ITEM 1. REPORT TO STOCKHOLDERS.

The ANNUAL Report to Stockholders is filed herewith.

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Letter From the Chairman

DEAR SHAREHOLDER,

The philosopher Bertrand Russell famously remarked that, "Change is one thing, progress is another." You will notice in the following pages that we have begun to implement some changes to your shareholder report and we will be reflecting other changes in future reports. Our aim is to make meaningful improvements in reporting on the management of your Fund and its performance, not just to enact change for change's sake. Please bear with us during this transition period.

On an administrative note, the Fund changed its name from The Emerging Markets Income Fund II Inc to Salomon Brothers Emerging Markets Income Fund II Inc. effective April 21, 2003. The Fund continues to trade on the NYSE under the symbol "EDF." The management of the Fund has not changed; Salomon Brothers Asset Management Inc has always been responsible for the day-to-day management of the Fund. Salomon Brothers Asset Management Inc has a rich tradition of investing for nearly a century and a portfolio management staff with decades of investment industry experience managing money through a variety of market conditions. As a shareholder, you should know that your money continues to be managed by a

Edgar Filing: SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC - Form N-CSR

seasoned portfolio management team that is skilled at spotting opportunities worldwide.

We know that you have questions about fund managers' decisions and plans, and we want to be sure that you have easy access to the information you need. Keeping investors informed is, and always will be, one of my top priorities as Chairman of your Fund. To that end, we encourage you to contact Investor Relations at 1-800-SALOMON.

As always, thank you for entrusting your assets to us. We look forward to helping you continue to meet your financial goals. Please read on to learn more about your Fund's performance and the Manager's strategy.

Sincerely,

/s/ R. Jay Gerken

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Manager Overview

PERFORMANCE REVIEW

During the 12 months ended May 31, 2003, the Salomon Brothers Emerging Markets Income Fund II Inc. ("Fund"), generated a strong performance record, posting a total return of 39.24% based on its net asset value ("NAV") and 28.76% based on its market price. The Fund outperformed the J.P. Morgan Emerging Markets Bond Index Plus ("EMBI+"), /i/ the Fund's benchmark, which returned 27.65% for the period.

During the period, the Fund distributed dividends to shareholders totaling \$1.65 per share. The table below shows the 12-month total returns based on the Fund's May 31, 2003 net asset value ("NAV") per share and its New York Stock Exchange ("NYSE") closing price. /ii/ PAST PERFORMANCE IS NOT INDICATIVE OF FUTURE RESULTS.

PRICE PER SHARE	TOTAL RETURN FOR THE 12-MONTH PERIOD /iii/
\$13.88 (NAV)	39.24%
\$15.53 (NYSE)	28.76%

MARKET OVERVIEW

The 12-month period was a challenging one for global markets./iv/ Investor

confidence was shaken by volatile U.S. and global equity markets, the uncertain outlook for U.S. economic growth, reports of alleged corporate misdeeds at several high-profile firms, and the ongoing threat of terrorist activity.

In addition to these global developments, the markets for emerging market debt were also affected by the political and fiscal uncertainty in Brazil and Ecuador, Argentina's economic difficulties (after it defaulted on its debt), upcoming Turkish general elections, as well as deteriorating fundamentals in Venezuela. Despite all these issues, the emerging markets debt markets started a rally in October 2002 that has continued to date. As of May 31, 2003, sovereign spreads (the difference between yields on sovereign debt issues and those on U.S. Treasuries), a common gauge of risk premium, registered at 553 basis points (or 5.53%) over U.S. Treasuries, which was 488 basis points (or 4.88%) tighter than that on September 30, 2002.

The market rally has been broad-based as all countries in the EMBI+ posted gains for 2003 through the end of May of this year. Overall market performance was heavily influenced by returns in Latin American countries as markets welcomed ambitious political and economic reform programs introduced by the newly elected leaders of Brazil and Ecuador. During the period, the debt markets for Brazil and Ecuador posted gains of 36.43% and 36.92%, respectively. The market also continued to support Russia as the country enjoyed strong fiscal performance, improved domestic demand and credit rating upgrades. Returning 38.41%, Russia was the best-performing market in the EMBI+ during the period. The market rally in Russia was also supported by higher oil prices, an important source of revenues for many oil-exporting countries in the emerging markets.

FUND PERFORMANCE

The Fund's overweight positions in Brazil and Ecuador positively contributed to its performance this year. Its overweight position in Brazil relative to the EMBI+ was a major contributor both on an absolute and relative basis, as Brazil currently constitutes a large percentage of the EMBI+ (approximately 21%). The Fund's use of leverage also positively contributed to its performance as its borrowing costs were significantly below the return on invested assets.

