PROSPECTUS

GENERAL MILLS, INC.
DIRECT PURCHASE PLAN

The Direct Purchase Plan (the Plan) of General Mills, Inc. (General Mills) provides participants with a convenient and economical method of purchasing shares of General Mills common stock, par value \$0.10 per share (Common Stock), and reinvesting cash dividends paid on Common Stock in additional shares of Common Stock.

Participation in the Plan is open to any registered holder of Common Stock and to any person who becomes a registered holder of Common Stock by enrolling in the Plan, paying a one-time account set-up fee of \$10 and either making an initial investment of at least \$250 or authorizing automatic monthly cash investments of at least \$50 for a minimum of five months. Beneficial owners of Common Stock whose only shares are registered in names other than their own (e.g., held in street name in a brokerage account) are not eligible until they become stockholders of record either by withdrawing the shares from their brokerage account and registering the shares in their own name or by enrolling in the Plan in the same manner as a non-stockholder.

Participants in the Plan may elect to have the cash dividends paid on all or a percentage of their shares of Common Stock automatically reinvested in additional shares of Common Stock. Participants may also purchase additional shares of Common Stock by making optional cash investments in accordance with the provisions of the Plan. Holders of Common Stock who choose not to participate in the Plan will continue to receive cash dividends on shares of Common Stock registered in their name, as declared, by check or direct deposit.

Shares of Common Stock purchased by participants in the Plan may be treasury or new issue Common Stock or, at General Mills option, Common Stock purchased in the open market or in negotiated transactions. Treasury or new issue Common Stock is purchased from General Mills at the market price on the applicable investment date. The price of Common Stock purchased in the open market or in negotiated transactions is the weighted average price at which the shares are actually purchased. This prospectus relates to 1,250,000 shares of Common Stock. The Common Stock is listed on the New York Stock Exchange under the ticker symbol GIS.

A complete description of the Plan begins on page 4 of this prospectus.

Shares of Common Stock offered under the Plan to persons who are not currently stockholders of General Mills are offered through Wells Fargo Investments, LLC, a registered broker/dealer.

Investing in our Common Stock involves risks. See Risk Factors beginning on page 1 of this prospectus.

ABOUT GENERAL MILLS

General Mills is a leading global manufacturer and marketer of branded, packaged consumer foods and operates in the consumer foods industry. We are also a leading supplier of branded and unbranded food products to the foodservice and commercial baking industries. These products are manufactured by us in 18 countries and marketed in more than 100 countries. Our joint ventures manufacture and market products in more than 130 countries and republics worldwide.

We were incorporated under the laws of the State of Delaware in 1928. We employ approximately 28,500 persons worldwide. Our principal executive offices are located at Number One General Mills Boulevard, Minneapolis, Minnesota 55426; our telephone number is (763) 764-7600.

General Mills provides a more detailed description of our business and important factors that could affect our financial performance in our annual report on Form 10-K and other reports filed with the Securities and Exchange Commission (SEC) and incorporated by reference herein. A copy of General Mills most recent annual report on Form 10-K can be obtained without charge. See Where You May Find More Information About General Mills.

RISK FACTORS

An investment in the Common Stock involves risks. Before deciding whether to purchase any shares of Common Stock, you should consider the risks discussed below or elsewhere in this prospectus, including those set forth under the heading Cautionary Statement Regarding Forward-Looking Statements, and in our filings with the SEC that we have incorporated by reference in this prospectus. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also impair our business operations.

Table of Contents

General Mills, Inc. Direct Purchase Plan

Any of the risks discussed below or elsewhere in this prospectus or in our SEC filings incorporated by reference, and other risks we have not anticipated or discussed, could have a material impact on our business, financial condition or results of operations. In that case, the trading price of the Common Stock could decline substantially.

The price of the Common Stock may fluctuate significantly, and this may make it difficult for you to resell any shares of the Common Stock when you want or at prices you find attractive.

The price of the Common Stock on the New York Stock Exchange constantly changes. We expect that the market price of the Common Stock will continue to fluctuate.

In addition, the stock markets from time to time experience price and volume fluctuations that may be unrelated or disproportionate to the operating performance of companies and that may be extreme. These fluctuations may adversely affect the trading price of the Common Stock, regardless of our actual operating performance.

