TASEKO ANNOUNCES SENIOR MANAGEMENT APPOINTMENTS

October 18, 2005, Vancouver, BC - Taseko Mines Limited (TSX Venture: TKO; AMEX: TGB) is pleased to announce two appointments to the Company's management team: John W. McManus, P.Eng., as Vice President, Operations and Robert Rotzinger, P.Eng., as General Manager, Gibraltar Joint Venture.

John W. McManus, as Vice President of Operations, will be responsible for oversight of the Gibraltar mine and for all operational and permitting issues regarding the advancement of the Copper Refinery and the Prosperity and Harmony projects. Mr. McManus has worked in the mining industry in British Columbia for 25 years where he has gained experience in mine operations, mine engineering and environmental management. Most recently, he was the General Manager, Coal Mountain Operations at Elk Valley Coal Corporation. Prior to that, Mr. McManus was the Mine Manager at Teck Cominco's coal mining joint venture Bullmoose operation, General Superintendent at the Elkview coal mine and Superintendent of Engineering at the Quintette operation. His past experience also includes five years working in operations and engineering at the Highland Valley and Lornex copper mines. Mr. McManus holds a Bachelor of Science degree in mining engineering from the Colorado School of Mines and a Technologist Diploma in Mining from the British Columbia Institute of Technology.

Robert Rotzinger, as General Manager of the Gibraltar Joint Venture, will be responsible for improving mine productivity while focusing on efficient cost reductions and maintaining the mine's excellent safety and environmental records. Mr. Rotzinger has worked at Gibraltar Mine since 1994 where he has taken on increasingly senior positions. He has been tasked with the management of diverse engineering, environmental, metallurgical and mining initiatives, such as the revamped molybdenum circuit and the Copper Refinery project. He was a key member of the team that restarted operations at the Gibraltar Mine last year as well as participating in the development of the Gibraltar Joint Venture with Ledcor CMI Ltd. Prior to joining Taseko, Mr. Rotzinger worked for Petro-Canada where he was involved in maintenance management and project engineering. He holds a Bachelor of Applied Science in mechanical engineering from the University of British Columbia.

Mr. McManus and Mr. Rotzinger both have strong backgrounds in mine operations and management and they will be tremendous assets to the Taseko and Gibraltar teams. Taseko, and its joint venture partner Ledcor CMI Ltd., successfully re-opened the Gibraltar copper-molybdenum mine in south-central British Columbia in late 2004. Several key initiatives are currently under consideration, including the development of a Copper Refinery at Gibraltar and the advancement of the Prosperity copper-gold and Harmony gold exploration projects.

For further details on Taseko, please visit the Company's website at www.tasekomines.com, or contact Investor Services at (604) 684-6365 or within North America at 1-800-667-2114.