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Our decision to underweight Russia and Argentina versus the Fund's benchmark hurt our relative performance this year. While we are happy with Russia's progress, we slightly reduced the Fund's exposure to this market during the period as we became concerned that valuations of Russian debt ran ahead of the fundamental improvements in this country.

LOOKING FOR ADDITIONAL INFORMATION?

The Salomon Brothers Emerging Markets Income Fund II Inc. is traded under the symbol "EDF" and its closing market price is available in most newspapers under the New York Stock Exchange listings. The daily net asset value closing price is available online under symbol XEDFX. Barron's and The Wall Street Journal's Monday editions carry closed-end fund tables that will provide other additional information. In addition, the Fund issues a quarterly allocation press release that can be found on most major financial web sites.

In a continuing effort to provide information concerning the Salomon Brothers Emerging Markets Income Fund II Inc., shareholders may call 1-888-777-0102 or 1-800-SALOMON (toll free), Monday through Friday from 8:00 a.m. to 6:00 p.m.

Portfolio Manager

June 18, 2003

The information provided in this letter by the Manager is not intended to be a forecast of future events, a guarantee of future results or investment advice. Views expressed may differ from those of the firm as a whole.

Portfolio holdings and breakdowns are as of May 31, 2003 and are subject to change. Please refer to pages 4 through 7 for a list and percentage breakdown of the Fund's holdings.

- i The EMBI+ is a total return index that tracks the traded market for U.S. dollar-denominated Brady and other similar sovereign restructured bonds traded in the emerging markets. Please note that an investor cannot invest directly in an index.
- ii NAV is a price that reflects the value of the Fund's underlying portfolio. However, the price at which an investor may buy or sell shares of the Fund is at the Fund's market price as determined by supply of and demand for the Fund's common shares.
- iii Total returns are based on changes in NAV or the market price, respectively. Total returns assume the reinvestment of all dividends, distributions and/or capital gains in additional shares.
- iv Foreign securities are subject to certain risks of overseas investing, including currency fluctuations and changes in political and economic conditions, which could result in significant market fluctuations. These risks are magnified in emerging or developing markets.

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Notes to Financial Statements

Note 1. Organization and Significant Accounting Policies

Salomon Brothers Emerging Markets Income Fund II Inc. ("Fund"), formerly known as The Emerging Markets Income Fund II Inc, was incorporated in Maryland on April 27, 1993 and is registered as a non-diversified, closed-end, management investment company under the Investment Company Act of 1940, as amended. The Board of Directors authorized 100 million shares of \$0.001 par value common stock. The Fund's primary investment objective is to seek high current income. As a secondary objective, the Fund seeks capital appreciation. In pursuit of these objectives, the Fund under normal conditions invests at least 80% of its net assets plus any borrowings for investment purposes in debt securities of government and government related issuers located in emerging market countries (including participations in loans between governments and financial institutions), and of entities organized to restructure the outstanding debt of such issuers, and in debt securities of corporate issuers located in emerging market countries.

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

(a) SECURITIES VALUATION. In valuing the Fund's assets, all securities and options for which market quotations are readily available are valued (i) at the last sale price prior to the time of determination if there was a sale on the date of determination, (ii) at the mean between the last current bid and asked price if there was no sales price on such date and bid and asked quotations are available, and (iii) at the bid price if there was no sales price on such date and only bid quotations are available. Publicly traded foreign government debt securities are typically traded internationally in the over-the-counter market, and are valued at the mean between the last current bid and asked price as of the close of business of that market. However, where the spread between bid and asked price exceeds five percent of the par value of the security, the security is valued at the bid price. Securities may also be valued by independent pricing services which use prices provided by market-makers or estimates of market values obtained from yield data relating to instruments or securities with similar characteristics. Short-term investments having a maturity of 60 days or less are valued at amortized cost, unless the Board of Directors determines that such valuation does not constitute fair value. Securities for which reliable quotations are not readily available and all other securities and assets are valued at fair value as determined in good faith by, or under procedures established by, the Board of Directors.

(b) SECURITIES TRANSACTIONS AND INVESTMENT INCOME. Securities transactions are recorded on the trade date. Interest income is accrued on a daily basis. Market discount or premium on securities purchased is accreted or amortized,

respectively, on an effective yield basis over the life of the security. The Fund uses the specific identification method for determining realized gain or loss on investments sold.

Page 12

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Notes to Financial Statements (continued)

(c) FOREIGN CURRENCY TRANSLATION. The books and records of the Fund are maintained in U.S. dollars. Portfolio securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation using the 12:00 noon rate of exchange reported by Reuters. Purchases and sales of portfolio securities and income and expense items denominated in foreign currencies are translated into U.S. dollars at rates of exchange prevailing on the respective dates of such transactions. Net realized gains and losses on foreign currency transactions represent net gains and losses from sales and maturities of forward currency contracts, disposition of foreign currencies, currency gains and losses realized between the trade and settlement dates on securities transactions and the difference between the amount of net investment income accrued and the U.S. dollar equivalent amount actually received. The Fund does not isolate that portion of gains and losses on investments which is due to changes in foreign exchange rates from that which is due to changes in market prices of the securities. Such fluctuations are included with the net realized and unrealized gain or loss from investments. However, pursuant to U.S. Federal income tax regulations, certain net foreign exchange gains/losses included in realized gain/loss are included in or are a reduction of ordinary income for Federal income tax purposes.

