REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Plan Administrator of
UGI Utilities, Inc. Savings Plan

We have audited the accompanying statements of net assets available for benefits of the UGI Utilities, Inc. Savings Plan as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The supplemental information in the accompanying schedule of assets held at end of year as of December 31, 2014 has been subjected to audit procedures performed in conjunction with the audit of the UGI Utilities, Inc. Savings Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but include supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule is fairly stated in all material respects in relation to the financial statements as a whole.

UGI UTILITIES, INC.
SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following brief description of the UGI Utilities, Inc. Savings Plan (the "Plan") provides general information on the provisions of the Plan in effect on December 31, 2014 and during the periods covered by the financial statements. More complete information is included in the Plan documents.

General. The Plan is a defined contribution plan covering employees of UGI Utilities, Inc. and its subsidiaries (collectively, "UGI Utilities"), its holding company parent UGI Corporation ("UGI"), and certain affiliated companies (collectively, the "Employers"). Employees of the Employers are eligible upon hire to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the UGI Utilities, Inc. Retirement Committee ("Plan Administrator") whose members are appointed by the Pension Committee of the Board of Directors of UGI Utilities, Inc., a wholly owned subsidiary of UGI.

Contributions and Participant Accounts. Generally a participant may elect to contribute to the Plan on a before-tax basis through payroll reduction an amount equal to from 1% to 50%, in whole percentages, of eligible compensation. In addition all participants may elect to contribute to the Plan on an after-tax basis through payroll deduction an amount equal to from 1% to 20%, in whole percentages, of eligible compensation, provided that the combination of before-tax and after-tax contributions does not exceed 50% of eligible compensation. Calendar year before-tax and after-tax contribution amounts are subject to limits prescribed by the Internal Revenue Code ("IRC") and the Plan, respectively. For both the 2014 and 2013 Plan Years, the IRC before-tax contribution limits was \$17,500. After-tax contributions are subject to limits set by the Plan and Section 402(g) of the IRC. A participant may increase the rate of, or reduce or suspend, his or her before-tax or after-tax contributions at any time by contacting the Plan's recordkeeper, Fidelity Institutional Retirement Services Co. ("FIRSCO").

The Plan allows for "catch-up contributions." The catch-up contribution provision allows certain employees to make before-tax contributions over and above the IRS and Plan limits. In order to be eligible to make catch-up contributions, employees must be at least 50 years of age and must be contributing the IRC or Plan limit. The maximum catch-up contributions for both the 2014 and 2013 Plan Years was \$5,500. Catch-up contributions are not eligible for the Employers' matching contribution (as described below).

A participant will at all times be fully (100%) vested in the portion of his or her account attributable to participant contributions.

The Plan also accepts on behalf of any employee (i) the entire amount of cash received as a distribution from another qualified trust forming part of a plan described in section 401(a) of the IRC or from a "rollover" individual retirement plan described in section 408 of the IRC, but only if the deposit qualifies as a tax-free rollover as defined in section 402 or (ii) a direct transfer from another plan qualified under Section 401(a) of the IRC. The Plan accepts after-tax rollover contributions.

For each pay period during a plan year, the Employers may, at their discretion, make a contribution to the Plan equal to a percentage of participant before-tax and after-tax contributions. Generally, for eligible Plan participants hired prior to January 1, 2009, the Employer matching contribution is equal to 50% of the first 3% of eligible compensation and 25% of the next 3% of eligible compensation that such participant has elected to make on his or her behalf in salary deferrals to the Plan or has elected to contribute to the plan as after-tax contributions. Generally, eligible employees hired on or after January 1, 2009 receive an Employer matching contribution of 100% of up to 5% of eligible compensation that such participants have elected to make on a before-tax or after-tax basis.

Generally, a participant is fully vested in the portion of his or her account attributable to Employers' matching contributions as follows: 25% after two years of service; 50% after three years of service; 75% after four years of service; and 100% after five years of service. Certain Plan participants covered by collective bargaining agreements have a different vesting schedule for employer matching contributions. In addition, a participant is fully vested in the portion of his or her account attributable to Company contributions upon the attainment of normal retirement age (as defined in the Plan document), total disability (as defined by the Plan document) or death while in the employ of the Employers or an affiliated company. For Plan purposes, a participant will attain normal retirement age on the later of

his or her 65th birthday or the fifth anniversary of his or her date of hire. For vesting purposes, participants in the Plan who were former employees of businesses acquired by UGI Utilities generally receive credit for past eligible service with such acquired businesses.

- 4 -

UGI UTILITIES, INC.
SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

A participant who terminates employment before he or she is fully vested will forfeit nonvested amounts attributable to the Employers' contributions. These forfeited amounts remain in the Plan and are available to reduce future Employer contributions or pay expenses incurred in the administration of the Plan. For the 2014 Plan Year, forfeitures of \$57,328 were used to reduce the Employers' contributions. For the 2013 Plan Year, forfeitures of \$71,320 were used to reduce the Employers' contributions. During the 2014 and 2013 Plan Years, \$97,182 and \$53,275, respectively, were forfeited from participants' accounts. As of December 31, 2014 and 2013, there were \$61,210 and \$20,574, respectively, of forfeitures remaining in the Plan.

Effective January 1, 2014, the Plan also permits participants to make Roth 401(k) contributions to the Plan. Investment Funds. A participant may elect to have his or her funds invested in one or more investment options. The Plan currently offers investments in selected mutual funds, the UGI Common Stock Fund, common collective trust funds and Brokerage Link. Brokerage Link balances consist of the mutual funds offered by the Plan, as well as mutual funds offered by other registered investment companies. Generally, participants may transfer amounts between funds at any time with no limit. Participants may change their investment elections for future contributions at any time. The default investment fund under the Plan is the age appropriate Vanguard Target Retirement collective trust fund (based on an assumed retirement age of 65). Fidelity Management Trust Company is the Plan's Trustee for all investment assets of the Plan and qualifies as a party in interest. The Statements of Changes in Net Assets Available for Benefits reflects certain administrative fees paid by Plan Participants to FIRSCO from Plan assets (see "Administrative Expenses" below). References to "Fidelity" in the table of trust investments (Note 3) refer to investment funds managed by Fidelity Management & Research Company ("FMR"). References to "Vanguard" in the table of trust investments (Note 3) refer to investment funds managed by The Vanguard Group.

Distributions. The Plan benefit of a participant who terminates employment as a result of total disability, as defined in the Plan document, or who terminates employment and has reached his or her Early Retirement Date or Normal Retirement Date, as defined by the Plan, shall be equal to the proceeds of liquidation of 100% of the balance of his or her account. Participants may elect to receive their interest in the UGI Common Stock Fund in the form of shares of UGI Corporation Common Stock. The Plan benefit of a participant who terminates employment as a result of death, or for reasons other than total disability or retirement after his or her Early Retirement Date or Normal Retirement Date, shall be equal to the proceeds of liquidation of the vested portion of his or her account. Where the amount to be distributed exceeds \$1,000, no distribution shall be made to any Plan participant prior to age 70^{1/2}, unless the participant elects to receive such distribution. Where the amount to be distributed does not exceed \$1,000, a Plan participant's benefit will be distributed as soon as practicable after the participant becomes entitled to receive a distribution.

A participant who continues to work past age 70^{1/2} will receive a mandatory required distribution upon termination of employment.

Death. If a participant dies prior to receiving a distribution of his or her account, the participant's designated beneficiary shall be entitled to receive a lump-sum distribution of the proceeds of liquidation of 100% of the vested portion of his or her account. Generally, the beneficiary may request a distribution of the participant's account balance as soon as practicable following the date of the participant's death. The beneficiary of a participant who is married at the time of the participant's death will be the participant's spouse, unless the participant designated another beneficiary and the spouse consented to such designation in accordance with procedures specified by the Plan document.

Withdrawals. Generally, a participant may withdraw up to 50% of the balance of his or her account attributable to after-tax contributions at any time. However, the withdrawal must be in an amount of at least \$250. If any portion of the amount withdrawn is attributable to contributions that were matched by the Employers, the participant's participation in the Plan will be suspended for the three-month period following the withdrawal. No more than one such withdrawal in any calendar year is permitted from each of the matched and unmatched portions of a participant's after-tax contribution account.

A participant may withdraw before-tax contributions (and earnings attributable thereto credited as of December 31, 1988) and rollover contributions, only on account of financial hardship resulting from (i) medical expenses as defined in section 213(d) of the IRC; (ii) educational expenses for the next twelve months of post-secondary education of the participant, or his or her spouse, children or dependents; (iii) foreclosure on or eviction from a primary residence; (iv) costs directly related to the purchase of a primary residence; (v) payments for burial or funeral expenses for the participant's parent, spouse, children or eligible dependents; or (vi) expenses for the repair of casualty loss damages on a primary residence due to a catastrophic event as defined in section 165 of the IRC. A hardship withdrawal will be permitted if the Plan Administrator determines that (i) the withdrawal is on account of an immediate and heavy financial need of the participant and (ii) the withdrawal is necessary to satisfy such financial need. A participant's participation in the Plan is suspended for the six-month period following a hardship withdrawal.

UGI UTILITIES, INC.
SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

Active employees who reach age 59^{1/2} can elect an in-service withdrawal in the amount of at least \$1,000. While a participant is still employed by any of the Employers, withdrawals of amounts attributable to Employers' contributions and post-1988 earnings on participant before-tax contributions are not permitted.

Notes Receivable from Participants. The Plan includes an employee loan provision. Generally, at the time a loan is to be made, the amount of all loans to be outstanding may not exceed the lesser of (i) 50% of a participant's before-tax and rollover account balances, or (ii) \$50,000 less the highest balance of any loan during the prior twelve-month period. Each loan bears interest at a rate determined in accordance with generally prevailing market conditions for similar types of loans. The minimum loan amount is \$1,000. The amount of the loan withdrawn from a participant's account is allocated in proportion to the value of the participant's salary deferral and rollover account balances in each investment fund. Repayments, including interest, are made in equal installments through payroll deductions and are allocated to participant accounts in accordance with current investment elections. No loan may have a final maturity in excess of five years except that, if the loan is used to purchase a principal residence for the participant, the loan may have a final maturity of up to ten years. No participant shall be permitted to have more than two loans outstanding at any one time.

Administrative Expenses. Administrative expenses of the Plan are chargeable to the Plan unless paid for by the Employers. Other than the Plan fees described below, the Employers currently pay such expenses. During the periods covered by the financial statements, each active Plan account was assessed a quarterly recordkeeping fee as follows: \$5.25 from January 1, 2013 through September 30, 2013; and \$9.00 beginning October 1, 2013. This fee is automatically deducted in the month following the end of the quarter and remitted to FIRSCO. Loan administration and withdrawal fees are paid by Plan participants. Mutual fund and collective trust fund expenses are paid to fund managers from mutual fund or collective trust fund assets.

Plan Termination. Although it has not expressed any intent to do so, UGI Utilities has the right to terminate the Plan in whole or in part at any time for any reason. In the event of a complete or partial termination of the Plan, the affected participants will become fully vested in their account balances.

Plan Amendment. UGI Utilities may amend the Plan at any time for any reason by written action of its Board of Directors. Amendments required to comply with the IRC to maintain compliance with current laws or regulations or to correct errors or omissions in the Plan document, however, may be made by the Retirement Committee without Board approval.

Voting Rights of UGI Common Stock Fund Participants. A participant has the right to instruct the trustee of the Plan how to vote, at each meeting of shareholders, all shares of UGI Corporation Common Stock (including fractional shares) represented by the value of the participant's interest in the UGI Common Stock Fund. A participant also has the right to direct the trustee of the Plan whether or not to tender shares in response to a tender offer.

