ITEM 4. *The Solicitation or Recommendation.*

The Special Committee

On December 5, 2006, to facilitate the Corporation s evaluation of the Offer, MGM MIRAGE s Board of Directors (the Board) formed a special committee of the Board (the Special Committee) consisting of three members: Alexis Herman; Roland Hernandez; and Rose McKinney-James. Ms. Herman serves as the Special Committee s Chairperson. None of the Special Committee members have any affiliation with the Corporation, except as directors, or with Tracinda.

Alexis Herman, 58, serves as the Chair and Chief Executive Officer of New Ventures and is a director and member of the Audit Committee of Cummins Inc. She also serves as a director of Presidential Life Insurance Corporation, Entergy Corp. and several non-profit organizations. Ms. Herman chairs diversity advisory boards for the Coca-Cola

Corporation and Toyota. She served as United States Secretary of Labor from 1997 to 2001. Prior to that, she served for four years as Assistant to the President and Director of the White House Office of Public Liaison.

Roland Hernandez, 48, is the owner and manager of media holdings in Texas. He serves as director and Chairman of the Audit Committee of Wal-Mart Stores, Inc., director and member of the Audit Committee and Finance Committee of the Ryland Group, director and member of the Audit Committee and Nominating Committee of Vail Resorts, Inc., and director and member of the Finance Committee of Lehman Brothers Holdings Inc. He was Chairman of the Board of Directors and Chief Executive Officer of Telemundo Group, Inc. from August 1998 to

December 2000, and President and Chief Executive Officer of Telemundo Group, Inc. from March 1995 to July 1998.

Rose McKinney-James, 54, has served as a Principal of Energy Works Consulting LLC since March 2002. She served as President of Brown & Partners from August 2001 until February 2002, President of Government Affairs of Faiss Foley Merica from May 2000 until June 2001, President and Chief Executive Officer of the Corporation for Solar Technology and Renewable Resources from January 1996 until May 2000, Director of the Nevada Department of Business and Industry from October 1993 until December 1995, member of the Nevada Public Service Commission from January 1989 until October 1993, and member of the Board of Directors of Mandalay Resort Group from 1999 until April 2005.

Background of the Offer

On December 4, 2006, Tracinda filed a Schedule TO with the SEC, thereby launching the Offer.

On December 5, 2006, the Board met to discuss the Offer and the Corporation's response. Because Tracinda is the majority stockholder of the Corporation, the Chief Executive Officer, President and sole stockholder of Tracinda, Kirk Kerkorian, is a director of the Corporation, and since other directors are either officers of the Corporation or executives of Tracinda, the Board determined to form the Special Committee to evaluate the Offer and file the Corporation's response to the Offer on this Schedule. (For a more detailed discussion of the relationships between various directors of the Corporation and Tracinda or Mr. Kerkorian, see Item 3, above.)

On December 7, 2006, the Special Committee met to consider retaining legal counsel and determined to approach Gibson, Dunn & Crutcher LLP ("Gibson Dunn") about representing the Special Committee.

On December 11, 2006, Ms. Herman met telephonically with representatives of Gibson Dunn and interviewed them regarding Gibson Dunn's qualifications, experience and relationships with Tracinda and the Corporation. Later on December 11, 2006, the Special Committee met telephonically and determined to retain Gibson Dunn as its legal advisor.

After engaging Gibson Dunn on December 11, 2006, the Special Committee met telephonically with representatives of Gibson Dunn and discussed the Offer, the Special Committee's process of evaluating the Offer, and the fiduciary duties of the Special Committee members. Based on its discussions and the advice of counsel, the Special Committee authorized the retention of a financial advisor with experience in the gaming industry and capital markets to assist the Special Committee in its evaluation of the Offer, delegating the specific choice of a financial advisor to Ms. Herman, as Chairperson of the Special Committee.