(d) FEDERAL INCOME TAXES. It is the Fund's intention to continue to meet the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income and capital gains, if any, to its shareholders. Therefore, no Federal income tax or excise tax provision is required.

(e) REPURCHASE AGREEMENTS. When entering into repurchase agreements, it is the Fund's policy to take possession, through the custodian, of the underlying collateral and to monitor its value at the time the arrangement is entered into and during the term of the repurchase agreement to ensure that it equals or exceeds the repurchase price. In the event of default of the obligation to repurchase, the Fund has the right to liquidate the collateral and apply the proceeds in satisfaction of the obligation. Under certain circumstances, in the event of default or bankruptcy by the other party to the agreement, realization and/or retention of the collateral may be subject to legal proceedings.

(f) DISTRIBUTION OF INCOME AND GAINS. The Fund declares and pays distributions to shareholders quarterly. Net realized gains, if any, in excess of loss carryovers are expected to be distributed annually. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized gains are determined in accordance with Federal income tax regulations, which may differ from GAAP due primarily to differences in the treatment of foreign currency gains/losses and deferral of wash sales incurred by the Fund. These "book/tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their Federal income tax basis treatment; temporary differences do not require reclassification. Dividends and distributions which exceed net investment income and net realized capital gains

for financial reporting purposes but not for tax purposes are reported as distributions in excess of net investment income or distributions in excess of net realized capital gains. To the extent they exceed net investment income and net realized capital gains for tax purposes, they are reported as tax return of capital.

Page 13

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Notes to Financial Statements (continued)

(g) FORWARD FOREIGN CURRENCY CONTRACTS. A forward foreign currency contract is a commitment to purchase or sell a foreign currency at a future date at a negotiated forward rate. The contract is marked to market to reflect the change in the currency exchange rate. The change in market value is recorded by the Fund as an unrealized gain or loss. The Fund records a realized gain or loss on delivery of the currency or at the time the forward foreign currency contract is extinguished (compensated) by entering into a closing transaction prior to delivery. This gain or loss, if any, is included in net realized gain (loss) on foreign currency transactions.

(h) OPTION CONTRACTS. When the Fund writes or purchases a call or a put option, an amount equal to the premium received or paid by the Fund is recorded as a liability or asset, the value of which is marked-to-market to reflect the current market value of the option. When the option expires, the Fund realizes a gain or loss equal to the amount of the premium received or paid. When the Fund enters into a closing transaction by purchasing or selling an offsetting option, it realizes a gain or loss without regard to any unrealized gain or loss on the underlying security. When a written call option is exercised, the Fund realizes a gain or loss from the sale of the underlying security and the proceeds from such sale are increased by the premium originally received on the option. If a written put option is exercised, the amount of the premium received reduces the cost of the security that the Fund purchased upon exercise of the option.

(i) CASH FLOW INFORMATION. The Fund invests in securities and distributes dividends from net investment income and net realized gains from investment transactions which are paid in cash. These activities are reported in the Statement of Changes in Net Assets. Additional information on cash receipts and cash payments is presented in the Statement of Cash Flows.

(j) YEAR END TAX RECLASSIFICATIONS. The character of income and gains to be distributed are determined in accordance with income tax regulations which may differ from GAAP. At May 31, 2003, reclassifications were made to the capital accounts of the Fund to reflect permanent book/tax differences and income and gains available for distributions under income tax regulations. Accordingly, a portion of overdistributed net investment income amounting to \$6,061,240 has been reclassified to paid-in capital. Net investment income, net realized loss and net assets were not affected by this change.

Note 2. Management and Advisory Fees and Other Transactions

For the period from June 1, 2002 through December 15, 2002, the Fund was a party to a management agreement with PIMCO Funds Advisors LLC ("PIMCO"), an indirect wholly-owned subsidiary of Allianz Dresdner Asset Management of America L.P., a wholly-owned subsidiary of Allianz AG, pursuant to which PIMCO, among other things, supervised the Fund's investment program, including advising and consulting with the Fund's investment manager regarding the Fund's overall investment strategy. During that same period, the Fund was also a party to an investment advisory and administration agreement with Salomon Brothers Asset Management Inc

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Notes to Financial Statements (continued)

("SBAM"), an indirect wholly-owned subsidiary of Citigroup Inc. ("Citigroup"), pursuant to which SBAM, among other things, was responsible for the day-to-day management of the Fund's portfolio, including making investment strategy decisions for the Fund and managing and investing the assets of the Fund in accordance with its stated policies. SBAM also provided administration and stockholder services for the Fund pursuant to the agreement.