2. Accounting Policies

Use of Estimates and Basis of Accounting. The accompanying financial statements are prepared in accordance with the accounting principles generally accepted in the United States of America ("GAAP"). GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Statements of Net Assets Available for Benefits reflect the Plan's investments at their fair values except for the Plan's investment in the Vanguard Retirement Savings Trust III (a common collective trust fund investment) which is stated at its fair value and adjusted to contract value (as further described below). Fidelity Brokerage Link accounts are reflected at their fair value of associated investments. The Statements of Net Assets Available for Benefits reflects the Plan's interests in collective trust funds at their net asset values ("NAVs") provided by the administrator of the funds. The NAVs are based upon the fair values of the underlying assets owned by the funds, minus their liabilities, and then divided by the number of shares outstanding. For the Vanguard Retirement Savings Trust III fund, such amount is then adjusted to contract value because contract

value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The interest in the Vanguard Retirement Savings Trust III fund is included in the Statements of Changes in Net Assets Available for Benefits on a contract basis.

Dividend income is recorded on the record date. Interest earned on investments is recorded on the accrual basis.

Purchases and sales of securities are recorded on a trade date basis.

- 6 -

UGI UTILITIES, INC.
SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in fair value of investments which consists of realized gains or losses and unrealized appreciation (depreciation) in the fair value of those investments.

Distributions are made to Plan participants based upon the fair value of each participant's investment account (except for investments of the Vanguard Retirement Savings Trust III fund for which distributions are based upon contract value and except for distributions from the UGI Common Stock Fund, to the extent not all shares are sold on the same date) as of the dates of the distribution. Distributions to participants are recorded when paid.

Transfers of Participants' Balances. Transfers of participant balances represent amounts transferred to or from the AmeriGas Propane, Inc. Savings Plan and the UGI HVAC Enterprises, Inc. Savings Plan, which are affiliated plans. **Notes Receivable from Participants.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses have been recorded as of December 31, 2014 and 2013.

Fair Value Measurements. The Plan performs fair value measurements in accordance with GAAP. Refer to Note 5 for the fair value measurement disclosures associated with the Plan's investments.

Risks and Uncertainties. The investments of the separate investment funds are subject to various risks including interest rate, credit and overall market volatility. The degree and concentration of these risks vary by fund. The Plan's exposure to credit losses in the event of nonperformance of investments is limited to the carrying value of such investments. Due to the level of risk associated with the separate investment funds, it is reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

3. Trust Investments

The components of trust investments by fund at December 31, 2014 and 2013 are as follows:

	December 31, 2014	2013
Mutual Funds:		
Fidelity Spartan U.S. Bond Index Fund (shares — 627,610 and 642,383, respectively)	\$7,368,145	\$7,297,473
Fidelity Growth Company Fund - Class K (shares — 289,183 and 287,037, respectively)	38,091,141 *	34,361,254 *

Table of Contents

DESCRIPTION OF THE NOTES

The following description of the particular terms of the notes offered by this prospectus supplement adds information to the description of the general terms and provisions of debt securities under the heading

Description of Debt Securities beginning on page 5 of the accompanying prospectus. As used under

Prospectus Supplement Summary The Offering and under this heading, Description of the Notes, all

references to we, us, our, PotashCorp and the Company refer to Potash Corporation of Saskatchewan Inc. excluding any of its subsidiaries.

General

We will issue the notes in the aggregate principal amount of \$500,000,000 pursuant to an indenture dated as of February 27, 2003 between us and U.S. Bank National Association (as successor trustee to The Bank of Nova Scotia Trust Company of New York), the trustee for the notes. The notes will mature on April 1, 2025. We will initially issue the notes only in registered book-entry form, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The notes will bear interest at the annual rate shown on the cover of this prospectus supplement and will accrue interest from March 26, 2015 or from the most recent date to which interest has been paid (or provided for) to but not including the next date upon which interest is required to be paid.

Commencing October 1, 2015, interest will be payable twice a year, on April 1 and October 1, to the person in whose name a note is registered at the close of business on the March 15 or September 15 that precedes the date on which interest will be paid. Interest on the notes will be paid on the basis of a 360-day year consisting of twelve 30-day months.

As contemplated under Description of Debt Securities Discharge, Defeasance and Covenant Defeasance on page 14 of the accompanying prospectus, the satisfaction of certain conditions will permit us to discharge some or all of our obligations under the indenture with respect to the notes. In

addition, we may discharge our obligations with respect to certain covenants through covenant defeasance. We refer you to the information under Description of Debt Securities Discharge, Defeasance and Covenant Defeasance in the accompanying prospectus for more information.

Except as described in this prospectus supplement or the accompanying prospectus, the indenture for the notes does not contain any covenants or other provisions designed to protect holders of the notes against a reduction in our creditworthiness in the event of a highly leveraged transaction nor does the indenture for the notes prohibit other transactions that might adversely affect holders of the notes, including the incurrence of additional indebtedness. See Risk Factors We will make only limited covenants in the indenture for the notes in this prospectus supplement.

Re-opening of the Notes

We are initially offering the notes in the aggregate principal amount of \$500,000,000. We may from time to time, without the consent of the holders of the notes, create and issue further notes having the same terms and conditions in all respects as the notes being offered hereby, except for the issue date, the issue price and, in some cases, the first payment of interest thereon. Additional notes issued in this manner will be consolidated with and will form a single series with the notes being offered hereby.

Optional Redemption

At any time prior to the Par Call Date, the notes will be redeemable, in whole or in part, at our option at any time and from time to time at a redemption price equal to the greater of:

100% of the principal amount of the notes to be redeemed, and

Table of Contents

the sum of the present values of the Remaining Scheduled Payments discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate plus 20 basis points, plus accrued and unpaid interest on the principal amount being redeemed to the date of redemption.

At any time on or after the Par Call Date, the notes will be redeemable, in whole or in part, at our option at any time and from time to time at a redemption price equal to 100% of the principal amount of the notes to be redeemed plus accrued and unpaid interest on the principal amount being redeemed to the date of redemption.

Notwithstanding the foregoing, installments of interest on notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the interest payment date to the registered holders as of the close of business on the relevant record date according to the notes and the indenture.

In connection with such optional redemption, the following defined terms apply:

Adjusted Treasury Rate means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the third business day immediately preceding that redemption date) or interpolated (on a day count basis) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

Comparable Treasury Issue means the United States Treasury security or securities selected by the Independent Investment Banker that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes to be redeemed (assuming, for this purpose, that the notes matured on the Par Call Date).

Comparable Treasury Price means, with respect to any redemption date, (a) the average of the Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (b) if the Independent Investment Banker for the notes obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such quotations.

Independent Investment Banker means one of the Reference Treasury Dealers appointed by us to act as the Independent Investment Banker.

Par Call Date means January 1, 2025.

Reference Treasury Dealer means (a) Merrill Lynch, Pierce, Fenner & Smith Incorporated, Goldman, Sachs & Co., RBC Capital Markets, LLC and HSBC Securities (USA) Inc. and their respective successors and one other nationally recognized investment banking firm that is a primary U.S. Government securities dealer in New York City (a *Primary Treasury Dealer*) specified from time to time by us; provided, however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, we shall substitute therefor another nationally recognized investment banking firm that is a Primary Treasury Dealer or (b) any other Primary Treasury Dealer selected by us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 3:30 p.m., New York City time, on the third business day preceding that redemption date.

Remaining Scheduled Payments means, with respect to each note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due if such notes matured on the Par Call Date but for such redemption; provided, however, that, if that redemption date is not an interest payment date with respect to such note, the amount of the next succeeding scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to that redemption date.

Table of Contents

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed. On and after any redemption date, interest will cease to accrue on the notes or any portion thereof called for redemption. On or before any redemption date, we shall deposit with the trustee or with a paying agent money sufficient to pay the redemption price of and accrued interest on the notes to be redeemed on such date. If less than all of the notes are to be redeemed, the notes to be redeemed shall be selected by the trustee at our direction by such method as we and the trustee shall deem fair and appropriate. The redemption price shall be calculated by the Independent Investment Banker and we, the trustee and any paying agent for the notes shall be entitled to rely on such calculation.

Redemption for Changes in Withholding Taxes

The notes are redeemable, at our option, at any time as a whole but not in part, upon not less than 30 nor more than 60 days prior written notice to the holders (with a copy to the trustee, paying agent and transfer agent), at a redemption price equal to 100% of their aggregate principal amount, plus any additional amounts, as described in the accompanying prospectus under Description of Debt Securities Certain Covenants Additional Amounts , and accrued and unpaid interest to the date of redemption (subject to the right of holders of record on a relevant record date to receive interest due on the respective interest payment date), in the event there is a substantial probability that we have become or would become obligated to pay, on the next date on which any amount would be payable with respect to the notes, any additional amounts as a result of:

an amendment of or change in the laws (including any regulations promulgated thereunder) of Canada or of any province or territory of Canada or by any authority or agency therein or thereof having the power to tax; or

any change in or amendment to any official position or the introduction of an official position of a taxing authority, legislative body, court, governmental agency or regulatory authority in Canada or of any province or territory of Canada or by any authority or agency therein or thereof having the power to tax, regarding the application or interpretation of such laws or regulations (each of (i) and (ii) a *Change in Tax Law*),

which change or amendment is publicly announced or becomes effective on or after the date of this prospectus supplement (or the date a party organized in a jurisdiction other than Canada becomes our successor).

The notice of redemption referred to below may not be given earlier than 90 days prior to the earliest date on which we would be obligated to pay such additional amounts were a payment in respect of the notes then due and payable. Any such redemption described in this section shall be consummated upon not less than 30 days nor more than 60 days prior written notice.

Before we publish or mail notice of redemption of the notes as described in this section, we will deliver to the trustee an officers' certificate to the effect that we are entitled to redeem the notes pursuant to the terms of the indenture and such notice shall not be effective until the Company delivers to the trustee an opinion of counsel to the effect that there is a substantial probability that additional amounts will be payable on the next payment date in respect of the notes as a result of a Change in Tax Law. We will, prior to or contemporaneously with the publication or mailing of any notice of redemption of any notes as described in this section, furnish to the trustee, paying agent and transfer agent a copy of such notice of redemption.

Change of Control

If a Change of Control Triggering Event occurs with respect to the notes, unless we have exercised our right to redeem the notes as described above, we will be required to make an offer to repurchase all, or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof), of each holder's notes pursuant to the offer described below (the *Change of Control Offer*) on the terms set forth in the notes. In the Change of Control

Table of Contents

Offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to the date of purchase (the *Change of Control Payment*).

Within 30 days following any Change of Control Triggering Event, we will be required to mail a notice to holders of the notes describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*), pursuant to the procedures required by the notes and described in such notice. We must comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the *Exchange Act*), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any applicable securities laws or regulations conflict with the Change of Control provisions of the notes, we will be required to comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control provisions of the notes by virtue of such conflicts.

On the Change of Control Payment Date, we will be required, to the extent lawful, to:

accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;

deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and

deliver or cause to be delivered to the trustee the notes properly accepted together with an officers certificate stating the aggregate principal amount of notes or portions of notes being purchased by us.

The paying agent will be required to mail promptly to each holder who properly tendered notes the purchase price for such notes and the trustee will be required to authenticate and mail (or cause to be transferred by book entry) promptly to each such holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; *provided* that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

Below Investment Grade Rating Event means the rating on the notes is changed from an Investment Grade Rating to below an Investment Grade Rating by each of the Rating Agencies (as defined below) on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of the notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies).

Change of Control means the occurrence of any of the following: (1) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger, amalgamation, arrangement or consolidation), in one or a series of related transactions, of all or substantially all of our properties or assets and those of our subsidiaries taken as a whole to any Person other than us or one of our subsidiaries; (2) the consummation of any transaction (including, without limitation, any merger, amalgamation, arrangement or consolidation) the result of which is that any Person becomes the beneficial owner, directly or indirectly, of more than 50% of the total voting power in the aggregate of all classes of our voting stock normally entitled to vote in elections of directors; or (3) the first day on which a majority of the members of our Board of Directors are not Continuing Directors.

Table of Contents

Change of Control Triggering Event means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

Continuing Directors means, as of any date of determination, any member of our Board of Directors who (1) was a member of such Board of Directors on the date of this prospectus supplement; or (2) was nominated for election or elected to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination or election (either by a specific vote or by approval of our proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination).

Investment Grade Rating means a rating equal to or higher than Baa3 (or the equivalent) by Moody's and BBB- (or the equivalent) by S&P or the equivalent investment grade rating from any additional Rating Agency or Rating Agencies.