On December 13, 2006, under the authority delegated by the Special Committee to her, Ms. Herman selected Morgan Stanley & Co. Incorporated ("Morgan Stanley") as the Special Committee's financial advisor, and Gibson Dunn discussed the terms of an engagement letter with Morgan Stanley on behalf of the Special Committee.

On December 14, 2006, the Special Committee met telephonically with its legal and financial advisors. At the meeting, Morgan Stanley reviewed with the Special Committee the results of its valuation analyses, which included a review of the recent Common Stock price performance and trading activity, the impact of the Offer on the market price of the Common Stock, various other tender offers, including tender offers by Tracinda and/or Mr. Kerkorian, the market performance of certain peer companies, and certain factors influencing the current market price of the Common Stock. After discussing the valuation analyses, the Special Committee concluded that the analytical methods discussed were appropriate. It also concluded that valuation of the Offer as a change-in-control transaction would be inappropriate and misleading to stockholders because Tracinda already owns a controlling interest in the Corporation and is seeking only an increase in its ownership of the Common Stock.

On the basis of Morgan Stanley's analyses and the advice of Gibson Dunn, as well as the Special Committee's deliberations, including discussions of the considerations set forth below under the section entitled "Reasons for the Special Committee's Position," the Special Committee determined not to express an opinion and to remain neutral with respect to the Offer.

The Special Committee Has No Opinion And Is Remaining Neutral

The Special Committee has determined not to express an opinion on the Offer and to remain neutral with respect to the Offer. The Special Committee has not determined whether or not the Offer is fair to and in the best interests of the Corporation's individual stockholders; nor is the Special Committee recommending to stockholders that they tender, or refrain from tendering, their shares in the Offer.

Accordingly, the Special Committee urges each stockholder to make its own investment decision regarding the Offer based on all available information, in light of the stockholder's own investment objectives, the stockholder's views on the Corporation's financial prospects, the factors considered by the Special Committee (described below), and any other factors the stockholder considers relevant to its investment decision.

Reasons for the Special Committee's Position

The Special Committee considered a variety of factors in determining not to express an opinion and to instead remain neutral with respect to the Offer, including the reasons set forth below.

The Uniqueness of Each Stockholder's Circumstances. The Special Committee believes that each stockholder should make an independent judgment of whether to maintain its interest in the Corporation or to reduce or eliminate its interest in the Corporation by participating in the Offer. Personal considerations that the Special Committee suggests may be relevant to this investment decision include:

the stockholder's liquidity needs and strategy for diversifying its investments;

the availability of other potential investment opportunities, including other types of investments;

the proration mechanism if the Offer is oversubscribed, which may result in Tracinda not purchasing all shares tendered in the Offer;

the stockholder's assessment of the risks involved in investing in equity securities generally in the current economic, business and political climate, with respect to which the stockholder may want to consult with competent investment professionals;

the stockholder's assessment of the prospects of companies engaged in the gaming industry, with respect to which the stockholder may wish to consult with competent investment professionals; and

the tax and accounting consequences to the stockholder of participating in the Offer, regarding which the stockholder may wish to consult with competent tax and accounting professionals.

Morgan Stanley's Financial Analysis. The Special Committee considered the financial analyses discussed with Morgan Stanley on December 14, 2006, as described above under the caption "Background of the Offer."

Tracinda's Control of the Corporation. The Special Committee considered Tracinda's position of control over the business and affairs of MGM MIRAGE through its substantial equity holdings in the Corporation, including the ability of Tracinda to elect the entire Board. Similarly, the Special Committee considered that the successful completion of the Offer, and the consequent increase in Tracinda's percentage ownership of the Common Stock, would not grant Tracinda any greater control over the Corporation than it presently exercises.

Size of the Offer. Tracinda is seeking a relatively small percentage of the outstanding Common Stock pursuant to the Offer (approximately 5.3%). According to the information provided in the Offer, the Offer would result in Tracinda being the beneficial owner of approximately 61.3% of the outstanding shares of Common Stock (based on 282,858,740 shares issued and outstanding as of December 13, 2006). The Special Committee considered that MGM MIRAGE would remain a publicly traded corporation listed on the New York Stock Exchange after the successful completion of the Offer.