Effective December 16, 2002, the Fund entered into a new investment advisory and administration agreement with SBAM. Under the terms of the new investment advisory and administration agreement, which was approved by shareholders at the Special Joint Meeting of Stockholders held on December 11, 2002, SBAM provides all management, advisory and administration services for the Fund. PIMCO has ceased to act as investment manager for the Fund. SBAM has delegated certain administrative services to Smith Barney Fund Management LLC ("SBFM"), another indirect wholly-owned subsidiary of Citigroup and an affiliate of SBAM, pursuant to a Sub-Administration Agreement between SBAM and SBFM.

The Fund currently pays SBAM a monthly fee at an annual rate of 1.05% of the Fund's average weekly net assets for its services. Prior to December 16, 2002, the Fund paid PIMCO an advisory fee calculated at an annual rate of 1.20% of the Fund's average weekly net assets, out of which PIMCO paid SBAM a management fee calculated at an annual rate of 0.70% of the Fund's average weekly net assets.

At May 31, 2003, Citigroup Global Markets Inc., formerly known as Salomon Smith Barney Inc., another indirect wholly-owned subsidiary of Citigroup, held 1,500 shares of the Fund.

Certain officers and/or directors of the Fund are officers and/or directors of SBAM.

Note 3. Portfolio Activity

For the year ended May 31, 2003, the aggregate cost of purchases and proceeds from sales of investments (including maturities of long-term investments, but excluding short-term investments) were as follows:

Purchases	\$812,854,792

Sales	\$848,915,671

At May 31, 2003, the aggregate gross unrealized appreciation and depreciation of investments for Federal income tax purposes were as follows:

Gross unrealized appreciation	\$ 36,761,522
Gross unrealized depreciation	(2,052,176)

Net unrealized appreciation	\$ 34,709,346

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Notes to Financial Statements (continued)

Note 4. Loan

At May 31, 2003, the Fund had a \$110,000,000 loan available pursuant to a revolving credit and security agreement of which the Fund had \$100,000,000 outstanding with CXC LLC, an affiliate of Citigroup, a commercial paper conduit issuer for which Citicorp North America, Inc., an affiliate of SBAM, acts as administrative agent. The loans generally bear interest at a variable rate based on the weighted average interest rates of the underlying commercial paper or LIBOR, plus any applicable margin. Securities held by the Fund are subject to a lien, granted to the lenders, to the extent of the borrowing outstanding and any additional expenses.

Note 5. Loan Participations/Assignments

The Fund invests in fixed and floating rate loans arranged through private negotiations between a foreign sovereign entity and one or more financial institutions ("lenders"). The Fund's investment in any such loan may be in the form of a participation in or an assignment of the loan. At May 31, 2003, the total cost of the Fund's loan participations was \$17,641,467

In connection with purchasing loan participations, the Fund generally will have no right to enforce compliance by the borrower with the terms of the loan agreement relating to the loan, nor any rights of set-off against the borrower, and the Fund may not benefit directly from any collateral supporting the loan in which it has purchased the participation. As a result, the Fund will assume the credit risk of both the borrower and the lender that is selling the participation. In the event of the insolvency of the lender selling the participation, the Fund may be treated as a general creditor of the lender and may not benefit from any set-off between the lender and the borrower.

When the Fund purchases assignments from lenders, the Fund will acquire direct rights against the borrower on the loan, except that under certain circumstances such rights may be more limited than those held by the assigning lender.

The Fund may have difficulty disposing of participations/assignments because the market for certain instruments may not be highly liquid.

Note 6. Credit and Market Risk

The yields of emerging market debt obligations reflect, among other things, perceived credit risk. The Fund's investment in securities rated below investment grade typically involves risks not associated with higher rated securities including, among others, overall greater risk of timely and ultimate payment of interest and principal, greater market price volatility and less liquid secondary market trading. The consequences of political, social, economic or diplomatic changes may have disruptive effects on the market prices of investments held by the Fund. The Fund's investment in non-dollar-denominated securities may also result in foreign currency losses caused by devaluations and exchange rate fluctuations. At May 31, 2003, the Fund has a concentration of risk in sovereign debt of emerging market countries.