Moody's means Moody's Investors Service, Inc.

Person means any individual, partnership, corporation, limited liability company, joint stock company, business trust, trust, unincorporated association, joint venture or other entity, or a government or political subdivision or agency thereof.

Rating Agencies means (1) each of Moody's and S&P; and (2) if either Moody's or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a nationally recognized statistical rating organization as defined in Section 3(a)(62) of the Exchange Act, selected by us (as certified by a resolution of our Board of Directors) as a replacement agency for Moody's or S&P, or both of them, as the case may be.

S&P means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc.

The failure by us to comply with the obligations described under *Change of Control* will constitute an event of default with respect to the notes.

Book-Entry System

The certificates representing the notes will initially be issued in the form of one or more fully registered global notes without coupons (a *Global Note*) and will be deposited with, or on behalf of, DTC and registered in the name of Cede & Co., as the nominee of DTC. Except in limited circumstances, the notes will not be issuable in definitive form. Unless and until they are exchanged in whole or in part for the individual notes represented thereby, any interests in the Global Note may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or by DTC or any nominee of DTC to a successor depository or any nominee of such successor. In addition, transfers of beneficial interests in the Global Note will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, including, if applicable, those of Euroclear Bank S.A./N.V., as operator of the Euroclear System (*Euroclear*) and Clearstream Banking, société anonyme (*Clearstream*), which may change from time to time. See Legal Ownership of Debt Securities Global Securities in the accompanying prospectus.

DTC has advised us that DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants (*Direct Participants*) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other

Table of Contents

organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (*DTCC*). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the Commission.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

Same-Day Funds Settlement and Payment

Settlement for the notes will be made by the underwriters in immediately available funds. All payments of principal and interest in respect of notes in book-entry form will be made by us in immediately available funds to the accounts specified by DTC.

Secondary trading in long-term notes and debentures of corporate issuers is generally settled in clearing houses or next-day funds. In contrast, the notes will trade in DTC's Same-Day Funds Settlement System until maturity, or earlier redemption or repayment, or until the notes are issued in certificated form, and secondary market trading activity in the notes will therefore be required by DTC to settle in immediately available funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures. Cross-market transfers between the participants in DTC, on the one hand, and DTC participants acting on behalf of Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of DTC participants acting on behalf of Euroclear or Clearstream, as the case may be; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as

the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to the DTC participant acting on its behalf to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the DTC participants acting on behalf of Euroclear or Clearstream. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the notes.

Concerning the Trustee

U.S. Bank National Association (as successor to The Bank of Nova Scotia Trust Company of New York), is the trustee under the indenture. An affiliate of the trustee is a lender to us under our \$3,500 million revolving credit facility, and also maintains other normal banking relationships, including the maintenance of depository accounts, with us and certain of our subsidiaries. In addition, an affiliate of the trustee is acting as an underwriter in the offering.

Table of Contents

**UNITED STATES FEDERAL INCOME TAX
CONSIDERATIONS**

The following is a summary of U.S. federal income tax considerations relating to the acquisition, ownership and disposition of the notes by a U.S. holder (as defined below). It is not a complete analysis of all the potential tax considerations relating to the notes. This summary is based upon the Internal Revenue Code of 1986, as amended (the *Code*), the U.S. Treasury regulations promulgated thereunder, administrative pronouncements and judicial decisions, all as of the date of this prospectus supplement and all of which are subject to change (possibly with retroactive effect) and differing interpretations. This summary applies only to U.S. holders that purchase the notes for cash upon their initial issuance at their initial offering price (*i.e.*, the first price at which a substantial amount of the notes is sold for cash to investors (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity as underwriters, placement agents or wholesalers)) and that will hold the notes as capital assets (generally, property held for investment) within the meaning of Section 1221 of the Code.

This summary is intended for general information purposes only and does not address all of the U.S. federal income tax considerations that may be relevant to a particular U.S. holder in light of the holder's individual circumstances or to holders subject to special rules under U.S. federal income tax laws, such as banks and other financial institutions, insurance companies, real estate investment trusts, regulated investment companies, tax-exempt organizations, entities or arrangements classified as partnerships for U.S. federal income tax purposes or other pass-through entities, dealers in securities or currencies, traders in securities that elect to use a mark-to-market method of accounting, persons liable for U.S. federal alternative minimum tax, U.S. holders whose functional currency is not the U.S. dollar, persons holding notes as part of a hedging or conversion transaction or a straddle, and holders of 10% or more of our voting shares. The discussion does not address any non-U.S., state, local or non-income tax consequences of the acquisition, ownership or disposition of the notes.

As used in this prospectus supplement, the term "U.S. holder" means a beneficial owner of a note that is for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation (or other entity properly classified as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state within the United States, or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if (i) a U.S. court is able to exercise primary supervision over the trust's administration and one or more U.S. persons (as defined in the Code) have the authority to control all substantial decisions of the trust, or (ii) in the case of a trust that was in existence on August 20, 1996 and was validly treated as a domestic trust, a valid election is in place under applicable U.S. Treasury regulations to treat such trust as a domestic trust.

If an entity or arrangement properly classified as a partnership for U.S. federal income tax purposes is a beneficial owner of a note, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. A beneficial owner of a note that is a partnership and partners in such partnerships are urged to consult with their own tax advisors about the U.S. federal income and other tax consequences of the acquisition, ownership and disposition of the notes.

Prospective purchasers of the notes that are not U.S. holders should consult with their own tax advisors regarding the U.S. federal income and other tax consequences of the acquisition, ownership and disposition of the notes.

Table of Contents

This discussion is for general purposes only and should not be construed as tax advice to any holder of the notes. Holders are urged to consult their own tax advisors regarding the application of the U.S. federal income tax laws to their particular situations and the consequences under federal estate or gift tax laws, as well as non-U.S., state, or local laws and tax treaties, and the possible effects of changes in tax laws. We also refer you to Canadian Federal Income Tax Considerations.

Effect of Certain Contingencies

In certain circumstances under the terms of the notes (see Description of the Notes Change of Control in this prospectus supplement and Description of Debt Securities Certain Covenants Additional Amounts in the accompanying prospectus), we may become obligated to make payments on the notes in excess of stated interest or principal. Also, we may, under certain circumstances, redeem or repurchase the notes before maturity as described above under Description of the Notes Optional Redemption and Description of the Notes Redemption for Changes in Withholding Taxes. The obligation to make these payments may implicate the provisions of the Treasury Regulations relating to contingent payment debt instruments. Treasury Regulations provide special rules for contingent payment debt instruments which, if applicable, could cause the timing, amount and character of a U.S. holder's income, gain or loss with respect to the notes to be different from the consequences discussed herein. Although the issue is not free from doubt, we believe that the possibility of the payment of such amounts will not result in the notes being treated as contingent payment debt instruments under the applicable Treasury Regulations. Our treatment will be binding on all U.S. holders, except a U.S. holder that discloses its differing treatment in a statement attached to its timely filed U.S. federal income tax return for the taxable year during which the note was acquired. Our treatment is not binding on the Internal Revenue Service (the IRS), which may take a contrary position and treat the notes as contingent payment debt instruments. If the notes were deemed to be contingent payment debt instruments, a U.S. holder would generally be required to treat any gain recognized on the sale or other disposition of the notes as ordinary

income rather than as capital gain. Furthermore, a U.S. holder would be required to accrue interest income on a constant yield basis at an assumed yield determined at the time of issuance of the notes, with adjustments to such accruals when any payments are made that differ from the payments calculated based on the assumed yield. You are urged to consult your own tax advisors regarding the potential application to the notes of the rules regarding contingent payment debt instruments and the consequences thereof. This discussion assumes the notes will not be treated as contingent payment debt instruments.

Taxation of Interest

It is anticipated, and this discussion assumes, that the notes will be issued at par or at a discount that is no more than *de minimis* for U.S. federal income tax purposes. Stated interest on notes beneficially owned by a U.S. holder generally will be taxable as ordinary interest income at the time it is paid or accrued in accordance with the U.S. holder's regular method of accounting for U.S. federal income tax purposes.

Interest on the notes will constitute income from sources outside the United States and, depending on the circumstances, either will be *passive category income* or *general category income* for U.S. foreign tax credit purposes.

Sale, Exchange, Redemption or Other Taxable Disposition of the Notes

Upon the sale, exchange, redemption or other taxable disposition of a note, a U.S. holder generally will recognize taxable gain or loss equal to the difference, if any, between (i) the amount realized upon such disposition, other than amounts attributable to accrued and unpaid interest (which will be taxed as ordinary interest income to the extent such interest has not been previously included in income), and (ii) the U.S. holder's adjusted tax basis in the note. The amount realized by a U.S. holder is the sum of the cash plus the fair market value of any other property received on such disposition. A U.S. holder's adjusted tax basis in a note generally

Table of Contents

will be its cost for the note. The gain or loss recognized on the sale, exchange, redemption or other taxable disposition of a note generally will be capital gain or loss, and generally will be long-term capital gain or loss if the U.S. holder has held the note for more than one year at the time of such disposition. Long-term capital gains of certain non-corporate U.S. holders (including individuals) are generally eligible for preferential rates of taxation. The gain generally will be treated as U.S. source income for U.S. foreign tax credit purposes. The deductibility of capital losses is subject to certain limitations. U.S. holders are urged to consult their own tax advisors regarding the deductibility of capital losses in light of their particular circumstances.

Unearned Income Medicare Contribution Tax

Certain U.S. holders who are individuals, estates or trusts and whose income exceeds certain thresholds are subject to an additional 3.8% unearned income Medicare contribution tax on their net investment income (undistributed net investment income in the case of an estate or trust). A U.S. Holder's net investment income generally will include its interest income and its net gains from the disposition of the notes. You are urged to consult your own tax advisor regarding the applicability of the unearned income Medicare contribution tax to your income and gains in respect of your investment in the notes.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to certain payments of principal and interest on the notes and to the proceeds from the disposition (including a retirement or redemption) of the notes to U.S. holders that are not exempt recipients (such as corporations). A U.S. holder that is not an exempt recipient generally will be subject to U.S. federal backup withholding tax at a rate of 28% with respect to payments on the notes and the proceeds of a sale or other taxable disposition (including a retirement or redemption) of the notes, unless the U.S. holder provides its taxpayer identification number to the paying agent and certifies, under penalty of perjury, that it is not subject to backup withholding on an IRS Form W-9 (Request for Taxpayer Identification

Number and Certification) and otherwise complies with the applicable requirements of the backup withholding rules. Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. holder may be allowed as a credit against such U.S. holder's U.S. federal income tax liability and may entitle such U.S. holder to a refund, provided the required information is furnished to the IRS in a timely manner. You are urged to consult your own tax advisor regarding the application of information reporting requirements and backup withholding rules in your particular situation, the availability of an exemption from backup withholding and the procedure for obtaining such an exemption, if applicable.

Tax Return Disclosure Obligation with Respect to Foreign Financial Assets

Certain owners of specified foreign financial assets with an aggregate value in excess of certain threshold amounts may be required to file an information report with respect to such assets with their U.S. federal income tax returns. Specified foreign financial assets include any financial accounts maintained by foreign financial institutions, as well as securities issued by non-United States issuers that are held for investment, but only if they are not held in accounts maintained by financial institutions. Under these rules, the notes (or accounts in which the notes are held) may be treated as specified foreign financial assets. You are urged to consult your own tax advisor regarding the application of this reporting requirement to your investment in the notes.

The preceding discussion is only a general summary of certain of the U.S. federal income tax implications of an investment in the notes. Prospective investors are urged to consult with their own tax advisors prior to investing to determine the tax implications of such investment in light of each such investor's particular circumstances.

