Item 8.01 Other Events

On July 22, 2010, ONEOK Partners, L.P. announced that it received notification that Williams Partners L.P. has elected to exercise its option to increase its ownership of Overland Pass Pipeline Company, LLC to 50 percent from 1 percent.

The joint-venture company was established in May 2006 to build the Overland Pass Pipeline, a 760-mile natural gas liquids (NGL) pipeline from Opal, Wyo., to the Mid-Continent natural gas liquids market center in Conway, Kan., one of the nation's primary NGL distribution and storage hubs. Currently, a subsidiary of ONEOK Partners owns 99 percent of the joint venture and Williams owns the remaining 1 percent.

The pipeline, which went into service in November 2008, can transport approximately 140,000 barrels per day with the ability to expand capacity to 255,000 barrels per day with additional pump facilities.

Upon closing of the transaction and as long as Williams owns at least 50 percent of Overland Pass Pipeline Company, Williams will have the option to become the operator by providing ONEOK Partners at least 30 days notice.

The transaction is expected to be completed in August 2010, subject to obtaining the necessary regulatory approvals.

As a result of the increase in Williams' ownership in the joint-venture company, ONEOK Partners will receive approximately \$425 million at closing in accordance with the joint venture's operating agreement. ONEOK Partners will use the proceeds from the transaction to repay short-term debt and to fund its recently announced capital projects.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, hereunto duly authorized.
