Section 5 – Corporate Governance and Management

Item 5.03 Amendments to Articles of Incorporation or Bylaws.

Effective November 13, 2008, the Board of Directors of Chesapeake Energy Corporation (the “Company”) approved amendments to the Company’s Bylaws. The amendments included:

(1) A revision to the nomination provisions with the purpose of clarifying the process by which shareholders nominate directors and ensuring that the Board of Directors has adequate information to make a recommendation to shareholders regarding any nomination. Shareholders may now deliver director nominations to the Company 90 to 120 days before the anniversary of the preceding year’s annual shareholders meeting. Previously shareholders were required to deliver nominations at least 120 days before the annual shareholders meeting. The amended and restated bylaws also describe in detail the information that a shareholder must provide about itself and its nominees.

(2) The inclusion of an emergency governance provision that provides for the creation of an emergency board committee in the event of a catastrophe or other emergency condition;

(3) A revision of the indemnification provisions to clarify how a claim for indemnification is submitted as well as how the Company determines if the claim is valid. The revised provision states that a claimant may request that the validity of the claim be determined by independent counsel and, if the claimant does not make such a request, the validity of the claim will be determined by a majority of the disinterested directors;

(4) A revision to the process by which a special meeting may be called stating that special meetings may only be called by the chairman of the board or by the president or secretary, at the request, in writing, of a majority of the directors then in office. Previously shareholders also had the right to call a special meeting.

(5) The addition of provisions for managing a written consent campaign by shareholders including the provision that the Company will hire an independent inspector of elections to review the validity of the written consents and that the written consent would not be declared effective until the independent inspector certifies that the minimum number of consents has been received. The Company has also added a detailed provision for determining a record date for action by written consent.

A copy of the Amended and Restated Bylaws is attached hereto as Exhibit 3.1.

Section 7 – Regulation FD

Item 7.01 Regulation FD Disclosure.

On November 11, 2008, the Company issued a press release announcing the execution of an agreement for a joint venture with StatoilHydro whereby StatoilHydro will acquire a 32.5% interest in Chesapeake’s Marcellus Shale assets in Appalachia for \$3.375 billion, leaving Chesapeake with 67.5% working interest. The assets include approximately 1.8 million net acres of leasehold, of which StatoilHydro will own approximately 0.6 million net acres and Chesapeake will own approximately 1.2 million net acres. A copy of the press release is attached as exhibit 99.1 to this Current Report.
