Partner's share of the net decrease in Partner Nonrecourse Debt Minimum Gain attributable to such Partner Nonrecourse Debt, determined in accordance with Treasury Regulations Section 1.704-2(i)(4). Allocations pursuant to the previous sentence shall be made in proportion to the respective amounts required to be allocated to each Partner pursuant thereto. The items so allocated shall be determined in accordance with Treasury Regulations Sections 1.704-2(i)(4) and 1.704-2(j)(2). This section 13(b)(iii) is intended to comply with the minimum gain chargeback requirement in Treasury Regulations Section 1.704-2(i)(4) and shall be interpreted consistently therewith.

For purposes of this Section 13(b)(iii), "Partner Nonrecourse Debt"

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

has the meaning set forth in Treasury Regulations Section 1.704-2(b)(4); "Partner Nonrecourse Debt Minimum Gain" means an amount, with respect to each Partner Nonrecourse Debt, equal to the partnership minimum gain (as defined in Treasury Regulations Sections 1.704-2(b)(2) and 1.704-2(d)) that would result if such Partner Nonrecourse Debt were treated as a nonrecourse liability (as defined in Treasury Regulations Section 1.704-2(b)(3)), determined in accordance with Treasury Regulations Section 1.704-2(i)(3); and "Partner Nonrecourse Deductions" has the meaning set forth in Treasury Regulations Sections 1.704-2(i)(1) and 1.704-2(i)(2).

(iv) Solely for purposes of allocating excess nonrecourse liabilities of the Partnership among the Partners in connection with the determination of the Partners' adjusted tax bases in their interests in the Partnership in accordance with Code Section 752 and the Treasury Regulations from time to time promulgated thereunder, the Partners agree that their respective interests in the profits of the Partnership are equal to their respective Percentage Interests, unless another amount permitted under the Code and Treasury Regulations is agreed upon by all of the Partners.

(v) In the event a Partner unexpectedly receives any adjustments, allocations, or distributions described in Treasury Regulation section 1.704-1(b)(2)(ii)(d)(4), (5) or (6) which cause a deficit balance or increase the deficit balance in such Partner's Capital Account, items of Partnership gross income and gain shall be allocated to such Partner in an amount and manner sufficient to eliminate the deficit balance in its Capital Account as quickly as possible; provided, however, that for this purpose, a Partner's Capital Account balance shall be increased by its share of the Partnership minimum gain as of the end of the taxable year of the Company.

(vi) If taxable gain to be allocated pursuant to Section 13(a) includes income treated as ordinary income for income tax purposes because it is attributable to the recapture of depreciation deductions, such gain allocated to the Partners shall be treated as ordinary income in proportion to their prior depreciation allocations which gave rise to such recapture.

(vii) Any Profit or Loss allocable to an interest in the Partnership which has been transferred during any year shall be allocated among the Persons who were holders of such interest during such year pursuant to any method under the Code and Treasury Regulations agreed upon by the Partners.

(viii) Except as otherwise expressly provided herein, the respective interests of the Partners in and to all real personal property, moneys and profits of the Partnership and their respective shares of all losses, expenses, obligations and liabilities of the Partnership shall, as of the effective date of this agreement, be in the Percentage Interests of such Partners as set forth on Schedule A attached hereto and made a part hereof. If the Percentage Interests of such Partners are changed pursuant to the terms of this Agreement during any fiscal year, then the amount of all items allocable to such entire Fiscal year which are to be credited or charged to, or which are to be distributed to, the Partners for such entire fiscal year in accordance with their respective Percentage Interests shall be allocated between the portion of such fiscal year which precedes the date of such change (and, if there shall have been a prior change

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

in such fiscal year, which commences on the date of such change, (and, if there shall be a subsequent change in such fiscal year, which precedes the date of such subsequent change), based upon an interim closing of the books of the Partnership, or such other permitted method selected by the Manager.

(ix) Notwithstanding any provision of this Agreement to the contrary, in determining each Partner's distributive share of the taxable income or loss of the Partnership, depreciation, cost recovery allowance or gain or loss realized by the Partnership with respect to any property which has a fair market value which differs from its adjusted tax basis shall be allocated among the Partners in a manner which takes into account such difference in accordance with Section 704(c) of the Code, and the principles thereof, in a manner determined by the General Partner.

(x) For purposes of allocating and determining Net Profits and Net Losses pursuant to Section 13(a)(i) only, Depreciation (as defined below) shall not be taken into account and Depreciation shall be allocated as provided in the last sentence of such subsection. In lieu of depreciation, amortization and other cost recovery deductions taken into account in computing taxable income or loss, there will be taken into account depreciation for the taxable year or other period as determined in accordance with Treasury Regulation Section 1.704-1(b)(2)(iv)(g) ("Depreciation").

