Equity Compensation Plans

Securities Authorized for Issuance Under Equity Compensation Plans

Our equity compensation plans provide a broad-based program designed to attract and retain talent while creating alignment with the interests of our shareholders. Employees at all levels participate in our equity compensation plans. In addition, members of our Board of Directors receive stock options for their service on our Board.

Our Board of Directors is authorized to administer our equity compensation plans, adopt, amend and repeal the administrative rules relating to the plans, and interpret the provisions of the plans. Our Board of Directors has delegated to the Compensation Committee authority to administer our equity compensation plans.

Our Compensation Committee has the authority to select the recipients of grants under our equity compensation plans and determine the terms and conditions of the grants, including but not limited to (i) the number of shares of common stock covered by such grants, (ii) the type of grant, (iii) the dates upon which such grants vest (which is typically 25% on the first anniversary of the grant date and in 36 equal monthly installments thereafter), (iv) the exercise price of options (which is typically equal to the fair market value of the shares on the grant date) or the consideration to be paid in connection with restricted stock or other stock-based grants (which may be no consideration), and (iv) the term of the grant.

During 2001, our Board of Directors adopted the 2001 Associates Equity Compensation Plan, which provides for the grant of nonqualified stock options, stock appreciation rights, restricted stock, performance units, and other stock-based awards to employees, consultants or advisors of Safeguard and its subsidiaries, provided that no grants can be made under this plan to executive officers and directors of Safeguard. This plan is administered by the Compensation Committee which, as described above, has the authority to issue equity grants thereunder and to establish the terms and conditions of such grants. Except for the persons eligible to participate in the plan, the terms of the 2001 plan are the same as the 1999 plan.

A total of 5,400,000 shares of our common stock are authorized for issuance under the 2001 Plan. At December 31, 2002, 3,273,027 shares were subject to outstanding options, 772,463 shares were available for future issuance, and 1,354,510 shares have been issued under the 2001 Plan. If any option granted under the 2001 Plan expires or is terminated, surrendered, canceled or forfeited, or if any shares of Restricted Stock, Performance Units or Other Stock-Based Grants are forfeited, the unused shares of common stock covered by such grants will again be available for grant under the 2001 Plan.

Our Board of Directors is required to make appropriate adjustments in connection with the 2001 Plan to reflect any stock split, stock dividend, recapitalization, liquidation, spin-off or other similar event. The 2001 Plan also contains provisions addressing the consequences of any Reorganization Event or Change in Control (as such terms are defined in the respective plan).

If a Reorganization or Change of Control Event occurs, unless the Compensation Committee determines otherwise, all outstanding options and SARs that are not exercised shall be assumed by, or replaced with comparable options or rights by, the surviving corporation (or a parent of the surviving corporation), and other outstanding grants shall be converted to similar grants of the surviving corporation or a parent of the surviving corporation). Notwithstanding that provision, the Compensation Committee has the authority to take one or both of the following actions: (i) require that grantees surrender their outstanding options and SARs in exchange for a payment by the Company, in cash or company stock as determined by the Compensation Committee, in an amount equal to the amount by which the then fair market value of the shares of company stock subject to the unexercised Options and SARs exceeds the exercise price of the options or the base amount of the SARs, as applicable, or (ii) after giving grantees an opportunity to exercise their outstanding options and SARs or otherwise realize the value of all of their other grants, terminate any or all unexercised options, SARs and grants at such time as the Compensation Committee deems appropriate.

Table of Contents

The following table provides information as of December 31, 2002 about the securities authorized for issuance under our equity compensation plans. Additionally, this table contains information about an individual arrangement entered into outside of the equity plans with a former officer providing for the award of an option to purchase shares of our common stock.

Equity Compensation Plan Information
