DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This Offer Document and Bidder's Statement contains both historical and forward-looking statements. All statements other than statements of historical fact are, or may be deemed to be, forward-looking statements.

All forward-looking statements in this Offer Document and Bidder's Statement are not based on historical facts, but rather reflect the current expectations of Newmont concerning future results and events and generally may be identified by the use of forward-looking words or phrases such as "believe", "aim", "expect", "anticipated", "intending", "foreseeing", "likely", "should", "planned", "may", "estimated", "potential", or other similar words and phrases. Similarly, statements that describe Newmont's objectives, plans, goals or expectations are or may be forward-looking statements.

The statements contained in this Offer Document and Bidder's Statement about the impact that the combination of either Newmont, Normandy and Franco-Nevada, or Newmont and Normandy alone, may have on the combined company's results of operations and the benefits expected to result from the combination, are forward-looking statements. The operations and financial performance of Newmont, Normandy and Franco-Nevada are subject to numerous risks, including the risk that the acquisition of Franco-Nevada is not completed and that less than all of the Normandy Shares are acquired. As a result, the combined company's actual results of operations and earnings, as well as the actual benefits of the combination, may differ significantly from those that are expected in respect of timing, amount or nature and may never be achieved.

These forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause Newmont's actual results, performance or achievements to differ materially from the anticipated results, performance or achievements, expressed, projected or implied by these forward-looking statements. You should review carefully all of the information, including the financial statements and the notes to the financial statements, included in this Offer Document and Bidder's Statement.

The risk factors described in section 9 of the Bidder's Statement could affect future results, causing these results to differ materially from those expressed, implied or projected in any forward-looking statements. These factors are not necessarily all of the important factors that could cause actual results to differ materially from those expressed in any forward-looking statements. Other unknown or unpredictable factors also could have material adverse effects on future results. The forward-looking statements included in this Offer Document and Bidder's Statement are made only as of the date of this Bidder's Statement. We cannot assure you that projected or implied results or events will be achieved. Except as required by law, we do not intend to update any forward-looking statements.

All subsequent written and oral forward-looking statements attributable to Newmont or Delta or any person acting on their behalf are qualified by this cautionary statement.

The implied value of both Newmont's Offer and AngloGold's offer will vary with the market price of Newmont and AngloGold shares. Before accepting an offer, shareholders should obtain current quotes for Newmont, Normandy and AngloGold shares from their stockbroker or other financial adviser.

20 December 2001

Dear Normandy Shareholder:

It is with great pleasure that I enclose Newmont's Offer to acquire all of your shares in Normandy Mining Limited.

Newmont is offering 3.85 shares of Newmont Common Stock and 40 Australian dollars in cash for every 100 Normandy shares you own. The Newmont Offer values your shares in Normandy at A\$1.86 per share, based on Newmont's closing share price on the NYSE on 17 December 2001.*

The Directors of Normandy have agreed, subject to their fiduciary duties, to recommend that Normandy shareholders accept the Newmont Offer. The Directors of

Edgar Filing: NORMANDY MINING LTD - Form 425

Normandy have recommended that Normandy shareholders reject the revised AngloGold offer.

Your CEO and Chairman, Mr Robert Champion de Crespigny, and each of the other Normandy Directors have stated that they currently intend to accept the Newmont Offer in respect of any Normandy shares they hold. Normandy's largest shareholder, Franco-Nevada, has committed its shares to our bid as well.

You may recall that, at the same time as we announced our initial intention to bid for Normandy, we also announced that we had entered into an agreement with Franco-Nevada to acquire all of its outstanding shares. Our bid for Normandy is not conditional on completion of the Franco-Nevada transaction. Nonetheless, we fully expect that our acquisition of Franco-Nevada will be completed in conjunction with our acquisition of Normandy.

You are now faced with a choice between two competing bids. Newmont believes that its Offer provides the best potential for value creation both in the short-term and in the long-term. Based on the trading range of Newmont and AngloGold shares on the NYSE since 29 November 2001, the date that AngloGold announced its revised offer, the equivalent implied premium of the Newmont Offer over AngloGold's revised offer has ranged from 6% to 18%.

Importantly, Newmont is offering double the cash component of AngloGold's revised offer, which provides additional certainty of value to Normandy shareholders.

These benefits, together with other substantial benefits accruing from the Newmont Offer, are described in the enclosed document - which I would strongly encourage you to read carefully.

We expect the Newmont Offer to be completed by mid-February - the Newmont Offer is scheduled to expire on 15 February 2002, unless extended.

We remain tremendously excited about the opportunity to combine our companies and look forward to welcoming you as a shareholder in Newmont.

Sincerely,

/s/ Wayne W. Murdy

THE TRANSACTIONS

The Newmont Offer is being made to facilitate the creation of what Newmont believes will be the premier global gold company. Newmont has determined to pursue the acquisition of each of Normandy and Franco-Nevada because it believes that the enhanced benefits outlined in section 6 of the Bidder's Statement will arise from the combination of their respective businesses. The Offer for Normandy is not conditional on the acquisition of Franco-Nevada, but the acquisition of Franco-Nevada is conditional upon, among other things, the acquisition by Newmont of a relevant interest in at least 50.1% of the Normandy shares. While Newmont fully expects that it will complete the acquisition of Franco-Nevada, it is possible that the conditions to that acquisition will not be satisfied.

There can be no assurance that Newmont will be successful in completing the acquisition of Franco-Nevada even if it is successful in acquiring a relevant interest in at least 50.1% of the Normandy shares. If Newmont does not acquire Franco-Nevada, the expected benefits of the transaction and their magnitude will be significantly reduced for the shareholders of the combined company; however, there would still be benefits realised from a combination of Newmont and Normandy. This matter is dealt with in section 6.4 of the Bidder's Statement, which outlines the benefits that are expected to result from the combination of Newmont and Normandy alone.
