Stephen V. Maroney
President & Chief Executive Officer
Gyrodynne Company of America, Inc.
One Flowerfield, Suite 24
St. James, NY 11780

Dear Mr. Maroney:

The euphoria created by management at Gyrodynes 2006 annual meeting about its prospects has obviously worn off. On May 30, 2008 Gyrodynes stock price closed at \$37.50. It has fallen by almost 40% over the past year and stands at more than 20% below the \$48 per share we offered for all shares more than two years ago. As you recall, on April 25, 2006, management rejected our offer and you publicly stated:

Our goal is to put the maximum amount of cash or marketable securities in the hands of our shareholders in a tax-efficient manner. Any offer will be measured against our corporate strategy as outlined at the December 2005 shareholders meeting. That strategy includes the repositioning of the Company through conversion to a REIT, and the disposition and redeployment of assets to achieve one or more shareholder liquidity events in a reasonable period of time.

We believe Gyrodynes poor stock performance is primarily due to the lack of any perceptible progress on its condemnation claim and the failure to monetize any of its other assets, in particular the portion of the Flowerfield acreage it still holds. In short, the current stock price reflects investors perception that management has dissipated whatever credibility it may have once had.

As a result of the 2007 acquisition of the Port Jefferson medical buildings and the pending acquisition of the Cortlandt Medical Center we believe Gyrodynne should at least commence payment of a meaningful quarterly dividend which would be consistent with the expectations of REIT investors. Cash flow generated from the aforementioned acquisitions together with improved results from the Flowerfield buildings and a strong cash position should allow Gyrodynne to pay a quarterly dividend of at least \$0.50 per share.

We would appreciate a prompt and substantive response to our proposal that the board should initiate a meaningful dividend policy.

Very truly yours,

Andrew Dakos