Table of Contents

**CANADIAN FEDERAL INCOME TAX
CONSIDERATIONS**

Davies Ward Phillips & Vineberg LLP, our Canadian tax counsel, has advised that the following is a fair summary of the principal Canadian federal income tax consequences under the Income Tax Act (Canada) and the regulations thereunder (which we refer to in this section as the *Act* and the *Regulations*, respectively) in effect at the date hereof generally applicable to a holder of the notes who:

acquires the notes pursuant to this prospectus supplement;

is neither resident nor deemed to be resident in Canada for purposes of the Act, the Regulations and any applicable tax treaty at any time;

holds the notes as capital property (in general the notes will be considered to be capital property to a holder of notes unless the holder holds the notes as inventory in the course of carrying on a business, or the holder acquired the notes in a transaction or transactions considered to be an adventure or concern in the nature of trade);

deals at arm's length with us for purposes of the Act at all times (under the Act, related persons are deemed not to deal at arm's length with each other, and it is a question of fact whether persons not related to each other deal at arm's length);

deals at arm's length with any transferee who is resident or deemed to be resident in Canada and to whom the holder assigns or otherwise transfers the notes;

is not a specified shareholder of the Company and deals at arm's length with any specified shareholder of the Company for purposes of the thin capitalization rules of the Act (for purposes of these rules, a specified shareholder generally includes a person who, together with persons not dealing at arm's length, owns or has the right to acquire or control 25% or more of the shares of the Company on a votes or fair market value basis); and

does not ever use or hold and is not deemed ever to use or hold the notes in connection with a trade or business that the holder carries on, or is deemed to carry on, in Canada at any time.

Such a holder is hereinafter referred to as a *Non-Resident Holder*.

Special rules which are not discussed in this summary may apply to a Non-Resident Holder that is an authorized foreign bank (as defined in the Act) or an insurer carrying on business in Canada and elsewhere. This summary assumes that no amount paid or payable as, or on account or in lieu of payment of, interest will be in respect of a debt or other obligation to pay an amount to a person who does not deal at arm's length with us for purposes of the Act.

This summary is based on the current provisions of the Act and the Regulations, all specific proposals to amend the Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (which we refer to in this section as the *Proposals*) and our Canadian tax counsel's understanding of the current published administrative practices and policies of the Canada Revenue Agency. This summary assumes that the Act and the Regulations will be amended in accordance with the Proposals as so announced although we cannot assure you that this will occur.

This summary does not otherwise take into account or anticipate any changes in law or practice, whether by judicial, governmental or legislative decision or action, nor does it take into account tax legislation of any province, territory or foreign jurisdiction. The provisions of provincial income tax legislation vary from province to province in Canada and in some cases differ from federal income tax legislation. Non-Resident Holders should be aware that the

acquisition, holding and disposition of the notes may have tax consequences in the jurisdiction in which they reside which are not described in this prospectus supplement.

S-21

Table of Contents

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular Non-Resident Holder, and no representations with respect to the income tax consequences to any particular Non-Resident Holder are made. Accordingly, you should consult your own tax advisor for advice with respect to the tax consequences to you of acquiring, holding and disposing of notes, including the application and effect of the income and other tax laws of any country, province, state or local tax authority.

Taxation of Interest and Dispositions

The payment by the Company of interest, premium, if any, or principal on a note to a Non-Resident Holder will not be subject to Canadian withholding tax under the Act. No other taxes on income (including capital gains) will be payable under the Act in respect of the holding, redemption or disposition of the notes, including a disposition as a result of an optional redemption of a note by us.

The discussion in this section Canadian Federal Income Tax Considerations is a summary of certain material Canadian federal income tax considerations for a Non-Resident Holder of notes and does not purport to deal with all aspects of Canadian income taxation. For example, the foregoing is not intended to provide any commentary on the income tax consequences and implications following (a) any of the events or arrangements summarized under Description of Securities Discharge, Defeasance and Covenant Defeasance beginning on page 14 of the accompanying prospectus; (b) a successor entity assuming the payments under the notes as summarized under Description of Securities Merger, Consolidation or Sale beginning on page 8 of the accompanying prospectus; or (c) assumption of obligations under the notes by any other party. Accordingly, no opinion is expressed as to the applicability of any withholding tax to or the income tax treatment of any payments (including proceeds of disposing of the notes) that may be received following the events or arrangements described under (a), (b) or (c) above.

Table of Contents
UNDERWRITING

Subject to the terms and conditions contained in an underwriting agreement and the related terms agreement (together, the *underwriting agreement*), we have agreed to sell to the underwriters, for whom Merrill Lynch, Pierce, Fenner & Smith Incorporated, Goldman, Sachs & Co., RBC Capital Markets, LLC and HSBC Securities (USA) Inc. are acting as representatives, and these underwriters severally have agreed to purchase from us, the principal amount of the notes listed opposite their names below:

Underwriter	Principal Amount
Merrill Lynch, Pierce, Fenner & Smith Incorporated	\$ 80,000,000
Goldman, Sachs & Co.	80,000,000
RBC Capital Markets, LLC	80,000,000
HSBC Securities (USA) Inc.	50,000,000
BMO Capital Markets Corp.	37,500,000
Scotia Capital (USA) Inc.	37,500,000
CIBC World Markets Corp.	20,000,000
Mitsubishi UFJ Securities (USA), Inc.	20,000,000
Rabo Securities USA, Inc.	20,000,000
TD Securities (USA) LLC	20,000,000
Morgan Stanley & Co. LLC	12,500,000
UBS Securities LLC	12,500,000
Credit Agricole Securities (USA) Inc. ..	10,000,000
SMBC Nikko Securities America, Inc. .	10,000,000
U.S. Bancorp Investments, Inc.	10,000,000
Total	\$ 500,000,000

The underwriters have agreed, subject to the terms and conditions of the underwriting agreement, to purchase all of the notes being sold if any of such notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The underwriters have advised us that they propose initially to offer the notes to the public at the public offering price set forth on the cover page of this prospectus supplement, and to dealers at this price less a concession not in excess of 0.400% of the principal amount per note. The underwriters may allow, and the dealers may reallow, discounts not in excess of 0.250% of the principal amount per note to other dealers. After the initial offering of the notes, the public offering price, concessions and discounts may be changed.

Table of Contents

The following table summarizes the compensation to be paid by us to the underwriters.

	Per note	Total
Underwriting discount to be paid by us	0.650%	\$ 3,250,000

The expenses of the offering, not including the underwriting discount, are estimated to be \$750,000 and are payable by us.

New Issue of Notes

The notes will be a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange or for quotation of the notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes after the completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure you that an active trading market for the notes will develop, be maintained or be liquid. If an active trading market for the notes does not develop, is not maintained or is not liquid, the market price of the notes may be adversely affected.

Price Stabilization, Short Positions and Penalty Bids

In connection with the offering, the underwriters are permitted to engage in transactions that stabilize the market prices of the notes. Such transactions consist of bids or purchases to peg, fix or maintain the prices of the notes. If the underwriters create short positions in the notes in connection with the offering, *i.e.*, if they sell more notes than are on the cover page of this prospectus supplement, the underwriters may reduce that short position by purchasing notes in the open market. Purchases of a security to stabilize the price or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain underwriters and their affiliates have engaged in, and may in the future engage in, investment banking, commercial banking and other commercial dealings with us in the ordinary course of business. They have received and will in the future receive customary fees, commissions or other payments for these transactions. Certain of the underwriters or their affiliates have been or are lenders in connection with one or more of our existing credit facilities. In particular, certain of the underwriters or their affiliates are lenders under one or more of our \$3,500 million revolving credit facility, our uncommitted \$100 million letter of credit facility (due on demand), against which \$46 million was issued as of December 31, 2014, and our \$75 million short-term line of credit, which is available through August 2015.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their

Table of Contents

customers, and such investment and securities activities may involve securities and/or instruments of the Company. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby.

Notice to Prospective Investors in the European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a *Relevant Member State*), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the *Relevant Implementation Date*) it has not made and will not make an offer of notes which are described in this prospectus supplement to the public in that Relevant Member State other than:

(a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;

(b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the *Prospectus Directive*), as permitted under the Prospectus Directive,

subject to obtaining the prior consent of our representatives for any such offer; or

(c) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of notes shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of notes to the public in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe for the notes, as the expression may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State, the expression Prospectus Directive means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

Notice to Prospective Investors in the United Kingdom

This prospectus supplement is only being distributed to, and is only directed at, persons in the United Kingdom that are qualified investors within the meaning of Article 2(1)(e) of the Prospectus Directive and that are also (i) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the *Order*), (ii) high net worth entities falling within Article 49(2)(a) to (d) of the Order or (iii) persons to whom it may otherwise lawfully be communicated (all such persons together being referred to as *relevant persons*). This prospectus supplement is directed only at relevant persons and must not be acted on or relied on by persons who are not relevant persons. Any investment or investment activity to which this prospectus supplement relates is available only to relevant persons and will be engaged in only with relevant persons.

Table of Contents

Each underwriter has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (FSMA)) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to us; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

Notice to Prospective Investors in Hong Kong

The notes may not be offered or sold in Hong Kong by means of this prospectus supplement or any other document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32 of the Laws of Hong Kong) (*Companies (Winding Up and Miscellaneous Provisions) Ordinance*) or which do not constitute an invitation to the public within the meaning of the Securities and Futures Ordinance (Cap. 571 of the Laws of Hong Kong) (*Securities and Futures Ordinance*), or (ii) to professional investors as defined in Part I of Schedule I to the Securities and Futures Ordinance and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a prospectus as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance, and neither this prospectus supplement nor any advertisement, invitation or other document relating to the notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the

securities laws of Hong Kong) other than with respect to notes which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors in Hong Kong as defined in the Securities and Futures Ordinance and any rules made thereunder.

Notice to Prospective Investors in Singapore

This prospectus supplement has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus supplement and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the notes may not be circulated or distributed, nor may the notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act, Chapter 289 of Singapore (the "SFA")) under Section 274 of the SFA, (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA, in each case subject to conditions set forth in the SFA.

Where the notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor, the securities (as defined in Section 239(1) of the SFA) of that corporation shall not be transferable for 6 months after that corporation has acquired the notes pursuant to an offer made under Section 275 of the SFA except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person (as defined in Section 275(2) of the SFA), (2) where such transfer arises from an offer in that corporation's securities pursuant to Section 275(1A) of the SFA, (3) where no consideration is or will be given for the transfer, (4) where the transfer is by operation of law, (5) as specified in Section 276(7) of the SFA, or (6) as specified in Regulation 32 of the Securities and Futures (Offers of Investments) (Shares

Edgar Filing: UGI CORP /PA/ - Form 11-K

and Debentures) Regulations 2005 of Singapore
(*Regulation 32*).

S-26

Table of Contents

Where the notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is a trust (where the trustee is not an accredited investor (as defined in Section 4A of the SFA)) whose sole purpose is to hold investments and each beneficiary of the trust is an accredited investor, the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferable for 6 months after that trust has acquired the notes pursuant to an offer made under Section 275 of the SFA except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person (as defined in Section 275(2) of the SFA), (2) where such transfer arises from an offer that is made on terms that such rights or interest are acquired at a consideration of not less than S\$200,000 (or its equivalent in a foreign currency) for each transaction (whether such amount is to be paid for in cash or by exchange of securities or other assets), (3) where no consideration is or will be given for the transfer, (4) where the transfer is by operation of law, (5) as specified in Section 276(7) of the SFA, or (6) as specified in Regulation 32.

Notice to Prospective Investors in Japan

The notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Law No. 25 of 1948, as amended (the *FIEA*)), and disclosure under the FIEA has not been and will not be made in respect of the notes. The notes may not be offered or sold, directly or indirectly, in Japan or to or for the benefit of any resident of Japan (as used in this paragraph, *resident of Japan* means any person residing in Japan including any corporate or other entity organized under the laws of Japan) or to others for reoffering or resale, directly or indirectly, in Japan or to or for the benefit of any resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other relevant laws, regulations and governmental guidelines of Japan.

LEGAL MATTERS

Certain matters involving the laws of the United States will be passed upon for us by Jones Day, our United States counsel, and certain matters involving the laws of Canada will be passed upon for us by Stikeman Elliott LLP, our Canadian counsel. Certain matters involving the tax laws of the United States will be passed upon for us by Jones Day, our United States tax counsel. Certain matters involving the tax laws of Canada will be passed upon for us by Davies Ward Phillips & Vineberg LLP, our Canadian tax counsel. Certain matters involving the laws of the United States will be passed upon for the underwriters by Skadden, Arps, Slate, Meagher & Flom LLP.