Page 16

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Notes to Financial Statements (continued)

Note 7. Option Contracts

The Fund may from time to time enter into option contracts. Premiums paid when put or call options are purchased by the Fund, represent investments, which are marked-to-market daily. When a purchased option expires, the Fund will realize a loss in the amount of the premium paid. When the Fund enters into a closing sales transaction, the Fund will realize a gain or loss depending on whether the proceeds from the closing sales transaction are greater or less than the premium paid for the option. When the Fund exercises a put option, it will realize a gain or loss from the sale of the underlying security and the proceeds from such sale will be decreased by the premium originally paid. When the Fund exercises a call option, the cost of the security which the Fund purchases upon exercise will be increased by the premium originally paid.

At May 31, 2003, the Fund did not hold any purchased call or put option contracts.

When the Fund writes a call or put option, an amount equal to the premium received by the Fund is recorded as a liability, the value of which is marked-to-market daily. When a written option expires, the Fund realizes a gain equal to the amount of the premium received.

When the Fund enters into a closing purchase transaction, the Fund realizes a gain or loss depending upon whether the cost of the closing transaction is greater or less than the premium originally received, without regard to any unrealized gain or loss on the underlying security, and the liability related to such option is eliminated. When a written call option is exercised the proceeds of the security sold will be increased by the premium originally received. When a written put option is exercised, the amount of the premium originally received will reduce the cost of the security which the Fund purchased upon exercise. When written index options are exercised, settlement is made in cash.

The Fund enters into options for hedging purposes. The risk associated with purchasing options is limited to the premium originally paid. The risk in writing a covered call option is that the Fund gives up the opportunity to participate in any increase in the price of the underlying security beyond the exercise price. The risk in writing a put option is that the Fund is exposed to the risk of loss if the market price of the underlying security declines. The risk in writing a call option is that the Fund is exposed to the risk of loss if the market price of the underlying security increases.

During the year ended May 31, 2003, the Fund did not enter into any written covered call or put option contracts.

Note 8. Dividend Subsequent to May 31, 2003

On May 2, 2003, the Board of Directors of the Fund declared a common stock dividend of \$0.4125 per share from net investment income. The dividend is payable on June 27, 2003 to shareholders of record on June 17, 2003.

Page 17

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Notes to Financial Statements (continued)

Note 9. Capital Loss Carryforward

At May 31, 2003, the Fund had, for Federal income tax purposes, a capital loss carryforward of approximately \$13,409,000, available to offset future capital gains. To the extent that these carryforward losses are used to offset capital gains, it is probable that any gains so offset will not be distributed. The amount and expiration of the carryforwards are indicated below. Expiration occurs on May 31 of the year indicated:

	2007 -----	2008 -----	2010 -----
Carryforward Amounts	\$1,369,000	\$11,811,000	\$229,000

In addition, the Fund had \$12,132,456 of capital losses realized after October 31, 2002, which were deferred for tax purposes to the first day of the following fiscal year.

Note 10. Income Tax Information and Distributions to Shareholders

At May 31, 2003, the tax basis components of distributable earnings were:

Accumulated capital losses	\$(13,409,636)
Unrealized appreciation	\$ 34,653,549

The difference between book basis and tax basis unrealized appreciation is attributable primarily to wash sale loss deferrals.

The tax character of distributions paid during the year ended May 31, 2003 was:

Ordinary income	\$ 39,505,644
-----------------------	---------------

(1) Per share amounts have been calculated using the monthly average shares method.

(2) Effective June 1, 2001, the Fund adopted a change in the accounting method that requires the Fund to amortize premiums and accrete all discounts. Without the adoption of this change for the year ended May 31, 2002, the ratio of net investment income to average net assets would have been 13.65%. Per share information, ratios and supplemental data for the periods prior to June 1, 2001 have not been restated to reflect this change in presentation. In addition, the impact of this change to net investment income and net realized and unrealized gain per share was less than \$0.01.

(3) For the purposes of this calculation, dividends are assumed to be reinvested at prices obtained under the Fund's dividend reinvestment plan and the broker commission paid to purchase or sell a share is excluded.

Report of Independent Auditors

TO THE BOARD OF DIRECTORS AND SHAREHOLDERS OF
SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

In our opinion, the accompanying statement of assets and liabilities, including

Edgar Filing: SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC - Form N-CSR

the schedule of investments, and the related statements of operations, of changes in net assets and of cash flows and the financial highlights present fairly, in all material respects, the financial position of Salomon Brothers Emerging Markets Income Fund II Inc. ("Fund") at May 31, 2003, the results of its operations and cash flows for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at May 31, 2003 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Form of Terms and Conditions of Amended and Restated Dividend Reinvestment and Cash Purchase Plan (unaudited)

Pursuant to certain rules of the Securities and Exchange Commission, the following additional disclosure is provided.

