Independent Auditors' Report

The Plan Administrator
 Moog Inc. Savings and Stock Ownership Plan:

We have audited the accompanying statements of net assets available for benefits of Moog Inc. Savings and Stock Ownership Plan as of September 30, 2002 and 2001 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Moog Inc. Savings and Stock Ownership Plan as of September 30, 2002 and 2001, and the changes in the net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. Supplemental schedules 1 and 2 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MOOG INC. SAVINGS AND STOCK OWNERSHIP PLAN

Edgar Filing: MOOG INC - Form 11-K

Notes to Financial Statements

September 30, 2002 and 2001

(1) Description of Plan

The following is a brief description of the Moog Inc. Savings and Stock Ownership Plan (the Plan) and is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

(a) General

The Plan is a defined contribution plan sponsored by Moog Inc. (the Company or the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan has separate savings and stock ownership components.

(b) Eligibility

All domestic employees of the Company are eligible to participate in the Plan immediately upon hire.

(c) Contributions and Investments

Each eligible participant may make voluntary pre-tax contributions to the Plan in the form of a 1% to 20% salary reduction subject to Internal Revenue Code (IRC) limits. In 2002, the Plan was amended to permit participants age 50 and older to make "catch up" contributions as provided by the Economic Growth and Tax Relief Reconciliation Act of 2001. Contributions are directed by the participant among the available investment options. The Plan currently offers nine mutual funds, a stable return fund (comprised of a Trustee commingled fund and guaranteed investment contracts), and Company stock as investment options for participants. In 1994, certain assets of the AlliedSignal Savings Plan (including shares of AlliedSignal common stock) were transferred to the Plan as a result of the Company's acquisition of certain product lines of AlliedSignal Corporation. In December 1999, the AlliedSignal common stock was exchanged for Honeywell International, Inc. ("Honeywell") common stock due to the merger of the two companies. Honeywell common stock is not an ongoing investment option for Plan participants.

The Company matches 25% of employee contributions (the Company Match) allocated towards the purchase of Company common stock. The Company Match may be paid in cash or shares of Company common stock, at the Company's discretion.

Rollovers represent accounts contributed to the Plan by participants from prior employer plans.

(d) Participant Accounts

A separate account is maintained for each Plan participant. Participant accounts are maintained in units and the change in participant account value is based on the daily fluctuation of unit value of the underlying investment funds. Dividend and interest income is allocated based on the number of units each participant owns on the entitlement date. Participant accounts are fully and immediately vested. Participants may transfer all or part of their accounts among investment options on a daily basis except that amounts invested in Company stock generally cannot be transferred into other investments except as provided under ESOP diversification requirements. Transfers to Honeywell common stock are not permitted.

(e) Distributions

Subject to certain limitations, a participant may withdraw all or part of his or her account balance upon attainment of age 59 ½. Distribution of a participant's account balance is also permitted in the event of death, disability, termination of employment or immediate financial hardship, as defined. Distributions are required to begin at age 70 ½. Distributions are made in cash except for the Company Match and Honeywell common stock which can be distributed in cash or shares.

(f) Participant Loans

Loans are limited to the lesser of \$50,000 or one-half of the participant's account balance with a minimum loan of \$1,000, payable over a term not to exceed five years. Interest is charged at a rate established by the Plan and is normally fixed at origination at prime plus one percent.

4

MOOG INC. SAVINGS AND STOCK OWNERSHIP PLAN

Notes to Financial Statements

September 30, 2002 and 2001

(g) Administrative Expenses

Participants are required to pay an origination fee with respect to loans from the Plan. Costs of administering the Plan are borne by the Company.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements are presented on the accrual basis of accounting.

(b) *Cash and Cash Equivalents*

All highly liquid investments with an original maturity of three months or less are considered cash equivalents.

(c) Investments

Investments in mutual funds, the stable return fund, Honeywell and Company stock are reported at fair value determined by reference to quoted market prices. Purchases and sales of securities are reported on a "trade date" basis. The guaranteed investment contracts are fully benefit-responsive and are, therefore, reported at contract value which approximates fair value and which represents the cost of the underlying investment contracts plus interest. Loans receivable are valued at cost, which approximates fair value.

(d) Use of Estimates

In preparing the financial statements, the Plan administrator is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting

period. Actual results could differ from those estimates.

(e) Risks and Uncertainties

The Plan invests in securities that are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with investments securities, it is reasonably possible that changes in their values will occur in the near term and that such changes could materially affect the amounts reported in the investments and investment activity of the Plan.

(3) Investments

Net appreciation (depreciation) in fair value of investments, including investments bought, sold, as well as held during the year, for the years ended September 30, 2002 and 2001 is summarized as follows:

	September 30,	
	2002	2001
Mutual Funds	\$ (13,029,641)	\$ (24,174,883)
Stable Return Fund	1,260,160	671,893
Moog Inc. common stock	7,805,328	1,535,076
Honeywell International Inc. common stock	(1,314,937)	(2,797,294)
	\$ (5,279,090)	\$ (24,765,208)

* Represents 5% or more of the Plan's net assets available for benefits

MOOG INC. SAVINGS AND STOCK OWNERSHIP PLAN

Notes to Financial Statements

September 30, 2002 and 2001

(4) Federal Income Taxes

The Plan has received a favorable determination letter dated June 14, 1999 from the Internal Revenue Service (IRS) stating that the Plan qualifies under Section 401(a) and 501(a) of the IRC. The Plan has subsequently been amended and in 2002 the Plan Sponsor has requested a new determination letter.

The Plan Sponsor believes that the Plan has been and continues to operate in conformity with its terms and with applicable laws and regulations to maintain its tax qualified status. Accordingly, no federal income tax provision has been made in the accompanying financial statements.

(5) Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Upon termination, the Company will instruct the trustee to either continue the management of the trust's assets or liquidate the trust and distribute the assets to the participants in accordance with the Plan document.
