REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Participants and
Plan Administrators of the
Delta and Pine Land Company Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Delta and Pine Land Company Savings Plan (the "Plan") as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Delta and Pine Land Company Savings Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year as of December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material

respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Delta and Pine Land Company Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Delta and Pine Land Company (the "Company") effective April 1, 1994, under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company who have completed one year of eligible service and who are age 21 or older are eligible to participate, unless they are in an excluded class. Leased employees are an excluded class. A year of eligible service is defined as a 12-month period in which an employee completes at least 1,000 hours of service, adjusted for the employee's initial year of service. Participants may enter the Plan on the first entry date, either January 1 or July 1, on or after the date they meet the eligibility requirements. All administrative expenses of the Plan are paid by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Company, at its option, may elect to make matching contributions to the Plan. Matching contributions, if made, are allocated to participants based on their pre-tax contribution. In no case are the matching contributions to exceed

Edgar Filing: DELTA & PINE LAND CO - Form 11-K

6% of any participant's eligible compensation as defined. Participants are allowed to make pre-tax contributions of up to 80% of their eligible compensation, not to exceed \$14,000 and \$13,000 in 2005 and 2004, respectively. The Company made no matching contributions in 2005 or 2004.

At December 31, 2005 and 2004, certain participants had excess contributions totaling \$38,999 and \$40,770, respectively, which are reflected on the statements of net assets available for benefits as excess contributions payable. These amounts were refunded to participants subsequent to December 31, 2005 and 2004, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of: (a) Company contributions, if any, and (b) Plan earnings, gains or losses. Investment earnings or losses are allocated by fund based on the performance of the fund. A particular fund's gains or losses are equal to the change in the share value multiplied by the number of shares in each

Delta and Pine Land Company Savings Plan December 31, 2005 and 2004 and Year Ended December 31, 2005

participant's account. Forfeitures of unvested matching contributions, if any, are treated as contributions and are used to reduce the employer's contribution for the Plan year. There were no forfeitures in 2005 or 2004.

Investment Options

Participants direct contributions, including employer cash matching contributions, if any, into any of the investment options offered by the Plan. Participants may change their investment options at any time.

Vesting

Participants are fully vested in their contributions and the earnings or losses thereon. Vesting in Company contributions and earnings or losses thereon is based on the participant's years of service as follows:

Years of Service	Vested Percentage
-----	-----
Less than 3	0%
3 or more	100%

Payment of Benefits

Upon termination of service, a participant may elect to (a) receive a lump sum equal to the value of their accounts, or (b) receive installments over a period of time in amounts selected by them. Participants with vested account balances of \$5,000 or less may only receive such payment in a lump sum amount.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants, to the extent they are not fully vested, will become fully vested in their account balances.

Although the Plan has been amended since receiving the determination letter, the Plan's Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.