Tracinda's Investment Intent. The Special Committee considered that Tracinda, to the Special Committee's knowledge, has no current intention of taking the Corporation private or of selling control of the Corporation. The Special Committee also considered that it had been apprised only of Tracinda's present intentions, that Tracinda's intentions may change, and that the Special Committee can have no assurance that

Tracinda would not ultimately seek to take the Corporation private or to sell its controlling interest in the Corporation.

Market Trends. The Special Committee considered that trends in the marketplace generally may affect the market price of the Common Stock and may cause it to either exceed or fall below the Offer Price. Similarly, the Special Committee also considered that the market price of the Common Stock rose substantially following the announcement of Tracinda's intention to make the Offer, and that the expiration of the Offer may cause the market price of the Common Stock to decline. The Special Committee noted that the closing price for the Common Stock on December 14, 2006 was \$56.20, which is 2.2% above the Offer Price.

Liquidity of the Common Stock. The Special Committee considered the effect Tracinda's acquisition of 15 million shares of Common Stock would have on trading volume and liquidity of the Common Stock. The Special Committee noted that the public float of the Common Stock will decrease to the extent stockholders tender in the Offer, and that investors continuing to hold the Common Stock, including those whose shares are not purchased in the Offer as a result of the Offer being oversubscribed, may be subject to reduced liquidity of the Common Stock and potentially increased volatility of its market price.

The description above is not intended to be exhaustive; rather it is meant to summarize the primary factors considered by the Special Committee. The Special Committee evaluated the Offer using its members' knowledge and the counsel of its financial and legal advisors. In view of the variety of the Special Committee's considerations, it did not find it practical to, and did not, quantify or otherwise assign relative weights to the specific factors considered. After weighing all of these considerations, including the relevance of each stockholder's unique circumstances to its investment decision, the Special Committee concluded that it would not express an opinion and would remain neutral with respect to the Offer.

Intent to Tender

To the Corporation's knowledge, its executive officers, directors, affiliates and subsidiaries currently do not intend to tender pursuant to the Offer any shares of Common Stock held of record or beneficially owned by them.

Item 5. *Persons/Assets Retained, Employed, Compensated or Used.*

Under the terms of an engagement letter with Morgan Stanley, dated December 13, 2006, the Special Committee agreed to have the Corporation pay Morgan Stanley a standard and customary fee. The Special Committee also agreed to have the Corporation indemnify Morgan Stanley from and against certain liabilities, and to pay certain expenses, related to, arising out of or in connection with the engagement.

Except as described above, neither the Corporation nor any person acting on its behalf has employed, retained, compensated or used any person to make solicitations or recommendations to stockholders of the Corporation with respect to the Offer.

Item 6. *Interest in Securities of the Subject Company.*

No transactions in the Common Stock have been effected during the past 60 days by the Corporation or any of its subsidiaries or, to the best of the Corporation's knowledge, by any executive officer, director or affiliate of the Corporation, except as set forth on Appendix A to this Schedule which is incorporated herein by reference.

Item 7. *Purposes of the Transaction and Plans or Proposals.*

The Corporation is not undertaking or engaged in any negotiations in response to the Offer that relate to: (i) a tender offer or other acquisition of the Corporation's securities by the Corporation, any of its subsidiaries or any other person; (ii) any extraordinary transaction, such as a merger, reorganization or liquidation, involving the Corporation or any of its subsidiaries; (iii) any purchase, sale or transfer of a material amount of assets of the Corporation or any of its subsidiaries; or (iv) any material change in the present dividend rate or policy, indebtedness or capitalization of the Corporation.

There are no transactions, board resolutions, agreements in principle or signed contracts in response to the Offer that relate to or would result in one or more of the matters referred to in the first paragraph of this Item 7.