EXPERTS

The financial statements and the related financial statement schedule, incorporated in this prospectus supplement by reference from our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, and the effectiveness of our internal control over financial reporting have been audited by Deloitte LLP, an independent registered public accounting firm, as stated in their reports, which are incorporated herein by reference. Such financial statements and financial statement schedule have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

**WHERE YOU CAN FIND MORE
INFORMATION**

We file annual, quarterly and current reports and other information with the Commission. You may read and copy any of the information on file with the Commission at the Commission's Public Reference Room, 100 F Street, NE, Washington, D.C. 20549. Please call the Commission at 1-800-SEC-0330 for further information on the public reference room. In addition, the Commission maintains a website at <http://www.sec.gov> that contains reports, information statements and other information regarding issuers that file electronically with the Commission.

INCORPORATION BY REFERENCE

The Commission allows us to incorporate by reference information contained in documents we file with it, which means:

incorporated documents are considered part of this prospectus supplement and the accompanying prospectus;

we can disclose important information to you by referring you to those documents; and

information we file with the Commission will automatically update and supersede the information in this prospectus supplement and the accompanying prospectus and any information that was previously incorporated.

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, which has been filed with the Commission pursuant to the Exchange Act, is incorporated by reference in this prospectus supplement and the accompanying prospectus.

In addition, until we sell all of the notes covered by this prospectus supplement or otherwise terminate the offering of the notes, we also incorporate by reference in this prospectus supplement and the accompanying prospectus all documents that we file with the Commission in the future pursuant to Sections 13(a), 13(c), 14 or

Table of Contents

15(d) of the Exchange Act, including annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K. The information contained in these future filings will automatically update and supersede the information contained in this prospectus supplement and the accompanying prospectus or incorporated by reference to any previously filed document. Any information so updated and superseded shall not be deemed, except as so updated and superseded, to constitute a part of this prospectus supplement and the accompanying prospectus.

You may request copies of the documents incorporated by reference in this prospectus supplement and the accompanying prospectus, at no cost, excluding any exhibits to those documents unless the exhibit is specifically incorporated by reference in such documents, by writing or telephoning us at Potash Corporation of Saskatchewan Inc., Suite 500, 122nd Avenue South, Saskatoon, Saskatchewan, Canada S7K 7G3, telephone: (306) 933-8500.

PROSPECTUS

**Potash Corporation of
Saskatchewan Inc.**

Debt Securities

We may offer from time to time, in one or more series, the debt securities described in this prospectus. Such debt securities may be offered and sold by us in one or more offerings. This prospectus describes some of the general terms that may apply to the debt securities. The specific terms of any series of debt securities to be offered will be described in one or more supplements to this prospectus. You should read this prospectus and the applicable prospectus supplement carefully before you invest.

We may offer and sell the debt securities to or through one or more underwriters, dealers or agents, or directly to purchasers, on a continuous or delayed basis. Each prospectus supplement will provide the names of the underwriters, dealers or agents, if any, and the amount, price and terms of the plan of distribution relating to the debt securities to be offered pursuant to such prospectus supplement, as well as the net proceeds we expect to receive from such sale. Our debt securities may be denominated in U.S. dollars or in any other currency, currency units or composite currencies as we may designate.

Investing in our securities involves risks. You should consider carefully the risk factors described in the applicable prospectus supplement and in any documents incorporated by reference in this prospectus or the applicable prospectus supplement.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these debt securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

Edgar Filing: UGI CORP /PA/ - Form 11-K

The date of this prospectus is June 28, 2013.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the SEC using a shelf registration process. Under this shelf process, we may from time to time sell the debt securities described in this prospectus in one or more offerings at prices and on other terms to be determined at the time of the offering.

This prospectus provides you with a general description of the debt securities we may offer. This summary description is not intended to be a complete description of the debt securities. Each time we sell debt securities, we will provide one or more prospectus supplements that will contain specific information about the terms of that offering. Those terms may vary from the terms described in this prospectus. As a result, the summary description of the debt securities in this prospectus is subject to, and qualified by reference to, the description of the particular terms of any debt securities contained in any related prospectus supplement. A prospectus supplement may also add, update or change other information contained in this prospectus.

Before you invest in a particular issue of debt securities, you should read both this prospectus and any related prospectus supplement carefully, together with the additional information described below under the headings *Where You Can Find More Information* and *Incorporation by Reference of Certain Documents*.

In this prospectus, except as otherwise indicated or as the context otherwise requires, PotashCorp, we, our, us and the company refer to Potash Corporation of Saskatchewan Inc. and its consolidated subsidiaries.

FORWARD-LOOKING STATEMENTS

This prospectus and the documents it incorporates by reference contain forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995 that relate to future events or our future financial performance. Statements containing words such as *could*, *expect*, *may*, *anticipate*, *believe*, *intend*, *estimate*, *plan* and similar expressions constitute forward-looking statements. These statements are based on certain factors and assumptions as set forth in this prospectus and the documents incorporated by reference herein, including with respect to: foreign exchange rates, expected growth, results of operations, performance, business prospects and opportunities and effective tax rates. While we consider these factors and assumptions to be reasonable based on information currently available, they may prove to be incorrect.

We disclaim any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

Forward-looking statements are subject to important risks and uncertainties that are difficult to predict. The results or events set forth in forward-looking statements may differ materially from actual results or events. Some of the factors that could cause actual

Edgar Filing: UGI CORP /PA/ - Form 11-K

results or events to differ from current expectations include the following, some of which are described in greater detail in the documents that are incorporated by reference into this prospectus:

variations from our assumptions with respect to foreign exchange rates, expected growth, results of operations, performance, business prospects and opportunities, and effective tax rates;

fluctuations in supply and demand in the fertilizer, sulfur, transportation and petrochemical markets;

costs and availability of transportation and distribution for our raw materials and products, including railcars and ocean freight;

changes in competitive pressures, including pricing pressures;

adverse or uncertain economic conditions and changes in credit and financial markets;

the results of sales contract negotiations within major markets;

Table of Contents

economic and political uncertainty around the world;

timing and impact of capital expenditures;

risks associated with natural gas and other hedging activities;

changes in capital markets;

unexpected or adverse weather conditions;

changes in currency and exchange rates;

unexpected geological or environmental conditions, including water inflows;

imprecision in reserve estimates;

adverse developments in new and pending legal proceedings or government investigations;

acquisitions we may undertake;

strikes or other forms of work stoppage or slowdowns;

rates of return on, and the risks associated with, our investments;

changes in, and the effects of, government policies and regulations;

security risks related to our information technology systems; and

earnings, exchange rates and the decisions of taxing authorities, all of which could affect our effective tax rates.

These risks and uncertainties are discussed in more detail under the headings Risk Factors and Management's Discussion and Analysis of Financial Condition and Results of Operations in our annual report on Form 10-K for the fiscal year ended December 31, 2012 and in other documents filed by us with the SEC and the Canadian provincial securities commissions. You may obtain copies of these documents as described under the headings Where You Can Find More Information and Incorporation by Reference of Certain Documents.

As a result of these factors, we cannot assure you that any of the events or results anticipated by forward-looking statements included or incorporated by reference in this prospectus will occur or, if they do, what impact they will have on our business or on our results of operations and financial condition.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports and other information with the SEC. Our SEC filings are available to the public over the internet at the SEC's website at <http://www.sec.gov>. You may also read and copy any document we file with the SEC at the SEC's Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the Public Reference Room. The documents we file with the SEC are also available on our website at <http://www.potashcorp.com>. Except for the documents incorporated by reference into this prospectus, the information on our website is not part of this prospectus.

INCORPORATION BY REFERENCE OF CERTAIN DOCUMENTS

The SEC allows us to incorporate by reference into this prospectus information contained in documents we file with the SEC, which means that we can disclose important information to you by referring you to documents that we have previously filed with the SEC and documents that we will file with the SEC in the future. The information incorporated by reference is an important part of this prospectus, and information in documents that we file subsequently with the SEC will automatically update and supersede information in this prospectus. In the case of a conflict or inconsistency between information set forth in this prospectus and

Table of Contents

information incorporated by reference into this prospectus, you should rely on the information contained in this prospectus unless the information incorporated by reference was filed after the date of this prospectus. We incorporate by reference:

our annual report on Form 10-K for the fiscal year ended December 31, 2012, filed with the SEC on February 27, 2013;

our quarterly report on Form 10-Q for the period ended March 31, 2013, filed with the SEC on April 30, 2013; and

our current reports on Form 8-K filed with the SEC on May 17, 2013, May 28, 2013 and June 27, 2013.

We also incorporate by reference any future filings we make with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the U.S. Securities Exchange Act of 1934 until we sell all of the debt securities we are offering with this prospectus.

We will provide to you a copy of any or all of the above filings that have been incorporated by reference into this prospectus, excluding exhibits to those filings (other than exhibits that are specifically incorporated by reference into those filings), upon your request, at no cost. Any request may be made by writing or calling us at the following address or telephone number:

Potash Corporation of Saskatchewan Inc.

Suite 500, 122 1 Avenue South

Saskatoon, Saskatchewan, Canada S7K 7G3

Telephone: (306) 933-8500

In addition, you may access all of the above filings on our website at <http://www.potashcorp.com>. Except for the documents incorporated by reference into this prospectus, the information on our website is not part of this prospectus.

PRESENTATION OF FINANCIAL INFORMATION

We are a foreign private issuer in the United States that voluntarily files our consolidated financial statements with the SEC on U.S. domestic issuer forms. In addition, we are permitted to file with the SEC our consolidated financial statements under International Financial Reporting Standards, as issued by the International Accounting Standards Board, or IFRS, without reconciliation to U.S. generally accepted accounting principles, or U.S. GAAP. As a result, we do not prepare a reconciliation of our results to U.S. GAAP. It is possible that certain of our accounting policies could be different from U.S. GAAP.

Unless otherwise specified, financial information is presented in U.S. dollars.

POTASH CORPORATION OF SASKATCHEWAN INC.

We are the world's largest crop nutrient company and play an integral role in global food production. We produce the three essential nutrients required to help farmers grow healthier, more abundant crops. With global population rising and diets improving in developing countries, these nutrients offer a responsible and practical solution to meeting the long-term demand for food. We are the largest producer, by capacity, of potash and third largest producer of nitrogen and phosphate. While agriculture is our primary market, we also produce products for animal nutrition and industrial uses.

We are a corporation organized under the laws of Canada. Our principal executive offices are located at Suite 500, 122 1st Avenue South, Saskatoon, Saskatchewan, Canada S7K 7G3, telephone: (306) 933-8500.

Table of Contents
USE OF PROCEEDS

We intend to use the net proceeds from the sale of the debt securities described in this prospectus as set forth in the applicable prospectus supplement.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our consolidated ratios of earnings to fixed charges computed using amounts reported under IFRS and Canadian generally accepted accounting principles, or previous Canadian GAAP, as applicable, for the periods indicated below. Earnings for this purpose have been calculated by adding income taxes, fixed charges, amortization of capitalized interest and distributed income of equity-accounted investees to net income, and deducting interest capitalized and share of earnings of equity-accounted investees. Fixed charges for this purpose consist of the total of interest expensed and capitalized, amortization of capitalized expenses related to indebtedness and an estimate of the interest within rental expense.

	Three months ended March 31,		Year ended December 31,			
	2013	2012	2011	2010	2009(1)	2008(1)
Ratio of Earnings to Fixed Charges	10.81	11.13	14.15	9.01	4.86	24.08

(1) As the company adopted IFRS with effect from January 1, 2010, our 2008 and 2009 information is presented on a previous Canadian GAAP basis. Accordingly, information for prior years may not be comparable to 2010, 2011 and 2012.

Table of Contents

DESCRIPTION OF DEBT SECURITIES

As required by U.S. federal securities law, the debt securities offered pursuant to this prospectus are governed by a document called an indenture. The indenture is a contract between us, as issuer, and U.S. Bank National Association, as successor trustee. The indenture is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. The indenture is subject to and governed by the U.S. Trust Indenture Act of 1939, as amended. You should read the indenture for a more complete understanding of the provisions we describe below. Please see [Where You Can Find More Information](#) for information on how to obtain a copy of the indenture.