(c) Definitions.

For purposes of this Agreement, "Loss" means, for each fiscal year or other period of determination, an amount equal to the Partnership's items of taxable deduction and loss for such year or other period, determined in accordance with Section 703(a) of the Code (including all items of loss or deduction required to be stated separately under Section 703(a)(1) of the Code), with the following adjustments:

(i) Any expenditures of the Partnership described in Section 705(a)(2)(B) of the Code or treated as Section 705(a)(2)(B) expenditures under Treasury Regulation Section 1.704-1(b)(2)(iv)(i), and not otherwise taken into account in computing Loss, will be considered an item of Loss; and

(ii) Any items of deduction and loss specially allocated pursuant to Section 13(b) of this Agreement will not be considered in determining Loss.

For purposes of this Agreement, "Profit" means, for each fiscal year or other period of determination, an amount equal to the Partnership's taxable income and gain for such year or other period, determined in accordance with Section 703(a) of the Code (including all items of income and gain required to be stated separately under Section 703(a)(1) of the Code), with the following adjustments:

(i) Any income of the Partnership that is exempt from federal income tax and not otherwise taken into account in computing Profit or Loss will be added to taxable income or loss; and

(ii) Any items of income or gain specially allocated pursuant to Section 13(b) of this agreement will not be considered in

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

determining Profit.

For purposes of this Agreement, "Net Loss" means, for any period, the excess of items of Loss over items of Profit, if applicable, for such period determined without regard to any items of Profit or Loss allocated pursuant to Section 13(b)(1)-(4), inclusive, of this Agreement.

For purposes of this Agreement, "Net Profit" means, for any period, the excess of items of Profit over items of Loss, if applicable, for such period determined without regard to any items of Profit or Loss allocated pursuant to Section 13(b)(1)-(4), inclusive, of this Agreement.

14. Distributions. (a) The Partners shall not (i) be entitled to interest on their respective capital contributions to the Partnership, or (ii) have the right to distributions or the return of any contribution to the capital of the Partnership except (A) for distributions in accordance with this Section 14 or (B) upon dissolution of the Partnership. (e) INNOVO Partner shall be obligated to distribute all amounts that it receives pursuant to this Section 14 to INNOVO Parent in order to permit INNOVO Parent to pay dividends on its Series A Preferred Stock (the "INNOVO Preferred Stock"). The Partners hereby acknowledge and agree that for so long as any shares of INNOVO Preferred Stock are outstanding, if INNOVO Partner receives a distribution hereunder and fails to make a corresponding distribution to INNOVO Parent, or if INNOVO Parent fails to make a corresponding dividend payment in accordance with the INNOVO Preferred Stock Certificate of Designation, then all amounts distributable to INNOVO Partner hereunder shall (i) for so long as any shares of INNOVO Preferred Stock are outstanding, be paid directly by the Partnership to the holders of the INNOVO Preferred Stock on behalf of INNOVO Parent, and any amounts so paid shall be deemed a distribution to INNOVO Partner in accordance with the provisions of this Section 14 and (ii) if no shares of INNOVO Preferred Stock are outstanding, all amounts otherwise distributable to INNOVO Partner shall be distributed to Metra Partners.

(b) Proper and complete records and books of account of the business of the Partnership, including the schedule of Partners, shall be maintained at the Partnership's principal place of business. Each of the Partners acknowledges and agrees that the Partnership is intended to be classified and treated as a partnership for income tax purposes. The Partnership's books of account shall be maintained on a basis consistent with such treatment and on the same basis utilized in preparing the Partnership's United States federal income tax return. Each Partner and its duly authorized representatives may, for any reason reasonably related to its interest as a Partner of the Partnership, examine the Partnership's books of account and make copies and extracts therefrom at its own expense. (f) The General Partner shall act as the "Tax Matters Partner" as defined in the Code and shall make such elections under the Code and other relevant tax laws as to the treatment of items of Partnership income, gain, loss, deduction and credit, and as to all other relevant matters, as the Tax Matters Partner deems necessary or appropriate.

The General Partner may assign all or any portion of its interest in the Partnership to its Affiliates in accordance with the provisions of this Agreement. With respect to any assignment contemplated by this Section 16, any assignee shall agree to be bound by the provisions of this Agreement as an additional Limited Partner or General Partner, as the case may be. Notwithstanding any other provision of this Agreement to the contrary, so long as the Loan is outstanding, no Partner may transfer, assign or pledge any direct or indirect ownership interest in the Partnership except as otherwise permitted herein and in accordance with the terms and conditions of the Senior Loan Documents. 17. Admission of Additional Partners. Subject to the provisions of Sections 6 and 8 hereof, one (1) or more additional Partners may be admitted to the Partnership with the consent of the General Partner, provided that the Senior Loan Documents permit the admission of additional Partners.

