Arcelor Mittal Announces Filing of Request for

Registration of Offer for Arcelor Brasil S.A.

Rotterdam/Luxembourg, April 6, 2007 - Mittal Steel Company N.V. (Arcelor Mittal) today announces that, pursuant to the initial decision of the Comissão De Valores Mobiliários (the CVM), the Brazilian securities regulator, of September 25, 2006 and the final decision of the Board of the CVM of March 21, 2007, Arcelor Mittal will file with the CVM an amended request for registration with respect to the public offer (the Offer) for all of the remaining outstanding shares in Arcelor Brasil S.A. (Arcelor Brasil) that are not yet owned by Arcelor S.A. (Arcelor) or any other affiliate of Arcelor Mittal.

In addition to the changes to the Offer documents requested by the CVM, the value to be offered per Arcelor Brasil share (the Reference Value) also reflects adjustments made in the calculation of the Reference Value to ensure the consistent treatment of Arcelor s pension liabilities.

In addition to complying with the procedures for a public offer of transfer of control of publicly-held companies set forth in CVM instruction 361, Arcelor Mittal is also making this Offer with the purpose of cancelling the registration of Arcelor Brasil before the CVM as a listed company.

The Reference Price, which is determined on the basis of the relative values of Arcelor Brasil EBITDA and Arcelor EBITDA, shall be composed of R\$11.70 in cash and 0.3568 Class A Common shares of Arcelor Mittal, representing a

The description set forth below corresponds to the offer as described in the request for registration.

Under the terms of the Offer, which will be open for 30 business days upon final approval by the CVM (the Offer Period), Arcelor Brasil shareholders tendering their shares in the Offer will

receive consideration equal to the Reference Value per share tendered. The consideration may be received in one of the two following forms, at the option of the holder:

In a mixture of R\$11.70 in cash, to be paid in Brazilian Reais, and 0.3568 Class A Common shares of Arcelor Mittal per Arcelor Brasil share (the **Mixed Option**), or

An amount in Brazilian Reais equal to the sum of the following values: (a) value of 0.3568 Mittal Steel Shares, according to the closing price at the NYSE New York Stock Exchange at the business day immediately prior to the auction date, converted to Brazilian Reais according to the USD/BRL exchange rate available at the same date and (b) R\$ 11,70 in cash (the **Cash Option**).

The maximum amount of cash to be paid by Arcelor Mittal will be approximately R\$10.9 billion (assuming 100% acceptance of the **Cash Option**) and the maximum number of Arcelor Mittal shares to be issued will be approximately 76 million, representing 5% of the share capital of Arcelor Mittal on a fully diluted basis (assuming 100% acceptance of the **Mixed Option**).