In the discussion that follows, we summarize certain provisions of the indenture. This discussion is not complete, and is qualified by reference to all the provisions of the indenture, including definitions of terms used in the indenture. For example, in this section we use defined terms that have been given special meaning in the indenture. We describe the meaning for only the more important terms. We also include references in parentheses to certain sections of the indenture. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in any prospectus supplement, those sections or defined terms are incorporated by reference in this prospectus or in any prospectus supplement.

We describe in this section the general terms that will apply to any debt securities that may be offered by us pursuant to this prospectus. At the time that we offer debt securities, we will describe in the related prospectus supplement the specific terms of the offered debt securities and the extent to which the general terms described in this section apply to those debt securities.

General

We may from time to time sell the debt securities described in this prospectus in one or more foreign currencies, currency units or composite currencies. The indenture provides that debt securities may be issued thereunder in an unlimited amount. The debt securities may be issued in one or more series, as established by us or as established in one or more indentures supplemental to the indenture. Not all debt securities of one series need be issued at the same time and, unless otherwise provided, any series may be reopened, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series. (*Section 3.01*)

The debt securities described in this prospectus will be direct unsecured obligations of PotashCorp and will rank equally and ratably without preference among themselves and at least equally with all of our other unsecured and unsubordinated indebtedness.

The particular terms of each issue of debt securities, as well as any modifications or additions to the general terms of the indenture that may be applicable in the case of that issue of debt securities, will be described in the related prospectus supplement. This description

Edgar Filing: UGI CORP /PA/ - Form 11-K

will include, where applicable:

the title, aggregate principal amount and denominations of the debt securities;

the price, expressed as a percentage of the principal amount, at which the debt securities will be issued and, if other than the principal amount, the portion of the principal amount payable upon the acceleration of the maturity of the debt securities, or the method by which any such portion will be determined;

the date or dates on which the debt securities will mature;

the rate or rates, which may be fixed or variable, at which the debt securities will bear interest;

the date from which interest on the debt securities will accrue, the dates on which interest will be payable, the date on which payment of interest will commence, the record dates for interest payment dates, the persons to whom interest will be paid and the basis upon which interest will be calculated, if other than that of a 360-day year of 12, 30-day months;

Table of Contents

the place or places where the principal of (and premium, if any) and interest on debt securities will be payable, where the debt securities may be surrendered for registration of transfer or exchange and where notices or demands to or upon us in respect of the debt securities and the indenture may be served;

the terms and conditions on which we may, at our option, redeem the debt securities, in whole or in part, including the period or periods for redemption and price or prices at which the debt securities may be redeemed;

the terms and conditions on which we may be obligated to redeem, repay or purchase the debt securities pursuant to any sinking fund or analogous provision or at the option of a security holder;

if other than U.S. dollars, the currency or currencies in which the debt securities are denominated and payable, which may be another currency or units of two or more other currencies or a composite currency or currencies, and the terms and conditions relating to those currencies;

whether the amount of payments of principal of (and premium, if any) or interest on the debt securities may be determined with reference to an index, formula or other method (which index, formula or method may, but need not, be based on a currency, currencies, currency unit or units or composite currency or currencies) and the manner in which those amounts will be determined;

any additional restrictive covenants included for the benefit of holders of the debt securities;

any additional events of default provided with respect to the debt securities;

whether the debt securities are to be issued in whole or in part in the form of one or more global securities and, if so, the identity of the depository;

whether the debt securities will be issued in certificated or book-entry form;

the applicability, if any, of the defeasance and covenant defeasance provisions described in this prospectus, or any modification of those provisions;

whether and under what circumstances we will pay any additional amounts on the debt securities in respect of any tax, assessment or governmental charge and, if so, whether we will have the option to redeem the debt securities in the place of making such payment; and

any other terms, conditions, rights and preferences of the debt securities. *(Section 3.01)*

We may issue debt securities as original issue discount securities to be offered and sold at a substantial discount below their stated principal amounts. We will describe in the related prospectus supplement any special U.S. or Canadian federal income tax, accounting or other considerations that may apply to any such original issue discount securities.

The prospectus supplement for each offering of debt securities may add to or change statements contained in this prospectus. Except as described in any prospectus supplement, the debt securities will not contain any provisions that would limit our ability to incur unsecured indebtedness or that would afford holders of the debt securities protection in the event of a leveraged transaction or that would prohibit other transactions that could adversely affect holders of the debt securities.

Form, Denomination, Registration or Transfer

Unless otherwise specified in the applicable prospectus supplement, we will issue debt securities only in registered form.

We may issue debt securities of a series in whole or in part in the form of one or more global securities. *(Section 2.03)*

Table of Contents

Unless otherwise specified in the applicable prospectus supplement, we will issue debt securities denominated in U.S. dollars in integral multiples of \$1,000. We will specify the denomination of any series of debt securities denominated in a foreign or composite currency or currency units in the related prospectus supplement. If applicable, we will issue one or more global securities in a denomination or aggregate denominations equal to the aggregate principal amount of the outstanding debt securities of the series to be represented by such global security or securities. *(Sections 3.01 and 3.02)*

The trustee will act as our agent for registering debt securities in the names of holders and recording transfers of debt securities, although we may appoint another entity to perform this function or perform this function ourselves. The entity performing this function is called the security registrar.

You may transfer or exchange debt securities at the office of the security registrar. You will not be required to pay any service charge for any registration of transfer or exchange of debt securities, but you may be required to pay for any tax or other governmental charge associated with the transfer or exchange. You may have your debt securities, other than a global security, exchanged for more debt securities of smaller permitted denominations or for fewer debt securities of larger permitted denominations. The transfer or exchange of a debt security will only be made if the security registrar is satisfied with your proof of ownership. *(Section 3.05)*

Neither we nor the trustee will be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series to be redeemed and ending at the close of business on the day of mailing of the relevant notice of redemption;

register the transfer of or exchange any debt security, or portion of a debt security, called for redemption, except the unredeemed portion of any debt security being redeemed in part; or

issue, register the transfer of or exchange any debt security that has been surrendered for repayment at the option of the holder, except the portion, if any, of such debt security not to be repaid. *(Section 3.05)*

Global Debt Securities

We may issue the debt securities of a series in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary identified in the related

prospectus supplement. Global securities will be registered in the name of the depositary or its nominee. Unless a global security is exchanged in whole or in part for debt securities in definitive form, a global security generally may be transferred only as a whole and only to the depositary or to a nominee of the depositary or to a successor depositary or its nominee. *(Sections 3.01 and 3.05)*

A general description of global securities arrangements is set forth below under *Legal Ownership of Debt Securities Global Securities*. The specific terms of the depositary arrangement with respect to any debt securities of a series issued in global form will be described in the prospectus supplement related to such series. We expect that the provisions of the next two paragraphs will apply to all depositary arrangements.

Upon the issuance of a global security, the depositary or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of the individual debt securities represented by the global security to the accounts of institutions that have accounts with the depositary. These institutions are called *participants*. The participant accounts to be credited will be designated by the underwriters or agents for such debt securities or by us if the debt securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that interest will be effected only through, records maintained by the depositary or its nominee, or by participants or persons that own beneficial interests through participants.

Table of Contents

Upon receipt of any payment in respect of a global security, the depositary or its nominee will immediately credit participants accounts with amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown in the records of the depositary or its nominee. Payments by participants to owners of beneficial interests in a global security held through participants will be governed by standing instructions and customary practices and will be the responsibility of those participants.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of any installment of interest on debt securities will be made to the person in whose name the debt security is registered at the close of business on the security register at the record date for such interest. The principal of (and applicable premium, if any, on) any series of debt securities will be payable at the corporate trust office of the trustee, which initially will be 100 Wall Street, Suite 1600, New York, New York 10005; except that, at our option, payment of interest may be made by check mailed to each holder at the holder's registered address or by wire transfer of funds to each holder at an account maintained within the United States. *(Sections 3.01, 3.07 and 10.02)*

If any interest is not punctually paid or provided for on any interest payment date, then interest will stop being payable to the holder on the relevant regular record date and may be paid to the person in whose name the debt security is registered at the close of business on a special record date for the payment of such defaulted interest. A special record date will be fixed by the trustee, which date shall be not more than 15 days and not less than ten days prior to the proposed payment date. Notice of the proposed payment of default interest and the special record date will be given to the holder of the debt security not less than ten days prior to such special record date. In addition, defaulted interest may be paid at any time in any other lawful manner, as described in the indenture. *(Section 3.07)*

We may appoint one or more paying agents to effect payments in respect of debt securities. We will identify any paying agent for a series of debt securities in the applicable prospectus supplement. We may terminate the appointment of any paying agent at any time, except that, unless otherwise indicated in the applicable prospectus supplement, we will maintain at least one paying agent in New York City for payments with respect to debt securities of any series payable in U.S. dollars. *(Section 10.02)*

Any money paid to a paying agent in respect of any debt security that remains unclaimed at the end of two years (or such shorter period of time for return of such money to PotashCorp under applicable abandoned property laws) after the relevant amounts shall have become due and payable will be repaid to us. Holders of these debt securities can thereafter look only to us for payment of these amounts. *(Section 10.03)*

Merger, Consolidation or Sale

Edgar Filing: UGI CORP /PA/ - Form 11-K

Under the indenture we may amalgamate or consolidate with, or sell, lease or convey all or substantially all of our assets to, or merge with or into, any other entity, provided that:

either we will be the continuing entity or the successor entity will be an entity organized and existing under the laws of Canada or any province or territory of Canada or the United States or any State thereof or the District of Columbia, and the successor entity will expressly assume payment of the principal of (and premium, if any) and interest on all of the debt securities and the due and punctual performance and observance of all of the covenants and conditions contained in the indenture;

immediately after giving effect to such transaction, no event of default under the indenture, and no event that, after notice or the lapse of time, or both, would become an event of default, will have occurred and be continuing; and

an officer's certificate and legal opinion covering such conditions will be delivered to the trustee. (*Sections 8.01 and 8.04*)

Table of Contents

Certain Covenants

Additional Amounts

Payments made by us under or with respect to the debt securities will be free and clear of, and without withholding or deduction for or on account of, any present or future tax, duty, levy, impost, assessment or other governmental charge of any nature whatsoever imposed or levied by or on behalf of the Government of Canada or of any province or territory of Canada or by any authority or agency therein or thereof having power to tax, which we refer to as Taxes, unless we are required to withhold or deduct Taxes by law.

If we are required to withhold or deduct any amount for or on account of Taxes from any payment made with respect to the debt securities, we will pay such additional amounts as may be necessary so that the net amount received by each holder (including additional amounts) after such withholding or deduction will not be less than the amount the holder would have received if the Taxes had not been withheld or deducted; provided that no additional amounts will be payable with respect to certain Taxes specified in the indenture, which we refer to as excluded Taxes. Excluded Taxes include Taxes:

that would not have been imposed but for the fact that the payment is made to a holder whom we do not deal with at arm's length (within the meaning of the Income Tax Act (Canada)) at the time we make such payment;

that would not have been imposed but for the existence of any present or former connection between the holder and Canada or any province or any territory of Canada unless the connection is only holding the debt securities or the receipt of payments on the debt securities;

that would not have been imposed but for the presentation by the holder of such debt security for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;

required to be deducted or withheld by any paying agent from a payment on a debt security, if such payment can be made without such deduction or withholding by any other paying agent; or

that would not have been imposed but for the failure of the holder to comply with any applicable certification, documentation,

information or other reporting requirement concerning the nationality, residence, identity or connection with the taxing jurisdiction of the holder or beneficial owner of such debt security.

We will also make such withholding or deduction and remit the full amount deducted or withheld to the relevant authority in accordance with applicable law.

We will furnish to the holders of the debt securities certified copies of tax receipts evidencing payment by us within 30 days after the date the payment of any Taxes is due.