18. Indemnification. (a). The General Partner shall not be liable to the Partnership or to any of its Limited Partners for any loss or damage occasioned by any acts or omissions in the performance of its services under this Agreement, unless such loss or damage is due to the gross negligence, recklessness or willful misconduct of the General Partner, or as otherwise required by law.

(b) The General Partner (which shall include for this purpose each partner, director, officer, employee or agent of, or any person who controls, the General Partner, and their executors, heirs, assigns, successors or other legal representatives) shall be indemnified to the fullest extent permitted by law by the Partnership (but not the Partners individually) against any cost, expense (including attorneys' fees), judgment or liability reasonably incurred by or imposed upon it in connection with any action, suit or proceeding (including any proceeding before any administrative or legislative body or agency) to which it may be made a party or otherwise be involved or with which it shall be threatened by reason of being or having been a General Partner; provided, however, that the General Partner shall not be so indemnified to the extent such cost,

expense, judgment or liability shall have been finally determined in a decision on the merits in any such action, suit or proceeding to have been incurred or suffered by the General Partner by reason of willful misfeasance, bad faith, gross negligence, or reckless disregard of the duties involved in the conduct of the General Partner's office. The right to indemnification granted by this Section 18(b) shall be in addition to any rights to which the General Partner may otherwise be entitled and shall inure to the benefit of the successors or assigns of the General Partner. The Partnership shall pay the expenses incurred by the General Partner in defending a civil or criminal action, suit or proceeding in advance of the final disposition of such

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

action, suit or proceeding, upon receipt of an undertaking by the General Partner to repay such payment if there shall be an adjudication or determination that it is not entitled to indemnification as provided herein. The General Partner may not satisfy any right of indemnity or reimbursement granted in this Section 18(b) or to which it may be otherwise entitled except out of the assets of the Partnership, and no Partner shall be personally liable with respect to any such claim for indemnity or reimbursement. The General Partner may, at the Partnership's expense, obtain appropriate insurance on behalf of the Partnership to secure the Partnership's obligations hereunder.

(c) Notwithstanding the foregoing, any indemnification of the General Partner shall be fully subordinated to any obligations respecting the Properties or any portion thereof (including, without limitation, the Loan) and such indemnification shall not constitute a claim against the Partnership in the event that cash flow necessary to pay holders of such obligations is insufficient to pay such obligations.

19. Dissolution of Partnership. (a) Except as provided below, the Partnership shall be dissolved upon any date on which the General Partner shall elect to dissolve the Partnership, and otherwise in accordance with Section 17-801 of the Act.

(b) Subject to applicable law, dissolution of the Partnership shall not occur so long as the Partnership remains owner of the Properties subject to the Loan.

(c) Upon dissolution of the Partnership, the General Partner shall promptly liquidate the business and administrative affairs of the Partnership, except that if the General Partner is unable to perform this function, a liquidator elected by Limited Partners whose partnership percentages represent more than fifty percent (50%) of the aggregate partnership percentages of all Limited Partners shall liquidate the business and administrative affairs of the Partnership. The Partnership's net profit and net loss during the fiscal period which includes the period of liquidation shall be allocated pursuant to Section 13. The proceeds from liquidation shall be distributed in the following manner:

(i) the debts, liabilities and obligations of the Partnership, other than debts to Partners, and the expenses of liquidation (including legal and accounting expenses incurred in connection therewith), up to and including the date that distribution of the Partnership's assets to the Partners has been completed, shall first be paid;

(ii) such debts as are owing to the Partners shall next be paid; and

(iii) any balance shall be distributed to the Partners pursuant to Section 14(c), as adjusted pursuant to Section 12 to reflect allocations for the fiscal period ending on the date of the distributions under this Section 19(b) (iii).

20. Amendments. Notwithstanding any other provision of this

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

Agreement to the contrary, so long as the Loan is outstanding, the Partners are prohibited from amending the provisions specified in Sections 2, 6, 7, 8, 9, 16, 17, 19, 20 and 21 herein without the prior written consent of BOA, or, after the securitization of the Loan, only if the Partnership receives (i) confirmation from each of the applicable rating agencies that such amendment would not result in the qualification, withdrawal or downgrade of any securities rating with respect to the securities issued under the securitization and (ii) approval of such amendment by BOA or its assigns. The provisions of Section 6(d) hereof shall not be amended without the prior written consent of the holders of a majority of the INNOVO Preferred Stock.

