Related Audit Report or Completed Interim Review.

On March 28, 2009, the management of IntegraMed America, Inc. (the "Company"), following discussions with the Securities and Exchange Commission (the "SEC"), concluded and subsequently reported to the Audit Committee of the Company's Board of Directors (the "Audit Committee") that the Company's audited financial statements for the years ended December 31, 2004, 2005, 2006 and 2007, the Company's unaudited financial statements for each of the first, second and third quarters of 2004, 2005, 2006, 2007 and 2008 and the Company's results of operations for the year ended December 31, 2008 (collectively, the "Relevant Periods") should no longer be relied upon and will be restated due to a modification in the timing of revenue recognition associated with the Company's Attain(TM) IVF Program (formerly known as the IntegraMed Shared Risk(R) Refund Program).

The Attain IVF Program is an in vitro fertilization treatment plan in which enrolled patients pay an up front lump-sum fee, 70% to 100% of which is refunded in the event the treatment plan is not completed or treatment does not result in a take home baby. The Company has generally recorded expenses associated with the Attain IVF Program as incurred.

Our previous revenue recognition policy had generally recognized the non-refundable patient fees (generally 30% of the contracted amount) as revenue upon the completion of the first treatment cycle and we now recognize the non-refundable fees based on the relationship of the relative fair value of each treatment to the total fair value of the treatment package available to each patient. We also recognize a "warranty reserve" representing the estimated cost of services to be provided in the event a qualified patient miscarries. This restatement only impacts the timing of the revenue recognition for a portion of the total fees that we collect from our customers (generally 30% of the contracted amount). The revenue recognition of the remaining contracted amount is unchanged and will continue to be recognized upon pregnancy.

The cumulative effect of this change in policy as of December 31, 2008, is to defer approximately \$3.5 million of revenue into 2009 which would have been recognized in 2008. Similarly we recognized a substantial amount of revenue in 2008 which had been deferred from 2007. The change in revenue on our financial statements for the years ended December 31, 2008, 2007 and 2006 is illustrated below (000's):

	For the twelve months ended December 31,		
	2008	2007	2006
Revenue recognized from prior year	2,796	1,964	1,344
Revenue deferred to future year	(3,477)	(2,796)	(1,964)
	(681)	(832)	(620)
Net change in annual revenue	(681)	(832)	(620)