For a further discussion of risks affecting the Common Stock, see the factors set forth below under **Cautionary Statement Regarding Forward-Looking Statements** and the discussion of our business and related matters set forth in the information incorporated in this prospectus by reference.

Future sales of the Common Stock or equity-related securities in the public market could adversely affect the trading price of the Common Stock and our ability to raise funds in new stock offerings.

In the future, we may sell additional shares of the Common Stock to raise capital. In addition, shares of the Common Stock are reserved for issuance on the exercise of stock options, the vesting of restricted stock units and the conversion of notes. We cannot predict the size of future issuances or the effect, if any, that they may have on the market price for the Common Stock. Sales of significant amounts of the Common Stock or equity-related securities in the public market, or the perception that such sales will occur, could adversely affect prevailing trading prices of the Common Stock and could impair our ability to raise capital through future offerings of equity or equity-related securities. Future sales of shares of the Common Stock or the availability of shares of the Common Stock for future sale could adversely affect the trading price of the Common Stock.

We can issue shares of preference stock that may adversely affect your rights as a holder of the Common Stock.

Our certificate of incorporation currently authorizes the issuance of five million shares of cumulative preference stock. Our board of directors is authorized to approve the issuance of one or more series of preference stock without further authorization of our stockholders and to fix the number of shares, the designations, the relative rights and the limitations of any series of preference stock. As a result, our board, without stockholder approval, could authorize the issuance of preference stock with voting, conversion and other rights that could proportionately reduce, minimize or otherwise adversely affect the voting power and other rights of holders of the Common Stock or other series of preference stock or that could have the effect of delaying, deferring or preventing a change in our control.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

We and our representatives may from time to time make written or oral forward-looking statements with respect to our annual or long-term goals, including statements contained in this prospectus, the documents incorporated by reference in this prospectus, our filings with the SEC and our reports to stockholders.

- product development and innovation;

General Mills may use the Plan to raise capital for general corporate purposes through the sale to participants of treasury or new issue Common Stock.

FEATURES

The Plan has the following features:

OPEN TO NON-STOCKHOLDERS If you do not currently own shares of Common Stock you may become a participant in the Plan by paying an enrollment fee and either making an initial investment of at least \$250 or authorizing automatic monthly cash investments of at least \$50 for at least five months.

AUTOMATIC REINVESTMENT OF DIVIDENDS Cash dividends paid on all or a specified percentage of shares of Common Stock are automatically reinvested in additional shares of Common Stock.

OPTIONAL CASH INVESTMENTS You may make optional cash investments in Common Stock of at least \$50 per investment up to an aggregate of \$250,000 per calendar year. Optional cash investments may be made by monthly automatic withdrawal or by check as you desire.

AUTOMATED REQUESTS You may establish automated privileges for your Plan account, enabling you to execute certain Plan orders by phone or online.

SHARE SAFEKEEPING You may deposit for safekeeping certificates representing shares of Common Stock held in physical certificate form, whether or not the shares were issued under the Plan, at no cost to you.

ACCOUNT STATEMENTS Account statements detailing your Plan activities are mailed to you following each Plan transaction.

CONSIDERATIONS

You should consider the following prior to participating in the Plan:

FEES See FEE DISCLOSURE TABLE.

INVESTMENT TIMING; PRICE RISKS Because the prices at which Plan shares are purchased are determined as of specified dates or as of dates otherwise beyond your control, you may lose certain advantages otherwise available from being able to select the timing of your investment. For example, because the price charged to you for shares purchased in the open market or in negotiated transactions is the weighted average price at which the shares are actually purchased and maybe over a period of days following an investment date, you may pay a higher price for shares purchased under the Plan than for shares purchased on the investment date outside of the Plan.

Funds will be drawn from your designated bank account on or about the 25th of each month and will be invested in General Mills Common Stock beginning on the next investment date. Participants do not receive any confirmation of the transfer of funds other than as reflected in their monthly Plan account statements and in their bank account statements. You may change the amount of your monthly transfer or terminate your monthly transfer altogether by going online, by calling or by completing a Plan Transaction Request Form or by completing an Account Authorization Form and returning it to the Plan Administrator. To be effective with respect to a particular investment date, your change or termination request must be received by the Plan Administrator at least fifteen business days prior to the investment date.