Each shareholder holding shares of common stock ("Shares") of the Salomon Brothers Emerging Markets Income Fund II Inc., formerly known as The Emerging Markets Income Fund II Inc ("Fund") will be deemed to have elected to be a participant in the Amended and Restated Dividend Reinvestment and Cash Purchase Plan ("Plan"), unless the shareholder specifically elects in writing (addressed to the Agent at the address below or to any nominee who holds Shares for the shareholder in its name) to receive all income dividends and distributions of capital gains in cash, paid by check, mailed directly to the record holder by or under the direction of American Stock Transfer & Trust Company as the Fund's dividend-paying agent ("Agent"). A shareholder whose Shares are held in the name of a broker or nominee who does not provide an automatic reinvestment service may be required to take such Shares out of "street name" and register such Shares in the shareholder's name in order to participate, otherwise dividends and distributions will be paid in cash to such shareholder by the broker or nominee. Each participant in the Plan is referred to herein as a "Participant." The Agent will act as Agent for each Participant, and will open accounts for each Participant under the Plan in the same name as their Shares are registered.

Unless the Fund declares a dividend or distribution payable only in the form of cash, the Agent will apply all dividends and distributions in the manner set forth below.

If, on the determination date, the market price per Share equals or exceeds the net asset value per Share on that date (such condition, a "market premium"), the Agent will receive the dividend or distribution in newly issued Shares of the Fund on behalf of Participants. If, on the determination date, the net asset value per Share exceeds the market price per Share (such condition, a "market discount"), the Agent will purchase Shares in the open-market. The determination date will be the fourth New York Stock Exchange trading day (a New York Stock Exchange trading day being referred to herein as a "Trading Day") preceding the payment date for the dividend or distribution. For purposes herein, "market price" will mean the average of the highest and lowest prices at which the Shares sell on the New York Stock Exchange on the particular date, or if there is no sale on that date, the average of the closing bid and asked quotations.

Purchases made by the Agent will be made as soon as practicable commencing on the Trading Day following the determination date and terminating no later than 30 days after the dividend or distribution payment date except where temporary curtailment or suspension of purchase is necessary to comply with applicable provisions of federal securities law; provided, however, that such purchases will, in any event, terminate on the earlier of (i) 60 days after the dividend or distribution payment date and (ii) the Trading Day prior to the "ex-dividend" date next succeeding the dividend or distribution payment date.

Page 24

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Form of Terms and Conditions of Amended and Restated Dividend Reinvestment and Cash Purchase Plan (unaudited) (continued)

If (i) the Agent has not invested the full dividend amount in open-market purchases by the date specified in paragraph 4 above as the date on which such purchases must terminate or (ii) a market discount shifts to a market premium during the purchase period, then the Agent will cease making open-market purchases and will receive the uninvested portion of the dividend amount in newly issued Shares (x) in the case of (i) above, at the close of business on the date the Agent is required to terminate making open-market purchases as specified in paragraph 4 above or (y) in the case of (ii) above, at the close of business on the date such shift occurs; but in no event prior to the payment date for the dividend or distribution.

In the event that all or part of a dividend or distribution amount is to be paid in newly issued Shares, such Shares will be issued to Participants in accordance with the following formula: (i) if, on the valuation date, the net asset value per Share is less than or equal to the market price per Share, then the newly issued Shares will be valued at net asset value per Share on the valuation date; provided, however, that if the net asset value is less than 95% of the market price on the valuation date, then such Shares will be issued at 95% of the market price and (ii) if, on the valuation date, the net asset value per Share is greater than the market price per Share, then the newly issued Shares will be issued at the market price on the valuation date. The valuation date will be the dividend or distribution payment date, except that with respect to Shares issued pursuant to paragraph 5 above, the valuation date will be the date such Shares are issued. If a date that would otherwise be a valuation date is not a Trading Day, the valuation date will be the next preceding Trading Day.

Participants have the option of making additional cash payments to the Agent, monthly, in a minimum amount of \$250, for investment in Shares. The Agent will use all such funds received from Participants to purchase Shares in the open market on or about the first business day of each month. To avoid unnecessary

cash accumulations, and also to allow ample time for receipt and processing by the Agent, Participants should send in voluntary cash payments to be received by the Agent approximately 10 days before an applicable purchase date specified above. A Participant may withdraw a voluntary cash payment by written notice, if the notice is received by the Agent not less than 48 hours before such payment is to be invested.

Purchases by the Agent pursuant to paragraphs 4 and 7 above may be made on any securities exchange on which the Shares are traded, in the over-the-counter market or in negotiated transactions, and may be on such terms as to price, delivery and otherwise as the Agent shall determine. Funds held by the Agent uninvested will not bear interest, and it is understood that, in any event, the Agent shall have no liability in connection with any inability to purchase Shares within the time periods herein provided, or with the timing of any purchases effected. The Agent shall have no responsibility as to the value of the Shares acquired for the Participant's account. The Agent may

Page 25

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

Form of Terms and Conditions of Amended and Restated Dividend Reinvestment and Cash Purchase Plan (unaudited) (continued)

commingle amounts of all Participants to be used for open-market purchases of Shares and the price per Share allocable to each Participant in connection with such purchases shall be the average price (including brokerage commissions) of all Shares purchased by the Agent.