At least 30 days prior to each date on which any payment under or with respect to the debt securities is due and payable, if we are obligated to pay additional amounts with respect to such payment, we will deliver to the trustee an officer's certificate stating the fact that such additional amounts will be payable, the amounts payable and such other information necessary to enable the trustee to pay such additional amounts to holders on the payment date. Wherever in this prospectus or a prospectus supplement we mention the payment of the principal of (or premium, if any) or interest on or any other amount payable under, or in respect of, any debt security of any series, we include the payment of additional amounts to the extent that, in such context, additional amounts are, were or would be payable.

Our obligation to pay additional amounts if and when due will survive the termination of the indenture and the payment of all amounts under or with respect to the debt securities. (*Section 10.06*)

Table of Contents

Limitation on Liens

We may not, and we may not permit any of our subsidiaries to, incur any lien on or with respect to any of our or any of our subsidiaries' principal property (as this term is defined below) owned on or acquired after the date of the indenture to secure debt without making (or causing such subsidiary to make) effective provision for securing the debt securities equally and ratably with such debt as to such principal property for as long as such debt is so secured. If such debt is subordinate to the debt securities, we must secure the debt securities as to such principal property prior to such debt for so long as such debt is so secured.

The restrictions on liens will not apply to:

liens in respect of debt existing on the date of the indenture;

liens on or with respect to property that is not principal property;

liens securing only debt securities issued under the indenture;

liens in favor of us or any of our subsidiaries;

liens on property existing immediately prior to the time of acquisition of such property (and not created in anticipation of the financing of such acquisition);

liens to secure debt incurred for the purpose of financing all or any part of the purchase price or the cost of construction or improvement of property used in our business or the business of any of our subsidiaries and subject to such liens, provided that the principal amount of any debt secured by such a lien does not exceed 100% of such purchase price or cost, such lien does not extend to or cover any property other than such property and any such improvements, and such debt is incurred within 12 months of such purchase, construction or improvement;

liens on property of a person existing at the time such person is merged with or into or amalgamated or consolidated with us or any of our subsidiaries that were not created in anticipation of the acquisition of such person, provided that such lien does not extend to or cover any property other than

that of the person so merged, amalgamated or consolidated;

liens on any principal property in favor of a domestic or foreign governmental body to secure partial progress, advance or other payments pursuant to any contract or statute of such governmental body; and

liens to secure debt incurred to extend, renew, refinance, replace or refund (or successive extensions, renewals, refinancings, replacements or refundings), in whole or in part, any secured debt existing on the date of the indenture or any debt secured by any lien referred to in the foregoing exceptions, so long as in each such case the lien does not extend to any other property and the debt so secured is not increased other than for reasonable costs related to such extension, renewal, refinancing, replacement or refunding.

In addition, we and our subsidiaries may incur a lien or liens to secure debt (excluding debt secured by liens permitted under the exceptions listed above) the aggregate amount of which, including attributable debt in respect of sale and leaseback transactions, does not exceed 15% of our consolidated net tangible assets, as such term is defined in the indenture. We and our subsidiaries may also incur a lien or liens to secure any debt incurred pursuant to a sale and leaseback transaction, without securing the debt securities equally and ratably with or prior to such debt, provided that such sale and leaseback transaction is permitted by the provisions of the indenture described below under *Limitation on Sale and Leaseback Transactions. (Section 10.07)*

For purposes of the limitation on liens covenant and the limitation on sale and leaseback transactions covenant, which is described below, the term *principal property* means any real property interest that is held by us or any of our subsidiaries and that has a gross book value exceeding 5% of our consolidated net tangible assets

Table of Contents

(other than any interest that our board of directors determines is not material to our business), or any of the capital stock or debt securities issued by any of our significant subsidiaries, as such term is defined in the indenture.

Limitation on Sale and Leaseback Transactions

We may not, and we may not permit any of our subsidiaries to, enter into any sale and leaseback transaction with respect to any principal property (except for a period, including renewals, not exceeding 36 months) unless:

at the time of entering into such sale and leaseback transaction, we (or such subsidiary) would be entitled to incur debt, in a principal amount equal to the attributable debt (as this term is defined below) in respect of such sale and leaseback transaction, secured by a lien, without equally and ratably securing the debt securities;

we apply (or such subsidiary applies), within 12 months after the sale or transfer, an amount equal to the greater of the net proceeds of the principal property sold pursuant to the sale and leaseback transaction or the fair value (in the opinion of an executive officer of ours) of such principal property to the acquisition of or construction on property used or to be used in the ordinary course of our business or the business of our subsidiary, and we shall have elected to designate such amount as a credit against such sale and leaseback transaction; or

subject to the following paragraph, we apply (or such subsidiary applies), within 12 months after the sale or transfer, an amount equal to the net proceeds of the principal property sold pursuant to the sale and leaseback transaction to the voluntary defeasance or retirement of debt, which amount will not be less than the fair value (in the opinion of an executive officer of ours) of such principal property less an amount equal to the principal amount of such debt voluntarily defeased or retired by us or such subsidiary within such 12-month period and not designated as a credit against any other sale and leaseback transaction. (*Section 10.08*)

Notwithstanding the foregoing, in no event will we be required to defease or retire, in the aggregate with respect to any and all such sale and leaseback transactions, more than 25% of the original aggregate principal amount of a series of debt securities on or prior to the fifth anniversary of the original issue date thereof. If the aggregate net proceeds that we would be otherwise required to use to defease or retire debt securities on or prior to the fifth anniversary of the issue date would exceed 25% of the original aggregate principal amount of such series (such excess we refer to as the 25% excess proceeds), then promptly after such fifth

anniversary we will defease or retire debt securities in an amount equal to the 25% excess proceeds. Pending such defeasing or retiring of debt securities, the 25% excess proceeds will be invested and maintained by us and for our benefit in permitted short-term investments, and we will not distribute such proceeds in respect of our common shares. *(Section 10.08)*

For purposes of the limitation on sale and leaseback transactions covenant, the term *attributable debt* means, with respect to any sale and leaseback transaction, the present value (discounted at the rate of interest implicit in the terms of the lease) of the obligations of the lessee under the lease for net rental payments during the remaining term of the lease (including any period for which such lease has been extended). For this purpose, *net rental payments* under any lease for any period means the sum of the rental and other payments required to be paid in the period by the lessee, not including, however, any amounts required to be paid by the lessee (whether or not designated as rental or additional rental) on account of maintenance and repairs, insurance, taxes, assessments or similar charges.

Table of Contents

Events of Default, Notice and Waiver

The indenture provides that the following events are events of default with respect to any series of debt securities:

default in the payment of interest on, or any additional amount payable in respect of, any debt security of that series when due and payable, and the continuance of that default for 30 days;

default in the payment of principal of (or premium, if any, on) any debt security of that series when due;

default in the deposit of any sinking fund payment, when and as due by the terms of any debt security of that series;

default in the performance or breach of any other covenant or warranty of PotashCorp contained in the indenture (other than a covenant added to the indenture solely for the benefit of a series of debt securities other than that series), and the continuance of that default or breach for 60 days after written notice by the holders of at least 25% in principal amount of the outstanding debt securities of that series;

a default in respect of indebtedness for borrowed money (including obligations under leases required to be capitalized on the balance sheet of the lessee, but not including any indebtedness for which recourse is limited to property purchased) in an aggregate principal amount in excess of \$100,000,000 that results in the acceleration of the due date of that indebtedness, without the acceleration having been rescinded or annulled;

certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of PotashCorp or any of our significant subsidiaries; and

any other event of default provided with respect to that particular series of debt securities. (*Section 5.01*)

An event of default with respect to a particular series of debt securities will not necessarily constitute an event of default with respect to any other series of debt securities.

We are required to file with the trustee annual officers' certificates as to the absence of specified defaults under the indenture. (*Section*

10.05)

If an event of default with respect to a series of debt securities occurs and is continuing, the trustee will, at the request of holders of not less than 25% in principal amount of the then-outstanding debt securities of the relevant series, declare the principal of, and premium, if any, on, all debt securities of the series to be due and payable, together with accrued interest. The indenture provides that, in certain cases, the holders of a majority in principal amount of the then-outstanding debt securities of a series may on behalf of the holders of all debt securities of that series waive any past default or event of default and rescind and annul any such declaration and its consequences. (*Section 5.02*)

The trustee may require indemnification from the holders of debt securities of a series before proceeding to exercise any right or power under the indenture at the request of those holders. (*Sections 6.01 and 6.03*) The holders of a majority in principal amount of the then-outstanding debt securities of any series may:

direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on it with respect to the debt securities of that series; and

take any other action authorized to be taken under the indenture or under applicable law.

However, the trustee may refuse to follow any direction that conflicts with law or the indenture or is unduly prejudicial to the rights of other holders. (*Section 5.12*)

Table of Contents

No holder will be entitled to pursue any remedy with respect to the indenture unless the trustee fails to act for 60 days after it is given:

notice of default by that holder;

a written request to enforce the indenture by the holders of not less than 25% in principal amount of all of the then-outstanding debt securities issued under the indenture (treated as a single class); and

an indemnity to the trustee, satisfactory to the trustee; and during this 60-day period the holders of a majority in principal amount of all of the then-outstanding debt securities issued under the indenture (treated as a single class) do not give a direction to the trustee that is inconsistent with the enforcement request. *(Section 5.07)* These provisions will not prevent any holder of debt securities from enforcing payment of the principal of (and premium, if any) and interest on the debt securities at the relevant due dates. *(Section 5.08)*

If an event of default with respect to a series of debt securities occurs and is continuing, the trustee will mail to the holders of those debt securities a notice of the event of default within 90 days after it occurs. However, except in the case of a default in any payment in respect of a series of debt securities, the trustee shall be protected in withholding notice of an event of default if it determines in good faith that this is in the interests of the holders of the relevant debt securities. *(Section 6.02)*

Modification of the Indenture

The indenture provides that, in general, we and the trustee may modify the indenture or the rights of the holders of any debt securities so long as we obtain the consent of the holders of not less than a majority in principal amount of the then-outstanding debt securities affected by the modification. The indenture also provides, however, that we may not effect any modification without the consent of each affected holder if that modification would, among other things:

change the stated maturity of the principal of (or premium, if any) or any installment of interest on any debt security;

reduce the principal amount of any debt security, or reduce the amount of principal of an original issue discount security that would be due and payable upon declaration of acceleration of the maturity thereof or would be provable in

Edgar Filing: UGI CORP /PA/ - Form 11-K

bankruptcy, or adversely affect any right of repayment of the holder of any such debt security;

change the place of payment for any debt security or change the currency in which a debt security is payable;

impair the right of any holder to institute suit for the enforcement of any payment on or with respect to any debt security;

reduce the percentage in principal amount of outstanding debt securities the consent of whose holders is required for approval of any proposed modification to the indenture or for waivers of certain covenants or defaults under the indenture, or reduce the requirements for quorum or voting; or

modify any of the foregoing provisions or any of the provisions relating to the waiver of certain past defaults or certain covenants, except to increase the required percentage to effect such action or to provide that certain other provisions may not be modified or waived without the consent of the holder of any debt security. (*Section 9.02*)

We and the trustee are permitted to make modifications and amendments to the indenture without the consent of any holder of debt securities for any of the following purposes:

to evidence the succession of another person to us as obligor under the indenture;

Table of Contents

to add covenants for any or all series of debt securities or to surrender any of our rights or powers in the indenture;

to add events of default for any or all series of debt securities;

to add or change any provisions of the indenture to permit or facilitate the issuance of debt securities in bearer form, or to permit or facilitate the issuance of debt securities in uncertificated form;

to change or eliminate any provisions of the indenture, provided that any such change or elimination will become effective only when there are no debt securities outstanding of any series created prior thereto that are entitled to the benefit of such provision;

to add guarantees to the debt securities and guarantors under the indenture or to secure the debt securities;

to establish the form or terms of debt securities of any series;

to provide for the acceptance of appointment by a successor trustee or facilitate the administration of the trusts under the indenture by more than one trustee;

to cure any ambiguity, defect or inconsistency in the indenture, provided that such action will not adversely affect the interests of holders of debt securities of any series issued under the indenture in any material respect; or

to supplement any of the provisions of the indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of debt securities, provided that such action will not adversely affect the interests of the holders of the debt securities of any series in any material respect.
(Section 9.01)