A participant may obtain the return of any cash investment upon request received by the Plan Administrator on or before the second business day prior to the date on which it is to be invested. See INVESTMENT DATES

General Mills, Inc. Direct Purchase Plan

responsibility of the Plan Administrator. Investment income from such Permitted Investments shall be retained by the Plan Administrator.

If any optional cash contribution, including payments by check or automatic withdrawal, is returned for any reason, the Plan Administrator will remove from the participant's account any shares purchased upon prior credit of such funds, and will sell these shares. The Plan Administrator may sell other shares in the account to recover the returned funds fee (see FEE DISCLOSURE TABLE) for each optional cash contribution returned unpaid for any reason and may sell additional shares as necessary to cover any market loss incurred by the Plan Administrator.

SOURCE OF SHARES. Shares purchased by participants under the Plan are treasury or new issue Common Stock that General Mills has registered under the Securities Act of 1933, as amended, or Common Stock purchased by the Plan Administrator in the open market or in negotiated transactions. The Plan Administrator purchases shares in the open market or in negotiated transactions as soon as practicable (but in no event more than seven calendar days) after the applicable investment date, subject to any waiting periods required under applicable securities laws or stock exchange regulations. General Mills determines the source or sources of shares used to fulfill Plan requirements and, subject to certain regulatory restrictions on the frequency with which it can change its determination, may change such determination from time to time without notice to Plan participants. General Mills expects that generally all Plan purchases will be effected in open market transactions. The Plan Administrator will furnish the name of the registered broker/dealer utilized in share transactions, within a reasonable time upon written request from the stockholder.

PRICE OF SHARES. The price per share of treasury or new issue Common Stock is the average of the high and low sale prices of the Common Stock (as reported on the New York Stock Exchange Composite Tape) on the applicable investment date or, if the New York Stock Exchange is closed on the investment date, on the next preceding day the New York Stock Exchange is open. The price of shares purchased in the open market or in negotiated transactions is the weighted average price at which the shares are actually purchased for the applicable investment date. The Plan Administrator may in its discretion commingle participants' funds for the purpose of purchasing shares. Because the prices at which shares are purchased under the Plan are determined as of specified dates or as of dates otherwise beyond the control of participants, participants may lose any advantage otherwise available from being able to select the timing of their investment. Participants' accounts will be credited with the number of full and fractional shares, computed to three decimal places.

INVESTMENT DATES

DIVIDEND REINVESTMENT. Cash dividends are reinvested on the applicable dividend payment date or, if the dividend payment date is not a business day, the business day next following the dividend payment date. If a participant's Account Authorization Form is received by the Plan Administrator on or before the record date for a particular dividend, dividend reinvestment will begin with respect to dividends paid on the next dividend payment date. If the Account Authorization Form is received by the Plan Administrator after the record date, dividend reinvestment will not begin until the dividend payment date following the next record date.

OPTIONAL CASH INVESTMENTS. Optional cash investments are made on (a) Wednesday of each week or, if Wednesday is not a business day, the next business day or (b) in any week in which a cash dividend is paid, the dividend payment date or, if the dividend payment date is not a business day, the business day next following the

dividend payment date.

the total number of book-entry (DRS) shares, shares held in certificate form and Plan shares in your account;
and

a year-to-date summary of transactions in your account.

These statements contain information that is required for tax reporting purposes. Therefore, it is imperative that you keep the statements until Plan shares have been disposed of and all tax obligations have been met. If this information is lost, a written request stating the information required may be sent to the Plan Administrator at the address contained in this prospectus. **A fee for past account information may be charged (see FEE DISCLOSURE TABLE).**

DIRECT REGISTRATION

General Mills is a participant in the Direct Registration System (DRS). DRS is a method of recording shares of stock in book-entry form. Book-entry means that your shares are registered in your name on the books of the company without the need for physical certificates and are held separately from any Plan shares you may own. Shares held in book-entry have all the traditional rights and privileges as shares held in certificate form. With DRS stockholders can:

- eliminate the risk and cost of storing certificates in a secure place;
- eliminate the cost associated with replacing lost, stolen, or destroyed certificates; and
- move shares electronically to their broker.