The Agent will maintain all Participants' accounts in the Plan and will furnish written confirmations of all transactions in each account, including information needed by Participants for personal and tax records. The Agent will hold Shares acquired pursuant to the Plan in noncertificated form in the Participant's name or that of its nominee, and each Participant's proxy will include those Shares purchased pursuant to the Plan. The Agent will forward to Participants any proxy solicitation material and will vote any Shares so held for Participants only in accordance with the proxy returned by Participants to the Fund. Upon written request, the Agent will deliver to Participants, without charge, a certificate or certificates for the full Shares.

The Agent will confirm to Participants each acquisition made for their respective accounts as soon as practicable but not later than 60 days after the date thereof. Although Participants may from time to time have an undivided fractional interest (computed to three decimal places) in a Share of the Fund, no certificates for fractional shares will be issued. Dividends and distributions on fractional shares will be credited to each Participant's account. In the event of termination of a Participant's account under the Plan, the Agent will adjust for any such undivided fractional interest in cash at the market value of the Fund's Shares at the time of termination less the pro rata expense of any sale required to make such an adjustment.

Any share dividends or split shares distributed by the Fund on Shares held by the Agent for Participants will be credited to their respective accounts. In the event that the Fund makes available to Participants rights to purchase additional Shares or other securities, the Shares held for Participants under the Plan will be added to other Shares held by the Participants in calculating the number of rights to be issued to Participants.

The Agent's service fee for handling capital gains distributions or income dividends will be paid by the Fund. Participants will be charged a pro rata

share of brokerage commissions on all open-market purchases.

Participants may terminate their accounts under the Plan by notifying the Agent in writing. Such termination will be effective immediately if notice is received by the Agent not less than 10 days prior to any dividend or distribution record date; otherwise such termination will be effective on the first Trading Day after the payment date for such dividend or distribution with respect to any subsequent dividend or distribution. The Plan may be amended or terminated by the Fund as applied to any voluntary cash payments made and any income dividend or capital gains distribution paid subsequent to written notice of the change or termination sent to Participants at least 30 days

Page 26

SALOMON BROTHERS EMERGING MARKETS INCOME FUND II INC.

prior to the record date for the income dividend or capital gains distribution. The Plan may be amended or terminated by the Agent, with the Fund's prior written consent, on at least 30 days' written notice to Participants. Notwithstanding the preceding two sentences, the Agent or the Fund may amend or supplement the Plan at any time or times when necessary or appropriate to comply with applicable law or rules or policies of the Securities and Exchange Commission or any other regulatory authority. Upon any termination, the Agent will cause a certificate or certificates for the full Shares held by each Participant under the Plan and cash adjustment for any fraction to be delivered to each Participant without charge.

Any amendment or supplement shall be deemed to be accepted by each Participant unless, prior to the effective date thereof, the Agent receives written notice of the termination of the Participant's account under the Plan. Any such amendment may include an appointment by the Agent in its place and stead of a successor Agent under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Agent under these terms and conditions. Upon any such appointment of an Agent for the purpose of receiving dividends and distributions, the Fund will be authorized to pay to such successor Agent, for each Participant's account, all dividends and distributions payable on Shares of the Fund held in each Participant's name or under the Plan for retention or application by such successor Agent as provided in these terms and conditions.

In the case of Participants, such as banks, broker-dealers or other nominees, which hold Shares for others who are beneficial owners ("Nominee Holders"), the Agent will administer the Plan on the basis of the number of Shares certified from time to time by each Nominee Holder as representing the total amount registered in the Nominee Holder's name and held for the account of beneficial owners who are to participate in the Plan.

The Agent shall at all times act in good faith and use its best efforts within reasonable limits to insure the accuracy of all services performed under this Agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless such error is caused by its negligence, bad faith, or willful misconduct or that of its employees.

All correspondence concerning the Plan should be directed to the Agent at 59 Maiden Lane, New York, New York 10038.

ITEM 6. [RESERVED]

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END
MANAGEMENT INVESTMENT COMPANIES.

The Board of Directors of the Fund has delegated the authority to develop policies and procedures relating to proxy voting to the Manager. The Manager is part of Citigroup Asset Management ("CAM"), a group of investment adviser affiliates of Citigroup, Inc. ("Citigroup"). Along with the other investment advisers that comprise CAM, the Manager has adopted a set of proxy voting policies and procedures (the "Policies") to ensure that the Manager votes proxies relating to equity securities in the best interest of clients.