The indenture contains provisions for convening meetings of the holders of debt securities of a series. (Section 15.01) A meeting may be called at any time by the trustee, and also, upon request, by us or by the holders of at least 10% in principal amount of the outstanding debt securities of such series, in any such case upon notice given as provided in the indenture. (Section 15.02) Except for any consent that must be given by the holder of each debt security affected by certain modifications and amendments of the

indenture, any resolution presented at a meeting at which a quorum is present may be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding debt securities of that series. *(Section 15.04)*

Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the indenture will be binding on all holders of debt securities of that series whether or not present or represented at the meeting. The quorum at any meeting of the holders of debt securities of a series called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the outstanding debt securities of a series. *(Section 15.04)*

Discharge, Defeasance and Covenant Defeasance

We are permitted under the indenture to discharge certain obligations to holders of debt securities that have not already been delivered to the trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the trustee, in trust, funds in an amount sufficient to pay the entire indebtedness on such debt securities in respect of principal (and premium, if any) and interest to the date of such deposit (if such debt securities have become due and payable) or to the stated maturity and redemption date, as the case may be. *(Section 4.01)*

The indenture provides that we may elect either:

to defease and be discharged from all of our obligations with respect to the debt securities of a series (this is known as defeasance) *(Section 14.02)*, or

Table of Contents

to be released from our obligations with respect to the debt securities of a series under the restrictions described under Certain Covenants or, if provided pursuant to the indenture, our obligations under any other covenant, and any omission to comply with such obligations will not constitute an event of default with respect to those debt securities (this is known as covenant defeasance) (Section 14.03), in either case upon the irrevocable deposit by us with the trustee, in trust, of an amount, in the currency in which those debt securities are payable at stated maturity, or government obligations, or both, applicable to those debt securities that through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any) and interest on those debt securities, and any mandatory sinking fund or analogous payments thereon, on the scheduled due dates. (Section 14.04)

Such a trust will only be permitted to be established if, among other things, we have delivered to the trustee an opinion of counsel to the effect that the holders of such debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred, and such opinion of counsel, in the case of defeasance, will be required to refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable U.S. federal income tax law occurring after the date of the indenture. (Section 14.04)

Governing Law

The indenture and the debt securities will be governed by the laws of the State of New York. (Section 1.12)

Concerning the Trustee

U.S. Bank National Association, as successor trustee, is the trustee under the indenture. An affiliate of the trustee is a lender to us under our \$3,500.0 million credit facility maturing May 31, 2018, our \$75 million short-term line of credit (available through August 2013), our uncommitted \$32 million letter of credit facility (due on demand) and also maintains other normal banking relationships, including the maintenance of depositary accounts, with us and certain of our subsidiaries.

LEGAL OWNERSHIP OF DEBT SECURITIES

Street Name and Other Indirect Holders

We generally will not recognize investors who hold debt securities in accounts at banks or brokers as legal holders of those debt securities. This is called holding in street name. Instead, we recognize only the bank or broker or the financial institution the bank or broker uses to hold the debt securities. These intermediary banks, brokers and other financial institutions pass along principal, interest and other payments on the debt securities, either because

Edgar Filing: UGI CORP /PA/ - Form 11-K

they agree to do so in their customer agreements or because they are legally required to do so. If you hold debt securities in street name, you should check with your own institution to find out:

how it handles payments and notices with respect to securities;

whether it imposes fees or charges;

how it would handle voting if ever required;

how and when you should notify it to exercise on your behalf any rights or options that may exist under the debt securities;

Table of Contents

whether and how you can instruct it to send you securities registered in your own name so you can be a direct holder as described below; and

how it would pursue rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests.

Registered Holders

Our obligations, as well as the obligations of the trustee and any third parties employed by us or the trustee, run only to persons who are registered as holders of debt securities. As noted above, we do not have obligations to you if you hold in street name or through other indirect means, either because you choose to hold debt securities in that manner or because the debt securities are issued in the form of global securities as described below. For example, once we make payment to the registered holder, we have no further responsibility for the payment even if that holder is legally required to pass the payment along to you as a street name customer but does not do so.

Global Securities

A global security is a special type of indirectly held security. If we choose to issue debt securities in the form of global securities, the ultimate beneficial owners of the debt securities will be indirect holders. We do this by requiring that the global security be registered in the name of a financial institution we select and by requiring that the debt securities represented by the global security not be registered in the name of any other holder except in the special situations described below. The financial institution that acts as the sole registered holder of the global security is called the depository. Any person wishing to own a debt security may do so indirectly through an account with a broker, bank or other financial institution that in turn has an account with the depository. The prospectus supplement will indicate whether your series of debt securities will be issued only as global securities.

Transfers of debt securities represented by the global security will be made only on the records of the depository or its nominee by transferring such debt securities from the account of one broker, bank or financial institution to the account of another broker, bank or financial institution. These transfers are made electronically only and are also known as book-entry transfers. Securities in global form are sometimes also referred to as being in book-entry form.

As an indirect holder, your rights relating to a global security will be governed by the account rules of your financial institution and of the depository, as well as general laws relating to securities transfers. We will not recognize you as a holder of debt securities and instead will deal only with the depository that holds the global security.

You should be aware that if debt securities are issued only in the form of a global security:

you cannot have debt securities registered in your own name;

you cannot receive physical certificates for your interest in the debt securities;

you will be a street name holder and must look to your own bank or broker for payments on the debt securities and protection of your legal rights relating to the debt securities;

you may not be able to sell interests in the debt securities to some insurance companies and other institutions that are required by law to own securities in the form of physical certificates;

the depositary's policies will govern payments, transfers, exchanges and other matters relating to your indirect interest in the global security; we and the trustee will have no responsibility for any aspect of the depositary's actions or for its records of ownership interests in the global security; and we and the trustee also will not supervise the depositary in any way; and

the depositary will require that indirect interests in the global security be purchased or sold within its system using same-day funds for settlement.

Table of Contents

In a few special situations described below, the global security will terminate and the indirect interests in it will be exchanged for registered debt securities represented by physical certificates. After that exchange, the choice of whether to hold debt securities in registered form or in street name will be up to you. You must consult your bank or broker to find out how to have your interests in debt securities transferred to your name, so that you will be a registered holder.

Unless we specify otherwise in the prospectus supplement, the special situations for termination of a global security are:

when the depositary notifies us that it is unwilling, unable or no longer permitted under applicable law to continue as depositary and we do not or cannot appoint a successor depositary within 90 days;

when we notify the trustee that we wish to terminate the global security; or

an event of default has occurred with regard to debt securities represented by that global security and has not been cured or waived. We discuss defaults above under Events of Default, Notice and Waiver

The prospectus supplement may also list additional situations for terminating a global security that would apply only to the particular series of debt securities covered by the prospectus supplement. When a global security terminates, the depositary (and not us or the trustee) is responsible for deciding the names of the institutions that will be the initial registered holders.

The Term *Holder* as Used in this Prospectus and Elsewhere

In the descriptions of the debt securities included in this prospectus and any prospectus supplement, when we refer to the holder of a given debt security as being entitled to certain rights or payments, or being permitted to take certain actions, we are in all cases referring to the registered holder of the debt security.

While you would be the registered holder if you held a certificated security registered in your name, it is likely that the holder will actually be either the broker, bank or other financial institution where you have your street name account, or, in the case of a global security, the depositary. If you are an indirect holder, you will need to coordinate with the institution through which you hold your interest in a debt security in order to determine how the provisions involving holders described in this prospectus and any prospectus supplement will actually apply to you. For example, if the debt security in which you hold a beneficial interest in street name can be repaid at the option of the holder, you cannot exercise the option yourself by following the procedures described in the prospectus supplement. Instead, you would need to cause the

institution through which you hold your interest to take those actions on your behalf. Your institution may have procedures and deadlines different from or additional to those described in the prospectus supplement relating to the debt security.

INCOME TAX CONSIDERATIONS

The applicable prospectus supplement will describe the principal U.S. federal income tax consequences and the principal Canadian federal income tax consequences to holders who are residents of the United States of the acquisition, ownership and disposition of the applicable series of debt securities under the U.S. Internal Revenue Code of 1986, as amended, and the Income Tax Act (Canada).

PLAN OF DISTRIBUTION

General

We may sell the offered debt securities through agents, through underwriters or dealers, directly to one or more purchasers or through a combination of any of these methods of sale.

The accompanying prospectus supplement will identify or describe:

any underwriters, agents or dealers;

Table of Contents

their compensation;

the net proceeds to us;

the purchase price of the debt securities;

the initial public offering price of the debt securities; and

any exchange on which the debt securities are to be listed. Underwriters, agents and dealers that participate in the distribution of the debt securities may be underwriters as defined in the U.S. Securities Act of 1933, or the Securities Act, and any discounts or commissions they receive from us and any profit on their resale of the debt securities may be treated as underwriting discounts and commissions under the Securities Act.

The debt securities described in this prospectus will not be offered or sold to a resident of Canada in contravention of the securities laws of Canada or any province or territory thereof.

Underwriters and Agents

If we use underwriters for a sale of debt securities, the debt securities will be acquired by the underwriters for their own account. The underwriters may resell the debt securities in one or more transactions, including negotiated transactions at a fixed public offering price or at varying prices determined at the time of sale. Unless otherwise indicated in the related prospectus supplement, the obligations of the underwriters to purchase the debt securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the debt securities of the series offered if any of the debt securities of that series are purchased. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

We may designate agents to solicit purchases for the period of their appointment to sell securities on a continuing basis. Unless otherwise indicated in the related prospectus supplement, any such agent will be acting on a reasonable best efforts basis for the period of its appointment.

Any such underwriters or agents may from time to time purchase and sell the debt securities described in this prospectus and the relevant prospectus supplement in the secondary market, but are not obligated to do so. No assurance can be given that there will be a secondary market for the debt securities or liquidity in the secondary market if one develops. From time to time, those underwriters or agents may make a market in the debt securities but are not obligated to do so.

Dealers

We may sell the offered debt securities to dealers as principals. We may negotiate and pay dealers' commissions, discounts or concessions for their services. The dealer may then resell such debt securities to the public either at varying prices to be determined by the dealer or at a fixed offering price agreed to with us at the time of resale. Dealers engaged by us may allow other dealers to participate in resales.

Direct Sales

We may choose to sell the offered debt securities directly. In this case, no underwriters or agents would be involved.

Indemnification; Other Relationships

We may have agreements with any underwriters, agents or dealers to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute to payments they may be required to make in respect thereof. Underwriters, agents or dealers may engage in transactions with us or our subsidiaries, perform services for us or our subsidiaries or be customers of ours or our subsidiaries in the ordinary course of business.

Table of Contents

LEGAL MATTERS

In connection with particular offerings of the debt securities in the future, and if stated in the applicable prospectus supplements, certain matters involving the laws of the United States will be passed upon for us by Jones Day, our United States counsel, and certain matters involving the laws of Canada will be passed upon for us by Stikeman Elliott LLP, our Canadian counsel.

EXPERTS

The financial statements, and the related financial statement schedule, incorporated in this Prospectus by reference from the company's Annual Report on Form 10-K, and the effectiveness of the company's internal control over financial reporting have been audited by Deloitte LLP, independent registered chartered accountants, as stated in their reports, which are incorporated herein by reference. Such financial statements and financial statement schedule have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

ENFORCEABILITY OF CIVIL LIABILITIES UNDER U.S. FEDERAL SECURITIES LAWS

We are a corporation organized under the laws of Canada. Certain of our directors and executive officers are residents of Canada. Substantial portions of our assets and of our subsidiaries and such individuals are located outside of the United States. As a result, it may be difficult or impossible to effect service of process within the United States upon such persons in connection with matters arising under the United States federal securities laws or to enforce against them in United States courts judgments of United States courts predicated upon the civil liability provisions of the United States federal securities laws. There is some doubt as to the enforceability in Canada in original actions, or in actions for enforcement of judgments of United States courts, of civil liabilities predicated upon the United States federal securities laws. In addition, awards for punitive damages in actions brought in the United States or elsewhere may be unenforceable in Canada.