HOW TO BEGIN. Any future share transactions will be issued to book-entry form rather than physical certificates unless you specify otherwise. You may convert any stock certificate(s) you are currently holding into book-entry form. Send the stock certificate(s) to the Plan Administrator with a request to deposit them to your DRS account. There is no cost to you for this custodial service and by doing so; you will be relieved of the responsibility for loss or

theft of your certificate(s).

General Mills strongly recommends that you use registered or certified mail to mail your certificates to the Plan Administrator, insuring the certificates for 3% of the current market value of the shares represented thereby. In any case, you bear the full risk of loss, regardless of the method used, in the event the certificates are lost. **YOU SHOULD NOT ENDORSE YOUR CERTIFICATES PRIOR TO MAILING.**

ELECTRONIC SHARE MOVEMENT. You may choose to have a portion or all of your full book-entry (DRS) or Plan shares delivered directly to your broker by contacting your broker/dealer. When using your broker to facilitate a share movement, provide them with a copy of your DRS account statement.

SHARE CERTIFICATES

Plan purchases are credited to your account and shown on your account statement. You do not receive certificates for your Plan shares unless requested. This protects against loss, theft or destruction of stock certificates and reduces General Mills administrative costs associated with the Plan. You may obtain certificates for some or all full Plan shares by submitting a written request to the Plan Administrator. Certificate withdrawal requests received via phone are accepted, but only if the current market value of the shares to be issued is \$50,000 or less. Your request should specify the number of full Plan shares to be withdrawn from your account. Stock certificates will be issued and sent to the holder of record. Fractional shares are not issued under any conditions.

You may not pledge or grant a security interest in Plan shares or transfer Plan shares outside of the Plan unless certificates representing the shares have been issued by the Plan Administrator.

SHARE SAFEKEEPING

At any time beginning with enrollment in the Plan, you may deposit with the Plan Administrator physical certificates representing shares of Common Stock, whether or not the shares were acquired under the Plan, at no cost to you. To use this service, you must send your physical certificates to the Plan Administrator with a properly completed Transaction Request Form or Account Authorization Form. Shares represented by certificates deposited with the Plan Administrator are credited to your account and thereafter are treated as if acquired under the Plan. You are responsible for maintaining your own records of the cost basis of certificated shares deposited with the Plan Administrator.

General Mills strongly recommends that you use registered or certified mail to mail your certificates to the Plan Administrator, insuring the certificates for 3% of the current market value of the shares represented thereby. In any case, you bear the full risk of loss, regardless of the method used, in the event the certificates are lost. **YOU SHOULD NOT ENDORSE YOUR CERTIFICATES PRIOR TO MAILING.**

SHARE TRANSFERS WITHIN PLAN

Plan shares also may be transferred to a Plan account of another person subject to compliance with any applicable laws. To do this, you must complete and sign a stock power form and return it to the Plan Administrator. The signature of the transferring participant on the stock power must be medallion guaranteed by an eligible financial

institution. Stock powers can be obtained online or from the Plan Administrator. If the person to whom the shares are transferred is not a participant in the Plan, the Plan Administrator will automatically open an account for the person and enroll him or her in the Plan.

SALE OF SHARES

You may sell some or all of your Plan shares if the current market value of the shares requested to be sold is \$25,000 or less. You may authorize the sale online or by calling if you have previously authorized automated privileges. You may also submit a completed Transaction Request Form or a written request to the Plan Administrator. If you are submitting a Transaction Request Form from your account statement to sell all or part of your Plan shares, and you are requesting that net proceeds be automatically deposited to a bank checking or savings account, you must provide a voided blank check for checking or blank savings deposit slip for savings. If you are unable to provide a voided check or deposit slip, your written request must have your signature(s) medallion guaranteed for direct deposit. Requests for automatic deposit of sale proceeds that do not provide the required documentation will not be honored and a check for the net proceeds will be issued. Your request for sale to the Plan Administrator should specify the number of Plan shares to be sold. All authorized signers are to sign their written request as it appears on their Plan account statement. Typically funds are automatically deposited four business days after the sale has taken place on the market.