In voting proxies, the Manager is guided by general fiduciary principles and seeks to act prudently and solely in the best interest of clients. The Manager attempts to consider all factors that could affect the value of the investment and will vote proxies in the manner that it believes will be consistent with efforts to maximize shareholder values. The Manager may utilize an external service provider to provide it with information and/or a recommendation with regard to proxy votes. However, such recommendations do not relieve the Manager of its responsibility for the proxy vote.

In the case of a proxy issue for which there is a stated position in the Policies, CAM generally votes in accordance with such stated position. In the case of a proxy issue for which there is a list of factors set forth in the Policies that CAM considers in voting on such issue, CAM votes on a case-by-case basis in accordance with the general principles set forth above and considering such enumerated factors. In the case of a proxy issue for which there is no stated position or list of factors that CAM considers in voting on such issue, CAM votes on a case-by-case basis in accordance with the general principles set forth above. Issues for which there is a stated position set forth in the Policies or for which there is a list of factors set forth in the Policies that CAM considers in voting on such issues fall into a variety of categories, including election of directors, ratification of auditors, proxy and tender offer defenses, capital structure issues, executive and director compensation, mergers and corporate restructurings, and social and environmental issues. The stated position on an issue set forth in the Policies can always be superseded, subject to the duty to act solely in the best interest of the beneficial owners of accounts, by the investment management professionals responsible for the account whose shares are being voted. Issues applicable to a particular industry may cause CAM to abandon a policy that would have otherwise applied to issuers generally. As a result of the independent investment advisory services provided by distinct CAM business units, there may be occasions when different business units or different portfolio managers within the same business unit vote differently on the same issue.

In furtherance of the Manager's goal to vote proxies in the best interest of clients, the Manager follows procedures designed to identify and address material conflicts that may arise between the Manager's interests and those of its clients before voting proxies on behalf of such clients. To seek to identify conflicts of interest, CAM periodically notifies CAM employees (including employees of the Manager) in writing that they are under an obligation (i) to be aware of the potential for conflicts of interest with respect to voting proxies on behalf of client accounts both as a result of their personal relationships and due to special circumstances that may arise during the conduct of CAM's and the Manager's business, and (ii) to bring conflicts of interest of which they become aware to the attention of compliance personnel. The Manager also maintains and considers a list of significant relationships that could present a conflict of interest for the Manager in voting proxies. The Manager is also sensitive to the fact that a significant, publicized relationship between an issuer and a non-CAM affiliate might appear to the public to influence the manner in which the Manager decides to vote a proxy with respect to such issuer. Absent special circumstances or a significant, publicized non-CAM affiliate relationship that CAM or the Manager for prudential reasons treats as a potential conflict of interest because such relationship might appear to the public to influence the manner in which the Manager decides to vote a proxy, the Manager generally takes the position that non-CAM relationships between Citigroup and an issuer (e.g. investment banking or banking) do not present a conflict of interest for the Manager in voting proxies with respect to such issuer. Such position is based on the fact that the Manager is operated as an independent business unit from other Citigroup business units as well as on the existence of information barriers between the Manager and certain other Citigroup business units.

CAM maintains a Proxy Voting Committee, of which the Manager personnel are members, to review and address conflicts of interest brought to its attention by compliance personnel. A proxy issue that will be voted in

accordance with a stated position on an issue or in accordance with the recommendation of an independent third party is not brought to the attention of the Proxy Voting Committee for a conflict of interest review because the Manager's position is that to the extent a conflict of interest issue exists, it is resolved by voting in accordance with a pre-determined policy or in accordance with the recommendation of an independent third party. With respect to a conflict of interest brought to its attention, the Proxy Voting Committee first determines whether such conflict of interest is material. A conflict of interest is considered material to the extent that it is determined that such conflict is likely to influence, or appear to influence, the Manager's decision-making in voting proxies. If it is determined by the Proxy Voting Committee that a conflict of interest is not material, the Manager may vote proxies notwithstanding the existence of the conflict.

If it is determined by the Proxy Voting Committee that a conflict of interest is material, the Proxy Voting Committee is responsible for determining an appropriate method to resolve such conflict of interest before the proxy affected by the conflict of interest is voted. Such determination is based on the particular facts and circumstances, including the importance of the proxy issue and the nature of the conflict of interest. Methods of resolving a material conflict of interest may include, but are not limited to, disclosing the conflict to clients and obtaining their consent before voting, or suggesting to clients that they engage another party to vote the proxy on their behalf.

ITEM 8. [RESERVED]

ITEM 9. CONTROLS AND PROCEDURES.

(a) The registrant's principal executive officer and principal financial officer have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-2(c) under the Investment Company Act of 1940, as amended) are effective based on their evaluation of the disclosure controls and procedures as of a date within 90 days of the filing date of this document.

(b) In the last 90 days, there have been no significant changes in the Registrant's internal controls or in other factors that could significantly affect these controls.

ITEM 10. EXHIBITS.
