Item 8.01. Other Events.

XL Group plc (the "Company") is filing this Current Report on Form 8-K to recast its consolidated financial statements filed with the Securities and Exchange Commission ("SEC") in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 filed on February 26, 2014 (the "2013 Form 10-K") to reflect changes in the Company's reportable segments. As previously announced, on May 30, 2014, the Company completed the sale of 100% of the common shares of its wholly owned subsidiary XL Life Reinsurance (SAC) Ltd ("XLLR") to GreyCastle Holdings Ltd. As a result of the transaction, XLLR reinsures the majority of the Company's life reinsurance business via 100% quota share reinsurance. This transaction covers a substantial portion of the Company's life reinsurance reserves. A summary of the material terms of the quota share reinsurance agreements can be found in the section entitled "Retrocession Agreements" of Item 1.01 of XL Group plc's Current Report on Form 8-K, filed on May 1, 2014.

Subsequent to this transaction, we no longer consider Life Operations to be a separate operating segment and the results of the run-off life operations previously reported in this segment are reported within "Corporate and Other." Therefore, we determined to recast the reportable segments data disclosed in our consolidated financial statements in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 280, Segment Reporting. Attached as Exhibit 99.1 are the recast consolidated financial statements that include revised notes to the consolidated financial statements to reflect the change in reportable segment structure. Only Note 1 - General and Note 4 - Segment Information have been recast from the previous presentation. The Report of Independent Registered Public Accounting Firm on the consolidated financial statements, which is unchanged from the 2013 Form 10-K, other than the dual date to reflect the recast and reissuance, is also included in Exhibit 99.1.

Similarly, our Business and Management's Discussion and Analysis of Financial Condition and Results of Operations sections of the 2013 Form 10-K have been revised to reflect the Company's new reportable segment structure. The revised presentation is attached as Exhibit 99.2 and Exhibit 99.3, respectively.

The change in reportable segment structure had no impact on the Company's historical consolidated financial position, results of operations or cash flows, as reflected in the recast consolidated financial statements contained in Exhibit 99.1 to this Form 8-K. Our Quarterly Report on Form 10-Q for the quarter ended June 30, 2014 reflects the new reportable segment structure.

These exhibits do not modify or update disclosures as presented in the 2013 Form 10-K to reflect events or occurrences after the date of the filing of the 2013 Form 10-K, except for matters relating specifically to the recasting of the presentation described above. Therefore, this Form 8-K (including Exhibits 99.1, 99.2 and 99.3 hereto) should be read in conjunction with the 2013 Form 10-K and the Company's filings made with the SEC subsequent to the filing of the 2013 Form 10-K.