The Plan Administrator executes the sales order on behalf of the participant in the open market or in negotiated transactions. The Plan Administrator will make best efforts to process a sales order on the next business day following receipt of a properly completed request form, but best efforts is not a guarantee of a specific date or specific price. There also must be sufficient volume and the request must be received on a business day when the relevant securities market is open. After settlement of the sale, the net proceeds of the sale will be sent to the participant by check or by direct deposit to a bank checking or savings account, as appropriate. The proceeds received by the participant are based on the weighted average price at which the shares were sold less brokerage commissions and service fees charged by the Plan Administrator (see FEE DISCLOSURE SCHEDULE). Plan shares to be sold

13

Table of Contents

General Mills, Inc. Direct Purchase Plan

may be aggregated with shares of other participants to be sold and the proceeds distributed to each participant based on the weighted average sale price.

Shares purchased through the Plan are held in your account separately from shares purchased and held in physical certificate form or book-entry (DRS). Even if you sell or otherwise dispose of all shares in physical certificate or book-entry (DRS), shares in the Plan account will continue to be held and their dividends reinvested as you have elected unless you notify the Plan Administrator otherwise.

Selling participants should be aware that the share price of General Mills Common Stock may fall or rise during the period between a request for sale, its receipt by the Plan Administrator, and the ultimate sale in the open market. You should evaluate these possibilities while deciding whether and when to sell any shares through the Plan. The price risk will be borne solely by you.

TERMINATION

Participants may terminate their participation in the Plan. A participant may terminate his or her participation in the Plan by contacting the Plan Administrator via phone (see **AUTOMATED REQUESTS TELEPHONE**). A participant may also submit the appropriate information on a Transaction Request Form or submit a written request to the Plan Administrator. A participant's written request for termination should be signed by the authorized signer(s) as their name(s) appears on their account statement. If your request to terminate from the Plan is received on or after a dividend record date, but before the dividend payment date, your termination will be processed as soon as practicable, and a separate dividend check will be mailed to you. Future dividends will be paid in cash, unless you rejoin the Plan.

If a participant requests to transfer all shares in their Plan account between a dividend record date and payment date, their transfer request will be processed; however, their Plan account will not be terminated. You may receive additional dividend reinvestment shares which will require you to submit a written request to transfer the additional shares. In addition, termination requests of participants making optional cash investments by automatic cash withdrawal must be received by the Plan Administrator at least 15 business days prior to the scheduled investment date to ensure that the request is effective as to the next optional cash investment.

Upon termination of a participant's participation in the Plan, unless you have requested that some or all Plan shares be sold, the Plan Administrator will convert your full Plan shares to book-entry (DRS) or issue a physical certificate(s) representing the number of full shares in the participant's Plan account and a check in the amount of the market value, minus applicable fees and brokerage commissions, of any fractional share. If a participant so requests on the Transaction Request Form, the Plan Administrator will sell some or all Plan shares on behalf of the participant (see **SALE OF SHARES**). After settlement of the sale, the Plan Administrator will send the participant a check (or provide for direct deposit to a bank checking or savings account, as appropriate) in the amount of the net proceeds of the sale of full and fractional shares and a certificate representing any full Plan shares not sold.

After termination, previous participants may re-enroll in the Plan by going online or submitting a new Account Authorization Form and complying with all other enrollment procedures (see **ENROLLMENT AND PARTICIPATION**). In order to minimize unnecessary Plan administrative costs and to encourage use of the Plan as a long-term investment vehicle, General Mills reserves the right to deny participation in the Plan to previous participants who General Mills or the Plan Administrator believes have been excessive in their enrollments and terminations.

General Mills, Inc. Direct Purchase Plan

At the direction of General Mills, the Plan Administrator can terminate your participation in the Plan if you do not own at least one full share.

OTHER INFORMATION

STOCK DIVIDENDS AND STOCK SPLITS. Any shares distributable to a Plan participant pursuant to a stock dividend or stock split on Plan shares will be added to the participant's Plan account and not mailed or delivered directly to the participant. The participant, however, may request General Mills to issue certificates for such stock dividends or split shares once they are added to the participant's account (see **SHARE CERTIFICATES**). If a participant sends notice of termination or a request to sell to the Plan Administrator between the record date and the payment date for a stock distribution, the request will not be processed until the stock distribution is credited to the participant's account.

DIVIDEND AND VOTING RIGHTS. Dividend and voting rights of shares purchased under the Plan commence upon settlement of the transaction, which normally is three business days after purchase. Shares of Common Stock purchased on or within two business days prior to a dividend record date are considered ex-dividend and therefore not entitled to payment of that dividend.

