**LITHIA MOTORS REPORTS A 25% INCREASE IN NET INCOME; RECORD 2Q REVENUES AND EARNINGS PER SHARE OF 56 CENTS**

**Lithia Motors' Second-quarter2004 Highlights for continuing operations:**

Operating Income: +22%  
Net Income: +25%  
Earnings Per Share: +19%

MEDFORD, OREGON, JULY 22, 2004 (5:00 a.m. Pacific) - Lithia Motors, Inc. (NYSE: LAD) today announced that net earnings from continuing operations rose 25% to \$10.8 million in the second quarter of 2004 compared to \$8.6 million in the second quarter of 2003. Earnings per share from continuing operations rose 19% to \$0.56 per share

versus \$0.47 in the same period last year. This was on 4% more diluted shares outstanding.

Second quarter 2004 sales increased 7% to \$682.3 million from \$640.3 million in the second quarter of 2003. New vehicle sales increased 10%, used vehicle sales decreased 4%, parts/service sales increased 18%, and finance/insurance sales increased 10%.

Sidney B. DeBoer, Lithia's Chairman and Chief Executive Officer, commented, "Lithia's second quarter performance resulted from overall sales growth, margin improvements in all business lines, and strength in the parts and service business."

"Lithia continues to fully integrate each store on the day of acquisition and we have been successful in our efforts to standardize and apply common operating systems across our entire store network. The benefits of this model are apparent in our ability to control and even increase margins in a volatile vehicle sales environment where margins are declining for many auto retailers. Our new and used vehicle gross margins increased 30 and 70 basis points respectively, for the quarter as compared to the same period last year. Service and Parts gross margins improved 190 basis points for the quarter. A focus on service-advisor training and margin improvements in the wholesale parts business have lead to increases in the parts and service business. Our operating margin for the quarter improved 50 basis points to 3.6%. Lithia has experienced year-over-year operating margin improvements for 4 consecutive quarters."

"Total retail same-store sales for the quarter declined 5.3%. We faced a difficult comparison of 5.7% growth in the same period last year. For the first six months, total retail same-store sales have declined 2.0%. Total retail same-store gross profits for the first six months are positive due to increased gross margins," concluded Mr. DeBoer.

For the six-month period ending June 30, 2004, Lithia's net earnings from continuing operations rose 42% to \$18.3 million as compared to \$12.9 million in the same period last year. Earnings per share rose 37% to \$0.96 per share versus \$0.70 in the same period last year. This was on 4% more diluted shares outstanding.

For the first six months, sales increased 10% to \$1.32 billion from \$1.20 billion in the same period last year. New vehicle sales increased 12%, used vehicle sales increased 3%, parts/service sales increased 20%, and finance/insurance sales increased 12%.

---

Jeffrey B. DeBoer, Senior Vice President and CFO added, "In the second quarter, Lithia completed two acquisitions; Chevrolet of Anchorage and Chevrolet of Wasilla, Alaska. These stores have combined annualized sales of approximately \$125 million. We now have five stores in the major Alaskan markets, which have been very favorable for Lithia. More recently in July, we acquired a Toyota store in Odessa Texas with approximately \$20 million in annualized sales. So far this year we have completed acquisitions with approximately \$240 million in annualized sales. Over the past 12 months, we have acquired \$395 million in annualized sales, which represents approximately 16% growth on our total revenues for the same period. We will continue to make acquisitions throughout the rest of the year."

"Finally, our annual guidance for 2004 is from \$2.11 - \$2.16 per share. We expect third quarter earnings per share in the range of \$0.68 to \$0.70," concluded Jeffrey B. DeBoer.
