**ITEM 2.06 MATERIAL IMPAIRMENTS**

Unifi, Inc. (the "Company") currently owns a manufacturing facility located in Reidsville, North Carolina (the "Facility"). The Facility had been leased to a tenant since 1999 and the lease expires in October 2006. The Company has determined to sell the Facility upon expiration of the lease. Pursuant to this determination, the Company received appraisals relating to the Facility and performed an impairment review in accordance with Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." The Company completed the impairment review on October 25, 2006. The Company evaluated the recoverability of the long-lived asset and determined that the carrying amount of the Facility exceeded its fair value. Accordingly, the Company recorded an impairment charge of \$1.2 million, which includes \$64,000 in estimated selling costs that will be paid from the proceeds of the sale when it occurs. The Company is currently evaluating any other potential impacts of this decision, but does not expect this impairment charge to result in any future cash expenditures.