21. Acknowledgement. The General Partner acknowledges and agrees that its limited liability company agreement (such limited liability company agreement as amended and modified from time to time, the "GP LLC Agreement") contains certain restrictions that affect the General Partner's right to take certain actions with respect to the Partnership which are set forth in Section 7(c) of the GP LLC Agreement. The Limited Partners acknowledge and agree that the GP LLC Agreement contains certain restrictions that affect the Limited Partners' right to take certain actions with respect to the Partnership. Except with respect to Sections 2, 6, 7, 8, 9, 16, 17, 19, 20 and 21 hereof, then notwithstanding anything contained in this Agreement to the contrary, to the extent there is any inconsistency between the terms of this Agreement and Section 7(c) of the GP LLC Agreement, Section 7(c) of the GP LLC Agreement shall govern and control.

22. Governing Law. This Agreement shall be governed by, and construed under, the laws of the State of Delaware, all rights and remedies being governed by said laws. The Partners intend the provisions of the Act to be controlling as to any matters not set forth in this Agreement.

23. Arbitration. Any dispute or disagreement between the parties arising out of or in relation to this Agreement shall be settled by arbitration conducted in New York, New York under the then current rules for commercial arbitration of the American Arbitration Association, and any judgment upon the award may be entered in any court having jurisdiction thereof. The arbitration shall be conducted by three (3) arbitrators with expertise in conducting business operations for companies that invest in real estate or real estate related assets selected by the American Arbitration Association. The arbitrators must have at least ten (10) years' experience in the operation, management and financing of companies that invest in real estate or real estate related assets. The arbitrator's fees and all other costs and expenses, including, without limitation, attorneys' fees and expenses, witness' fees and expenses, and any other out-of-pocket expenses incurred by the respective parties in connection with the arbitration shall be borne by the non-revailing party as determined by the panel.

Re: Distribution of Cash Flow and Capital Event Proceeds

Gentlemen:

Reference is made to those certain 22 limited partnership agreements (collectively the "Partnership Agreements" and each a "Partnership Agreement") entered into in connection with the formation of the 22 limited partnerships set forth on Schedule B hereto (collectively the "Partnerships" and each a "Partnership"). All defined terms used and not defined herein shall have the meaning ascribed to them in each Partnership Agreement.

The undersigned, INNOVO Realty, Inc., a California corporation ("INNOVO"),

Edgar Filing: INNOVO GROUP INC - Form 10-Q/A

in its capacity as a limited partner of each Partnership, hereby acknowledge and agrees that notwithstanding any provision in any of the Partnership Agreements to the contrary, no distributions shall be made by the Partnerships to INNOVO, in accordance with the provisions of Section 14(b)(3) of each respective Partnership Agreement until such time as the Metra Partners have received distributions in an aggregate amount equal to the aggregate amount that the Metra Partners would be entitled to receive as distributions in accordance with the provisions of Section 14(b)(1) and Section 14(b)(2) of each respective Partnership Agreement.

INNOVO further acknowledges and agrees that notwithstanding any provision in any of the Partnership Agreements to the contrary, no distributions shall be made by the Partnerships to INNOVO, in accordance with the provisions of Section 14(c)(4) of each respective Partnership Agreement until such time as the Metra Partners have received distributions in an aggregate amount equal to the aggregate amount that the Metra Partners would be entitled to receive as distributions in accordance with the provisions of Section 14(c)(1), Section 14(c)(2) and Section 14(c)(3) of each respective Partnership Agreement.

INNOVO further acknowledges and agrees that notwithstanding any provision in any of the Partnership Agreements to the contrary, no distributions shall be made by the Partnerships to INNOVO, in accordance with the provisions of Section 14(b)(3) or Section 14(c)(4) of each respective Partnership Agreement, if the general partner of the respective partnership determines in its sole discretion and in good faith, that any of such amounts need to be contributed to another Partnership(s) as an additional contribution because the property underlying said partnership(s) is potentially at risk (e.g., requires capital for operating expenses or to meet debt service payments). Any amounts so contributed shall not be deemed a Participating Loan, and as such shall not accrue interest as provided for in Section 11(a) of the Partnership Agreements.

INNOVO further acknowledges and agrees that notwithstanding any provision in any of the Partnership Agreements to the contrary, to the extent that the Partnership(s) pay security deposit amounts to vacating tenants and the Partnership is not reimbursed for such amounts by new tenants, amounts otherwise distributable equal to the amount of such unreturned security deposit will be retained by the Partnership as reserves and not distributed to INNOVO pursuant to the provisions of Section 14(b)(3) or Section 14(c)(4) of each respective Partnership Agreement.

Once the provisions of this Letter Agreement have been complied with in their entirety, this Letter Agreement shall be of no further force and effect and all distributions shall thereafter be distributed in accordance with all of the provisions of Section 14 of each Partnership Agreement.