VOTING OF PLAN SHARES. For each meeting of stockholders, participants receive proxy materials that allow them to vote their Plan shares by proxy. Alternatively, participants can elect to vote their Plan shares in person at the meeting.

LIMITATION OF LIABILITY. In administering the Plan, neither General Mills nor the Plan Administrator is liable for any good faith act or omission to act, including but not limited to any claim of liability (i) arising out of the failure to terminate a participant's account upon such participant's death prior to receipt of a notice in writing of such death, (ii) with respect to the prices or times at which shares are purchased or sold or (iii) as to the value of the shares acquired for participants.

The Plan Administrator is acting solely as agent of General Mills and owes no duties, fiduciary or otherwise, to any other person by reason of this Plan, and no implied duties, fiduciary or otherwise, shall be read into this Plan. The Plan Administrator undertakes to perform such duties and only such duties as are expressly set forth herein, to be performed by it, and no implied covenants or obligations shall be read into this Plan against the Plan Administrator or General Mills.

In the absence of negligence or willful misconduct on its part, the Plan Administrator, whether acting directly or through agents or attorneys shall not be liable for any action taken, suffered, or omitted or for any error of judgment made by it in the performance of its duties hereunder. In no event shall the Plan Administrator be liable for special, indirect or consequential loss or damage of any kind whatsoever (including but not limited to lost profit), even if the Plan Administrator has been advised of the likelihood of such loss or damage and regardless of the form of action.

The Plan Administrator shall: (i) not be required to and shall make no representations and have no responsibilities as to the validity, accuracy, value or genuineness of any signatures or endorsements, other than its own and (ii) not be obligated to take any legal action hereunder that might, in its judgment, involve any expense or liability, unless it has been furnished with reasonable indemnity.

The Plan Administrator shall not be responsible or liable for any failure or delay in the performance of its obligations under this Plan arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including, without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots; interruptions, loss or malfunctions of utilities; computer

(hardware or software) or communications services; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Plan Administrator shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

MODIFICATION OR TERMINATION OF THE PLAN. General Mills may suspend, modify or terminate the Plan at any time in whole or in part or with respect to participants in certain jurisdictions. Notice of such suspension,

modification or termination will be sent to all affected participants. No such event will affect any shares then credited to a participant's account. Upon any whole or partial termination of the Plan by General Mills, each affected participant will have all full Plan shares converted to book-entry (DRS) or a physical certificate issued for all full Plan shares and a check, less applicable fees and commissions, in the amount of the market value of any fractional Plan share.

DENIAL OR TERMINATION OF PARTICIPATION BY GENERAL MILLS. The Plan Administrator may terminate a participant's participation in the Plan if the participant does not own at least one full share. General Mills also reserves the right to deny, modify, suspend or terminate participation in the Plan by otherwise eligible persons to the extent General Mills deems it advisable or necessary in its discretion to comply with applicable laws or to eliminate practices that are not consistent with the purposes of the Plan. Participants whose participation in the Plan is terminated will have all full Plan shares converted to book-entry (DRS) or a physical certificate issued for all full Plan shares and a check, less applicable fees and commissions, in the amount of the market value of any fractional Plan share.

FEDERAL INCOME TAX INFORMATION

THE INFORMATION SET FORTH BELOW IS ONLY A SUMMARY AND DOES NOT CLAIM TO BE A COMPLETE DESCRIPTION OF ALL TAX CONSEQUENCES OF PARTICIPATION IN THE PLAN. TAX CONSEQUENCES VARY DEPENDING ON INDIVIDUAL CIRCUMSTANCES AND MAY BE AFFECTED BY FUTURE LEGISLATION, IRS RULINGS AND REGULATIONS OR COURT DECISIONS. ACCORDINGLY, PARTICIPANTS SHOULD CONSULT WITH THEIR OWN TAX ADVISORS WITH RESPECT TO THE FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES OF PARTICIPATION IN THE PLAN.

FEDERAL INCOME TAX CONSEQUENCES

DIVIDEND INCOME. Reinvested dividends are treated for federal income tax purposes in the same manner as if the participant had received the dividends in cash on the applicable dividend payment date. Brokerage commissions and investment fees paid by General Mills on behalf of a participant are treated as taxable dividend income to the participant and reported accordingly.

Distributions will be treated as dividends for federal income tax purposes to the extent of General Mills' current or accumulated earnings and profits. Distributions in excess of General Mills' current or accumulated earnings and profits will reduce a participant's tax basis in the shares with respect to which the dividend was received, and, to the extent in excess of basis, result in capital gain.

Dividends received by a corporate participant will be eligible for the dividends-received deduction if the participant meets certain holding period and other applicable requirements. Dividends received by a non-corporate participant in tax years prior to 2011 will be eligible to be taxed at reduced rates applicable to qualified dividend income if the participant meets certain holding period and other applicable requirements.

COST BASIS OF SHARES. For federal income tax purposes, the cost basis of shares (or any fraction of a share) purchased with reinvested dividends or optional cash investments is the purchase price of the shares.

GAINS AND LOSSES FROM THE SALE OF SHARES. Participants do not realize any taxable income when stock certificates for full shares are credited to Plan accounts. Participants may realize gain or loss, however, at the time the shares are sold by the Plan Administrator or by the participant after withdrawal of the shares from the Plan. In addition, terminating participants will recognize gain or loss with respect to fractional shares sold. The amount of realized gain or loss in each case is the difference between the amount the participant receives for the shares or fractional shares sold and the participant's cost basis in those shares. This gain or loss will be capital gain or loss provided the participant holds the shares as a capital asset, which is usually the case. Any capital gain will be taxed at long-term rates if the shares are held for more than one year and at short-term rates if held for one year or less.

IRS REPORTS. The Plan Administrator reports dividend income to participants and the IRS on Form 1099-DIV. The Plan Administrator reports the proceeds from the sale of Plan shares to the selling participants and the IRS on Form 1099-B.

DIVIDENDS SUBJECT TO WITHHOLDING

A participant's dividends are subject to federal withholding if the participant fails to provide a taxpayer identification number to the Plan Administrator. Dividends of participants residing in certain foreign countries may also be subject to federal withholding. In any case in which federal income taxes are required to be withheld, the Plan Administrator reinvests an amount equal to the dividends less the amount of tax withheld. For IRS reporting purposes, the amount of the dividend withheld is included in the dividend income. Account statements will reflect the amount of dividends reinvested and tax withheld.

USE OF PROCEEDS

The proceeds from the sales, if any, of treasury or new issue Common Stock pursuant to the Plan are expected to be used for general corporate purposes. General Mills has no basis for estimating either the number of shares of Common Stock that will ultimately be sold pursuant to the Plan or the prices at which such shares will be sold.

VALIDITY OF THE SECURITIES

The validity of the shares of Common Stock offered hereby will be passed upon for General Mills by Roderick A. Palmore, our General Counsel. As of May 1, 2008, Mr. Palmore owned, directly or indirectly, 20,011 shares of Common Stock and restricted stock units.

Item 14. Other Expenses of Issuance and Distribution.

The following table sets forth the various expenses expected to be incurred by the Company in connection with the offering described in this registration statement. All amounts are estimated, except for the SEC registration fee.

| Accountants' fees and expenses | 10,000 |

Item 15. Indemnification of Directors and Officers.

Under provisions of the Company's By-laws, each person who is or was a director or officer of the Company shall be indemnified by the Company to the fullest extent permitted by Delaware law.

Under Section 145 of the Delaware General Corporation Law, the directors and officers of the Company are entitled, under certain circumstances, to be indemnified by it against all expenses and liabilities incurred by or imposed upon them as a result of suits or actions brought against them as such directors and officers, if they act in good faith and in a manner they reasonably believe to be in or not opposed to the best interests of the Company, and, with respect to any criminal action, have no reasonable cause to believe their conduct was unlawful; except that no indemnification shall be made against expenses in respect of any claim, issue or matter as to which they shall have been adjudged to be liable to the Company, unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, they are fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

The Company maintains directors' and officers' liability insurance that reimburses the Company for certain indemnification liabilities and expenses, and covers directors and officers in certain situations where indemnification is not available from the Company.

The Securities and Exchange Commission has taken the position that insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted by a company to its directors and officers, such indemnification is against public policy as expressed in such Act and is therefore unenforceable.

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant the foregoing provisions described above under Item 15 or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by
